OFFICIAL TERMS OF OFFERING

This section sets forth the description of certain of the terms of the Bonds as well as the terms of offering with which all bidders and bid proposals are required to comply, as follows:

The Bonds to be offered are the following:

GENERAL OBLIGATION SCHOOL BONDS, SERIES 2026, in the principal amount of \$10,000,000* dated the date of delivery in the denomination of \$5,000 or multiples thereof, and maturing as shown on the front page of the official statement.

ADJUSTMENTS TO PRINCIPAL AMOUNT AFTER DETERMINATION OF BEST BID. The aggregate principal amount of the Bonds, and each scheduled maturity thereof, are subject to increase or reduction by the Issuer or its designee after the determination of the Successful Bidder. The Issuer may increase or decrease each maturity in increments of \$5,000. Interest rates specified by the Successful Bidder for each maturity will not change. Final adjustments shall be in the sole discretion of the Issuer. The total par amount will not exceed \$10,000,000.

The dollar amount bid by the Successful Bidder may be changed if the aggregate principal amount of the Bonds, as adjusted as described below, is adjusted, however the interest rates specified by the Successful Bidder for all maturities will not change. The Issuer's municipal advisor will make every effort to ensure that the percentage net compensation to the Successful Bidder (the percentage resulting from dividing (i) the aggregate difference between the offering price of the Bonds to the public and the price to be paid to the Issuer (not including accrued interest), less any bond insurance premium and credit rating fee, if any, to be paid by the Successful Bidder, by (ii) the principal amount of the Bonds) does not increase or decrease from what it would have been if no adjustment was made to principal amounts shown in the maturity schedule.

Optional Redemption: The Bonds maturing after May 1, 2033, may be called for redemption by the Issuer and paid before maturity on said date or any date thereafter, from any funds regardless of source, in whole or from time to time in part, in any order of maturity and within an annual maturity by lot. The terms of redemption shall be par, plus accrued interest to date of call.

Interest: Interest on said Bonds will be payable on November 1, 2026 and semiannually on the 1st day of May and November thereafter. Interest shall be payable by check or draft of the Paying Agent mailed to the persons who were registered owners thereof as of the fifteenth day of the month immediately preceding the Interest Payment Date, to the addresses appearing on the registration books maintained by the Paying Agent or to such other address as is furnished to the Paying Agent in writing by a registered owner.

Book Entry System: The Bonds will be issued by means of a book entry system with no physical distribution of certificates made to the public. The Bonds will be issued in fully registered form and one certificate, representing the aggregate principal amount of the Bonds maturing in each year, will be registered in the name of Cede & Co. as nominee of The Depository Trust Company ("DTC"), New York, New York, which will act as securities depository of the Bonds. Individual purchases of the Bonds may be made in the principal amount of \$5,000 or any multiple thereof of a single maturity through book entries made on the books and records of DTC and its participants. Principal and interest are payable by the Issuer to DTC or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of such participants and other nominees of beneficial owners. The successful bidder, as a condition of delivery of the Bonds, will be required to deposit the certificates with DTC.

Good Faith Deposit: A Good Faith Deposit ("Deposit") in the form of a certified or cashier's check or a wire in the amount of \$100,000* for the Bonds, payable to the order of the Issuer, is required for each bid to be considered. If a check is used, it must accompany each bid. If a wire is to be used, it must be received by the Issuer not later than two hours after the time stated for receipt of bids. The Municipal advisor or the Issuer will provide the apparent winning bidder (the "Purchaser") with wiring instructions, by email, within 10 minutes of the stated time when bids are due. If the wire is not received at the time indicated above, the Issuer will abandon its plan to award to the Purchaser, and will contact the next highest bidder received and offer said bidder the opportunity to become the Purchaser, on the terms as outlined in said bidder's bid, so long as said bidder submits a good faith wire within two hours of the time offered. The Issuer will not award the Bonds to the Purchaser absent receipt of the Deposit prior to action awarding the Bonds. No interest on the Deposit will accrue to the Purchaser. The Deposit will be applied to the purchase price of the Bonds. In the event the Purchaser fails to honor its bid, the Deposit will be retained by the Issuer.

Form of Bids: All bids shall be unconditional for the entire issue of Bonds for a price of not less than 98.20% of par, plus accrued interest, and shall specify the rate or rates of interest in conformity to the limitations set forth herein. Bids must be submitted on or in substantial compliance with the Official Bid Form provided by the Issuer or through the Internet Bid

Rates of Interest: The rates of interest specified in the bidder's proposal must conform to the limitations following:

Level or ascending interest rates only for years 2027-2033.

Rates of interest bid may be in multiples of 1/8th, 1/20th, or 1/100th of 1%.

No rate bid may be more than 2% higher than any other rate bid for years 2034-2045.

Delivery: The Bonds will be delivered to the Purchaser via FAST delivery with the Paying Agent holding the Bonds on behalf of DTC, against full payment in immediately available cash or federal funds. The Bonds are expected to be delivered within sixty days after the sale. Should delivery be delayed beyond sixty days from date of sale for any reason except failure of performance by the Purchaser, the Purchaser may withdraw his bid and thereafter his interest in and liability for the Bonds will cease. (When the Bonds are ready for delivery, the Issuer may give the successful bidder five working days' notice of the delivery date and the Issuer will expect payment in full on that date, otherwise reserving the right at its option to determine that the bidder has failed to comply with the offer of purchase.)

Establishment of Issue Price:

(a) The winning bidder shall assist the Issuer in establishing the issue price of the Bonds and shall execute and deliver to the Issuer at Closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit A, with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the Issuer and Bond Counsel. All communications required of the Issuer under this Official Terms of Offering to establish the issue price of the Bonds may be communicated on behalf of the Issuer by the Issuer's municipal advisor identified herein and any notice or report to be provided to the Issuer may be provided to the Issuer's municipal advisor.

(b) The Issuer intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "competitive sale requirements") because:

- (1) the Issuer shall disseminate this Official Term of Offering to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
- (2) all bidders shall have an equal opportunity to bid;

- (3) the Issuer may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- (4) the Issuer anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the highest price (or lowest interest cost), as set forth in this Official Terms of Offering.

Any bid submitted pursuant to this Official Terms of Offering shall be considered a firm offer for the purchase of the Bonds, as specified in the bid.

(c) In the event that the competitive sale requirements are not satisfied, the Issuer shall so advise the winning bidder. The Issuer may determine to treat (i) the first price at which 10% of a maturity of the Bonds (the "10% test") is sold to the public as the issue price of that maturity and/or (ii) the initial offering price to the public as of the sale date of any maturity of the Bonds as the issue price of that maturity (the "hold-the-offering-price rule"), in each case applied on a maturity-by-maturity basis. The winning bidder shall advise the Issuer if any maturity of the Bonds satisfies the 10% test as of the date and time of the award of the Bonds. The Issuer shall promptly advise the winning bidder, at or before the time of award of the Bonds, which maturities of the Bonds shall be subject to the 10% test or shall be subject to the hold-the-offering-price rule. **Bids will not be subject to cancellation in the event that the Issuer determines to apply the hold-the-offering-price rule to any maturity of the Bonds.** Bidders should prepare their bids on the assumption that some or all of the maturities of the Bonds will be subject to the hold-the-offering-price rule in order to establish the issue price of the Bonds.

(d) By submitting a bid, the winning bidder shall (i) confirm that the underwriters have offered or will offer the Bonds to the public on or before the date of award at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Bonds, that the underwriters will neither offer nor sell unsold Bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (1) the close of the fifth (5th) business day after the sale date; or
- (2) the date on which the underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The winning bidder will advise the Issuer promptly after the close of the fifth (5th) business day after the sale date whether it has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

(e) If the competitive sale requirements are not satisfied, then until the 10% test has been satisfied as to each maturity of the Bonds, the winning bidder agrees to promptly report to the Issuer the prices at which the unsold Bonds of that maturity have been sold to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until either (i) all Bonds of that maturity have been sold or (ii) the 10% test has been satisfied as to the Bonds of that maturity, provided that, the winning bidder's reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Issuer or bond counsel.

(f) The Issuer acknowledges that, in making the representations set forth above, the winning bidder will rely on (i) the agreement of each underwriter to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The Issuer further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds.

(g) By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a

member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(i)(A) to report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the winning bidder that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the winning bidder, and (ii) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder and as set forth in the related pricing wires, (B) to promptly notify the winning bidder of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and (C) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the winning bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public.

(ii) any agreement among underwriters or selling group agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the winning bidder or such underwriter that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the winning bidder or such underwriter, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the winning bidder or the underwriter and as set forth in the related pricing wires.

(h) Sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this Official Terms of Offering. Further, for purposes of this Official Terms of Offering:

(i) “public” means any person other than an underwriter or a related party,

(ii) “underwriter” means (A) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the public),

(iii) a purchaser of any of the Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) “sale date” means the date that the Bonds are awarded by the Issuer to the winning bidder.

Official Statement: The Official Statement, when further supplemented by an addendum or addenda specifying the maturity dates, principal amounts, and interest rates of the Bonds, and any other information required by law or deemed appropriate by the Issuer, shall constitute a "Final Official Statement" of the Issuer with respect to the Bonds, as that term is defined in Rule 15c2-12 of the Securities and Exchange Commission (the "Rule"). By awarding the Bonds to any underwriter or underwriting syndicate submitting an Official Bid Form therefore, the Issuer agrees that, no more than seven (7) business days after the date of such award, it shall provide without cost to the senior managing underwriter of the syndicate to which the Bonds are awarded one “.pdf” copy of the Official Statement and the addendum described in the preceding sentence to permit each "Participating Underwriter" (as that term is defined in the Rule) to comply with the provisions of such Rule. The Issuer shall treat the senior managing underwriter of the syndicate to which the Bonds are awarded as its designated agent for purposes of distributing copies of the Final Official Statement to each participating Underwriter. Any underwriter executing and delivering an Official Bid Form with respect to the Bonds agrees thereby that if its bid is accepted by the Issuer, (i) it shall accept such designation and (ii) it shall enter into a contractual relationship with all Participating Underwriters of the Bonds for purposes of assuring the receipt by each such Participating Underwriter of the Final Official Statement.

CUSIP Numbers: It is anticipated that CUSIP numbers will be printed on the Bonds. In no event will the Issuer be responsible for or Bond Counsel review or express any opinion of the correctness of such numbers, and incorrect numbers on said Bonds

shall not be cause for the purchaser to refuse to accept delivery of the Bonds. The fee will be paid for by the Issuer.

Responsibility of Bidder: It is the responsibility of the bidder to deliver its signed, completed bid prior to the time of sale as posted on the front cover of the official statement. Neither the Issuer nor its Municipal Advisor will assume responsibility for the collection of or receipt of bids. Bids received after the appointed time of sale will not be opened.

Continuing Disclosure: In order to permit bidders for the Bonds and other participating underwriters in the primary offering of the Bonds to comply with paragraph (b)(5) of the Rule, the Issuer will covenant and agree, for the benefit of the registered holders or beneficial owners from time to time of the outstanding Bonds, in the Bond Resolution and pursuant to a Continuing Disclosure Certificate, to provide annual reports of specified information and notice of the occurrence of certain events, if material, as hereinafter described (the "Disclosure Covenants"). The information to be provided on annual basis, the events as to which notice is to be given, if material, and a summary of other provisions of the Disclosure Covenants, including termination, amendment and remedies, are set forth in Appendix C to this Official Statement.

