Township Committee of The
Township of Boonton, in the
County of Morris, New Jersey

Ladies and Gentlemen:

We have acted as bond counsel to The Township of Boonton, in the County of Morris, a municipal corporation of the State of New Jersey (the “Township”), and have examined a record of proceedings relating to the issuance by the Township of a Bond Anticipation Note in the denomination of \$12,366,000 (the “Note”). The Note is dated August 28, 2025, matures on August 28, 2026, bears interest at the rate of _____ per centum (____%) per annum payable at maturity, is issued in registered form, is transferable as therein provided, and is issued pursuant to the Local Bond Law of the State of New Jersey, and by virtue of a bond ordinance or ordinances of the Township and a resolution of its governing body adopted July 14, 2025.

The Note is a temporary obligation issued in anticipation of the issuance of bonds.

The Internal Revenue Code of 1986, as amended (the “Code”), establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Note in order that interest on the Note be and remain excluded from gross income under Section 103 of the Code. We have examined the Arbitrage and Use of Proceeds Certificate of the Township delivered in connection with the issuance of the Note which contains provisions and procedures regarding compliance with the requirements of the Code. By said Arbitrage and Use of Proceeds Certificate, the Township has certified that, to the extent it is empowered and allowed under applicable law, it will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that interest paid on the Note is excludable from gross income under Section 103 of the Code. In rendering this opinion, we have assumed that the Township will comply with the provisions and procedures set forth in its Arbitrage and Use of Proceeds Certificate.

In our opinion, the Note is a valid and legally binding obligation of the Township, payable in the first instance from the proceeds of the sale of the bonds in anticipation of the issuance of which the Note is issued but, if not so paid, payable ultimately from ad valorem taxes which may be levied upon all the taxable property within the Township without limitation as to rate or amount. The enforceability of rights or remedies with respect to the Note may be limited by bankruptcy, insolvency or other laws affecting creditors’ rights or remedies heretofore or hereafter enacted.

In our opinion, under existing statutes and court decisions, interest on the Note is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Code and interest on the Note is not treated as a preference item in calculating the alternative minimum tax under the Code, however interest on the Note is included in the “adjusted financial statement income” of certain corporations that are subject to alternative minimum tax under Section 55 of the Code. In addition, in our opinion, under existing statutes, interest on the Note is not included in gross income under the New Jersey Gross Income Tax Act.

Attention is called to the fact that we have not been requested to examine and have not examined any documents or information relating to the Township other than the record of proceedings hereinabove referred to, and no opinion is expressed as to any financial or other information, or the adequacy thereof, which has been or may be supplied to the purchaser of the Note.

We express no opinion as to any other federal, state or local tax consequences arising with respect to the Note, or the ownership or disposition thereof, except as stated above. We render our opinion under existing statutes and court decisions as of the date hereof, and assume no obligation to update, revise or supplement our opinion to reflect any action hereafter taken or not taken, any fact or circumstance that may hereafter come to our attention, any change in law or interpretation thereof that may hereafter occur, or for any other reason. We express no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, we express no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Note.

We have examined the executed Note and, in our opinion, the form of the Note and its execution are regular and proper.

Very truly yours,

EXHIBIT B

Matters Relating to Issue Price

Establishment of Issue Price (10% Test or Hold-the-Offering-Price Rule May Apply if Competitive Sale Requirements are Not Satisfied) - Notes – Bidder Option. The successful bidder shall assist the Township in establishing the issue price of the Notes and shall execute and deliver to the Township at closing an “issue price” or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price of the Notes, together with the supporting pricing wires or equivalent communications, with such modifications as may be appropriate or necessary, in the reasonable judgment of the successful bidder, the Township and bond counsel to the Township. The form of such certificate is available from bond counsel to the Township.

The Township intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining “competitive sale” for purposes of establishing the issue price of the Notes) will apply to the initial sale of the Bonds (the “competitive sale requirements”) because: (1) the Township shall disseminate this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters, (2) all bidders shall have an equal opportunity to bid, (3) the Township may receive bids from at least three underwriters of municipal bonds and notes who have established industry reputations for underwriting new issuances of municipal bonds and notes and (4) the Township anticipates awarding the sale of the Notes to the bidder who submits a firm offer to purchase the Notes at the highest price (or lowest interest cost), as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the Notes, as specified in the bid. Unless a bidder is purchasing the Notes for its own account and not with a view to distribution or resale to the public, a bidder by submitting its bid represents that it is an underwriter of municipal bonds and notes that has an established industry reputation for underwriting new issuances of municipal bonds and notes.

In the event that the competitive sale requirements are not satisfied, the Township shall so advise the successful bidder. In such event, unless the successful bidder is purchasing the Notes for its own account and not with a view to distribution or resale to the public, the successful bidder shall elect to treat (i) the first price at which 10% of the Notes (the “10% test”) is sold to the public as the issue price of the Notes or (ii) the initial offering price to the public as of the sale date of the Notes as the issue price of the Notes (the “hold-the-offering-price rule”). The successful bidder shall advise the Township if the 10% test is satisfied as of the date and time of the award of the Notes. In the event the 10% test is not satisfied as of the date and time of the award of the Notes, the successful bidder shall promptly advise the Township whether the Notes shall be subject to the 10% test or shall be subject to the hold-the-offering-price rule. Bids will not be subject to cancellation in the event that the competitive sale requirements are not satisfied. Bidders should prepare their bids on the assumption that the Notes will be subject to either the 10% test or the hold-the-offering-price rule in order to establish the issue price of the Notes.

By submitting a bid, the successful bidder shall (i) confirm that the underwriters have offered or will offer the Notes to the public on or before the date of award at the offering price (the “initial offering price”), or at the corresponding yield, set forth in the bid submitted by the successful bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Notes, that the underwriters will neither offer nor sell unsold Notes to which the hold-the-

offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following: (1) the close of the fifth (5th) business day after the sale date or (2) the date on which the underwriters have sold at least 10% of the Notes to the public at a price that is no higher than the initial offering price to the public. The winning bidder will advise the Township promptly after the close of the fifth (5th) business day after the sale date whether it has sold 10% of the Notes to the public at a price that is no higher than the initial offering price to the public.

If the competitive sale requirements are not satisfied and the successful bidder has elected the 10% test to apply to the Notes, then until the 10% test has been satisfied, the successful bidder agrees to promptly report to the Township the prices at which the unsold Notes have been sold to the public. That reporting obligation shall continue, whether or not the closing date has occurred, until either (i) all Notes have been sold or (ii) the 10% test has been satisfied, provided that, the successful bidder's reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the Township or bond counsel to the Township.

The Township acknowledges that, in making the representations set forth above, the successful bidder will rely on (i) the agreement of each underwriter to comply with the requirements for establishing issue price of the Notes, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Notes, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Notes to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Notes, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Notes, as set forth in a selling group agreement and the related pricing wires and (iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Notes to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Notes, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Notes, as set forth in the third-party distribution agreement and the related pricing wires. The Township further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price of the Notes, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Notes, and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Notes, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Notes.

By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Notes to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable: (A)(1) to report the prices at which it sells to the public the unsold

Notes allocated to it, whether or not the closing date has occurred, until either all Notes allocated to it have been sold or it is notified by the successful bidder that the 10% test has been satisfied as to the Notes, provided that, the reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the successful bidder and (2) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the successful bidder and as set forth in the related pricing wires, (B) to promptly notify the successful bidder of any sales of Notes that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Notes to the public (each such term being used as defined below) and (C) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the successful bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public and (ii) any agreement among underwriters or selling group agreement relating to the initial sale of the Notes to the public, together with the related pricing wires, contains or will contain language obligating each underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Notes of the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Notes allotted to it, whether or not the closing date has occurred, until either all Notes allocated to it have been sold or it is notified by the successful bidder or such underwriter that the 10% test has been satisfied as to the Notes, provided that, the reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the successful bidder or such underwriter and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the successful bidder or the underwriter and as set forth in the related pricing wires.

Sales of any Notes to any person that is a related party to an underwriter participating in the initial sale of the Notes to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this Notice of Sale. Further, for purposes of this Notice of Sale: (i) “public” means any person other than an underwriter or a related party, (ii) “underwriter” means (A) the successful bidder, (B) any person that agrees pursuant to a written contract with the successful bidder to form an underwriting syndicate to participate in the initial sale of the Notes to the public and (C) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (B) to participate in the initial sale of the Notes to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Notes to the public), (iii) “related party” means any entity if an underwriter and such entity are subject, directly or indirectly, to (I) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (II) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another) or (III) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other) and (iv) “sale date” means the date that the Notes are awarded by the Township to the successful bidder.