Breach of the Disclosure Covenants will not constitute a default or an "Event of Default" under the Bonds or Resolution. A broker or dealer is to consider a known breach of the Disclosure Covenants, however, before recommending the purchase or sale of the Bonds in the secondary market. Thus, a failure on the part of the Issuer to observe the Disclosure Covenants may adversely affect the transferability and liquidity of the Bonds and their market price.

For more information see the Continuing Disclosure section herein.

Bond Insurance: Application has not been made for municipal bond insurance. Should the Bonds qualify for the issuance of any policy of municipal bond insurance or commitment therefore at the option of the bidder, the purchase of any such insurance policy or the issuance of any such commitment shall be at the sole option and expense of the Purchaser. Any increased costs of issuance on the Bonds resulting from such purchase of insurance shall be paid by the Purchaser, except that, if the Issuer has requested and received a rating on the Bonds from a municipal bond rating service, the Issuer will pay that rating fee. Any other rating service fees shall be the responsibility of the Purchaser.

Requested modifications to the Bond Resolution or other issuance documents shall be accommodated by the Issuer at its sole discretion. In no event will modifications be made regarding the investment of funds created under the Bond Resolution or other issuance documents without prior Issuer consent, in its sole discretion. Either the Purchaser or the insurer must agree, in the insurance commitment letter or separate agreement acceptable to the Issuer in its sole discretion, to pay any future continuing disclosure costs of the Issuer associated with any rating changes assigned to the municipal bond insurer after closing (for example, if there is a rating change on the municipal bond insurer that require a material event notice filing by the Issuer, the Purchaser or the municipal bond insurer must agree to pay the reasonable costs associated with such filing). Failure of the municipal bond insurer to issue the policy after the Bonds have been awarded to the Purchaser shall not constitute cause for failure or refusal by the Purchaser to accept delivery of the Bonds.

It is expected that the Bonds in the definitive form will be available for delivery through the facilities of DTC on or about April 1, 2026. The Underwriter intends to engage in secondary market trading of the Bonds subject to applicable securities laws. The Underwriter is not obligated, however, to repurchase any of the Bonds at the request of the holder thereof.

OFFICIAL STATEMENT
CENTER POINT-URBANA COMMUNITY SCHOOL DISTRICT, IOWA
\$10,000,000* GENERAL OBLIGATION SCHOOL BONDS, SERIES 2026

INTRODUCTORY STATEMENT

This Official Statement presents certain information relating to the Center Point-Urbana Community School District, Iowa (the “District” or the “Issuer”), in connection with the sale of the Issuer’s General Obligation School Bonds, Series 2026 (the “Bonds”). Proceeds of the Bonds, when combined with the proceeds of the issuance of remaining voter-approved G.O. School Bonds in one or more additional series totaling a combined \$20,615,000, are being issued to provide funds to: i) to construct, furnish, and equip additions to the High School, including an auditorium, lobby, multi-purpose practice space and weight room, and site improvements, including parking; to renovate, repair, equip, and improve athletic facilities, including baseball and softball fields and concession stand; and safety and security improvements at the Primary and Middle School buildings, and ii) pay costs of issuance for the Bonds (the “Project”). See “**SOURCES AND USES OF FUNDS**” herein.

This Preliminary Official Statement is deemed to be a final official statement within the meaning of Rule 15c2-12 of the Securities and Exchange Commission, except for the omission of certain pricing and other information which is to be made available through a final Official Statement.

This Introductory Statement is only a brief description of the Bonds and certain other matters. Such description is qualified by reference to the entire Official Statement and the documents summarized or described herein. This Official Statement should be reviewed in its entirety.

The Bonds are general obligations of the Issuer, payable from and secured by a continuing annual ad-valorem tax levied against the taxable, real property within the boundaries of the Issuer. See “**THE BONDS – Source of Security for the Bonds**” herein.

All statements made in this Official Statement involving matters of opinion or of estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized.

THE BONDS

General

The Bonds are dated as of the date of delivery and will bear interest at the rates to be set forth on the cover page herein, interest payable on May 1 and November 1 in each year, beginning on November 1, 2026, calculated on the basis of a year of 360 days and twelve 30-day months. Interest shall be payable by check or draft of the Paying Agent mailed to the persons who were registered owners thereof as of the fifteenth day of the month immediately preceding the Interest Payment Date, to the addresses appearing on the registration books maintained by the Paying Agent or to such other address as is furnished to the Paying Agent in writing by a registered owner.

Authorization for the Issuance

The Bonds are being issued pursuant to the Code of Iowa, 2025, as amended, Chapter 296, approval of the District voters for the Project at an election held on November 5, 2024, and a resolution of the Board of Directors expected to be adopted by the Issuer on March 18, 2026 (the “Resolution” or the “Bond Resolution”).

Book Entry Only System

The following information concerning The Depository Trust Company (“DTC”), New York, New York and DTC’s book-entry system has been obtained from sources the Issuer believes to be reliable. However, the Issuer takes no responsibility as to the accuracy or completeness thereof and neither the Indirect Participants nor the Beneficial Owners should rely on the following information with respect to such matters but should instead confirm the same with DTC or the Direct Participants, as the case may be. There can be no assurance that DTC will abide by its procedures or that such procedures will not be changed from time to time.

The Depository Trust Company (“DTC”), New York, NY will act as securities depository for the securities (the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for the Securities in the aggregate principal amount of such issue, and will be deposited with DTC.

* Preliminary, subject to change

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instrument (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC.

DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of the Depository Trust & Clearing Corporation ("DTCC").

DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of: AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered in the transaction. Transfers of ownership interest in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment transmission to them notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit have agreed to obtain and transmit notices to Beneficial Owners, in the alternative, Beneficial owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participants in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from Issuer or Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered

in "street name," and will be the responsibility of such Participant and not of DTC (nor its nominee), Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Security certificates are required to be printed and delivered.

Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or successor securities depository). In that event Security certificates will be printed and delivered to DTC.

The Issuer cannot and does not give any assurances that DTC, the Direct Participants or the Indirect Participants will distribute to the Beneficial Owners of the Bonds (i) payments of principal of or interest and premium, if any, on the Bonds, (ii) certificates representing an ownership interest or other confirmation of beneficial ownership interest in the Bonds, or (iii) redemption or other notices sent to DTC or Cede & Co., its nominee, as the Registered Owner of the Bonds, or that they will do so on a timely basis, or that DTC, Direct Participants or Indirect Participants will serve and act in the manner described in this Official Statement. The current "Rules" applicable to DTC are on file with the Securities Exchange Commission, and the current "Procedures" of DTC to be followed in dealing with Direct Participants are on file with DTC.

Neither the Issuer nor the Paying Agent will have any responsibility or obligation to any Direct Participant, Indirect Participant or any Beneficial Owner or any other person with respect to: (1) the accuracy of any records maintained by DTC or any Direct Participant or Indirect Participant; (2) the payment by DTC or any Direct Participant or Indirect Participant of any amount due to any Beneficial Owner in respect of the principal or redemption price of or interest on the Bonds; (3) the delivery by DTC or any Direct Participant or Indirect Participant of any notice to any Beneficial Owner which is required or permitted under the terms of the Indenture to be given to owners of Bonds; (4) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; or (5) any consent given or other action taken by DTC as a Bondholder.

Transfer and Exchange

In the event that the Book Entry System is discontinued, any Bond may, in accordance with its terms, be transferred by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation at the principal corporate office of the Registrar accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Registrar. Whenever any Bond or Bonds shall be surrendered for transfer, the Registrar shall execute and deliver a new Bond or Bonds of the same maturity, interest rate, and aggregate principal amount.

Bonds may be exchanged at the principal corporate office of the Registrar for a like aggregate principal amount of Bonds or other authorized denominations of the same maturity and interest rate; provided, however, that the Registrar is not required to transfer or exchange any Bonds which have been selected for prepayment and is not required to transfer or exchange any Bonds during the period beginning 15 days prior to the selection of Bonds for prepayment and ending the date notice of prepayment is mailed. The Registrar may require the payment by the Bond Owner requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange. All Bonds surrendered pursuant to the provisions of this and the preceding paragraph shall be canceled by the Registrar and shall not be redelivered.

Prepayment

Optional Prepayment: The Bonds maturing after May 1, 2033, may be called for redemption by the Issuer and paid before maturity on said date or any date thereafter, from any funds regardless of source, in whole or from time to time in part, in any order of maturity and within an annual maturity by lot. The terms of redemption shall be par, plus accrued interest to date of call.

Notice of Prepayment. Prior to the redemption of any Bonds under the provisions of the Bond Resolution, the Registrar shall give written notice not less than thirty (30) days prior to the redemption date to each registered owner thereof. Written notice shall be effective upon the date of transmission to the owner of record of the Bond.

Mandatory Sinking Fund Redemption The Bonds maturing on _____ are subject to mandatory redemption (by lot, as selected by the Registrar) on _____ 1 in each of the years _____ through _____ at a redemption price of 100% of the principal amount thereof to be redeemed, plus accrued interest thereon to the redemption date in the following principal amounts:

Term Bond	Mandatory Sinking Fund Date	Principal Amount	\$
(maturity)			

Selection of Bonds for Redemption Bonds subject to redemption will be selected in such order of maturity as the Issuer may direct. If less than all of the Bonds of a single maturity are to be redeemed, the Issuer will notify DTC of the particular amount of such maturity to be redeemed prior to maturity. DTC will determine by lot the amount of each Participant's interest in such maturity to be redeemed and each Participant will then select by lot the beneficial ownership interests in such maturity to be redeemed. All prepayments shall be at a price of par plus accrued interest.

Any notice of redemption may contain a statement that the redemption is conditioned upon the receipt by the Paying Agent of funds on or before the date fixed for redemption sufficient to pay the redemption price of the Bonds so called for redemption, and that if funds are not available, such redemption shall be cancelled by written notice to the owners of the Bonds called for redemption in the same manner as the original redemption notice was sent.

Source of Security for the Bonds

The Bonds are general obligations of the Issuer. Per Iowa Code section 76.2, prior to issuing general obligation debt the governing authority of Iowa political subdivision shall, by resolution, provide for the assessment of an annual levy upon all the taxable property in the political subdivision sufficient to pay the interest and principal of the bonds within a period named not exceeding twenty years. A certified copy of this resolution must be filed with the county auditor or the auditors of the counties in which the political subdivision is located; and the filing shall make it a duty of the auditors to enter annually this levy for collection from the taxable property within the boundaries of the political subdivision until funds are realized to pay the bonds in full. Upon issuance of the Bonds, the Issuer will levy taxes for the years and in amounts sufficient to provide 100% of annual principal and interest due on the Bonds. If, however, the amount credited to the debt service fund for payment of the Bonds is insufficient to pay principal and interest, whether from transfers or from original levies, the Issuer is required to levy ad valorem taxes upon all taxable property in the Issuer without limit as to rate or amount sufficient to pay the debt service deficiency.

Nothing in the Bond Resolution prohibits or limits the ability of the Issuer to use legally available moneys other than the proceeds of the general ad valorem property taxes levied, as described in the preceding paragraph, to pay all or any portion of the principal of or interest on the Bonds. If and to the extent such other legally available moneys are used to pay the principal of or interest on the Bonds, the Issuer may, but shall not be required to, (a) reduce the amount of taxes levied for such purpose, as described in the preceding paragraph; or (b) use proceeds of taxes levied, as described in the preceding paragraph, to reimburse the fund or account from which such other legally available moneys are withdrawn for the amount withdrawn from such fund or account to pay the principal of or interest on Bonds.

The Bond Resolution does not restrict the Issuer's ability to issue or incur additional general obligation debt, although issuance of additional general obligation debt is subject to the same constitutional and statutory limitations that apply to the issuance of the Bonds. For a further description of the Issuer's outstanding general obligation debt upon issuance of the Bonds and the annual debt service on the Bonds, see "Direct Debt" included in "APPENDIX A" to this Official Statement. For a description of certain constitutional and statutory limits on the issuance of general obligation debt, see "Debt Limit" included in "APPENDIX A" to this Official Statement.

BONDHOLDERS' RISKS

An investment in the Bonds involves an element of risk. In order to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Official Statement (including the appendices hereto) in order to make a judgment as to whether the Bonds are an appropriate investment. This information is based on current information available to the Issuer that may be incomplete and unknown. This information was derived using certain assumptions and methodologies, and includes unaudited financial information and projections. Some of this information is forward-looking and subject to change.

Tax Levy Procedures

The Bonds are general obligations of the Issuer, payable from and secured by a continuing ad-valorem tax levied against all of the real property valuation within the Issuer. As part of the budgetary process of the Issuer each fiscal year the Issuer will have an obligation to request a debt service levy to be applied against all of the property within the Issuer. A failure on the part of the Issuer to make a timely levy request or a levy request by the Issuer that is inaccurate or is insufficient to make full payments of the debt service on the Bonds for a particular fiscal year may cause Bondholders to experience delay in the receipt of distributions of principal of and/or interest on the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an

action in the nature of mandamus requiring the Issuer and certain other public officials to perform the terms of the Bond Resolution) may have to be enforced from year to year.

Changes in Property Taxation

The Bonds are general obligations of the Issuer secured by an unlimited ad valorem property tax as described in the “**THE BONDS - Source of Security for the Bonds**” herein.

From time to time the Iowa General Assembly has altered the method of property taxation and could do so again. Such alterations could affect the Issuer’s financial condition and/or the property tax revenues available to pay the Bonds. Historically, the Iowa General Assembly has applied changes in property taxation structure on a prospective basis; however, there is no assurance that future changes in property taxation structure by the Iowa General Assembly will not be retroactive. It is impossible to predict the outcome of future property tax changes by the Iowa General Assembly or their potential impact on the Issuer’s financial position. As noted in “**THE BONDS - Source of Security of the Bonds**,” under Iowa Code section 76.2 the Issuer has by resolution provided for the assessment of an annual levy upon all the taxable property in the political subdivision sufficient to pay the interest and principal of the bonds within a period named not exceeding twenty years.

Matters Relating to Enforceability of Agreements

There is no Bond trustee or similar person to monitor or enforce the provisions of the Bond Resolution. The owners of the Bonds should, therefore, be prepared to enforce such provisions themselves if the need to do so arises. In the event of a default in the payment of principal of or interest on the Bond, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the District and certain other public officials to perform the terms of the resolution for the Bonds) may have to be enforced from year to year. Holders of the Bonds shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa and of the United States of America for the enforcement of payment of the Bond, including, but not limited to, the right to a proceeding in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by Iowa law and the Bond Resolution.

The practical realization of any rights upon any default will depend upon the exercise of various remedies specified in the Bond Resolution. The remedies available to the owners of the Bonds upon an event of default under the Bond Resolution, in certain respects, may require judicial action, which is often subject to discretion and delay. Under existing law, including specifically the federal bankruptcy code, certain of the remedies specified in the Bond Resolution may not be readily available or may be limited. A court may decide not to order the specific performance of the covenants contained in these documents. The legal opinions to be delivered concurrently with the delivery of the Bonds will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principles of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

No representation is made, and no assurance is given, that the enforcement of any remedies will result in sufficient funds to pay all amounts due under the Bond Resolution, including principal of and interest on the Bonds.

Secondary Market

There can be no guarantee that there will be a secondary market for the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. Occasionally, because of general market conditions or because of adverse history of economic prospects connected with a particular issue, and secondary marketing practices in connection with a particular Bond or Bonds issue are suspended or terminated. Additionally, prices of bond or note issues for which a market is being made will depend upon then prevailing circumstances. Such prices could be substantially different from the original purchase price of the Bonds.

EACH PROSPECTIVE PURCHASER IS RESPONSIBLE FOR ASSESSING THE MERITS AND RISKS OF AN INVESTMENT IN THE BONDS AND MUST BE ABLE TO BEAR THE ECONOMIC RISK OF SUCH INVESTMENT. THE SECONDARY MARKET FOR THE BONDS, IF ANY, COULD BE LIMITED.

Pension

The Issuer contributes to the Iowa Public Employees’ Retirement System (“IPERS”), which is a state-wide multiple-employer cost-sharing defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. All full-time employees of the Issuer are required to participate in IPERS. IPERS plan members are required to contribute a percentage of their annual salary, in addition to the Issuer being required to make annual contributions to IPERS. Contribution amounts are set by State statute. The IPERS Annual

Comprehensive Financial Report for its fiscal year ended June 30, 2024 (the “IPERS ACFR”), indicates that as of June 30, 2024, the date of the most recent actuarial valuation for IPERS, the funded ratio of IPERS was 90.75%, and the unfunded actuarial liability was approximately \$4.375 billion. The IPERS ACFR identifies the IPERS Net Pension Liability at June 30, 2024, at approximately \$3.641 billion, while its net pension liability at June 30, 2023, was approximately \$4.514 billion. The IPERS ACFR is available on the IPERS website, or by contacting IPERS at 7401 Register Drive, Des Moines, IA 50321. See “**APPENDIX D – AUDITED FINANCIAL STATEMENTS OF THE ISSUER**” for additional information on IPERS.

Bond Counsel, Disclosure Counsel, the Municipal Advisor, counsel to the Municipal Advisor, and the Issuer undertake no responsibility for and make no representations as to the accuracy or completeness of the information available from the IPERS discussed above or included on the IPERS website, including, but not limited to, updates of such information on the State Auditor’s website or links to other Internet sites accessed through the IPERS website.

In fiscal year ended June 30, 2024, the Issuer’s IPERS contribution totaled approximately \$1,106,496. The Issuer is current in its obligations to IPERS. Pursuant to Governmental Accounting Standards Board Statement No. 68, IPERS has allocated the net pension liability among its members, with the Issuer’s identified portion at June 30, 2024, at approximately \$5,890,396. While the Issuer’s contributions to IPERS are controlled by state law, there can be no assurance the Issuer will not be required by changes in State law to increase its contribution requirement in the future, which may impact the finances of the Issuer. See “**APPENDIX D – AUDITED FINANCIAL STATEMENTS OF THE ISSUER**” for additional information on pension and liabilities of the Issuer.

Rating Loss

S&P’s Global Ratings (the “Rating Agency”) has assigned a rating of “A+” to the Bonds. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that the rating will continue for any given period of time, or that such rating will not be revised, suspended or withdrawn, if, in the judgment of the Rating Agency, circumstances so warrant. A revision, suspension or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

Forward-Looking Statements

This Official Statement contains statements relating to future results that are “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. When used in this Official Statement, the words “estimate,” “forecast,” “intend,” “expect” and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward looking statements and the actual results. These differences could be material and could impact the availability of funds of the Issuer to pay debt service when due on the Bonds.

Legislative Change Related to School Choice

The Legislature enacted and the Governor signed House File 68 (HF68) during its 2023 legislative session. HF68 established a standing unlimited State general fund appropriation for an Education Savings Account Fund (Fund) under the control of the Department of Education. The Fund must be used to establish individual accounts for participating pupils and to make qualified education savings account payments on behalf of parents and guardians, including payment for nonpublic school tuition, textbooks, software, fees, curriculum materials, and other similar expenses. HF68 became effective on July 1, 2023, for fiscal year ending June 30, 2024 and expands eligibility for the program each year with all students attending a nonpublic school becoming eligible beginning in fiscal year ending June 30, 2026.

The annual amount per account in the Fund is determined by the State cost per pupil (SCPP) for that fiscal year and changes each year based on the State percent of growth (SPG). For fiscal year ending June 30, 2026, the SCPP is \$8,001, which amount will be deposited into the Fund, instead of being sent to the Issuer, for each qualifying student within the Issuer’s district attending a nonpublic school. HF68 provides that a district is funded in an amount of \$1,176 per student for resident pupils who attend a nonpublic school. According to the Department of Education, there were 9 students who reside within the territory of the Issuer but attended non-public schools for the 2024-25 school year. It is unknown how many additional students, if any, will attend non-public schools in the Issuer in future years as HF68 is implemented. If a significant number of eligible public-school students in the Issuer transition to nonpublic schools, it could have an adverse impact on the Issuer’s finances given the reduction in per student funding the Issuer would otherwise receive. See “**THE BONDS – Source of Security for the Bonds**” herein.

Pending Federal Tax Legislation

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals are pending in Congress that could, if enacted, alter or amend one or more of the federal tax matters described herein in certain respects or would adversely affect the market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what forms any of such proposals, either pending or that may be introduced, may be enacted and there can be no assurance that such proposals will not apply to the Bonds. In addition regulatory actions are from time to time announced or proposed, and litigation threatened or commenced, which if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby.

DTC-Beneficial Owners

Beneficial Owners of the Bonds may experience some delay in the receipt of distributions of principal of and interest on the Bonds since such distributions will be forwarded by the Paying Agent to DTC and DTC will credit such distributions to the accounts of the Participants which will thereafter credit them to the accounts of the Beneficial Owner either directly or indirectly through indirect Participants. Neither the Issuer nor the Paying Agent will have any responsibility or obligation to assure that any such notice or payment is forwarded by DTC to any Participants or by any Participant to any Beneficial Owner.

In addition, since transactions in the Bonds can be effected only through DTC Participants, indirect participants and certain banks, the ability of a Beneficial Owner to pledge the Bonds to persons or entities that do not participate in the DTC system, or otherwise to take actions in respect of such Bonds, may be limited due to lack of a physical certificate. Beneficial Owners will be permitted to exercise the rights of registered Owners only indirectly through DTC and the Participants. See "**THE BONDS—Book-Entry Only System.**"

Risks as Employer

The Issuer is a major employer, combining a complex mix of full-time faculty, part-time faculty, technical and clerical support staff and other types of workers in a single operation. As with all large employers, the Issuer bears a wide variety of risks in connection with its employees. These risks include discrimination claims, personal tort actions, work-related injuries, exposure to hazardous materials, interpersonal torts (such as between employees or between employees and students) and other risks that may flow from the relationships between employer and employee or between students and employees. Certain of these risks are not covered by insurance, and certain of them cannot be anticipated or prevented in advance.

Cybersecurity

The Issuer, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including, but not limited to, hacking, viruses, malware and other attacks on computers or other sensitive digital systems and networks. There can be no assurances that any security and operational control measures implemented by the Issuer will be completely successful to guard against and prevent cyber threats and attacks. Failure to properly maintain functionality, control, security, and integrity of the Issuer's information systems could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant. Along with significant liability claims or regulatory penalties, any security breach could have a material adverse impact on the Issuer's operations and financial condition.

The Issuer maintains cyber-insurance policies. The Issuer cannot predict whether these policies would be sufficient in the event of a cyber-incident.

Debt Payment History

The Issuer knows of no instance in which it has intentionally defaulted in the payment of principal and interest on any of its debt.

Redemption Prior to Maturity/Loss of Premium from Redemption

In considering whether the Bonds might be redeemed prior to maturity, Bondholders should consider the information included in this Official Statement under the heading "**THE BONDS.**" Furthermore, the Bonds are subject to optional and mandatory redemption as set forth herein. See "**THE BONDS**" herein. Any person who purchases the Bonds at a price in excess of their principal amount or who holds such Bonds trading at a price in excess of par should consider the fact that the Bonds are subject to redemption prior to maturity at the redemption prices described herein in the event such Bonds are redeemed prior to maturity.

See "**THE BONDS - Prepayment**" herein.

Clean up Costs and Liens under Environmental Statutes

The Issuer is not aware of any enforcement actions currently in process with respect to any releases of pollutants or contaminants at the Project sites. However, there can be no assurance that an enforcement action or actions will not be instituted under such statutes at future date. In the event such enforcement actions were initiated, the Issuer could be liable for the costs of removing or otherwise treating pollutants or contaminants located at the Project sites. In addition, under applicable environmental statutes, in the event an enforcement action is initiated, a lien superior to any Bondholders' lien, if any, could attach to the Project, which may adversely affect the Bondholders' rights.

General Liability Claims

In recent years, the number of general liability suits and the dollar amounts of damage awards have increased nationwide, resulting in substantial increases in insurance premiums. Litigation may also arise against the Issuer from its business activities, such as its status as an employer. While the Issuer maintains general liability insurance coverage, the Issuer is unable to predict the availability or cost of such insurance in the future. In addition, it is possible that certain types of liability awards may not be covered by insurance as in effect at relevant times. Any negative impact resulting from such awards may impact the Issuer's ability to operate.

Project Completion; Risks of Construction

A delay in completion of the Project may arise from any number of other causes, including but not limited to, adverse weather conditions, unavailability of subcontractors, and negligence on the part of subcontractors, labor disputes, or unanticipated costs of construction, equipping or renovation. Any of these events or occurrences, separately or in combination, could have a material adverse effect on the Issuer's ability to complete the Project, or to complete it as planned and on schedule. The Issuer believes that the proceeds of the proceeds of the Bonds will be sufficient to complete the Project; however, the cost of construction of the Project may be affected by factors beyond the control of the Issuer, including strikes, material shortages, adverse weather conditions, trade tariffs, subcontractor defaults, delays, and unknown conditions.

Damage or Destruction to District's Facilities

Although the District maintains certain kinds of insurance, there can be no assurance that the District will not suffer uninsured losses in the event of damage to or destruction of the District's facilities, including the Project, due to fire or other calamity or in the event of other unforeseen circumstances.

Financial Condition of the Issuer from time to time

No representation is made as to the future financial condition of the Issuer. Certain risks discussed herein could adversely affect the financial condition and/or operations of the Issuer in the future. However, the Bonds are secured by an unlimited ad valorem property tax as described more fully in the "**THE BONDS – Source of Security for the Bonds**" herein.

Enrollment Trends

The Issuer has experienced a decline in its resident student population over the last four years, negatively impacting its certified enrollment numbers and the amount of revenue received. During that time, the Issuer has maintained its total-served student population due to a large population of non-resident students that open enroll into the District. Open enrollment approval is subject to change year to year. See **APPENDIX A–Information About the Issuer–Enrollment**. However, the Bonds are secured by an unlimited ad valorem property tax as described more fully in the "**THE BONDS – Source of Security for the Bonds**" herein.

Continuing Disclosure

A failure by the Issuer to comply with the continuing disclosure obligations (see "Continuing Disclosure" herein) will not constitute an event of default on the Bonds. Any such failure must be disclosed in accordance with Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended, and may adversely affect the transferability and liquidity of the Bonds and their market price.

Suitability of Investment

The interest rate borne by the Bonds is intended to compensate the investor for assuming the risk of investing in the Bonds. Each

prospective investor should carefully examine this Official Statement and its own financial condition to make a judgement as to its ability to bear the economic risk of such an investment, and whether or not the bonds are an appropriate investment for such investor.

Bankruptcy and Insolvency

The rights and remedies provided in the Resolution may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws or equitable principles that may affect the enforcement of creditor's rights, to the exercise of judicial discretion in appropriate cases and to limitations in legal remedies against exercise of judicial discretion in appropriate cases and to limitations on legal remedies against municipal corporations in the State of Iowa. The various opinions of counsel to be delivered with respect to the Bonds and the Resolution, including the opinion of Bond Counsel, will be similarly qualified. If the Issuer were to file a petition under chapter nine of the federal bankruptcy code, the owners of the Bonds could be prohibited from taking any steps to enforce their rights under the Resolution. In the event the Issuer fails to comply with its covenants under the Resolution or fails to make payments on the Bonds, there can be no assurance of the availability of remedies adequate to protect the interests of the holders of the Bonds.

Under sections 76.16 and 76.16A of the Code of Iowa, as amended, a city, county, or other political subdivision may become a debtor under chapter nine of the federal bankruptcy code, if it is rendered insolvent, as defined in 11 U.S.C. §101(32)(c), as a result of a debt involuntarily incurred. As used therein, "debt" means an obligation to pay money, other than pursuant to a valid and binding collective bargaining agreement or previously authorized bond issue, as to which the governing body of the city, county, or other political subdivision has made a specific finding set forth in a duly adopted resolution of each of the following: (1) that all or a portion of such obligation will not be paid from available insurance proceeds and must be paid from an increase in general tax levy; (2) that such increase in the general tax levy will result in a severe, adverse impact on the ability of the city, county, or political subdivision to exercise the powers granted to it under applicable law, including without limitation providing necessary services and promoting economic development; (3) that as a result of such obligation, the city, county, or other political subdivision is unable to pay its debts as they become due; and (4) that the debt is not an obligation to pay money to a city, county, entity organized pursuant to chapter 28E of the Code of Iowa, or other political subdivision.

Tax Matters, Bank Qualification, and Loss of Tax Exemption

As discussed under the heading "**TAX EXEMPTION AND RELATED TAX MATTERS**" herein, the interest on the Bonds could become includable in gross income for purposes of federal income taxation retroactive to the date of delivery of the Bonds, as a result of acts or omissions of the Issuer in violation of its covenants in the Bond Resolution. Should such an event of taxability occur, the Bonds would not be subject to a special prepayment and would remain outstanding until maturity or until prepaid under the prepayment provisions contained in the Bonds, and there is no provision for an adjustment of the interest rate on the Bonds.

The Issuer will designate the Bonds as "qualified tax-exempt obligations" under the exception provided in Section 265(b)(3) of the Internal Revenue Code of 1986, as amended (the "Code") and has further covenanted to comply with certain other requirements, which affords banks and certain other financial institutions more favorable treatment of their deduction for interest expense than would otherwise be allowed under Section 265(b)(2) of the Code. However, the Issuer's failure to comply with such covenants could cause the Bonds not to be "qualified tax-exempt obligations" and banks and certain other financial institutions would not receive more favorable treatment of their deduction for interest expense than would otherwise be allowed under Section 265(b)(2) of the Code.

It is possible that legislation will be proposed or introduced that could result in changes in the way that tax exemption is calculated, or whether interest on certain securities are exempt from taxation at all. Prospective purchasers should consult with their own tax advisors regarding any pending or proposed federal income tax legislation. The likelihood of any pending or proposed federal income tax legislation being enacted or whether the proposed terms will be altered or removed during the legislative process cannot be reliably predicted.

It is also possible that actions of the Issuer after the closing of the Bonds will alter the tax status of the Bonds, and, in the extreme, remove the tax-exempt status from the Bonds. In that instance, the Bonds are not subject to mandatory prepayment, and the interest rate on the Bonds does not increase or otherwise reset. A determination of taxability on the Bonds, after closing of the Bonds, could materially adversely affect the value and marketability of the Bonds.

Factors Beyond Issuer's Control

Economic and other factors beyond the Issuer's control, such as economic recession, deflation of property values, or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire or other natural disaster, could cause a reduction in the assessed

value within the corporate boundaries of the Issuer. The State of Iowa, including the Issuer, is susceptible to tornados, flooding and extreme weather wherein winds and flooding have from time to time caused significant damage, which may have an adverse impact on the Issuer's financial position.

Changing priorities in federal policies can result in reductions to the level or priority of federal funding for a variety of federally funded programs, including education related programs. Such changes could have an adverse impact on the Issuer's operations or financial position.

Suitability of Investment

The interest rate borne by the Bonds is intended to compensate the investor for assuming the risk of investing in the Bonds. Each prospective investor should carefully examine this Official Statement and its own financial condition to make a judgment as to its ability to bear the economic risk of such an investment, and whether or not the Bonds are an appropriate investment for such investor.

Risk of Audit

The Internal Revenue Service has an ongoing program to audit tax-exempt obligations to determine the legitimacy of the tax status of such obligations. No assurance can be given as to whether the Internal Revenue Service will commence an audit of the Bonds. Public awareness of any audit could adversely affect the market value and liquidity of the Bonds during the pendency of the audit, regardless of the ultimate outcome of the audit.

Summary

The foregoing is intended only as a summary of certain risk factors attendant to an investment in the Bonds. In order for potential investors to identify risk factors and make an informed investment decision, potential investors should become thoroughly familiar with this entire Official Statement and the Appendices hereto.

LITIGATION

The District encounters litigation occasionally, as a course of business, however, no litigation currently exists that is not believed to be covered by current insurance carriers and no litigation has been proposed that questions the validity of the Bonds.

ACCOUNTANT

The accrual-basis financial statements of the Issuer included as APPENDIX D to this Official Statement have been examined by Nolte, Cornman & Johnson P.C. to the extent and for the periods indicated in their report thereon. Such financial statements have been included herein without permission of said CPA, and said CPA expresses no opinion with respect to the Bonds or the Official Statement.

UNDERWRITING

The Bonds are being purchased, subject to certain conditions, by ____ (the "Underwriter"). The Underwriter has agreed, subject to certain conditions, to purchase all, but not less than all, of the Bonds at an aggregate purchase price of \$_____ plus accrued interest to the Closing Date.

The Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into unit investment trusts, certain of which may be sponsored or managed by the Underwriter) at prices lower than the initial public offering prices stated on the cover page. The initial public offering prices of the Bonds may be changed, from time to time, by the Underwriter.

The Underwriter intends to engage in secondary market trading of the Bonds subject to applicable securities laws. The Underwriter is not obligated, however, to repurchase any of the Bonds at the request of the holder thereof.

THE PROJECT

Proceeds of the Bonds, when combined with the proceeds of the issuance of remaining voter-approved G.O. School Bonds in one or more additional series totaling a combined \$20,615,000, are being issued to provide funds to: i) to construct, furnish, and equip additions to the High School, including an auditorium, lobby, multi-purpose practice space and weight room, and site improvements, including parking; to renovate, repair, equip, and improve athletic facilities, including baseball and softball fields

and concession stand; and safety and security improvements at the Primary and Middle School buildings, and ii) pay costs of issuance for the Bonds.

TAX EXEMPTION AND RELATED TAX MATTERS

Tax Exemption

Federal tax law contains a number of requirements and restrictions that apply to the Bonds, including investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of Bond proceeds and facilities financed with Bond proceeds, and certain other matters. The Issuer has covenanted to comply with all requirements that must be satisfied in order for the interest on the Bonds to be excludable from gross income for federal income tax purposes. Failure to comply with certain of such covenants could cause interest on the Bonds to become includable in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

Subject to the Issuer's compliance with the above-referenced covenants, under present law, in the opinion of Bond Counsel, the interest on the Bonds is excludable from gross income for federal income tax purposes and interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax; however, such interest on the Bonds may be taken into account for the purpose of computing the alternative minimum tax imposed on certain corporations.

Prospective purchasers of the Bonds should be aware that ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain S corporations, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations. Bond Counsel will not express any opinion as to such collateral tax consequences. Prospective purchasers of the Bonds should consult their tax advisors as to collateral federal income tax consequences.

The interest on the Bonds is not exempt from present Iowa income taxes. Ownership of the Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Bonds. Prospective purchasers of the Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

Qualified Tax Exemption Obligations

The Issuer will designate the Bonds as "qualified tax-exempt obligations" under the exception provided in Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended (the "Code"), and has further covenanted to comply with certain other requirements, which affords banks and certain other financial institutions more favorable treatment of their deduction for interest expense than would otherwise be allowed under Section 265(b)(2) of the Code. However, the Issuer's failure to comply with such covenants could cause the Bonds not to be "qualified tax-exempt obligations" and banks and certain other financial institutions would not receive more favorable treatment of their deduction for interest expense than would otherwise be allowed

under Section 265(b)(2) of the Code.

Discount and Premium Bonds

The initial public offering price of certain Bonds may be less than the amount payable on such Bonds at maturity ("Discount Bonds"). Owners of Discount Bonds should consult with their own tax advisors with respect to the determination of accrued original issue discount on Discount Bonds for income tax purposes and with respect to the state and local tax consequences of owning and disposing of Discount Bonds. It is possible that, under applicable provisions governing determination of state and local income taxes, accrued interest on Discount Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment.

The initial public offering price of certain Bonds may be greater than the amount of such Bonds at maturity ("Premium Bonds"). Purchasers of the Premium Bonds should consult with their own tax advisors with respect to the determination of amortizable premium on Premium Bonds for income tax purposes and with respect to the state and local tax consequences of owning and disposing of Premium Bonds.

Other Tax Advice

In addition to the income tax consequences described above, potential investors should consider the additional tax consequences of the acquisition, ownership, and disposition of the Bonds. For instance, state income tax law may differ substantially from state to state, and the foregoing is not intended to describe any aspect of the income tax laws of any state. Therefore, potential investors should consult their own tax advisors with respect to federal tax issues and with respect to the various state tax consequences of an investment in Bonds.

Audits

The Internal Revenue Service (the "Service") has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. To the best of the Issuer's knowledge, no obligations of the Issuer are currently under examination by the Service. It cannot be predicted whether or not the Service will commence an audit of the Bonds. If an audit is commenced, under current procedures the Service may treat the Issuer as a taxpayer and the Bondholders may have no right to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the Bonds until the audit is concluded, regardless of the ultimate outcome.

Reporting and Withholding

Payments of interest on, and proceeds of the sale, redemption or maturity of, tax-exempt obligations, including the Bonds, are in certain cases required to be reported to the Service. Additionally, backup withholding may apply to any such payments to any Bond owner who fails to provide an accurate Form W-9 Request for Taxpayer Identification Number and Certification, or a substantially identical form, or to any Bond owner who is notified by the Service of a failure to report any interest or dividends required to be shown on federal income tax returns. The reporting and backup withholding requirements do not affect the excludability of such interest from gross income for federal tax purposes.

Tax Legislation

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may be considered by the Iowa legislature. Court proceedings may also be filed, the outcome of which could modify the tax treatment. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Bonds will not have an adverse effect on the tax status of interest or other income on the Bonds or the market value or marketability of the Bonds. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or repeal (or reduction in the benefit) of the exclusion of interest on the Bonds from gross income for federal or state income tax purposes for all or certain taxpayers.

Current and future legislative proposals, including some that carry retroactive effective dates, if enacted into law, court decisions, or clarification of the Code may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation, or otherwise prevent owners of the Bonds from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any other legislative proposals, clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding the TCJA, as well as any pending or proposed tax legislation, as to which Bond Counsel expresses no opinion other than as set forth in its legal opinion.

The Opinion

The FORM OF LEGAL OPINION, in substantially the form set out in APPENDIX B to this Preliminary Official Statement, will be delivered at closing.

Bond Counsel's opinion is not a guarantee of a result, or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction, but represents its legal judgment based upon its review of existing statutes, regulations, published rulings and court decisions and the representations and covenants of the Issuer described in this section. No ruling has been sought from the Service with respect to the matters addressed in the opinion of Bond Counsel and Bond Counsel's opinion is not binding on the Service, nor does the rendering of the opinion guarantee the outcome of any legal dispute that may arise out of the transaction. Bond Counsel assumes no obligation to update its opinion after the issue date to reflect any further action, fact or circumstance, or change in law or interpretation, or otherwise.

Enforcement

There is no bond trustee or similar person to monitor or enforce the terms of the resolution for issuance of the Bonds. In the event of a default in the payment of principal or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the Issuer and certain other public officials to perform the terms of the resolution for the Bonds) may have to be enforced from year to year.

The owners of the Bonds cannot foreclose on property within the boundaries of the Issuer or sell such property in order to pay the debt service on the Bonds. In addition, the enforceability of the rights and remedies of owners of the Bonds may be subject to limitation as set forth in Bond Counsel's opinion. The opinion will state, in part, that the obligations of the Issuer with respect to the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, to the exercise of judicial discretion in appropriate cases and to the exercise by the State and its governmental bodies of the police power inherent in the sovereignty of the State and to the exercise by the United States of America of the powers delegated to it by the Constitution of the United States of America.

ALL POTENTIAL PURCHASERS OF THE BONDS SHOULD CONSULT WITH THEIR TAX ADVISORS WITH RESPECT TO FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF OWNERSHIP OF THE BONDS (INCLUDING BUT NOT LIMITED TO THOSE LISTED ABOVE).

LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Bonds and with regard to the tax-exempt status of the interest thereon (see "**TAX EXEMPTION AND RELATED MATTERS**" herein) are subject to the approving legal opinion of Ahlers & Cooney, P.C., Des Moines, Iowa, Bond Counsel, a form of which is attached hereto as "**APPENDIX B – FORM OF BOND COUNSEL OPINION**." Signed copies of the opinion, dated and premised on law in effect as of the date of original delivery of the Bonds, will be delivered to the Underwriter at the time of such original delivery. The Bonds are offered subject to prior sale and to the approval of legality of the Bonds by Bond Counsel. Ahlers & Cooney, P.C. is also serving as Disclosure Counsel for the Issuer in connection with the issuance of the Bonds. Certain matters will be passed upon for the Municipal Advisor by Dentons Davis Brown, Des Moines, Iowa.

Bond Counsel has not examined nor attempted to examine or verify any of the financial or statistical statements, or data contained in this Official Statement and will express no opinion with respect thereto. Bond Counsel has not participated in the preparation of this Official Statement other than to review or prepare information describing the terms of the Bonds, Iowa and Federal law pertinent to the validity of the Bonds, and the tax status of interest on the Bonds which can be found generally under the sections "**THE BONDS**", "**THE BONDS - Source of Security for the Bonds**", and "**TAX EXEMPTION AND RELATED TAX MATTERS**". Additionally, Bond Counsel has provided its form of bond counsel opinion and Issuer's continuing disclosure certificate, found in Appendices B and C.

The legal opinion to be delivered will express the professional judgment of Bond Counsel, and by rendering a legal opinion, Bond Counsel does not become an insurer or guarantor of the result indicated by that expression of professional judgment or of the transaction or the future performance of the parties to the transaction.

MUNICIPAL ADVISOR

The Issuer has retained Piper Sandler & Co. as municipal advisor (the "Municipal Advisor") in connection with the issuance of the Bonds. In preparing this Official Statement, the Municipal Advisor has relied upon governmental officials, and other sources

who have access to relevant data to provide accurate information and the Municipal Advisor has not been engaged, nor has it undertaken, to independently verify the accuracy, completion or fairness of such information and data. The Municipal Advisor is not a public accounting firm and has not been engaged by the Issuer to compile, review, examine or audit any information in the Official Statement in accordance with accounting standards.

CONTINUING DISCLOSURE

The Issuer will covenant in a Continuing Disclosure Certificate for the benefit of the Owners and Beneficial Owners of the Bonds to provide annually certain financial information and operating data relating to the Issuer (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events. The Annual Report is to be filed by the Issuer no later than April 15 after the close of each fiscal year, commencing with the fiscal year ending June 30, 2026, with the Municipal Securities Rulemaking Board, at its internet repository named "Electronic Municipal Market Access" ("EMMA"). The Issuer also has agreed to file its audited financial statement for fiscal year ending June 30, 2025, when available. The notices of events, if any, are also to be filed with EMMA. See "APPENDIX C – FORM OF CONTINUING DISCLOSURE CERTIFICATE." The specific nature of the information to be contained in the Annual Report or the notices of events, and the manner in which such materials are to be filed, are summarized in "APPENDIX C – FORM OF CONTINUING DISCLOSURE CERTIFICATE." These covenants have been made in order to assist the Underwriter in complying with SEC Rule 15c2-12(b)(5) (the "Rule").

A failure by the District to comply with the Undertaking will not constitute a default under the Resolution and beneficial owners of the Bonds are limited to the remedies described in the Undertaking. Any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the District to comply with its obligations under the Disclosure Certificate. Direct, indirect, consequential and punitive damages shall not be recoverable by any person for any default thereunder. If the District fails to comply with any provision of the Disclosure Certificate, the sole remedy available shall be an action to compel performance. A failure by the District to comply with the Undertaking must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

The Issuer provides the following information in accordance with the reporting requirement of paragraph (f)(3) of the Rule:

Pursuant to the Rule, during the five (5) year period, the Issuer believes it has complied in all material respects with regard to its prior Disclosure Covenants, except: the filings for FY 2021 and FY 2020 were initially not linked to the CUSIPs for the Series 2009 (2009 QSCB) Bonds. These associations were established on March 22, 2022, with the corresponding Failure to File notice filed on the same date. The Issuer submitted unaudited financial statements certified to the Iowa Department of Education for FYs 2020 to 2024. However, these statements didn't conform to the financial statement format in the final Official Statement. The Audited Financial Statements for those years were subsequently timely filed on EMMA.

Bond Counsel expresses no opinion as to whether the Undertaking complies with the requirements of Section (b)(5) of the Rule.

The summaries or references herein to the Bonds and statutes referred to herein, and the description of the Bonds included herein, do not purport to be comprehensive or definitive, and such summaries, references and descriptions are qualified in their entireties by reference to such documents, and the description herein of the Bonds is qualified in its entirety by reference to the form thereof and the information with respect thereto included in the aforesaid documents. It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bonds nor any error in the printing of such numbers shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for any Bonds.

The Issuer has reviewed the information contained herein which relates to and has approved all such information for use within this Official Statement. The execution and delivery of this Official Statement has been duly authorized by the Issuer.

Other Post-Employment Benefits (OPEB) (1)

Plan Description - The Issuer operates a single-employer health benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses.

Individuals who are employed by the Issuer and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical/prescription drug benefit as active employees, which results in an implicit subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At July 1, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	8
<u>Active employees</u>	<u>213</u>
Total	221

Total OPEB Liability – The Issuer’s total OPEB liability of \$847,805 was measured as of June 30, 2024, and was determined by an actuarial valuation dated July 1, 2023.

Actuarial Assumptions – the total OPEB liability in the July 1, 2023 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement:

Rate of inflation	3.00%
Rates of salary increase including inflation	3.00%
Discount rate including inflation	3.65%
Healthcare cost trend rate	6.50% for FY2024, decreasing to an ultimate rate of 5.00%

Discount Rate – The discount rate used to measure the total OPEB liability was 3.65%, which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the RP 2014 annuitant distinct mortality table adjusted to 2006 MP 2021 generational project of future mortality improvement. Annual retirement probabilities are based on varying rates by age and turnover probabilities are based on Scale T-9 of the Actuary’s Pension Handbook less GA51M.

Changes in the Total OPEB Liability:

Total OPEB obligation – beginning of year	\$843,211
Changes for the year	
Service Cost	44,115
Interest	30,727
Difference between expected & actual experiences	118,350
Change in assumption	(139,088)
Benefit Payments	(49,510)
Net Changes	4,594
Net OPEB obligation – end of year	\$847,805

Employee Pension Plan (1)

Plan Description. Iowa Public Employees' Retirement System ("IPERS") membership is mandatory for employees of the Issuer. The Issuer's employees are provided with pensions through a cost-sharing multiple employer defined pension plan administered by IPERS. IPERS benefits are established under Iowa Code, Chapter 97B and the administrative rules thereunder. The Issuer's employee who completed seven years of covered service or has reached the age of 65 while in IPERS covered employment becomes vested. If the Issuer's employee retires before normal retirement age, the employees' monthly retirement benefit will be permanently reduced by an early-retirement reduction. IPERS provides pension benefits as well as disability benefits to Issuer employees and benefits to the employees' beneficiaries upon the death of the eligible employee. See "**APPENDIX D-AUDITED FINANCIAL STATEMENTS OF THE ISSUER-NOTES TO THE FINANCIAL STATEMENTS**" for additional information on IPERS. Additionally, copies of IPERS annual financial report may be obtained from www.ipers.org. However, the information presented in such financial reports or on such websites is not incorporated into this Official Statement by any reference.

Contributions. Effective July 1, 2012, as a result of a 2010 law change, IPERS contribution rates for the Issuer and its employees are established by IPERS following the annual actuarial valuation (which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization method.) State statute, however, limits the amount rates can increase or decrease each year to one (1) percentage point. Therefore, any difference between the actuarial contribution rates and the contributions paid is due entirely to statutorily set contributions that may differ from the actual contribution rates. As a result, while the contribution rate in the fiscal year ended June 30, 2017 equaled the actuarially required rate, there is no guarantee, due to this statutory limitation on rate increases, that the contribution rate will meet or exceed the actuarially required rate in the future.

The Issuer's contributions to IPERS is not less than that which is required by law. The Issuer's share of the contribution, payable from the applicable funds of the Issuer, is provided by a statutorily authorized annual levy of taxes without limit or restriction as to rate or amount. The Issuer has always made its full required contributions to IPERS.

The following table sets forth the contributions made by the Issuer and its employees to IPERS for the period indicated. The Issuer cannot predict the levels of funding that will be required in the future.

Table 1 – Issuer and Employees Contribution to IPERS.

Fiscal Year	Issuer Contribution		Issuer Employees' Contribution	
	Amount Contributed	% of Covered Payroll	Amount Contributed	% of Covered Payroll
2020	989,583	9.44	\$514,680.98	6.29
2021	1,018,100	9.44	678,374.44	6.29
2022	1,056,400	9.44	703,892.56	6.29
2023	1,081,066	9.44	720,329.22	6.29
2024	1,106,496	9.44	737,272.95	6.29
2025	1,088,546	9.44	725,313.60	6.29

The Issuer cannot predict the levels of funding that will be required in the future as any IPERS unfunded pension benefit obligation could be reflected in future years in higher contribution rates. The investment of moneys, assumptions underlying the same and the administration of IPERS is not subject to the direction of the Issuer. Thus, it is not possible to predict, control or prepare for future unfunded accrued actuarial liabilities of IPERS ("UAALs"). The UAAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, adjustments, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAAL could be substantial in the future, requiring significantly increased contributions from the Issuer which could affect other budgetary matters.

Table 2 – Recent returns of IPERS (1)

According to IPERS, the market value investment return on program assets is as follows:

Fiscal Year Ended June 30	Investment Return %
2020	3.39
2021	29.63
2022	-3.90
2023	5.41

Net Pension Liabilities (2)

At June 30, 2024, the Issuer reported a liability of \$5,890,396 for its proportional share of the IPERS net pension liability. The net pension liability was measured as of June 30, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The discount rate used to measure the total pension liability was 7%. The Issuer’s proportion of the net pension liability was based on the Issuer’s share of contributions to the pension plan relative to the contributions of all IPERS participating employers. See “APPENDIX D–AUDITED FINANCIAL STATEMENTS OF THE ISSUER–NOTES TO THE FINANCIAL STATEMENTS” for additional information related to the Issuer’s deferred outflows and inflows of resources related to pensions, actuarial assumptions, discount rate and discount rate sensitivity.

Detailed information about the pension plan’s fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS’ website at www.ipers.org.

Bond Counsel, Disclosure Counsel, the Issuer, the Underwriter, the Municipal Advisors and counsel to the Municipal Advisor undertake no responsibility for and make no representations as to the accuracy or completeness of the material available from IPERS as discussed above or included on the IPERS website, including, but not limited to, updates of such information on the Auditor of State’s website or links to other websites through the IPERS website.

Property Tax Assessment (2)(3)

In compliance with section 441.21 of the Code of Iowa, as amended, the State Director of Revenue annually directs all county auditors to apply prescribed statutory percentages to the assessments of certain categories of real property. The final values, called Actual Valuation, are then adjusted by the County Auditor. Assessed or Taxable Valuation subject to tax levy is then determined by the application of State determined rollback percentages, principally to residential and commercial property.

Beginning in 1978, the State required a reduction in Actual Valuation to reduce the impact of inflation on its residents. The resulting value is defined as the Assessed or Taxable Valuation. The rollback percentages for residential, agricultural and commercial valuations are as follows:

Fiscal <u>Year</u>						<u>Chap 437</u>	<u>Chap 428/438</u>	
	<u>Residential</u>	<u>Ag. Land & Bldgs</u>	<u>Commercial</u>	<u>Multi-residential</u>	<u>Railroad</u>	<u>Utilities</u>	<u>Utilities</u>	<u>Industrial</u>

Property is assessed on a calendar year basis. The assessments finalized as of January 1 of each year are applied to the following fiscal year. For example, the assessments finalized on January 1, 2024 are used to calculate tax liability for the tax year starting July 1, 2025 through June 30, 2026. Presented below are the historic property valuations of the Issuer by class of property.

(1) Source: Cedar Rapids Metro Economic Alliance

(2) Source: Iowa Department of Revenue

(3) In 2023, the Legislature created a rollback for small commercial, small railroad and small industrial properties that receive the same rollback rate as residential properties receive for said year, for the valuation of those classes up to \$150,000. Valuation above \$150,000 is taxed at the above rollback rate for each of commercial, railroad and industrial.

Largest Taxpayers (1) (2)

Set forth in the following table are the persons or entities which represent the 2024 largest taxpayers within the Issuer. No independent investigation has been made of and no representation is made herein as to the financial condition of any of the taxpayers listed below or that such taxpayers will continue to maintain their status as major taxpayers in the Issuer. The Issuer's tax levy is uniformly applicable to all of the properties included in the table, and thus taxes expected to be received by the Issuer from such taxpayers will be in proportion to the assessed valuations of the properties. The total tax bill for each of the properties is dependent upon the tax levies of the other taxing entities which overlap the properties.

(2) Utility Property Tax Replacement. Beginning in 1999, the State replaced its previous property tax assessment procedure in valuing the property of entities involved primarily in the production, delivery, service and sale of electricity and natural gas with a replacement tax formula based upon the delivery of energy by these entities. Electric and natural gas utilities now pay replacement taxes to the State in lieu of property taxes. All replacement taxes are allocated among local taxing cities by the State Department of Revenue and Finance and the Department of Management. This allocation is made in accordance with a general allocation formula developed by the Department of Management on the basis of general property tax equivalents. Properties of these utilities are exempt from the levy of property tax by political subdivisions. Utility property will continue to be valued by a special method as provided in the statute and taxed at the rate of three cents per one thousand dollars for the general fund of the State. The utility replacement tax statute states that the utility replacement tax collected by the State and allocated among local taxing cities (including the Issuer) shall be treated as property tax when received and shall be disposed of by the county treasurer as taxes on real estate. However, utility property is not subject to the levy of property tax by political subdivisions, only the utility replacement tax and statewide property tax. It is possible that the Issuer's authority to levy taxes to pay principal and interest on the Bonds could be adjudicated to be proportionately reduced in future years if the utility replacement tax were to be other than "taxable property" for purposes of computing the Issuer's levy limit under Iowa Code Section 298.18, as amended from time to time. There can be no assurance that future legislation will not (i) operate to reduce the amount of debt the Issuer can issue or (ii) adversely affect the Issuer's ability to levy taxes in the future for the payment of the principal of and interest on its outstanding debt obligations, including the Bonds.

These amounts are not reflected in the table above as offsets as they will not be applied until the initial call dates of those Series in the future. The result of these surplus levies, including the \$455,000 that is reflected above, is future interest cost savings of \$1,441,577 for taxpayers.*

Debt Limit (1) (2) (3) (4)

The amount of general obligation debt a political subdivision of the State of Iowa can incur is controlled by the constitutional debt limit, which is an amount equal to 5% of the actual value of property within the corporate limits, taken from the last County Tax list. The Issuer's debt limit, based upon said valuation, amounts to the following:

	<u>FY26</u>
Actual Valuation:	800,254,585
X	0.05
Statutory Debt Limit:	<u>40,012,729</u>
 Total General Obligation Debt:	17,895,000
Total Capital Loan Notes:	0
Total Loan Agreements:	0
<u>Capital Leases:</u>	<u>35,257</u>
 Total Debt Subject to Limit:	17,930,257
Percentage of Debt Limit Obligated:	44.81%

It has not been determined whether the Issuer's Sales Tax Revenue Bonds do or do not count against the constitutional debt limit. If the Bonds do count against the constitutional debt limit, the amount of debt subject to the debt limit would increase \$3,428,000* to be \$21,358,257*, or 53.38% * of the statutory debt limit.

It is possible that the general obligation debt capacity of the Issuer could be adjudicated to be proportionately reduced in future years if utility property were determined to be other than "taxable property" for purposes of computing the Issuer's debt limit under Article XI of the Constitution of the State of Iowa. There can be no assurance that future legislation will not (i) operate to reduce the amount of debt the Issuer can issue or (ii) adversely affect the Issuer's ability to levy taxes in the future for the payment of the principal of and interest on its outstanding debt obligations, including the Bonds.

APPENDIX B – FORM OF LEGAL OPINION

DRAFT

We hereby certify that we have examined a certified transcript of the proceedings of the Board of Directors of the Center Point-Urbana Community School District in the Counties of Linn and Benton, State of Iowa, and acts of administrative officers of the School District (the "Issuer"), relating to the issuance of General Obligation School Bonds, Series 2026, by said Issuer, dated the date of delivery, in the denominations of \$5,000 or multiples thereof, in the aggregate amount of \$ _____ (the "Bonds").

We have examined the law and certified proceedings and other papers as we deem necessary to render this opinion as bond counsel.

As to questions of fact material to our opinion, we have relied upon representations of the Issuer contained in the Resolution authorizing issuance of the Bonds (the "Resolution") and in the certified proceedings and other certifications of public officials furnished to us, without undertaking to verify the same by independent investigation.

Based on our examination and in reliance upon the certified proceedings and other certifications described above, we are of the opinion, under existing law, as follows:

1. The Issuer is duly created and validly existing as a body corporate and politic and political subdivision of the State of Iowa with the corporate power to adopt and perform the Resolution and issue the Bonds.
2. The Bonds are valid and binding general obligations of the Issuer.
3. All taxable property in the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. Taxes have been levied by the Resolution for the payment of the Bonds and the Issuer is required by law to include in its annual tax levy the principal and interest coming due on the Bonds to the extent the necessary funds are not provided from other sources.
4. Interest on the Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals; however, such interest may be taken into account for the purpose of computing the alternative minimum tax imposed on certain corporations. The opinion set forth in the preceding sentence is subject to the condition that the Issuer comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the Bonds to be includable in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

The Issuer has designated the Bonds "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Code.

We express no opinion regarding the accuracy, adequacy, or completeness of the Official Statement or other offering material relating to the Bonds. Further, we express no opinion regarding tax consequences arising with respect to the Bonds other than as expressly set forth herein.

The rights of the owners of the Bonds and the enforceability of the Bonds are limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may later come to our attention, or any changes in law that may later occur.

Section 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Issuer may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

- a. If the amendment or waiver relates to the provisions of Section 3(a), 4, or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;
- b. The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and
- c. The amendment or waiver either (i) is approved by the Holders of the Bonds in the same manner as provided in the Resolution for amendments to the Resolution with the consent of Holders, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the Issuer shall describe such amendment in the next Annual Financial Information filing, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(c), and (ii) the Annual Financial Information filing for the year in which the change is made will present a comparison or other discussion in narrative form (and also, if feasible, in quantitative form) describing or illustrating the material differences between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Financial Information filing or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the Issuer chooses to include any information in any Annual Financial Information filing or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the Issuer shall have no obligation under this Certificate to update such information or include it in any future Annual Financial Information filing or notice of occurrence of a Listed Event.

Section 10. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Certificate, any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Certificate. Direct, indirect, consequential and punitive damages shall not be recoverable by any person for any default hereunder and are hereby waived to the extent permitted by law. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the Issuer to comply with this Disclosure Certificate shall be an action to compel performance.

Section 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the Issuer agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the Issuer under this Section shall survive

resignation or removal of the Dissemination Agent and payment of the Bonds.

Section 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Issuer, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Section 13. Rescission Rights. The Issuer hereby reserves the right to rescind this Disclosure Certificate without the consent of the Holders in the event the Rule is repealed by the S.E.C. or is ruled invalid by a federal court and the time to appeal from such decision has expired. In the event of a partial repeal or invalidation of the Rule, the Issuer hereby reserves the right to rescind those provisions of this Disclosure Certificate that were required by those parts of the Rule that are so repealed or invalidated.

INDEPENDENT AUDITOR'S REPORT

To the Board of Education of Center Point-Urbana Community School District:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Center Point-Urbana Community School District, Center Point, Iowa, as of and for the year ended June 30, 2024, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Center Point-Urbana Community School District as of June 30, 2024 and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of Center Point-Urbana Community School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Center Point-Urbana Community School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Members American Institute & Iowa Society of Certified Public Accountants

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Center Point-Urbana Community School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Center Point-Urbana Community School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedule of the District's Proportionate Share of the Net Pension Liability, the Schedule of District Contributions and the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes on pages 7 through 15 and 48 through 54 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Center Point-Urbana Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2023 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 8, including the Schedule of Expenditures of Federal Awards required by Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information, including the Schedule of Expenditures of Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information in Schedules 1 through 8, including the Schedule of Expenditures of Federal Awards, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Information

Management is responsible for the other information in the independent auditor's report. The other information comprises the officials page but does not include the basic financial statements and or auditor's report thereon. Our opinions on the basic financial statement do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 31, 2025 on our consideration of Center Point-Urbana Community School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Center Point-Urbana Community School District's internal control over financial reporting and compliance.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Center Point-Urbana Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental services and business type activities were financed in the short term as well as what remains for future spending. Fund financial statements report Center Point-Urbana Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Center Point-Urbana Community School District acts solely as an agent or custodian for the benefit of those outside of the District.

Notes to financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year, the District's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes.

Supplementary Information provides detailed information about the nonmajor governmental funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the District.

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net position and how it has changed. Net position is one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position are an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities*: Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business type activities*: The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds - not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show that it is properly using certain revenues, such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds*: Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Fund.

The required financial statements for governmental funds include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

- 2) *Proprietary funds*: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's Enterprise Fund, one type of proprietary fund, is the same as its business type activities, but provides more detail and additional information, such as cash flows. The District's Enterprise Fund is the School Nutrition Fund.

The District's Internal Service Fund, another type of proprietary fund, is the same as its governmental activities, but provides more detail and additional information, such as cash flows. The District has one Internal Service Fund accounting for partially self-funded insurance.

The required financial statements for proprietary funds include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Fund Net Position and a Statement of Cash Flows.

- 3) *Fiduciary funds*: The District is the trustee, or fiduciary, for assets that belong to others. These funds include Private Purpose Trust Funds.

- *Private Purpose Trust Funds* - The District accounts for outside donations for scholarships for individual students in these funds.

The District is responsible for ensuring that the assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the District-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary funds include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

Reconciliations between the government-wide financial statements and the governmental fund financial statements follow the governmental fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The District's total net position increased 11.29%, or \$2,017,298, from prior year.

The largest portion of the District's net position is invested in capital assets, less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets.

Restricted net position represents resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net position decreased 1.15%, or \$81,334, from the prior year. This decrease in restricted net position is primarily attributable to a decrease in the amount restricted for school infrastructure compared to the prior year.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - increased 36.33%, or \$509,351, over the prior year. This increase in unrestricted net position is primarily a result of the changes in the District's pension related deferred outflows of resources and deferred inflows of resources.

Figure A-4 shows the changes in net position for the year ended June 30, 2024 compared to the year ended June 30, 2023.

The District's business type activities include the School Nutrition Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements, investment income and other general revenues.

INDIVIDUAL FUND ANALYSIS

As previously noted, Center Point-Urbana Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported combined fund balances of \$12,845,203, below last year's ending fund balances of \$13,049,506. The primary reason for the decrease in combined fund balances at the end of fiscal year 2024 is the decrease in the General Fund balance.

Governmental Fund Highlights

- The District's General Fund financial position is the product of many factors. Revenues from state sources decreased by \$359,747 from the prior year contributing to the decrease in total revenues, while costs incurred for regular instruction increased by \$485,015 leading to an increase in total expenditures. Overall, expenditures outpaced revenues resulting in a decrease in fund balance from \$6,156,447 at June 30, 2023 to \$5,621,002 at June 30, 2024.
- The Capital Projects Fund balance decreased from \$1,893,953 at June 30, 2023 to \$1,500,753 at June 30, 2024.
- The Debt Service Fund balance increased from \$4,143,224 at June 30 2023 to \$4,643,916 at June 30, 2024.

Proprietary Fund Highlights

The School Nutrition Fund net position decreased from \$441,461 at June 30, 2023 to \$422,012 at June 30, 2024.

BUDGETARY HIGHLIGHTS

The District's total revenues were \$156,345 less than budgeted revenues, a variance of 0.67%. The most significant variance resulted from the District receiving less from state sources than originally anticipated.

Total expenditures were less than budgeted, due primarily to the District's budget for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2024, the District had invested \$28,336,214, net of accumulated depreciation/amortization, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This amount represents a decrease of 0.29% from last year. More detailed information about the District's capital assets is presented in Note 5 to the financial statements. Depreciation/amortization expense for the year was \$1,086,699.

The original cost of the District's capital assets was \$52,005,289. Governmental activities accounted for \$51,587,208 with the remainder of \$418,081 accounted for in the Enterprise, School Nutrition Fund.

The largest change in capital asset activity during the year occurred in the machinery and equipment category. The District's machinery and equipment, net of accumulated depreciation, totaled \$1,053,327 at June 30, 2024 compared to \$815,374 at June 30, 2023. This increase was mainly due the addition of two new buses.

*Amounts reported for governmental activities in the Statement of Activities
are different because:*

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are not reported in the Statement of Activities and are allocated over their estimated useful lives as depreciation/amortization expense in the Statement of Activities. Capital outlay expenditures and depreciation/amortization expense in the current year are as follows:

Capital outlay	\$ 954,484	
Depreciation/amortization expense	<u>(1,075,660)</u>	(121,176)

Income surtax receivable is not considered available revenue and is recognized as deferred inflows of resources in the governmental funds. 23,196

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in Statement of Net Position. 1,670,741

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the governmental funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due. 7,533

Net change in the Internal Service Fund charged back against expenditures made for self-funded insurance on an entity-wide basis. 11,862

The current year District IPERS contributions are reported as expenditures in the governmental funds but are reported as deferred outflows of resources in the Statement of Net Position. 1,074,408

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:

CENTER POINT-URBANA COMMUNITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024

Note 1. Summary of Significant Accounting Policies

Center Point-Urbana Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as career and technical and recreational courses. The geographic area served includes the cities of Center Point and Urbana, Iowa the predominate agricultural territory in Linn and Benton Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Center Point-Urbana Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District. The Center Point-Urbana Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Linn and Benton Counties Assessors' Conference Boards.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Position presents the District's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as non-major governmental funds. Combining schedules are also included for the Capital Projects Fund accounts.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

The Debt Service Fund is utilized to account for property tax and other revenues to be used for the payment of interest and principal on the District's long-term debt.

The District reports the following nonmajor proprietary funds:

The School Nutrition Fund is used to account for food service operations of the District.

The Internal Service Fund is used to account for the District's partially self-funded insurance plan for District employees.

The District also reports the following fiduciary funds which focus on net position and changes in net position:

The Private Purpose Trust Funds are used to account for assets held by the District under trust agreements which require income earned to be used to benefit individual students through scholarship awards.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the District's policy is generally to first apply the expenditure toward restricted fund balance and then to less-restrictive classifications - committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity/Net Position

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at amortized cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources, in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2022 assessed property valuations; is for the tax accrual period July 1, 2023 through June 30, 2024 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2023.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Prepaid Expenses - Prepaid expenses represent principal and interest payments on the District's Series 2020 revenue bonds due July 1, 2023 which were remitted before year-end. Prepaid expenses also represent July insurance premiums paid in June 2024.

Capital Assets - Capital assets are tangible and intangible assets, which include property, furniture and equipment and intangibles acquired after July 1, 1980 are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost (except for intangible right-to-use lease assets, the measurement of which is discussed under "Leases" below) if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Intangible assets follow the same capitalization policies as tangible capital assets and are reported with tangible assets in the appropriate capital asset class. Reportable capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land	\$ -
Buildings	5,000
Land improvements	5,000
Intangibles	50,000
Right-to-use leased assets	5,000
Machinery and equipment:	
School Nutrition Fund equipment	500
Other machinery and equipment	5,000

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment and the right-to-use leased assets are depreciated/amortized using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Buildings	50 years
Land improvements	20-50 years
Intangibles	2+ years
Right-to-use leased assets	2+ years
Machinery and equipment	5-15 years

Leases - Center Point-Urbana Community School District is the lessee for noncancelable leases of equipment. The District has recognized a lease liability and intangible right-to-use lease of equipment (lease asset) in the government-wide financial statements. The District recognized leases with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of the lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how Center Point-Urbana Community School District determines the discount rate it uses to discount the expected lease payments to present value, lease term and lease payments.

Center Point-Urbana Community School District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments, as well as any purchase option price included in the agreement that the District would be reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Deferred Outflows of Resources - Deferred outflows of resources represent a consumption of net position applicable to a future year(s) which will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense, the unamortized portion of the net difference between projected and actual earnings on pension plan investments and contributions from the District after the measurement date but before the end of the District's reporting period.

Salaries and Benefits Payable - Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

Unearned Revenue - Unearned revenues in the School Nutrition Fund are monies collected for lunches that have not yet been served. Patrons will either be reimbursed or served lunches.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Position.

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund.

Total OPEB Liability - For purposes of measuring the total OPEB liability, deferred outflows/inflows of resources related to OPEB and OPEB expense, information has been determined based on the District's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund.

Deferred Inflows of Resources - Deferred inflows of resources represent an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay

liabilities of the current year. Deferred inflows of resources in the fund financial statements consist of property tax receivable and other receivables not collected within sixty days after year end and succeeding year property tax receivable that will not be recognized until the year for which it is levied.

Deferred inflows of resources on the Statement of Net Position consist of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied, and unrecognized items not yet charged to pension and OPEB expense.

Fund Equity - Board policy number 701.4 describes the District's fund balance designations. In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable - Amounts which cannot be spent because they are legally or contractually required to be intact or are not expected to be converted to cash.

Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

Assigned - Amounts are not available for appropriation but are set aside for a specific purpose. The assigned fund balance in the General Fund is for miscellaneous accounts and smaller projects that are not able to be accounted for in other governmental funds. In accordance with Board Policy 701.4, the Board authorizes the Superintendent and Board Secretary to assign amounts to a specific purpose.

Unassigned - All amounts not included in the preceding classifications.

Note 7. Pension Plan

Plan Description - IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general information purposes only. Refer to the plan documents for more information.

Pension Benefits - A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except for members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25 percent for each month the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50 percent for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits - A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions - Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2024, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the District contributed 9.44% of covered payroll, for a total rate of 15.73%.

The District's contributions to IPERS for the year ended June 30, 2024 were \$1,106,496.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2024, the District reported a liability of \$5,890,396 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2023, the District's proportion was 0.130501%, which was a decrease of 0.008453% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the District recognized pension expense of \$406,368. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 498,335	24,212
Changes of assumptions	-	93
Net difference between projected and actual earnings on IPERS' investments	545,521	-
Changes in proportion and differences between District contributions and the District's proportionate share of contributions	-	225,821
District contributions subsequent to the measurement date	1,106,496	-
Total	\$ 2,150,352	250,126

\$1,106,496 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2025	\$ (220,825)
2026	(487,098)
2027	1,291,177
2028	194,721
2029	15,755
Total	\$ 793,730

There were no non-employer contributing entities at IPERS.

Actuarial Assumptions - The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation (effective June 30, 2017)	2.60% per annum.
Rates of salary increase (effective June 30, 2017)	3.25 to 16.25% average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7.00% compounded annually, net of investment expense, including inflation.
Wage growth (effective June 30, 2017)	3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of a quadrennial experience study covering the period of July 1, 2017 through June 30, 2021.

Mortality rates used in 2023 valuation were based on the PubG-2010 mortality tables with future mortality improvements modeled using Scale MP-2021.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	21.0%	4.56%
International equity	16.5	6.22
Global smart beta equity	5.0	5.22
Core plus fixed income	23.0	2.69
Public credit	3.0	4.38
Cash	1.0	1.59
Private equity	17.0	10.44
Private real assets	9.0	3.88
Private credit	4.5	4.60
Total	<u>100.0%</u>	

Discount Rate - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$12,524,293	5,890,396	331,080

IPERS' Fiduciary Net Position - Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Note 8. Other Postemployment Benefits (OPEB)

Plan Description - The District administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

OPEB Benefits - Individuals who are employed by the District and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At July 1, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	8
Active employees	<u>213</u>
Total	<u>221</u>

Total OPEB Liability - The District's total OPEB liability of \$847,805 was measured as of June 30, 2024 and was determined by an actuarial valuation dated July 1, 2023.

Actuarial Assumptions - The total OPEB liability in the July 1, 2023 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of inflation	3.00% per annum.
Rates of salary increase	3.00% per annum, including inflation.
Discount rate	3.65% compounded annually, including inflation.
Healthcare cost trend rate	6.50% for FY2024, decreasing to an ultimate rate of 5.00%.

Discount Rate - The discount rate used to measure the total OPEB liability was 3.65% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the valuation date.

Mortality rates are from the RP 2014 annuitant distinct mortality table adjusted to 2006 with MP 2021 generational projection of future mortality improvement. Annual retirement probabilities are based on varying rates by age and turnover probabilities are based on Scale T-9 of the Actuary's Pension Handbook less GA51M.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2024**

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparison for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust and Custodial Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on a GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Board of Education of Center Point-Urbana Community School District:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Center Point-Urbana Community School District as of and for the year ended June 30, 2024, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 31, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Center Point-Urbana Community School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Center Point-Urbana Community School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Center Point-Urbana Community School District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in Part II of the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described in Part II of the accompanying Schedule of Findings and Questioned Costs as item 2024-001 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in Part II of the accompanying Schedule of Findings and Questioned Costs as item 2024-002 to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Center Point-Urbana Community School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters which are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of noncompliance or other matters which are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2024 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Center Point-Urbana Community School District's Responses to Findings

Government Auditing Standards requires the auditor to perform limited procedure on Center Point-Urbana Community School District's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. Center Point-Urbana Community School District's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Center Point-Urbana Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance
for Each Major Federal Program and on Internal Control over Compliance
Required by the Uniform Guidance

To the Board of Education of Center Point-Urbana Community School District:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Center Point-Urbana Community School District's compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of Center Point-Urbana Community School District's major federal programs for the year ended June 30, 2024. Center Point-Urbana Community School District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Center Point-Urbana Community School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Center Point-Urbana Community School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Center Point-Urbana Community School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Center Point-Urbana Community School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Center Point-Urbana Community School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence judgement made by a reasonable user of the report on compliance about Center Point-Urbana Community School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Center Point-Urbana Community School District's compliance with the compliance requirements referred to above and performing other such procedures as we considered necessary in the circumstances.
- Obtain an understanding of Center Point-Urbana Community School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Center Point-Urbana Community School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance we identified during the audit.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance,

yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2024-003 to be a material weakness.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on Center Point-Urbana Community School District's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Center Point-Urbana Community School District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CENTER POINT-URBANA COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2024

Part II: Findings Related to the Basic Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTROL DEFICIENCIES:

2024-001 Segregation of Duties

Criteria - Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody, and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the District's financial statements.

Condition - We noted a limited number of individuals have control over one or more of the following areas for the District:

- 1) Cash - handling and recording cash.
- 2) Investments - investing, custody of investments and reconciling earnings.
- 3) Receipts - collecting, receipting, depositing, posting.
- 4) Financial reporting - preparing, reconciling and approving.
- 5) Computer systems - performing all general accounting functions and controlling data input and output.
- 6) School lunch program - journalizing, posting, purchase order processing, check preparation, mailing, recording, receipting and depositing.

Cause - The District has a limited number of employees and procedures have not been designed to adequately segregate duties or provide compensating controls through additional oversight of transactions and processes.

Effect - Inadequate segregation of duties could adversely affect the District's ability to prevent or detect and correct misstatements, errors, or misappropriation on a timely basis by employees in the normal course of performing their assigned functions.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However, the District should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response - The District will continue working on improving our procedures to fully ensure proper segregation of duties possible with the current staff.

Conclusion - Response accepted.

2024-002 Supporting Documentation for Purchases

Criteria - An effective internal control system provides internal controls related to purchases to ensure each purchase is properly and adequately supported and reviewed.

Condition - We noted instances of transactions which lacked an invoice or detailed receipt to be used as supporting documentation for purchases made with credit cards.

Cause - The District appears to have policies and procedures to ensure all purchases are properly supported, however these policies do not always appear to be followed or enforced.

Effect - Without enforcement of District policies and procedures, purchases could be made, which lack documentation to support the public purpose served. These purchases could then be presented to the board for approval even though they conflict with District policy.

Recommendation - The district should establish and enforce processes and procedures to ensure all purchases are supported, approved, and paid with appropriate receipts or invoices. In cases where detailed documentation such as invoices is lacking initially, the District should implement protocols for obtaining additional approvals or alternative supporting documentation. These procedures should be clearly documented as part of the purchase records.

Response - The District will continue to improve its processes and ensure that all necessary documentation is provided for transactions.

Conclusion - Response accepted.

2024-003 Segregation of Duties - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted one individual has control over portions of one or more of the following areas for the District relating to federal programs; cash, investments, receipts, financial reporting, computer systems and school lunch program. See finding 2024-001.

Part IV: Other Findings Related to Required Statutory Reporting:

2024-A Certified Budget - District expenditures for the year ended June 30, 2024 did not exceed the amounts budgeted.

2024-B Questionable Expenditures - No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.

2024-D Business Transactions - Business transactions between the District and District officials or employees are as follows:

Name, Title and Business Connection	Transaction Description	Amount

In accordance with Chapter 279.7A of the Code of Iowa, the above transactions with District Officials do not appear to represent a conflict of interest.

In accordance with an Attorney General's opinion dated November 9, 1976, the above transactions with the spouse of a District employee do not appear to represent a conflict of interest.

2024-E Restricted Donor Activity - No transactions were noted between the District, District officials or District employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.

2024-F Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.

2024-G Board Minutes - We noted no transactions requiring Board approval which have not been approved by the Board.

2024-H Certified Enrollment - We noted variances in the certified enrollment data certified to the Iowa Department of Education. The District's enrollment data was understated by 1.54 students.

Recommendation - The District should contact the Iowa Department of Education and Iowa Department of Management to resolve this matter.

Response - The District's auditors will contact the Iowa Department of Education and the Iowa Department of Management to resolve this matter.

Conclusion - Response accepted.

2024-I Supplementary Weighting - We noted during our audit the supplementary weighting data certified to the Iowa Department of Education was overstated by 0.045.

Recommendation - The District should contact the Iowa Department of Education and the Iowa Department of Management to resolve this matter.

Response - The District's auditors will contact the Iowa Department of Education and the Iowa Department of Management to resolve this matter.

Conclusion - Response accepted.

2024-J Deposits and Investments - We noted no instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy.

2024-K Certified Annual Report - The Certified Annual Report was filed timely to the Iowa Department of Education.

2024-L Categorical Funding - No instances of categorical funding being used to supplant rather than supplement other funds were noted.

2024-M Statewide Sales, Services and Use Tax - No instance of non-compliance with the allowable uses of the statewide sales, services and use tax revenue provided in of Chapter 423F.3 of the Code of Iowa were noted. Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales, services and use tax revenue. Districts are required to include these reporting elements in the Certified Annual Report (CAR) submitted to the Iowa Department of Education. For the year ended June 30, 2024, the District reported the following information regarding the statewide sales, services and use tax revenue in the District's CAR:
