SERIES 2026A**

Dated: Date of Delivery

Due: July 1, as shown herein

The 2026A Bonds are issued as fully registered bonds in denominations of \$5,000, or any integral multiple thereof. The 2026A Bonds initially will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), securities depository for the 2026A Bonds. Purchases of the 2026A Bonds are to be made in book-entry form only. Purchasers will not receive certificates representing their beneficial ownership interest in the 2026A Bonds. See "THE 2026A Bonds--Book-Entry Only System." The 2026A Bonds bear interest at the rates shown herein, payable semiannually on January 1 and July 1 of each year, commencing July 1, 2026, to and including the maturity dates shown herein (unless the 2026A Bonds are redeemed earlier), to the registered owners of the 2026A Bonds (initially Cede & Co.). The principal of the 2026A Bonds will be payable upon presentation and surrender at the principal operations office of The Bank of New York Mellon Trust Company, N.A., Dallas, Texas, or its successor as the paying agent for the 2026A Bonds. See "THE 2026A Bonds."

The maturity schedule for the 2026A Bonds appears on the inside cover page of this Official Statement.

The 2026A Bonds are subject to optional redemption prior to maturity as described in "THE 2026A Bonds--Prior Redemption."

Proceeds of the 2026A Bonds will be used to: (i) refund the Refunded Bonds (defined herein); and (ii) pay the costs of issuing the 2026A Bonds. See "SOURCES AND USES OF FUNDS."

The 2026A Bonds constitute direct and general obligations of the County. The full faith and credit of the County is pledged for the payment of principal and interest subject to Nevada constitutional and statutory limitations on the aggregate amount of ad valorem taxes. See "SECURITY FOR THE 2026A Bonds--General Obligations." The 2026A Bonds are additionally secured by a lien on the Pledged Revenues (defined herein) on a parity with the lien thereon of certain outstanding parity bonds or parity securities of the County and the Authority. See "SECURITY FOR THE 2026A Bonds--Additional Parity Securities."

This cover page contains certain information for quick reference only. It is not a summary of the issue. Investors must read the entire Official Statement to obtain information essential to making an informed investment decision.

The 2026A Bonds are offered when, as, and if issued and accepted by the initial purchaser, subject to the approval of legality of the 2026A Bonds by Taft Stettinius & Hollister LLP, Las Vegas, Nevada, Bond Counsel, and the satisfaction of certain other conditions. Taft Stettinius & Hollister LLP, has also acted as special counsel to the County and the Authority in connection with the preparation of this Official Statement. Certain legal matters will be passed upon for the County by the Clark County District Attorney and for the Authority by its Legal Counsel. It is expected that the 2026A Bonds will be available for delivery through the facilities of DTC on or about March 24, 2026.

This Official Statement is dated March 4, 2026.

REFUNDING BONDS

(ADDITIONALLY SECURED WITH PLEDGED REVENUES)

SERIES 2026A

INTRODUCTION

General

This Official Statement, which includes the cover page, the inside cover page and the appendices, provides information concerning the Las Vegas Convention and Visitors Authority (the “Authority”), Clark County, Nevada (the “County”), and the \$81,775,000 Clark County, Nevada, General Obligation (Limited Tax) Las Vegas Convention and Visitors Authority Refunding Bonds (Additionally Secured with Pledged Revenues), Series 2026A (the “2026A Bonds”). Unless otherwise defined, all capitalized terms used in this Official Statement shall have the same meanings as used in the resolution authorizing the issuance of the 2026A Bonds (the “Bond Resolution”), adopted by the Board of Directors of the Authority (the “Authority Board”) on February 10, 2026, and ratified by an ordinance adopted by the Board of County Commissioners of the County (the “County Board”) on February 17, 2026. See “APPENDIX C--SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION.”

The offering of the 2026A Bonds is made only by way of this Official Statement, which supersedes any other information or materials used in connection with the offer or sale of the 2026A Bonds. The following introductory material is only a brief description of and is qualified by the more complete information contained throughout this Official Statement. A full review should be made of the entire Official Statement and the documents summarized or described herein. Detachment or other use of this “INTRODUCTION” without the entire Official Statement, including the cover page, the inside cover page and the appendices, is unauthorized.

The County’s participation in the preparation of this Official Statement has been limited to the sections entitled “CLARK COUNTY, NEVADA,” “COUNTY FINANCIAL INFORMATION,” “COUNTY DEBT STRUCTURE” and “LEGAL MATTERS--Litigation--The County.”

The Authority

The Authority is an instrumentality of the County established pursuant to Nevada Revised Statutes (“NRS”) Sections 244A.597 through 244A.655 (the “Act” or “SB1”) for the purpose, among others, of acquiring, operating and promoting public convention hall and recreational facilities within the County. The Las Vegas Convention Center (the “Convention Center”) and certain incidental recreational facilities currently comprise the Authority’s Facilities

(defined below). See “REVENUES AVAILABLE FOR DEBT SERVICE--Facilities Revenues--Present Facilities; Rates and Charges.”

The County

The County is a political subdivision of the State of Nevada (the “State” or “Nevada”) organized in 1909. The County covers an area of approximately 8,012 square miles in the southern portion of the State. The City of Las Vegas, the County seat, is the most populous city in the State. According to the State Demographer, the County’s estimated population as of July 1, 2025 (most recent estimate available), was 2,448,576. See “APPENDIX G – ECONOMIC AND DEMOGRAPHIC INFORMATION – Population and Age Distribution” and “CLARK COUNTY, NEVADA.”

Authority for Issuance

The 2026A Bonds are being issued by the Authority, on behalf of and in the name of the County, pursuant to the constitution and laws of the State, including Section 56 of Chapter 2, Statutes of Nevada 2016, 30th Special Session, as amended by Chapter 575, Statutes of Nevada 2017 (the “Act”), NRS 244A.597 through 244A.655, as amended (the “Project Act”); NRS 268.095, as amended (the “City Tax Act”); NRS 244.335, as amended (the “County Tax Act”); NRS 350.500 through 350.720, Chapter 348 of NRS, and the Bond Resolution.

The 2026A Bonds; Prior Redemption

The 2026A Bonds are issued solely as fully registered certificates in denominations of \$5,000, or any integral multiple thereof. The 2026A Bonds initially will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), the securities depository for the 2026A Bonds. Purchases of the 2026A Bonds are to be made in book-entry form only. Purchasers will not receive certificates representing their beneficial ownership interest in the 2026A Bonds. See “THE 2026A Bonds--Book-Entry Only System.” The 2026A Bonds are dated as of the date of their delivery and mature and bear interest (calculated based on a 360-day year consisting of twelve 30-day months) as set forth on the inside cover page hereof. The payment of principal and interest on the 2026A Bonds is described in “THE 2026A Bonds--Payment Provisions.”

The 2026A Bonds are subject to optional redemption prior to maturity as described in “THE 2026A Bonds--Prior Redemption.” At the option of the winning bidder, certain of the 2026A Bonds may also be subject to mandatory sinking fund redemption. See “APPENDIX H--OFFICIAL NOTICE OF BOND SALE.”

Purpose

Proceeds of the 2026A Bonds will be used to: (i) refund the Clark County, Nevada, General Obligation (Limited Tax) Las Vegas Convention and Visitors Authority Refunding Bonds (Additionally Secured with Pledged Revenues), Series 2015A, maturing July 1, 2027 through July 1, 2044, inclusive (the “Refunded Bonds”); and (ii) pay the costs of issuing the 2026A Bonds. See “SOURCES AND USES OF FUNDS.”

Security for the 2026A Bonds

General Obligations. The 2026A Bonds are direct and general obligations of the County, payable as to principal and interest from general (ad valorem) taxes (sometimes referred to herein as “General Taxes”) levied against all taxable property within the County (except to the extent any other monies are made available therefor), subject to State constitutional and statutory limitations on the aggregate amount of ad valorem taxes. Generally, the combined overlapping tax rate is limited by statute to \$3.64 per \$100 of assessed valuation. See “SECURITY FOR THE 2026A Bonds--General Obligations” and “PROPERTY TAX INFORMATION--Property Tax Limitations.”

Additional Security. The 2026A Bonds are additionally secured by a pledge of the Pledged Revenues (described below) of the Authority. The Bond Resolution defines Pledged Revenues to mean the Gross Revenues (defined below) remaining after the payment of the Operation and Maintenance Expenses of the Facilities (defined below). For a detailed definition of Operation and Maintenance Expenses, see “APPENDIX C--SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION.”

The Bond Resolution generally defines “Gross Revenues” to mean all the Facilities Revenues (defined below) and all of the proceeds from the License Taxes (defined below), but excluding the reasonable costs of the collection of the License Taxes not exceeding, for any collection period, an amount equal to 10% of the gross revenues collected from the License Taxes. As clarification of the term “Gross Revenues,” the Bond Resolution states that: (i) all investment income from any fund or account established under the Bond Resolution, shall be treated as a part of the Gross Revenues; and (ii) with respect to the License Taxes, nothing in the Bond Resolution shall be deemed to be an assignment or pledge of any license tax on gaming, or of license taxes other than the License Taxes assigned or pledged by the Authority to the Existing Bonds (defined below) by ordinances adopted by the County Board and City Councils of the Cities of Boulder City, Henderson, Las Vegas, Mesquite, and North Las Vegas, Nevada (collectively, the “Cities”), prior to the delivery of the 2026A Bonds. APPENDIX C--SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION.”

The Bond Resolution defines “Facilities Revenues” to mean the gross revenues derived from the operation of the Facilities. The Bond Resolution defines “Facilities” to mean the Convention Center and incidental recreational facilities under the jurisdiction of the Authority, including, without limitation, fairgrounds, auditoriums, fieldhouses, amusement halls, public parks, playgrounds, other recreational facilities, buildings therefor, improvements incidental thereto, and sites and grounds, equipment and furnishings therefor, as the same may thereafter (both heretofore and hereafter) from time to time be extended or otherwise improved, or any combination thereof.

The Bond Resolution defines “License Taxes” to mean, collectively, the City License Taxes and the County License Taxes. The Bond Resolution defines “City License Taxes” to mean the license tax for revenue upon hotels and motels and certain other rental businesses and also upon gaming, fixed by each City and assigned for a pledge to bonds by ordinance adopted by each City, pursuant to the City Tax Act and the Project Act and all laws supplemental thereto and includes any license taxes subsequently substituted therefor; however, with respect to Boulder

City, such license taxes will not include a tax upon gaming. “County License Taxes” means the license taxes for revenue upon hotels and motels and certain other rental businesses and upon gaming, fixed by the County, acting by and through the County Board, and assigned for a pledge to bonds issued by the County, acting by and through the Authority, pursuant to the County Tax Act, the Project Act and all laws supplemental thereto and includes any license taxes subsequently substituted therefor. See “REVENUES AVAILABLE FOR DEBT SERVICE--License Taxes.”

The proceeds from license taxes imposed on hotels and motels are sometimes referred to herein as “Room Taxes” and the proceeds from license taxes imposed on taxable gaming businesses are sometimes referred to herein as “Gaming Fees.”

Lien Priority. The 2026A Bonds have a lien (but not necessarily an exclusive lien) on the Pledged Revenues on a parity with the lien thereon of \$1,748,840,000 aggregate principal amount of outstanding bonds described below (comprised of both the Prior Parity Bonds and Prior Revenue Parity Bonds described below).

The following County general obligation bonds (additionally secured by Pledged Revenues) are outstanding as of February 1, 2026 (including, for this purpose, the 2026A Bonds and the effect of the Refunding Project):

⁽¹⁾ A portion of the 2015A Bonds is expected to be refunded with the proceeds of the 2026A Bonds.

⁽²⁾ The 2018A Bonds, the 2019C Bonds, and the 2019D Bonds are additionally secured by Expansion Pledged Revenues. The Bond Resolutions relating to the 2018A Bonds, the 2019C Bonds, and the 2019D Bonds generally define Expansion Pledged Revenues to mean: (i) all proceeds from the Expansion License Taxes (defined below) but excluding the reasonable costs of the collection of the Expansion License Taxes not exceeding, for any collection period, an amount not to exceed the lesser of 10% of the gross revenues collected from the License Taxes or a total of \$25,000,000, as more specifically provided in such Bond Resolutions; and (ii) the Pledged Collection Fees (defined below). “Expansion License Taxes” are generally defined to include a tax of one-half of one percent (0.5%) of the gross receipts from the rental of transient lodging in the County and the Cities, upon all persons in the business of providing lodging. “Pledged Collection Fees” generally includes collection fees that are distributed to the County and the Cities for the collection of the Expansion License Taxes and the License Taxes (defined below) in an amount in excess of the lesser of 10% of the gross revenues of the License Taxes or \$25,000,000. **The Expansion Pledged Revenues are not pledged to the payment of the 2026A Bonds.**

The 2010A Bonds, the 2014 Bonds, the 2015A Bonds, the 2017 Bonds, the 2017C Bonds, the 2018A Bonds, the 2019C Bonds, the 2019D Bonds, 2022 Bond and 2024 Bonds are collectively referred to as the “Prior Parity Bonds.” The Prior Parity Bonds are direct and general obligations of the County, payable as to principal and interest from annual general (ad valorem) taxes levied against all taxable property within the County (except to the extent any other monies

are made available therefor), subject to the limitations imposed by the constitution and statutes of the State.

As of February 1, 2026, the Authority also has the following revenue bonds outstanding that also have a lien on the Pledged Revenues on a parity with the lien thereon of the Prior Parity Bonds:

- (1) The 2018B Bonds, the 2022B Bonds, the 2022C Bonds, the 2023A Bonds, and the 2023B Bonds are additionally secured by Expansion Pledged Revenues. **The Expansion Pledged Revenues are not pledged to the payment of the 2026A Bonds.**

The 2016C Bonds, the 2017B Bonds, the 2018B Bonds, the 2018C Bonds, the 2019B Bonds, the 2021 Bonds, the 2022B Bonds, the 2022C Bonds, the 2023A Bonds, and the 2023B Bonds are referred to herein as the “Prior Revenue Parity Bonds.” The Prior Revenue Parity Bonds are special, limited obligations of the Authority payable solely from the Pledged Revenues and do not constitute direct and general obligations of the County. No Gaming Fees are pledged to any of the Prior Revenue Parity Bonds.

The Prior Parity Bonds and the Prior Revenue Parity Bonds are collectively referred to herein as the “Existing Bonds.”

Additional Bonds. The Authority, for itself or on behalf of the County, may issue additional bonds or other obligations with a lien on the Pledged Revenues (or portions thereof) that is on a parity with the lien thereon of the 2026A Bonds (“Parity Bonds” or “Parity Securities”). See “SECURITY FOR THE 2026A Bonds--Additional Parity Bonds.” The Authority, for itself or on behalf of the County, may also issue additional bonds or other obligations with a lien on the Pledged Revenues (or portions thereof) that is subordinate to the lien thereon of the 2026A Bonds. See “SECURITY FOR THE 2026A Bonds--Subordinate Securities Authorized; Superior Securities Prohibited.”

Professionals

Taft Stettinius & Hollister LLP, Las Vegas, Nevada, has acted as Bond Counsel and has also acted as Special Counsel to the County and the Authority in connection with the preparation of this Official Statement. The municipal advisor to the Authority in connection with the issuance of the 2026A Bonds is JNA Consulting Group, LLC, Boulder City, Nevada (the “Authority Municipal Advisor”). The municipal advisors to the County in connection with the issuance of the 2026A Bonds are Hobbs, Ong & Associates, Inc., Las Vegas, Nevada and PFM Financial Advisors LLC, Seattle, Washington (the “County Municipal Advisors” and together with the Authority Municipal Advisor, the “Municipal Advisors”). See “MUNICIPAL ADVISORS.” The fees of the Municipal Advisors will be paid only from 2026A Bond proceeds at closing. The basic audited financial statements of the Authority (contained in APPENDIX A to this Official Statement) include the report of Eide Bailly LLP, certified public accountants, Las Vegas, Nevada and the basic audited financial statements of the County (contained in APPENDIX B to this Official Statement) include the report of Crowe LLP, certified public accountants, Las Vegas, Nevada. See “INDEPENDENT AUDITORS.” The Bank of New York Mellon Trust Company, N.A., Dallas, Texas, will act as Registrar, Paying Agent, and Escrow Agent for the 2026A Bonds (the “Registrar,” “Paying Agent,” and “Escrow Agent,” respectively).

Tax Matters

In the opinion of Bond Counsel, assuming continuous compliance with certain covenants described herein, interest on the 2026A Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the 2026A Bonds (the “Tax Code”), and interest on the 2026A Bonds is excluded from alternative minimum taxable income as defined in Section 55(b) of the Tax Code, however, to the extent such interest is included in calculating the “adjusted financial statement income” of “applicable corporations” (as defined in Sections 56A and 59(k), respectively, of the

Tax Code), such interest is subject to the alternative minimum tax applicable to those corporations under Section 55(b) of the Tax Code. See “TAX MATTERS – Federal Tax Matters.”

In the opinion of Bond Counsel, the 2026A Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation skipping transfers imposed pursuant to Chapter 375B of NRS. See “TAX MATTERS - State Tax Exemption.”

Continuing Disclosure Undertaking

The County and the Authority each will execute a continuing disclosure certificate (each, a “Disclosure Certificate” and, collectively, the “Disclosure Certificates”) at the time of the closing for the 2026A Bonds. The Disclosure Certificates will be executed for the benefit of the beneficial owners of the 2026A Bonds and the Authority and the County will covenant in the Bond Resolution to comply with the terms of the respective agreements. The Disclosure Certificates will provide that so long as the 2026A Bonds remain outstanding, the Authority and the County will annually provide the following information to the Municipal Securities Rulemaking Board, through the Electronic Municipal Market Access system: (i) annually, certain financial information and operating data; and (ii) notice of the occurrence of certain material events; each as specified in the Disclosure Certificates. The form of each Disclosure Certificate is attached hereto as APPENDIX E.

Forward-Looking Statements

This Official Statement, particularly (but not limited to) any statements referring to budgeted, unaudited or estimated information for fiscal year 2026 or future years, contains statements relating to future results that are “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. When used in this Official Statement, the words “estimate,” “forecast,” “intend,” “expect” and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not occur as assumed or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward-looking statements and actual results. Those differences could be material and could impact the availability of funds to pay debt service on the 2026A Bonds.

Additional Information

This introduction is only a brief summary of the provisions of the 2026A Bonds and the Bond Resolution; a full review of the entire Official Statement should be made by potential investors. Brief descriptions of the 2026A Bonds, the Bond Resolution, the Refunding Project, the County, the Authority, the General Taxes, and the Pledged Revenues are included in this Official Statement. All references herein to the 2026A Bonds, the Bond Resolution and other documents are qualified in their entirety by reference to such documents. *This Official Statement speaks only as of its date and the information contained herein is subject to change.*

The Refunding Project

General. To accomplish the Refunding Project, the County will deposit a portion of the 2026A Bond proceeds, together with other legally available monies of the Authority, into an escrow account (the “Escrow Account”) established for the refunding of the Refunded Bonds (described more fully below under “ – Description of Refunded Bonds”) pursuant to an Escrow Agreement dated as of the date of delivery of the 2026A Bonds between the Authority and the Escrow Agent (the “Escrow Agreement”). Pursuant to the Escrow Agreement, the amount deposited into the Escrow Account will be invested in federal securities maturing at such times and in such amounts as are required to pay, together with an initial cash balance, the principal of the Refunded Bonds upon prior redemption on April 24, 2026.

Verification of Mathematical Computations. The accuracy of the mathematical computations of the adequacy of the maturing principal of and interest on the federal securities and cash deposited into the Escrow Account to provide for the payment of the principal of and interest on the Refunded Bonds coming due upon prior redemption on April 24, 2026, which computations support the conclusion of Bond Counsel that the Bonds are not “arbitrage bonds” under Section 148 of the Tax Code will be verified by Causey Public Finance, certified public accountants, Denver, Colorado.

Description of Refunded Bonds. The Refunded Bonds are more fully described below:

THE 2026A BONDS

General

The 2026A Bonds will be issued as fully registered bonds in denominations of \$5,000 and any integral multiple thereof. The 2026A Bonds will be dated as of their date of delivery and will bear interest and mature as set forth on the inside cover page of this Official Statement. The 2026A Bonds initially will be registered in the name of “Cede & Co.,” as nominee for DTC, the securities depository for the 2026A Bonds. Purchases of the 2026A Bonds are to be made in book-entry only form. Purchasers will not receive certificates evidencing their beneficial ownership interest in the 2026A Bonds. See “Book-Entry Only System” below.

Payment Provisions

Interest on the 2026A Bonds is payable on each January 1 and July 1 (each an “Interest Payment Date”), commencing July 1, 2026, by check or draft mailed by the Paying Agent on or before the Interest Payment Date (or if such day is not a business day, on or before the next succeeding business day) to the person in whose name each 2026A Bond is registered (i.e., Cede & Co.) on the 15th day of the calendar month preceding the Interest Payment Date (the “Regular Record Date”), at the address shown on the registration records maintained by the Paying Agent as of the close of business on the Regular Record Date. However, if there is a default in payment

or provision of interest due with respect to a 2026A Bond on any Interest Payment Date, such interest will cease to be payable to the person who is the registered owner at the close of business on the Regular Record Date and will be payable to the registered owner (the “Holder”) of such 2026A Bond as of a special record date (the “Special Record Date”) for the payment of any such defaulted interest. The Special Record Date will be fixed by the Paying Agent whenever money becomes available for payment of the defaulted interest, and notice of the Special Record Date will be given to the registered owners of the 2026A Bonds not less than 10 days prior thereto by first-class mail to each registered owner as shown on the Registrar’s registration records on a date selected by the Registrar, stating the date of the Special Record Date and the date selected for the payment of the defaulted interest. The principal of the 2026A Bonds will be payable at maturity or upon prior redemption upon presentation and surrender of the 2026A Bond at the principal office of the Paying Agent (or at such other office designated by the Paying Agent). Any 2026A Bond not paid upon presentation and surrender at or after maturity shall continue to bear interest at the rate stated in the 2026A Bond until the principal is paid in full. The Paying Agent may make payments of interest on any 2026A Bond by any alternative means agreed upon between the Holder and the Paying Agent. All payments of principal and interest shall be made in lawful money of the United States of America.

Notwithstanding the foregoing, payments of the principal of and interest on the 2026A Bonds will be made directly to DTC or its nominee, Cede & Co., by the Paying Agent, so long as DTC or Cede & Co. is the registered owner of the 2026A Bonds. Disbursement of such payments to DTC’s Participants (defined in APPENDIX D) is the responsibility of DTC, and disbursements of such payments to the Beneficial Owners (defined in APPENDIX D) is the responsibility of DTC’s Participants and the Indirect Participants (defined in APPENDIX D), as more fully described herein. See “Book-Entry Only System” below.

Prior Redemption

Optional Prior Redemption. The 2026A Bonds, or portions thereof (\$5,000 or any integral multiple), maturing on and after July 1, 2037, will be subject to redemption prior to their respective maturities at the option of the Authority on and after July 1, 2036, in whole or in part at any time, from such maturities as are selected by the Authority and if less than all the 2026A Bonds of a maturity are to be redeemed, the 2026A Bonds of such maturity are to be selected by lot (giving proportionate weight to 2026A Bonds in denominations larger than \$5,000), at a price equal to the principal amount of each 2026A Bond or portion thereof so redeemed, plus accrued interest thereon to the redemption date.

Notice of Redemption. Unless waived by any registered owner of a 2026A Bond to be redeemed, notice of prior redemption shall be given by the Registrar electronically to the Municipal Securities Rulemaking Board via its Electronic Municipal Market Access System (“MSRB”) as long as Cede & Co. or a nominee or a successor depository is the registered owner of the 2026A Bonds, and otherwise by first class, postage prepaid mail, at least 20 days but not more than 60 days prior to the Redemption Date to the MSRB and the registered owner of any 2026A Bond all or a part of which is called for prior redemption at such owner’s address as it last appears on the registration records kept by the Registrar.

The notice shall identify the 2026A Bonds and state that on such date the principal amount thereof, and premium, if any, thereon will become due and payable at the Paying Agent (accrued interest to the Redemption Date being payable by mail or as otherwise provided in the Bond Resolution), and that after such Redemption Date interest will cease to accrue. After such notice and presentation of said 2026A Bonds, the 2026A Bonds called for redemption will be paid. Actual receipt of notice by the MSRB or any registered owner of 2026A Bonds shall not be a condition precedent to redemption of such 2026A Bonds. Failure to give such notice to the MSRB or the registered owner of any 2026A Bond designated for redemption, or any defect therein, shall not affect the validity of the proceedings for the redemption of any other 2026A Bond. A certificate by the Registrar that notice of call and redemption has been given as described above shall be conclusive as against all parties; and no owner whose 2026A Bond is called for redemption or any other owner of any 2026A Bond may object thereto or may object to the cessation of interest on the Redemption Date on the ground that he failed actually to receive such notice of redemption.

Notwithstanding the provisions described above, any notice of redemption may contain a statement that the redemption is conditional upon the receipt by the Paying Agent of funds on or before the date fixed for redemption sufficient to pay the redemption price of the 2026A Bonds so called for redemption, and that if such funds are not available, such redemption shall be canceled by written notice to the owners of the 2026A Bonds called for redemption in the same manner as the original redemption notice was given.

Tax Covenant

In the Bond Resolution, the Authority covenants for the benefit of the registered owners of the 2026A Bonds that it will not take any action or omit to take any action with respect to the 2026A Bonds, the proceeds thereof, any other funds of the Authority, or any facilities financed or refinanced with the proceeds of the 2026A Bonds if such action or omission (i) would cause interest on the 2026A Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the 2026A Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b) of the Tax Code. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the 2026A Bonds until the date on which all obligations of the Authority in fulfilling the above covenant under the Tax Code have been met. The Authority makes no covenant with respect to taxation of interest on the 2026A Bonds as a result of the inclusion of that interest in the “adjusted financial statement income” of “applicable corporations” (as defined in Sections 56A and 59(k), respectively, of the Tax Code).

Defeasance

When all Bond Requirements of any 2026A Bond have been duly paid, the pledge and lien and all obligations under the Bond Resolution shall thereby be discharged and that 2026A Bond shall no longer be deemed to be Outstanding within the meaning of the Bond Resolution. There shall be deemed to be due payment of any Outstanding 2026A Bond or other securities when the Authority has placed in escrow or in trust with a trust bank located within or without the State, an amount sufficient (including the known minimum yield available for such purpose from Federal Securities in which such amount wholly or in part may be initially invested) to meet all Bond Requirements of such 2026A Bond or other security, as the same becomes due to the final maturity

of the 2026A Bond or other security, or upon any redemption date as of which the Authority shall have exercised or shall have obligated itself to exercise its prior redemption option by a call of the 2026A Bond or other security for payment then. The Federal Securities shall become due before the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the Authority and the bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the holders thereof to assure availability as so needed to meet the schedule.

“Federal Securities” means bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of, or obligations which are unconditionally guaranteed by, the United States. However, for the purposes described in this section, “Federal Securities” shall include only Federal Securities which are not callable for redemption prior to their maturities except at the option of the holder thereof.

Book-Entry Only System

The 2026A Bonds will be available only in book-entry form in the principal amount of \$5,000 or any integral multiples thereof. DTC will act as the initial securities depository for the 2026A Bonds. The ownership of one fully registered 2026A Bond for each maturity, as set forth on the inside cover page of this Official Statement, each in the aggregate principal amount of such maturity, will be registered in the name of Cede & Co., as nominee for DTC. See APPENDIX D-BOOK-ENTRY ONLY SYSTEM.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF THE 2026A BONDS, REFERENCES IN THIS OFFICIAL STATEMENT TO THE REGISTERED OWNERS OF THE 2026A BONDS WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

None of the Authority, the County, the Registrar or the Paying Agent will have any responsibility or obligation to DTC’s Participants or Indirect Participants (defined in APPENDIX D), or the persons for whom they act as nominees, with respect to the payments to or the providing of notice for the Direct Participants, the Indirect Participants or the beneficial owners of the 2026A Bonds as further described in APPENDIX D to this Official Statement.

Authority Debt Service Requirements

The following table sets forth the aggregate annual debt service payable on the Prior Parity Bonds and the Prior Revenue Parity Bonds, as of February 1, 2026, including the 2026A Bonds and the effect of the Refunding Project.

SECURITY FOR THE 2026A BONDS

General Obligations

General. The 2026A Bonds are direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest, subject to State constitutional and statutory limitations on the aggregate amount of ad valorem taxes. See “PROPERTY TAX INFORMATION--Property Tax Limitations.” The 2026A Bonds are payable by the County and the Authority from any source legally available therefor at the times such payments are due, including the General Fund of the County and the General Fund of the Authority. In the event, however, that such legally available sources of funds are insufficient, the County is obligated to levy a general (ad valorem) tax on all taxable property within the County for payment of the 2026A Bonds, subject to the limitations provided in the constitution and statutes of the State. Due to the statutory process required for the levy of taxes, in any year in which the County is required to levy property taxes, there may be a delay in the availability of revenues to pay debt service on the 2026A Bonds. See “PROPERTY TAX INFORMATION--Property Tax Collections.”

It is the Authority’s policy not to resort to the use of property taxes for the payment of debt service; pursuant to that policy debt service is to be paid only from Pledged Revenues and the Expansion Pledged Revenues (when applicable). No property tax revenues have ever been allocated by the County to the Authority for any purpose.

Limitations on Property Tax Revenues. The constitution and laws of the State limit the total ad valorem property taxes that may be levied by all overlapping taxing units within each county (including the State, the County, the Clark County School District (the “School District”), any city, or any special district) in each year. Generally, the combined overlapping tax rate is limited by statute to \$3.64 per \$100 of assessed valuation. Those limitations are described in “PROPERTY TAX INFORMATION--Property Tax Limitations.” In any year in which the total property taxes levied within the County by all applicable taxing units exceed such property tax limitations, the reduction to be made by those units must be in taxes levied for purposes other than the payment of their bonded indebtedness, including interest on such indebtedness. See “PROPERTY TAX INFORMATION--Property Tax Limitations.”

No Repealer. State statutes provide that no act concerning the 2026A Bonds or their security may be repealed, amended, or modified in such a manner as to impair adversely the 2026A Bonds or their security until all of the 2026A Bonds have been discharged in full or provision for their payment and redemption has been fully made.

Pledged Revenues

The 2026A Bonds are additionally secured by a lien (but not necessarily an exclusive lien) on the Pledged Revenues on a parity with the lien thereon of certain outstanding Parity Bonds or Parity Securities of the County and the Authority. See “REVENUES AVAILABLE FOR DEBT SERVICE” for a detailed description of the Pledged Revenues.

State law prohibits the Cities and the County from repealing or amending (or otherwise directly or indirectly modifying) the ordinances imposing the License Taxes or

Expansion License Taxes in such a manner as to impair the 2026A Bonds or any other outstanding bonds or obligations which are payable from or secured by a pledge of the License Taxes or the Expansion License Taxes until the 2026A Bonds (or other bonds or obligations secured by such License Taxes or Expansion License Taxes) have been discharged in full.

Historical and Budgeted Pledged Revenues and Debt Service Coverage

The combined maximum annual principal and interest requirements on the Existing Bonds is \$119,651,405 in fiscal year 2029 (inclusive of the 2026A Bonds and the effect of the Refunding Project). This amount is not net of the estimated BAB Credit on the 2010A Bonds; to the extent the BAB Credit is received, the combined maximum annual debt service payable from Pledged Revenues will be lower. See “THE 2026A Bonds--Authority Debt Service Requirements” for the total debt service due on the Existing Bonds (exclusive of the 2026A Bonds and the effect of the Refunding Project). For fiscal year 2026, the Authority budgets receiving Pledged Revenues of \$299,796,800 (subject to change). When compared to the combined maximum annual principal and interest requirements on the Existing Bonds (i.e. \$119,651,405 in fiscal year 2029), the resulting pro-forma debt service coverage is 2.5x using budgeted fiscal year 2026 Pledged Revenues.

The Authority also currently maintains various reserves that it may elect in its sole discretion to use to pay debt service on its outstanding obligations. The budgeted balances of those reserves is expected to be approximately \$162.0 million at June 30, 2026. Such reserves are not pledged to the 2026A Bonds or the Existing Bonds and the balances in such funds may be applied for other purposes of the Authority at any time at its sole discretion.

The following table sets forth a history of the Pledged Revenues, the Combined Pledged Revenues (i.e., the Pledged Revenues and the Expansion Pledged Revenues), the Annual Principal and Interest Requirements, and the associated debt service coverage in each fiscal year, calculated by dividing the Pledged Revenues and, where applicable, the Combined Pledged Revenues, received in each fiscal year by the Annual Principal and Interest Requirements in each fiscal year. The table also includes similar debt service coverage information using the Authority’s budget for fiscal year 2026. *There is no assurance that the Pledged Revenues or any portion thereof will continue to be realized in the amounts illustrated below.* See “CERTAIN RISK FACTORS” and other factors described throughout this Official Statement. **The Expansion Pledged Revenues are not pledged to the payment of the 2026A Bonds.**

- (1) Totals may not add due to rounding
 - (2) Comprised of interest income, miscellaneous fees and miscellaneous charges for services. Amounts differ from past continuing disclosure reports filed by the Authority due to the recent decision to include interest on its debt service funds in this category. The Authority's future continuing disclosure reports will continue to include interest on its debt service funds in this category.
 - (3) Excludes the Public Affairs Department in fiscal years 2021-2024. This department was dissolved in FY 2024.
 - (4) Includes only the expenditures related to the sales efforts of the Convention Center. The remainder of the Authority's marketing costs are not Operation and Maintenance Expenses under the Bond Resolution and therefore are excluded.
 - (5) Collection fees up to the lesser of 10% of the proceeds of the License Taxes or \$25 million are distributed to the political subdivisions which collected the taxes on behalf of the Authority. Collection fees in excess of \$25 million are retained by the Authority and are restricted by certain enabling legislation to the payment of the LVCCD Program.
 - (6) Includes principal and interest payments on Existing Bonds. Excludes any bond issuance costs, operating transfers out, debt service paid under an escrow agreement, and capitalized interest on the 2017C Bonds, the 2018B Bonds, and the 2018C Bonds. The budgeted 2026 column reflects principal and interest payments budgeted on the Existing Bonds in fiscal year 2026. Beginning in fiscal year 2021, amounts are net of any BAB Credit expected to be received on the 2010A Bonds.

Rate Maintenance Covenant and Covenant Regarding Collection of License Taxes and Expansion Pledged Revenues

Rate Maintenance Covenant. In the Bond Resolution, the Authority and the County covenant to charge users of the Facilities (but not necessarily all users thereof) such rentals, fees, rates and other charges as shall be at least adequate to meet the requirements described below and other provisions of the Bond Resolution. Such charges relating to the Facilities shall be sufficient, together with the proceeds of the License Taxes, to produce Gross Revenues and Expansion Pledged Revenues (provided that the Expansion Pledged Revenues shall only be used for purposes permitted by the Act) to pay in each Fiscal Year:

(a) Operation and Maintenance. An amount equal to the annual Operation and Maintenance Expenses of the Facilities for the Fiscal Year,

(b) Principal, Interest and Reserves. An amount equal to the sum of (i) 1.25 times the Annual Principal and Interest Requirements, as long as the 2016C Bonds are Outstanding, and otherwise 1.00 times the Annual Principal and Interest Requirements on the 2026A Bonds and any other Parity Securities or Subordinate Securities payable in the comparable Bond Year and (ii) any amounts required to be accumulated from the Pledged Revenues (to the extent such Expansion Pledged Revenues are pledged to the payment of Parity Securities or Subordinate Securities) and the Expansion Pledged Revenues in such Bond Year into any reserves for such securities, and

(c) Deficiencies. Any amounts required to meet then existing deficiencies relating to any account relating to the Pledged Revenues and the Expansion Pledged Revenues or any securities payable therefrom.

However, the rate maintenance covenant described above is subject to compliance by the County (or the Authority) with any legislation of the United States or the State or any regulation or other action taken by the Federal Government or any State agency or public body of the State pursuant to such legislation, in the exercise of the police power thereof for the public welfare, which legislation, regulation or action limits or otherwise inhibits the amounts of fees, rates and other charges due to the Authority for the use of or otherwise relating to, and all services rendered by, the Facilities, including, without limitation, increases in the amounts of such charges.

All of such Gross Revenues shall be subject to distribution to the payment of Operation and Maintenance Expenses of the Facilities and to the payment of the Bond Requirements of all securities payable from the Pledged Revenues, including reasonable reserves therefor, as provided in the Bond Resolution.

The Bond Resolution defines “Annual Principal and Interest Requirements” to mean the sum of the principal of and interest on the 2026A Bonds and any other Outstanding Parity Securities to be paid during any Bond Year, but excluding any reserve requirements to secure such payments unless otherwise expressly provided. In calculating this amount, any principal amount of securities required to be redeemed prior to maturity pursuant to a mandatory redemption schedule contained in the resolution, ordinance or other instrument authorizing the issuance of such securities shall be treated as maturing in the Bond Year in which such amounts are so required to be redeemed, rather than in the Bond Year in which the stated maturity of such securities occurs. In the case of any calculation of the annual principal and interest requirements to be paid in the future on any bonds with respect to which the Authority expects to receive a BAB Credit, including the 2010A Bonds, “interest” for any Bond Year shall be treated as the amount of interest to be paid by the Authority on those bonds in that Bond Year less the amount of the BAB Credit then expected to be paid by the United States with respect to interest payments on those bonds in that Bond Year and required by the ordinance or other instrument authorizing those bonds to be used to pay interest on those bonds in that Bond Year or to reimburse the Authority for amounts already used to pay interest on those bonds in that Bond Year. If the BAB Credit is not expected to be received as of the date of such a calculation, “interest” shall be the total amount of interest to be paid by the Authority on the bonds without a deduction for the credit to be paid by the United States under Section 6431 of the Tax Code. The Authority’s Chief Financial Officer may certify in writing the expected amount and expected date of receipt of any BAB Credit, and that certificate shall be conclusive for purposes of the Bond Resolution.

Collection of Charges and License Taxes. The Authority, on behalf of the County, shall cause the Gross Revenues, both the proceeds of the License Taxes and the rentals, fees, rates and other charges relating to the Facilities, to be collected as soon as reasonable, shall prescribe and enforce rules and regulations or impose contractual obligations for the payment thereof, to the end that the Gross Revenues shall be adequate to meet the requirements of the Bond Resolution and of any other resolutions supplemental thereto. If the Authority is of the opinion that any License Taxes are not being duly collected, fully, promptly or otherwise, the Authority shall perform all proper acts duly to effect their collection, as authorized by the County Board and the City Council of the Cities as prescribed in NRS 268.460.

Additional Parity Securities

Bond Resolution Requirements for Parity Securities Payable from all or a Portion of Gross Revenues. The Bond Resolution authorizes the issuance of additional Parity Bonds having a lien on all or a portion of the Pledged Revenues that is on a parity with the lien thereon of the 2026A Bonds. However, before any such additional Parity Bonds are authorized or actually issued (excluding any additional Parity Bonds issued as refunding bonds, which are subject to different conditions as described in APPENDIX C hereto), the following conditions must be met:

(a) *Absence of Default.* At the time of the adoption of the supplemental instrument authorizing the issuance of the additional Parity Securities, the Authority shall not be

in default in making any payments required by the Bond Resolution (as described in APPENDIX C--SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION--Flow of Funds).

(b) *Historic Earnings Test.* Except as otherwise provided in the Bond Resolution, the Gross Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional Parity Securities shall have been at least sufficient to pay:

(i) An amount equal to the Operation and Maintenance Expenses of the Facilities for such Fiscal Year, and

(ii) An amount equal to 150 percent of the Combined Maximum Annual Principal and Interest Requirements (to be paid during any one Bond Year commencing with the Bond Year in which the additional Parity Securities are issued and ending on the first day of July of the year in which any then Outstanding Bonds last mature) of the Outstanding Bonds and any other Outstanding Parity Securities and the Parity Securities proposed to be issued.

(c) *Consideration of Additional Expenses.* In determining whether or not additional Parity Securities may be issued as described under paragraph (b) above, consideration shall be given to any probable estimated increase (but not reduction) in Operation and Maintenance Expenses of the Facilities that will result from the expenditure of the funds proposed to be derived from the issuance and sale of the additional Parity Securities.

(d) *Adjustment of Pledged Revenues.* In any computation of the earnings test as to whether or not additional Parity Securities may be issued as described in (b) above, the amount of the Gross Revenues for such Fiscal Year shall be decreased and may be increased by the amount of any loss or gain conservatively estimated by an Independent Accountant or by the Chief Financial Officer of the Authority making the computations described above which loss or gain results from any change in any schedule of License Taxes constituting a part of the Gross Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of the Parity Securities, based on the number of taxpayers during such next preceding Fiscal Year as if such modified schedule of License Taxes shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the Authority or other legislative body having or purportedly having jurisdiction in the premises before the computation of the designated earnings test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year. Nothing in the Bond Resolution shall be construed to permit a reduction in License Taxes from the rates charged at the time of delivery of the 2026A Bonds.

A written certification or written opinion by an Independent Accountant or by the Authority's Chief Financial Officer, based upon estimates thereby as described in paragraph (c) above, that the annual revenues when adjusted as described in paragraph (d) above, are sufficient to pay such amounts as described in paragraph (b) above, shall be conclusively presumed to be accurate in determining the right of the Authority or the County to authorize, issue, sell and deliver additional Parity Securities.

Bond Resolution Requirements for Parity Securities Payable from all or a Portion of Pledged Revenues and Expansion Pledged Revenues. The Bond Resolution authorizes the issuance of additional Parity Bonds having a lien on all or a portion of the Pledged Revenues and the Expansion Pledged Revenues that is on a parity with the lien thereon of the 2026A Bonds. However, before any such additional Parity Bonds are authorized or actually issued (excluding

any additional Parity Bonds issued as refunding bonds, which are subject to different conditions as described in APPENDIX C hereto), the following conditions must be met:

(a) *Absence of Default.* At the time of the adoption of the supplemental instrument authorizing the issuance of the additional Parity Securities, the Authority shall not be in default in making any payments required by the Bond Resolution (as described in APPENDIX C--SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION--Flow of Funds).

(b) *Historic Earnings Test.* Except as otherwise provided in the Bond Resolution, the Pledged Revenues and the Expansion Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional Parity Securities shall have been at least sufficient to pay:

(i) An amount equal to 150 percent of the Combined Maximum Annual Principal and Interest Requirements (to be paid during any one Bond Year commencing with the Bond Year in which the additional Parity Securities are issued and ending on the first day of July of the year in which any then Outstanding Bonds last mature) of the Outstanding Bonds and any other Outstanding Parity Securities and the Parity Securities proposed to be issued under the Act.

(c) *Consideration of Additional Expenses.* In determining whether or not additional Parity Securities may be issued as described under paragraph (b) above, consideration shall be given to any probable estimated increase (but not reduction) in Operation and Maintenance Expenses of the Facilities that will result from the expenditure of the funds proposed to be derived from the issuance and sale of the additional Parity Securities.

(d) *Adjustment of Pledged Revenues.* In any computation of the earnings test as to whether or not additional Parity Securities may be issued as described in (b) above, the amount of the Gross Revenues and Expansion Pledged Revenues for such Fiscal Year shall be decreased and may be increased by the amount of any loss or gain conservatively estimated by an Independent Accountant or by the Chief Financial Officer of the Authority making the computations described above which loss or gain results from any change in any schedule of License Taxes constituting a part of the Gross Revenues and Expansion Pledged Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of such Parity Securities, based on the number of taxpayers during such next preceding Fiscal Year as if such modified schedule of License Taxes and Expansion License Taxes shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the Authority or other legislative body having or purportedly having jurisdiction in the premises before the computation of the designated earnings test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year. Nothing in the Bond Resolution shall be construed to permit a reduction in License Taxes and Expansion License Taxes from the rates charged at the time of delivery of the 2026A Bonds.

A written certification or written opinion by an Independent Accountant or by the Chief Financial Officer, based upon estimates thereby as described in paragraph (c) above, that the annual revenues when adjusted as described in paragraph (d) above, are sufficient to pay such amounts as described in paragraph (b) above, shall be conclusively presumed to be accurate in determining the right of the Authority or the County to authorize, issue, sell and deliver additional Parity Securities.

Subordinate Securities Authorized; Superior Securities Prohibited

Nothing in the Bond Resolution prevents the County or the Authority from issuing additional securities payable from all or a portion of the Pledged Revenues having a lien thereon that is subordinate, inferior and junior to the lien thereon of the 2026A Bonds.

The Bond Resolution prohibits the County and the Authority from issuing additional bonds or other additional securities payable from the Pledged Revenues and having a lien thereon prior and superior to the lien thereon of the 2026A Bonds.

Other Obligations

The Bond Resolution does not limit the ability of the County or the Authority to issue bonds or other obligations which are not secured by a lien on any part of the Pledged Revenues and the Expansion Pledged Revenues.

REVENUES AVAILABLE FOR DEBT SERVICE

General

The 2026A Bonds are additionally secured by a pledge of the Pledged Revenues (described below) of the Authority. For a description of the Pledged Revenues, see “INTRODUCTION - Security for the 2026A Bonds - Additional Security - Pledged Revenues,” and “APPENDIX C - SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION.”

License Taxes

Generally. Room taxes are license taxes which are levied on money received from room rentals by operators of hotels, motels, apartments and hotel apartments throughout the County and the Cities. The aggregate rate of room taxes levied on any particular room rental varies from 12% to 14% for resort hotels and 10% to 13% for non-resort hotels depending on the location of the property. The Authority receives only a portion of the aggregate room taxes imposed (described in more detail below) and the remainder is allocated to certain State agencies, the County, the Cities and the Clark County School District (the “School District”) pursuant to State law. The Room Taxes do not include the proceeds of certain license taxes imposed pursuant to State law that are required to be remitted to other governmental entities or used for purposes other than the payment of debt service.

The following table illustrates the rates applicable to the Authority, the County, the School District, various taxing jurisdictions within the County, and the State.

* The individual components of room tax have distinct geographical regions and therefore each property pays varying room tax rates.

(1) The Expansion License Tax rate is included in this figure, being one-half of one percent (0.5%).

(2) Each entity defines the categories of establishments renting rooms within its boundaries. “Resort Hotel” is not a defined term in all of the municipal codes.

(3) The “other” includes all other transient lodging not defined as a Resort Hotel.

Source: The Authority.

Rentals paid by permanent occupants, defined as resident guests from and after thirty days of continued residence, are exempt from the tax. Certain of the governmental entities collecting room taxes allow property operators that make prompt payment of the taxes to retain a discount equal to 2% on the total taxes due (those amounts otherwise would constitute room taxes); operators who pay taxes late are not allowed to retain the 2% discount.

As described above, the Cities, the County, the School District and the State also receive Room Tax revenues that are not distributed to the Authority and, therefore, do not constitute any portion of the Combined Pledged Revenues.

License Tax Collections. The County and each of the Cities are responsible for the collection of the License Taxes (i.e., Room Taxes), including the Expansion License Taxes. The Authority receives License Taxes and Expansion License Taxes from the County and the Cities on a monthly basis. Pursuant to an agreement dated December 5, 1995, as amended on September 11, 2007, between the Authority, the County and the Cities, the Authority returns 10% of the combined gross tax revenues it receives to the County and the Cities for their services in collecting the taxes; however, as further described in “INTRODUCTION - Security for the 2026A Bonds - Additional Security - *Expansion Pledged Revenues*,” SB1 capped such collection fees at the lesser of 10% of the gross revenues of the License Taxes or \$25,000,000 and any collection fees in excess of such amount must be used solely for the Las Vegas Convention Center District (“LVCCD”) Program, which excludes payments on the 2026A Bonds.

The table below presents a history of the Room Taxes collected by the County and each of the Cities and remitted to the Authority and the collection fee returned by the Authority to the County and each of the Cities in the years shown. Largest Room Taxpayers. The primary revenue source for the Authority is Room Taxes imposed on hotels and motels in the County. The following table sets forth the ten largest hotel properties in the County (which, accordingly, are in the group which generates the greatest volume of Room Taxes for the Authority). The ten largest hotel properties according to the number of rooms as of December 31, 2025, are set forth in the following table together with aggregate information about other properties within the County. The ten largest hotel properties represented 24.9% of the total room inventory in the County as of December 31, 2025. Such properties represented 26.6% of the total room inventory in the Las Vegas metropolitan area as of that date.

MGM Resorts International (“MGM”) was the owner or operator of five of the ten largest Room Taxpayers as of December 31, 2025, representing 21,073 rooms (approximately 13.1% of the total rooms in the County). MGM also owns, directly or indirectly, additional properties in the County, and these properties contained another 14,788 rooms as of December 31, 2025, representing approximately 9.2% of the total rooms in the County. Caesars Entertainment Corporation (“Caesars”) owned two of the top ten largest Room Taxpayers as of December 31, 2025, representing 7,466 rooms (approximately 4.7% of the total rooms in the County). Caesars also owns, directly or indirectly, additional properties in the County, and these properties contained another 13,145 rooms as of December 31, 2025, representing approximately 8.2% of the total rooms in the County.

Room Availability and Occupancy. One measure of the historic growth of tourism in the County is the increase in the number of hotel and motel rooms available for occupancy from year to year as shown in the following table. The County's hotels and motels have historically experienced higher occupancy rates than those on a national level. The following table illustrates a history of total visitor volume, rooms available, occupancy rate, average rooms occupied daily (calculated by multiplying the inventory by the occupancy rate) and average daily room rate.

The Las Vegas area room inventory has remained relatively steady since 2011 at approximately 150,000 rooms, but there has been significant investment in the destination. Extensive renovation and modernization of existing room inventory and construction of other entertainment amenities is occurring. Most notable increase in room inventory came from the grand opening of Fontainebleau Las Vegas on December 13, 2023, adding 3,644 rooms. The closure of Tropicana Hotel & Casino on April 2, 2024, reduced inventory by 1,470 rooms. Additionally, The Mirage Hotel & Casino ceased operations on July 17, 2024, closing 3,044 rooms, and the property will transform into the Hard Rock Las Vegas Hotel & Casino, which is expected to open in 2027, with 3,640 rooms.

Facilities Revenues

General. In 1959, the Convention Center was opened, and the Authority has regularly expanded its facilities to accommodate the growth of population and convention activity in metropolitan Las Vegas. The Authority's Facilities are not intended to be self-supporting. Rather, they are intended to generate convention, tourism and business activity within the County. This activity, in turn, generates the Room Tax revenues and Gaming Fee revenues which are used to maintain the functions of the Authority.

Present Facilities; Rates and Charges. The Facilities currently consist primarily of the Convention Center. A brief description of the Convention Center follows, including a general description of current rates and charges at each facility.

Facility rates are reviewed annually as a part of the Authority's budget development process. Rate increases to support operations, as well as contribute to the costs of the LVCCD Program will be considered to the extent rates do not exceed competitive tradeshow and meeting destinations that would negatively impact the Authority's ability to attract and retain those shows. See "CERTAIN RISK FACTORS—Dependence on Gaming, Tourism, and Other Factors" In September 2023, the Board approved new LVCC building lease rates, effective January 1, 2026, increasing from \$0.35 to \$0.36 per net square foot per day. The net square foot per day rate will increase another \$0.01 each January 1st, until the rate reaches \$0.40 on January 1, 2030. In May 2024, the Board approved new LVCC building lease rates from 2031 through 2035, with an increase to \$0.43 on January 1, 2031 and increasing one and one-half cents each subsequent calendar year, up to \$0.49 on January 1, 2035.

Convention Center. The Convention Center is located on a campus of approximately 198 acres, including land purchased in connection with the expansion of the Convention Center. Sale of 10 of these 198 acres nearest to and adjacent to the Las Vegas Strip was finalized in November 2024 for a gross sale price of \$126.3 million. The transaction resulted in a \$26.3 million gain after considering the disposal of the asset (cost of 10 acres of land, demolition, and related improvements) and costs related to the land sale. The Convention Center is one of the busiest and functional convention facilities in the country. The Convention Center is a 4.6 million square foot facility, including the newly opened expansion, located within a short distance of more than 105,000 hotel rooms. There are approximately 2.5 million square feet of net exhibit space, and 225 meeting rooms (more than 390,000 square feet) that handle seating capacities ranging from 20 to 2,500. Two grand lobby and registration areas efficiently link existing exhibit halls with new exhibit and meeting rooms, and allow simultaneous setup, breakdown and exhibition of multiple events. Parking for approximately 4,000 cars is currently available on-site, depending on show configurations. Concessions currently are provided by Volume Services, Inc., dba Sodexo Live!, ("Sodexo Live") pursuant to a lease between the Authority and Sodexo Live. See "AUTHORITY FINANCIAL INFORMATION AND DEBT STRUCTURE—General Obligation Bonds, Other Obligations and Long-Term Contracts."

The base cost schedule at the Convention Center varies situationally. At the Convention Center the base cost per individual exhibit hall is either the minimum daily rate or 35¢ per net square foot per show day, whichever is greater. Exhibit halls are not charged when used for catered food functions or general sessions. Move-in/move-out days exceeding the number of show days are charged at 50% of the minimum daily rate. Meeting room charges in North, Central and West halls are based on square feet of exhibit space used. Meeting rooms charges in South halls are based on which specific South exhibit hall is leased. Additional meeting rooms are charged minimum daily rates. If any meeting room and office space is used for exhibits, the rent is double the minimum daily rate.

The daily parking fee at the Convention Center is \$15 per vehicle.

PROPERTY TAX INFORMATION

Property Tax Base and Tax Roll

General. The State Department of Taxation reports the assessed valuation of property within the County for the fiscal year ending June 30, 2026, to be \$152,571,071,908 (excluding the assessed valuation attributable to the Redevelopment Agencies), which represents an increase of 4.3% from the assessed valuation for the prior fiscal year. State law requires that the County assessor reappraise at least once every five years all real and secured personal property (other than certain utility-owned property which is centrally appraised and assessed by the Nevada Tax Commission). While the law provides that in years in which the property is not reappraised, the County assessor is to apply a factor representing typical changes in value in the area since the preceding year, it is the policy of the Clark County Assessor to reappraise all real and secured personal property in the County each year. State law requires that property be assessed at 35% of taxable value; that percentage may be adjusted upward or downward by the State Legislature (the “Legislature”). Based on the assessed valuation for fiscal year 2026, the taxable value of all taxable property within the County is \$435,917,348,309 (excluding the taxable value attributable to the Redevelopment Agencies).

“Taxable value” is defined in the statutes as: (a) full cash value in the case of land; and (b) replacement cost less all applicable depreciation and obsolescence in the case of improvements to land and taxable personal property. Depreciation of improvements to real property must be calculated at 1.5% of the cost of replacement for each year of adjusted actual age up to a maximum of 50 years. Depreciation of taxable personal property must be calculated in accordance with regulations of the Nevada Tax Commission, but in no case in an amount in excess of the full cash value. Adjusted actual age is actual age adjusted for any addition or replacement. The maximum depreciation allowed is 75% of the cost of replacement. When a substantial addition or replacement is made to depreciable property, its “actual age” is adjusted (i.e., reduced) to reflect the increased useful term of the structure. The adjusted actual age has been used on appraisals for taxes since 1986-87.

In Nevada, county assessors are responsible for assessments in the counties except for certain properties centrally assessed by the State, which include railroads, airlines, and utility companies.

History of Assessed Value

The following table provides a history of the assessed valuation in the County. Due to property tax abatement laws enacted in 2005 (described in “Required Property Tax Abatements” below), the taxes collected by taxing entities within the County are capped and there is no longer a direct correlation between changes in assessed value and property tax revenue.

Property Tax Collections

In Nevada, county treasurers are responsible for the collection of property taxes, and forwarding the allocable portions thereof to the overlapping taxing units within the counties.

Taxes on real property are due on the third Monday in August, unless the taxpayer elects to pay in installments on or before the third Monday in August and the first Mondays in October, January and March of each fiscal year. Penalties are assessed if any taxes are not paid within 10 days of the due date as follows: 4% of the delinquent amount if one installment is delinquent, 5% of the delinquent amount plus accumulated penalties if two installments are delinquent, 6% of the delinquent amount plus accumulated penalties if three installments are delinquent, and 7% of the delinquent amount plus accumulated penalties if four installments are delinquent. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest at the rate of 10% per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien and assessments by local governments for improvements to the property.

A history of the County’s tax roll collection record appears in the following table. *This table reflects all amounts collected by the County, including amounts levied by the County, the School District, the cities within the County and certain special taxing districts. The figures in the following table include property taxes that are not available to pay debt service on the 2026A Bonds.* The table below provides information with respect to the historic collection rates for the County, but may not be relied upon to depict the amounts of ad valorem property taxes available to the County in each year. There is no assurance that collection rates will be similar to the historic collection rates depicted below.

Largest Taxpayers in the County

The following table represents the ten largest property-owning taxpayers in the County based on fiscal year 2024-2025 assessed valuations. The assessed valuations in this table represent both the secured tax roll (real property) and the unsecured tax roll (generally personal property). No independent investigation has been made of, and consequently there can be no representation as to, the financial conditions of the taxpayers listed, or that any such taxpayer will continue to maintain its status as a major taxpayer based on the assessed valuation of its property in the County.

Property Tax Limitations

Overlapping Property Tax Caps. Article X, Section 2, of the State constitution limits the total ad valorem property taxes levied by all overlapping governmental units within the boundaries of any county (i.e., the State, and any county, city, town, school district or special district) to an amount not to exceed five cents per dollar of assessed valuation (\$5 per \$100 of assessed valuation) of the property being taxed. Further, the combined overlapping tax rate is limited by statute to \$3.64 per \$100 of assessed valuation in all counties of the State with certain exceptions that (a) permit a combined overlapping tax rate of up to \$4.50 per \$100 of assessed valuation in the case of certain entities that are in financial difficulties; and (b) require that \$0.02 of the statewide property tax rate of \$0.17 per \$100 of assessed valuation is not included in computing compliance with this \$3.64 cap. (This \$0.02 is, however, counted against the \$5.00 cap.) State statutes provide a priority for taxes levied for the payment of general obligation bonded indebtedness. In any year in which the proposed tax rate to be levied by overlapping units within a county exceeds any rate limitation, a reduction must be made by those units for purposes other than the payment of general obligation bonded indebtedness, including interest thereon.

Local Government Property Tax Revenue Limitation. State statutes limit the revenues local governments, other than school districts, may receive from ad valorem property taxes for purposes other than paying certain general obligation indebtedness which is exempt from such ad valorem revenue limits. These revenue limitations do not apply to ad valorem taxes levied to repay the 2026A Bonds, which are exempt from such ad valorem revenue limits. This rate is generally limited as follows. The assessed value of property is first differentiated between that for

property existing on the assessment rolls in the prior year (old property) and new property. Second, the property tax revenue derived in the prior year is increased by no more than 6% and the tax rate to generate the increase is determined against the current assessed value of the old property. Finally, this tax rate is applied against all taxable property to produce the allowable property tax revenues. This cap operates to limit property tax revenue dependent upon changes in the value of old property and the growth and value of new property.

A local government, other than a school district, may exceed the property tax revenue limitation if the proposal is approved by its electorate at a general or special election. In addition, the Executive Director of the Department of Taxation will add, to the allowed revenue from ad valorem taxes, the amount approved by the Legislature for the costs to a local government of any substantial programs or expenses required by legislative enactment. In the event sales tax estimates from the Nevada Department of Taxation exceed actual revenues available to local governments, Nevada local governments receiving such sales tax may levy a property tax to make up the revenue shortfall.

The County and the cities within the County are levying various tax overrides as allowed or required by State statutes.

School districts levy a tax of \$0.75 per \$100 of assessed valuation for operating purposes. School districts are also allowed an additional levy for voter-approved pay-as-you-go tax rates, and voter approved or short-term public safety debt service.

The Nevada Tax Commission monitors the impact of tax legislation on local government services.

Required Property Tax Abatements

General. In 2005, the Legislature approved the Abatement Act (NRS 361.471 to 361.4735), which established formulas to determine whether tax abatements are required for property owners in each year. For residential properties, an abatement generally is required to reduce the amount of property taxes owed to not more than 3% more than the amount levied in the immediately preceding fiscal year. That same formula applies (as a charitable exemption) to commercial property that qualifies as low-income rental housing. Finally, for all properties, an abatement from ad valorem taxation is required to reduce the amount of property taxes owed to no more than an amount determined pursuant to a formula. The first part of the formula requires a determination of the greater of: (1) the average percentage change in the assessed valuation of all taxable property in the County, as determined by the Department of Taxation, over the fiscal year in which the levy is made and the 9 immediately preceding fiscal years; (2) the percentage equal to twice the increase in the Consumer Price Index for all Urban Consumers, U.S. City Average (All Items) for the immediately preceding calendar year or (3) zero. The second part of the formula requires determination of the lesser of: (1) 8% and (2) the percentage determined in the previous sentence. After making both determinations, whatever part of the formula yields the lowest percentage is used to establish the maximum percentage of increase (over the prior year) in tax liability for each property. This abatement formula also must be applied to residential properties and low-income rental properties if it yields a greater reduction in property taxes than the 3% test described above. The Abatement Act limits do not apply to new construction. The Abatement Act

formulas are applied on a parcel-by-parcel basis each year. For example, in the County for fiscal year 2025-2026, the Abatement Act formula results in a maximum percentage increase of tax liability for residential parcels of 3.0% and for all other parcels of 8.0%.

Generally, reductions in the amount of ad valorem property tax revenues levied in the County are required to be allocated among all of the taxing entities in the County in the same proportion as the rate of ad valorem taxes levied for that taxing entity bears to the total combined rate of all ad valorem taxes levied for that fiscal year. However, abatements caused by tax rate increases are to be allocated against the entity that would benefit from the tax increase rather than among all entities uniformly. Revenues realized from new or increased ad valorem taxes that are required by any legislative act that was effective after April 6, 2005, generally are exempt from the abatement formulas. The Abatement Act provides for the recapture of previously abated property tax revenues in certain limited situations.

Levies for Debt Service. Revenues resulting from increases in the rate of ad valorem taxes for the payment of tax-secured obligations are exempt from the Abatement Act formulas if increased rates are necessary to pay debt service on the related obligation in any fiscal year if (i) the tax-secured obligations were issued before July 1, 2005; or (ii) the governing body of the taxing entity and the County Debt Management Commission make findings that no increase in the rate of an ad valorem tax is anticipated to be necessary for payment of the obligations during their term. Ad valorem tax rate increases to pay debt service on the 2026A Bonds are exempt from the Abatement Act formulas.

General Effects of Abatement. Limitations on property tax revenues could negatively impact the finances and operations of the taxing entities in the State, including the County, to an extent that cannot be determined at this time.

Additional Abatement of Taxes for Severe Economic Hardship. In 2002, following voter approval of a State constitutional amendment, the Legislature enacted a law implementing an abatement of the tax upon or an exemption of part of the assessed value of an owner-occupied single-family residence to the extent necessary to avoid severe economic hardship to the owner of that residence. Pursuant to that legislation, the low-income owner (defined by law) of a single-family residence with an assessed value of \$175,000 or less may file a claim with the county treasurer to postpone the payment of all or part of the property tax that will accrue against the residence in the succeeding three fiscal years. Any postponed property tax (and any penalties and the interest that accrue as provided in the statute) constitutes a perpetual lien against the residence until paid. The postponed tax becomes due and payable if: the residence ceases to be occupied by the claimant or is sold; any non-postponed property tax becomes delinquent; if the claimant dies; or on the date upon which the postponement expires, as determined by the county treasurer.

Overlapping Tax Rates and General Obligation Indebtedness

Overlapping Tax Rates. The following table presents a history of statewide average tax rates and a representative overlapping tax rate for several taxing districts located in Las Vegas, the County seat and the most populous city in the County. The overlapping rates for incorporated and unincorporated areas within the County vary depending on the rates imposed by applicable

taxing jurisdictions. The highest overlapping tax rate in the County currently is \$3.4030 in Mt. Charleston Town.

Estimated Overlapping General Obligation Indebtedness. In addition to the general obligation indebtedness of the County, other taxing entities are authorized to incur general obligation debt within boundaries that overlap or partially overlap the boundaries of the County. In addition to the entities listed below, other governmental entities may overlap the County but have no general obligation debt outstanding. The following chart sets forth the estimated overlapping general obligation debt (including general obligation medium-term bonds which may not be payable from a property tax levy) chargeable to property owners within the County as of February 1, 2026.

CERTAIN RISK FACTORS

Each prospective investor is encouraged to read this Official Statement in its entirety and to give particular attention to the factors described below which, among others discussed herein, could affect the payment of debt service on the 2026A Bonds and could affect the market price of the 2026A Bonds to an extent that cannot be determined at this time. However, the following does not purport to be an exhaustive listing of risks and other considerations which may be relevant to investing in the 2026A Bonds. In addition, the order in which the following information is presented is not intended to reflect the relative importance of such risks.

No Pledge of Property

The payment of the 2026A Bonds is not secured by an encumbrance, mortgage or other pledge of property of the County, except the proceeds of the General Taxes, the Pledged Revenues and any other moneys or accounts as set forth pledged in the Bond Resolution for the payment of the 2026A Bonds. No property of the County or the Authority, subject to such exceptions, shall be liable to be forfeited or taken in payment of the 2026A Bonds.

Dependence on Gaming, Tourism and Other Factors

The economy of the County and the State (and therefore the revenues of the Authority) is heavily dependent on the tourism industry, which is based significantly on legalized gambling. Any decrease in the level of tourism activity (including convention activity) in the County is likely to result in a reduction in Combined Pledged Revenues. Factors such as weakening in the national economy and reductions in travel for any reason, including terrorist attacks, national or global health crisis, and increases in gas prices, have impacted the Combined Pledged Revenues in the past and could impact the Combined Pledged Revenues in the future. The recession from approximately 2008 to 2010 decreased Room Tax Revenues from a pre-recession high of nearly \$221 million (occurring in 2008) to a low of approximately \$154 million (occurring in 2010), a drop of over 30%. However, Room Tax Revenues increased every year from fiscal year 2010 until fiscal year 2019. Room taxes declined significantly in fiscal years 2020 and 2021 because of COVID-19, but increased in fiscal year 2022 through 2024. In fiscal year 2024, Super Bowl LVIII was hosted in Clark County; the slight decrease in room tax in fiscal year 2025 was mostly attributable to the rotation and non-recurrence of this major event. Current nationwide economic factors, including tariffs and inflation, are having a negative impact on tourism in Las Vegas, resulting in a 7.6% budgeted decrease in fiscal year 2026 room tax. See “SECURITY FOR THE 2026A Bonds - Historical and Budgeted Pledged Revenues and Debt Service Coverage.” There can be no assurance that a future recession or other significant local or national event will not again have a materially negative impact on the Pledged Revenues.

Other factors that are beyond the control of the Authority also may adversely affect the level of Combined Pledged Revenues in the future. These factors include a dependence on the individual members of the hotel/casino industry to attract visitors to the Las Vegas area through the use of advertising and other promotional activities, and to not significantly decrease hotel rates. Another factor is the availability of affordable and frequent air service to the County. Reductions in air service or increases in the price of such service may occur due to the poor health of the airline industry in general, increases in jet fuel costs or other factors.

For a discussion of pending legal proceedings which may impact the Authority, see “LEGAL MATTERS - Litigation.”

Competition for Convention Space

The Facilities Revenues are largely dependent upon the continued attractiveness of convention activities in the metropolitan Las Vegas area. Competition for convention activity in other metropolitan areas may cause downward pressure on Facilities rates and thus cause a decline in future Facilities Revenues. Furthermore, any decline in the continued attractiveness of the Facilities themselves as a venue for holding conventions could lead to a decline in Facilities Revenues.

Hotel/Casino Practices with Respect to Room Rentals

Other factors which are beyond the Authority’s control include the rates at which hotels rent rooms and the rate at which hotel/casinos provide complimentary (“comp”) rooms to guests. Hotel/casinos may be inclined, especially during low tourism periods or for competitive advantage, to significantly decrease the price of room rentals. When the price of the room rental decreases, Room Tax revenues (and therefore Pledged Revenues) may also decline. In addition, “comp” rooms are not subject to Room Tax. Accordingly, an increase in the number of “comp” rooms may adversely impact Room Tax revenues. The Authority has no control over the room rates charged by individual properties or the amount of “comp” rooms provided by hotel/casinos. Accordingly, when the hotel/casino operators decide to lower room rates for extended periods of time or increase the number of “comp” rooms, Room Tax revenues decline.

Impact of Foreclosure on Collection of Pledged Revenues

The ability and willingness of an owner or operator of a property to pay License Taxes (including the Room Tax) may be adversely affected by the filing of a bankruptcy proceeding by the owner. The ability to collect delinquent License Taxes using foreclosure and sale for non-payment of taxes may be forestalled or delayed by bankruptcy, reorganization, insolvency, or other similar proceedings of the owner of a taxed property or the holder of mortgage liens on the taxed property. Prosecution of such proceedings could be delayed due to crowded local court calendars or legal delaying tactics. The federal bankruptcy laws provide for an automatic stay of foreclosure and sale proceedings, thereby delaying such proceedings, perhaps for an extended period. Additionally, trade shows or other exhibitors filing for bankruptcy could result in delayed or drastically reduced payments to the Authority for the use of the Facilities. Delays in the exercise of remedies could result in Pledged Revenues collections which may be insufficient to pay debt service on the 2026A Bonds when due.

The payment of Room Tax by hotels owned by entities which have filed for bankruptcy could be delayed, and the Authority’s ability to collect delinquent Room Taxes using foreclosure could be forestalled or delayed. The impact of any such bankruptcy could be significant, particularly if the entity in question is a significant taxpayer. See “REVENUES AVAILABLE FOR DEBT SERVICE - License Tax Data - Largest Room Taxpayers.”

Authority Cannot Increase Rates of Taxes

The Authority has no control over the rate at which License Taxes are imposed; the rate of such taxes can be increased only by action of the State legislature (the “Legislature”). Accordingly, should the Expansion Pledged Revenues and/or the Pledged Revenues, as applicable, be insufficient to pay debt service on the 2026A Bonds and the Existing Bonds, none of the Authority, the Cities or the County is authorized to increase the rate of the Expansion License Taxes and/or the License Taxes in order to raise sufficient revenues to pay debt service.

Delays in Property Tax Collections Could Occur

General. Although the 2026A Bonds are general obligations of the County, the County may only levy property taxes to pay debt service on the 2026A Bonds in accordance with State law. For a description of the State laws regulating the collection of property taxes, see “PROPERTY TAX INFORMATION--Property Tax Collections.” Due to the statutory process required for the levy of taxes, in any year in which the County is required to levy property taxes, there may be a delay in the availability of property tax revenues to pay debt service on the 2026A Bonds. Accordingly, although other County revenues may be available to pay debt service on the 2026A Bonds if the Pledged Revenues and the Expansion Pledged Revenues are insufficient, time may elapse before the County receives property taxes levied to cover any insufficiency of Pledged Revenues.

Certain Risks Related to Property Taxes. Numerous other factors over which the County has no control may impact the timely receipt of ad valorem property tax revenues in the future. These include the valuation of property within the County, the number of homes which are in foreclosure, bankruptcy proceedings of property taxpayers or their lenders, and the ability or willingness of property owners to pay taxes in a timely manner.

Risks Related to Additional Bonds

The Authority may issue additional bonds or securities in the future. See “SECURITY FOR THE 2026A Bonds--Additional Parity Bonds.” Such additional bonds or securities may be secured by a lien on the Pledged Revenues which is on a parity with or subordinate to the lien thereon securing the 2026A Bonds. See “LAS VEGAS CONVENTION AND VISITORS AUTHORITY--Capital Plans.” The issuance of additional Parity Securities in the future could reduce the Authority’s debt service coverage in future years.

Limitation of Remedies

Judicial Remedies. Upon the occurrence of an Event of Default under the Bond Resolution, each owner of the 2026A Bonds is entitled to enforce the covenants and agreements of the Authority by mandamus, suit or other proceeding at law or in equity. Any judgment will, however, only be enforceable against the Pledged Revenues, the Expansion Pledged Revenues and other moneys held under the Bond Resolution (including General Taxes, if any) and not against any other fund or properties of the Authority.

The enforceability of the Bond Resolution is also subject to equitable principles affecting the enforcement of creditors' rights generally and liens securing such rights, the police powers of the State and the exercise of judicial authority by State or federal courts.

Due to the delays in obtaining judicial remedies, it should not be assumed that these remedies could be accomplished rapidly. Any delays in obtaining judicial remedies to enforce the covenants and agreements of the Authority under the Bond Resolution, to the extent enforceable, could result in delays in any payment of principal of and interest on the 2026A Bonds.

Bankruptcy, Federal Lien Power and Police Power. The enforceability of the rights and remedies of the owners of the 2026A Bonds and the obligations incurred by the Authority in issuing the 2026A Bonds are subject to the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect; usual equity principles which may limit the specific enforcement under State law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; the power of the federal government to impose liens in certain situations; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings or the exercise of powers by the federal or State government, if initiated, could subject the owners of the 2026A Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation or modification of their rights.

No Acceleration. There is no provision for acceleration of maturity of the principal of the 2026A Bonds in the event of a default in the payment of principal of or interest on the 2026A Bonds. Consequently, remedies available to the owners of the 2026A Bonds may have to be enforced from year to year.

Future Changes in Laws

Various State laws apply to the imposition, collection, and expenditure of Pledged Revenues and to other Authority revenues as well as to the operation and finances of the Authority. There is no assurance that there will not be any change in, interpretation of, or addition to the applicable laws, provisions, and regulations which would have a material adverse effect, directly or indirectly, on the affairs of the Authority and the imposition, collection, and expenditure of revenues, including Pledged Revenues.

Legalized Sports Gambling in Other States

On May 14, 2018, the United Supreme Court published a decision finding that the Professional and Amateur Sports Protection Act ("PASPA") is unconstitutional. PASPA made it unlawful for states or their subdivisions to authorize sports gambling operations, but contained "grandfather" provisions allowing such operations to continue in four states, including Nevada. As a result of this decision, at least 20 other states and Washington, D.C. have legalized sports gambling, a number of other states have proposed legislation to legalize sports gambling, and additional states may avail themselves of the right to authorize sports gambling operations,

creating more competition in this industry for those operating in the State. The Authority cannot predict the impact, if any, that such decision may have on gaming operations or the overall economy in the State or the County, or the impact of such decisions on the amount of Combined Pledged Revenues collected in the future.

Cybersecurity Risks

The Authority, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the Authority is subject to multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. Entities or individuals may attempt to gain unauthorized access to the Authority's digital systems for the purposes of misappropriating assets or information or causing operational disruption and damage. To date, the Authority has not experienced an attack on its internal computer operating systems which resulted in a breach of its cybersecurity systems that are in place. However, in 2019, one of the Authority's external cloud email accounts experienced unauthorized access resulting in the distribution of malicious emails. The Authority has since worked with their cloud email provider to strengthen account security, including the implementation of multifactor authentication. Additionally, the Authority has implemented outsourced cybersecurity managed detection and response services and an aggressive email phishing awareness training program for all employees. However, no assurances can be given that the Authority's efforts to manage cyber threats and attacks will be successful or that any such attack will not materially impact the operations or finances of the Authority.

Secondary Market

Investment in the 2026A Bonds poses certain economic risks which may not be appropriate for certain investors, and only persons with substantial financial resources who understand the risk of investment in the 2026A Bonds should consider such investment. No guarantee can be made that a secondary market for the 2026A Bonds will develop or be maintained by the initial purchaser or others. Thus, prospective investors should be prepared to hold their Bonds to maturity.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

General

The Authority was created to directly drive tourism to Southern Nevada, through ownership and operation of the Convention Center, and through marketing, sales, and advertising programs in cooperation with its resort and industry partners. The Authority's core purpose as the destination marketing organization is to drive visitation across both leisure and business segments for Southern Nevada, including Las Vegas, Boulder City, Laughlin, and Mesquite. The Authority's marketing programs include coordinated efforts among its resort and mission partners, in conjunction with internal teams and external marketing partners of the Authority. Through tailored marketing and sales strategies for each of the unique Southern Nevada destinations, efforts are designed to maximize demand through multi-channel advertising, digital marketing, events, sponsorships, and destination sales. The Authority partners with key transportation agencies and Harry Reid International Airport to ensure accessibility to and within the destination. The Authority's sales teams directly sell not only the Convention Center but also distribute leads to individual properties and business partners to drive both leisure and business travel in Southern Nevada. The overall marketing effort is driven by destination-specific research and industry trends as insights to enable more effective business strategies and market optimizations.

To provide revenue to support such efforts, pursuant to NRS 244.335 and NRS 268.095, the County and the incorporated cities of Las Vegas, North Las Vegas, Henderson, and Mesquite have imposed certain taxes on hotel, motel and gaming businesses, as more fully described under "REVENUES AVAILABLE FOR DEBT SERVICE—License Taxes." Boulder City has imposed a similar tax on hotel and motel businesses, but not on gaming, which is prohibited in Boulder City.

Governing Body

In accordance with State statutes, the Board consists of fourteen members composed of (1) two members of the County Board; (2) two members of the Council of the City of Las Vegas; (3) one member of the Council of the City of Henderson; (4) one member of the Council of the City of Mesquite (5) one member of the Council of the City of Boulder City; (6) one member of the Council of the City of North Las Vegas; and (7) six private sector members appointed by the aforementioned elected officials. Three of the six private sector members are nominated by the Las Vegas Metro Chamber of Commerce (the "Chamber"). Of the three private sector members nominated by the Chamber, two must represent tourism interests (at least one of those must represent the resort hotel industry) and one must represent other commercial interests or interests related to tourism. The remaining three private sector members must be selected from a list of nominees submitted by the Nevada Resort Association; two must represent the resort hotel industry and one must represent the downtown hotel industry. Seven of eight elected officials are selected periodically by their respective governing bodies; their terms on the Board are coterminous with their terms of office. The elected official from the second least populated incorporated city, who is also selected by the respective governing body, serves a two-year term, starting with their term in office. The six private sector members serve staggered two-year terms.

Administration

The Board appoints a CEO/President and General Counsel who serve at the pleasure of the Board to carry out the policy of the Authority. The CEO, in turn, appoints other administrators of the Authority. Certain of those administrators are described below.

Steve D. Hill, CEO/President. Steve Hill is the CEO/President of the Authority. As CEO of the Authority, Mr. Hill is responsible for marketing and branding Las Vegas and Southern Nevada as the world's most desirable destination for leisure and business travel. Mr. Hill also serves as the chairman of the Las Vegas Stadium Authority and serves on the Board of Directors for the U.S. Travel Association, the national advocacy association that represents the travel and tourism industry. Mr. Hill joined the Authority in 2018 with extensive years of operations, finance, and construction experience. Prior to joining the Authority, Mr. Hill was the director of the Governor's Office of Economic Development, having been appointed to the position in 2011 by Nevada Governor Brian Sandoval. He is a founder of Silver State Materials, a concrete, sand and gravel supplier in the Las Vegas area since 1987. Silver State was purchased by CalPortland in 2008 with Mr. Hill serving as its senior vice president, responsible for Nevada and Arizona operations. Additionally, he was the chairman of Service 1st Bank of Nevada, chairman of the Las Vegas Chamber of Commerce Board of Trustees, and commissioner on the Nevada Commission on Economic Development.

Mr. Hill is a past chair of the Chamber's State Policy Task Force and the Boys & Girls Clubs of Las Vegas. He has also served as chairman of Government Affairs for the Las Vegas Chamber, the Associated Builders & Contractors and the Associated General Contractors.

In recent years, Mr. Hill has served as a member of the Nevada Savings and Government Efficiency Commission; the Clark County Growth Task Force; the Trauma System Development Task Force; the RTC Regional Fixed Guideway Citizens Advisory Committee; the Clean Water Coalition; the legislative Interim Advisory Committee on Air Quality; and as chairman of the Governor's Construction Liability Insurance Task Force. Mr. Hill also served as the Chairman of the Southern Nevada Tourism Infrastructure Committee, which was charged with reviewing and recommending major economic development projects to the Governor and Legislature for approval. The two major projects funded through this effort were the Convention Center Project and Allegiant Stadium.

Mr. Hill earned a Bachelor of Science degree in mechanical engineering from Rose-Hulman Institute of Technology in Terre Haute, Indiana.

Jim McIntosh, Chief Financial Officer. Jim McIntosh is the Chief Financial Officer of the Authority. Mr. McIntosh brings more than 25 years of local government leadership and accounting expertise to his role at the Authority. Mr. McIntosh joined the Authority in 2024 after serving in the dual role of Assistant City Manager and Chief Financial Officer for the City of Henderson. Prior to joining the City of Henderson in 2016, Mr. McIntosh held roles including CFO and deputy CFO for the Clark County School District (CCSD). Mr. McIntosh holds a bachelor's degree in Business Administration, with a major in accounting, and a master's degree in Business Administration, both from the University of Nevada, Las Vegas.

Shannon Anderegg, Vice President of Finance. Shannon Anderegg is the Vice President of Finance of the Authority. In her role, Ms. Anderegg is accountable for financial affairs and related administrative activities, including the establishment and oversight of sound systems of accounting and payroll; financial operations and reporting; budgetary reporting and control; financial systems; debt planning and management strategies; procurement functions; and support services. Ms. Anderegg plans, organizes and administers a comprehensive program to maintain the financial integrity of the Authority. Ms. Anderegg joined the Authority in 2012 after seven years working in public accountancy with focus in government entities and publicly held organizations. Ms. Anderegg holds a Bachelor's Degree in Business Administration – Accounting and a Master's Degree in Accounting, both from the University of Nevada, Las Vegas. She is also a Certified Public Accountant and Chartered Global Management Accountant. Ms. Anderegg is a member of the American Institute of Certified Public Accountants and Nevada Society of Certified Public Accountants.

Caroline Bateman, General Counsel. Caroline Bateman is the General Counsel of the Authority. Prior to joining the Authority, Ms. Bateman served as the First Assistant Attorney General for the Nevada Office of the Attorney General. As First Assistant Attorney General, Ms. Bateman supervised over ninety attorneys in representing the State's agencies, departments, and officials. Prior to her appointment as First Assistant Attorney General, Ms. Bateman served as the Nevada Office of the Attorney General's Bureau Chief of Gaming and Government Affairs and Chief Deputy of Boards and Open Government. Ms. Bateman also served as chief counsel to the Nevada State Athletic Commission and headed the State's Open Meeting Law Enforcement Unit.

Ms. Bateman previously served as a Deputy District Attorney in the Clark County District Attorney's Office where she prosecuted crimes from initial arrests through sentencing.

Ms. Bateman earned her Juris Doctorate from the William S. Boyd School of Law at the University of Nevada, Las Vegas, and holds a Bachelor's Degree in Political Science and English Literature from the University of California, San Diego.

Employee Relations and Pension Benefits

Employees. The Authority's Fiscal Year 2026 budget has 480 budgeted full-time positions. The Authority also has over 173 intermittent and temporary employees. Presently, approximately 59% of the funded positions are represented by a union, the Nevada Service Employees Union/SEIU Local 1107. The Authority and the Employees Association entered into an agreement effective July 1, 2023, which expires June 30, 2028. The Authority's total payroll budget, including wages and benefits, for fiscal year 2026 is \$70.4 million, representing 13.8% of total budgeted fiscal year 2026 General Fund expenditures.

Benefits. The Authority provides a deferred compensation plan to its employees, as well as long-term disability and life insurance, health insurance, paid personal time off and holidays, and reimbursement for certain educational expenses. The Authority participates in the County's self-funded health insurance fund.

Pension Matters. The State Public Employees' Retirement System ("PERS") covers substantially all public employees of the State, its agencies and its political subdivisions, including the Authority.

All public employees who meet certain eligibility requirements participate in PERS, which is a cost sharing multiple-employer defined benefit plan. Benefits, as required by statute, are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation. Benefit payments to which participants may be entitled under PERS include pension benefits, disability benefits, and death benefits. PERS has several tiers based on legislative changes effective with membership dates. Similarly, legislative changes have created several tiers of retirement eligibility thresholds.

State law requires PERS to conduct a biennial actuarial valuation showing unfunded actuarial accrued liability ("UAAL") and the contribution rates required to fund PERS on an actuarial reserve basis. The actual employer and employee contribution rates are established in cycle with the State's biennium budget on the first full pay period of the even numbered fiscal years. By PERS policy, the system performs an annual actuary study. The most recent independent actuarial valuation report of PERS was completed as of June 30, 2025. The following table reflects some of the key valuation results from the last three PERS' actuary studies:

PERS Actuarial Report

<i>Key Valuation Results</i>	June 30, 2025	June 30, 2024	June 30, 2023
UAAL	\$19.95 billion	\$20.13 billion	\$18.80 billion
Market Value Funding Ratio	80.5%	78.1%	76.2%
Actuarial Value Funding Ratio	77.3%	75.6%	75.4%
Assets Market Value	\$70.8 billion	\$64.46 billion	\$58.32 billion
Assets Actuarial Value	\$68.03 billion	\$62.40 billion	\$57.77 billion

The following presents the net pension liability of PERS as of June 30, 2025, and the Authority's proportionate share of the net pension liability of PERS as of June 30, 2024, calculated using the discount rate of 7.25%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.25%) or one percentage point higher (8.25%) than the current discount rate:

Net Pension Liability

	<i>1% Decrease in Discount Rate (6.25%)</i>	<i>Discount Rate (7.25%)</i>	<i>1% Increase in Discount Rate (8.25%)</i>
PERS Net Pension Liability	\$29,055,348,823	\$18,067,886,503	\$9,003,110,455
Authority Share of PERS Net Pension Liability	\$110,277,918	\$68,575,632	\$34,170,792

Contribution rates to PERS are established by State statute. The statutes currently require an adjustment in the statutory contribution rates on July 1 of each odd-numbered fiscal year. However, contribution rates are only adjusted if the difference between the existing and actuarially determined rates exceeds one-half of 1%. Plan members have the option of being funded under two alternative methods. Under the employer pay contribution plan, the Authority is required to contribute all amounts due under the plan. Under the employee-employer contribution plan, the Authority and the employee share equally in contribution of amounts due under the plan. A history of contribution rates for each funding method, as a percentage of payroll, is shown below.

Contribution Rates

	<i>Fiscal Year 2022</i>	<i>Fiscal Year 2023</i>	<i>Fiscal Year 2024</i>	<i>Fiscal Year 2025</i>	<i>Fiscal Year 2026</i>
Regular members					
Employer-pay plan	29.75%	29.75%	33.50%	33.50%	36.75%
Regular members					
Employee/Employer-plan	15.50%	15.50%	17.50%	17.50%	19.25%

A history of the Authority's contribution to PERS in each of its last five fiscal years is shown below. For each fiscal year shown, the amount contributed equaled the Authority's required contribution.

PERS Contributions

	<i>Fiscal Year 2021</i>	<i>Fiscal Year 2022</i>	<i>Fiscal Year 2023</i>	<i>Fiscal Year 2024</i>	<i>Fiscal Year 2025</i>
Contribution	\$3,751,275	\$7,885,050	\$8,868,703	\$11,009,834	\$12,432,452

The Authority's PERS contribution is budgeted at \$15.5 million for fiscal year 2026.

See Note 10 in the audited financial statements attached hereto as APPENDIX A for additional information on PERS. In addition, copies of PERS' most recent annual financial report, including audited financial statements and required supplemental information, are available from the Public Employees Retirement System of Nevada, 693 West Nye Lane, Carson City, Nevada 89703-1599, telephone: (775) 687-4200.

Other Post-Employment Benefits. In accordance with Nevada law, retirees of the Authority may continue insurance through existing plans, if enrolled as an active employee at the time of retirement. The Authority's primary plan is a non-trust, single employer defined benefit post-employment plan ("Primary Plan"). Under the Primary Plan, options include healthcare, prescription, dental, vision, and life insurance benefits. The Authority also provides continuation of medical insurance coverage to retirees and their spouses under the State of Nevada Public Employees Benefits Program ("PEBP"), a multiple-employer defined benefit plan. The PEBP plan includes healthcare, prescription, dental, Medicare Part B, and life insurance benefits and is provided through a third-party insurer.

As of June 30, 2024, the Authority's Primary Plan covers 123 retirees and surviving spouses, 36 spouses, and 400 active employees. The Authority also has 34 PEBP retirees. As of November 1, 2008, PEBP was closed to any new participants.

Contribution requirements by active employees to the Primary Plan are established by and may be amended through negotiations between the Authority and various employee groups.

All Authority retirees are required to pay 100% of their premiums under the Primary Plan. Retirees enrolled in the Primary Plan receive no direct subsidy from the Authority; however, retiree loss experience is pooled with active employee loss experience for setting rates and the difference between the true claims cost and the blended rate creates an implicit rate subsidy from the Authority, which is paid annually through plan premiums and charges.

For retirees enrolled in the PEBP, the Authority is required to pay an explicit subsidy, based on years of service. Retirees are eligible for a subsidy after 5 years of service with a Nevada state or local government entity. The maximum subsidy is earned after 20 years of combined service with an eligible entity. If the retiree worked for more than one eligible entity, the subsidy is split based on the length of time with each entity. In fiscal year 2025, the Authority's cost per month per retiree ranged from \$9 to \$1,315.

Because the Authority funds its actual OPEB costs on a pay-as-you-go basis, any future increase or decrease in the cost of the Authority's offered post-employment benefits will impact (either positively or negatively) Pledged Revenues in any given year. The Authority makes no representations as to whether the actual cost of such post-employment benefits will increase or decrease in future years as such changes largely depend on market forces beyond the Authority's control.

The Authority's General Fund pays for post-employment healthcare benefits on a pay-as-you-go basis. The annual funding considerations include biannual actuarial studies, among other factors and conditions. An agency fund is not required because the Authority does not hold any assets in a fiduciary capacity.

Sensitivity Analysis. The sensitivity analysis below indicates what the Authority's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.93%) or 1- percentage-point higher (4.93%) than the current rate:

	1% Decrease in Discount Rate	Discount Rate 3.93%	1% Increase in Discount Rate
Primary Plan	\$39,793,986	\$33,040,988	\$27,753,990
PEBP	<u>2,063,205</u>	<u>1,858,185</u>	<u>1,685,168</u>
Total OPEB Liability	\$41,857,191	\$34,899,173	\$29,439,158

The sensitivity analysis below indicates what the Authority's total OPEB liability would be if it were calculated using a health care cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease in Health Care Trend Rate	Health Care Trend Rate	1% Increase in Health Care Trend Rate
Primary Plan	\$27,789,990	\$33,040,988	\$40,585,985
PEBP	<u>1,693,169</u>	<u>1,858,185</u>	<u>2,048,204</u>
Total OPEB Liability	\$29,483,159	\$34,899,173	\$42,634,189

See Note 11 in the audited financial statements attached hereto as APPENDIX A for a further description of the Authority's OPEB liabilities, a description of the OPEB plan, and the funding status.

Insurance

The Authority has a comprehensive insurance program in place. Current coverage includes property coverage with a limit in excess of \$1,000,000. In addition, the Authority carries commercial general liability insurance with a \$1,000,000 base policy, which includes automobile liability coverage, umbrella excess policies which total \$75,000,000 and terrorist acts insurance. These policies expire on August 1, 2026 and are expected to be renewed.

The Authority self-insures for workers' compensation. The Authority has purchased excess workers compensation insurance for all claims over \$400,000 per claim and \$1,000,000 in total. The Authority also has purchased Directors and Officer's liability insurance, which includes employment practices liability coverage (\$10,000,000 coverage).

In the opinion of the Authority's Chief Financial Officer, the Authority's insurance policies provide adequate insurance protection for the Authority.

Capital Plans

General. The Authority develops a five-year Capital Improvement Plan ("CIP") in conjunction with its budget process and updates it annually. The CIP is a planning document and does not authorize or fund projects; the Authority authorizes individual projects on an as-needed basis. Capital projects that are expected to be designed and constructed over the next five years, as well as equipment purchases exceeding \$30,000, are included in the CIP table below. The Authority maintains a Capital Project Fund for these purposes. The Authority also plans for significant, non-recurring facility capital improvements, in addition to routine capital projects. These capital programs, depending on scope and projected costs, are generally accounted for in separate dedicated capital funds.

LVCCD Program. The LVCCD Capital Projects Fund is restricted to report all revenues and expenditures related to the expansion and renovation project(s) associated with the LVCCD Program. The LVCCD Program includes the expansion of the Convention Center and a comprehensive facility renovation plan to modernize and grow the existing facility.

There are three major conceptual phases in the LVCCD Program. Phase One, the acquisition and demolition of the Riviera Hotel and Casino, was completed in 2017.

Phase Two added approximately 1.4 million total square feet with 600,000 square feet of new exhibit space, plus additional square footage for meeting rooms, additional parking, new food and beverage outlets, and support and service spaces. Phase Two of the LVCCD Program cost approximately \$1 billion and was completed in 2021.

Phase Three of the LVCCD Program includes the renovation, modernization and additions to the existing facility to ensure consistency with the Phase Two expansion. The

estimated \$600 million budget is fully funded. Phase Three construction began in FY 2023, is substantially complete, and was opened to the public on January 5, 2026.

Capital Project Fund. The following table sets forth the currently planned expenditures from the CPF for fiscal years 2026 through 2030. Near-term capital improvement projects are not expected to affect the ability to lease all available square footage in the Convention Center.

Planned Expenditures from the CPF

<i>Fiscal Year</i>	<i>CPF Expenditures</i>
2026	\$155,000,000
2027	116,100,000
2028	21,000,000
2029	24,000,000
2030	<u>29,000,000</u>
	\$345,100,000

The Authority has historically funded portions of CIP projects using transfers from the General Fund; transfers were \$19.5 million in FY 2024, \$52.0 million in FY 2025, and \$70.0 million is budgeted for FY 2026. The Authority expects to issue approximately \$45,000,000 of Room Tax Revenue Refunding Bonds in late March 2026 to refinance portions of its 2016C Bonds.

AUTHORITY FINANCIAL INFORMATION AND DEBT STRUCTURE

General. The Authority's revenue is derived from the following sources: Room Taxes, Gaming Fees, Facilities Revenues, Las Vegas Monorail revenues, and income from investments and other miscellaneous sources. However, not all of the Authority's revenue is pledged to the repayment of the 2026A Bonds. **Only the Pledged Revenues are pledged to pay debt service on the 2026A Bonds. Expansion Pledged Revenues are not pledged to the payment of the 2026A Bonds.**

Major Sources of Revenue. Room Taxes historically have provided the main source of Authority General Fund revenue (historically averaging approximately 80% of such revenue). Facilities Revenues (charges for services) historically have provided the next largest source of Authority General Fund revenue (historically averaging approximately 16%). Descriptions of Room Taxes and Facilities Revenues and related collection data can be found in "REVENUES AVAILABLE FOR DEBT SERVICE."

Budgeting

General. Prior to April 15 of each year, the tentative budget for the next fiscal year commencing on July 1 is filed with the State Department of Taxation and the County Clerk. The proposed operating budget contains the proposed expenditures and means of financing them.

The Authority is required to conduct a public hearing, no earlier than the third Monday in May and no later than the last day in May. The Authority is required to adopt the final budget on or before June 1. The final budget, as approved by the Authority, is on file for public inspection at the Authority offices, the State Department of Taxation and the office of the County Clerk.

Chief Officers and Senior Vice Presidents are authorized to transfer appropriations between accounts within their respective functions. The CEO is authorized to transfer appropriations between departments within and between the various functional levels of the general fund. Any revisions that alter or augment total appropriations at the functional level of a fund must be reported to the Board at the next regular meeting. Any revisions that alter or augment total appropriations at the fund level must be approved in advance by the Board. Formal budgetary integration is employed as a management control device during the year for all funds of the Authority.

Actual expenditures cannot exceed budgeted appropriations, except for designated exceptions under Nevada Revised Statutes. At year end, any encumbered appropriations lapse, and outstanding encumbrances are re-appropriated in the following year's budget.

Annual Reports

General. The Authority prepares an annual comprehensive financial report setting forth the financial condition of the Authority as of June 30 of each fiscal year. The latest completed report is for the year ended June 30, 2025. The annual comprehensive financial report is the official financial report of the Authority. It was prepared following generally accepted accounting

principles (“GAAP”). See Note 1 to the audited financial statements attached hereto as APPENDIX A for a description of the Authority’s significant accounting policies.

Certificate of Achievement. The GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to the Authority for its comprehensive financial report for the fiscal year ended June 30, 2024, and submitted its fiscal year 2025 annual comprehensive financial report for review in this program. This is the 42nd consecutive year the Authority has received this recognition. A certificate of achievement is valid for a period of one year only. To be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report with contents conforming to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

Accounting

The Authority maintains governmental fund types for accounting purposes. The governmental funds include: the General Fund, used to account for all financial resources of the Authority except those required to be accounted for in another fund; the Capital Projects Fund, used to account for the financial resources to be used for the acquisition or construction of major capital facilities; the LVCCD Capital Projects Fund, used to account for all project costs related to Phase Two and Phase Three of the LVCCD Program; the LVCCD debt service fund used to account for expansion-related debt service, and the debt service funds, used to accumulate monies for the payment of principal and interest on certain other outstanding bonds. All governmental funds are accounted for using the modified accrual basis of accounting in which revenues are recognized when they become measurable and available as net current assets.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. The exception to this general rule is principal and interest on general long-term debt which is recognized when due.

History of Revenues, Expenditures and Changes in Fund Balance - General Fund

General. The table below presents a five-year history of the Authority’s General Fund revenues, expenditures and changes in fund balance. The historical information in this table has been derived from the Authority’s annual comprehensive financial reports for the years ended June 30, 2021, through 2025. The table also presents budget information fiscal year 2026. The information in this table should be read together with the Authority’s audited basic financial statements for the year ended June 30, 2025, and the accompanying notes, which are included as APPENDIX A hereto. Financial statements for prior years can be obtained from the sources listed in “INTRODUCTION—Additional Information.”

Pursuant to an adopted financial management policy, the Authority targets ending general fund balance between 4% and 16% of budgeted general fund operating expenditures. Fiscal year 2025 ending fund balance was budgeted at 37.4%; however, the actual ending fund balance was 59.6%. Fiscal year 2026 ending fund balance was budgeted at 34.7%. Additionally, the Authority targets a goal of accumulating 20% of annual Room Tax projections as an extraordinary economic reserve. The economic reserve is maintained in the Capital Projects Fund

and is budgeted to be \$69 million in fiscal year 2026. In the following table, portions of the amounts depicted as “Fund Balance, Ending” represent these budgeted reserves (as well as other reserves required by GAAP) that are restricted and are only available for specific expenditures. Other portions represent amounts that are designated (for contingencies and reserves) but are available for expenditure.

This table provides information about the Authority’s General Fund for informational purposes only. ***Investors are cautioned that not all of the revenues shown in the following table are available to pay debt service on the 2026A Bonds. Only the Pledged Revenues are pledged to pay debt service on the 2026A Bonds.***

Source: Derived from the Authority's annual comprehensive financial reports for fiscal years 2021-2025, and the Authority's budget for fiscal year 2026.

Recent Developments

Fiscal Year 2026 Budgeting Factors and Recent Financial Results. The Authority's fiscal year 2026 budget was prepared during a period in which tourism, which is the backbone of the Las Vegas economy, was performing well economically during the first several months of fiscal year 2025. Due to a decline in the tourism industry and the destination as a whole, total room tax in fiscal year 2026 is budgeted at \$345 million, which is lower compared to fiscal year 2025 room taxes of \$373.3 million. Fiscal year 2025 room taxes were 2.4% lower than fiscal year 2024 record-setting actual room taxes of \$382.7 million, spurred by hosting 2024 Super Bowl. Recent reinvestments in the destination from resort partners and other local businesses, along with the opening of multiple properties also support projections for continued growth in the longer term.

The Authority continually monitors numerous key visitation statistics to ensure appropriate budgeting of its primary revenue source. For the 2024 calendar year, average daily auto traffic was up 0.8%, enplaned passengers at Harry Reid International Airport were up 1.4%, as compared to the 2023 calendar year. Convention and meeting attendance remained flat compared to calendar year 2023. For the first 11 months of the 2025 calendar year, average daily auto traffic was up by 1.3%, enplaned passengers at Harry Reid International Airport were down 5.5%, as compared to the first 11 months of the 2024 calendar year. The Authority also reviews tourism data at a macro-level. Data from the United States Department of Commerce and the US Travel Association is monitored frequently, to evaluate trends for international visitation as well as domestic business and leisure travel. Although most recent indicators for the local economy trend slightly to the negative, the Authority is keenly aware of national and global economic conditions as well as legislative actions that could affect future revenue. See "CERTAIN RISK FACTORS—Dependence on Gaming, Tourism and Other Factors." Budgeting techniques and continuous monitoring of the environment are used to reduce the potential impact of these risks. Long-term plans for Authority renovation, as described earlier, are phased to align with available revenues to ensure the financial integrity of the entity.

The Authority's fiscal year 2026 estimated (subject to change) use of facilities revenue of \$77.4 million reflects an increase of 6.4% from fiscal year 2025 actual use of facilities revenue of \$72.9 million. Actual use of facilities revenue for fiscal year 2026 is budgeted at \$77.4 million due to planned and projected trade shows and conventions. Although the Authority had only one cancellation for calendar year 2025 shows, no assurance can be given that the cancellation of other shows will not occur or that any such cancellations will not have a materially adverse impact on use of facilities revenue in the current or future fiscal years.

Fiscal year 2026 estimated (subject to change) revenues, including other financing sources, are \$460.0 million, a decline of 6.6% compared to fiscal year 2025 actual results of \$492.6 million.

Although the Authority had only one cancellation for calendar year 2025 shows, and no material cancellations, no assurance can be given that the cancellation of other shows will not occur or that any such cancellations will not have a materially adverse impact on use of facilities revenue in the current or future fiscal years.

Expenditures for Marketing, Advertising, and Special Events for fiscal year 2026 are budgeted at \$220.0 million as the Authority continues to support its core mission. This is an 27.8% increase from fiscal year 2025 of \$172.1 million. The budgeted increase in fiscal year 2026 is a result of launching our new Welcome to Fabulous advertising campaign in September 2025.

Fiscal year 2026 transfers out from the General Fund are budgeted to include Debt Service of \$63.0 million. In the aggregate, total expenditures, and transfers to other funds for fiscal year 2026 are budgeted to increase by 9.7% as compared to the fiscal year 2025 mainly due to increased funding in special event, sales, marketing and advertising funding, again due primarily to the launching our new Welcome to Fabulous advertising campaign.

The Authority also currently maintains various reserves that it may elect in its sole discretion to use to pay debt service on its outstanding revenue bond obligations. The balances of those reserves are estimated to be approximately \$181.6 million at the end of fiscal year 2025. Such reserves are not pledged to any revenue bonds. However, the available balances in such funds secure the general obligation bonds issued by the County for the Authority and the 2020 Medium-Term Bond, if needed. If such available funds are not used for repayment of the general obligation bonds issued by the County for the Authority or the 2020 Medium-Term Bond, they may be applied for other purposes of the Authority at any time at its sole discretion.

The Authority continues to assess its position with a commitment to remain flexible and responsive to ensure resource allocations align with the objectives of the Authority to achieve sustainable growth for the destination. The Authority undertakes the follow analysis when monitoring its finances:

- The Authority's cash and investments position is monitored daily. The analysis includes an evaluation of cash resources against the timing of cash requirements. The Authority has never failed to meet its financial obligations for debt service funding or vendor obligations.
- Room Tax revenues and Facility Use revenues are assessed as preliminary information from the County becomes available. Final monthly revenue data is communicated to the CEO and executive team as soon as it is verified.
- Multiple economic indicators are monitored continuously by the Authority's Research and Finance staff and shared with management and executive staff as available.

Other Information. The Authority's fiscal year 2026 budget reflects the Authority's commitment to its core mission of marketing Southern Nevada as a leisure and business destination worldwide and operating the Convention Center. The Authority continually conducts research to assist it in creating effective messaging for consumers. Advertising in the current year will continue to be aggressive using unique, innovative ways to make the Las Vegas message stand out and drive awareness and favorability for the destination. Business marketing

initiatives will continue to emphasize that serious and safe business gets done in Las Vegas while highlighting the tremendous value available compared to other major business destinations.

Investment Policy

The Board has adopted an investment policy which is applicable to all investments of Authority funds. The investment policy can be changed only by the Board. Pursuant to the investment policy, investments of Authority money, bank deposits and certificates of deposit must be fully insured by the FDIC or collateralized; repurchase agreements and certificates of deposit which require collateral must be collateralized with obligations of the United States Government, its agencies or instrumentalities. Collateral must be delivered to the Authority's third party custodial agent for safe-keeping or another third party. The market value of all collateral must equal or exceed 102% of the uninsured deposits, principal amount of the certificates of deposit, or repurchase agreements and collateral must be marked to market daily for repurchase agreements and monthly for bank deposits and certificates of deposit. The policy also allows investments of the Authority's money in Banker's Acceptances & Commercial Paper with a minimum of A-1, P-1, or equivalent rating; a minimal of AAA rating for Money Market Funds and two of the three ratings of A-1, P-1 or F-1 for Negotiable Certificates of Deposit. The Authority's policy has a strategy that investments are to be held to maturity unless unforeseen circumstances require liquidation and require that investments be purchased with a time horizon which matches the anticipated time funds will be needed. A cash need analysis is utilized to maximize the investment of idle cash while ensuring adequate cash to meet existing commitments. Under the policy guidelines, investment maturities may not exceed ten years. The investment policy also requires diversification within specified parameters. Variable interest rates securities may not be purchased or accepted as collateral, the use of leveraging is not permitted, trading and speculating is not permitted, and the acquisition of derivatives and reverse repurchase agreements is prohibited. See Note 4 in the audited financial statements attached hereto as APPENDIX A for a further description of the Authority's investments as of June 30, 2025.

Debt Issuance Compliance Policy

The Board has adopted a debt issuance compliance policy which is applicable to all debt issuance activities of the Authority. The policy establishes the requirements and procedures for ensuring compliance with federal laws relating to the issuance and post-issuance monitoring of tax-exempt bonds and taxable Direct Pay Bonds. The use of tax-exempt debt plays an important role in funding the Authority's capital projects. As a result, the Authority realizes the importance of complying with federal and regulatory requirements regarding the issuance and ongoing management of its tax-exempt debt. In order to maintain the debt status as tax-exempt, the Authority must comply with post-issuance debt requirements.

Outstanding Authority Parity Indebtedness

For a list of the Authority obligations payable in whole or in part from the Pledged Revenues, see "INTRODUCTION – Security for the 2026A Bonds – *Lien Priority*."

Additional Parity Bonds. The Authority may issue Parity Securities in the future. See "SECURITY FOR THE 2026A Bonds—Additional Securities." Other additional securities will be secured by a parity or subordinate lien on the Pledged Revenues. See "LAS VEGAS CONVENTION AND VISITORS AUTHORITY - Capital Plans" and "CERTAIN RISK FACTORS - Risks Related to Additional Bonds."

General Obligation Bonds, Other Obligations and Long-Term Contracts

General Obligation Bonds. On December 9, 2020, the Authority issued its Las Vegas Convention and Visitors Authority of Clark County, Nevada, Taxable Medium-Term Bond, Series 2020 (the “2020 Medium-Term Bond”) in the principal amount of \$21,500,000 to finance the acquisition of the Las Vegas Monorail, which is not part of the Facilities. The 2020 Medium-Term Bond matures on June 1, 2028, and is a general obligation of the Authority secured by the Authority’s full faith and credit. Pledged Revenues will be used for the payment of debt service on the Parity Bonds prior to payment of debt service on the 2020 Medium-Term Bonds. As of the date of issuance of the 2026A Bonds, the 2020 Medium-Term Bond is outstanding in the amount of \$13,094,000.

Other Obligations. The Authority is a party to various non-cancellable operating leases for office space, parking spaces, computers, copiers, and other office equipment. From time-to-time, the Authority also sponsors various special events which bring people to Las Vegas.

It is the Authority’s policy to permit employees to accumulate earned but unused paid time off (“PTO”) benefits. Such benefits are accrued within the government-wide statements when earned by the employee. The Authority records a liability for these PTO (compensated absence) accruals.

For additional information about the Authority’s other obligations see Notes 1, 7, 8 and 13 to the audited financial statements attached hereto as APPENDIX A.

Long-Term Contracts. The Authority is a party to many long-term contracts, some of which are discussed below.

R&R Partners (R&R) is the official advertising and marketing communications agency for the Authority. R&R develops marketing plans for both long-term and short-term initiatives and works with the Authority in the areas of consumer marketing, business and convention marketing, international marketing, and extended destination marketing. The current contract, which began in August of 2021, may not exceed \$500 million, including R&R’s services fees (Agency Compensation), content creation costs, and media purchases, which are reimbursable expenses at agency cost and determined annually through the Authority’s budget process, with two optional two-year extensions. The current contract, which marks the final extension period, is through July 31, 2027, which either party can terminate with 90 days’ notice. The annual Agency Compensation is approximately \$21.0 million for FY26.

The Authority, through R&R, also sponsors various special events and pays for media advertising of the destination and its events, which bring people to Las Vegas. Some of these involve multi-year contracts. On June 30, 2025, these contract commitments were \$43.5 million for FY 2026, at the time of this report there are no future commitments beyond FY 2026.

In August of 2021, the Authority entered into a two-year agreement with an additional advertising company, Grey Group (Grey), for social marketing services, with two optional two-year extensions. The contract amount is not to exceed \$160 million, inclusive of Grey’s services fees (Agency Compensation), content creation costs, and media purchases for social platforms, which shall be capped through the Authority’s annual budget process. The FY26 annual Agency Compensation for the Grey Group is approximately \$9.1 million.

Las Vegas Kick-Off Classic

In September 2025, the Board authorized a \$2.65 million sponsorship agreement with ESPN Productions, Inc. to host the 2027-2030 Las Vegas Kick-Off Classic college football games at Allegiant Stadium.

College Football Playoff National Championship

In January 2025, the Board authorized the CEO/President to execute a Championship Game Agreement with the College Football Playoff (CFP) Group, not to exceed \$40.0 million, comprised of \$25.0 million budget with a \$15.0 million contingency. The 2027 CFP championship game will be held at Allegiant Stadium in January 2027.

National Finals Rodeo

The Authority has a \$33 million sponsorship agreement with Professional Rodeo Cowboys Association (PRCA) to host the National Finals Rodeo annually in Las Vegas from 2025 – 2035 for an annual payment of \$3 million.

Professional Bull Riders

In December 2021, the Board authorized a five-year, \$6.4 million (\$2.0 million remaining as of June 30, 2025) deal with Professional Bull Riders LLC for a new team bull-riding championship series. The multi-event series will host its playoffs and championships at T-Mobile Arena each year, 2022-2026.

NASCAR Sponsorship

In March 2017, the Authority Board approved an agreement to sponsor two annual NASCAR races at the Las Vegas Motor Speedway through 2024, with a possible three-year extension, for a total cost of \$17.5 million. The required payment from the Authority is \$2.5 million annually, which includes other ancillary marketing sponsorship benefits. In December 2020, the Authority Board approved an additional \$7.5 million to the Race Sponsorship Agreement, reducing the annual amount to \$1.75 million and extending the term of the agreement through FY 2032. There is \$12.25 million remaining for FY 2026 through FY 2032.

NCAA Men's Final Four

In July 2025, the Board authorized the CEO/President to execute a Championship Game Agreement with the National Collegiate Athletic Association (NCAA) in an amount not to exceed \$26.0 million, for the 2028 NCAA Men's Final Four to be held at Allegiant Stadium in Las Vegas.

U.S. Bowling Congress Open Championships

In January 2023, the Board approved an expenditure in the amount of \$8.4 million to fund the United States Bowling Congress Open Championships, Women's Championships, and Category B Events in 2028-2039 at South Point Tournament Bowling Plaza and other Las Vegas bowling centers.

International Offices

The Authority has contracts for international office representation, in the following locations: Canada, Mexico, Germany, South Korea, the United Kingdom, and Ireland. The contracts for Canada, Germany, and South Korea total \$3.3M for FY 2026 and FY 2027. The contract for the United Kingdom and Ireland is through FY 2028, with optional one-year extensions for FY 2029 and FY 2030, for a total amount of \$7.3 million. The contract for Mexico is through FY 2027, is valued at \$679 thousand, and has an escalator adjusted annually by CPI, not to exceed 3.5%. All international office contracts can be terminated, without cause, with a 30-day notice.

Formula One Grand Prix

In August 2025, the Board authorized a sponsorship agreement with Liberty Dice, Inc. to host an annual Formula One Las Vegas Grand Prix race from 2026-2027 for up to \$10.0 million per year.

Cox Nevada Telecom

In March 2024, the Board awarded Cox Nevada Telcom (Cox) a contract to be the exclusive provider of the telecommunications services at the Las Vegas Convention Center (LVCC), for an initial term from July 1, 2024, through June 30, 2029, with one optional five-year extension period. This is a revenue share agreement with the Authority. This also includes technology infrastructure asset investments in the Authority facilities by Cox during the contract period which are amortized over the useful life of the assets. The Board authorized the potential purchase of these technology infrastructure assets of up to \$15 million in the event of contract termination before the full amortization period.

Sodexo

Since January 2017, Sodexo Live! (Sodexo) has operated in the Convention Center under a Food and Beverage Concessions Lease, as the exclusive provider of both retail and catered food and beverage products and services. The current lease concludes on June 30, 2027. Commission rates paid to the Authority are based on a tiered structure of gross receipts, adjusted annually for CPI. Normal commission rates are 15.0% - 22.5%, with a 3.0% set-aside for replacement and maintenance. The contract also amortizes a previously completed \$16 million Sodexo investment, over the remaining life of the agreement. The Authority's buyout cost on June 30, 2025, if the contract were terminated early, would be \$2.5 million. The current agreement also includes \$5 million in improvements for the West Hall expansion amortized over a period of seven years from the service date, through December 2027. The Authority's buyout cost on June 30, 2025, if the contract were terminated early, would be \$1.8 million. If the contract isn't renewed past June 30, 2027, the payout at that time would be \$300 thousand for the last 6 months of the amortization period, which approximates the estimated value of the assets provided to the Authority at that time.

Energy Supply Agreement

In June 2024, the Board authorized entering into an energy supply agreement (ESA) with Nevada Power Company (NPC), through January 1, 2052. The ESA ensures that the Authority will continue to purchase all its energy needs from NPC, provided that NPC provides a

specified amount of energy from renewable or green resources. The ESA would start at the current effective bundled rate, that 85% of the costs under the proposed ESA would remain consistent for the next 25 years, and that the remaining costs are NVE costs that would exist regardless of the ESA. The cost of the ESA is approximately equivalent to the Authority's current costs for this portion (65%) of our energy purchase, which is a fiscal impact of approximately \$5.6 million per year. The ESA has not been approved by both parties and is subject to future approval by the Public Utility Commission of Nevada, which is required for the enforceability of the ESA.

IAEE Expo! Expo!

In March 2025, the Board authorized the CEO/President to execute a \$1.3 million agreement to be the International Association of Exhibition and Events (IAEE) host city in December 2028.

Venue Management and Financial Systems

In May 2025, the Board authorized \$4.5 million total for separate five-year agreements for new venue management and financial management systems, including implementation and training.

Other Obligations

The Authority has no long-term obligation to fund other organizations: for example, Las Vegas Events, which is contracted with Authority for FY26 for \$6.8M; however, some organizations engage in long-term sponsorship commitments with the Authority.

During FY 2018, the Authority entered into a naming rights agreement related to the Las Vegas Ballpark, which opened for the 2019 baseball season, and now houses the Las Vegas minor league baseball team that previously played at Cashman Center. The 20-year agreement provides the Authority with exclusive naming rights, dominant sponsorship signage, and other marketing assets for an annual fee of \$4 million, commencing in FY 2019.

In June 2023, the Board authorized an amendment to the agreement with Western Management Group for the operations and management of the Las Vegas Monorail System (Monorail) of up to \$60 million, for the period from July 1, 2023, to June 30, 2026 (up to \$20 million remaining as of June 30, 2025).

In April 2024, the Board approved a two-year extension to the agreement with The Boring Company totaling \$10 million for July 1, 2024, through June 30, 2026.

Construction Contracts and Other Significant Commitments

The Authority is a party to several contracts and commitments relating to construction projects and services related to the Authority's facilities and land. The Board has authorized up to \$466.1 million with Hunt/Penta Joint Venture for the construction of Phase Three of the LVCCD Program, with \$83.4 million remaining on June 30, 2025. Other contracts in the LVCCD Capital Fund and the Capital Projects Fund totaled approximately \$150.0 million and \$35.7 million, respectively, with an estimated remaining contractual commitment of approximately \$36.6 million and \$21.0 million, respectively. As of June 30, 2025, other outstanding commitments in the General Fund totaled approximately \$12.1 million. As of June 30,

2025, the Authority Board has approved staff to host other future events in the destination during FY 2026, totaling \$2.7 million not previously disclosed.

For additional information about the Authority's long-term contracts see Note 13 to the audited financial statements attached hereto as APPENDIX A.

CLARK COUNTY, NEVADA

General

Clark County, a political subdivision of the State, was organized in 1909. The County has been and is now operating under the provisions of the general laws of the State. The County covers an area of 8,012 square miles in the southern portion of the State. Approximately 92% of the land in the County is owned by the United States or agencies thereof. The County is the most populous of the State's 17 counties and holds approximately 73% of the State's total population. The County seat and most populous city in the State is the City of Las Vegas. The economy of the County is dependent largely on tourism (which is based on legalized gaming and related forms of entertainment), federal government activities, industry, finance and retail merchandising.

The County provides a variety of governmental services, such as those of the County recorder, assessor and treasurer, and a criminal justice system, which includes the courts, district attorney, and public defender. In addition, the County provides local social and welfare services and local institutional youth services. The County also operates local public airports and hospitals from revenues provided from operations. The County supervises water and sewage systems through the Las Vegas Valley Water District, the Clark County Water Reclamation District, the Big Bend Water District, the Kyle Canyon Water District and the Coyote Springs Water Resources General Improvement District. The County provides road maintenance and construction, animal control, parks and recreation, fire protection, building inspection, and other local services to its unincorporated areas.

Board of County Commissioners

The Board of County Commissioners is the governing body of the County. The seven members are elected from County commission election districts for four-year staggered terms. The Board members also serve as the directors of the Las Vegas Valley Water District, as trustees of the University Medical Center of Southern Nevada, the Clark County Water Reclamation District, the Big Bend Water District, the Kyle Canyon Water District, the Coyote Springs Water Resources General Improvement District, and as members of the Clark County Redevelopment Agency, the Clark County Liquor and Gaming Licensing Board, the Mount Charleston Fire Protection District, and the Moapa Valley Fire Protection District.

The current members of the County Board and their terms of office are as follows.

Commission Member	District	Years of Service	Expiration of Current Term
Michael Naft, Chairman	A	7 years	2029
William McCurdy, II, Vice-Chairman	D	5 years	2029
Marilyn Kirkpatrick	B	10 years	2029
April Becker	C	1 year	2029
Tick Segerblom	E	7 years	2027
Justin Jones	F	7 years	2027
James B. Gibson	G	8 years	2027

County Commissioners are subject to term limitations (12 years) pursuant to the State constitution.

Administration

The County Manager is the County's chief executive officer and serves at the pleasure of the Board. Kevin Schiller is the County Manager. Jessica L. Colvin is the County's Chief Financial Officer. Brief biographies for Mr. Schiller and Ms. Colvin follow:

Kevin Schiller was appointed County Manager effective November 11, 2022. In his position as the County's chief executive officer, Mr. Schiller is responsible for the executive oversight of the nation's 11th largest county, which provides regional and municipal-type services to over 2.4 million residents. Mr. Schiller is charged with carrying out the policies established by the seven-member Board of County Commissioners. He is responsible for the fiscal management of the County's \$12.8 billion budget and provides administrative oversight for 39 diverse and geographically dispersed departments (including Airport and University Medical Center) and for more than 10,000 employees. Mr. Schiller joined the County on May 16, 2017, as a Deputy County Manager responsible for the departments of Family Services, Social Service and the Public Defender. He also was the County Manager's representative to the office of the County Clerk. Prior to coming to Clark County, Mr. Schiller served more than 17 years in the role of Director of Washoe County's Department of Social Services. During his tenure with Washoe County, he led the integration of human services and created innovative programming to serve vulnerable children, adults and families. He began his career as a social worker and juvenile probation officer for the State of Wyoming. Mr. Schiller holds a bachelor's degree in social work from the University of Nevada, Reno.

Jessica Colvin is the Chief Financial Officer for Clark County. Ms. Colvin is responsible for administering the County's \$12.8 billion budget as well as the County's debt portfolio, and also oversees Budget and Financial Planning, Accounting, and the Detention Center finances. She also works closely with the County Assessor, Clerk, Recorder, and Treasurer. Ms. Colvin previously chaired the Clark County, Nevada Deferred Compensation Plan Committee and Clark County, Nevada OPEB Trust and is a current member of the Committee on Local Government Finance and Nevada Public Employers' Retirement System Board. Before joining Clark County, Colvin worked in public accounting for over ten years, managing the financial and compliance audits of local governments and non-profit organizations. Ms. Colvin has a bachelor's degree in accounting from the University of Nevada, Reno and is a licensed certified public accountant in Nevada.

Employee Relations, Benefits and Pension Matters

Employee Relations. The County considers its relations with its employees to be satisfactory. The County estimates that as of February 1, 2026, there were 7,679 full-time employees (excluding Las Vegas Metropolitan Police Department (“LVMPD”) and Eighth Judicial District Court employees). Approximately 6,673 of these employees belong to the employee unions and associations which represent their respective employees in negotiation with the County for employee benefits including wages. The employees of the County are currently represented by ten collective bargaining associations. The associations and the status of each of the contracts is set forth in the table below.

<u>Bargaining Unit</u>	<u>Expiration of Current Term</u>	<u>Employee Count as of February 1, 2026</u>
Service Employees International Union Local 1107	June 2028	4,602

Juvenile Justice Probation Officers Association	June 2026	204
Juvenile Justice Supervisors Association	June 2026	30

⁽¹⁾ An impasse was declared and non-binding fact finding has occurred and is pending fact finders’ recommendation.

Benefits. The County provides a deferred compensation plan to its employees, as well as long term disability and life insurance, health insurance, paid vacation, sick leave and holidays, and reimbursement for certain educational expenses.

Pension Matters. The State Public Employees’ Retirement System (“PERS”) covers substantially all public employees of the State, its agencies and its political subdivisions, including the County. PERS, established by the Legislature effective July 1, 1948, is governed by the Public Employees’ Retirement Board whose seven members are appointed by the Governor. Retirement Board members serve for a term of four years. Except for certain County specific information set forth below, the information in this section has been obtained from publicly-available documents provided by PERS. The County has not independently verified the information obtained from the publicly available documents provided by PERS and is not responsible for its accuracy.

All public employees who meet certain eligibility requirements participate in PERS, which is a cost sharing, multiple-employer defined benefit plan. Benefits, as required by statute, are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation over 36 consecutive months. Benefit payments to which participants may be entitled under PERS include pension benefits, disability benefits, and death benefits. PERS has several tiers based on legislative changes effective with membership dates. The following table illustrates the PERS service credit multiplier.

<u>PERS Benefit Multiplier</u>					
<u>Membership Date</u>	<u>Service Credit Multiplier</u>				<u>Highest Contiguous Average Over</u>
	<u>Before 07/01/01</u>	<u>After 07/01/01</u>	<u>After 01/01/10</u>	<u>After 07/01/15</u>	
Before July 1, 2001	2.50%	2.67%	2.67%	2.67%	36 months
After July 1, 2001, before -- January 1, 2010		2.67%	2.67%	2.67%	36 months

After July 1, 2015	--	--	--	2.25%	36 months

Similarly, legislative changes have created several tiers of retirement eligibility thresholds. The following table illustrates the PERS retirement eligibility thresholds.

Nevada law requires PERS to conduct a biennial actuarial valuation showing unfunded actuarial accrued liability (“UAAL”) and the contribution rates required to fund PERS on an actuarial reserve basis. The actual employer and employee contribution rates are established in cycle with the State’s biennium budget on the first full pay period of the even numbered fiscal years. By PERS policy, the system performs an annual actuary study. The most recent independent actuarial valuation report of PERS was completed as of June 30, 2025. The following table reflects some of the key valuation results from the last three PERS’ actuary studies:

PERS Actuarial Report

Key Valuation Results	June 30, 2025	June 30, 2024	June 30, 2023
UAAL	\$19.95 billion	\$20.13 billion	\$18.80 billion
Market Value Funding Ratio	80.5%	78.1%	76.2%
Actuarial Value Funding Ratio	77.3%	75.6%	75.4%
Assets Market Value	\$70.8 billion	\$64.46 billion	\$58.32 billion
Assets Actuarial Value	\$68.03 billion	\$62.40 billion	\$57.77 billion

For the purpose of calculating the actuarially determined contribution rate, the UAAL is amortized as a level percent of payroll over a year-by-year closed amortization period where each amortization period is set at 20 years. Effective June 30, 2022, the outstanding balance of all Regular amortization bases, except for the initial base dated June 30, 2004, were combined and re-amortized over a closed 20-year period, and the outstanding balance of all Police/Fire amortization bases, including the initial base dated June 30, 2004, were combined and re-amortized over a closed 20-year period. Any new UAAL as a result of actuarial gains or losses or a change in actuarial assumptions or methods will be amortized over 20 years. The PERS Board also adopted a five-year asset smoothing policy for net deferred gains/losses.

The following presents the net pension liability of PERS as of June 30, 2025, and the County’s proportionate share of the net pension liability of PERS as of June 30, 2024, calculated using the discount rate of 7.25%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.25%) or one percentage point higher (8.25%) than the current discount rate:

Net Pension Liability

	1% Decrease in <u>Discount Rate (6.25%)</u>	<u>Discount Rate (7.25%)</u>	1% Increase in <u>Discount Rate (8.25%)</u>
PERS Net Pension Liability	\$29,055,348,823	\$18,067,886,503	\$9,003,110,455
County Share of PERS Net Pension Liability	\$4,729,585,929	\$2,941,063,359	\$1,465,512,763

(1) The County's proportionate share of the PERS net pension liability (discounted at 7.25% above) includes \$1,265,559,249 for the LVMPD. The LVMPD is jointly funded by the County and the City of Las Vegas, Nevada (the "City"). Accordingly, the City is liable for its portion of the LVMPD net pension liability, totaling \$430,290,145. A corresponding receivable has been recorded in the County's Government-Wide Statement of Net Position as of June 30, 2025.

Contribution rates to PERS are established in accordance with State statute. The statute allows for biennial increases or decreases of the actuarially determined rate. The State Legislature can increase the contribution rate for members by any amount it determines necessary. Pursuant to statute, there is no obligation on the part of the employers to pay for their proportionate share of the unfunded liability. The County is obligated to contribute all amounts due under PERS. A history of contribution rates, as a percentage of payroll, is shown below.

Contribution Rates

	<u>Fiscal Years 2018 and 2019</u>	<u>Fiscal Years 2020 and 2021</u>	<u>Fiscal Years 2022 and 2023</u>	<u>Fiscal Years 2024 and 2025</u>	<u>Fiscal Years 2026 and 2027</u>

The County's contribution to PERS (which includes contributions for Harry Reid International Airport, the University Medical Center of Southern Nevada, the LVMPD, and the Clark County Water Reclamation District) for the years ended 2021, 2022, 2023, 2024 and 2025 were \$439,056,734, 470,140,622, \$490,320,412, \$578,284,194, and \$630,728,100, respectively, equal to the required contributions for each year. The County has budgeted a contribution to PERS of \$760,515,857 for the year ended June 30, 2026. Effective July 1, 2022, there is an updated Memorandum of Understanding that clarifies the Eighth Judicial District Court's relationship with the County. As such, beginning in 2023, the PERS contribution amounts do not include the District Court. From 2018 to 2022, the District Court PERS contributions ranged between 2.4% to 2.5% of total contributions. Effective July 1, 2023, the Clark County Water Reclamation District will be reported as a discretely presented component unit, instead of a blended component unit, of the County. As such, beginning in 2024, the PERS contribution amounts do not include Water Reclamation District. From 2019 to 2023, Water Reclamation District PERS contributions ranged between 1.9% to 2.1% of total contributions.

See Note (III)(13) in the audited financial statements attached hereto as APPENDIX A for additional information on PERS. In addition, copies of PERS' most recent annual financial report, including audited financial statements and required supplemental information, are available from the Public Employees Retirement System of Nevada, 693 West Nye Lane, Carson City, Nevada 89703-1599, telephone: (775) 687-4200.

Other Post-Employment Benefits.

The County and the component units described in Note I of APPENDIX B contribute to six different defined-benefit post-retirement health programs: Clark County Self-Funded OPEB Trust, Department of Aviation Self-Funded OPEB Trust, Las Vegas Metropolitan Police Department OPEB Trust, Public Employee Benefit Program (“PEBP”), Clark County Firefighters Union Local 1908, and UMC Retiree Health program. Each plan provides medical, dental, and vision benefits to eligible active and retired employees and beneficiaries. Except for PEBP, benefit provisions are established and amended through negotiations between the respective unions and the employers. PEBP benefit provisions are established by the Legislature. Prior to June 2017, the County used the Other Post-employment Benefits Reserve internal service fund to allocate OPEB costs to each fund, based on employee count. Each fund incurred a charge for service from the Other Post-employment Benefit Reserve fund for their portion of the annual OPEB cost. For a discussion of the plans’ benefits and costs as well as the valuation of the Net OPEB Liability as of June 30, 2025, see Note (III)(15) in the audited financial statements attached hereto as APPENDIX B. The County historically has funded its OPEB liability on a pay-as-you-go basis; the amounts funded historically have been less than the annual required contribution.

The County exercised its purchase option and purchased the LVMPD headquarters for \$208 million from reserves held in the Other Post-employment Benefit Reserve internal service fund. Lease revenue generated from the lease of the LVMPD headquarters to LVMPD has been committed by the Board of the County Commissioners to the Other Post-employment Benefit Reserve internal service fund for the purpose of funding the County’s OPEB obligations. The current monthly base rent is \$1,338,951 and is subject to an annual base rent adjustment. The term of the lease is scheduled to expire on June 1, 2041.

In June 2017, the County closed the OPEB Reserve internal service fund and transferred the internal service fund’s assets to a new Post-Employment Benefit Reserve special revenue fund due to accounting standard changes in Governmental Accounting Standards Board (GASB) Statement No. 75. In addition, the lease revenue from the LVMPD headquarters has been committed by the Board of County Commissioners to the Post-Employment Benefit Reserve special revenue fund. The purpose and function of the Post-Employment Benefit Reserve special revenue fund is the same as the former OPEB internal service fund except the use of these funds has been expanded to include post-retirement benefits in general, including pension contributions. Although the allowed use of these funds has been expanded, the County continues to only charge OPEB related costs to this fund.

In addition, on March 4, 2014, the Board executed a trust agreement for the Clark County, Nevada Self-Funded OPEB Trust Fund (“the Trust”). The County made \$82.9 million in payments to the Trust in fiscal year 2015 and made no payments to the Trust in fiscal years 2016, 2017, and 2018. The County made contributions of \$24.1 million to the Trust in fiscal year 2019 and contributions of \$12.9 million in fiscal year 2020. No contributions were made to the Trust in fiscal years 2021, 2022, 2023, or 2024, and the budgeted contribution of \$180,000 was made in fiscal year 2025. There is no contribution budgeted for fiscal year 2026. At December 31, 2025, net assets held in trust were \$286,034,217.

COUNTY FINANCIAL INFORMATION

Annual Reports

General. The County Comptroller prepares an annual comprehensive financial report (the “Annual Report”) setting forth the financial condition of the County as of June 30 of each fiscal year. The latest audited report is for the year ended June 30, 2025. The basic financial statements come from the Annual Report, which is the official financial report of the County. The basic financial statements were prepared following generally accepted accounting principles. See Note I in the audited basic financial statements attached hereto as APPENDIX B for a summary of the County’s significant accounting policies. The County’s Annual Report for the year ended June 30, 2025, is attached hereto as APPENDIX B.

Certificate of Achievement. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Clark County for its Annual Report for the fiscal year ended June 30, 2024. This is the 44th consecutive year that the County has received this recognition. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Annual Report with contents conforming to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. The County has submitted its Annual Report for the fiscal year ended June 30, 2025 for award consideration.

Budgeting

Prior to April 15 of each year, the County Manager is required to submit to the State Department of Taxation the tentative budget for the next fiscal year which commences on July 1. The tentative budget contains the proposed expenditures and means of financing them. After reviewing the tentative budget, the State Department of Taxation is required to notify the County upon its acceptance of the budget. The County has met all of its statutory deadlines for submitting its budget requirements.

Following acceptance of the proposed budget by the State Department of Taxation, the Board is required to conduct a public hearing no sooner than the third Monday in May and not later than the last day of May. The adopted final budget is required to be submitted to the State Department of Taxation by June 1st.

The County Manager is authorized to transfer budgeted amounts within functions or funds, but any other transfers must be approved by the Board. Increases to a fund’s budget other than by transfers are accomplished through formal action of the Board. With the exception of moneys appropriated for specific capital projects or Federal and State grant expenditures, all unencumbered appropriations lapse at the end of the fiscal year.

Accounting

All governmental funds are accounted for using the modified accrual basis of accounting in which revenues are recognized when they become measurable and available as net current assets. Sales and use taxes, motor vehicle fuel taxes and privilege taxes are considered “measurable” when in the hands of intermediary collecting governments and are recognized as revenue at that time. Ad valorem property taxes are considered measurable when received by the

County.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. The exception to this general rule is principal and interest on general long-term debt which is recognized when due.

All proprietary funds are accounted for using the accrual basis of accounting in which revenues are recognized when they are earned, and their expenses are recognized when they are incurred. Unbilled service receivables are recorded at year end.

County Investment Policy

NRS 355.170 sets forth investments in which the County Treasurer may invest taxes and other County moneys, which currently include United States Treasury notes, bonds and bills, certain federal agency securities, bankers acceptances, commercial paper, money market mutual funds, certificates of deposit of local banks, corporate securities, collateralized mortgage obligations, and repurchase agreements (“Authorized Investments for Counties”). Under the current investment policy approved by the Board of County Commissioners (the “Investment Policy”), the County Treasurer is required to invest all County moneys in accordance with the Investment Policy. Under the Investment Policy, the County Treasurer may invest such moneys in investments described therein, which include certain State Authorized Investments (the “County Authorized Investments”). Certain other restrictions are contained in the Investment Policy, including limitations on maturities of certain County Authorized Investments and ratings qualifications on certain categories of investments.

A large portion of the money held by the County Treasurer for investment is invested through the Treasurer’s general pooled investment fund (the “County Pool”). Unexpected withdrawals could force the sale of some investments prior to maturity and lead to realization of losses. Such unexpected withdrawals by the County Treasurer are considered highly unlikely. The current Investment Policy allocates gains on securities in the County Pool on a pro rata basis and the County Treasurer reports that any losses would be allocated on the same basis.

General Fund Information

General. The purpose of the General Fund is to finance the ordinary operations of the County (including debt service to the extent that the ad valorem tax levy is not sufficient to service outstanding debt) and to finance those operations not provided for in other funds. Included are all transactions related to the approved current operating budget, its accompanying revenue, expenditures and encumbrances, and its related asset, liability, and fund equity accounts.

Revenue and Expenditures. The County relies upon the consolidated tax, property taxes and revenue from licenses, permits and fees for the bulk of its General Fund revenues. The County’s annual General Fund expenditures are dominated by the funding support of a variety of mandated functions. These include support of the court system, aid and relief to the indigent, public safety functions (i.e., police, fire protection and detention services), and several general government services (assessor, clerk, recorder, treasurer, commission/administration, etc.). Functions other than indigent care (which were capped by statute) are appropriated for on the basis of the demand for the service, subject to funding constraints.

Effect of Federal Sequester. On March 1, 2013, the federal government announced the implementation of certain automatic budget cuts known as sequestration, including reductions in subsidy payments related to “Build America Bonds” (“BAB subsidies”). BAB subsidies were reduced by 5.7% in federal fiscal year 2021, and the sequestration reduction rate of 5.7% is expected to continue through September 30, 2030. The sequestration reduction rate remains subject to change should additional laws be enacted which impact the sequester.

As set forth under the caption “COUNTY DEBT STRUCTURE--Outstanding Indebtedness and Other Obligations,” a small portion of the County’s outstanding indebtedness is comprised of “Build America Bonds.” However, the County’s projected general obligation debt service does not reflect the receipt of any BAB subsidies and the County does not expect sequestration to have a material adverse effect on its ability to make payments of interest on the County’s outstanding “Build America Bonds.”

History of County General Fund Revenues, Expenditures and Changes in Fund Balance

The following table presents a history of the County’s General Fund revenues, expenditures and changes in fund balance for its fiscal years ended June 30, 2021 through 2025, and budgeted information for its fiscal year ending June 30, 2026. The information in this table should be read together with the County’s audited financial statements for the year ended June 30, 2025, and the accompanying notes, which are included as APPENDIX B hereto. Financial statements for prior years can be obtained from the sources listed in “INTRODUCTION - Additional Information.”

The information presented in the following table includes the County’s General Fund only; the funds required to be reported with the County’s General Fund for purposes of GASB 54 have been excluded from this table.

(1) For fiscal year 2022, the amount includes a State and Local Fiscal Recovery Fund revenue replacement to fund public safety costs in the amount of \$367,504,415.

(2) For fiscal year 2022, the loss is due to a market value adjustment required by GASB 31.

(3) For fiscal year 2022, the increase is due mainly to a reimbursement of prior fiscal year costs.

(4) The fluctuation in these categories is due in part to the reclassification of budget items.

(5) Effective July 1, 2022, there is an updated Memorandum of Understanding that clarifies the Eighth Judicial District Court's relationship with the County. As such, beginning in fiscal year 2023, the District Court expenses are no longer reported in the judicial line item, but are included as a contribution under "other."

(6) For fiscal year 2026, "Other" expenses are budgeted to include \$33,548,810 for utilities, \$1,480,340 for building rental, \$13,300,000 for capital replacement, \$5,038,820 for insurance and official bonds, \$29,826,500 for miscellaneous refunds and expenditures, \$83,907,346 for internal service charges, \$15,670,000 for publications and professional services, \$41,508,419 for contributions to the Southern Nevada Health District, and \$98,956,041 for contributions to the Eighth Judicial District Court. The increase in fiscal year 2025 is related to additional charges from the liability fund due to a litigation settlement.

- (7) Transfers include interest earnings and funds received from unincorporated towns within the County and the Clark County Fire District for services that the County provides. The main sources of transfers are taxes collected by the unincorporated towns and fire district via property taxes and/or consolidated tax.
- (8) Includes transfers for Detention, the LVMPD, the University Medical Center of Southern Nevada (“UMC”), various capital project funds, housing, and the opioid settlement fund. Detention transfers include \$254,000,000 in fiscal year 2021, \$266,000,000 in fiscal year 2022, \$283,000,000 in fiscal year 2023, \$294,900,000 in fiscal year 2024, \$339,409,221 in fiscal year 2025, and a budgeted \$345,633,221 in fiscal year 2026. Transfers to the LVMPD include \$258,107,260 in fiscal year 2021, \$261,721,585 in fiscal year 2022, \$294,594,520 in fiscal year 2023, \$319,404,198 in fiscal year 2024, \$347,209,589 in fiscal year 2025, and a budgeted \$353,545,597 in fiscal year 2026. Transfers to UMC include \$15,000,000 in fiscal year 2021, \$31,000,000 in fiscal years 2022 and 2023, \$5,000,000 in fiscal year 2024, \$5,000,000 in fiscal year 2025, and a budgeted \$5,000,000 in fiscal year 2026. No transfers were made to the Capital Projects Fund in fiscal year 2021; however, the County made transfers to the IT Capital Projects Fund of \$2,000,000 in fiscal year 2021. Capital transfers totaled \$199,599,861 in fiscal year 2022, \$267,128,215 in fiscal year 2023, \$300,613,080 in fiscal year 2024, \$157,856,090 in fiscal year 2025, and a budgeted \$77,700,546 in fiscal year 2026. Housing transfers include \$175,496,179 in fiscal year 2022, \$37,063,687 in fiscal year 2023, \$46,214,269 in fiscal year 2024, \$36,140,779 in fiscal year 2025, and a budgeted \$20,175,946 in fiscal year 2026. Opioid settlement fund transfers included \$25,000,000 in fiscal year 2024 and 2025, and a budgeted \$25,000,000 in fiscal year 2026. For fiscal year 2022, the increase was due mainly to transfers to the COVID-19 Response fund (\$221,658,955) and Community Housing fund (\$175,496,179). Additionally, there was a transfer to the Capital Projects Fund in fiscal year 2022 that did not occur in fiscal year 2021.
- (9) The decrease in fiscal year 2025 is due to a decline in franchise fees.
- (10) In the fiscal year 2026 budget column, the beginning fund balance represents the budgeted balance; it has not been adjusted to reflect actual fiscal year 2025 results.

Ad Valorem Property Tax Revenue. Ad valorem property tax revenue lags any change in property value and is capped by State law as discussed under “PROPERTY TAX INFORMATION--Required Property Tax Abatements.” For the first six months of fiscal year 2026 (unaudited), General Fund property tax revenues totaled \$347,213,709, which represents a 10.8% increase compared to fiscal year 2025 (\$313,312,928). Recent County ad valorem property tax revenues, including interest and penalties, are shown in the following table. The table below shows ad valorem property tax revenues (including penalties and interest on delinquent taxes) for the County General Fund for the past five fiscal years, and budgeted information for fiscal year 2026.

Current County policy provides that the General Fund maintain an unreserved ending fund balance of between 8.3% to 10% of expenditures and transfers. Since fiscal year 2010, unreserved ending fund balance of the General Fund has exceeded policy guidelines. The fiscal year 2026 budget maintains an unreserved fund balance of 10% of General Fund expenditures and operating transfers out.

Other County Funds

As shown in APPENDIX B, the County has numerous other funds, the largest of which are the Capital Projects Funds and the Enterprise Funds. Moneys on deposit in the Capital Projects Funds are used for the acquisition of capital equipment or construction of major capital facilities. Moneys on deposit in the Enterprise Funds are used for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the Board is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

County Debt Service Fund

The following table presents a history of the County's Debt Service Fund (for long-term County bonds) revenues, expenditures and changes in fund balance for its fiscal years ended June 30, 2021 through 2025, and budgeted information for its fiscal year ending June 30, 2026. The information in this table should be read together with the County's audited financial statements for its fiscal year ended June 30, 2025, and the accompanying notes, which are included as APPENDIX B hereto. Financial statements for prior years can be obtained from the sources listed in "INTRODUCTION - Additional Information."

Liability Insurance

General. The County has established a general liability self-insurance fund for losses up to a \$25,000 per occurrence retention limit. Losses in excess of this retention are covered by the County liability insurance pool fund.

Since January 1, 1986, the County (along with the Clark County Regional Flood Control District) has had a self-funded program for losses over the \$25,000 retention up to a \$2,000,000 per occurrence, accident or loss. Coverage from private insurers is maintained for losses in excess of the stop loss amount up to \$13,000,000. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques. The pool had a cash balance of \$16,279,173 as of June 30, 2025.

Combined Liability Funds Activity. The following table reflects the combined activity for the County’s Self-Funded Liability Insurance Fund, Liability Insurance Pool, and Detention Center Self-Funded Insurance Fund (together, the “Liability Funds”) ended June 30, 2021 through 2025, and budgeted information for the fiscal year ending June 30, 2026. The information in this table should be read together with the County’s audited financial statements for fiscal year 2025, and the accompanying notes, which are included as APPENDIX B. Cybersecurity. The County operates a large and complex information technology infrastructure to support internal and external operations. As is the case with any such environment, the threat of cybersecurity incidents is a constant one. These incidents may arise from multiple sources, including unintentional events or actions, intentional insider threat, and deliberate malicious attacks or actions from outside entities. The effect of these threats may

include unauthorized access to County systems, data or resources, inappropriate exposure or use of County information, disruption of County services, and damage to County systems.

The County has a team of IT employees that are dedicated to the protection of the County from cybersecurity attacks as well as enforcing County security policies and procedures. This team is comprised of nine full time employees with one of them serving as a supervisor for the group. Multiple technology investments have also been made by the County to implement software tools to assist the IT security team in their mission of protecting County from cyberattacks. These tools include anti-virus software, whitelisting software, extensive log monitoring tools and multi factor authentication. The County is also a PCI compliant organization that has satisfied the rigorous requirements instituted by the PCI Data Security Standards Council. However, the County acknowledges that no amount of detective or defensive measures can prevent all cybersecurity attacks or the resultant disruptions and costs. To that end, the County has obtained a cyber-liability insurance policy.

COUNTY DEBT STRUCTURE

Capital Program

The County has implemented a comprehensive capital replacement program to provide for annual departmental capital replacements. Long-term needs are addressed as a component of the Clark County Master Plan. Capital replacements as well as new capital needs are addressed in the County's Capital Improvement Program, which is funded through annual appropriations. These appropriations have ranged from \$0 to \$300.6 million per year in fiscal years 2011 through 2025. For fiscal year 2026, the County's budget includes transfers of \$26.8 million to the Capital Projects Fund, \$43 million to the Information Technology Capital Projects Fund, \$7.8 million to the Parks and Recreation Improvements Funds, and \$5 million to UMC to be used for capital purposes.

Debt Limitation

State statutes limit the aggregate principal amount of the County's general obligation debt (other than Bond Bank debt) to 10% of the County's total reported assessed valuation. The County has integrated a debt management policy with its capital planning process. The following table presents a record of the County's outstanding general obligation indebtedness with respect to its statutory debt limitation for the last five years, excluding Bond Bank debt, as of February 1, 2026.

Bond Bank Debt Limitation

State law imposes a County debt limitation of 15% for assessed valuation for general obligation bonds issued through its Bond Bank. This Bond Bank debt limitation is separate from and in addition to the 10% debt limitation for the County's general obligation debt as described above. The following table presents a record of the County's outstanding general obligation indebtedness with respect to its statutory Bond Bank debt limitation for the last five years, as of February 1, 2026:

- (1) General obligation bonds secured by the full faith, credit and taxing power of the County. The ad valorem tax available to pay these bonds is limited to the \$3.64 statutory and the \$5.00 constitutional limit (see "PROPERTY TAX INFORMATION-Property Tax Limitations").
- (2) General obligation bonds additionally secured by pledged revenues; if revenues are not sufficient, the County is obligated to pay the difference between the revenues and debt service requirements of the respective bonds.
- (3) The LVCVA Bonds, Series 2018, Series 2019C, and Series 2019D, and the Stadium Improvement Bonds, Series 2018A were issued under special state legislation that exempts them from being included in the County's general obligation bond debt limit.
- (4) Highway improvement bonds are secured by County and State taxes on motor vehicle fuels and in some cases, by sales tax and jet fuel tax revenues. Airport bonds and airport refunding bonds are secured solely by airport revenues. Economic Development Revenue Bonds issued for and payable by private companies are not included.
- (5) Secured by assessments against property improved. In the event of a delinquency in the payment of any assessment installment, the County will not have any obligation with respect to these bonds other than to apply available funds in the reserve fund and the bond fund and to cause to be commenced and pursued, foreclosure proceedings with respect to the property in question. These bonds do not constitute a debt of the County, and the County is not liable thereon.
- (6) Secured by assessments against property improved; also secured by reserve funds (in some instances), the Surplus and Deficiency Fund, the General Fund and the County's general taxing power if assessment collections are insufficient. These bonds do not constitute a debt of the County and the County is not liable thereon.

Additional Contemplated Indebtedness

The County may issue general or special obligation bonds by means of authority granted to it by its electorate or the Legislature or, under certain circumstances, without an election as provided in existing statutes. The County reserves the privilege of issuing general or special obligation bonds at any time legal requirements are satisfied. The County also reserves the ability to issue general or special obligation bonds for refunding purposes at any time.

The County presently intends to issue an estimated \$420,000,000 in general obligation bonds to fund various transportation, park and facility projects. These bonds will be additionally secured by certain pledged revenues.

The County periodically sells bonds and interim warrants for assessment districts from time to time, which may be additionally secured by the General Fund and taxing powers.

TAX MATTERS

Federal Tax Matters

In the opinion of Bond Counsel, assuming continuous compliance with certain covenants described below, interest on the 2026A Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Tax Code, and interest on the 2026A Bonds is excluded from alternative minimum taxable income as defined in Section 55(b) of the Tax Code; however, to the extent such interest is included in calculating the “adjusted financial statement income” of “applicable corporations” (as defined in Sections 56A and 59(k), respectively, of the Tax Code), such interest is subject to the alternative minimum tax applicable to those corporations under Section 55(b) of the Tax Code. For purposes of this paragraph and the succeeding discussion, “interest” includes the original issue discount on certain of the 2026A Bonds only to the extent such original issue discount is accrued as described herein.

The Tax Code imposes several requirements which must be met with respect to the 2026A Bonds in order for the interest thereon to be excluded from gross income and alternative minimum taxable income. Certain of these requirements must be met on a continuous basis throughout the term of the 2026A Bonds. These requirements include: (a) limitations as to the use of proceeds of the 2026A Bonds; (b) limitations on the extent to which proceeds of the 2026A Bonds may be invested in higher yielding investments; and (c) a provision, subject to certain limited exceptions, that requires all investment earnings on the proceeds of the 2026A Bonds above the yield on the 2026A Bonds to be paid to the United States Treasury. The Authority will covenant and represent in the Bond Resolution that: it will not take any action or omit to take any action with respect to the 2026A Bonds, the proceeds thereof, any other funds of the Authority or any facilities financed or refinanced with the proceeds of the 2026A Bonds if such action or omission(i) would cause interest on the 2026A Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the 2026A Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b) of the Tax Code. Bond Counsel’s opinion as to the exclusion of interest on the 2026A Bonds from gross income and alternative minimum taxable income is rendered in reliance on these covenants and assumes continuous compliance therewith. The failure or inability of the Authority to comply with these requirements could cause the interest on the 2026A Bonds to be included in gross income, alternative minimum taxable income or both from the date of issuance. Bond Counsel’s opinion also is rendered in reliance upon certifications of the Authority and other certifications furnished to Bond Counsel. Bond Counsel has not undertaken to verify such certifications by independent investigation.

Section 55 of the Tax Code contains a 15% alternative minimum tax on the “adjusted financial statement income” of “applicable corporations” (as those terms are defined in Sections 56A and 59(k), respectively, of the Tax Code). “Applicable corporations” are generally corporations with average annual adjusted financial statement income over a three year period of \$1 billion or more. “Adjusted financial statement income” generally means the net income or loss of a corporation (including interest on the 2026A Bonds) as set forth on the corporation’s applicable financial statement, adjusted as provided in Section 56A of the Tax Code. Corporations should consult their tax advisors about whether the corporation is an “applicable corporation” and if the corporation is such an applicable corporation, about the calculation of “adjusted financial statement income” and the alternative minimum tax for the corporation.

With respect to 2026A Bonds that were sold in the initial offering at a discount (the “Discount Bonds”), the difference between the stated redemption price of the Discount Bonds at maturity and the initial offering price of those bonds to the public (as defined in Section 1273 of the Tax Code) will be treated as “original issue discount” for federal income tax purposes and will, to the extent accrued as described below, constitute interest which is excluded from gross income or alternative minimum taxable income under the conditions and subject to the exceptions described in the preceding paragraphs. The original issue discount on the Discount Bonds is treated as accruing over the respective terms of such Discount Bonds on the basis of a constant interest rate compounded at the end of each six-month period (or shorter period from the date of original issue) ending on January 1 and July 1 with straight line interpolation between compounding dates. The amount of original issue discount accruing each period (calculated as described in the preceding sentence) constitutes interest which is excluded from gross income or alternative minimum taxable income under the conditions and subject to the exceptions described in the preceding paragraphs and will be added to the owner’s basis in the Discount Bonds. Such adjusted basis will be used to determine taxable gain or loss upon disposition of the Discount Bonds (including sale or payment at maturity). Owners should consult their own tax advisors with respect to the tax consequences of the ownership of the Discount Bonds.

Original issue discount may be included in “adjusted financial statement income” of “applicable corporations” for the purpose of the corporate alternative minimum tax imposed under Section 55(b) of the Tax Code. For this purpose, accrued original issue discount on the Discount Bonds may be deemed to be received and included in adjusted financial statement income in the year of accrual even though there will not be a corresponding cash payment. Applicable corporations should consult their tax advisors with respect to the appropriate timing and amount of original issue discount to include in “adjusted financial statement income” in any particular tax year.

Owners who purchase Discount Bonds after the initial offering or who purchase Discount Bonds in the initial offering at a price other than the initial offering price (as defined in Section 1273 of the Tax Code) should consult their own tax advisors with respect to the federal tax consequences of the ownership of the Discount Bonds. Owners who are subject to state or local income taxation should consult their tax advisor with respect to the state and local income tax consequences of ownership of the Discount Bonds. It is possible that, under the applicable provisions governing determination of state and local taxes, accrued original issue discount on the Discount Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment.

The Tax Code contains numerous provisions which may affect an investor’s decision to purchase the 2026A Bonds. Owners of the 2026A Bonds should be aware that the ownership of tax-exempt obligations by particular persons and entities, including, without limitation, financial institutions, insurance companies, recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, foreign corporations doing business in the United States and certain “subchapter S” corporations may result in adverse federal and state tax consequences. Under Section 3406 of the Tax Code, backup withholding may be imposed on payments on the 2026A Bonds made to any owner who fails to provide certain required information, including an accurate taxpayer identification number, to certain persons required to collect such information pursuant to the Tax Code. Backup withholding may also be applied if the owner underreports “reportable payments” (including interest and dividends) as defined in Section 3406, or fails to provide a certificate that the owner is not subject to backup withholding in circumstances where

such a certificate is required by the Tax Code. Certain of the 2026A Bonds were sold at a premium, representing a difference between the original offering price of those 2026A Bonds and the principal amount thereof payable at maturity. Under certain circumstances, an initial owner of such 2026A Bonds (if any) may realize a taxable gain upon their disposition, even though such 2026A Bonds are sold or redeemed for an amount equal to the owner's acquisition cost. Bond Counsel's opinion relates only to the exclusion of interest (and, to the extent described above for the Discount Bonds, original issue discount) on the 2026A Bonds from gross income and alternative minimum taxable income as described above and will state that no opinion is expressed regarding other federal tax consequences arising from the receipt or accrual of interest on or ownership of the 2026A Bonds. Owners of the 2026A Bonds should consult their own tax advisors as to the applicability of these consequences.

The opinions expressed by Bond Counsel are based on existing law as of the delivery date of the 2026A Bonds. No opinion is expressed as of any subsequent date nor is any opinion expressed with respect to pending or proposed legislation. Amendments to the federal or state tax laws may be pending now or could be proposed in the future that, if enacted into law, could adversely affect the value of the 2026A Bonds, the exclusion of interest (and, to the extent described above for the Discount Bonds, original issue discount) on the 2026A Bonds from gross income or alternative minimum taxable income or both from the date of issuance of the 2026A Bonds or any other date, the tax value of that exclusion for different classes of taxpayers from time to time, or that could result in other adverse tax consequences. In addition, future court actions or regulatory decisions could affect the tax treatment or market value of the 2026A Bonds. Owners of the 2026A Bonds are advised to consult with their own tax advisors with respect to such matters.

The Internal Revenue Service (the "Service") has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. No assurances can be given as to whether or not the Service will commence an audit of the 2026A Bonds. If an audit is commenced, the market value of the 2026A Bonds may be adversely affected. Under current audit procedures the Service will treat the County as the taxpayer and the 2026A Bond owners may have no right to participate in such procedures. The Authority has covenanted in the Bond Resolution not to take any action that would cause the interest on the 2026A Bonds to lose its exclusion from gross income for federal income tax purposes or lose its exclusion from alternative minimum taxable income for the owners thereof for federal income tax purposes. None of the County, the Authority, the Municipal Advisors, the Underwriter, Bond Counsel or Special Counsel is responsible for paying or reimbursing any 2026A Bondholder with respect to any audit or litigation costs relating to the 2026A Bonds.

State Tax Exemption

The 2026A Bonds, their transfer, and the income therefrom, are free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

LEGAL MATTERS

Litigation

The Authority. There are no pending litigation matters that the Authority is defending, either directly, through outside counsel, through accepted tenders with the Authority's insurance carriers, or through accepted tenders of defense with third parties, which would restrain or enjoin the issuance of the 2026A Bonds or the collection of the Pledged Revenues. The Authority does not accrue for estimated future legal and defense costs, if any, to be incurred in connection with outstanding or threatened litigation and other disputed matters but rather, records such as period costs when the services are rendered.

The Authority is also subject to certain pending and threatened litigation arising in the ordinary course of operation of the Authority. It is the opinion of counsel to the Authority that the pending or threatened litigation will not result in final judgments against the Authority which would, individually or in the aggregate, materially adversely affect the Authority's financial position, its ability to pay debt service on the 2026A Bonds or its ability to perform its obligations to the owners of the 2026A Bonds.

The Authority is involved in administrative matters with the Nevada Department of Environmental Protection. Off of the Convention Center's Gold and Diamond parking lots, authorities have discovered Perchloroethylene ("PCE") contamination in the ground that requires remediation. Through consultation with environmental consultants and engineers, the Authority has estimated PCE remediation costs which may change over time due to continued investigation, actual remediation actions performed, future regulator rulings, changes in costs of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation effort. The Authority estimates a combined total remediation cost for the Gold and Diamond parking lots in the amount of \$1,436,000.

The County. Based on its review and search of the court dockets for the Eighth Judicial District Court for the State, Clark County, and the United States District Court of Nevada in the County, as of the date hereof, the District Attorney's office is of the opinion that there is no action, suit, proceeding, inquiry or investigation at law or in equity pending against the County before any court, regulatory agency, public board or body, nor, to their knowledge, is any such action threatened against the County, seeking to: (i) restrain or enjoin the issuance, sale, execution or delivery of the 2026A Bonds; or (ii) in any way contest or affect the validity of the 2026A Bonds or any proceedings of the County taken with respect to the issuance or sale thereof or the pledge, collection or application of any moneys or security provided for the payment of the 2026A Bonds, or the corporate existence or the powers of the County.

A federal jury awarded \$34 million to a plaintiff who claimed that the LVMPD detectives fabricated evidence in a homicide investigation, resulting in her wrongful conviction. This award does not include additional attorneys' fees and costs, including interest, which are anticipated to be substantial. The LVMPD is currently preparing to appeal the verdict.

Other Litigation and Claims. The LVMPD is also a party to numerous other actions in connection with the ownership and operation of a metropolitan police department, including employment-related claims and wrongful conviction claims, but in the opinion of the County District Attorney, based in part of advice of counsel for the LVMPD, the actions and claims described under this caption are not expected, in the aggregate, to have a material adverse effect

on the financial condition of the County with respect to the issuance or sale thereof or the pledge, collection, or application of any moneys or securities provided for the payment of the 2026A Bonds, or the corporate existence or the powers of the County.

The County's participation in the preparation of this Official Statement has been limited to the sections entitled "INTRODUCTION - The Issuer," "SECURITY FOR THE 2026A Bonds," excluding the caption thereunder entitled Outstanding Debt and Other Obligations, "CLARK COUNTY, NEVADA," and "LEGAL MATTERS--Litigation--The County."

Sovereign Immunity

Pursuant to State statute (NRS 41.035), an award for damages in an action sounding in tort against the Authority may not include any amount as exemplary or punitive damages and is limited to \$200,000 per cause of action. The limitation does not apply to federal actions brought under federal law such as civil rights actions under 42 U.S.C. Section 1983 and actions under The Americans with Disabilities Act of 1990, or to actions in other states.

Approval of Certain Legal Proceedings

The approving opinion of Taft Stettinius & Hollister LLP, as Bond Counsel, will be delivered with the 2026A Bonds. The form of the Bond Counsel opinion is attached to this Official Statement as APPENDIX F. The opinion will include a statement that the obligations of the County are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power inherent in the sovereignty of the State and to the exercise by the United States of the powers delegated to it by the federal constitution, including bankruptcy. Taft Stettinius & Hollister LLP, has also acted as Special Counsel to the Authority and the County in connection with this Official Statement.

Police Power

The obligations of the Authority and the County are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power and powers of taxation inherent in the sovereignty of the State, and to the exercise by the United States of the powers delegated to it by the federal constitution (including bankruptcy).

RATINGS

Moody's Investors Service, Inc. ("Moody's") and S&P Global Ratings ("S&P") have assigned the respective ratings to the 2026A Bonds shown on the cover page of this Official Statement. An explanation of the significance of the rating given by Moody's may be obtained from Moody's at 7 World Trade Center at 250 Greenwich Street, New York, New York 10007. An explanation of the significance of any rating given by S&P may be obtained from S&P at 55 Water Street, New York, New York 10041.

There is no assurance that such ratings will continue for any given period of time after they are received or that they will not be lowered or withdrawn entirely if, in the judgment of the rating agencies, circumstances so warrant. Other than the Authority's obligations under the Disclosure Certificate, neither the Authority nor either of the Municipal Advisors has undertaken any responsibility either to bring to the attention of the owners of the 2026A Bonds any proposed change in or withdrawal of such ratings or to oppose any such proposed revision. Any such change

in or withdrawal of the ratings could have an adverse effect on the market price of the 2026A Bonds.

INDEPENDENT AUDITORS

The Authority. The Authority's audited basic financial statements as of and for the year ended June 30, 2025, and the report rendered thereon by Eide Bailly LLP, certified public accountants, Las Vegas, Nevada, have been included herein as APPENDIX A.

The County. The County's audited basic financial statements as of and for the year ended June 30, 2025, and the report rendered thereon by Crowe LLP, independent certified public accountants, Las Vegas, Nevada, have been included in this Official Statement as APPENDIX B.

No Auditor Consents Requested or Obtained. The audited basic financial statements of the Authority and the County, including the respective auditors' reports thereon, are public documents and pursuant to State law, no consent from the auditors is required to be obtained prior to inclusion of the audited basic financial statements in this Official Statement. Since the date of their respective reports, neither Eide Bailly LLP nor Crowe LLP has been engaged to perform or has performed any procedures on the basic financial statements addressed in its report, nor has Eide Bailly LLP nor Crowe LLP performed any procedures relating to this Official Statement.

MUNICIPAL ADVISORS

The Municipal Advisors have not audited, authenticated or otherwise verified the information set forth in the Official Statement, or any other related information available to the County or the Authority, with respect to the accuracy and completeness of disclosure of such information, and no guaranty, warranty or other representation is made by the Municipal Advisors respecting accuracy and completeness of the Official Statement or any other matter related to the Official Statement.

UNDERWRITING

The County sold the 2026A Bonds at a public sale on March 4, 2026, to Morgan Stanley & Co. LLC (the "Initial Purchaser") at a purchase price of \$90,249,434.75 (consisting of the par amount of \$81,775,000.00 plus net original issue premium of \$8,891,619.15, less underwriting discount of \$417,184.40).

Morgan Stanley & Co. LLC, an underwriter of the 2026A Bonds, has entered into a distribution agreement with its affiliate, Morgan Stanley Smith Barney LLC. As part of the distribution arrangement, Morgan Stanley & Co. LLC may distribute municipal securities to retail investors through the financial advisor network of Morgan Stanley Smith Barney LLC. As part of this arrangement, Morgan Stanley & Co. LLC may compensate Morgan Stanley Smith Barney LLC for its selling efforts with respect to the 2026A Bonds.

OFFICIAL STATEMENT CERTIFICATION

The undersigned official of the Authority hereby confirms and certifies that the execution and delivery of this Official Statement and its use in connection with the offering and sale of the 2026A Bonds have been duly authorized by the Authority Board.

INTRODUCTORY SECTION

November 4, 2025

To the Board of Directors and the citizens of Clark County, Nevada:

We are pleased to present this Annual Comprehensive Financial Report (ACFR) for the Las Vegas Convention and Visitors Authority (LVCVA) for the year ending June 30, 2025. Nevada Revised Statutes (NRS) requires the LVCVA to issue a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants.

The Finance Department prepared these financial statements and assumes responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, the Finance Department maintains a comprehensive internal control framework that is designed to provide reasonable assurance that the LVCVA's assets are protected from loss, theft, or misuse. The concept of reasonable assurance recognizes that, based on management's estimates and judgments, the cost of maintaining internal controls should not exceed the benefits. We believe the LVCVA's internal controls adequately safeguard assets and provide reasonable assurance of the proper recording of financial transactions.

Eide Bailly, LLP, a public accounting firm licensed and qualified to perform audits of local governments within the State of Nevada, has audited the LVCVA's basic financial statements. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the LVCVA, as of and for the fiscal year ending June 30, 2025, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that the LVCVA's basic financial statements as of and for the fiscal year ending June 30, 2025, are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States (GAAP). The independent auditor's report is presented on the first three pages of the financial section of this document.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report. It provides an analytical overview of the LVCVA's operations for fiscal year (FY) 2025. This letter of transmittal is intended to complement the MD&A and other information contained in this report and should be read in conjunction with it.

REPORTING ENTITY

The LVCVA was created to directly drive tourism to Southern Nevada, through ownership and operation of the Las Vegas Convention Center (LVCC), and through marketing, sales, and advertising programs in cooperation with our resort and industry partners. The LVCVA's mission statement is:

"Make Las Vegas the undisputed global destination for leisure and business travel."

The LVCVA is a unique destination marketing organization in that it also owns and operates a convention center. The LVCVA is also a government agency, established by Nevada state law, primarily funded by room tax, and governed by an autonomous board of directors. The LVCVA's 14-member board of directors serves on behalf of a broad cross-section of stakeholders within the local tourism, business, and public sectors.

Marketing and Sales

The LVCVA's core purpose as the destination marketing organization is to drive visitation across both leisure and business segments for Southern Nevada, including Las Vegas, Boulder City, Laughlin, and Mesquite. The LVCVA's marketing programs include coordinated efforts among our resort and mission partners, in conjunction with internal teams and external marketing partners of the LVCVA. Through tailored marketing and sales strategies for each of the unique Southern Nevada destinations, efforts are designed to maximize demand through multi-channel advertising, digital marketing, events, sponsorships, and destination sales for each of the unique Southern Nevada destinations. The LVCVA partners with key transportation agencies and Harry Reid International Airport to ensure accessibility to and within the destination. The LVCVA's sales teams directly sell not only the LVCC but also distribute leads to individual properties and business partners to drive both leisure and business travel in Southern Nevada. The overall marketing effort is driven by destination-specific research and industry trends as insights to enable more effective business strategies and market optimizations.

Las Vegas Convention Center

Las Vegas Convention Center West Hall

In addition to marketing and selling the destination, the LVCVA operates the Las Vegas Convention Center (LVCC) to generate business travel for meetings and conventions. While leisure travel makes up the majority of visitors, business travel is a vital component of our market and historically represents about one in six visitors to Southern Nevada.

The LVCC is one of the busiest convention facilities in the world: a 4.6 million square foot facility located within a short distance of more than 100,000 guest rooms. The center is well-known among industry professionals for its versatility. In addition to approximately 2.6 million square feet of exhibit space, 200 meeting rooms handle seating capacities ranging from 20 to 2,500. Grand lobbies and registration areas link exhibit halls and meeting rooms and allow simultaneous set-up, break-down, and exhibiting of multiple events.

During FY 2025, the LVCC hosted 84 events, up 2.4% from FY 2024, mostly related to show rotation. LVCC convention attendance increased 12.4% compared to FY 2024, primarily due to show rotation, and is slightly below peak pre-pandemic levels.

The LVCC Loop is an underground tunnel system that provides fast and convenient transportation for convention and trade show attendees, connecting each of the hall sets across the nearly 200-acre LVCC campus. Built by The Boring Company, the LVCC Loop has three passenger stations, offering convenient access between LVCC exhibition hall blocks, parking lots, and the Las Vegas Monorail. The Loop is also connected to Resorts World, Westgate, and Encore hotels.

ECONOMIC CONDITION

Southern Nevada's economy is heavily reliant on its tourism industry, which acts as the primary economic driver and is supported by the city of Las Vegas being home to 18 of the nation's 20 largest hotels in the United States. Southern Nevada has a hotel room inventory exceeding 160,000, with nearly 150,000 of those rooms located in the Las Vegas metropolitan area.

The LVCVA's General Fund received \$374.8 million room and gaming taxes in FY 2025, a 2.4% decrease from the FY 2024's record-setting amount of \$382.7 million, spurred by hosting the 2024 Super Bowl.

Las Vegas performed well economically in the first several months of FY 2025. Visitation increased in the calendar year 2024 by 2.1%, from 40.8 million to 41.7 million. In calendar year 2024, occupancy increased slightly from

83.5% to 83.6%, and average daily room rates (ADR) increased by 1.0%. June 2025 had monthly occupancy levels at 78.7% and ADR at \$163.64, which is a decrease of 6.5% and 6.6%, respectively, from the previous June. July 2025 monthly visitation was down 12.0% compared to July 2024. July's monthly hotel occupancy was 76.1%, a 7.6 point decrease, and ADR was \$154.76, a 3.4% decrease, both compared to the month of July 2024. LVCVA is working with its resort partners to mitigate the decreased visitation in summer months of 2025, including the launch of our new Welcome to Fabulous advertising campaign in September 2025.

Las Vegas is known for continually reinventing itself to deliver on the brand promise of being the premier destination in the world. Construction continues on the Hard Rock Hotel (formerly The Mirage), with an anticipated opening in 2027. Additionally, the Las Vegas A's Stadium (on the site of the former Tropicana) is scheduled to debut on Major League Baseball's opening day 2028.

MAJOR INITIATIVES IN FISCAL YEAR 2025

Las Vegas Convention Center District

The LVCVA is nearing completion of Phase Three of the LVCCD project, which includes the renovation, modernization, and addition to the existing facility to ensure consistency with the Phase Two expansion. The estimated \$600 million budget for Phase Three is fully funded, supported in part by the \$126.3 million sale of 10 surplus acres along Las Vegas Boulevard in FY 2025. Construction began in FY 2023, with project completion scheduled for December 2025.

Transportation Services

Las Vegas Monorail

In FY 2025, the Las Vegas Monorail carried 5.3 million passengers and generated \$28.8 million in revenue, declines of 8.6% and 7.1%, respectively, following the ridership surge from FY 2024's inaugural F1 Las Vegas Grand Prix and Super Bowl LVIII.

The Vegas Loop continues expansion of its fare-generating system, with operational stations at three resorts near LVCC. The Boring Company completed tunneling the first of two tunnels linking the existing system to Harry Reid Airport. Local governments have approved 104 stations and 70 miles of tunnel for the Vegas Loop. Although privately owned, this transportation system supports convention transit to and from the LVCC. The LVCC portion of the Loop moved nearly 3 million passengers since opening.

Marketing

The second annual Formula 1 Las Vegas Grand Prix generated an economic impact of more than \$934 million to the destination. Additionally, Las Vegas hosted WrestleMania 41, the most successful WWE event in history, which contributed \$320 million to the local economy.

Example of advertising campaigns

In FY 2025, LVCVA’s advertising generated 681 million paid media impressions. Key campaigns included “Yes Chef,” highlighting Las Vegas as a premier culinary destination by featuring renowned chefs and world-class dining experiences. “Go All Out” encourages visitors of every interest to celebrate their passions in spectacular fashion, while only the world’s biggest stars perform “Live in Vegas,” cementing the city’s reputation for unmatched live entertainment. Las Vegas was also showcased as the ultimate wedding destination, appealing to couples seeking unforgettable experiences. The “Not Invited” business campaign entered its second year with a bold message that “mediocre isn’t invited” when hosting events in Las Vegas, reinforcing the city’s commitment to excellence and innovation for business travelers. Together, these campaigns worked in concert to keep Las Vegas top-of-mind as a world-class leisure and business destination.

LONG-TERM FINANCIAL PLANNING

The LVCVA finance staff maintain a long-term operational and capital financial planning model, updating long-term operating forecasts to ensure alignment with the LVCVA’s strategic objectives, including the enhancement of the global Las Vegas brand as a destination for serious business as well as fun. The primary objectives of the advertising programs are to promote long-term brand awareness that drives domestic and international visitation for leisure activities. Additionally, business-focused programs emphasize the importance of the meetings and convention industry, which results in long-term facility leases for tradeshow and meetings. The LVCCD embodies the long-term strategy of protecting existing business and competitive advantages and attracting future business for Las Vegas.

The LVCVA believes it is important to maintain a balance between planning for recurring resources to sustain core operations and strategic financial planning for a multi-year capital program. Analysis of future intended outlays and anticipated revenues enabled an assessment of overall financial implications, including additional funding requirements, to be readily identified. A comprehensive, long-range pro forma, forecasting sources and uses of funds through FY 2049 was created. The pro forma includes conservative growth assumptions for revenues and operating activities, as well as requirements to meet debt obligations, including all new debt requirements for all phases of LVCCD. The analysis was used to estimate the level of funding required to support the LVCCD program, without sacrificing our commitment to the core mission.

DEBT ADMINISTRATION

Debt Policy

The LVCVA is committed to complying with all federal and other regulatory requirements regarding the issuance and ongoing management of its debt. The LVCVA’s debt policy establishes the requirements and procedures for ensuring compliance with federal laws relating to issuance and post-issuance monitoring of tax-exempt bonds and taxable direct-pay bonds. The policy sets coverage and reserve goals and is also intended to define compliance

practices including compliance actions, records management, disclosure requirements, and process continuity within the Finance Department and the executive management of the LVCVA.

ACCOUNTING SYSTEMS AND BUDGETARY CONTROLS

The annual budget serves as the financial plan of the LVCVA. The planning and preparation begin each December. The tentative budget is filed by April 15 with the Nevada Department of Taxation and the Clark County Clerk, as required by Nevada Revised Statutes (NRS). Between April 15 and approval of the budget, which is no sooner than the third Monday in May and no later than the last day in May, the public could review the tentative budget document and submit any comments for inclusion on the agenda. A public hearing provides the public an opportunity to submit additional comments on the proposed budget to the Board.

The final budget is fully implemented on July 1 in the LVCVA's accounting system. The statutory level of budgetary control is at the function level; in reality, control is maintained at the line-item level using a purchase order and encumbrance system. An encumbrance is recorded in the accounting system when a purchase order is issued.

Budget variance reports are distributed to the Board on a regular basis. Adjustments to the overall budget are accomplished through an augmentation process, which requires adoption by a majority vote of the Board at a regular meeting to increase appropriations above levels originally approved. This formal resolution procedure adheres to the process prescribed by NRS.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) has bestowed the Certificate of Achievement for Excellence in Financial Reporting on the LVCVA's Annual Comprehensive Financial Report (ACFR) for the years ending 1984-2024. The LVCVA will submit the FY 2025 ACFR to the GFOA for reward consideration.

The preparation of this report involved the dedicated work of staff in the Finance Department, with the support and cooperation of every division. We welcome inquiries concerning this report and the finances of the LVCVA.

Independent Auditor's Report

To the Board of Directors
Las Vegas Convention and Visitors Authority
Las Vegas, Nevada

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Las Vegas Convention and Visitors Authority (the "LVCVA") as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the LVCVA's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Las Vegas Convention and Visitor's Authority, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the LVCVA and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the LVCVA's ability to

continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the LVCVA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the LVCVA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, Schedule of Changes in the Total OPEB Liability and Related Ratios, Schedule of Proportionate Share of the PERS Net Pension Liability, Schedule of Contributions to PERS Pension Plan, Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – General Fund, on pages 5-16 and 57-60 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the LVCVA's basic financial statements. The individual fund information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the individual fund information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 4, 2025, on our consideration of the LVCVA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the LVCVA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the LVCVA's internal control over financial reporting and compliance.

Management's Discussion and Analysis

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Management's Discussion and Analysis

For the Year Ended June 30, 2025

As management of the Las Vegas Convention and Visitors Authority (the LVCVA), we offer readers of the LVCVA's financial statements this narrative overview and analysis of the LVCVA's financial performance for the fiscal year (FY) ending June 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information furnished in the letter of transmittal, which can be found on pages i to v of this report.

FINANCIAL HIGHLIGHTS

- Total government-wide revenues increased by approximately \$20.4 million. This increase is mainly due to the gain on sale of land and interest and investment earnings. The one-time gain on the sale of land increased revenues by \$26.3 million, while investments and interest increased revenues by \$15.4 million. These increases were offset by a decline in room tax and gaming fees, an \$18.1 million or 4% decrease from the previous year. Decreased room taxes were expected and budgeted in FY 2025, after the previous year hosted Super Bowl LVIII and the inaugural year of the Formula 1 Las Vegas Grand Prix. While FY 2025 room tax revenue exceeded budget, it was 4.2% lower than FY 2024, mostly due to the rotation of major sporting events previously discussed. Recent months have demonstrated a decreased volume of international and domestic visitors. Facility charges for services remained flat, while transportation revenue decreased \$2.4 million, due to increased Monorail demand and ridership in FY 2024, from the Super Bowl and F1 race.
- Total government-wide expenditures decreased \$29.1 million from FY 2024, mainly related to the \$27.8 million special event funding decrease (FY 2024 expenditures related to Super Bowl LVIII). Decreased advertising (\$2.0 million) and marketing and sales (\$3.4 million) were also due to the rotation of special events like the Super Bowl and inaugural F1 year. Salary and benefits increased by \$6.4 million, a result of higher filled position count. Government-wide revenues exceeded expenditures by \$171.2 million, due to the one-time land sale.
- Phase Three of the renovation project for Las Vegas Convention Center District (LVCCD) is currently in progress, as scheduled, renovating and modernizing the facility. Improvements in Phase Three include a new main lobby, a climate-controlled walkway between halls, and upgrades to exhibit halls, meeting rooms, restrooms, and technology. This multi-year project is budgeted at \$600.0 million, with \$247.0 million spent in FY 2025. It is expected to be completed in FY 2026.
- FY 2025 ending net position totaled \$730.6 million, a \$171.2 million increase from the previous year. This includes an increase in restricted net position of \$99.0 million, as funds for the land sale were used for the Phase Three LVCCD project, which reserved LVCCD Capital funds, as well as slight increases in set-asides for July annual debt payments. Unrestricted net position increased \$35.9 million, ending with a balance of \$49.8 million compared to \$14.0 million in FY 2024. This increase is attributable to the overall increase in revenues, including from the land sale and increased investment earnings, in addition to the decrease in expenses, due to the rotation of the Super Bowl.

Although the Annual Comprehensive Financial Report is comprised of various sections, the LVCVA's basic financial statements are presented in four components:

- (1) Government-wide financial statements
- (2) Governmental fund financial statements
- (3) Proprietary fund financial statements
- (4) Notes to the financial statements

GOVERNMENT-WIDE FINANCIAL STATEMENTS

These two financial statements are designed to provide readers with a broad overview of the LVCVA's finances in a manner similar to private-sector business, using the economic resources measurement focus and accrual basis of accounting.

The Statement of Net Position is, in substance, the balance sheet. It includes not just current assets and liabilities and deferred outflows and inflows of resources, but also capital assets and long-term debt. All funds are included in this statement. Over time, increases or decreases in net position may serve as a useful indicator as to whether the financial position of the LVCVA is improving or deteriorating.

The Statement of Activities is the operating statement for the LVCVA. It is based on full accrual accounting rather than the traditional modified accrual. Depreciation and amortization of capital assets is recognized as an expense, as are compensated absences, post-employment benefits other than pensions (OPEB), an allocated share of Public Employees' Retirement System (PERS) net pension liability, pollution obligations, and asset retirement obligations. The format of the statement has an unfamiliar appearance, and it focuses on the net cost of the LVCVA's individual functions and is intended to answer the question, "How much did it cost, and how is it being paid?"

GOVERNMENTAL FUND FINANCIAL STATEMENTS

Following the government-wide statements is a section containing the fund financial statements. A fund is a grouping of related accounts that is used to maintain control over specific activities. Governmental funds use the current financial resources measurement focus and modified accrual basis of accounting, which focuses on showing how money flows into and out of funds and the balances remaining at year end that are available for spending. The LVCVA, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

PROPRIETARY FUND FINANCIAL STATEMENTS

Following the governmental fund financial statements is a section containing the proprietary fund financial statements. The LVCVA previously used an Internal Service Fund to accumulate resources and utilize funds for eventual payment related to OPEB liabilities. This fund was dissolved in FY 2025, see Internal Service Fund section below and Note 11. This service benefitted governmental rather than business-type functions, and, as such, it is included within the governmental activities in the government-wide financial statements. Proprietary funds use the accrual basis of accounting, which focus on the determination of net position, operating income, changes in net position, and cash flows.

NOTES TO THE FINANCIAL STATEMENTS

The notes to the financial statements provide additional information that is essential to a full understanding of the data in the government-wide and fund financial statements.

REQUIRED SUPPLEMENTARY INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, including a schedule of changes in OPEB liability, the LVCVA's proportionate share of the PERS net pension liability, contributions to the PERS pension plan, and General Fund budgeted and actual revenues, expenditures, and change in fund balance.

CONDENSED COMPARATIVE DATA

ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION

The LVCVA's change in net position, on the government-wide basis, increased \$171.2 million during the year as follows:

CHANGES IN NET POSITION				
	FY 2024	FY 2025	Increase (Decrease)	
			Amount	Percent
Net position – beginning	\$ 437,717,962	\$ 559,405,799	\$ 121,687,837	28%
Revenues	565,659,812	586,105,062	20,445,250	4%
Expenses	443,971,975	414,895,145	(29,076,830)	-7%
Change in net position	121,687,837	171,209,917	49,522,080	41%
Net position – ending	\$ 559,405,799	\$ 730,615,716	\$ 171,209,917	31%

The increase in overall net position reflects revenue increases primarily from the one-time land sale, as well as increased interest and investment earnings, combined with a decrease in expenditures resulting from FY 2024's inaugural F1 race and Super Bowl LVIII. Room tax experienced a modest decline as Las Vegas visitor volume decreased. Convention attendance remained healthy, as reflected by convention revenues.

For the Year Ended June 30, 2025

The LVCVA's assets, deferred outflows of resources, liabilities, and deferred inflows of resources consisted of the following:

CONSOLIDATED STATEMENTS OF NET POSITION

Total net position	\$ 559,405,799	\$ 730,615,716	\$ 171,209,917	31%

Net investment in capital assets is net of the debt used to acquire those assets and increased \$36.3 million, due to the increase in LVCCD Phase Three capital assets, offset by both the retirement of land and overall decrease in outstanding debt.

Restricted net position demonstrates legal constraints from debt covenants or other restrictions that limit the LVCVA's ability to use those resources. This includes the room taxes enabled under Senate Bill 1 (SB1) of the 2016 Nevada Special Legislative Session, which are restricted to the LVCCD expansion and renovation project, including LVCCD-related debt payments. Restricted net position is primarily composed of funds held for future debt service payments or legislatively restricted to the LVCCD project. Restricted net position increased by \$99.0 million, mainly due to the use of the land sale funds on the LVCCD project, reserving SB1 revenues for future years, in addition to slight increases in the set asides for July annual debt payments.

The unrestricted net position increased \$35.9 million, primarily due to the overall increase in revenues, including the gain on the sale of land and the increased investment earnings, as well as the decrease in expenditures due to rotation of the Super Bowl. See Note 3 for additional information on net position.

REVENUES

Revenues are classified as either general or program. Program revenues are those directly generated by a function or activity of the LVCVA. For example, the cost of operating and maintaining the Las Vegas Convention Center (LVCC) is reported in the Operations function, as well as the LVCVA transportation systems of the Las Vegas Monorail, a seven-stop, 3.9-mile elevated transportation system along the east side of the Las Vegas Strip, with stations at MGM Grand, Bally's/Paris, Flamingo/Caesars Palace, Harrah's/The LINQ, the LVCC, the Westgate, and the Sahara, in addition to the Las Vegas Convention Center Loop (Vegas Loop), an underground tunnel system which transports visitors to three on-campus stations near the South Hall, Central Hall, and West Hall. Revenues are generated as a direct result of the operation of the LVCC facilities in the form of building rental charges, concession sales, parking fees, Monorail ticket sales, and other charges to users of the facilities; the LVCC portion of the Vegas Loop is not revenue generating for the LVCVA.

The general revenue classification includes all room taxes and gaming fees and investment income because they are neither related to charges for program services nor restricted for use by a specific function. Clark County (the County) and the incorporated cities within the County, which includes Las Vegas, levy room tax on all transient lodging establishments, which

is the LVCVA's primary source of revenue. All revenues that do not qualify as program revenues are reported as general revenue. Other revenues are reported differently in FY 2025 than the prior year. FY 2025 general revenues include the one-time gain on the sale of land.

Total government-wide revenues for FY 2025 were \$586.1 million, a 4% increase compared to FY 2024.

	FY 2024	FY 2025	Increase (Decrease)

Total revenues	\$ 565,659,812	\$ 586,105,062	\$ 20,445,250	4%

Government-wide room taxes and gaming fees totaled \$408.5 million during FY 2025, a decrease of \$18.1 million. Room tax is affected by the number of lodging rooms available, occupancy rate, and average daily room rate (ADR). Average room inventory in the County decreased 1.5%, compared to FY 2024. Average occupancy percentage decreased from 81.7% to 81.0% in FY 2025, compared to the previous year. ADR averaged \$164.60 in FY 2025, a 0.2% increase from the \$164.33 result in FY 2024. Overall visitation for FY 2025 decreased 3.5% to 40.1 million visitors. Visitation remains 5.0% below the FY 2019 high of 42.2 million visitors.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Management's Discussion and Analysis

For the Year Ended June 30, 2025

The majority of room tax revenue and gaming fees were generated in Clark County, at \$369.4 million or 90%. The City of Las Vegas was the second-largest collector of room taxes and gaming fees, at \$26.2 million or 6%. The other incorporated cities of North Las Vegas, Henderson, Boulder City, and Mesquite combined to provide the remaining 4%.

The room tax rate in Clark County averages 10.5% to 14% on lodging facilities, and such rate can only be modified by the action of the Nevada State Legislature.

In general, room tax rates for hotel room rentals in Clark County are as follows:

4% - 5%	LVCVA - General Fund
0.5%	LVCVA – LVCCD Capital Fund
0.0% - 0.88%	Las Vegas Stadium Authority
1.625%	Clark County School District - Capital Projects
0% - 2%	City/County (collecting entities jurisdiction) - General Fund
1%	Clark County - County transportation tax
0.375%	State General Fund – a portion of the proceeds are allocated to tourism
2% - 3%	State of Nevada - education and other state programs

Interest and investment earnings increased \$15.4 million, or 54%, from FY 2024, resulting from funds available for investment and higher market interest rates throughout FY 2025. As the LVCVA's investment policy is to hold investments until maturity, this value is a temporary snapshot-in-time indicator, but it is not the maturity value of the investment. Other revenue increased, due to reporting the Build America Bonds subsidy here in FY 2025. Additionally, FY 2025 had revenue from the one-time gain on the sale of land.

FACILITY OPERATIONS				
	FY 2024	FY 2025	Increase (Decrease)	
			Amount	Percent
Charges for services	\$ 74,190,109	\$ 74,529,401	\$ 339,292	0%
Expense	89,270,302	92,221,092	2,950,790	3%
Net proceeds/(expense)	\$ (15,080,193)	\$ (17,691,691)	\$ (2,611,498)	-17%

Program revenues for Operations remained relatively flat, increasing by \$0.3 million, compared to the prior year. The total number of tradeshow and events in the LVCVA increased 2.4% which led to the number of attendees increasing by 12.4% in FY 2025 compared to the previous year, due to annual show rotation. Total expenses to operate the facility were \$92.2 million, including depreciation and amortization, an increase of 3.3% compared to FY 2024, due to increased salaries and benefits related to increasing full-time positions.

TRANSPORTATION SERVICES				
	FY 2024	FY 2025	Increase (Decrease)	
			Amount	Percent
Charges for services	\$ 31,242,931	\$ 28,818,940	\$ (2,423,991)	-8%
Expense	29,963,507	30,793,042	829,535	3%
Net proceeds/(expense)	\$ 1,279,424	\$ (1,974,102)	\$ (3,253,526)	-254%

Transportation services consist of the Las Vegas Monorail and the LVCC Loop. Program charges for services of the Las Vegas Monorail decreased 8.0%, resulting from decreased ridership compared to FY 2024, which saw increases during the F1 inaugural race and Super Bowl. The LVCC Loop system is complimentary for users within the campus and does not generate revenues for the LVCVA. Total expenses for Transportation were \$30.8 million, including depreciation and amortization, an increase of 2.8% compared to FY 2024. The increase in expenditures is due to increased elevator and escalator repair fees, a third-party Monorail asset life valuation, as well as other costs associated with usage of these systems.

EXPENSES

Total government-wide expenses by function were as follows:

Government-wide expenses			Increase (Decrease)	
	FY 2024	FY 2025	Amount	Percent

	\$ 443,971,975	\$ 414,895,145	\$ (29,076,830)	-7%

The decrease in advertising, marketing, and sales spending during FY 2025 is expected, due to nonrecurring spend related to hosting Super Bowl LVIII in FY 2024. Special events decreased 43.5%, compared to the previous year, mainly due to sponsorships not being at the scale of Super Bowl.

Facility operations expenses were \$92.2 million in FY 2025, including depreciation and amortization, an increase of 3.0% compared to FY 2024. The increase is primarily due to annual increase in salaries and benefits costs as well as adding new

positions. Transportation costs increased 2.8%, compared to FY 2024, due to increased management fees and other costs associated with the usage of the Las Vegas Monorail and the LVCC Loop, including station maintenance.

Other community support expenses consist of what is known as the collection allocation, a 10% return of the total room taxes and gaming fees to the county and incorporated cities for their licensing, collection, and enforcement efforts provided by Nevada Revised Statutes. The collection allocation calculation excludes revenues generated from room taxes enabled under Senate Bill 1 (SB1) of the 2016 Nevada Special Legislative Session, which is restricted to the LVCCD expansion and renovation project. Additionally, SB1 imposed a collection allocation cap of \$25.0 million on total room taxes and gaming fees, on a modified accrual basis, eligible to be distributed to the collecting entities. Any funds above the cap are transferred to, and restricted in, the LVCCD Capital Fund.

The increase in interest and other relates directly to the issuance of new bonds and the structure of annual debt payments.

OVERALL FINANCIAL POSITION

The LVCVA continued to demonstrate strong financial results in FY 2025, with a \$171.2 million improvement in overall net position. Although room tax declined, interest and investment earnings increased 54.4% or \$15.4 million. The decline in room tax revenue was offset by a 6.5% reduction in expenses. As the greatest source of revenue for LVCVA, room tax is driven by visitors and ADR. ADR has remained steady, as previously discussed, while visitation to the Las Vegas valley decreased in the last quarter of FY 2025.

The LVCVA's debt coverage ratio remains more than double the 1.5 times minimum coverage required by bond covenants and exceeds the 3.0 times coverage required by internal policy. Management remains vigilant to maintain fiscal sustainability through conservative budgeting and continuous monitoring of actual financial results and economic trends at the local, state, and national levels. Such an approach allows the LVCVA the ability to react swiftly to changing conditions and sustain operations during challenging periods. The LVCVA is dedicated to the preservation of adequate fund balances to meet operating cash flow requirements and to satisfy debt service obligations.

FUND ANALYSIS

The General Fund's ending fund balance increased \$26.7 million during FY 2025. The LVCVA's revised budget anticipated a \$27.6 million decrease in fund balance; however, higher-than-anticipated revenues, combined with expenditure management, resulted in an increase to fund balance rather than a reduction.

Fund balance in the LVCCD Capital Fund decreased \$66.0 million. In addition to SB1 room tax revenue funding, there was a \$42.5 million transfer in budgeted for "pay-as-you-go reserves" and a \$11.1 million transfer budgeted for the excess collection allocation above the \$25.0 million distributed to collecting entities in the original FY 2025 budget. LVCCD Capital Fund also had a one-time, \$126.3 million land transaction in FY 2025, selling 10 surplus acres at the corner of Las Vegas Boulevard and Elvis Presley Boulevard. The revenue from the land sale were used for the LVCCD Phase Three project and fully spent in FY 2025.

LVCCD Debt Service Fund balance remained stable, increasing only \$0.6 million, as no new debt was issued in FY 2025. The minor addition to fund balance reflects the slight increase in set-asides for July annual debt payments.

The fund balance in the Capital Projects Fund increased \$45.8 million. This is primarily due to the fund transfer from the General Fund in support of the capital projects, as part of a mid-year augmentation because of higher-than-anticipated beginning fund balance from FY 2024 rollover.

The Debt Service Fund's ending fund balance increased \$1.0 million, due to savings from the August 2024 bond refunding, as well as an increase in interest earnings.

	General Fund	LVCCD Capital Fund	LVCCD Debt Service Fund	Capital Projects Fund	Debt Service Fund
Fund balance - beginning	\$ 148,584,810	\$ 379,871,770	\$ 36,463,351	\$ 95,607,599	\$ 43,728,137
Fund balance - ending	175,309,164	313,831,901	37,014,157	141,443,300	44,743,235
Change	\$ 26,724,354	\$ (66,039,869)	\$ 550,806	\$ 45,835,701	\$ 1,015,098

GENERAL FUND BUDGETARY HIGHLIGHTS

The FY 2025 General Fund budget projected a 5.6% decrease in room taxes, due to the nonrecurrence of the Super Bowl hosted in FY 2024. The first several months of FY 2025 performed better than budgeted, the result of better-than-expected visitation and ADR. While the latter few months of the year showed a softening in visitation, room tax revenues still exceeded budget.

The final budget for FY 2025 projected an ending General Fund balance of \$121.0 million, or 37.7% of operating expenditures. The ending General Fund balance actualized at \$175.3 million, an improvement of \$54.3 million from the final budget, due to higher than budgeted revenue, along with managed expenditures.

Actual General Fund revenues, transfers in, issuance of lease obligation, and proceeds from the sale of capital assets totaled \$492.6 million, exceeding the final budget by \$28.3 million. This increase was primarily driven by higher-than-budgeted room tax revenues and investment earnings, as well as increased transfers in resulting from the dissolution of the internal service fund. Actual General Fund expenditures and uses totaled \$465.9 million, approximately \$26.0 million less than the final budget. Due to the higher-than-expected revenue result in the previous year, the LVCVA was able to augment the FY 2025 budgeted transfers to the Capital Projects Fund but simultaneously hold steady on division expenditures. These results are largely due to conservative budgeting practices, which are based on the strategy of budgeting revenues cautiously while budgeting expenditures aggressively, as well as adjusting expenditure use during the year, as revenues are received and compared to the budget to ensure the financial integrity of the LVCVA.

CAPITAL ASSETS

Investment in capital assets, as of June 30, 2025, totaled \$2.0 billion (net of accumulated depreciation and amortization), a 5.9% increase compared to FY 2024. Net capital assets additions totaled \$157.4 million, mainly due to the increase in

construction in progress and buildings related to the LVCCD Phase Three project, offset by the disposal of the cost of land and related improvements for the land sale. Depreciation and amortization expense for the year was approximately \$46.3 million.

Capital asset activity is accounted for in both the Capital Projects Fund and the LVCCD Capital Fund. Capital assets, which include property, equipment, leases, subscription software, and intangibles; lease assets and intangible right-to-use assets are accounted for in the government-wide financial statements. More detailed information on capital assets can be found in Note 5.

LONG-TERM DEBT

On June 30, 2025, the LVCVA's debt, including unamortized discounts and premiums, totaled \$1.9 billion. Of this amount, \$755.1 million are general obligation bonds additionally secured by specified revenue sources, \$1.0 billion are revenue bonds, and \$13.1 million are medium-term bonds.

	General Obligation Bonds Principal Balance		Revenue Bonds Principal Balance		Medium Term Bonds Principal Balance		Unamortized Premiums and Discounts		Total

Ending balance	\$	755,115	\$	1,043,215	\$	13,094	\$	88,424	\$	1,899,848

Some of the LVCVA's long-term debt obligations are subject to restrictive debt covenants. The LVCVA has committed to maintaining adequacy of charges against users of the Las Vegas Convention Center, but not necessarily all users thereof. The LVCVA is required to set rentals, fees, and other charges to produce a defined term of pledged revenues and expansion pledged revenues (revenue including the SB1 pledge) to pay, each fiscal year, the annual defined operation and maintenance expense of the Authority's facilities, which, together, are 1.25x the annual principal and interest requirements on the LVCVA's outstanding bonds, and other amounts required under the related bond resolutions.

In August 2024, the LVCVA issued \$52.8 million Series 2024 General Obligation Refunding Bonds (the 2024 Bonds) for the purpose of refunding portions of each of the 2014 Bonds and the 2018C Bonds. The 2024 Bonds have true interest cost of 3.47%, with a final installment date of July 1, 2043. Net proceeds totaled \$59.0 million, including a \$6.5 million premium, net of \$534 thousand in underwriting fees and other issuance costs.

Management's Discussion and Analysis

For the Year Ended June 30, 2025

FY 2025 pledged revenues and expansion pledged revenues are \$458.7 million and \$535.9 million, respectively, which are inclusive of facility revenues (as defined in bond documents) of \$72.8 million. Defined operation maintenance expense is \$81.1 million. The LVCVA coverage ratio on June 30, 2025, is 2.9x (and 3.5x including expansion pledged revenues). As a result of the resilience and strength of the U.S. economy, the LVCVA has budgeted revenues should be sufficient to comply with the coverage ratios in the bond resolutions for the fiscal year ended June 30, 2026.

More detailed information on debt can be found in Note 8.

INTERNAL SERVICE FUND

Prior to June 30, 2025, LVCVA had an Internal Service Fund, not administered through a trust, to accumulate resources to be held in reserve to pay its future liability for postemployment benefits, which had accumulated \$2.4 million through discretionary transfers from the General Fund, adjusted for investment earnings; this fund was dissolved in FY 2025, transferring the remaining assets to the General Fund.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Southern Nevada has substantially recovered from the pandemic. Although visitor volume and the convention attendance in FY 2025 were still behind pre-pandemic levels, they are quickly moving closer to FY 2019 records, and visitor spend exceeds pre-pandemic levels. Inflationary impacts remain an important consideration in all expenditure categories.

Room tax, the LVCVA's major source of revenue, is budgeted lower in FY 2026 than FY 2025. The latter months of FY 2025, followed by the first quarter of FY 2026, showed a decline in tourism, corresponding to a similar decline in tourism nationally. Convention attendance is expected to increase in FY 2026, and management has budgeted use of facilities to be higher than FY 2025, based on the LVCVA's schedules of large tradeshow and events that differ from year to year.

As of the beginning of the 2nd quarter in FY 2026, the economy remains resilient, despite national tourism declines. There continues to be concerns about commodity prices, inflation, and other macro-economic factors creating economic pressures on consumers. LVCVA will continue to monitor these items and adjust as needed to ensure the LVCVA's financial resiliency.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2025

Net change in fund balances - total governmental funds		\$ 8,086,090
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures and do not report donated capital assets. However, in the statement of net position, assets with an initial, individual cost that meets LVCVA's capitalization threshold are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation and amortization expense.		
Capital outlays (asset additions)	\$ 256,014,733	
Special item	(98,627,378)	
Depreciation and amortization expense, including disposed assets	(44,149,739)	113,237,616
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Consists of the increases/(decreases) in unavailable revenues from room taxes and gaming fees and miscellaneous receipts.		
		(4,414,657)
The issuance of long-term debt (i.e., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred in the statement of net position and amortized over the term of the related debt.		
Issuance of debt	(52,835,000)	
Issuance of lease and SBITA obligations	(975,530)	
Premium on debt issuance	(6,475,436)	
Amortization of debt premiums and discounts	8,539,623	
Amortization of refunding charges	(615,237)	
Accrued interest expense	962,948	
Payment to refunded debt escrow agent	58,992,822	
Lease and SBITA principal payments	952,132	
Debt principal repayments	43,603,000	52,149,322
Change in expenses reported in the statement of activities that do not require the use of current financial resources are not reported as expenditures in the governmental funds.		
Compensated absences	(263,294)	
Post-employment benefits other than pensions	(5,019,437)	
Deferred inflows of resources related to post-employment benefits other than pensions	3,323,570	
Deferred outflows of resources related to post-employment benefits other than pensions	3,619,261	
Net pension liability	856,956	
Deferred inflows of resources related to pensions	2,741,694	
Deferred outflows of resources related to pensions	(729,358)	
Pollution remediation	237,500	
Asset retirement obligation	(1,811,426)	
Long-term presumptive liability, workers compensation	(146,133)	
Arbitrage liability	1,152,087	
Due to other governments for collection allocation distribution	442,393	4,403,813
The internal service fund is used by management to fund future other post-employment benefit costs. The change in net position of the internal service fund is reported with governmental activities.		
		(2,252,267)
Change in net position of governmental activities		\$ 171,209,917

BASIC FINANCIAL STATEMENTS

Notes to the Financial Statements

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the Las Vegas Convention and Visitors Authority (the LVCVA) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the primary source of governmental accounting and financial reporting principles. The LVCVA's significant accounting policies are summarized below, along with a discussion of some of the practices that are unique to governments.

REPORTING ENTITY

The LVCVA was created in 1955 under the provisions of Nevada Revised Statutes (NRS) 244A as the Clark County Fair and Recreation Board. This NRS governs the powers and duties of the Board of Directors (the Board), including the number, selection, and terms of its members. The LVCVA is subject to State of Nevada (the State or Nevada) laws governing local governments, including the Local Government Budget and Finance Act. The Board is responsible for establishing policy for overall operations. The LVCVA is led by the Chief Executive Officer/President. The LVCVA does not include any component units in its financial statements and is not included as a component unit in any other entity's financial statements.

The LVCVA has been charged with the promotion of tourism, as well as to own, operate, and promote recreation and convention facilities within Clark County (the County) for the benefit of the local economy.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-wide financial statements display information about the reporting government, as a whole. In order to present an accurate financial picture, the effects of interfund activity have been eliminated. The purpose of the Statement of Activities is to provide information to financial statement users about operating results of the LVCVA, in its entirety, over a period of time. It demonstrates the degree to which the direct expenses are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function. The LVCVA's program revenues include, but are not limited to, charges to customers for facility rentals, commissions from food and beverage sales, parking revenue, transportation ride tickets, and commissions from electrical, plumbing, and telecommunication services.

Room taxes and gaming fees and other items not restricted for use in a specific program or function are reported as general revenues.

The Statement of Net Position is intended to present a snapshot of the financial position of the LVCVA, as a whole, as of year-end. It displays the difference between assets and deferred outflows and liabilities and deferred inflows as net position. Net position is reported as restricted when constraints have been placed on it by an external party (such as creditors, grantors, or other governments) or imposed by law through a constitutional provision or enabling legislation. When both restricted resources and other resources can be used for the same purposes, the LVCVA financial management policy considers restricted resources to be spent first.

Governmental fund financial statements are used to account for essentially the same functions reported in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year (FY).

A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates operations according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements.

Governmental fund types are used to account for general governmental activities. The operating fund of the LVCVA is the General Fund. The LVCCD Capital Fund is used to account for the construction of new facilities and improvement of the existing facilities related to the Las Vegas Convention Center District (LVCCD) project. The LVCCD Debt Service Fund accounts for principal and interest payments on debt, with an additional pledge of legislatively restricted revenues for the LVCCD project. The Capital Projects Fund is used to account for the acquisition and improvement of routine capital assets and related improvements. Servicing of all other long-term debt obligations is recorded in the Debt Service Fund.

Proprietary fund financial statements distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenue and expenses not meeting this definition are reported as

nonoperating revenues and expenses. Internal service funds may be used to account for all or a portion of a government's risk financing activities. The LVCVA's only proprietary fund is an internal service fund, which was dissolved in FY 2025.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded, regardless of measurement focus.

Government-wide financial statements are presented on a full accrual basis of accounting with an economic resource measurement focus, as are the proprietary fund financial statements. An economic resource measurement focus concentrates on net position. All transactions and events that affect the total economic resources (net position) during the period are reported. Under the full accrual basis of accounting, revenues are recorded when earned and liabilities are recorded at the time the obligations are incurred, regardless of the timing of related cash inflows and outflows. Major revenue sources that may be accrued include room taxes, gaming fees, facility revenues, charges for services, transportation services, interest and investment earnings, and miscellaneous.

Governmental fund financial statements are presented using a modified accrual basis and the current financial resources measurement focus. Earned revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period, generally within 90 days of year end; however, room tax and gaming fee revenue are considered available when collected within 30 days of year end. Major revenue sources that may be accrued include room taxes, gaming fees, facility revenues, charges for services, transportation services, and interest and investment earnings. Liabilities are generally recorded when an obligation is incurred. However, debt service expenditures and certain other long-term obligation expenditures are recorded only when payment is due.

Since governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, the statements include reconciliations that explain the differences between the net change in fund balances of governmental funds using a modified accrual basis and the change in government-wide governmental activities using a full accrual basis and between total fund balances and net position.

The financial transactions of the LVCVA are recorded in individual funds. The operations of each fund are accounted for with a separate set of self-balancing accounts comprised of assets and deferred outflows, liabilities and deferred inflows, fund balance, revenues, expenditures, and other funding sources (uses).

The Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance of each major fund, as defined by GAAP, and any other fund the government determines to have particular importance, are presented separately.

The LVCVA reports the following major governmental funds:

General Fund

- Used as the LVCVA's primary operating fund, it accounts for resources traditionally associated with governments that are not required to be accounted for in another fund. The most significant sources of revenue are room taxes and gaming fees, which are assessed on hotels and motels in Clark County. Facility rentals, concession commissions, contractor commissions, and transportation ride tickets also provide a large amount of General Fund revenue. The primary expenditures are for advertising, marketing, special events, and operation of the facilities.

LVCCD Capital Fund

- Accounts for project costs related to LVCCD Phases Two and Three of the expansion and renovation project. This fund accounts for transfers from the General Fund and tax revenues enacted and restricted by the Nevada legislature.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements

For the Year Ended June 30, 2025

LVCCD Debt Service Fund

- This fund is used to accumulate monies for the payment of principal and interest for debt, which has a pledge of LVCVA revenues, including those restricted by the Nevada Legislature for Phases Two and Three of the LVCCD project. Due to the qualitative significance of the project for the destination and related funding to users of the financial statements, this fund is separately presented as a major fund. The fund accounts for the following debt activity:

2018A General Obligation Bonds
2019C General Obligation Bonds
2022B Revenue Bonds
2023A Revenue Bonds

2018B Revenue Bonds
2019D Taxable General Obligation Bonds
2022C Taxable Revenue Bonds
2023B Taxable Revenue Bonds

Capital Projects Fund

- Accounts for capital expenditures on furniture, equipment, intangibles, and routine improvements or additions to land and buildings financed by general government resources.
- Accounts for capital grants to other governments, which are for the express purpose of capital construction activities by other governments.

Debt Service Fund

- Used to accumulate monies for the payment of principal and interest on the following debt:

2010A (NDOT/BABs) General Obligation Bonds
2015 General Obligation Refunding Bonds
2017 General Obligation Refunding Bonds
2017C General Obligation Crossover Refunding Bonds
2019B Revenue Bonds
2021 Revenue Refunding Bonds
2024 General Obligation Refunding Bonds

2014 General Obligation Bonds
2016C Revenue Refunding Bonds
2017B Revenue Refunding Bonds
2018C Revenue Refunding Bonds
2020 Medium Term Bonds
2022 General Obligation Refunding Bonds

The LVCVA reports the following proprietary fund:

Internal Service Fund

- Previously used to accumulate resources, through discretionary transfers from the General Fund, for payments related to post-employment benefits other than pensions. This fund was dissolved in FY 2025.

DEPOSITS AND INVESTMENTS

Cash and cash equivalents are defined as demand deposit accounts, petty cash, cash in ticket vending machines, money market demand accounts, and certificates of deposit with original maturities of three months or less.

The LVCVA's investment policy authorizes investments in obligations of the U.S. Treasury, U.S. Agencies, commercial paper, banker's acceptances, money market mutual funds, certificates of deposit, repurchase agreements (REPOs), Nevada State Treasurer's Local Government Investment Pool (LGIP), collateralized investment contracts, and any other investment which may be authorized by State statute. The LVCVA's policy also governs the limitations as to the percentage of each type of investment held and its term to maturity, which cannot exceed ten years.

The LVCVA's investments are generally reported at fair value; however, the LVCVA reports investments at cost if they have a remaining maturity, at the time of purchase, of one year or less. The LVCVA includes in investment earnings the change in fair value along with any realized gains or losses.

RECEIVABLES AND PAYABLES

Transactions between funds that are outstanding at year end are reported as "due to/from other funds" within the fund financial statements. For government-wide and proprietary fund financial statements, receivables and related revenues are recognized as soon as they are earned, whereas for governmental fund financial statement purposes, receivables and related revenues are recognized when earned and are both measurable and available. Room taxes and gaming fees receivable, the LVCVA's major revenue source, are considered measurable and available when they can be collected within 30 days after year end; other revenues are considered measurable and available when collected within 90 days after year end. Revenues received after these periods are classified as deferred inflows in governmental fund financial statements.

Receivables are evaluated for collectability at least annually and reported net of any significant amounts not expected to be collected.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements For the Year Ended June 30, 2025

PREPAID ITEMS AND INVENTORY

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Inventory is primarily comprised of promotional items and is recorded at cost, determined using the first-in/first-out (FIFO) method. In the fund financial statements, the costs of promotional inventory and prepaid items are recorded as expenditures when consumed rather than when purchased.

CAPITAL ASSETS

Capital assets, which include property, equipment, intangibles, and right-to-use assets/subscription software agreements are accounted for in the government-wide financial statements. All purchased capital assets are valued at historical cost, net of impairment adjustments, if any. Donated assets are recorded at their acquisition value on the date contributed. Lease assets are recorded at the net present value of the future minimum lease payments, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. Additions or improvements and other capital outlays that significantly extend the useful life of an asset or that significantly enhance the functionality of an asset are capitalized.

Depreciation and amortization on exhaustible assets and intangibles are recorded in the Statement of Activities, while accumulated depreciation and amortization is reflected in the Statement of Net Position. Depreciation and amortization are computed on a straight-line basis over the following estimated useful lives. Intangible assets with indefinite lives are not amortized but, rather, are evaluated at least annually for continued compliance with applicable requirements. Lease assets are amortized over the shorter of the lease term or the useful life of the underlying asset.

ASSET DESCRIPTION	USEFUL LIFE (YEARS)
Buildings	50
Improvements - improvements other than building include major land improvements, leasehold improvements, and building improvements. Leasehold improvements are limited to the shorter of useful life or lease term.	5-20
Furniture/fixtures and the following equipment items: carts, communication equipment (mobile), forklifts, heavy equipment, set-up equipment, power tools, stage equipment, tables/chairs, telephones, test equipment, parking barricades, vacuums, and other equipment.	5-15
Equipment items in the following categories: camera equipment, cleaning equipment, copiers, MATV (communications) equipment, mobile sound equipment, tools, vehicles, and other equipment.	5-15
Computers, printers, etc.	3
Transportation systems	10
Lease buildings and equipment	3-5
Lease subscription software	>1-6

Costs for normal repairs and maintenance that do not add to the functionality of assets or materially extend asset useful lives are expensed as incurred.

The LVCVA classifies an item as a capital asset when its estimated useful life is at least one year and meets one of the following thresholds:

- Property and equipment with unit acquisition cost exceeding \$10,000.
- Intangibles (*e.g.*, trademarks, patents, logos, easements, and internally generated software) with an acquisition cost equal to or exceeding \$200,000.

LEASES

Lease assets are defined as contracts that convey control of the right to use another entity's nonfinancial asset (land, building, vehicle, and/or equipment), as specified in the contract, for a period of time, in an exchange-like transaction.

If LVCVA is a lessee, both a lease liability and a lease capital asset are recognized at the commencement of the lease term or it transfers ownership of the underlying asset. The lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease asset is measured at the amount of the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements For the Year Ended June 30, 2025

If the LVCVA is a lessor, a lease receivable and a deferred inflow of resources are recognized at the commencement of the lease term, with certain exceptions for leases of assets held as investments, certain regulated leases, short-term leases, and leases that transfer ownership of the underlying asset. The LVCVA does not derecognize the asset underlying the lease. The lease receivable is measured at the present value of lease payments expected to be received during the lease term. The deferred inflow of resources is measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relate to future periods.

SUBSCRIPTION BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITAs)

Right-to-use subscription-based technology assets (SBITA or SBITAs) are recognized at the subscription commencement date and represent LVCVA's right to use the underlying IT asset for the subscription term. Right-to-use SBITA assets are measured at the present value of the subscription payments expected to be made during the subscription term, plus any payments made to the vendor at the commencement of the subscription term, less any subscription incentives received from the vendor at or before the commencement of the subscription term, plus any capitalizable initial implementation costs necessary to place the subscription asset into service. Right-to-use SBITA assets are amortized over the subscription term using the straight-line method.

COMPENSATED ABSENCES

It is the LVCVA's policy to permit employees to accumulate earned but unused paid time off (PTO) benefits. Executive, Management, and Professional employees can accrue up to a maximum of 900 hours of PTO. Annually, accrued hours over the 900-hour cap are paid at 25% of the employee's hourly rate, provided the employee uses a minimum number of hours. There is no accrual cap for bargaining unit employees' PTO. Bargaining unit employees with a minimum PTO balance of 500 hours are allowed to request up to 100 hours of future PTO accrual to be paid out in the next calendar year, at their current rate of pay. Payouts at the end of employment are calculated based on years of service and hire dates. All PTO is earned for services performed, unused PTO accumulates, and PTO is accrued within the government-wide statements if it is more likely than not to be used for time off or otherwise paid in cash. LVCVA does not permit non-cash payouts of PTO.

PUBLIC EMPLOYEES' RETIREMENT SYSTEM NEVADA (PERS) DEFINED BENEFIT PENSION PLAN

The LVCVA participates in PERS, a cost-sharing multiple-employer defined benefit plan (the System) and is required to report a net pension liability and related amounts in its financial statements. The underlying financial information used to calculate amounts to be reported in the LVCVA's financial statements is based on PERS financial statements, which are prepared in accordance with GAAP that apply to governmental accounting for pension plans. This includes measuring net pension liability, deferred outflows of resources, deferred inflows of resources, pension expense, information about the fiduciary net position of the System, and additions to/deductions from the System's fiduciary net position on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable, in accordance with the benefit terms. Investments are reported at fair value.

POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

The LVCVA actuarially determined deferred inflows, deferred outflows, liabilities, and expense in the government-wide financial statements related to LVCVA's OPEB obligation at a defined measurement date. The LVCVA's OPEB liability is measured as a portion of the present value of projected benefit payments to be provided to current active and inactive employees that are attributed to those employees' current and past periods of service. These amounts can be reduced by a plan's assets when such assets are held by a qualifying trust. These projected benefits are then discounted to their actuarial present value using defined actuarial methods.

Prior to FY 2025, the LVCVA used an internal service fund to provide funding for the OPEB liability. Transfers to the Internal Service Fund did not constitute OPEB plan assets for actuarial reporting, as they were not held in a qualified trust and were not used or intended to offset or reduce the recorded OPEB liability. This internal service fund was dissolved in FY 2025.

Benefit payments are recognized by the LVCVA when due and payable, in accordance with benefit terms.

DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

In addition to assets, the LVCVA also reports deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. Unamortized deferred refunding charges (the difference between the reacquisition price and the net carrying amount of the defeased debt) qualify for reporting in this category, as do certain deferred costs related to pensions and OPEB, and the asset retirement obligation related to the monorail.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements For the Year Ended June 30, 2025

In addition to liabilities, the LVCVA also reports deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. Revenues that are unavailable to satisfy current obligations qualify for reporting in this category, as do certain deferred amounts related to pensions, OPEB, and leases receivable.

LONG-TERM OBLIGATIONS

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are recorded and amortized over the life of the bonds using the effective interest method; however, bond issuance costs are expensed as incurred and reported as debt service expenditures (*i.e.*, a component of interest and fiscal charges). For debt refunding transactions resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is reported as either a deferred outflow or inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the old debt or the life of the new debt, whichever is shorter.

For governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized in the fiscal year incurred. Bond proceeds and premiums received on debt issuances are reported as other financing sources, while discounts on debt issuance are reported as other financing uses.

Lease liabilities represent LVCVA's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments expected to be made during the lease term. The present value of lease payments is discounted based on a borrowing rate determined by LVCVA.

SBITA liabilities represent LVCVA's obligation to make subscription payments arising from a software subscription contract. SBITA liabilities are recognized at the subscription commencement date based on the present value of future subscription payments expected to be made during the subscription term. The present value of subscription payments is discounted based on a borrowing rate determined by LVCVA.

Both lease liabilities and SBITA liabilities have been combined in presentation on the Statement of Net Position.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

NEW ACCOUNTING PRONOUNCEMENTS ADOPTED DURING FY 2025

Statement No. 101, *Compensated Absences*, was issued in June 2022. The intent of this Statement is to enhance requirements for reporting liabilities associated with different types of compensated absences. This Statement was implemented in FY 2025.

Statement No. 102, *Certain Risk Disclosures*, was issued in December 2023. The intent of this Statement is to require government to disclose risks related to certain concentrations or constraints that is not currently provided. This Statement was implemented in FY 2025.

See Note 3 for the list of accounting pronouncements to be adopted after FY 2025.

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS:

The governmental funds balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide Statement of Net Position.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements

For the Year Ended June 30, 2025

One element of that reconciliation explains that “capital and intangible assets used in the governmental activities are not current financial resources and, therefore, are not reported in the funds.” The details of this \$2,041,023,362 difference are as follows:

Depreciable and amortizable capital and intangible assets	\$ 1,824,502,972
Accumulated depreciation and amortization	<u>(502,458,201)</u>
Depreciable and amortizable capital and intangible assets, net	1,322,044,771
Non-depreciable and non-amortizable capital and intangible assets	<u>718,978,591</u>
Net adjustment to increase <i>fund balance – total governmental funds</i> to arrive at <i>net position – governmental activities</i>	<u><u>\$ 2,041,023,362</u></u>

Another element of that reconciliation is long-term debt and related items, including bonds, deferred refunding charges, and accrued interest that is not due and payable in the current period, as well as related items, and, therefore, are not reported in the funds.

The details of this \$1,940,730,362 difference are as follows:

Bonds payable, due in more than one year	\$ 1,765,508,000
Unamortized bond premiums and discounts	<u>88,424,029</u>
Total bonds payable, net of unamortized discounts and premiums due in more than one year	1,853,932,029
Bonds payable, due within one year	45,916,000
Lease and SBITA obligation, due within one year	735,706
Lease and SBITA obligation, due in more than one year	406,167
Interest payable	<u>39,740,460</u>
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>	<u><u>\$ 1,940,730,362</u></u>

NOTE 3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY:

BUDGETARY INFORMATION

Budgets for all LVCVA governmental and proprietary funds are adopted annually and prepared using a presentation basis consistent with GAAP. Requests for current-year transfers and following-year appropriations are submitted by divisions and sections for review and approval. As required by NRS, the tentative budget documents are filed with the Nevada Department of Taxation and the County Clerk by April 15. After April 15 and before the budget hearing, the public has the opportunity to review the tentative budget document and submit any comments for inclusion on the agenda of the public hearing. The budget hearing is held no earlier than the third Monday in May and no later than the last day of May. The approved budget is fully integrated on July 1 with LVCVA’s accounting system. All appropriations lapse at the end of the fiscal year.

NRS 354.626 generally prohibits expenditures in excess of appropriations at the function level, which is the legal level of budgetary control. Budget transfers are reviewed by the Finance Department for budget availability and conformance with policies and NRS. Three types of budget transfers are permitted by NRS:

- Functional budget transfers are defined as transfers within the same function (*i.e.* general government, marketing, operations, and community support) and same fund (*i.e.* General Fund, Capital Projects Fund). Transfers of \$250,000 or less can be approved by the Chief Financial Officer; else, the CEO/President’s approval is required.
- Intrafund budget transfers are defined as transfers between different functions but within the same fund. The approval level is the same as functional transfers, and the Board is advised of these transfers.
- Interfund or contingency budget transfers are defined as transfers between different funds and require approval of the Board.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements

For the Year Ended June 30, 2025

Augmentations to increase total appropriations are accomplished by formal Board action. During the year, higher than anticipated beginning fund balance was appropriated to increase capital funding. All amendments made to the original budget were as prescribed by law.

NET POSITION

The government-wide Statement of Net Position utilizes a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted. Net investment in capital assets is total capital assets, less the related debt outstanding that applies to the acquisition, construction, or improvement of capital assets. This is adjusted for unspent debt proceeds, if any.

Restricted assets are assets that have externally imposed (statutory, bond covenant, contract, or grantor) limitations on their use. Restricted assets are classified and reported by restriction for debt service, capital projects, or purpose. Assets restricted by purpose relate to net position which use is legally limited by outside parties for a specific purpose. The restriction for debt service represents assets legally restricted by statute or bond covenants for future debt service requirements of both principal and interest. The amount restricted for capital projects consists of unspent debt proceeds with third-party restriction for use on specific projects or programs or legislative mandate for capital use. The government-wide statement of net position reports \$330.1 million of restricted net position, all of which is restricted externally by third parties.

Unrestricted net position represents financial resources of the LVCVA that do not have externally imposed limitations on their use. On June 30, 2025, the LVCVA reported a \$49.8 million unrestricted net position, which is an increase of \$35.9 million. This is primarily the result of increased restricted net position from the prior year, as funds from the land sale were used for the Phase Three LVCCD project.

NEW ACCOUNTING PRONOUNCEMENTS NOT YET ADOPTED

The LVCVA staff is currently evaluating the potential effects, if any, that the following GASB pronouncements will have on the LVCVA's future financial reporting:

Statement No. 103, *Financial Reporting Model Improvements*, was issued in April 2024. The intent of this Statement is to improve key components of the reporting model, including Management's Discussion and Analysis, Proprietary Fund Statement of Revenues, Expenses, and Changes in Fund Net Positions, and unusual or infrequent items. The LVCVA will further evaluate Statement No. 103 and will implement this Statement in FY 2026.

Statement No. 104, *Certain Capital Assets Disclosure*, was issued in September 2024. The intent of this Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34 and requires additional disclosures for capital assets held for sale. The LVCVA will further evaluate Statement No. 104 and will implement this Statement in FY 2026.

NOTE 4. CASH AND INVESTMENTS

The LVCVA maintains cash and investments for each of its funds. On June 30, 2025, cash and investments are displayed in the Statement of Net Position and governmental funds balance sheet as "cash and cash equivalents" and "investments" and in the Internal Service Fund Statement of Net Position as "cash and cash equivalents" and "investments," as applicable. Cash-on-hand consists of both imprest funds for in-person parking and ticket sales, as well as the cash in ticket vending machines related to the monorail transportation system.

At year end, the LVCVA's cash, cash equivalents, and investment balances consisted of the following:

Cash and cash equivalents:	
Cash on hand	\$ 99,238
Deposits in bank	90,933,947
	<u>91,033,185</u>
Investments (U.S. Treasuries, U.S. Agencies, and LGIP)	636,869,678
	<u>\$ 727,902,863</u>

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements For the Year Ended June 30, 2025

At year end, the LVCVA's carrying amount of deposits was \$90.9 million, and the bank balance was \$91.0 million. In addition, the LVCVA had the following investments:

	Investments by Maturities				Accrued	Total Value
	Original Cost	Fair Value	Less than 1 Year	1 - 5 Years	Interest	
U.S. Treasuries	\$ 335,260,035	\$ 341,941,298	\$ 77,250,848	\$ 264,690,450	\$ 2,632,561	\$ 344,573,859
U.S. Agencies	117,467,121	120,695,434	19,847,600	100,847,834	985,133	121,680,567
Commercial Paper	68,041,123	68,041,123	68,041,123	-	-	68,041,123
Money Market	2,241,109	2,241,109	2,241,109	-	-	2,241,109
LGIP	103,960,697	103,950,714	103,950,715	-	662,174	104,612,889
Total	\$ 626,970,085	\$ 636,869,678	\$ 271,331,395	\$ 365,538,284	\$ 4,279,868	\$ 641,149,547

According to NRS, the LVCVA monies must be deposited in federally insured banks, credit unions, or savings and loan associations in the State. The LVCVA is authorized to use demand accounts, time accounts, and certificates of deposit. NRS specifically requires collateral for all demand deposits and that collateral for time deposits may be of the same type as those described for permissible investments. Permissible investments are similar to the LVCVA's allowable investments described below, except that NRS allows securities issued by municipalities within the State.

CUSTODIAL CREDIT RISK

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the LVCVA will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. At year end, the LVCVA did not have any significant custodial credit risk.

Per the LVCVA's investment policy, custodial credit risk for deposits is managed by ensuring that they are fully covered by the federal depository insurance or collateralized by securities. This is currently accomplished by use of the State's Pooled Collateral Program, which monitors collateral maintained by depositories for local government agency deposits. This program provides for centralized processing and management of all pledging and maintenance of collateral by the State Treasurer's Office, rather than each local agency, and eliminates the need for the LVCVA to establish separate custodial agreements with each financial institution. The State Treasurer requires that acceptable securities pledged as collateral be maintained at 102% of those entities' deposits participating in the pool and that the pledged securities be held by a third party for the benefit of the State Treasurer.

The Local Government Investment Pool (LGIP) is an external investment pool administered by the State of Nevada's Treasurer, with oversight by the State's Board of Finance. The LVCVA deposits monies with the State Treasurer to be pooled with monies of other local governments for investment in the LGIP. The LGIP operates in accordance with all applicable NRS, and the fair value of its shares is the same as the reported value of the shares. LGIP financial statements may be obtained from the State Treasurer's Office, 101 N. Carson Street Suite 4, Carson City, NV 89701.

CONCENTRATION OF CREDIT RISK

NRS and the LVCVA's investment policy limits investment instruments by credit risk. Any LVCVA investment in commercial paper must be rated P-1 by Moody's Investor Service and A-1 by Standard and Poor's. The LVCVA's money market investments must be invested in those funds rated by a nationally recognized rating service as AAA or its equivalent and that invest only in securities issued by the Federal Government, U.S. Agencies, or REPOs fully collateralized by such securities. The LVCVA's investments in U.S. Agencies, which are implicitly guaranteed by the U.S. Government, are allowed per NRS. On June 30, 2025, all investments in Treasury Bills and Commercial Paper were rated A-1, P-1, or its equivalent or better. For all applicable rated federal agency and treasury note securities, each investment was rated Aaa, AA+, or better, on June 30, 2025. The LGIP does not have a credit rating.

To mitigate credit risk, the LVCVA's investment policy limits total investment (which includes overnight accounts included in cash equivalents). Limits for each category are as follows: U.S. Agencies and U.S. Treasuries to 100%, LGIP to 50%, repurchase agreements to 40%, and bankers' acceptances, commercial paper, certificates of deposit, and money market mutual funds to 25% of the entire portfolio, calculated at the time of investment. As of June 30, 2025, the LVCVA's investments were diversified at 53.9% in U.S. Treasuries, 19.0% in U.S. Agencies, 16.4% in LGIP, and 10.7% in Commercial Paper.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements For the Year Ended June 30, 2025

The LVCVA's investment in U.S. Agencies was comprised of securities issued by the Federal Home Loan Bank (8.5%), the Federal Farm Credit Bank (67.5%), the Federal National Mortgage Association (15.8%), and the Federal Home Loan Mortgage Corporation (8.2%).

INTEREST RATE RISK

Per the LVCVA's investment policy, exposure to the declines in fair value due to changing interest rates is managed by limiting the maturities of its investments to ten years or less. Some of the U.S. Agency investments have call options or prepayment risk, which, if exercised, could shorten the maturity of these investments during periods of interest volatility.

FAIR VALUE DETERMINATION

GASB defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Additionally, the inputs used to measure fair value are prioritized based on a three-level hierarchy. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.
- Level 2 inputs are inputs—other than quoted prices included within Level 1—that are observable for an asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for an asset or liability.

The LVCVA reports five types of investments: Federal Agency securities, U.S. Treasuries, Commercial Paper, Certificates of Deposit, and LGIP (as applicable).

Except for LGIP, LVCVA tracks its investments on an investment-by-investment basis and, because of this and the similarity of the investments, reports them in aggregate based upon recurring third-party values using a market approach with matrix pricing.

Therefore, these investments, which totaled \$532,918,964 on June 30, 2025, are classified as Level 2:

Fund	Level 2
General Fund	\$ 138,183,983
Capital Projects Fund	104,247,280
LVCCD Capital Fund	290,487,701
Total	<u>\$ 532,918,964</u>

LGIP is an investment pool with multiple types of investments being reported at fair value, determined by availability of market pricing; however, LGIP is not categorized within the fair value hierarchy in accordance with generally accepted accounting principles. The following is a summary of the estimated fair value by fund:

Fund	Total
General Fund	\$ 11,143,436
Capital Projects Fund	38,059,829
LVCCD Capital Fund	54,335,742
Debt Service Fund	411,707
	<u>\$ 103,950,714</u>

FOREIGN CURRENCY LOSS

The LVCVA pays some of its foreign office expenses in the currency in which they were made. As a result, the foreign currency exchange loss in FY 2025 was \$76 thousand or 3.3% of the total foreign currency expenses.

NOTE 6. INTERFUND TRANSACTIONS:

The following schedule details the amounts due from/to other funds on June 30, 2025:

Receivable Fund	Payable Fund	Amount
General Fund	Debt Service Fund	\$ 132,650
LVCCD Capital Fund	General Fund	6,643,348
LVCCD Capital Fund	LVCCD Debt Service Fund	108,112
		\$ 6,884,110

Interfund balances result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, (3) payments between funds are made, and (4) interest on investments in the two debt service funds is earned and transferred back to the General Fund and LVCCD Capital Fund.

Transfers (1) move revenues from collecting fund, as required by statute or budget, to the expenditure fund, as required by that statute or budget, (2) move receipts restricted to debt service from the collecting funds to the respective debt service funds as debt service payments become due, and (3) use unrestricted General Fund revenues to finance various programs within other funds, in accordance with budgetary authorizations.

The transfers from the General Fund to LVCCD Capital Fund and Capital Projects Fund increased the economic reserve and, as well as funding a portion of the construction of the new administrative offices continuing work on the LVCCD Phase Three project. Both the transfers from LVCCD Capital Fund to LVCCD Debt Service Fund and General Fund to Debt Service Fund finance semiannual debt service payments. For the year ended June 30, 2025, transfers between funds were as follows:

	Transfers Out					
	Transfer In	General Fund	OPEB Fund	Debt Service Fund	LVCCD Capital Fund	LVCCD Debt Service Fund
General Fund	\$ 3,477,655	\$ -	\$ 2,420,251	\$ 1,057,404	\$ -	\$ -

NOTE 7. LEASES:

LVCVA LEASE OBLIGATIONS

To assist with selling the Las Vegas destination throughout the Midwest and Eastern corridor, the LVCVA leased office space in both Chicago, Illinois and Washington, D.C. The lease in Chicago commenced on July 1, 2015, expiring March 31, 2026. For FY 2025, the LVCVA paid \$7 thousand in monthly rent, and the total principal and interest costs were \$91 thousand. In addition, the LVCVA paid \$91 thousand in common area maintenance and property tax charges in FY 2025. Monthly lease payments increase 3% on each anniversary of the commencement date. The lease in Washington, D.C. commenced on January 1, 2015, expired July 31, 2024, and was not renewed. For FY 2025, the LVCVA paid \$22 thousand in monthly rent, and the total principal and interest costs were \$22 thousand. In addition, the LVCVA paid \$12 thousand in common area maintenance and property tax charges in FY 2025. On July 1, 2024, the value of leased office space was \$159 thousand; with \$99 thousand amortized during the year. For the Chicago lease, the June 30, 2025, net book value was \$59 thousand, with accumulated amortization of \$319 thousand. Lease liabilities represent LVCVA's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments expected to be made during the lease term. The present value of lease payments is discounted based on an implicit borrowing rate determined by the LVCVA.

In FY 2024, the LVCVA entered into a \$164 thousand lease for copier equipment. The lease commenced January 1, 2024, and expires December 31, 2028.

	<u>\$ 187,422</u>	<u>\$ 10,585</u>	<u>\$ 198,007</u>

LVCVA LEASES RECEIVABLE

The LVCVA leases land and other building space to cellular communications companies for the purpose of building and maintaining cellular towers. The lease for the cellular tower on E. Desert Inn Rd. commenced on January 13, 1995, expiring January 13, 2028. The lease of the cellular tower within the LVCVA monorail station commenced October 1, 2013, expiring September 30, 2028. For FY 2025, the LVCVA received \$78 thousand (combined principal and interest) in total lease revenue. The LVCVA also received \$4 thousand in lease revenue due to CPI increase.

The LVCVA leases land for purposes of operating a police substation to serve the Las Vegas strip and resort corridor. The lease commenced in 2007, with a total lease term of 30 years, expiring November 30, 2037. In FY 2025, the LVCVA received \$88 thousand in total lease revenue. The LVCVA also received an additional \$18 thousand in lease revenue due to CPI increase.

The LVCVA leases space within the LVCC monorail station for various use of the premises, including advertising and naming rights. The original lease commenced March 1, 2022; during FY 2024, the lease was extended an additional eight years, expiring February 28, 2032, adding \$4.1 million to leases receivable. In FY 2025, the LVCVA received \$600 thousand in total lease revenue.

The LVCVA subleases its office space in Chicago, Illinois. The lease commenced on September 1, 2022, with an expiration of March 31, 2026. For FY 2025, the LVCVA received \$73 thousand in total lease revenue for a nine-month period, after which the subtenant abandoned the sublease. The remainder of the sublease was written off and removed from leases receivable.

The LVCVA leases space for purposes of operating a copying, printing, and mailing services. The lease commenced on December 1, 2022, with an expiration of November 30, 2025. For FY 2025, the LVCVA received \$362 thousand in total lease revenue.

Leases receivable are recorded by LVCVA as the present value of future lease payments expected to be received from the lessee during the lease term, reduced by any provision for estimated uncollectible amounts. Leases receivable are subsequently reduced over the life of the lease as cash is received in the applicable reporting period. The preset value of future lease payments to be received is discounted based on the implied interest rate the LVCVA charges the lessee.

The total remaining principal and interest receipts for the LVCVA's leases receivable, as of June 30, 2025, are as follows:

Fiscal Year	Principal	Interest	Total Payments
2026	\$ 732,140	\$ 185,740	\$ 917,880

LVCVA SUBSCRIPTION-BASED SOFTWARE OBLIGATIONS

SBITA right-to-use assets are measured based on the SBITAs liabilities at the lease term. The present value of SBITAs is discounted based on an implicit borrowing rate determined by the LVCVA.

The LVCVA has contracted with multiple information technology software vendors for software as a service (SaaS) solution, backup information technology, human resources and payroll/timecard tracking, digital signage displays, and contract bidding. As of June 30, 2025, the remaining principal and interest payment requirements for the SBITAs obligation are as follows:

Fiscal Year	Principal	Interest	Total Payments
2026	\$ 634,621	\$ 24,262	\$ 658,883
2027	319,830	4,553	324,383
	<u>\$ 954,451</u>	<u>\$ 28,815</u>	<u>\$ 983,266</u>

NOTE 8. LONG-TERM DEBT:

The LVCVA issues general obligation (GO) and revenue bonds to fund land and other improvements, acquisition, and construction of capital assets consisting primarily of meeting and exhibit and support facilities at the Las Vegas Convention Center. Ten of the LVCVA's outstanding bonds are GO bonds of the County acting on behalf of the LVCVA. During FY 2025, one general obligation refunding bond was issued.

The County acts as the guarantor of the LVCVA GO bonds, pursuant to GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. The GO bonds are primarily secured by ad valorem taxes and are additionally secured by net pledged revenues of the LVCVA, primarily room taxes on hotels and motels in Clark County. However, repayment of debt service on the GO bonds is not required by the LVCVA to Clark County if ad valorem taxes must be used. It has been the practice of the LVCVA never to use ad valorem taxes for debt service but, rather, to use only net pledged revenues derived from operations. In fiscal year 2025, General Fund room taxes and gaming fees of \$374.8 million were 3.0 times the amount necessary to pay the \$124.1 million of regular principal and interest payments for all LVCVA debt service payments. As of June 30, 2025, no ad valorem tax revenues have been allocated to the LVCVA for any purpose, including to guarantee debt payments. No change in this practice is contemplated in the future. In addition, the LVCVA, pursuant to legislative directive, previously provided \$300.0 million of funding to the NDOT for transportation projects and issued GO bonds in this regard (\$203.2 million principal outstanding on June 30, 2025). The capital assets acquired with this debt are not assets of LVCVA.

The LVCVA also pledged additional revenue streams on debt related to the LVCCD Project. In October 2016, during a special session of the Nevada Legislature, Nevada Senate Bill 1 (SB1) enacted and authorized the LVCVA to use an additional 0.5% room tax revenues, as well as amounts in excess of an imposed cap of \$25.0 million on total non-SB1 room tax and gaming fees collection allocation, solely for the LVCCD Project. The Board authorized \$1,200 million in bonds to be issued for the LVCCD project which was issued in eight series. These bonds were issued for the LVCCD, and repayments are accounted for in the LVCCD Debt Service Fund. As of June 30, 2025, the SB1 pledge is utilized to make payments on \$1,182.1 million of the outstanding LVCVA debt. In FY 2025, the SB1 room tax totaled \$38.6 million.

ARBITRAGE REBATE AND DEBT COVENANT REQUIREMENTS

The Federal Tax Reform Act of 1986 imposes a rebate requirement with respect to some bonds issued by the LVCVA. Under this Act, when a government entity earns interest at a higher rate of return on tax-exempt bond funds than it pays on the debt, the excess difference may be required to be rebated to the United States Treasury (called “arbitrage”). The rebate is necessary for interest on the bonds to continue to qualify for exclusion from gross income for federal income tax purposes. Rebutable arbitrage is computed as of each installment computation date. During FY 2025, LVCVA rebated \$2.2 million of arbitrage to the United State Treasury. As of the most recent computation date, the LVCVA has a remaining arbitrage liability of \$3.4 million. Future calculations could result in adjustments to this determination.

In addition, certain of the LVCVA’s long-term debt obligations are subject to restrictive debt covenants. The LVCVA has committed to maintaining adequacy of charges against users of the Las Vegas Convention Center, but not necessarily all users thereof. The LVCVA is required to set rentals, fees, and other charges to produce a defined term of pledged revenues and expansion pledged revenues (revenue including the SB1 pledge) to pay the annual defined operation and maintenance expense of the LVCVA’s facilities for each fiscal year, which together are 1.25x the annual principal and interest requirements on the LVCVA’s outstanding bonds, and other amounts required under the related bond resolutions.

FY 2025 pledged revenues and expansion pledged revenues are \$458.7 million and \$535.9 million, respectively, which are inclusive of facility revenues (as defined by in bond documents) of \$72.8 million. Defined Operation maintenance expense is \$81.1 million. The LVCVA’s June 30, 2025, coverage ratio is 2.9x (and 3.5x including expansion pledged revenues). Revenues are sufficient to comply with the coverage ratios in the bond resolutions for the fiscal year ended June 30, 2025.

DEBT APPROVED BUT NOT YET ISSUED

In FY 2025, the LVCVA Board and the Clark County Debt Management Commission (DMC) authorized the issuance of up to \$93.7 million in general obligation refunding bonds. The DMC authorization remains in effect for three years. The LVCVA will evaluate issuance of the refunding bonds when market conditions provide sufficient savings. This action will not increase total outstanding debt, as the bonds will be used solely to refund eligible obligations.

NOTE 9. RISK MANAGEMENT:

The LVCVA is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets, errors and omissions, injuries to employees, and natural disasters. The LVCVA has third-party coverage for property and commercial liability. For worker's compensation, the LVCVA is self-insured, with an excess insurance policy. For worker's compensation, the LVCVA is self-insured at a relatively low threshold per claim. For claims over the threshold, third-party coverage would take effect. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. Incurred but not reported (IBNR) claims have been accrued as a liability based on a variety of actuarial and statistical techniques.

In FY 2025, the LVCVA incurred claims totaling \$446 thousand, for workers compensation and general liability, combined, and made claims payments totaling \$300 thousand for workers compensation and general liability, combined. As of June 30, 2025,

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements For the Year Ended June 30, 2025

the unpaid retained loss and allocated loss adjustment expense (ALAE) for worker's compensation exposures is estimated to be \$268 thousand, of which \$153 thousand is for IBNR claims. The unpaid retained loss and ALAE for general liability claims is estimated to be \$279 thousand, of which \$153 thousand is for IBNR claims. The total unpaid retained loss and ALAE, inclusive of both workers compensation and general liability, as of June 30, 2025, is \$547 thousand.

The economy of the County and the State (and, therefore, the revenues of the LVCVA) is heavily dependent on the tourism industry, which is based significantly on legalized gambling. Any decrease in the level of tourism activity (including convention activity) in the County is likely to result in a reduction of revenues. Factors such as weakening in the national economy and reductions in travel for any reason, including terrorist attacks, national or global health crisis, and increases in gas prices, have impacted LVCVA revenues in the past and could impact revenues in the future. The recession (2008-2010) and COVID-19 (2020-2021) both caused significant decreases in room tax revenues, which account for more than 75% of LVCVA revenues. While LVCVA has fully recovered from the decreases related to COVID-19, there can be no assurance that a future recession or other significant local or national event will not again have a materially negative impact on room tax revenues.

Other factors that are beyond the control of LVCVA also may adversely affect the level room tax revenues in the future. These factors include a dependence on the individual members of the hotel/casino industry to attract visitors to the Las Vegas area through the use of advertising and other promotional activities, and to not significantly decrease hotel rates. Another factor is the availability of affordable and frequent air service to the County. Reductions in air service or increases in the price of such service may occur due to the poor health of the airline industry in general, increases in jet fuel costs, or other factors.

NOTE 10. EMPLOYEE RETIREMENT PLAN:

Plan Description

The LVCVA participates in the Public Employees' Retirement System of Nevada. This is a cost-sharing, multiple-employer, defined benefit public employees' retirement system (the System or PERS), which includes both Regular and Police/Fire members. The System was established by the Nevada Legislature in 1947, effective July 1, 1948. The System is administered by the Public Employees' Retirement Board to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability. The LVCVA exercises no control over PERS. NRS 286.110 states that, "The respective participating public employers are not liable for any obligations of the system."

Benefits Provided

Benefits, as required by NRS, are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months, with special provisions for members entering the System on or after January 1, 2010, and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits. Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service before July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering the System on or after January 1, 2010, there is a 2.5% multiplier. For members entering the System on or after July 1, 2015, there is a 2.25% multiplier.

The System offers several alternatives to the unmodified service retirement allowance, which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime with various optional monthly payments to a named beneficiary after his or her death. Post-retirement increases are provided by authority of NRS 286.575-.579.

Vesting

Regular members are eligible for retirement at age 65 with five years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering the System on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, at age 62 with 10 years of service, or any age with 30 years of service. Regular members entering the System on or after July 1, 2015, are eligible for retirement at age 65 with five years of service, at age 62 with 10 years of service, at age 55 with 30 years of service, or any age with 33 1/3 years of service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation; however, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. All members become fully vested in benefits upon completion of five years of service.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY**Notes to the Financial Statements****For the Year Ended June 30, 2025****Contributions**

The authority for establishing and amending the obligation to make contributions and member contribution rates is set by statute. New hires, in agencies that did not elect the Employer-Pay Contribution (EPC) plan before July 1, 1983, have the option of selecting one of two contribution plans. Contributions are shared equally by employer and employee. Employees can take a reduced salary and have contributions made by the employer (EPC) or can make contributions by a payroll deduction matched by the employer. The LVCVA elected the EPC plan.

The System's basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working life in order to accumulate sufficient assets to pay benefits when due. The System receives an actuarial valuation on an annual basis indicating the contribution rates required to fund the System on an actuarial reserve basis. The actuary funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary.

Contributions are made in accordance with the actuarially required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

For the fiscal year ended June 30, 2025, the contribution rates for regular members were 17.5% for employee/employer pay and 33.5% for employer-pay contribution (EPC), which was unchanged from the fiscal year ended June 30, 2024. LVCVA's contributions to the pension plan, for both employee and employer portions, were \$12.4 million for the year ended June 30, 2025.

Pension Liabilities, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

The employer-allocated percentage of the net pension liability was based on the total contributions due on wages paid during the measurement period. Contributions for employer pay dates that fall within PERS fiscal year ending June 30, 2024, are used as the basis for determining each employer's proportionate share of the collective pension amounts. The LVCVA's allocated portion was calculated at 0.37954%, lower than the 0.38039% allocated portion in the prior year. The LVCVA recorded a liability of \$68.6 million for its portion of the net pension liability, as of June 30, 2025.

Deferred outflows and inflows of resources related to pensions as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 14,548,076	\$ -
Change of assumptions	4,424,930	-
Net difference between projected and actual earnings on investments	-	6,755,583
Changes in proportion and differences between actual contributions and proportionate share of contributions	13,160,893	16,092,181
LVCVA contributions subsequent to measurement date	6,216,226	-
	<u>\$ 38,350,125</u>	<u>\$ 22,847,764</u>

On June 30, 2024, the average expected remaining service life is calculated at 5.64 years.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements

For the Year Ended June 30, 2025

Deferred outflows for contributions made by the LVCVA to PERS after the measurement date of the net pension liability but before the end of the LVCVA's fiscal year will be recognized as a reduction to net pension liability in the year ending June 30, 2026. Other amounts reported as deferred outflows/(inflows) inflows of resources related to pensions will be recognized in expense as follows:

Year end June 30,	
2026	\$ (1,855,669)
2027	6,874,978
2028	3,152,190
2029	18,134
2030	1,096,502
Thereafter	-

Included in accounts payable on June 30, 2025, the LVCVA had \$1.3 million payable to PERS, equal to the required contribution for the month of June 2025, which was subsequently paid in accordance with applicable due dates in July and August 2025.

Actuarial Assumptions

The System's net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. For this purpose, certain actuarial valuation assumptions are stipulated by GASB and may vary from those used to determine the prospective funding contribution rates.

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.50%
Payroll growth	3.50%
Investment rate of return	7.25%
Discount rate	7.25%
Productivity pay increase	0.50%
Projected salary increases	Regular: 4.20% to 9.10%, depending on service, including inflation

On June 30, 2024, assumed mortality rates and projected life expectancies for selected ages were as follows:

Regular Members				
Age	Mortality Rates		Expected Years of Life Remaining	
	Males	Females	Males	Females
40	0.07%	0.04%	43.4	47.1
50	0.35%	0.24%	33.2	36.7
60	0.72%	0.43%	23.7	26.9
70	1.80%	1.19%	15.2	17.8
80	5.71%	3.75%	8.1	10.0

These mortality rates and projected life expectancies are based on the following:

- For pre-retirement members – Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables, projected generationally with the two-dimensional mortality improvement scale MP-2020.
- For healthy members – Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Tables with rates increased by 30% for males and 15% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020. For ages less than 50, mortality rates are based on the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables.
- For disabled members – Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Tables with rates increased by 20% for males and 15% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements For the Year Ended June 30, 2025

Actuarial assumptions used in the June 30, 2024, valuation were based on the results of an experience study for the period from July 1, 2016, through June 30, 2020.

Valuation of Plan Assets - Investment Policy

The policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the System. The PERS Board adopted the following target allocation policy as of June 30, 2024:

Asset Class	Target Allocation	Long-Term Geometric Expected Real Rate of Return*
Domestic stocks	34%	5.50%
International stocks	14%	5.50%
U.S. Bonds	28%	2.25%
Private markets	12%	6.65%
Short-term investments	<u>12%</u>	0.50%
	100%	

* As of June 30, 2024, PERS' long-term inflation assumption was 2.50%.

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the pension plan's fiduciary net position on June 30, 2024, was projected to be available to make all projected future benefit payments of currently active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments (7.25%) was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2024.

Pension Liability Discount Rate Sensitivity

The following presents the LVCVA's proportionate share of the net pension liability of the System as of June 30, 2024, calculated using the discount rate of 7.25%, as well as what the LVCVA's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	<u>1% Decrease (6.25%)</u>	<u>Discount Rate (7.25%)</u>	<u>1% Increase (8.25%)</u>
Net Pension Liability - LVCVA portion	\$110,277,918	\$68,575,632	\$34,170,792

Pension Plan Fiduciary Net Position

PERS issues a stand-alone Annual Comprehensive Financial Report that includes financial statements and required supplementary information for the plan. Additional information about the System's fiduciary net position is available at www.nvpers.org under Quick Links – Publications or may be obtained by contacting PERS at the following address:

NOTE 11. POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB):

In accordance with NRS, retirees of the LVCVA and their spouses may continue insurance through existing plans, if enrolled as an active employee at the time of retirement.

PLAN DESCRIPTIONS

The LVCVA's plan is a non-trust, single-employer, defined benefit post-employment plan (Primary Plan). Active members and retirees can choose between the Clark County Self-Funded Group Medical and Dental Benefits Plan (CCSF) and the Clark

County Exclusive Provider Organization (EPO) Plan. These program options include healthcare, prescription, dental, vision, and life insurance benefits. The Primary Plan does not issue a separate financial report; however, additional information may be obtained by writing or calling Clark County Risk Management, 500 S. Grand Central Pkwy., Las Vegas, NV 89155, (702) 486-4009.

The LVCVA also provides continuation of medical insurance coverage to retirees and their spouses under the State of Nevada Public Employees Benefits Program (PEBP), an agent, multiple-employer, defined benefit plan. This plan includes healthcare, prescription, dental, Medicare Part B, and life insurance benefits and is provided through a third-party insurer. It is administered by a ten-member governing board with nine members appointed by the State's Governor, and the last board member is the Director from the Department of Administration or his/her designee. For participants who enrolled in the PEBP before September 1, 2008, the LVCVA is responsible for payment of a monthly subsidy, based on the years of service with the local government, for the life of the retiree. The subsidy requirements are governed by NRS and can only be amended through legislation. The PEBP issues a publicly-available financial report that includes financial statements and required supplementary information. The PEBP report may be obtained by writing or calling the Public Employee Benefit Plan, 901 South Stewart Street, Suite 1001, Carson City, Nevada 89701, (800) 326-5496.

EMPLOYEES COVERED BY PLANS

As of the June 30, 2024 actuarial valuation, the LVCVA's Primary Plan covers 123 retirees and surviving spouses, 36 spouses, and 400 active employees. The LVCVA also covers 34 PEBP retirees. As of November 1, 2008, PEBP was closed to any new participants.

FUNDING POLICY

For the Primary Plan, LVCVA premiums are established and may be amended through negotiations between the LVCVA and the insurance plan. Contribution requirements by active employees to the Primary Plan are established by, and may be amended through, negotiations between the LVCVA and various employee groups. All LVCVA retirees are required to pay 100% of their premiums under the plan. Retirees enrolled in the Primary Plan receive no direct subsidy from the LVCVA; however, retiree loss experience is pooled with active employee loss experience for setting rates, and the difference between the true claims cost and the blended rate creates an implicit rate subsidy from the LVCVA, which is paid annually through plan premiums and charges.

The LVCVA is required to pay the PEBP an explicit subsidy, based on years of service, for retirees enrolled in this plan. Retirees were eligible for a subsidy after five years of service with a Nevada state or local government entity. The maximum subsidy is earned after 20 years of combined service with an eligible entity. If the retiree worked for more than one eligible entity, the subsidy is split based on the length of time with each entity. In FY 2025, the LVCVA's cost per month per retiree ranged from \$9 to \$1,315.

As of June 30, 2025, the LVCVA's aggregate OPEB plan balances are as follows:

	Primary Plan	PEBP	Total
Net OPEB assets administered through a qualifying trust	\$ -	\$ -	\$ -
Net unamortized deferred outflows of resources related to OPEB	11,574,339	113,000	11,687,339
Total OPEB liability	33,040,988	1,858,185	34,899,173
Net unamortized deferred inflows of resources related to OPEB	21,029,315	-	21,029,315
OPEB expense	(472,370)	(68,703)	(541,073)

FUNDING STATUS

Prior to June 30, 2025, LVCVA had an Internal Service Fund, not administered through a trust, to accumulate resources to be held in reserve to pay its future liability for postemployment benefits, which had accumulated \$2.4 million through discretionary transfers from the General Fund, adjusted for investment earnings; this fund was dissolved in FY 2025, transferring the remaining assets to the General Fund. The LVCVA's General Fund pays for post-employment healthcare benefits on a pay-as-you-go basis. The annual funding considerations include biannual actuarial studies, among other factors and conditions. An agency fund is not required because the LVCVA does not hold any assets in a fiduciary capacity.

ACTUARIAL METHODS, ASSUMPTIONS, OTHER INPUTS, AND CHANGES

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Projections of benefits are based on the substantive plan (the plan as understood by the

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements

For the Year Ended June 30, 2025

employer and plan participants) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the LVCVA and the plan members. Bi-annual actuarial reports and mid-period adjustments to such estimates reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Changes in the assumptions and other inputs that affected the measurement of the LVCVA's total OPEB liability during the period from the last measurement date were as follows:

The discount rate was updated from 3.65%, as of June 30, 2023, to 3.93%, as of June 30, 2024 (the actuarial measurement date).

The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	Primary Plan and PEBP
Measurement date	June 30, 2024
Reporting date	June 30, 2025
Actuarial cost method	Entry age normal, level percentage of salary
Amortization method	Experience/Assumptions gains and losses are amortized over a closed period of 15.7 average remaining service to expected retirement age of active and inactive plan members (who have no future service).
Asset valuation	N/A, no assets in OPEB trust
Discount rate	3.65% (Beginning of the year) 3.93% (End of the year)
Discount rate source	Bond Buyer 20-Bond GO Index
Salary increases	3.5% per annum
Healthcare cost trend rates	Pre-Medicare Medical & Rx Benefits - 7.75% reduced 0.30% each year until reaching ultimate trend rate of 4.0%. Medicare Benefits - 6.75% reduced 0.30% each year until reaching ultimate trend rate of 4.0%. Administrative Fees - 4.0% Dental - 4.0%

On June 30, 2024, the assumed per capita health claim costs are adjusted to reflect expected increases related to age and gender. These increases are based on a 2013 Society of Actuaries study, with sample rates shown below.

Sample Age	Males	Females
45	4.6%	1.6%
55	5.4%	2.4%
65	1.7%	2.4%
75	1.2%	1.3%
80	0.8%	1.1%

Mortality rates were updated to utilize the Pub-2010 headcount weighted table with the MP-2021 improvement scales, applied on a gender-specific and job class basis.

Termination rates are based on withdrawal assumptions based on the 2023 Nevada PERS Actuarial Valuation. The rate of withdrawal for reasons other than death and retirement is dependent on an employee's age and years of service. Sample rates are provided below.

Years of Service	General Rate
0	15.8%
5	6.5%
10	4.3%
15	2.3%
20+	1.8%

Marriage rate assumptions were updated to reflect the most recent participant experience. Based on the current retiree population, 30% of future retirees are assumed married with a spouse at retirement, eligible for plan benefits.

SENSITIVITY ANALYSIS

Discount rate. The sensitivity analysis below indicates what the LVCVA's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.93%) or 1- percentage-point higher (4.93%) than the current rate:

NOTE 12. CLASSIFICATION OF NET POSITION AND FUND BALANCES:

FUND BALANCE CLASSIFICATIONS:

Fund balances are required to be reported in classifications based on the following definitions:

Nonspendable Fund Balance – Includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. These classifications include inventories, prepaid items, assets held for sale, and long-term receivables.

Restricted Fund Balance – Includes constraints placed on the use of these resources that are either externally imposed by creditors (such as debt covenants), grantors, contributors or other governments, or are imposed by law (through constitutional provisions or enabling legislation).

Committed Fund Balance – Includes amounts that can only be used for a specific purpose because of a formal action (resolution or board approval, both of which are considered equally binding) by the LVCVA's highest level of decision-making authority, which is the LVCVA's Board. Those constraints remain binding unless removed or changed in the same manner employed to previously commit those resources.

Assigned Fund Balance – Includes amounts that are constrained by the LVCVA's intent for specific purposes but do not meet the criteria to be classified as restricted or committed. The LVCVA Board has approved a policy that provides the authority to

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements

For the Year Ended June 30, 2025

the President/CEO and the CFO to make fund balance assignments. Constraints imposed on the use of assigned amounts can be removed without formal Board action.

Unassigned Fund Balance – This is the residual classification of the General Fund. This is fund balance that has not been reported in any other classification. The General Fund is the only fund that can report a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as a result of overspending for specific purposes, for which amounts have been restricted, committed, or assigned.

SPENDING PRIORITIZATION IN USING AVAILABLE RESOURCES:

When both restricted resources and other resources (*i.e.* committed, assigned, and unassigned) can be used for the same purposes, the LVCVA financial management policy considers restricted resources to be spent first.

When committed, assigned, and unassigned resources can be used for the same purpose, the flow assumption in the LVCVA's budget is to spend in the sequence of committed resources first, assigned second, and unassigned last.

GENERAL FUND BALANCE POLICY:

Based on Nevada Administrative Code 354.650-660, a minimum fund balance of 4.0% of budgeted General Fund operating expenditures must be maintained. The LVCVA begins each new fiscal year operating from beginning fund balance for six weeks, based on the timing of the first "new" year's room taxes collected. Six weeks is approximately 12% of budgeted operating expenditures. Thus, in order to ensure that the LVCVA has sufficient cash on hand to meet all of its financial obligations in a timely manner, and to ensure that essential services are not disrupted in times of fluctuating revenues, the LVCVA's fiscal practice is to target an ending General Fund balance between 4% and 16% of expected expenditures for potential variances in economic conditions without detriment to operations. FY 2025 ending fund balance was budgeted to be 37.4% of expected expenditures and actualized at 58.1%.

The fund balances by component on June 30, 2025, were:

	General Fund	LVCCD Capital Fund	LVCCD Debt Service Fund	Capital Projects Fund	Debt Service Fund
Non-Spendable					
Inventory	\$ 143,426	\$ -	\$ -	\$ -	\$ -
Prepaid and other items	13,988,423	217,550	-	-	-

Capital project programs	-	260,210,567	-	3,332,015	-
Debt service programs	-	-	37,014,157	-	44,743,235
Committed					
Capital project programs	-	53,403,784	-	94,022,000	-
Assigned					
Capital program	35,000,000	-	-	44,089,285	-
Unassigned	126,177,315	-	-	-	-
	<u>\$ 175,309,164</u>	<u>\$ 313,831,901</u>	<u>\$ 37,014,157</u>	<u>\$ 141,443,300</u>	<u>\$ 44,743,235</u>

NOTE 13. COMMITMENTS AND CONTINGENCIES:

The LVCVA often carries cash and cash equivalents on deposit with financial institutions in excess of FDIC-insured limits, and the risk of losses that may be sustained as a result of uninsured deposits in the event of a future failure of a financial institution, if any, is not subject to estimation at this time.

ADVERTISING

R&R Partners (R&R) is the official advertising and marketing communications agency for the LVCVA. R&R develops marketing plans for both long-term and short-term initiatives and works with the LVCVA in the areas of consumer marketing, business and convention marketing, international marketing, and extended destination marketing. The current contract, which began in August of 2021, may not exceed \$500 million, including R&R's services fees (Agency Compensation), content creation costs, and media purchases, which are reimbursable expenses at agency cost and determined annually through the LVCVA's budget process, with two optional two-year extensions. The current contract, which marks the final extension period, is through July 31, 2027, which either party can terminate with 90 days' notice. The annual Agency Compensation is approximately \$21.0 million for FY26.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

Notes to the Financial Statements

For the Year Ended June 30, 2025

The LVCVA, through R&R, also sponsors various special events and pays for media advertising of the destination and its events, which bring people to Las Vegas. Some of these involve multi-year contracts. On June 30, 2025, these contract commitments were \$43.5 million for FY 2026, at the time of this report there are no future commitments beyond FY 2026.

In August of 2021, LVCVA entered into a two-year agreement with an additional advertising company, Grey Group (Grey), for social marketing services, with two optional two-year extensions. The contract amount is not to exceed \$160 million, inclusive of Grey's services fees (Agency Compensation), content creation costs, and media purchases for social platforms, which shall be capped through the LVCVA's annual budget process. The FY26 annual Agency Compensation for the Grey Group is approximately \$9.1 million.

LAS VEGAS BOWL & LAS VEGAS KICK-OFF CLASSIC

In April 2021, the Board approved the Sponsorship Agreement with ESPN Productions, Inc. for the 2021-2025 Las Vegas Bowls in the total amount of \$8.5 million (\$1.7 million remaining as of June 30, 2025). The Las Vegas Bowl games will take place at Allegiant Stadium between December 26 and December 30 of each year of the Sponsorship Agreement and broadcast on ESPN or ABC.

In September 2025, the Board authorized a \$2.65 million sponsorship agreement with ESPN Productions, Inc. to host the 2027-2030 Las Vegas Kick-Off Classic college football games at Allegiant Stadium.

COLLEGE FOOTBALL PLAYOFF NATIONAL CHAMPIONSHIP

In January 2025, the Board authorized the CEO/President to execute a Championship Game Agreement with the College Football Playoff (CFP) Group, not to exceed \$40.0 million, comprised of \$25.0 million budget with a \$15.0 million contingency. The 2027 CFP championship game will be held at Allegiant Stadium in January 2027.

NATIONAL FINALS RODEO

The LVCVA has a \$33 million sponsorship agreement with Professional Rodeo Cowboys Association (PRCA) to host the National Finals Rodeo annually in Las Vegas from 2025 – 2035 for an annual payment of \$3 million.

PROFESSIONAL BULL RIDERS

In December 2021, the Board authorized a five-year, \$6.4 million (\$2.0 million remaining as of June 30, 2025) deal with Professional Bull Riders LLC for a new team bull-riding championship series. The multi-event series will host its playoffs and championships at T-Mobile Arena each year, 2022-2026.

NASCAR SPONSORSHIP

In March 2017, the LVCVA Board approved an agreement to sponsor two annual NASCAR races at the Las Vegas Motor Speedway through 2024, with a possible three-year extension, for a total cost of \$17.5 million. The required payment from LVCVA is \$2.5 million annually, which includes other ancillary marketing sponsorship benefits. In December 2020, the LVCVA Board approved an additional \$7.5 million to the Race Sponsorship Agreement, reducing the annual amount to \$1.75 million and extending the term of the agreement through FY 2032. There is \$12.25 million remaining for FY 2026 through FY 2032.

NCAA MEN'S FINAL FOUR

In July 2025, the Board authorized the CEO/President to execute a Championship Game Agreement with the National Collegiate Athletic Association (NCAA) in an amount not to exceed \$26.0 million, for the 2028 NCAA Men's Final Four to be held at Allegiant Stadium in Las Vegas.

EMIRATES NBA CUP

In September 2025, the Board authorized a \$1.0 million sponsorship with the National Basketball Association (NBA) for the Emirates NBA Cup, to be held December 2025, at T-Mobile Arena in Las Vegas.

U.S. BOWLING CONGRESS OPEN CHAMPIONSHIPS

In January 2023, the Board approved an expenditure in the amount of \$8.4 million to fund the United States Bowling Congress Open Championships, Women's Championships, and Category B Events in 2028-2039 at South Point Tournament Bowling Plaza and other Las Vegas bowling centers.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

INTERNATIONAL OFFICES

The LVCVA has contracts for international office representation, in the following locations: Canada, Mexico, Germany, South Korea, the United Kingdom, and Ireland. The contracts for Canada, Germany, and South Korea total \$3.3M for FY 2026 and FY 2027. The contract for the United Kingdom and Ireland is through FY 2028, with optional one-year extensions for FY 2029 and FY 2030, for a total amount of \$7.3 million. The contract for Mexico is through FY 2027, is valued at \$679 thousand, and has an escalator adjusted annually by CPI, not to exceed 3.5%. All international office contracts can be terminated, without cause, with a 30-day notice.

FORMULA ONE GRAND PRIX

In August 2025, the Board authorized a sponsorship agreement with Liberty Dice, Inc. to host an annual Formula One Las Vegas Grand Prix race from 2026-2027 for up to \$10.0 million per year.

COX NEVADA TELECOM

In March 2024, the Board awarded Cox Nevada Telcom (Cox) a contract to be the exclusive provider of the telecommunications services at the Las Vegas Convention Center (LVCC), for an initial term from July 1, 2024, through June 30, 2029, with one optional five-year extension period. This is a revenue share agreement with the LVCVA. This also includes technology infrastructure asset investments in the LVCVA facilities by Cox during the contract period which are amortized over the useful life of the assets. The Board authorized the potential purchase of these technology infrastructure assets of up to \$15 million in the event of contract termination before the full amortization period.

SODEXO

Since January 2017, Sodexo Live! (Sodexo) has operated in the LVCC, under a Food and Beverage Concessions Lease, as the exclusive provider of both retail and catered food and beverage products and services. The current lease concludes on June 30, 2027. Commission rates paid to the LVCVA are based on a tiered structure of gross receipts, adjusted annually for CPI. Normal commission rates are 15.0% - 22.5%, with a 3.0% set-aside for replacement and maintenance. The contract also amortizes a previously completed \$16 million Sodexo investment, over the remaining life of the agreement. The LVCVA's buyout cost on June 30, 2025, if the contract were terminated early, would be \$2.5 million. The current agreement also includes \$5 million in improvements for the West Hall expansion amortized over a period of seven years from the service date, through December 2027. LVCVA's buyout cost on June 30, 2025, if the contract were terminated early, would be \$1.8 million. If the contract isn't renewed past June 30, 2027, the payout at that time would be \$300 thousand for the last 6 months of the amortization period, which approximates the estimated value of the assets provided to the LVCVA at that time.

CLARK COUNTY STADIUM AUTHORITY

In September 2023, the Board authorized the execution of an interlocal agreement with the Clark County Stadium Authority for LVCVA to provide administrative efforts to facilitate the Stadium Authority's oversight responsibilities. The LVCVA will charge the Stadium Authority for the actual cost of these efforts, not to exceed \$600 thousand annually.

ENERGY SUPPLY AGREEMENT

In June 2024, the Board authorized entering into an energy supply agreement (ESA) with Nevada Power Company (NPC), through January 1, 2052. The ESA ensures that LVCVA will continue to purchase all its energy needs from NPC, provided that NPC provides a specified amount of energy from renewable or green resources. The ESA would start at the current effective bundled rate, that 85% of the costs under the proposed ESA would remain consistent for the next 25 years, and that the remaining costs are NVE costs that would exist regardless of the ESA. The cost of the ESA is approximately equivalent to the LVCVA's current costs for this portion (65%) of our energy purchase, which is a fiscal impact of approximately \$5.6 million per year. The ESA has not been approved by both parties and is subject to future approval by the Public Utility Commission of Nevada, which is required for the enforceability of the ESA.

NEON CITY FESTIVAL

In June 2025, the Board approved a \$1.5 million sponsorship agreement with Fremont Street Experience for the November 2025 Neon City Festival, held in Downtown Las Vegas.

IAEE EXPO! EXPO!

In March 2025, the Board authorized the CEO/President to execute a \$1.3 million agreement to be the International Association of Exhibition and Events (IAEE) host city in December 2028.

LAS VEGAS CONVENTION AND VISITORS AUTHORITY

VENUE MANAGEMENT AND FINANCIAL SYSTEMS

In May 2025, the Board authorized \$4.5 million total for separate five-year agreements for new venue management and financial management systems, including implementation and training.

OTHER OBLIGATIONS

The LVCVA has no long-term obligation to fund other organizations: for example, Las Vegas Events, which is contracted with LVCVA for FY26 for \$6.8M; however, some organizations engage in long-term sponsorship commitments with the LVCVA.

During FY 2018, the LVCVA entered into a naming rights agreement related to the Las Vegas Ballpark, which opened for the 2019 baseball season, and now houses the Las Vegas minor league baseball team that previously played at Cashman Center. The 20-year agreement provides the LVCVA with exclusive naming rights, dominant sponsorship signage, and other marketing assets for an annual fee of \$4 million, commencing in FY 2019.

In June 2023, the Board authorized an amendment to the agreement with Western Management Group for the operations and management of the Las Vegas Monorail System (Monorail) of up to \$60 million, for the period from July 1, 2023, to June 30, 2026 (up to \$20 million remaining as of June 30, 2025).

In April 2024, the Board approved a two-year extension to the agreement with The Boring Company totaling \$10 million for July 1, 2024, through June 30, 2026.

CONSTRUCTION CONTRACTS AND OTHER SIGNIFICANT COMMITMENTS

The LVCVA is a party to several contracts and commitments relating to construction projects and services related to the LVCVA's facilities and land. The Board has authorized up to \$466.1 million with Hunt/Penta Joint Venture for the construction of Phase Three of the LVCCD Program, with \$83.4 million remaining on June 30, 2025. Other contracts in the LVCCD Capital Fund and the Capital Projects Fund totaled approximately \$150.0 million and \$35.7 million, respectively, with an estimated remaining contractual commitment of approximately \$36.6 million and \$21.0 million, respectively. As of June 30, 2025, other outstanding commitments in the General Fund totaled approximately \$12.1 million. As of June 30, 2025, the LVCVA Board has approved staff to host other future events in the destination during FY 2026, totaling \$2.7 million not previously disclosed.

LEGAL MATTERS

The LVCVA is the named defendant or responsible party in various legal actions. It is the opinion of the LVCVA's management and legal counsel that such legal matters will not result in any material liabilities to the LVCVA, other than disclosed below. The LVCVA does not accrue for estimated future legal and defense costs, if any, to be incurred in connection with outstanding or threatened litigation and other disputed matters but, rather, records such as period costs when the services are rendered.

The LVCVA is involved in administrative matters with the Nevada Department of Environmental Protection (NDEP) related to perchloroethylene (PCE) contamination in some parking areas of the Las Vegas Convention Center that requires remediation. The LVCVA has recorded a \$1.4 million remediation liability in the government-wide financial statements using the expected cash flow technique for future remediation costs. The estimate of remediation costs, which is based on ongoing analysis, may change over time due to continued investigation, actual remediation actions performed, future regulator rulings, changes in costs of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation effort.

The LVCVA is also subject to certain pending and threatened litigation arising in the ordinary course of operation of the LVCVA. It is the opinion of LVCVA's counsel that the pending or threatened litigation will not result in final judgments against the LVCVA which would, individually or in the aggregate, materially adversely affect the LVCVA's financial position.

The LVCVA has an asset retirement obligation, with a June 30, 2025, liability of \$17.6 million and a deferred outflow of \$10.3 million, for the portions of the monorail system guideway and stations that are required by easements and a cooperative agreement with Clark County, to be decommissioned when the Monorail ceases operation. In FY 2025, based on a new, third-party evaluation, LVCVA extended the useful life of the Monorail, from the original 10-year life to 15 years. In accordance with GASB 100, this is a change in accounting estimate and reported prospectively. The deferred outflow will be amortized over the estimated remaining life of the Monorail capital assets, which extends through FY 2036. There are no legally required funding assurance provisions or restricted assets related to this obligation.

Notes to the Financial Statements

For the Year Ended June 30, 2025

NOTE 14. ROOM TAX REVENUE

The LVCVA's primary revenue source is a portion of the 10.5% - 14% room tax imposed on lodging establishments in Clark County, Nevada. The rate of taxes can only be modified by action of the Nevada State Legislature.

The tax for transient lodging in the County is distributed as follows:

	Total *	LVCVA General Fund & LVCCD Capital Fund	Las Vegas Stadium Authority	Clark County School District	Clark County Transportation	Taxing Entity	State of Nevada
Resort Hotels	12% - 14%	4 1/2% - 5 1/2%	0% - 7/8%	1 5/8%	1%	0% - 2%	3 3/8%
Other hotel and motels	10% - 13%	2 1/2% - 4 1/2%	0% - 7/8%	1 5/8%	1%	0% - 2%	3 3/8%

* The individual components of room tax have distinct geographical regions, and, therefore, each property pays varying room tax rates.

The LVCCD Capital Fund's dedicated portion was provided by a 0.5% increase to transient lodging tax, which is legislatively restricted to support Phases Two and Three of the LVCCD project and sunsets in 2049 without additional legislative action.

As provided for by NRS 244A.645, up to 10% of the total room taxes and gaming fees received by the LVCVA may be distributed to the County and incorporated cities, excluding revenues generated from SB1 as those revenues are wholly restricted to Phases Two and Three of the LVCCD project. Additionally, SB1 imposed a cap of \$25.0 million on non-SB1 room tax and gaming fees collection allocation. Any amount of the 10% exceeding the room tax and gaming fees collection allocation cap is restricted to the LVCCD Capital Fund. The total collection allocation was \$25.0 million in FY 2025, while \$12.5 million was transferred to the LVCCD Capital Fund, in compliance with SB1 requirements for the LVCCD project.

NOTE 15. SPECIAL ITEM

In November 2024, the LVCVA sold 10 acres of land located at Las Vegas Boulevard and Elvis Presley Boulevard. The gross sale price of the 10 acres was \$126.3 million. The transaction resulted in a \$26.3 million dollar gain, after considering the disposal of the asset (cost of 10 acres of land, demolition, and related improvements) and costs related to the land sale. The land sale proceeds were restricted to Phase Three of the LVCCD project, and all proceeds were spent as of June 30, 2025.

NOTE 16. SUBSEQUENT EVENTS

Events through November 4, 2025, were evaluated by the management of the LVCVA, who determined that no additional recognition or disclosure in these financial statements is necessary, except matters discussed elsewhere.

Notes to the Required Supplementary Information

For the Year Ended June 30, 2025

NOTE 1. OTHER POST-EMPLOYMENT BENEFIT PLANS:

On June 30, 2025, no assets were accumulated in a qualifying trust in which the assets contributed, and earnings thereon are irrevocable, dedicated solely to pay postemployment benefits, and are legally protected from creditors.

Change of Assumptions:

The overall increase in the liability of \$5,019,437, comprised of a \$5,199,945 increase in the primary plan and \$180,508 decrease in the PEBP plan, respectively, from June 30, 2024 to June 30, 2025, are primarily driven by the effect of the changes in assumptions and other inputs, the difference between expected and actual experience. This included employing an allocation-by-entity method where service costs, interest cost, and schedule of outflows and inflows are allocated proportionally to each entity as a share of the total OPEB liability. Updates were also made to the assumed discount rate, which was 3.65% as of June 30, 2023 and 3.93% as of June 30, 2024 (the actuarial measurement date). There were no changes to termination rates, marriage assumptions, and mortality rates are shown in Note 11 of the Notes to the Financial Statements. Retirement rates, aging factors, and salary scales were the same as the prior year.

Additional information related to postemployment benefits other than pensions can be found in Note 11 to the financial statements.

NOTE 2: PERS PENSION PLAN:

For the year ended June 30, 2025, no significant events occurred that would have affected or changed the benefits provision, size, or composition of those covered by the pension plan, or actuarial methods and assumptions used in the actuarial valuation report dated June 30, 2024. Actuarial assumptions used in the June 30, 2024 valuation were based on the results of the experience study from the period of July 1, 2016 through June 30, 2020.

Additional information related to pensions can be found in Note 10 to the financial statements.

NOTE 3. BUDGET INFORMATION:

The accompanying general fund schedule of revenues, expenditures, and change in fund balance presents the original adopted budget, the final amended budget, and actual general fund data. The original budget was adopted on a basis consistent with the LVCVA's financial accounting policies and with accounting principles generally accepted in the United States. All amendments made to the original budget were as prescribed by law and similarly consistent.

Additional budgetary information can be found in Note 3 to the financial statements.

STATISTICAL SECTION

Statistical Section **(unaudited)**

Statistical schedules differ from financial statements because they usually cover several fiscal years and may present non-accounting data. The statistical tables presented in this section reflect social and economic data along with financial trends of the LVCVA. Certain tables recommended by the Governmental Accounting Standards Board (GASB) are not included because property taxes are not a source of revenue.

Financial Trends

These schedules contain trend information to help the reader understand how the LVCVA's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the LVCVA's most significant local revenue source, room tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the LVCVA's current levels of outstanding debt and the LVCVA's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the LVCVA's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the LVCVA's financial report relates to services the LVCVA provides and the activities it measures.

BOND COVERAGE

LAST TEN FISCAL YEARS

(unaudited)

Ten of the LVCVA's twenty-one outstanding bonds are general obligation bonds of Clark County, acting by and through the LVCVA. They are primarily secured by ad valorem taxes and are additionally secured by net pledged revenues of the LVCVA, represented basically by room taxes. The LVCVA has never resorted to the use of ad valorem taxes for debt service, using only net pledged revenues derived from operations. In fact, as of June 30, 2025, no ad valorem property tax revenues are allocated to the LVCVA for any purpose. No change in this practice is contemplated. There is one medium term bond, and the ten remaining bonds are LVCVA revenue bonds.

Although the LVCVA's operations are not considered to be a business-type activity, its bond issues and related debt service have characteristics similar to traditional revenue bonds, making this schedule relevant.

Gross revenues include interest income and miscellaneous fees and charges in the General, Debt Service, and LVCCD Debt Service funds. Revenues from the Capital Projects and Internal Service funds have been excluded since these are not a constant source of income. Revenues from LVCCD Capital Fund are excluded from Gross Revenue, but are included in Expansion Tax Revenue, as those resources are restricted for Phases Two and Three of the LVCCD project and can only be used to repay principal and interest on LVCCD bonds and are only included in the Debt Coverage with Expansion Tax ratio. Maintenance expenditures are comprised of all expenditures except certain marketing, advertising, bond issuance costs, capital improvement, and debt service. Principal and interest contain expenditures for debt service and LVCCD debt service.

⁽¹⁾ This is the net total assessed value for the secured and estimated unsecured property for Clark County, Nevada (the County). It includes the assessed valuation of the redevelopment agencies. These values are included for purposes of calculating the debt limit but are not subject to County taxation for the retirement of general obligation bonded indebtedness. This valuation is used to determine the LVCVA's debt margin since our debt is issued in the name of the County as described below.

⁽²⁾ State statute allows debt issued by the LVCVA to be issued in the name of the County. The LVCVA's Board of Directors is empowered to issue general obligation bonds, which are secured by the full faith and credit of the County and are additionally secured by a pledge of revenues derived by the LVCVA. NRS 244A.653 states that the County may not become indebted in excess of 5% of the total last assessed valuation of taxable County property for the issuance of general obligation bonds designated for County recreational purposes. This requirement applies to the LVCVA.

NRS 244A.059 limits the aggregate principal amount of the County's general obligation debt to 10% of the County's total reported assessed valuation.

⁽³⁾ The LVCVA's outstanding general obligation indebtedness includes general obligation bonds and medium-term obligations, as applicable.

DEMOGRAPHIC STATISTICS – CLARK COUNTY, NEVADA

JUNE 30, 2025

(unaudited)

Even though Clark County combines the exciting gaming and entertainment mecca of Las Vegas alongside rural living, it is not much different from other counties of its size. There are parks, museums, libraries, and religious centers.

Clark County is the 11th largest county in the United States and provides extensive regional services to more than 2.4 million citizens. The population increased 1.3% in FY 2024 compared to FY 2023.

The cities of Las Vegas, North Las Vegas, and Henderson have a total aggregate population of 1,310,706, which makes up 55% of the total Clark County population of 2,392,490. Labor force stands at 1,245,100, a 3.4% growth compared to FY 2024. The unemployment rate decreased slightly from 6.2% at June 30, 2024 to 5.8% at June 30, 2025.

VISITOR ANALYSIS

LAST TEN CALENDAR YEARS

(unaudited)

In its role of promoting Las Vegas as a travel destination, the LVCVA contributes to the growth of the entire local economy. The Las Vegas economy is heavily dependent on the tourism industry and continues to recover from the impacts related to the COVID-19 pandemic. In 2023, our tourism industry recovered almost to pre-pandemic levels. As the industry built on the momentum of 2022, travel and tourism steadily increased throughout the year. Total visitors to Las Vegas rebounded to 41.7 million, a 2.1% rise from 2023 but 2.0% below 2019. Convention delegates increased to nearly 6.0 million in 2024, consistent with 2023, but still nearly 9.8% lower than the record-setting 6.6 million attendees in 2019.

Additional Reports of the Independent Auditors'

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors
Las Vegas Convention and Visitors Authority
Las Vegas, Nevada

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Las Vegas Convention and Visitors Authority (the "LVCVA"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the LVCVA's basic financial statements and have issued our report thereon dated November 4, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the LVCVA's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the LVCVA's internal control. Accordingly, we do not express an opinion on the effectiveness of the LVCVA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the LVCVA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Accountant's Report

Board of Directors
Las Vegas Convention and Visitors Authority
Las Vegas, Nevada

Senate Bill 1 of the 30th (2016) Special Session of the Nevada Legislature (the "Bill"), requires the Las Vegas Convention and Visitors Authority ("LVCVA") to provide the Oversight Panel established by the Bill with an annual third-party examination. Sections 59 and 60 of the Bill require distribution to the LVCVA of the resultant financing proceeds to be used by the LVCVA solely for the expansion and renovation of the Convention Center and to pay the principal and interest on securities issued to fund the costs of such project.

We have examined management of LVCVA's assertion that LVCVA has complied with the applicable criteria stated in Sections 56–60 of the Act (the "Criteria"), in all material respects, for the year ended June 30, 2025 (the "Assertion"). The LVCVA's management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion, based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, management's assertion that LVCVA has complied with the applicable criteria stated in sections 56-60 of the Act, in all material respects, for the year ended June 30, 2025, is fairly stated in all material respects.

January 9, 2026

To the Honorable Board of County Commissioners and the Citizens of Clark County, Nevada:

The annual comprehensive financial report of Clark County, Nevada (the "County") for the fiscal year ended June 30, 2025, is hereby submitted. Nevada Revised Statute (NRS) 354.624 requires the County to issue a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentations, including all disclosures, rests with County management. To the best of our knowledge, the information in this report is accurate in all material respects and presents fairly the financial position of the various funds and component units of the County, including all disclosures necessary to understand the County's financial activities. In developing and evaluating the County's accounting system, consideration is given to the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management.

As a recipient of federal, state, and local financial assistance, the County is also responsible for ensuring that adequate internal controls are in place to ensure and document compliance with applicable laws and regulations related to these programs. These internal controls are subject to periodic evaluation by management and the internal audit staff of the County. We believe that the County's internal accounting controls adequately safeguard assets and provide reasonable assurance for the proper recording of financial transactions.

The County's financial statements have been audited by Crowe LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County as of and for the fiscal year ended June 30, 2025, are free of material misstatement. The independent audit involved obtaining audit evidence about the amounts and disclosures in the financial statements; evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended June 30, 2025, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County is part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements involving the administration of federal awards. These reports will be available in the County's separately issued Single Audit report prior to March 31, 2026.

As required by GAAP, management provides a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The basic financial statements and related notes and the letter of transmittal are designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

The County is a political subdivision of the State of Nevada (the "State"), established in 1909 and operated under the provisions of the general laws of the State. The County seat of government is the City of Las Vegas. The County is comprised of 8,012 square miles of land area and includes five incorporated cities: Las Vegas, Henderson, North Las Vegas, Boulder City and Mesquite; 14 unincorporated towns; one school district; four library districts; one urban and two rural fire districts; one water reclamation district; and eleven judicial townships. All special districts in unincorporated areas of the County are created by the Board of Clark County Commissioners (the "Board").

The County is governed by the Board, a seven-member Commission, elected from geographic districts on a partisan basis for staggered four-year terms. Commissioners elect a chair who serves as the Commission's presiding officer. The Board in turn appoints a county manager, who is responsible for administrative operations.

The financial statements cover a wide range of regional services that are provided by the County. These include services such as those of the County Airport, Hospital, Assessor, Treasurer, Recorder, Clerk, Family Services, Social Services, as well as a criminal justice system including Courts, District Attorney, Public Defender, and Juvenile Justice Services. As a large portion of the County's population resides in its unincorporated areas, the County provides a full range of local services such as fire and police protection, road maintenance and construction, animal control, parks and recreation, building inspection, and sewage systems.

This report includes all funds of the County that are under the control or supervision of the Board, acting directly or in an ex-officio capacity. The governing body of the County acts in an ex-officio capacity and Clark County management has operational responsibility for the University Medical Center ("UMC") and the Clark County Redevelopment Agency ("Redevelopment Agency"); therefore, these activities are included in the reporting entity. However, the Las Vegas-Clark County Library District, Henderson

District Public Libraries, Boulder City Library District, Southern Nevada Health District, and the Las Vegas Convention and Visitors Authority have not met the established criteria for inclusion in the reporting entity, and accordingly, are excluded from this report.

The governing body of the County also acts in an ex-officio capacity for the Clark County Water Reclamation District ("Reclamation District"), Las Vegas Valley Water District ("Water District"), Big Bend Water District, and Kyle Canyon Water District; however, because Clark County management does not have operational responsibility for these entities, they are reported separately within the County's financial statements.

The County is financially accountable for the Regional Transportation Commission of Southern Nevada ("RTC"), the Clark County Regional Flood Control District ("Flood Control District"), the Clark County Stadium Authority ("CCSA"), and the Eighth Judicial District Court ("EJDC"). The RTC, Flood Control District, CCSA, and EJDC are reported separately within the County's financial statements.

Additional information on the Water District, UMC, Reclamation District, Redevelopment Agency, RTC, Flood Control District, CCSA, and EJDC can be found in the notes to the financial statements (see Note 1).

The budget serves as the foundation for the County's financial planning and control systems. The legal level of budgetary control is at the function level for governmental funds. For all other funds, expenditures cannot exceed budgeted operating and non-operating appropriations. The Board holds public hearings on the proposed budget prior to adopting the final budget and setting the tax rates for the fiscal year. The Board is required to adopt a final budget by June 1 of each year.

ECONOMIC CONDITION AND OUTLOOK

The County, with a population of 2.5 million as of June 30, 2025, is the most populous of Nevada's 17 counties. The warm climate and friendly tax structure helped fuel growth in the Las Vegas Valley for over two decades. In keeping up with this growth, the County has undergone tremendous change.

The County is a community that historically has been reliant on the resort and gaming industry. Up until the Great Depression, the County's economy relied solely on railroading, mining, and ranching. In 1931, to counter the effects of the Depression, the Nevada State Legislature passed legislation to legalize gambling. While the resort and gaming industry remains the mainstay of the County's economy, employment has further diversified into the retail and wholesale trade, transportation and warehousing, professional and business services, and health services sectors. These efforts to diversify the local economy have resulted in the expansion of five key industries, including advanced manufacturing and battery, clean technology, sports technology and entertainment, financial technology, and healthcare and biotechnology, providing attractive opportunities for growth and innovation.

The County is one of the top resort and convention destinations in the world. The County is home to the world-famous Las Vegas Strip, site of 18 of the nation's 20 largest hotels. The centerpiece of convention and meeting activity is the Las Vegas Convention Center, one of the most modern and versatile meeting facilities in the country and one of the busiest convention facilities in the world. The Convention Center boasts over 2.6 million total square feet of exhibit space and 200 meeting rooms that can accommodate seating capacity ranging from 20 to 2,500, all within a short distance of more than 150,000 guest rooms.

Tourism is the largest industry and economic driver in Southern Nevada, but resort properties have seen reduced economic activity in 2025. For the first ten months of calendar year 2025, visitor volume totaled 32.3 million, which is down 7.6 percent compared to the same period in 2024. The average hotel occupancy rate was 80.8 percent during the period, a decrease of 3.1 percentage points from 83.9 percent in 2024. Average room rates decreased by 5.2 percent for the ten months ending October 2025 compared to the same period in 2024. While experts note some of this decline is due to the rotation of major sporting events, with 2024 including Super Bowl LVIII and the inaugural year of Formula 1 Las Vegas Grand Prix, they also note the decline in tourism locally is on pace with trends seen nationally. Additionally, convention attendance is expected to increase in 2026, particularly with the completion of final phase of the Las Vegas Convention Center District.

Despite the recent decline in tourism, resort properties and other public and private agencies continue to invest in additional amenities that attract sports, special events, diverse meetings, and large trade shows. The \$600 million renovation of the Las Vegas Convention Center was completed in December 2025, with finishing touches being applied in anticipation of the January 2026 CES trade show. After earlier approvals and permitting, construction of the A's \$2 billion Stadium has commenced and is expected to be

completed in time for Major League Baseball's opening day 2028. Construction is also underway on the Hard Rock Hotel (formerly The Mirage) and the \$385-million expansion of Durango Casino & Resort. Both projects are expected to be completed in 2027.

Taxable retail sales totaled \$64.0 billion in fiscal year 2025, which remains flat when compared to the adjusted taxable retail sales reported for fiscal year 2024.¹

¹ In Clark County's fiscal year 2024 ACFR, the reported amount of taxable retail sales was \$66.1 billion. Nevada Department of Taxation has since revised its methodology for the reporting of taxable retail sales and revised fiscal year 2024 amounts.

The local unemployment rate increased slightly to an average of 5.9 percent in fiscal year 2025, from 5.5 percent in fiscal year 2024. The rate remains above the state average of 5.6 percent and the national average of 4.1 percent.

DEBT ADMINISTRATION

A formal Clark County Debt Management Policy (the "Policy") has been adopted annually by the Board. The purpose of the Policy is to manage the issuance of the County's debt obligations and to maintain the County's ability to incur debt and other long-term obligations at favorable interest rates for capital improvements, facilities, and equipment needed for essential services. The Policy is updated annually and submitted to the County Clerk, the Clerk of the Debt Management Commission, and the State Department of Taxation. The County Manager and the Chief Financial Officer are responsible for the administration of the Policy, and the Board is ultimately responsible for approval of the form of any County borrowing. Credit ratings indicate to potential buyers whether a governmental entity is considered a good credit risk. Credit ratings issued by the bond rating agencies are a major factor in determining the cost of borrowed funds in the municipal bond market. Moody's Investors Service and Standard & Poor's are two of the principal rating agencies for municipal debt. Standard and Poor's has maintained their ratings of Clark County's General Obligation bonds "AAA". Moody's has maintained their rating of the County as "Aa1". The County's conservative financial management practices and tax base have contributed to these ratings.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (the "GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to Clark County, Nevada for its Annual Comprehensive Financial Report for the fiscal year

ended June 30, 2024. The Certificate of Achievement is a prestigious award recognizing conformance with the highest standards for preparation of a state and local government financial report.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report whose contents conform to program standards. The report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only.

Clark County, Nevada has received a Certificate of Achievement for the last 44 consecutive years (fiscal years ended 1981-2024). We believe our current report continues to conform to Certificate of Achievement Program requirements, and we are submitting the document to the GFOA for consideration.

ACKNOWLEDGMENTS

We thank the staff of the Comptroller's Office and the independent certified public accounting firm of Crowe LLP. We commend the Board of County Commissioners and the staff of the County Manager's Office for conducting the affairs of the County in a competent and professional manner.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Commissioners
and the County Manager
Clark County, Nevada

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clark County, Nevada (County), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the following:

- The financial statements of the University Medical Center of Southern Nevada, a major fund which represents 16 percent of the assets, (7) percent of the net position and 52 percent of the revenues of the business-type activities.
- The financial statements of the Clark County Water Reclamation District, Las Vegas Valley Water District, Big Bend Water District and the Clark County Stadium Authority, which are discretely presented component units and which, when combined, represent 80 percent of the assets, 99 percent of the net position and 47 percent of the revenues of the discretely presented component units.
- The financial statements of the Las Vegas Metropolitan Police Department OPEB Trust and Las Vegas Valley Water District Pension and Other Employee Benefit Plans, which are fiduciary funds of the County and represent 15 percent of the assets, 19 percent of the net position, and 3 percent of the combined additions and revenues of the aggregate remaining fund information.

Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for those above, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note I to the financial statements, during the year ended June 30, 2025, the County adopted new accounting guidance GASB Statement No. 101, *Compensated Absences (GASB 101)*. The objective of GASB 101 is to better meet the information needs of financial statement users by aligning the recognition and measurement guidance for compensated absences under a unified model and by amending certain previously required disclosures. This resulted in an increase in liabilities and a decrease in net position. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedules of OPEB and pension contributions, schedule of changes in OPEB and pension liabilities and related ratios, schedule of proportionate share of net pension liability, schedule of investment returns, and related notes as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules and schedule of business license fees are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules and schedule of business license fees are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 9, 2026 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis
June 30, 2025

The following discussion and analysis of Clark County, Nevada (the County) is designed to, (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the County's financial activities, (c) identify changes in the County's financial position (its ability to address subsequent years' challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

We encourage readers to read this information in conjunction with the transmittal letter, financial statements and accompanying notes to gain a more complete picture of the information presented.

Financial Highlights – Primary Government

- The independent auditor's report offers an unmodified opinion that the County's financial statements are presented fairly in all material respects.
- Government-wide net position totaled \$12,204,249,565. Net position of governmental activities totaled \$9,553,557,251 and that of business-type activities totaled \$2,650,692,314.
- The County's total net position increased by \$668,401,803. Net position from governmental activities increased by \$382,548,663 and net position from business-type activities increased by \$285,853,140. Net position from governmental activities increased because of increased general revenues. Net position from business-type activities increased primarily due to Department of Aviation surpluses.
- Unrestricted net position was \$666,558,410, with \$793,702,549 resulting from governmental activities and \$(127,144,139) from business-type activities. Unrestricted net position from governmental activities increased by \$91,851,850 from the prior year, and unrestricted net position from business-type activities increased by \$86,267,032 from the prior year.
- Net capital assets were \$12,437,722,919, of which \$7,759,946,912 was from governmental activities and \$4,677,776,007 was from business-type activities. Major additions for governmental activities during the year included \$423 million toward beltways, roadways, and streets and \$59 million toward flood control projects. Major additions for business-type activities during the year included \$270 million in Department of Aviation capital expenditures and \$37 million in UMC capital expenditures. Depreciation expense attributable to assets of governmental activities amounted to \$417,463,027 for the year, and \$252,111,076 for business-type activities.
- The County implemented GASB Statement No. 101, *Compensated Absences*, effective July 1, 2024, resulting in the restatement of beginning net positions for the change in accounting principle pursuant to GASB Statement No. 100, *Accounting Changes and Error Corrections*. As a result, total beginning net position was restated with a decrease of \$118,855,863, with a decrease of \$111,947,691 from governmental activities and a decrease of \$6,908,172 from business-type activities. See Note I for more detailed information related to this change.
- Bonds and loans payable totaled \$3,981,763,663. No new debt was issued during the fiscal year.

- The County's primary general revenue sources for governmental activities were ad valorem taxes in the amount of \$1,167,521,938, consolidated taxes in the amount of \$867,112,001, and sales and use taxes of \$659,394,629. These three revenue sources comprised 33%, 24%, and 19%, respectively, or 76% of total governmental activities general revenues.

General Revenues – Governmental Activities:

- The County's total expenses were \$6,262,118,043. Governmental activities comprised \$4,495,644,952 of total expenses, the largest functional expenses being public safety in the amount of \$2,168,920,431 and public works in the amount of \$850,578,816. Business-type activities accounted for \$1,766,473,091 of total expenses, the largest components being for hospital expense in the amount of \$1,060,529,774 and airport in the amount of \$630,006,658.

Expenses – Governmental Activities:

- General government expenses totaled \$513,018,892, or 7% less than the prior year, primarily due to decreases in litigation settlements, partially offset by increases in salaries and benefits and services and supplies costs.
- Public safety expenses totaled \$2,168,920,431, or 6% more than the prior year, primarily due to increases in salaries and benefits, liability and workers' compensation insurance case reserves, and services and supplies costs.
- Public works expenses totaled \$850,578,816, or 6% more than the prior year, primarily due to increased depreciation expense and an increase in the loss on disposal of capital assets related to annexations.
- Judicial expenses totaled \$306,556,953, or 10% more than the prior year, primarily due to increases in salaries and benefits and an increase in the contribution to Eighth Judicial District Court.
- Welfare expenses totaled \$420,203,761, or 8% more than the prior year, due to increased IGT and long-term care costs.
- At the end of the fiscal year, the unassigned fund balance for the General Fund was \$341,215,814, or 12% of total General Fund expenditures and transfers out.

Overview of the Financial Statements

- This discussion and analysis is intended to serve as an introduction to the County's basic financial statements which are composed of government-wide financial statements, fund financial statements, and accompanying notes. This report also contains required supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

- The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.
- The statement of net position presents information on all the County's assets, deferred outflows, liabilities, and deferred inflows. The difference between assets and deferred outflows less liabilities and deferred inflows is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.
- The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).
- The government-wide financial statements report three types of activities: governmental activities, business-type activities, and discretely presented component units. The government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, judicial, public safety, public works, health, welfare, culture and recreation, community support, and interest on long-term debt. The business-type activities of the County include operations of its hospital, airports, and other operations. Discretely presented component units account for functions of legally separate entities for whom the County is financially accountable or whose governing bodies are substantially the same as the County. The activities of the discretely presented component units include regional transportation, flood control planning, sewer utilities, stadium authority, district court and water districts. Complete financial statements of the individual component units can be obtained from their respective administrative offices. Contact information is included in The Reporting Entity section of Note I, Summary of Significant Accounting Policies.
- The government-wide financial statements include not only the governmental and business-type activities of the County itself (known as the primary government), but also those of a legally separate entity for whom the County is financially accountable and whose governing body is substantially the same as the County: University Medical Center (UMC). The Board of County Commissioners acts as the governing board for this component unit whose activities are blended with those of the primary government because it functions as part of the County government. Complete financial statements of the individual component unit can be obtained from its administrative office. Contact information is included in The Reporting Entity section of Note I, Summary of Significant Accounting Policies.

Fund Financial Statements

- A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

- Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financial requirements.
- Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.
- The County maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the Las Vegas Metropolitan Police Department fund, both of which are considered to be major funds. Data from the other nonmajor governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds are provided in the combining and individual fund statements and schedules. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, certain special revenue funds have been included in the General Fund for financial reporting purposes as shown in the Major Governmental Funds section. These funds are not included for budgetary comparison purposes described below.

- The County adopts an annual appropriated budget for each of its governmental funds. A budgetary comparison statement is provided for each of the County's governmental funds to demonstrate compliance with the budget. The budgetary comparison statements for the major governmental funds are presented as required supplementary information; the budgetary comparison statements for all other nonmajor governmental funds are included in the fund financial schedules and accompanying supplementary information.

Proprietary Funds

- The County maintains two distinct types of proprietary funds.
 - ◆ Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its hospital, airport, and other activities.
 - ◆ Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The County uses internal service funds to account for the following activities:
 - + Construction management
 - + Fleet maintenance
 - + Investment pool operations
 - + Employee benefits
 - + Central printing and mailing
 - + Information systems development
 - + County employee parking
 - + Self-insurance activities, including:
 - Liability insurance
 - Workers' compensation
 - Group insurance
- Proprietary funds provide the same type of information as the government-wide business-type activities financial statements, but with more detail. The proprietary fund financial statements provide separate information for UMC, which is a blended component unit and reported as a major fund within the fund financial statements. In addition, separate information is provided for an additional major fund, the Department of Aviation. Conversely, the other non-major enterprise funds and the internal service funds are combined into separate single aggregated presentations in the proprietary fund financial statements. Individual fund data for the other non-major enterprise funds and internal service funds is provided in the combining and individual fund statements and schedules.

Fiduciary Funds

- The County's fiduciary funds consist of four (5) Pension and Other Employee Benefit trust funds, one (1) external investment pool custodial fund, and 29 other custodial funds. The Pension and Other Employee Benefit trust funds are the Clark County OPEB Trust, Department of Aviation OPEB Trust, Las Vegas Metropolitan Police Department OPEB Trust, Las Vegas Valley Water District Pension Plan, and Las Vegas Valley Water District OPEB Plan. The external investment pool custodial fund is to account for the net position of the County's external investment pool. The other custodial funds are used to hold monies for other entities or individuals until disposition.

Notes to Financial Statements

- The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

- In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning pension and other post-employment benefits for employees. It also includes a schedule of budgetary comparisons for the following major governmental funds:
 - ◆ General Fund
 - ◆ Las Vegas Metropolitan Police Department Special Revenue Fund
- The combining statements and individual fund budgetary schedules are presented immediately following the required supplementary information.
- Unaudited statistical information is provided on a ten-year basis for trend and historical analysis.

Government-Wide Financial Analysis

- Net position of the County as of June 30, 2025, and June 30, 2024, are summarized and analyzed below:

- As noted earlier, net position may serve over time as a useful indicator of the County's financial position. Assets and deferred outflows exceeded liabilities and deferred inflows by \$12,204,249,565 as of June 30, 2025, and by \$11,535,847,762 as of June 30, 2024, a net increase of \$668,401,803 or 6%. The increase is due to general revenues exceeding net expenses.
- 73% of the County's net position reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, etc.); less any related debt outstanding used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate the debt.
- 21% of the County's net position is restricted due to resources that are subject to external restrictions on how they may be used. Of restricted net position, 38% is for construction of capital assets, 18% is for repayment of long-term debt, 11% is for public safety, 3% is restricted for Airport Rates and Charges Agreement, and the remaining balance is restricted for the County's special revenue funds or other purposes.
- The remaining portion of the County's net position is unrestricted at \$666,558,410.

- Program revenues included charges for services (fines and forfeitures, certain licenses and permits, special assessments), and both operating and capital grants and contributions. Program revenues from governmental activities decreased by \$138,359,534, or 9%, primarily due to decreases in operating grants and contributions related to opioid settlements and Ground Emergency Medical Transportation. Program revenues from business-type activities increased by \$85,501,729, or 5%, due to increases in charges for services. Charges for services increased due to increases in Department of Aviation fees and increased patient volume at University Medical Center.

- General revenues consisted of taxes and interest not allocable to specific programs. For governmental activities, the largest of these revenues, ad valorem taxes, increased by \$100,294,144, or 9%. This increase was due to increases of assessed values during the fiscal year. Consolidated tax decreased by \$4,533,104, or 1%, and sales and use tax decreased in governmental activities by \$7,136,650, or 1%, both due to decreased economic activity during fiscal year 2025. Fuel tax revenue increased by \$7,306,352, or 4%, primarily due to increases in fuel index revenue. Interest income increased by \$64,972,860, or 27%.
- County governmental activity expenses increased by 5% in fiscal year 2025. Significant changes from the prior year are as follows:
 - General government expenses totaled \$513,018,892, or 7% less than the prior year, primarily due to decreases in litigation settlements, partially offset by increases in salaries and benefits and services and supplies costs.
 - Public safety expenses totaled \$2,168,920,431, or 6% more than the prior year, primarily due to increases in salaries and benefits, liability and workers' compensation insurance case reserves, and services and supplies costs.
 - Public works expenses totaled \$850,578,816, or 6% more than the prior year, primarily due to increased depreciation expense and an increase in the loss on disposal of capital assets related to annexations.
 - Judicial expenses totaled \$306,556,953, or 10% more than the prior year, primarily due to increases in salaries and benefits and an increase in the contribution to Eighth Judicial District Court.
 - Welfare expenses totaled \$420,203,761, or 8% more than the prior year, due to increased IGT and long-term care costs.
- County business-type activity expenses increased by 4% in fiscal year 2025, primarily due to increases in UMC operating expenses related to increased salaries and benefits, including cost-of-living adjustments (COLA), increased FTE's, retirement contributions, and medical supply costs.

Financial Analysis of the County's Funds

- The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

- The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements.
- As of the end of the current fiscal year, the County's governmental funds reported a combined ending fund balance of \$4,879,099,944, an increase of \$172,979,709, or 4%. Fund balance components have been classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed on the use of the resources of the fund.
- Nonspendable fund balance is \$854,817 and consists of \$338,923 related to leases receivable in the general fund, \$507,224 of prepaid items for Las Vegas Metropolitan Police Department, and \$8,670 of prepaid items for the Forensic Fund.
- Restricted fund balance is \$1,831,909,577, or 38% of the total. Spending of these resources is constrained by externally imposed (statutory, bond covenant, or grantors) limitations on their use. Restricted fund balances include \$881,579,803 for capital projects, \$290,001,696 for public safety activities, and \$141,147,049 for debt service.
- Committed and assigned fund balances combined represent 55% of total fund balance with spending constrained either by the Board of County Commissioners (BCC) (for committed) or senior management (for assigned). Committed balances are primarily a result of direction from the BCC to commit funds for the payment of expenditures for specific programs or projects.
- Unassigned fund balance is \$341,215,814 and consists of remaining fund balance in the General Fund that is available to support general operations of the County.
- The General Fund is the main operating fund of the County. Restricted fund balance of \$160,757,963 includes restricted cash and unspent proceeds from legislatively mandated ad valorem taxes. Unrestricted fund balance, which includes committed, assigned, and unassigned balances, totaled \$868,015,161 at June 30, 2025. Unrestricted fund balance is 30% of expenditures and other financing uses and includes amounts committed and assigned of \$40,886,159 and \$485,913,188, respectively. Unassigned fund balance is \$341,215,814, or 12% of expenditures and other financing uses.
- Key factors in the change in fund balance in the General Fund as reported for budget purposes are as follows:
 - Revenues and transfers-in were relatively flat, decreasing by \$1,691,780, or 0.1%.

General fund revenues increased by \$26,023,652, or 2%. Ad valorem tax revenues increased by \$46,593,094, or 10%, due to increases in new construction and property assessed values. However, intergovernmental revenue, the largest component of which is the consolidated tax, decreased by \$7,864,921, or 1%, and licenses and permits decreased by \$29,798,912, or 8%, due to decreased economic activity in the local economy. Transfers-in decreased by \$26,698,115, or 5%, primarily due to decreases in transfers from the various town funds for town services.
 - Expenditures and transfers out increased by \$83,467,744, or 4%.

- General fund expenditures increased by \$168,041,324, or 16%, primarily due to increases in General Government, Judicial, Public Safety, and other general expenditures. Other general expenditures increased due to internal service fund charges for general liability insurance. Transfers out decreased by \$84,573,580, or 8%, due to decreases in transfers to the Parks and Recreation Improvements Fund and the County Capital Projects Fund .
- Other major fund activity is as follows:
 - The Las Vegas Metropolitan Police Department operates from current year resources and typically budgets for a zero ending fund balance. However, it ended the year with a total unrestricted fund balance of \$17,537,903. Total revenues and transfers in were \$850,807,347, which was an increase of \$49,491,076, or 6%, over the prior year. Expenditures and transfers out, which consist primarily of personnel costs, increased \$38,103,283, or 5%, largely due to increases in retirement contributions, workers' compensation premiums, cost-of-living adjustments, merit increases, and increased overtime costs.
 - The non-major governmental funds reported a fund balance of \$3,831,942,770, of which \$1,671,151,614, or 44%, was restricted. All funds have the resources to meet their commitments.

Enterprise Funds

- The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail. Minor differences arise between the enterprise funds and the business-type activities in the government-wide statements due to the effects of consolidation of internal service fund activities related to the enterprise funds. Total net position for these funds increased \$293,902,270, or 12% from the prior year. Unrestricted net position of the enterprise funds totaled \$(111,263,767), an increase of \$94,316,162, primarily due to the increase of Department of Aviation's net position.

Internal Service Funds

- The County's internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Other factors concerning the finances of the internal service funds have already been addressed in the discussion of the County's governmental activities.

Budgetary Highlights

- The General Fund's legal level of budgetary control is the function level. The final amended budget for expenditures and other financing uses was \$2,278,455,691 increased through augmentation by \$94,425,180 from the original budget. Actual expenditures and other financing uses were \$2,199,340,165, or 3% less than the final budget, primarily due to staff vacancy savings.
- Revenues and transfers from other financing sources of the General Fund exceeded the final budget by \$43,546,427, or 2%.

Capital Assets and Debt Administration

Primary Government

- **Capital Assets**
 - The County's investment in capital assets, net of accumulated depreciation at June 30, 2025, was \$12,437,722,919, an increase of \$404,260,704, or 3%. Detail by type of activity and asset is summarized in the table below.

Long-Term Debt

Primary Government

- At June 30, 2025, the County had total outstanding bonds and loans of \$3,981,763,663, a decrease of \$280,004,937, or 7%, from the prior year. This amount was comprised of \$1,501,097,373 in general obligation debt backed by the full faith and credit of the County, \$2,413,801,115 of revenue bonds secured by pledges of various revenue sources, and \$66,865,175 in special assessment debt for which the County is liable in the event of default by the property owners subject to assessment.

- For additional information on the County's debt, see note 6 in the accompanying financial statements.

Economic Factors

- UMC's operating income was \$(10,987,584) in fiscal year 2025 compared to operating income of \$(27,007,730) in fiscal year 2024. The decrease in operating income is due primarily to increases in operating expenses, primarily salaries and benefits and cost of supplies. Total operating revenues increased by 7% from the prior year due to improved patient volume.
- The Department of Aviation's operating income was \$97,153,969 in fiscal year 2025 compared to \$59,370,105 in fiscal year 2024. The increase in operating income was primarily due to increases in terminal building and use fees and landing fees, due to increased rate charges.
- The County has positioned itself to meet the needs of its citizens. The taxable values continue to increase, and the remaining tax base will generate adequate revenues to provide basic services. A cost containment program continues to be in place, enforcing a reasonable pace of salary growth and position savings. The County's general fund unassigned ending fund balance remains healthy. Together, these factors have placed the County in an acceptable financial position to mitigate the current economic uncertainty. However, continued economic uncertainty could ultimately result in a deterioration of the County's financial condition.

Requests for Information

- This report is designed to provide a general overview of the County's finances for all interested parties. Questions concerning the information provided in this report or requests for additional financial information should be addressed to Anna Danchik, Comptroller, at 500 South Grand Central Parkway, Las Vegas, NV 89155.

Reconciliation of Statement of Revenues, Expenditures, and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2025

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances – governmental funds	\$ 172,979,709

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives. Also, capital assets financed by leases and subscriptions are not shown in governmental funds. The County does not capitalize items costing less than \$5,000

Capital outlay recorded in governmental funds	\$ 653,319,671	
Less amounts not capitalized	(99,326,510)	
Capitalized expenditures	553,993,161	
Leased assets and SBITA	25,553,236	
Less current year depreciation and amortization	(397,782,224)	181,764,173

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds:

Donated capital assets	131,526,381	
Loss on sale of capital assets	(8,638,255)	
Change in deferred inflows-unavailable revenue	(54,415,748)	
Bond bank operating contribution	(52,115,854)	16,356,524

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Also lease and subscription obligations are not shown in governmental funds. This is the net effect of these differences in the treatment of long-term debt and related items:

Accrued interest	499,359	
Amortized bond premiums and discounts	16,730,808	
Principal payments	127,623,337	
Lease financed purchase	(6,986,813)	
Lease and SBITA obligations	(25,553,236)	112,313,455

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:

Change in long-term compensated absences	(16,809,693)	
OPEB contributions and OPEB expenses	40,770,464	
Pension contributions and pension expenses	(48,525,358)	
Amortization of deferred gains/losses on refunding	(1,609,503)	(26,174,090)

Decrease in long-term presumptive liability, workers compensation	(6,566,058)

Decrease in long-term LVMPD net pension liability receivable due from the City of Las Vegas	(24,955,145)

Decrease in long-term LVMPD OPEB receivable due from the City of Las Vegas	(2,732,288)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue/(expense) of the internal service funds is reported with governmental activities:

63,460,944

Increase to internal balances that are receivable from business-type activities	8,049,130

Change in net position of governmental activities	<u>\$ 494,496,354</u>

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Reporting Entity

Clark County, Nevada (the County) is a municipality governed by an elected seven-member board. As required by accounting principles generally accepted in the United States of America (GAAP), these financial statements present Clark County, Nevada (the primary government) and its component units.

Blended Component Units

Included as blended component units are University Medical Center of Southern Nevada (UMC) and the Clark County Redevelopment Agency (Redevelopment Agency).

Although each of the above-mentioned governmental units operates as a separate entity, the members of the Board of Clark County Commissioners are also the board members (ex-officio) of each entity. Because each of the component units has substantially the same governing body as the primary government and management of the primary government has operational responsibility or is financially accountable for each of the component units, they are blended into the financial statements. The operations of UMC are reflected as enterprise funds and the Redevelopment Agency is reflected as a special revenue fund.

Discretely Presented Component Units

Included as discretely presented component units are the Regional Transportation Commission of Southern Nevada (RTC), the Clark County Regional Flood Control District (Flood Control District), Clark County Stadium Authority (CCSA), the Eighth Judicial District Court (EJDC), Clark County Water Reclamation District (Reclamation District), Las Vegas Valley Water District (LVVWD), Big Bend Water District, and Kyle Canyon Water District. The RTC and the Flood Control District are governed by two members of the Board of County Commissioners, two members of the City of Las Vegas Council, and one member from the city council of every other incorporated city in Clark County. The CCSA is governed by an eleven-member board; three members are appointed by the Governor, three members are appointed by the Board of County Commissioners, one member is appointed by the Majority Leader of the Senate, one member is appointed by the Speaker of the Assembly, one member is appointed by the President of the University of Nevada, Las Vegas, and two members are elected by the appointed board members. The EJDC is governed by a Chief Judge. The County is financially accountable for RTC, Flood Control District, CCSA, and EJDC, and exclusion of these units would render the financial statements of the County incomplete. The members of the Board of County Commissioners are also the board members (ex-officio) of the Water Districts and the Reclamation District, and the exclusion of these units would render the financial statements of the County incomplete.

Fiduciary Component Units

The following are included as fiduciary fund component units:

Clark County OPEB Trust/Department of Aviation OPEB Trust - The County appoints the Board of Trustees and is financially accountable for the Trust.

Las Vegas Metropolitan Police Department (LVMPD) OPEB Trust - The County appoints the Board of Trustees and is financially accountable for the Trust.

Las Vegas Valley Water District Pension Plan - The Board of Trustees is comprised of the LVVWD Board. The members of the Board of County Commissioners are also the board members (ex-officio) of the LVVWD.

Las Vegas Valley Water District OPEB Plan - The Board of Trustees are appointed by the LVVWD Board. The members of the Board of County Commissioners are also the board members (ex-officio) of the LVVWD.

Since these component units are fiduciary in nature, they are included only in the fund financial statements with the primary government's fiduciary funds. These component units are excluded from the government-wide financial statements.

Separately issued financial statements for the component units may be obtained by contacting the component units at the following addresses:

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment, including special assessments. Taxes and other items not properly included among program revenues are reported instead as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges for services between the governmental activities and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues, excluding property taxes, to be available if they are collected within 90 days after the end of the current fiscal year. Property taxes are considered available if collected within 60 days after the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, consolidated taxes, franchise fees, investment income, and charges for services associated with the current fiscal year are considered to be susceptible to accrual and have been recognized as revenues in the current year. Only the portion of special assessments receivable due within the fiscal year is considered to be susceptible to accrual as revenue of the current year. Fines and forfeitures, as well as licenses and permits, are not susceptible to accrual as they are generally not measurable until received in cash.

The proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County reports the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Las Vegas Metropolitan Police Department Fund (special revenue fund) accounts for the operation of a police department serving the citizens of unincorporated Clark County and the City of Las Vegas and is primarily funded through property taxes, fees for service, an interlocal contract with the Department of Aviation for police services, and contributions from the City of Las Vegas and Clark County.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements (Continued)

The County reports the following major enterprise funds:

The University Medical Center Fund is a blended component unit of the County. It accounts for the operations of the County's hospital.

The Department of Aviation Fund accounts for the operations of Harry Reid International Airport, North Las Vegas Airport, Henderson Executive Airport, Jean Sport Aviation Airport, and Perkins Field in Overton, Nevada.

Additionally, the County reports the following fund types:

Internal service funds account for printing and mailing, fleet management, employee benefits, property management, information technology, enterprise resource planning, investment pool costs, County employee parking and self-insurance services provided to other departments or agencies of the County, or to other governments, on a cost reimbursement basis.

Fiduciary funds include the Clark County OPEB Trust, Department of Aviation OPEB Trust, Las Vegas Metropolitan Police Department OPEB Trust, the Las Vegas Valley Water District Pension Plan, and Las Vegas Valley Water District OPEB Plan trust funds. These funds account for resources that are required to be held in trust for the members and beneficiaries of the employee benefit plans or for pension benefit payments to qualified employees.

The custodial funds are also included as fiduciary funds. The External Investment Pool custodial fund accounts for the net position of the County's external investment pool. The other custodial funds report fiduciary activities not held in trust or equivalent arrangements. The most significant activity in the other custodial funds is the collection and transfer of taxes to other local governmental entities, primarily ad valorem and room taxes.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, Deferred Outflows (DOR), Liabilities, Deferred Inflows (DIR), and Net Position or Equity

Cash and Investments

Cash and cash equivalents include cash in bank, cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

With the exception of the Water Reclamation District, the County pools the cash of its individual funds for investment purposes. Each fund in the pool records its own interest earnings allocated based on its average daily balances. At year end, all the investments in the pool are adjusted to fair value, regardless of the length of time remaining to maturity. The proportionate share of each fund's unrealized gain or loss at year end is adjusted against the interest earnings of the individual funds. The Water Reclamation District also adjusts their investments to fair value at year end. (Also see Note III.1.)

Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." The accounts receivable are shown net of any provision for doubtful accounts.

Inventories and Prepaid Items

The inventories of the proprietary funds are valued at cost, determined by first-in, first-out method, for materials and supplies, and at the lower of cost, determined by first-in, first-out method, or market for inventories held for resale. Inventories consist primarily of materials and supplies.

Certain payments to vendors reflect costs benefiting future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than purchased.

Restricted Assets

Restricted assets consist of cash and cash equivalents, investments and certain receivables that are restricted in their use by bond covenants or other external agreements. They are primarily used to pay the cost of capital projects and to meet debt service obligations.

Capital Assets

Capital assets, which include property, plant, equipment, infrastructure assets (e.g., roads, sidewalks, bridges, flood control structures, traffic signals, streetlights, and similar items), and right-of-use lease assets/software agreements are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost (except for intangible right-of-use leased assets and software agreements, the measurement of which is discussed in the Leases and SBITAs section) if purchased or constructed.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets (Continued)

Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Significant projects in process are depreciated once the projects are placed in service. Prior to that time, they are reported as construction in progress. Effective July 1, 2018, the County adopted GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, and no longer capitalizes interest costs. Interest incurred during the construction phase of capital assets of business-type activities, prior to July 1, 2018, was included as part of the capitalized value of the assets constructed.

Capital assets of the primary government, as well as the component units, are depreciated or amortized for right-of-use lease/software agreements using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	20-50
Improvements other than buildings	5-75
Infrastructure	15-50
Equipment	1-20
Leased Land & Buildings	1-20
Leased Equipment	1-5
Right-of-Use, Software Agreements	1-9

Leases

The County is a lessee for various non-cancellable leases of land, buildings, and equipment. The County recognizes a lease liability and intangible right-of-use lease asset in the government-wide financial statements and proprietary funds financial statements. The County recognizes lease liabilities based on the determination criteria set by GASB Statement No. 87, *Leases*.

At the commencement of a lease, the County initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is measured at the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the shorter of the lease term or its useful life.

Key estimates and judgments related to leases include how the County determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments. The County uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the noncancellable period of the lease plus periods covered by options to extend if it is reasonably certain, based on relevant factors, that the County will exercise that option.

The County monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Leased assets are reported with other capital assets and lease liabilities are reported with long-term liabilities on the government-wide statement of net position. Leased assets are reported with other capital assets, the current portion of lease liabilities are reported with current long-term liabilities, and the long-term portion of lease liabilities are reported with subscription-liabilities as lease and SBITA liabilities in the proprietary funds statement of net position.

The County is a lessor for various non-cancellable leases of land and building space. The County recognizes a lease receivable and a deferred inflow of resources in the government-wide and fund financial statements. The County recognizes lease receivables based on the determination criteria set by GASB Statement No. 87, *Leases*. The County is also a lessor for various "Regulated" leases as defined by GASB Statement No. 87, *Leases*. The County does not recognize a lease receivable or deferred inflow of resources for Regulated leases.

At the commencement of a lease, the County initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is measured at the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Consequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments related to leases include how the County determines (1) the discount rate it uses to discount the expected lease payment receipts to present value, (2) lease term, and (3) lease payment receipts. The County uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the noncancellable period of the lease plus periods covered by options to extend if it is reasonably certain, based on relevant factors, that the County will exercise that option.

The County monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subscription-Based Information Technology Arrangements (SBITAs)

The County enters into various software arrangements that require recognition under GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. The County recognizes a subscription liability and intangible right-of-use subscription asset in the government-wide financial statements and proprietary funds financial statements.

At the commencement of a subscription term, the County initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is measured at the initial amount of the subscription liability, adjusted for subscription payments made at or before the subscription commencement date, plus capitalizable initial implementation costs. Subsequently, the subscription asset is amortized on a straight-line basis over the subscription term.

Key estimates and judgments related to subscription-based information technology arrangements include how the County determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments. The County uses the interest rate charged by the subscription provider as the discount rate. When the interest rate charged by the subscription provider is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for subscription-based information technology arrangements. The subscription term includes the noncancellable period of the subscription plus periods covered by options to extend if it is reasonably certain, based on relevant factors, that the County will exercise that option.

The County monitors changes in circumstances that would require a remeasurement of its subscription-based information technology arrangements and will remeasure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Subscription assets are reported with other capital assets and subscription liabilities are reported with long-term liabilities on the government-wide statement of net position. Subscription assets are reported with other capital assets, the current portion of subscription liabilities are reported with current long-term liabilities, and the long-term portion of subscription liabilities are reported with lease liabilities as lease and SBITA liabilities in the proprietary funds statement of net position.

Deferred Outflows and Inflows of Resources

Deferred outflows of resources represent a consumption of net assets that applies to a future period so will not be recognized as an outflow of resources (expense/expenditure) until then. Bond refundings are unamortized balances resulting from bond refundings and deferred losses incurred on the re-association and revaluation of interest rate swaps paired to certain bonds that were refunded. The hedging instruments are the changes in the fair value of interest rate swaps serving as hedging derivatives at the end of the fiscal year. The pension contributions result from the County pension related contributions subsequent to the measurement date but before the end of the fiscal year, differences between expected and actual experience, net difference between projected and actual investment earnings, changes in assumptions, and changes in proportionate share of collective net pension liability since the prior measurement date. The OPEB related deferred outflows result from OPEB related contributions and benefit payments made subsequent to the measurement date, but before the end of the fiscal year, differences between expected and actual experience, change in assumptions, and net difference between projected and actual investment earnings.

Deferred inflows of resources represent an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. Bond refundings are unamortized balances resulting from bond refundings. The hedging instruments are the changes in the fair value of interest rate swaps serving as hedging derivatives at the end of the fiscal year. The pension related amounts result from the differences between projected and actual experience and changes in proportionate share of collective net pension liability since the prior measurement date. The OPEB related amounts result from differences between expected and actual experience, change in assumptions, and net difference between projected and actual investment earnings. The lease related amounts are the initial amount of lease receivables, adjusted for lease payments received at or before the lease commencement date. In the governmental funds, the only deferred inflow of resources are for revenues that are not considered available and leases.

Compensated Absences

It is the County's policy to permit employees to accumulate earned, but unused vacation, bonus, and sick leave benefits. The County's policy permits employees to earn holiday, compensatory time, birthday and incentive leave benefits, which may be used in a short-term period, depending on the level of benefit. Such benefits are accrued when incurred in the government-wide and proprietary financial statements.

The County recognizes a compensated absences liability based on the determination criteria set by GASB Statement No. 101, *Compensated Absences*. A liability for compensated absences is recognized when the leave is attributable to services already rendered, the leave accumulates, and the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Liabilities for compensated absences are measured using the pay rate in effect at the financial reporting date and applicable salary-related payments (i.e. employer-paid taxes) that are expected to be incurred when the obligation is settled.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Long-Term Obligations (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources whereas discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Clark County Self-Funded (CCSF) OPEB Trust, Department of Aviation Self-Funded (DOASF) OPEB Trust, and Las Vegas Metropolitan Police Department (LVMPD) OPEB Trust and additions to/deductions from CCSF OPEB, DOASF OPEB, and LVMPD OPEB Trusts' fiduciary net position have been determined on the same basis as they are reported by the CCSF OPEB Trust, DOASF OPEB Trust, and LVMPD OPEB Trust. For this purpose, CCSF OPEB Trust, DOASF OPEB Trust and LVMPD OPEB Trust recognize benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position or Equity

In the government-wide statements and in proprietary fund statements, equity is classified as net position and displayed in three components:

- Net investment in capital assets – Capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets net of unspent financing proceeds.
- Restricted net position – Net position with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position – All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

In governmental fund financial statements equity is classified as fund balance and is displayed in up to five components based primarily on the extent to which the County is bound to observe constraints imposed on the use of fund resources. These components are as follows:

- Nonspendable fund balances – Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. It also includes the long-term amount of loans and notes receivable.
- Restricted fund balances - Similar to restricted net position discussed above, these are amounts with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed fund balances – Amounts with constraints imposed by formal resolution of the Board of County Commissioners (BCC) that specifically state the revenue source and purpose of the commitment. Commitments can only be modified or rescinded through resolutions by the BCC. Commitments can also include resources required to meet contractual obligations approved by the BCC.
- Assigned fund balances – Amounts intended to be used for specific purposes by the Chief Financial Officer as authorized by fiscal directives that do not meet the criteria to be classified as restricted or committed. In the General Fund, the assigned fund balance represents management approved encumbrances that have been re-appropriated in the subsequent year and amounts necessary to fund budgetary shortfalls in the next fiscal year from unassigned resources.
- Unassigned fund balances – Amounts in the General Fund not contained in other classifications. For other nonmajor governmental funds, the unassigned classification is used only to report a deficit balance resulting from expenditures exceeding those amounts restricted, committed or assigned for specific purposes.

Based on the County's policy regarding the fund balance classification as noted above, when both restricted and unrestricted funds are available for expenditure, restricted funds should be spent first unless legal requirements disallow it. When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds are to be spent first, assigned funds second, and unassigned funds last.

Accounting Pronouncements

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*, which is effective for fiscal years beginning after December 15, 2023. Earlier application is encouraged. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. The adoption of Statement No. 101 resulted in a restatement of net positions. The effects of this adjustment are disclosed in "Accounting Changes and Restatements" below.

In December 2023, the GASB issued Statement No. 102, *Certain Risk Disclosures*, which is effective for fiscal years beginning after June 15, 2024. Earlier application is encouraged. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The assessment conducted under Statement No. 102 resulted in no matters that met the three criteria for note disclosure.

In April 2024, the GASB issued Statement No. 103, *Financial Reporting Model Improvements*, which is effective for fiscal years beginning after June 15, 2025. Earlier application is encouraged. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The County has not yet completed its assessment of this statement.

In September 2024, GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*, which is effective for fiscal years beginning after June 15, 2025. Earlier application is encouraged. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. The County has not yet completed its assessment of this statement.

In December 2025, GASB issued Statement No. 105, *Subsequent Events*, which is effective for fiscal years beginning after June 15, 2026. Earlier application is encouraged. The objective of this Statement is to improve the financial reporting requirements for subsequent events. The County has not yet completed its assessment of this statement.

Accounting Changes and Restatements

The County implemented GASB Statement No. 101, *Compensated Absences*, effective July 1, 2024, resulting in the restatement of beginning net positions for the change in accounting principle pursuant to GASB Statement No. 100, *Accounting Changes and Error Corrections*. The implementation of GASB Statement No. 101 resulted in increases in compensated absences liabilities on the Statement of Net Position for both government-wide and proprietary funds. The effect of this change in accounting principle resulted in a restatement of beginning net position as follows:

Reclassifications

Certain prior year amounts have been reclassified for consistency with the current year presentation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Unrestricted Deficit Net Position

The LVMPD Self-Funded Insurance, LVMPD Self-Funded Industrial Insurance, CCDC Self-Funded Insurance, and CCDC Self-Funded Industrial Insurance internal service funds had a deficit unrestricted net position of \$51,374,008, \$7,541,484, \$4,402,153, and \$1,354,756, respectively, at June 30, 2025. This deficit was the result of increases in the actuarial estimate of claim reserves and claims incurred but not reported. This deficit is under review by County management and will continue to be addressed during the following fiscal year.

III. DETAILED NOTES – ALL FUNDS

1. Cash and Investments

Deposits

According to state statutes, County monies must be deposited with federally insured banks, credit unions, or savings and loan associations within the County. The County is authorized to use demand accounts, time accounts, and certificates of deposit. State statutes specifically require collateral for demand deposits and specify that collateral for time deposits may be of the same type as those described for permissible investments. Permissible investments are similar to allowable County investments described below, except that statutes permit a longer term and include securities issued by municipalities within Nevada. The County's deposits are fully covered by federal depository insurance or securities collateralized in the State of Nevada Collateral Pool. Securities used as such collateral must total 102 percent of the deposits with each financial institution. The County monitors the Nevada Collateral Pool to ensure full collateralization.

Investments

When investing monies, the County is required to be in conformance with state statutes and written policies adopted by the Board of County Commissioners designating allowable investments and the safeguarding of those investments. The County invests monies both by individual fund and through a pooling of monies. The pooled monies, referred to as the investment pool, are theoretically invested as a combination of monies from each fund belonging to the pool. In this manner, the County Treasurer is able to invest the monies at a higher interest rate for a longer period of time. Interest is apportioned monthly to each fund in the pool based on the average daily cash balances of the funds for the month in which the investment matures. Cash and investments in the custody of the County Treasurer comprise the investment pool. Securities purchased by the County are delivered against payments and held in a custodial safekeeping account with the trust department of a bank designated by the County. Entity-wide investment pools are considered to have the general characteristics of demand deposits in that the entity may deposit additional funds at any time and also effectively may withdraw funds at any time without prior notice or penalty. Therefore, cash and investments in custody of the County Treasurer for the proprietary funds are considered cash equivalents for the purposes of the statement of cash flows, in addition to cash in custody of other officials and cash with fiscal agent.

State statutes authorize the County to invest in the following (quality rating by Moody's Investment Service):

Authorized Investments	Maximum Term	Maximum Allocation	Minimum Issuer Rating	Other

1. Cash and Investments (Continued)

The Nevada Local Government Investment Pool (NV LGIP) is an unrated external pool administered by the State Treasurer with oversight by the State of Nevada Board of Finance. The County deposits monies with the State Treasurer to be pooled with monies of other local governments for investment in the local government pooled investment fund.

GASB Statement No. 31 requires the County to adjust the carrying amount of its investment portfolio to reflect the change in fair or market values. Interest revenue is increased or decreased in relation to this adjustment of unrealized gain or loss. Net interest income in the funds reflects this positive or negative market value adjustment.

At June 30, 2025, the value of County-wide deposits, investments, and derivative instruments consisted of the following:

<u>Total Cash, Investments, and Derivative Instruments - All Entities Combined</u>			
Investments and Derivative Instruments			Fair Value
Countywide Investments (Exclusive of Component Units)	\$	8,650,427,672	
RFCD Investments		41,620,032

Countywide investments and cash above include investment and cash balances in the amount of \$386,800,631 for the Flood Control District, \$913,043,488 for the RTC, \$59,153,242 for the Water Reclamation District, \$265,162 for Kyle Canyon Water District, \$77,062,768 for Clark County Stadium Authority, and \$27,014,357 for the Eighth Judicial District Court, which are discretely presented component units and are not broken out separately as they participate in the investment pool.

The bank balance of deposits held in custody of the County Treasurer was \$29,939,562 and the carrying amount was \$13,664,141. The County utilizes zero balance sweep accounts and there are money market funds and other short-term investments available to cover amounts presented for payment. The bank balance of deposits held in the custody of other officials was \$155,689,760 consisting of \$500 for the Flood Control District, \$39,237,672 for the RTC, \$14,595,123 for the Water Reclamation District, \$61,383,380 for the Water District, \$1,957 for Big Bend Water District, and \$149,991 for the Clark County Stadium Authority. The carrying amount of deposits held in the custody of other officials was \$147,193,372 consisting of \$500 for the Flood Control District, \$39,176,306 for the RTC, \$14,038,872 for the Water Reclamation District, \$57,757,126 for the Water District, \$1,957 for Big Bend Water District, and \$149,991 for the Clark County Stadium Authority. The bank balance and the carrying value of deposits with fiscal agent was \$1,270,299.

Credit Risk

All deposits are subject to credit risk. Credit risk is defined as the risk that another party to a deposit or investment transaction (counterparty) will not fulfill its obligations. The County's investment policy applies the prudent investor standard: "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent investor acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency." Although the County reports securities' ratings by Moody's Investors Service, state statutes and the County's Investment Policy require securities be rated by one nationally recognized rating service (such as Standard & Poor's and Fitch Ratings).

The County is exposed to credit risk on hedging derivatives with positive fair values totaling \$2,463,279 at June 30, 2025. The counterparty credit ratings for these swaps are A or higher. The County is exposed to credit risk on investment derivatives with positive fair values totaling \$2,813,425 at June 30, 2025. The counterparty credit ratings for these swaps are A or higher. Exposure is mitigated through the use of an International Swaps and Derivatives Association credit support annex, which provides collateral to protect the value of the swaps under specific circumstances.

(2) Unrated asset backed securities are rated AAA by Standard & Poor's.

(3) Unrated U.S. federal agency securities are Farmer Mac securities not rated by either Moody's or Standard & Poor's.

Interest Rate Risk

Interest rate risk is defined as the risk that changes in interest rates will adversely affect the fair value of an investment. Through its investment policy, the County manages its exposure to fair value losses arising from increasing interest rates by limiting the average weighted maturity of its investment pool portfolio to less than 3.5 years.

Interest Rate Sensitivity

Interest rate sensitive securities include floating rate, callable, asset-backed, and mortgage-backed securities. As interest rates change, these types of securities may be redeemed early or the coupon rate may change.

1. Cash and Investments (Continued)

At June 30, 2025, the County invested in the following types of securities that have a higher sensitivity to interest rates:

<u>Interest Rate Sensitive Securities</u>		
<u>Investment Type</u>	<u>Countywide (Exclusive of Component Units)</u>	<u>Water Reclamation District</u>
Asset-Backed Securities	\$ 1,157,190,764	\$ 20,038,000
Corporate Obligations	1,018,900,269	93,905,780
Federal Agency	949,543,800	54,979,586
Total	<u>\$ 3,125,634,833</u>	<u>\$ 168,923,366</u>

Concentration of Credit Risk

Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County's investment policy limits the amount that may be invested in obligations of any one issuer, except direct obligations of the U.S. government, or federal agencies, or supranational securities, to no more than five percent of the total cash and investments.

At June 30, 2025, the following investments exceeded five percent of the total cash and investments for all entities combined:

<u>Investments Exceeding 5% of Total Cash and Investments - All Entities Combined</u>	
U.S. Treasuries	27.69%
Morgan Stanley Money Market Funds (MSGF)	7.66
Federal Home Loan Banks (FHLB)	7.51
Federal Home Loan Mortgage Corporation (FHLMC)	6.24
Federal Farm Credit Banks (FFCB)	5.45

Fair Value Measurement

In accordance with GASB Statement No. 72, investments and derivative instruments are valued at fair value. Securities classified at Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities or offer same-day liquidity at a price of par. Securities classified at Level 2 of the fair value hierarchy are generally valued using a matrix pricing technique or are less liquid than Level 1 securities. Matrix pricing is the process of estimating the market price of a bond based on the quoted prices of more frequently traded comparable bonds. Securities classified at Level 3 of the fair value hierarchy generally are not traded on the open market and include Forward Delivery Agreements, and State and Local Government Series (SLGS) securities which are purchased from the U.S. Department of Treasury through a subscription process but can be redeemed through the Bureau of Fiscal Service by a redemption request.

The fair values of the interest rate derivative instruments are estimated using an independent pricing service. The valuations provided are derived from proprietary models based upon well-recognized principles and estimates about relevant future market conditions. The instruments' expected cash flows are calculated using the zero-coupon discount method, which takes into consideration the prevailing benchmark interest rate environment as well as the specific terms and conditions of a given transaction and which assumes that the current forward rates implied by the benchmark yield curve are the market's best estimate of future spot interest rates. The income approach is then used to obtain the fair value of the instruments by discounting future expected cash flows to a single valuation using a rate of return that takes into account the relative risk of nonperformance associated with the cash flows and the time value of money. This valuation technique is applied consistently across all instruments. Given the observability of inputs that are significant to the entire sets of measurements, the fair values of the instruments are based on inputs categorized as Level 2.

Pooled Investments

Pooled investments are carried at fair value determined by quoted market prices or matrix pricing. All pooled investments are held in the custody of a bank designated by the County.

The County administers an external investment pool combining County money with involuntary investments from the Southern Nevada Health District (SNHD). Under authority delegated by the Board of County Commissioners (BCC) in accordance with NRS 355.175, the investment of County funds is the responsibility of the County Treasurer. Per the Clark County Investment Policy, the Treasurer shall consult with the Chief Financial Officer/Comptroller regarding the operations, performance, and compliance of the Clark County investment program. Any changes to the investment policy are subject to approval by the BCC. The external investment pool is not registered with the SEC as an investment company. The County custodian determines the fair value of its pooled investments on a monthly basis. The County has not provided or obtained any legally binding guarantees during the period to support the value of shares.

Each participant's share is equal to their investment plus or minus the monthly allocation of net investment earnings and realized and unrealized gains and losses. The derivation of realized gains and losses is independent of the determination of the net change in the fair value of investments for all periods reported.

2. Property Taxes

Taxes on real property are levied on July 1 of each year and a lien is also placed on the property on July 1. The taxes are due on the third Monday in August, but can be paid in four installments on or before the third Monday in August, first Monday in October, January, and March. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties, and costs, together with interest at the rate of 10 percent per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer may sell the property to satisfy the tax lien.

The Nevada legislature enacted provisions whereby the combined overlapping tax rate was limited to \$3.64 per \$100 of assessed valuation. The Nevada legislature also passed a property tax abatement law that generally caps increases in property taxes received from any owner-occupied residential property to three percent per year, and eight percent per year for all other property.

Delinquent taxes receivable not collected within sixty days after year end are recorded as deferred inflows of resources in the governmental funds as they are not available to pay liabilities of the current period. The revenue is fully recognized at the government-wide level.

Due from other governmental units includes \$214,049,597 that is not scheduled for collection during the subsequent year. This amount is related to opioid recoveries through the One Nevada Agreement on Allocation of Opioid Recoveries that will be paid in installment amounts that vary by year through fiscal year 2044. Due from other governmental units also includes amounts owed from the State of Nevada for intergovernmental revenue related to consolidated taxes, sales and use taxes, and fuel taxes.

Bond Bank Receivable

Nevada Revised Statute authorizes the County to issue general obligation bonds for the purpose of acquiring obligations issued by municipalities and authorities in Clark County for certain purposes. These general obligation bonds are shown in Note 6. The obligations issued by municipalities and authorities are shown as a bond bank receivable on the statement of net position. The bond bank receivable represents amounts owed to the County by participating municipalities for debt service payments on general obligation bonds issued by the County on their behalf. The receivable is secured by the general obligation pledges of the participating municipalities. Management believes the receivable is fully collectible, and no allowance for uncollectible amounts has been recorded.

3. Accounts Receivable (Continued)

Community Housing Receivable

Clark County has entered into various loan agreements with third parties related to its affordable housing programs. The purpose of these agreements is to establish, preserve, and rehabilitate affordable housing units. Under the terms of the agreements, repayment is contingent and is required only from surplus cash flows generated by the related properties after payment of operating costs and other required obligations.

Because repayment is contingent upon future events outside the County's control and the County does not have an unconditional contractual right to repayment of principal or interest, the County has concluded that these agreements do not meet the definition of a receivable for financial reporting purposes. Accordingly, no receivable has been recognized in the financial statements, and the County records any payments received as program revenue at the time of receipt. The outstanding contractual principal balance of these notes, which represents the maximum potential amount collectible under the agreements rather than amounts expected to be received, was \$40,811,143 as of June 30, 2025. Because no receivable is recognized, no allowance for uncollectable amounts has been recorded.

As of June 30, 2025, no revenue has been collected on these loan agreements. These outstanding loans have contractual maturity dates ranging from 2052 through 2065.

Guarantees

The County guarantees general obligation bond issues of the Clark County Stadium Authority and Regional Flood Control District, both County component units, and the Las Vegas Convention and Visitor's Authority, a legally separate entity from Clark County, pursuant to the Constitution and laws of the State of Nevada. Although guaranteed by the County, Regional Flood Control District bonds are pledged with sales tax revenues and both Clark County Stadium Authority bonds and Las Vegas Convention and Visitors Authority bonds are pledged with room tax revenue. In the event an agency is unable to make a debt service payment, Clark County will be required to make that payment. Management does not believe it is more likely than not that payments will be required under the guarantees; therefore, no liability has been recorded. All agencies have remained current on all debt service obligations.

Pledged Revenues

Consolidated Tax Supported Bonds

These bonds are secured by a pledge of up to 15 percent of the consolidated taxes allocable to the County. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The total remaining principal and interest payments for consolidated tax supported bonds was \$530,000,575 at June 30, 2025. In fiscal year 2025, pledged revenues received totaled \$87,587,014 (of the total \$583,913,424 of general fund consolidated tax), and required debt service totaled \$36,439,268.

Beltway Pledged Revenue Bonds

These bonds are secured by the combined pledge of: 1) a one percent supplemental governmental services (motor vehicle privilege) tax; 2) a one percent room tax collected on the gross receipts from the rental of hotel and motel rooms within the County but outside of the strip and Laughlin resort corridors (non-resort corridor); and 3) a portion of the development tax. The development tax is \$1,000 per single-family dwelling of residential development, and \$1.00 per square foot on commercial, industrial, and other development. Of this, \$500 per single-family dwelling and 50 cents per square foot of commercial, industrial, and other development is pledged. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The total remaining principal and interest payments for Beltway pledged revenue tax supported bonds was \$48,510,500 at June 30, 2025. In fiscal year 2025, pledged revenues received totaled \$104,521,610; consisting of \$89,237,162 of supplemental governmental services tax; \$3,757,291 of non-resort corridor room tax; and \$11,527,156 of the total \$23,054,311 development tax. Required debt service totaled \$9,700,750. Beltway pledged revenues are also pledged to make up any difference between pledged revenues and annual debt service for Laughlin resort corridor room tax supported bonds. During fiscal 2025, there was no Laughlin Resort Corridor Room Tax Supported Bonds debt service.

Strip Resort Corridor Room Tax Supported Bonds

These bonds are secured by a pledge of the one percent room tax collected on the gross receipts from the rental of hotel and motel rooms within the strip resort corridor. This tax is imposed specifically for the purpose of transportation improvements within the strip resort corridor, or within one mile outside the boundaries of the strip resort corridor. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The total remaining principal and interest payments for strip resort corridor room tax supported bonds was \$350,791,200 at June 30, 2025. In fiscal year 2025, pledged revenues received totaled \$65,744,045. Required debt service totaled \$22,678,900.

Court Administrative Assessment Supported Bonds

These bonds are secured by a pledge of the \$10 court administrative assessment for the provision of justice court facilities. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest.

The total remaining principal and interest payments for court administrative assessment supported bonds was \$14,349,200 at June 30, 2025. In fiscal year 2025, pledged revenues received totaled \$1,031,745. Required debt service totaled \$1,022,450.

Special Assessment Bonds

Special assessment supported bonds are secured by property assessments within the individual districts. In addition, the County's General Fund and taxing power are contingently liable if the collections of assessments are insufficient for the special assessment bonds issued for LVB St. Rose to Pyle #158 and Flamingo Underground #112. The bonds are identified as special assessment bonds in this note above. The total remaining principal and interest payments for special assessment supported bonds was \$79,713,954 at June 30, 2025. In fiscal year 2025, pledged revenues received totaled \$8,623,977 (after a deduction allowing for timing differences). Required debt service totaled \$9,346,710. Improvement District #151 Summerlin Mesa matured on August 1, 2025, using previously collected pledged revenues which were allowable per the bond covenants. The County applied DSRF credits to outstanding assessments in FY25 effectively reducing the collection of pledged revenues and used this cash to pay the bonds and not do a double refund.

Bond Bank Bonds

These bonds are secured by securities issued to the County by local governments utilizing the bond bank. These securities pledge system revenues and contain rate covenants to guarantee adequate revenues for bond bank debt service. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest. The total remaining principal and interest payments for bond bank supported bonds was \$797,139,156 at June 30, 2025. In fiscal year 2025, pledged revenues received totaled \$81,001,400. Required debt service totaled \$81,001,400.

Lease Financed Purchases

Southern Nevada Area Communications Council P25 Radio Equipment Upgrade

On July 1, 2024, the County entered into a 10-year medium-term amendment to the lease agreement (the "Master Lease") with Motorola Solutions, Inc. for the lease of hardware, software, and services for upgrading the Southern Nevada Area Communications Council radio communication network. The Leased Property is necessary to upgrade aged equipment to keep the system current for the next ten years and allow for better interoperability with other agencies. The equipment is valued at \$6,986,813. Accumulated depreciation is \$1,397,363 as of June 30, 2025. Annual principal and interest payments are \$875,288 commencing on January 15, 2025, through January 15, 2034, with an interest rate of 4.741%.

Clark County has the option to purchase the Leased Property upon thirty days prior written notice from Lessee to Lessor, and provided that no Event of Default has occurred and is continuing, or no event, which with notice of lapse of time, or both could become an Event of Default, then exists. Lessee will have a right to purchase the Leased Property on the lease payment dates set forth in the contract schedule by paying to Lessor, on such date, the lease payment then due together with the balance payment amount set forth opposite such date. Upon satisfaction by Lessee of such purchase conditions, Lessor will transfer any and all of its right, title and interest in the Leased Property to Lessee as is, without warranty, express or implied, except that the Leased Property is free and clear of any liens created by Lessor.

Arbitrage Liability

When a state or local government earns interest at a higher rate of return on tax-exempt bond issues than it pays on the debt, a liability for the spread is payable to the federal government. This interest spread, known as "rebateable arbitrage," is due five years after issuing the bonds. Excess earnings of one year may be offset by lesser earnings in subsequent years. Arbitrage liabilities are liquidated by the individual funds in which they are accrued. On December 23, 2024, the County made an arbitrage yield restriction liability payment of \$184,943 on the \$80,000,000 Clark County, Nevada General Obligation (Limited Tax) Family Services Bonds (Additionally Secured by Pledged Revenues), Series 2019. At June 30, 2025, the County is reporting no arbitrage liability.

Defeasance of Debt

In current and prior years, the County defeased certain general obligation and revenue bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. At June 30, 2025, there were no remaining balances for the defeased bond issues.

Events of Default with Finance Related Consequences

Upon the occurrence of an event of default under the bond covenants the owner of the bonds is entitled to enforce the covenants and agreements of the County by mandamus suit or other proceeding at law or in equity for only the pledged revenues specified in the covenants. The County's debt agreements include customary covenants related to the payment of principal and interest and the maintenance of pledged revenues. The County's debt agreements do not include subjective acceleration clauses or other termination provisions that would require payment based on the judgment of a third party.

Conduit Debt Obligations

The County has issued economic development revenue bonds, pollution control revenue bonds and industrial development revenue bonds to finance projects for a number of economic development projects including utility projects, healthcare projects, and education projects. The County is obligated for resources received and has legally assigned those to the Trustee. The bonds are paid solely from the payments received from the private-sector entities from their respective projects, therefore, these bonds are not liabilities of the County under any condition, and they are not included as a liability of the County. In addition, no commitments beyond the payments received from the private-sector entities which have been legally assigned to the Trustee, and the maintenance of the tax-exempt status of conduit debt obligations were extended by the County for any of the bonds. This debt will never constitute an indebtedness of the County or a charge against the general credit or taxing power of the County. At June 30, 2025, there are six series of bonds outstanding and the aggregate amount of all conduit debt obligations is \$274,500,000.

Derivative Instruments

Interest Rate Swaps

The intention of the County's implementation of a swap portfolio was to convert variable interest rate bonds to synthetically fixed interest rate bonds as a means to lower its borrowing costs when compared to fixed-rate bonds at the time of issuance. The County executed several floating-to-fixed swaps in connection with its issuance of variable rate bonds and forward starting swaps to lock in attractive synthetically fixed rates for future variable rate bonds. Some of the County's swaps are structured with step-down coupons to reduce the cash outflows of the fixed leg of those swaps in the later years of the swap.

The derivative instruments are valued at fair value. The fair values of the interest rate derivative instruments are estimated using an independent pricing service. The valuations provided are derived from proprietary models based upon well-recognized principles and estimates about relevant future market conditions. The instruments' expected cash flows are calculated using the zero-coupon discount method, which takes into consideration the prevailing benchmark interest rate environment as well as the specific terms and conditions of a given transaction, and which assumes that the current forward rates implied by the benchmark yield curve are the market's best estimate of future spot interest rates.

The income approach is then used to obtain the fair value of the instruments by discounting future expected cash flows to a single valuation using a rate of return that takes into account the relative risk of nonperformance associated with the cash flows and the time value of money. This valuation technique is applied consistently across all instruments. Given the observability of inputs that are significant to the entire sets of measurements, the fair values of the instruments are based on inputs categorized as Level 2.

The mark-to-market value for each swap had been estimated using the zero-coupon method. Under this method, future cash payments were calculated either based on using the contractually-specified fixed rate or based on using the contractually-specified variable forward rates as implied by the SIFMA (Securities Industry and Financial Markets Association) Municipal Swap Index yield curve (formerly known as the Bond Market Association Municipal Swap Index yield curve, or BMA Municipal Swap Index yield curve), as applicable. Each future cash payment was adjusted by a factor called the swap rate, which is a rate that is set, at the inception of the swap and at the occurrence of certain events, such as a refunding, to such a value as to make the mark-to-market value of the swap equal to zero. Future cash receipts were calculated either based on using the contractually-specified fixed rate or based on using the contractually-specified variable forward rates as implied by the SOFR (Secured Overnight Financing Rate) yield curve or the CMS (Constant Maturity Swap rate) yield curve, as applicable. The future cash payment, as modified by the swap rate factor, and the future cash receipt due on the date of each and every future net settlement on the swap were netted, and each netting was then discounted using the discount factor implied by the SOFR yield curve for a hypothetical zero-coupon rate bond due on the date of the future net settlement. These discounted nettings were then summed to arrive at the mark-to-market value of the swap.

All the swaps entered into by the County comply with the County's swap policy. Each swap is written pursuant to guidelines and documentation promulgated by the International Swaps and Derivatives Association ("ISDA"), which include standard provisions for termination events such as failure to pay or bankruptcy. The County retains the right to terminate any swap agreement at market value prior to maturity. The County has termination risk under the contract, particularly if an additional termination event ("ATE") were to occur. An ATE occurs either if the credit rating of the bonds associated with a particular swap agreement and the rating of the swap insurer fall below a pre-defined credit rating threshold or if the credit rating of the swap counterparty falls below a threshold as defined in the swap agreement.

With regard to credit risk, potential exposure is mitigated through the use of an ISDA credit support annex ("CSA"). Under the terms of master agreements between the County and the swap counterparties, each swap counterparty is required to post collateral with a third party when the counterparty's credit rating falls below the trigger level defined in each master agreement. This arrangement protects the County from credit risks inherent in the swap agreements. As long as the County retains insurance, the County is not required to post any collateral; only the counterparties are required to post collateral.

Derivative Instruments

The County has both hedging and investment derivative instruments. Hedging derivative instruments are derivative instruments that significantly reduce an identified financial risk by substantially offsetting changes in the cash flows of an associated hedgeable item. Hedging derivative instruments are required to be tested for their effectiveness. Effectiveness of hedging derivative instruments is first tested using the consistent critical terms method. If critical terms analysis fails because the critical terms of the hedged item and the hedging instrument do not match, a quantitative method is employed, typically regression analysis. On an annual basis and consistent with the fiscal year end, the County employs an external consulting firm to perform this evaluation. Investment derivative instruments are either derivative instruments entered into primarily for income or profit purposes or derivative instruments that do not meet the criteria of an effective hedging derivative instrument.

6. Long-Term Debt And Other Long-Term Liabilities (Continued)

On November 19, 2013, the County fully terminated swaps #06, #12B, and #17 and partially terminated swap #14B. Because swap #14B was only partially terminated, its outstanding notional value was reduced by \$56,825,000 from \$201,975,000 to \$145,150,000. At the transaction closing, the fair values of all the terminated swaps or portions thereof, coupled with their related accrued interest, resulted in a net termination payment of \$0. The County executed this transaction to lower overall swap exposure, reduce interest rate risk, increase cash flow, reduce debt service, and tailor its swap portfolio to better match its variable rate bond portfolio. Upon completion of the termination, the County re-associated the investment component of each of swap derivatives #14A and #14B with variable rate bonds, thereby resulting in the full hedging of these swaps.

On December 19, 2018, the County fully terminated swaps #14A, #14B, #15, #16, and #18, causing a reduction in outstanding notional value of \$442,352,729, from \$1,333,249,387 to \$890,896,658. The transaction closing resulted in a net termination payment of \$5,199,000. The County executed this transaction to lower overall swap exposure, reduce interest rate risk, increase cash flow, and reduce debt service. Upon completion of the termination, the \$47,525,000 in notional amount of swap #12A was re-associated to 2008D-3, from swap #14. Additionally, \$29,125,000 and \$49,950,000 in notional amounts from swap #12A were re-associated to 2008A General Obligation Bonds and 2008C Bonds, respectively, from swap #14B. Notional amounts of swaps #14A and #14B, associated to 2008D-2A, 2008D-2B, and 2010 F-2 PFC Bonds, were not associated with other active hedged swaps as of the termination date.

On May 22, 2023, the County executed two letters of adherence with the International Swaps and Derivatives Association, Inc. (ISDA). These letters affirm the County's adherence to the ISDA 2020 Interbank Offered Rate (IBOR) Fallbacks Protocol and the ISDA 2021 Fallbacks Protocol.

On April 2, 2024, the Department refunded the outstanding principal balance of \$118,025,000 on Series 2008D-3 with Series 2024A. Upon refunding, swap #12A was re-associated with the cash flows of \$199,605,000 of outstanding principal on Series 2008D-2A and Series 2008D-2B. The re-association resulted in a full hedging on Series 2008C-1, 2008D-2A, and 2008D-2B and an excess of \$68,830,000 swap notional amount over-hedged in respect to swap #12A.

Hedging Derivative Instruments

On June 30, 2025, the County had three outstanding floating-to-fixed interest rate swap agreements considered to be hedging derivative instruments in accordance with the provisions of GASB 53. The three outstanding hedging swaps have been structured with step-down coupons to reduce the cash outflows of the fixed leg of those swaps in the later years of the swap.

Forward Starting Swap Agreements Hedging Derivatives

On January 3, 2006, the County entered into five swap agreements (swaps #7A, #7B, #12A, #12B, and #13) to hedge future variable rate debt as a means to lower its borrowing costs and to provide favorable synthetically fixed rates for financing the construction of Terminal 3 and other related projects. Swaps #7A and #7B, with notional amounts of \$150,000,000 each, became effective July 1, 2008, while swaps #12A and #12B, with notional amounts totaling \$550,000,000, became effective July 1, 2009. To better match its outstanding notional of floating-to-fixed interest rate swaps to the cash flows associated with its outstanding variable rate bonds, on April 6, 2010, the County terminated \$543,350,000 in notional amounts of its outstanding floating-to-fixed interest rate swaps (swaps #3, #5, #10A, and #11) and \$150,000,000 in the notional amount of the July 1, 2010, forward starting swap #13. On April 17, 2007, the County entered into two additional forward starting swaps, swaps #14A and #14B, with notional amounts totaling \$275,000,000, which became effective on July 1, 2011, as scheduled and the County later re-associated the investment component of each of swap derivatives #14A and #14B with variable rate bonds. Swaps #14A and #14B were subsequently terminated on December 19, 2018, and Swaps #7A and #7B matured on July 1, 2022.

* Effective July 1, 2023, swaps calculations are using Fallback SOFR due to LIBOR is no longer an appropriate benchmark interest rate for derivative instrument

The notional amounts of the swap agreements match the principal portions of the associated debt and contain reductions in the notional amounts that are expected to follow the reductions in principal of the associated debt, except as discussed in the section on rollover risk.

Due to an overall increase in variable rates, all three of the County's hedging derivative instruments had a positive fair value as of June 30, 2025.

Associated Debt Cash Flows – Hedging Derivatives

The net cash flows for the County's hedging derivative instruments for the year ended June 30, 2025, are provided in the table below.

Hedging Derivative Instruments - Net Cash Flows For the Fiscal Year Ended June 30, 2025							
Swap#	Interest Rate Swap Description	Associated Variable Rate Bonds	Counterparty Swap Interest			Interest to Bondholders	Net Interest Payments 2025

6. Long-Term Debt And Other Long-Term Liabilities (Continued)

Credit Risk – Hedging Derivatives

The County was exposed to credit risk on the three hedging derivative instruments that had a positive fair value totaling \$2,463,279 as of June 30, 2025. However, a CSA is in place to provide collateral to protect the value of the swaps under specific circumstances. The following are the hedging swaps and their amounts at risk as of June 30, 2025, along with the counterparty credit ratings for these swaps:

Counterparty Credit Ratings and Credit Risk Exposure – Hedging Derivative Instruments at June 30, 2025						
Swap#	Interest Rate Swap Description	Counterparty	Counterparty Ratings			Credit Risk Exposure
			Moody's	S&P	Fitch	
10B	Floating-to-Fixed	JPMorgan Chase Bank, N.A.	Aa2	AA-	AA	1,012,416
10C	Floating-to-Fixed	UBS AG	Aa2	A+	AA-	991,476
12A	Floating-to-Fixed	Citigroup Financial Products Inc.	A2	A	A+	459,387
						<u>\$ 2,463,279</u>

The counterparty to swap #12A was required to post collateral pursuant to the terms of the ISDA CSA Agreement, given that the credit rating of this counterparty declined to the rating threshold defined in the ISDA CSA Agreement. As of June 30, 2025, the cash collateral posted with the custodian for Swap #12A was \$1,746,942.

Basis and Interest Rate Risk – Hedging Derivatives

All the hedging derivative swaps are subject to basis risk and interest rate risk should the relationship between the SOFR rate and the County's bond rates converge. If a change occurs that results in the rates moving to convergence, the expected cost savings and expected cash flows of the swaps may not be realized.

Tax Policy Risk – Hedging Derivatives

The County is exposed to tax risk if a permanent mismatch (shortfall) occurs between the floating rate received on the swap and the variable rate paid on the underlying variable rate bonds due to changes in tax law such that the federal or state tax exemption of municipal debt is eliminated, or its value is reduced.

Termination Risk – Hedging Derivatives

The County is exposed to termination risk if either the credit rating of the bonds associated with the swap or the credit rating of the swap counterparty falls below the threshold defined in the swap agreement, i.e. if an ATE occurs. If at the time of the ATE the swap has a negative fair value, the County would be liable to the counterparty for a payment equal to the swap's fair value. For all swap agreements, except for swaps #08A and #09A, the County is required to designate a day between 5 and 30 days to provide written notice following the ATE date. For swaps #08A and #09A, the designated date is 30 days after the ATE date.

Market Access Risk – Hedging Derivatives

The County is exposed to market access risk, which is the risk that the County will not be able to enter credit markets or that credit will become more costly. For example, to complete a hedging instrument's objective, an issuance of refunding bonds may be planned in the future. If at that time the County is unable to enter credit markets, expected cost savings may not be realized.

Foreign Currency Risk – Hedging Derivatives

All hedging instruments are denominated in US dollars, therefore, the County is not exposed to foreign currency risk.

Rollover Risk and Other Risk – Hedging Derivatives

There exists the possibility that the County may undertake additional refinancing with respect to its swaps to improve its debt structure or cash flow position and that such refinancing may result in hedging swap maturities that do not extend to the maturities of the associated debt, in hedging swaps becoming decoupled from associated debt, in the establishment of imputed debt, or in the creation of losses.

Credit Risk – Investment Derivatives

The County was exposed to credit risk on the investment derivative instruments that had a positive fair value totaling \$2,813,425 as of June 30, 2025. Nonetheless, as described earlier, a CSA is in place to provide collateral to protect the value of the swaps under specific circumstances. The investment swaps and their amounts at risk as of June 30, 2025, along with the counterparty credit ratings for these swaps, are disclosed the table below.

6. Long-Term Debt And Other Long-Term Liabilities (Continued)

Interest Rate Risk – Investment Derivatives

Swaps #02 and #04 are subject to interest rate risk should the relationship between the SOFR and the SIFMA rate converge. If economic conditions change such that these rates converge, the expected cash flows of the swaps and expected cost savings may not be realized.

Swaps #08A, #08B, and #08C and swaps #09A, #09B, and #09C are subject to interest rate risk should the relationship between the 10-year CMS rate (Constant Maturity Swap rate) and the SOFR converge. If economic conditions change such that these rates converge, the expected cash flows of the swaps and expected cost savings may not be realized.

Projected Maturities and Interest on Variable Rate Bonds and Swap Payments

Using the rates in effect on June 30, 2025, the approximate maturities and interest payments of the County's variable rate debt associated with the interest rate swaps, as well as the net payment projections on the floating-to-fixed interest rate swaps, are as follows:

Pledged Revenues

Motor Vehicle Fuel Tax Bonds

Motor vehicle fuel tax revenue bonds issued for RTC purposes are collateralized by a maximum of twelve cents per gallon motor vehicle fuel tax levied by the County, except that portion required to be allocated as direct distributions for those political subdivisions not included in the "Las Vegas Valley Area Major Street and Highway Plan." The collateralized twelve cents includes the County's share of the three cents per gallon tax levied by the State pursuant to NRS 365.180 and 365.190 and accounted for in other County funds, and the County's share of the Indexed Fuel Taxes. Pledged revenues for the year ended June 30, 2025 totaled \$91,917,465 for a debt service coverage ratio of 2.35 times.

Indexed Fuel Tax Bonds

Indexed Fuel Tax revenue bonds include taxes calculated and imposed on motor vehicle fuel tax, and special fuels taxes that consist of taxes on diesel fuel, taxes on compressed natural gas, and taxes on liquefied petroleum gas. Pledged revenues for the year ended June 30, 2025 totaled \$233,140,189 for a debt service coverage ratio of 3.19 times.

Arbitrage Rebate and Debt Covenant Requirements

The federal Tax Reform Act of 1986 imposes a rebate requirement with respect to some bonds issued by the County for the RTC. Under this Act, an amount may be required to be rebated to the United States Treasury (called "arbitrage") for interest on the bonds to qualify for exclusion from gross income for federal income tax purposes. Rebatable arbitrage is computed as of each installment computation date and as of the most recent such date the RTC's management believes that there is no rebatable arbitrage amount due. Future calculations might result in adjustments to this determination.

Long-term debt obligations are subject to restrictive debt covenants, including certain revenue levels, debt service coverage ratios and maintenance of a debt reserve account, for which management believes the RTC, is in compliance.

Deferred outflows of resources and deferred inflows of resources

Deferred outflows of resources for RTC consist of \$3,509,628 in unamortized losses on refunded bonds. Deferred inflows of resources for RTC consist of \$9,484,596 in unamortized gains on refunded bonds.

8. Net Position and Fund Balances

Primary Government

Net Position - Government-wide Financial Statements:

The government-wide Statement of Net Position utilizes a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted. Net investment in capital assets is less the related debt outstanding that relates to the acquisition, construction, or improvement of capital assets.

Restricted assets are assets that have externally imposed (statutory, bond covenant, contract, or grantor) limitations on their use. Restricted assets are classified either by function, debt service, capital projects, or claims. Assets restricted by function relate to net position of government and enterprise funds whose use is legally limited by outside parties for a specific purpose. The restriction for debt service represents assets legally restricted by statute or bond covenants for future debt service requirements of both principal and interest. The amount restricted for capital projects represents assets with third party restriction for use on specific projects or programs. The amounts restricted for other purposes within governmental activities include \$280,290,307 for opioid remediation, \$166,751,396 for general government purposes, \$137,702,240 for welfare, \$87,766,690 for health, and \$68,998,106 for other purposes such as culture and recreation, public works maintenance, judicial operations, and other community support. The government-wide statement of net position reports \$2,595,544,358 of restricted net position, all of which is externally imposed.

Unrestricted net position represents financial resources of the County that do not have externally imposed limitations on their use.

9. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2025, settlements did not exceed insurance coverage. The County maintains the following types of risk exposures:

Self-Funded Group Insurance and Group Insurance Reserve

The County has established self-insurance funds for insuring medical benefits provided to County employees and covered dependents. Employees are offered a choice between a self-insured PPO plan and a self-insured EPO plan. An independent claims administrator performs all claims-handling procedures. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

Clark County Workers' Compensation

The County has established a fund for self-insurance related to workers' compensation claims. For all employees except fire fighters and police officers, self-insurance is in effect up to an individual stop loss amount of \$2,000,000 per occurrence. For fire fighters and police officers, self-insurance is in effect up to an individual stop loss amount of \$5,000,000 per occurrence. Coverage from private insurers is maintained for losses in excess of the claim stop loss amount up to statutory limits. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

The County has estimated the potential exposure for costs of indemnity (wage replacement) benefits, medical benefits, and other claim related expenses for disability of public safety employees (fire/bailiffs) who develop heart disease, cancer, lung disease or hepatitis. The estimated liability is the sum of two components:

- The outstanding costs due to reported claims for which the County is currently paying benefits, and
- The outstanding costs for future claims incurred but not reported (IBNR) by the County (current population of active and retired public safety employees who may meet future eligibility requirements for awards under Nevada Revised Statutes).

The claims liability for reported claims is estimated to be \$33,143,582. The claims liability for incurred but not reported (IBNR) claims is estimated to be \$26,096,145. Of the total liability, \$21,622,795 is reported in the Clark County workers' compensation internal service fund. The remaining \$37,616,932 is not funded by the internal service fund and has been reported as a liability in the government-wide statement of net position. The liability is discounted utilizing an interest rate of 4.0%. The anticipated future exposure for potential claims associated with currently active employees based on an actuarial calculation is approximately \$104,771,597, discounted at 4.0%.

Las Vegas Metropolitan Police Department (LVMPD) and Clark County Detention Center (CCDC) Self-Funded Insurance

The County has established separate self-insurance funds for general liabilities of the LVMPD and CCDC. Loss amounts of \$200,000 or more require approval of the LVMPD Fiscal Affairs Committee. Self-insurance is in effect for loss amounts up to \$2,000,000 per occurrence, accident, or loss. Coverage from private insurers is maintained for losses in excess of the stop loss amount up to \$13,000,000. A third-party claims administrator performs claims-handling procedures for traffic claims. All other claims are administered through the LVMPD Office of General Counsel. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

LVMPD and CCDC Self-Funded Industrial Insurance

The County has established separate self-insurance funds to pay workers' compensation claims of the LVMPD and CCDC. Self-insurance is in effect up to an individual stop loss amount of \$15,000,000 per occurrence. Coverage from private insurers is maintained for losses in excess of the claim stop loss amount up to \$50,000,000. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

The County has estimated the potential exposure for costs of indemnity (wage replacement) benefits, medical benefits, and other claim related expenses for disability of public safety employees (police officers/correction officers) who develop heart disease, cancer, lung disease or hepatitis. The estimated liability is the sum of two components:

- The outstanding costs due to reported claims for which the County is currently paying benefits, and
- The outstanding costs for future claims incurred but not reported (IBNR) by the County (current population of active and retired public safety employees who may meet future eligibility requirements for awards under Nevada Revised Statutes).

The claims liability for reported claims is estimated to be \$36,723,963 for LVMPD and \$5,464,755 for CCDC. The claims liability for incurred but not reported (IBNR) claims is estimated to be \$4,082,413 for LVMPD and \$644,120 for CCDC. Of the total liability, \$4,977,979 is reported in the LVMPD self-funded industrial insurance internal service fund and \$1,584,042 is reported in the CCDC self-funded industrial insurance internal service fund. The remaining \$35,828,397 for LVMPD and \$4,524,833 for CCDC are not funded by the internal service funds and have been reported as a liability in the government-wide statement of net position. The liability is discounted utilizing an interest rate of 4.0%. The anticipated future exposure for potential claims associated with currently active employees based on an actuarial calculation is approximately \$54,264,274 for LVMPD and \$8,983,766 for CCDC, discounted at 4.0%.

County Liability Insurance

The County has established a general liability self-insurance fund for losses up to a \$25,000 per occurrence retention limit. Losses in excess of this retention are covered by the County liability insurance pool fund. An independent claims administrator performs all claims-handling procedures. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

County Liability Insurance Pool

The County has established a general liability insurance pool for the benefit of County funds. Self-insurance is in effect for loss amounts over the \$25,000 retention up to \$2,000,000 per occurrence, accident, or loss. Coverage from private insurers is maintained for losses in excess of the stop loss amount up to \$13,000,000. An independent claims administrator performs all claims-handling procedures. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

University Medical Center

The University Medical Center does not participate in the County self-insurance funds related to general liability. The University Medical Center self-insures portions of its general liability risks and has internally designated specific self-insured funds for such potential claims. The University Medical Center is self-insured for losses up to \$2,000,000 per claim. Coverage from private insurers is maintained for losses in excess of the stop loss amount up to \$10,000,000. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

10. Commitments And Contingencies

Encumbrances

The County utilizes encumbrance accounting in its government funds. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which a purchase order, contract, or other commitment is issued. In general, unencumbered appropriations lapse at year end. Open encumbrances at fiscal year-end are included in restricted, committed, or assigned fund balance, as appropriate. The following schedule outlines significant encumbrances included in governmental fund balances:

<u>Governmental Funds Fund Balance - Encumbrances as of June 30, 2025</u>			
Major Funds	Restricted Fund Balance	Committed Fund Balance	Assigned Fund Balance
General Fund	\$ 17,765	\$ -	\$ 33,804,003
LVMPD	-	-	4,733,331

	<u>\$ 363,589,271</u>	<u>\$ 364,480</u>	<u>\$ 232,775,943</u>

Grant Entitlement

The County is a participant in a number of federal and state-assisted programs. These programs are subject to compliance audits by the grantors. The audits of these programs for fiscal year 2025 and certain earlier years have not yet been completed. Accordingly, the County's compliance with applicable program requirements is not completely established. The amount, if any, of expenditures that may be disallowed by the grantors cannot be determined at this time. The County believes it has adequately provided for potential liabilities, if any, which may arise from the grantors' audits. However, the County believes the likelihood of material disallowed costs related to these programs is remote.

Medicare and Medicaid Reimbursements

UMC's Medicare and Medicaid cost reports for certain prior years are in various stages of review by third-party intermediaries and have not been settled as a result of certain unresolved reimbursement issues. The County believes it has adequately provided for any potential liabilities that may arise from the intermediaries' audits.

Litigation

The County is a defendant on various lawsuits, including a lawsuit related to LVMPD involving an alleged wrongful conviction. Although the LVMPD intends to defend this lawsuit, there is a reasonable possibility of an unfavorable outcome, and the estimated damages from unfavorable outcome could reach \$30,000,000, with attorney fees. The County is a defendant in other various lawsuits. The outcome of these lawsuits is not presently determinable, and the extent of possible losses cannot be estimated at this time.

LVMPD is a defendant in a lawsuit related to retirement contributions on certain overtime pay. An unfavorable outcome from this lawsuit is probable, but the amount of loss cannot be estimated at this time.

UMC is involved in litigation and regulatory investigations arising in the ordinary course of business. UMC does not accrue for estimated future legal and defense costs, if any, to be incurred in connection with outstanding or threatened litigation and other disputed matters, but rather records such as period costs when services are rendered.

The County's lease and subscription-based information technology arrangement agreements include customary provisions related to nonpayment and termination. Certain agreements provide that the underlying leased or subscribed assets may serve as collateral for the related obligations. The County's lease and SBITA agreements do not include subjective acceleration clauses or other termination events that would require payment based on the judgment of a third party. The County has elected not to recognize lease and subscription liabilities for short-term arrangements with a maximum possible term of twelve months or less.

Clark County (Excluding UMC and Department of Aviation)

Department of Aviation (Continued)

Lease Liability

The Department of Aviation entered into a twenty-two year lease agreement for the use of an administrative office building located adjacent to the Airport on August 7, 2007. The lease provides for fixed, periodic payments over the term of the agreement. In addition, the lease includes variable payments that are not based on an index or rate and are therefore excluded from the measurement of the lease liability in accordance with the provisions of GASB 87. These variable payments primarily consist of Common Area Maintenance (CAM) charges assessed annually under the terms of the lease. CAM charges totaled \$240,390 for fiscal year 2025. This amounts was recognized as lease expense in the period incurred. Principal and interest payments of \$1,863,541 and \$345,787 were made for the fiscal year ended June 30, 2025.

The following is a schedule of future payments for leases as of June 30, 2025:

Regulated Leases

The Department of Aviation leases certain assets to various third parties as regulated leases, as defined by GASB 87. The leased assets include jet bridges, passenger hold rooms, concourse operations space, baggage service areas, hangars, and tie-down spaces. These leases are regulated under the FAA Rates and Charges Policy and Grant Assurance 22. Certain assets are subject to preferential or exclusive use by the counterparties to these agreements as follows:

Jet Bridges - 59 of 109 total jet bridges are designated as preferential use
26% of available terminal leased space is preferentially leased
51% of available terminal leased space is designated as joint-use space
23% of available terminal leased space is designated as common use space

For the Airline-Airport use and lease, the Department of Aviation recognized revenue from terminal/building rent, apron use, passenger enplanements, gate use, and landing fees in the amount of \$60,640,708 for the fiscal year ended June 30, 2025. For ground handling, the Department of Aviation recognized lease revenue of \$3,651,582 for the fiscal year ended June 30, 2025 from terminal/building rent and apron use. Rates and charges are calculated annually at the beginning of each fiscal year based on the budgeted revenues, expenses, and debt service requirements and applied to both Airline-Airport use and lease agreements and ground handling agreements. Due to the nature of the rates and charges calculation, expected future minimum payments are indeterminable.

The Department of Aviation entered into various hangars, tie-down spaces, and FBO lease agreements with tenants for the use of spaces. During the fiscal year ended June 30, 2025, total revenues of \$12,621,828 were recorded for these categories of Regulated leases.

The following is a schedule of minimum future rental income on Regulated leases as of June 30, 2025:

RTC

Lease Liability

The RTC entered into a 40-year land lease with LiveWork, LLC on April 2, 2007, as amended by First Amendment of Lease dated September 17, 2007 to lease land. Commencement date for the lease was January 5, 2008. The base lease payment was \$1,250,000 per annum with a 3% annual escalation beginning in January 2009, and an additional 3% escalation in the 5th, 10th, 15th, 20th, 30th, and 35th years. As a condition of the lease agreement, the RTC provided the lessor with a \$5,000,000 letter of credit as a security deposit.

On September 12, 2024, the RTC Board of Commissioners approved the acquisition of Assessor's Parcel Number (APN) 139-34-301-008, the land referenced above, where the Bonneville Transit Center (BTC) is located. In consideration for the property purchased, the RTC paid \$20,000,000 to the owners, assumed and satisfied the existing loan in the amount of \$36,822,920, for a total settlement amount of \$56,957,958, including \$135,038 of closing fees. The transaction was completed on September 20, 2024. Acquiring the land and satisfying the existing loan saved the RTC \$27,953,139 on future rent payments. The acquisition of the land effectively terminated the existing lease.

As of June 30, 2025, the related right-to-use leased land, the corresponding accumulated amortization and lease liability were removed, resulting in a recognition of gain on lease termination of \$4,466,736.

SBITA Liability

RTC has entered into five agreements involving software arrangements. The agreements have a remaining estimated life of 1 to 7 years and RTC used its incremental borrowing rate of 3.69% to determine the present value of the right-to-use assets and SBITA liability. RTC made \$803,690 of principal payments and \$122,415 of interest payments related to these SBITAS for the fiscal year ended June 30, 2025.

The following is a schedule of future payments for SBITAS as of June 30, 2025:

Years ending June 30,	Principal	Interest	Total

12. Joint Ventures

Southern Nevada Water Authority

The Water District, a component unit (see Note 1), has a joint venture with the Southern Nevada Water Authority ("SNWA"). The SNWA is a political subdivision of the State of Nevada, created on July 25, 1991, by a cooperative agreement between the Water District, the Big Bend Water District, the City of Boulder City, the City of Henderson, the City of Las Vegas, the City of North Las Vegas, and the Reclamation District (the "Members"). SNWA was created to secure additional supplies of water and effectively manage existing supplies of water on a regional basis through the cooperative action of the Members.

The SNWA is governed by a seven-member board of directors composed of one director from each member agency. The Water District is the operating agent for the SNWA; the General Manager of the Water District is the General Manager of the SNWA; and the Chief Financial Officer of the Water District is the Chief Financial Officer of the SNWA.

The SNWA has the power to periodically assess the Members directly for operating and capital costs and for the satisfaction of any liabilities imposed against the SNWA. The Water District and other members do not have an expressed claim to the resources of the SNWA except that, upon termination of the joint venture, any assets remaining after payment of all obligations shall be returned to the contributing Members.

In 1995, the SNWA approved agreements for the repayment of the cost of an additional expansion of the Southern Nevada Water System (SNWS). The agreements required contributions from purveyor members, including the Water District, benefiting from the expansion. In 1996, the Water District approved the collection of regional connection charges, regional commodity charges, and regional reliability surcharges to fund these contributions. In March 2012, a regional infrastructure charge based upon meter size was approved, which has been modified since that time to account for changing conditions.

The Water District records these charges as operating revenues, and contributions to the SNWA as operating expenses. However, to avoid a "grossing -up" effect on operating revenues and operating expenses in the Statements of Revenues, Expenses, and Changes in Net Position, revenue collected for the SNWA is offset against the related remittances to the SNWA. Any remaining balance is classified as an operating expense and adjusted in a following period. The table below shows the SNWA regional charges collected for and remitted to the SNWA for the fiscal year 2025.

<u>SNWA Regional Charges Collected for and Remitted to the SNWA for Fiscal Year Ending June 30, 2025</u>	
Connection charges, net of refunds	\$ 53,793,845
Commodity and reliability charges	66,727,952
Infrastructure charges	155,482,561
Total	<u>\$ 276,004,358</u>

*For the year ended June 30, 2025, the County recognized pension expense of \$380,952,103, of which, \$280,389,935 is for governmental activities and \$100,562,168 is for business-type activities.
**In governmental activities, net pension liability is generally liquidated by a combination of the major and non-major governmental funds, with the majority liquidated by the General Fund and Las Vegas Metropolitan Police Department Fund.

Plan Description

Public Employees' Retirement System (PERS or System) administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. The System was established by the Nevada Legislature in 1947, effective July 1, 1948. The System is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering the System on or after January 1, 2010, and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering the System on or after January 1, 2010, there is a 2.5% service time factor, and for regular members entering the System on or after July 1, 2015, there is a 2.25% factor. The System offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 -.579.

Vesting

Regular members are eligible for retirement at age 65 with five years of service, or age 60 with 10 years of service, or any age with 30 years of service. Regular members entering the System on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or age 62 with 10 years of service, or any age with 30 years of service. Regular members entering the System on or after July 1, 2015, are eligible for retirement at age 65 with five years of service, or age 62 with 10 years of service, or age 55 with 30 years of service, or any age with 33 1/3 years of service. Police/Fire members are eligible for retirement at age 65 with five years of service, or age 55 with 10 years of service, or age 50 with 20 years of service, or any age with 25 years of service. Police/Fire members entering the System on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or age 60 with 10 years of service, or age 50 with 20 years of service, or any age with 30 years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. In one plan, contributions are shared equally by employer and employee. In the other plan, employees can take a reduced salary and have contributions made by the employer (EPC).

The System's basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

The System receives an actuarial valuation on an annual basis indicating the contribution rates required to fund the System on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

13. Retirement System (Continued)

The actuarial funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and results in a relatively level long-term contribution requirement as a percentage of salary. For the fiscal year ended June 30, 2024, the statutory Employer/Employee matching rate was 17.50% for Regular and 25.75% for Police/Fire. The Employer-pay contribution (EPC) rate was 33.50% for Regular and 50.00% for Police/Fire.

Summary of Significant Accounting and Reporting Policies

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of Nevada (PERS or System) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Basis of accounting

Employers participating in PERS cost-sharing, multiple-employer, defined benefit plans are required to report pension information in their financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*.

The underlying financial information used to prepare the pension allocation schedules is based on PERS' financial statements. PERS' financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) that apply to governmental accounting for fiduciary funds.

Contributions for employer pay dates that fall within PERS' fiscal year ending June 30, 2024, are used as the basis for determining each employer's proportionate share of the collective contribution amounts.

The total pension liability is calculated by PERS' actuary. The plan's fiduciary net position is reported in PERS' financial statements and the net pension liability is disclosed in PERS' notes to the financial statements. An annual report containing financial statements and required information for the System may be obtained by writing to PERS, 693 W. Nye Lane, Carson City, Nevada 89703-1599, or by calling (775) 687-4200.

Investment Policy

The System's policies which determine the investment portfolio target asset allocation are established by the Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the System.

The following was the Board adopted policy target asset allocation as of June 30, 2024:

Asset Class	Target Allocation	Long-Term Geometric Expected Real Rate of Return
Domestic Equity	34%	5.50%
International Equity	14%	5.50%
Domestic Fixed Income	28%	2.25%
Private Markets	12%	6.65%
Short-term investments	12%	0.50%

As of June 30, 2024, PERS' long-term inflation assumption was 2.50%.

Pension Liability

Net Pension Liability

The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer allocation percentage of the net pension liability was based on the total contributions due on wages paid during the measurement period. Each employer's proportion of the net pension liability is based on their employer contributions relative to the total employer contributions for all employers for the year ended June 30, 2024.

Pension Liability Discount Rate Sensitivity

The following presents the net pension liability of the PERS as of June 30, 2024 and Clark County's proportionate share of the net pension liability of PERS as of June 30, 2024, calculated using the discount rate of 7.25%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1- percentage-point higher (8.25%) than the current discount rate:

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
PERS Net Pension Liability	\$ 29,055,348,823	\$ 18,067,886,503	\$ 9,003,110,455
Clark County proportionate share of PERS Net Pension Liability ⁽¹⁾	\$ 4,729,585,929	\$ 2,941,063,359	\$ 1,465,512,763

(1) The Clark County proportionate share of the PERS net pension liability (discounted at 7.25% above) includes \$1,265,559,249 for Las Vegas Metropolitan Police Department (LVMPD). LVMPD is jointly funded by the County and the City of Las Vegas. The City currently funds 34.0 percent of the LVMPD. The City is liable for \$430,290,145 of the Clark County proportionate share of the PERS net pension liability (discounted at 7.25% above). A receivable has been established in the government-wide statement of net position for the City's portion.

At June 30, 2025 and 2024, the County's proportionate share of the collective net pension liability was 16.27785% and 16.76827%, respectively.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Annual Report, available on the PERS website.

Actuarial Assumptions

The System's net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.50%
Payroll Growth	3.50%, including inflation
Investment Rate of Return	7.25%
Productivity pay increase	0.50%
Projected salary increases	Regular: 4.20% to 9.10%, depending on service; Police/Fire: 4.60% to 14.50%, depending on service; Rates include inflation and productivity increases
Mortality tables	PUB-2010
Other assumptions	Same as those used in the June 30, 2024, funding actuarial valuation

Actuarial assumptions used in the June 30, 2024, valuation were based on the results of the experience study for the period July 1, 2016 through June 30, 2020. The discount rate used to measure the total pension liability was 7.25% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the pension plan's fiduciary net position at June 30, 2024, was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2024.

Total	<u>\$ 1,129,337,341</u>	<u>\$ 435,155,136</u>

(1) Average expected remaining service lives: 5.64 years

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date totaling \$253,740,914 will be recognized as a reduction of the net pension liability in the year ending June 30, 2026. Other amounts reported as deferred outflows/(inflows) of resources related to pension will be recognized in pension expense as follows:

Fiscal year ending June 30:		
2026	\$	58,792,514
2027		353,030,091
2028		11,794,438

University Medical Center

Pension Liability Discount Rate Sensitivity

The following presents University Medical Center's proportionate share of the net pension liability of PERS as of June 30, 2024, calculated using the discount rate of 7.25%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1- percentage-point higher (8.25%) than the current discount rate:

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
Proportionate share of PERS Net Pension Liability	\$ 1,088,180,526	\$ 676,678,238	\$ 337,184,370

At June 30, 2025 and 2024, University Medical Center's proportionate share of the collective net pension liability was 3.74520% and 3.92726%, respectively.

As of June 30, 2025, the total employer pension expense is \$73,489,989. At June 30, 2025, University Medical Center reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources

Las Vegas Valley Water District Retirement Plan

Plan Description

The Water District contributes to the Las Vegas Valley Water District Pension Plan (Plan), a single-employer defined benefit pension trust fund established by the Water District to provide pension benefits solely for the employees of the Water District. A Board of Trustees, comprised of the Water District's Board, has the authority to establish and amend the benefit provisions of the Plan and the contribution requirements of the Water District and the employees. Employee contributions are not required or permitted, except under certain conditions in which employees may purchase additional years of service for eligibility and increased benefits. During fiscal year 2025 employee contributions for this purpose was \$0.9 million.

The Plan was amended effective February 15, 2005, to provide the following: (1) Increase the annual service credit of 2 percent to 2.17 percent for years of service after July 1, 2001 (service credit is the accumulation of pension plan years while an employee was in paid status at the Water District.); (2) Change the benefit formula to increase the calculation of highest average pay by 50 percent of the employer contribution rate charged by Nevada PERS to employers who pay the full contribution rate, as prescribed in the Nevada Revised Statutes; (3) Add shift differential and standby pay to the total compensation counted toward the pension benefit.

Other than cost of living adjustments, the Plan does not provide ad hoc post-retirement benefit increases nor does it administer post-employment healthcare plans. The Plan does not issue a stand-alone financial report.

All Water District employees are eligible to participate in the Plan after attaining age 20 and completing six months of employment. Subject to a maximum pension benefit, normally 60 percent of average monthly compensation, Water District employees who retire at age 65 are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2 percent of their average monthly compensation multiplied by the years of service prior to July 1, 2001, and 2.17 percent of their average monthly compensation multiplied for the years of service after July 1, 2001. For the purpose of calculating the pension benefit, average monthly compensation means the average of a member's 36 consecutive months of highest compensation, after excluding certain elements, increased by 50 percent of the employer contribution rate charged by Nevada PERS to employers who pay the full contribution rate that is in effect for the 36 consecutive months of highest compensation, while participating in the Plan.

For participants in the plan prior to January 1, 2001, benefits start to vest after three years of service with a 20 percent vested interest; after four years of service, 40 percent; and after five years of service, 100 percent. New participants after January 1, 2001, start to vest at 5 years of service, at which time they are vested 100 percent. The Plan also provides for early retirement and pre-retirement death benefits. The Plan is not subject to the Employee Retirement Income Security Act (ERISA) of 1974 but is operated consistent with ERISA fiduciary requirements.

For employees on or after January 1, 2001, benefits are increased after retirement by cost of living adjustments that become effective on the first month following the anniversary of benefit commencement according to the following schedule:

<u>Schedule of Benefit Increases –</u> <u>Employees hired on or after January 1, 2001</u>	
0.0%	following the 1st, 2nd and 3rd anniversaries
2.0%	following the 4th, 5th and 6th anniversaries
3.0%	following the 7th, 8th and 9th anniversaries
3.5%	following the 10th, 11th and 12th anniversaries
4.0%	following the 13th and 14th anniversaries
5.0%	following each anniversary thereafter

However, if the benefit amount at the time of an increase is at least or equal to the original benefit amount multiplied by cumulative inflation since retirement, as measured by the increase in the Consumer Price Index (All Items), then the increase cannot exceed the average rate of inflation for the three proceeding years.

The Water District contributes amounts actuarially determined necessary to fund the Plan to pay benefits when due and to provide an allowance sufficient to finance the administrative costs of the Plan. Contributions cannot revert to or be revocable by the Water District or be used for any purpose other than the exclusive benefit of the participants.

At June 30, 2025, participants in the Plan consisted of the following:

<u>Plan Participants as of June 30, 2025</u>	
Participant Count	2025
Retirees for whom annuities were purchased but are due future COLAs	267
Terminated employees not yet receiving benefits	364

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Employer contributions are recognized when due. Participants do not make contributions except voluntarily under certain conditions to purchase additional years of service. Participant contributions are non-refundable.

Allocated Insurance Contracts

Through December 31, 2013, benefit obligations were recognized and paid when due by purchasing annuity contracts from a life insurance company rated A++ by A.M. Best rating company. Beginning January 1, 2014, benefit obligations are paid by the Plan through a large multi-national bank. Cost of living adjustments for benefit obligations that were initially paid by purchasing annuity contracts from a life insurance company continue to be paid by purchasing additional annuity contracts from a life insurance company. The costs to purchase annuity contracts from a life insurance company for benefit obligations or cost of living adjustments was \$6.6 million the year ended June 30, 2025. The obligation for the payment of benefits covered by these annuity contracts have been transferred to a life insurance company and are excluded from the Plan assets.

Method Used to Value Investments

The domestic equity, international equity, domestic bond, real asset and money market accounts are stated at fair value, measured by the underlying market value as reported by the managing institutions. Investments at contract value are insurance contracts and pooled accounts, stated at contract value as determined by the insurance companies in accordance with the terms of the contracts.

Actuarially Determined Contribution

The Water District's policy is to pay the current year's actuarially determined contribution when due. This amount was determined to be \$49.2 million for the year ended June 30, 2025. The actual amount contributed by the Water District for the year ended June 30, 2025 was \$52.5 million, or \$3.3 million in excess of the actuarially determined contribution.

Net Pension Liability

The total pension liability was determined by an actuarial valuation as of the valuation date, calculated based upon the discount rate and actuarial assumptions listed below. The total pension liability was then projected forward to the measurement date taking into account any significant changes between the valuation date and the fiscal year end. The liabilities are calculated using a discount rate that is a blend of the expected investment rate of return and a high-quality bond index rate. The expected investment rate of return applies for as long as the Plan assets (including future contributions) are projected to be sufficient to make the projected benefit payments. If Plan assets are projected to be depleted at some point in the future, the rate of return of a high-quality bond index is used for the period after the depletion date. The disclosures below exclude assets and liabilities held with a life insurance company, which provides benefits for retirees or their beneficiaries whose benefits were purchased with annuity contracts from the life insurance company.

Actuarial Assumptions

Actuarial cost method	Entry Age Normal Cost Method
Amortization method	20-year amortization of unfunded liability (closed period) as a level percent of pay, using layered bases starting July 1, 2016. In prior years, 30-year amortization of unfunded liability (closed period) as a level percent of pay, using layered bases starting July 1, 2009.
Remaining amortization period	Bases established between July 1, 2016 and July 1, 2020 have remaining amortization periods ranging from 14 to 20 years. Bases established between July 1, 2009 and July 1, 2015 have remaining amortization periods ranging from 16 to 22 years.
Inflation	2.75% per year
Salary increases	4.20% to 9.10% depending on service; Rates include inflation
Discount Rate	The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed the Water District's contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the Water District's fiduciary net position was projected to be available to make all projected pension payments for current and inactive employees. Therefore, the long-term expected rate of return on the Water District's plan investments was applied to all periods of projected benefit payments to determine the total pension liability.
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation
Retirement age	Normal retirement age is attainment of age 65. Unreduced early retirement is available after either 1) 30 years of service, or 2) age 60 with 10 years of service. Reduced early retirement benefits are available after attainment of age 55 and completion of 5 years of service (3 years of service if a participant prior to January 1, 2001).
Mortality	Non-Disabled Participants - Pub-2010 General tables projected generationally with Projection Scale MP-2020. Healthy annuitant rates are increased by 30% for males and 15% for females. Beneficiary rates are increased 15% for males and 30% for females. Contingent beneficiary rates are increased 30% for males and 15% for females. Disabled Participants - Pub-2010 Disabled tables projected generationally with Projection Scale MP-2020. Disabled rates are increased by 20% for males and 15% for females.

Changes in Actuarial Assumptions

For the fiscal year ending June 30, 2025, no amounts were reported as changes of assumptions. In addition, future salary increases were assumed to rise and withdrawal rates were assumed to decrease. The Water District did not incorporate any changes in actuarial assumptions from the prior years.

Pension Expense

Total employer pension expense was \$39.0 million for the fiscal year ended June 30, 2025.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the Water District reported the following deferred inflows of resources and deferred outflows of resources related to pensions:

Real Assets	8.70%	10.00%
Expected Arithmetic Average Return (30 years)		7.78%
Expected Geometric Average Return (30 years)		7.12%

The expected geometric average return over 30 years is less than the expected 1 year return due to expected deviations each year from the average which, due to the compounding effect, lower long-term returns.

Pension Investments

Management believes the Water District's pension investment policy conforms to the Water District's enabling act which requires the District to follow the "prudent person" rule, i.e., invest with discretion, care and intelligence. The investment policy does not specify credit quality ratings or maturities except that investments must be those that are allowed by law and those that the investment managers are trained and competent to handle.

To diversify investment risk, the Water District's investment policy currently limits pension plan investments as follows:

Pension Plan investment Limits		
Investment Type	Percent of Portfolio	
Equity Securities	60%	+/- 10%
Fixed-Income Securities	30%	+/- 5%
Real Assets	10%	+/- 3%

Rate of Return

For the year ended June 30, 2025, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 13.2%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

14. Related Party Transactions

Related party transactions include transactions between the County and its discretely presented component units, joint ventures, and other related governmental entities.

Primary Government

The County transfers sales, fuel, and various other taxes and fees deposited in the Master Transportation Plan special revenue fund to the RTC, a discretely presented component unit. Transfers during the fiscal year ended June 30, 2025, totaled \$445,577,589. The balance payable from the Master Transportation Plan fund to the RTC as of June 30, 2025, was \$130,367,590.

The County is reimbursed by the RTC for construction and maintenance of transportation projects. At June 30, 2025, the County had open interlocal contracts totaling \$795,867,555. Of those contracts, \$461,023,543 was spent, and there remain outstanding contract balances totaling \$334,844,012. Reimbursements during the fiscal year ended June 30, 2025 totaled \$149,481,364. The balance receivable from the RTC to the County as of June 30, 2025 was \$21,448,013.

The County is reimbursed by the RFCD for construction and maintenance of flood control projects. At June 30, 2025, the County had open interlocal contracts totaling \$169,976,847. Of those contracts, \$108,395,311 was spent, and there were remaining outstanding contract balances totaling \$61,581,536. Reimbursements during the fiscal year ended June 30, 2025 totaled \$35,527,840. The receivable balance from the RFCD to the County as of June 30, 2025 was \$2,994,630.

The County transferred the District Court operations to the Eighth Judicial District Court (EJDC) effective July 1, 2022. The County continues to fund the operations of the EJDC with monthly contributions. The County contributed \$98,494,043 during fiscal year ended June 30, 2025. There were no outstanding receivables.

Las Vegas Valley Water District

The Las Vegas Valley Water District is a member of the Southern Nevada Water Authority ("SNWA") (see Note 11). Besides being a member of the SNWA, the Water District is its operating agent. Beginning in fiscal year 2009, the SNWA advanced funds to the Water District for expenditures to be made on its behalf. The Water District credits the SNWA interest on a monthly average advance balance at the Water District's current investment earnings rates. The SNWA owed the Water District \$13,425,053 at June 30, 2025 for expenditures made on its behalf in excess of advanced funds, which the District recorded as a current receivable.

The Water District has allocated to and recorded receivable balances from SNWA of \$65,912,100 for net pension liability and \$602,681 for postemployment benefits other than pensions for Water District employees devoted to SNWA operations.

As of June 30, 2025, the Water District recorded a receivable balance of \$2,119,610,000 from SNWA for outstanding general obligation bonds whose proceeds were delivered to SNWA to finance water projects and refund existing debt. The Water District also recorded receivable balance of \$7,195,713 from SNWA for accrued interest related to these general obligation bonds.

15. Postemployment Benefits Other Than Pensions (OPEB)

Clark County contributes to six different defined benefit OPEB Plans as described below. At June 30, 2025, the County reported aggregate amounts related to OPEB for all plans to which it contributes.

	Net OPEB Asset	Total/Net OPEB Liability	Deferred Outflows	Deferred Inflows

Total Primary Government	\$ 10,218,284	\$ 704,270,540	\$ 343,997,984	\$ 518,564,492

*For the year ended June 30, 2025, Clark County recognized negative OPEB expense of \$19,416,663, of which, negative \$8,011,178 is for governmental activities and negative \$11,405,485 is for business-type activities.

**In governmental activities, the OPEB liability is generally liquidated by the General Fund and the Las Vegas Metropolitan Police Department Fund.

OPEB Plans Administered Through Trusts

Clark County and Department of Aviation Self-Funded OPEB Trusts

General Information about the Other Post Employment Benefit (OPEB) Plans

Plan Description

Clark County Self-Funded (CCSF) OPEB Trust provides OPEB to all permanent full-time employees of Clark County (primary government only) enrolled in the Clark County Self-Funded Group Medical and Dental Benefit Plan. Department of Aviation Self-Funded (DOASF) OPEB Trust provides OPEB to all permanent full-time employees of the Department of Aviation enrolled in the Clark County Self-Funded Group Medical and Dental Benefit Plan. The CCSF and DOASF OPEB Trusts are single-employer, defined benefit OPEB plans administered by Clark County, Nevada. The CCSF and DOASF OPEB Trusts issue a publicly available financial report. The report may be obtained at https://www.clarkcountynv.gov/government/departments/finance/boards_and_committees.php.

Benefits Provided

The CCSF and DOASF OPEB Trusts provide medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefit Plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and the County.

Employees Covered by Benefit Terms

At the June 30, 2024 measurement date, the following employees were covered by the benefit terms:

	CCSF	DOASF
Inactive employees or beneficiaries receiving benefit payments	1,248	182
Active employees	4,939	1,338
Total	6,187	1,520

15. Postemployment Benefits Other Than Pensions (OPEB) (Continued)

Clark County and Department of Aviation Self-Funded OPEB Trusts (Continued)

Contributions

The CCSF and DOASF OPEB Trusts do not have contractually or statutorily required contributions. State law requires health insurance to be provided to retirees at a blended rate. For fiscal year ended June 30, 2025, the estimated implicit subsidy was \$14,010,000 for the CCSF OPEB Trust, and \$1,500,000 for the DOASF OPEB Trust. Clark County and Department of Aviation can make voluntary cash contributions to the plan for purposes of prefunding obligations for past service. Clark County made voluntary cash contributions of \$129,530, and Department of Aviation made voluntary cash contributions of \$50,470 during the fiscal year.

Net OPEB (Asset)/Liability

The CCSF and DOASF OPEB Trusts' net OPEB (asset)/liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB (asset)/liability was determined by an actuarial valuation as June 30, 2024.

Actuarial assumptions: The total OPEB liability as of June 30, 2025 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.70%
Salary increases	3.50%
Investment rate of return	7.25%
Healthcare cost trend rates	7.75% decreasing to an ultimate rate of 4.00%
Retirees' share of benefit-related costs	100% of premium amounts based on years of service

Mortality rates were based on the following:

Pub-2010 headcount weighted mortality table, projected generationally using Scale MP-2021, applied on a gender-specific and job class basis.

The demographic assumptions are based on the Nevada PERS Actuarial Experience Study based on the 2023 Nevada PERS Actuarial Valuation. The salary scale assumption is based on the 2023 Nevada PERS Actuarial Valuation. The inflation assumption is based on the most recent Getzen Model released by the Society of Actuaries for long-term health care cost trend rates development.

The long-term expected rate of return on the CCSF and DOASF OPEB Trusts investments was based on the investment policy of the State of Nevada's Retiree Benefit Investment Fund (RBIF), where the CCSF and DOASF OPEB Trusts invest their assets. RBIF's investment policy objective is to generate a 7.25% long-term return by producing a long-term return from investments which exceeds the rate of inflation by capturing market returns within each asset class.

Discount Rate: The discount rate used to measure the total OPEB liability for the CCSF OPEB Trust was 4.44%. The County is not fully prefunding benefits. The current Plan assets plus future expected employer contributions and investment earnings are expected to be sufficient to make benefit payments to current plan members through June 30, 2044. For this purpose, only employer contributions that are intended to fund benefits of current plan members are included. The projection of the Plan's fiduciary net position and cash flows used to determine the discount rate assumes no employer contributions until necessary at the point of fund depletion, and plan member contributions made at the current contribution rate, trended annually. For determining the discount rate, the long-term rate of expected return on Plan investments (7.25%) was applied to periods of projected benefit payments through June 30, 2044, and the 20-year municipal bond rate (3.93% based on Bond Buyer 20-Bond GO Index) was applied to periods after June 30, 2044 to determine the total OPEB liability.

The discount rate used to measure the total OPEB liability for the DOASF OPEB Trust was 7.15%. The Department of Aviation is not fully prefunding benefits. The current Plan assets plus future expected employer contributions and investment earnings are expected to be sufficient to make benefit payments to current plan members through June 30, 2084. For this purpose, only employer contributions that are intended to fund benefits of current plan members are included. The projection of the Plan's fiduciary net position and cash flows used to determine the discount rate assumes no employer contributions until necessary at the point of fund depletion, and plan member contributions made at the current contribution rate, trended annually. For determining the discount rate, the long-term rate of expected return on Plan investments (7.25%) was applied to periods of projected benefit payments through June 30, 2084, and the 20-year municipal bond rate (3.93% based on Bond Buyer 20-Bond GO Index) was applied to periods after June 30, 2084 to determine the total OPEB liability.

LVMPD OPEB Trust

General Information about the Other Post Employment Benefit (OPEB) Plan

Plan Description

LVMPD OPEB Trust provides OPEB to all permanent full-time employees of the Las Vegas Metropolitan Police Department. Additionally, the LVMPD OPEB Trust subsidizes eligible retirees' contributions to the Public Employees' Benefits Plan (PEBP). The LVMPD OPEB Trust is a single-employer, defined benefit OPEB plan administered by LVMPD. The LVMPD OPEB Trust issues a publicly available financial report. The report may be obtained at <https://www.lvmpd.com/about/news-events/public-notice/lvmpd-oep-trust-fund>.

Benefits Provided

The LVMPD OPEB Trust provides benefits to five classes of employees; Police Protective Association (PPA) employees, Police Managers & Supervisors Association (PMSA) employees, Police Protective Association Civilian Employees (PPACE), Appointed and Deputy Sheriff employees.

LVMPD OPEB Trust provides medical, dental, vision and prescription drug benefits to eligible PPA and PMSA retirees and beneficiaries. Retirees and surviving spouses are eligible to continue coverage in the Las Vegas Metropolitan Police Department Employee Health and Welfare Trust medical plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Effective April 1, 2014, all retirees and spouses over the age of 65 are no longer covered under the Plan. Effective 2017, retirees and spouses over the age of 65 are eligible to continue coverage for dental and vision only.

LVMPD OPEB Trust provides medical, dental, vision, prescription drug, and life benefits to eligible Appointed, Deputy Sheriff, and PPACE retirees and beneficiaries. Retirees and beneficiaries are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefit Plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy.

LVMPD OPEB Trust pays a portion of the monthly premiums for former employees who retired and enrolled in the PEBP health plan. The subsidy is based on the retiree's years of service with the County.

Benefit provisions are established and amended through negotiations between the respective unions and the County.

Employees Covered by Benefit Terms

At the June 30, 2024 measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries receiving benefit payments	1,471
Active employees	5,971
Total	7,442

15. Postemployment Benefits Other Than Pensions (OPEB) (Continued)

LVMPD OPEB Trust (Continued)

Contributions

With the exception of the PEBP subsidies required by Nevada Revised Statutes, the LVMPD OPEB Trust does not have contractually or statutorily required contributions. State law requires health insurance to be provided to retirees at a blended rate. For fiscal year ended June 30, 2025, the estimated implicit subsidy was \$8,975,249, and cash contributions to PEBP were \$445,406. Clark County can make voluntary cash contributions to the plan for purposes of prefunding obligations for past service. Clark County made voluntary cash contributions of \$4,000,000 during the fiscal year.

Net OPEB Liability

The LVMPD OPEB Trust's net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2024.

Actuarial assumptions: The total OPEB liability as of June 30, 2025 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.30%
Salary increases	Ranges from 4.25% to 14.90% based on years of service and job classification
Investment rate of return	6.25%
Healthcare cost trend rates*	8.00% decreasing to an ultimate rate of 3.75%
Retirees' share of benefit-related costs	0% to 100% premium amounts based on years of service

*Healthcare cost trend rates fluctuate each year until ultimate trend rate is reached.

Mortality rates for Appointed, PPACE, Deputy Sheriff and PEBP employee groups were based on the PUB-2010 general headcount weighted mortality tables projected generationally using mortality improvement scale MP-2021.

Mortality rates for PPA and PMSA employee groups were based on PUB-2010 safety headcount weighted mortality tables projected generationally using mortality improvement scale MP-2021.

The demographic assumptions for PPA and PMSA employee groups were developed based on the 2015 Nevada PERS demographic rates with adjustments applied. The salary increase assumption aligns with the most recent available Nevada PERS full actuarial valuation as of June 30, 2023. The demographic and salary increase assumptions for the PPACE, Appointed and Deputy Sheriff employee groups are based on the Nevada PERS actuarial valuation as of June 30, 2023.

The long-term expected rate of return on the LVMPD OPEB Trust investments, net of investment expenses, was based on the investment policy of the State of Nevada's Retiree Benefit Investment Fund (RBIF) where the LVMPD OPEB Trust invests its assets. The rate is based on the RBIF's investment policy summarized in the following table:

Asset Class	Asset Allocation
Short-term investments	12.00%
International Equity	17.50%
Domestic Fixed Income	28.00%
Domestic Equity	42.50%

Discount rate: The discount rate used to measure the total OPEB liability was 6.25%. The projection of cash flows used to determine the discount rate assumed the County's contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the LVMPD OPEB Trust's fiduciary net position was projected to be available to make all projected OPEB payments for current and inactive employees. Therefore, the long-term expected rate of return on the LVMPD OPEB Trust's plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

(1) The County is responsible for 100% of the net OPEB liability for Detention Center employees covered under the plan in the amount of \$28,595,272. The remaining net OPEB liability of \$104,712,259 is jointly funded by the County and the City of Las Vegas. The City of Las Vegas currently funds 34.0% of the LVMPD and is liable for \$35,602,168 of the net OPEB liability. A receivable has been established in the government-wide statement of net position for the City's portion.

Changes in Assumptions: The assumed rate of health benefit election after retirement for PPA and PMSA employee groups was updated to reflect recent experience. The assumed rate of spouse coverage for PPACE, Appointed and Deputy Sheriff employee groups was updated to reflect recent experience. The health care trend rates were updated to reflect the latest economic assumptions.

General Information about the Other Post Employment Benefit (OPEB) Plans

Public Employees' Benefits Plan (PEBP) is a non-trust, agent multiple-employer defined benefit OPEB plan administered by the State of Nevada. Clark County subsidizes eligible retirees' contributions to PEBP. NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP eleven-member board of trustees. The plan is now closed to future retirees, however, County employees who previously met the eligibility requirement for retirement within the Nevada Public Employee Retirement System had the option upon retirement to enroll in coverage under the PEBP with a subsidy provided by the County as determined by the number of years of service. The PEBP issues a publicly available financial report. The report may be obtained at <https://pebp.nv.gov/Resources/reports/fiscal-utilization-reports/>.

Clark County Firefighters Plan (Fire Plan) provides OPEB to all permanent full-time firefighters. The Fire Plan is a non-trust, single-employer defined benefit OPEB Plan administered by the Clark County Firefighters Union Local 1908. The Clark County Firefighters Union Local 1908 issues a publicly available financial report. The report may be obtained by writing to Clark County Firefighters Union Local 1908 Security Fund, 6200 W. Charleston Boulevard, Las Vegas, NV, 89146 or calling 702-870-1908.

UMC Retiree Health Program Plan (UMC RHPP) provides OPEB to all permanent full-time employees of UMC. The UMC RHPP is a non-trust, single-employer defined benefit OPEB Plan administered by UMC.

Benefits Provided

PEBP provides medical, dental, prescription drug, Medicare Part B, and life insurance coverage to eligible retirees and their spouses. Benefits are provided through a third-party insurer.

The Fire Plan provides medical, dental, vision and prescription drug benefits to eligible retirees who remain enrolled in the Clark County Firefighters Union Local 1908 Security Fund's Health & Welfare Plan. Retirees are eligible to continue coverage in the Health & Welfare Plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the union and the County.

UMC RHPP provides medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefit Plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and UMC.

Employees Covered by Benefit Terms

At June 30, 2024 measurement date (June 30, 2025 for the Fire Plan), the following employees were covered by the benefit terms:

	PEBP	Fire Plan	UMC RHPP
Inactive employees or beneficiaries currently receiving benefit payments	656	434	535
Active employees	-	893	3,639
Total	656	1,327	4,174

As of November 1, 2008, PEBP was closed to any new participants.

Total OPEB Liability

The PEBP and UMC RHPP Plan's total OPEB liability was measured as of June 30, 2024, and was determined by an actuarial valuation as of June 30, 2024.

Actuarial assumptions: The total OPEB liability for the PEBP and UMC RHPP as of June 30, 2025 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.70%
Salary increases	3.50%
Discount Rate	3.93%
Healthcare cost trend rates	7.75% decreasing to an ultimate rate of 4.00%
Retirees' share of benefit-related costs	0% to 100% premium amounts based on years of service

The discount rate was based on Bond Buyer 20-Bond GO Index.

Mortality rates were based on the following:

Pub-2010 headcount weighted mortality table, projected generationally using Scale MP-2021, applied on a gender-specific and job class basis.

The demographic assumptions are based on the Nevada PERS Actuarial Experience Study based on the 2023 Nevada PERS Actuarial Valuation. The salary scale assumption is based on the 2023 Nevada PERS Actuarial Valuation. The inflation assumption is based on the most recent Getzen Model released by the Society of Actuaries for long-term health care cost trend rates development.

The Fire Plan's total OPEB liability was measured as of June 30, 2025, and was determined by an actuarial valuation as of June 30, 2024.

Actuarial assumptions: The total OPEB liability for the Fire Plan as of June 30, 2025 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.00%
Salary increases	Ranges from 4.66% to 14.86% based on years of service, including inflation and productivity increases
Discount Rate	5.20%
Healthcare cost trend rates	7.25% decreasing to an ultimate rate of 3.75%
Retirees' share of benefit-related costs	100% of premium amounts based on years of service

The discount rate was based on Bond Buyer 20-Bond GO Index.

Mortality rates were based on the following:

Healthy: For retirees and surviving spouses, PUB-2010 Safety Headcount-Weighted tables projected generationally with Improvement Scale MP-2021. For active employees, PUB-2010 Safety Employees Headcount-Weighted tables projected generationally with Improvement Scale MP-2021.

Disabled: PUB-2010 Safety Disabled Headcount-Weighted tables projected generationally with Improvement Scale MP-2021.

15. Postemployment Benefits Other Than Pensions (OPEB) (Continued)

OPEB Plans Not Administered Through Trusts (Continued)

The retirement, withdrawal, and disability assumptions are aligned with the most recent available Nevada PERS full pension valuation. The initial health care trend rates were set to be consistent with projected medical costs for the next four years and then grading to the ultimate trend assumption of 3.75% per year that is consistent with the economic assumptions used in the Getzen model published by the Society of Actuaries. The participation election is based on the Clark County Firefighters Union Local 1908 Security Fund's assumption that 90% of future retirees with at least 20 years of service will elect coverage upon retirement.

General Information about the Other Post Employment Benefit (OPEB) Plans

Plan Descriptions

Public Employees' Benefits Plan (PEBP) is a non-trust, agent multiple-employer defined benefit OPEB plan administered by the State of Nevada. Clark County Water Reclamation District (CCWRD) subsidizes eligible retirees' contributions to PEBP. NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP eleven-member board of trustees. The plan is now closed to future retirees, however, CCWRD employees who previously met the eligibility requirement for retirement within the Nevada Public Employee Retirement System had the option upon retirement to enroll in coverage under the PEBP with a subsidy provided by the CCWRD as determined by the number of years of service. The PEBP issues a publicly available financial report. The report may be obtained at <https://pebp.nv.gov/Resources/reports/fiscal-utilization-reports/>.

Retiree Health Program Plan (RHPP) provides OPEB to all permanent full-time employees of the CCWRD. The RHPP is a non-trust, single-employer defined benefit OPEB Plan administered by CCWRD.

Benefits Provided

PEBP provides medical, dental, prescription drug, Medicare Part B, and life insurance coverage to eligible retirees and their spouses. Benefits are provided through a third-party insurer.

RHPP provides medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the Clark County Self-Funded Group Medical and Dental Benefit Plan as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and the CCWRD.

Inactive employees or beneficiaries currently receiving benefit payments	23	96
Active employees	-	361
Total	<u>23</u>	<u>457</u>

As of November 1, 2008, PEBP was closed to any new participants.

Total OPEB Liability

The CCWRD's Total OPEB liability was measured as of June 30, 2024, and was determined by an actuarial valuation as of June 30, 2024.

Actuarial assumptions: The total OPEB liability for all plans as of June 30, 2025 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.70%
Salary increases	3.50%
Discount Rate	3.93%
Healthcare cost trend rates	7.75% decreasing to an ultimate rate of 4.00%
Retirees' share of benefit-related costs	0% to 100% premium amounts based on years of service

The discount rate was based on Bond Buyer 20-Bond GO Index

Mortality rates were based on the following:

Pub-2010 headcount weighted mortality table, projected generationally using Scale MP-2021, applied on a gender-specific and job class basis.

The demographic assumptions are based on the Nevada PERS Actuarial Experience Study based on the 2023 Nevada PERS Actuarial Valuation. The salary scale assumption is based on the 2023 Nevada PERS Actuarial Valuation. The inflation assumption is based on the most recent Getzen Model released by the Society of Actuaries for long-term health care cost trend rates development

Las Vegas Valley Water District

General Information about the Other Post Employment Benefit (OPEB) Plan

Plan Description

The Las Vegas Valley Water District (Water District) provides OPEB to all permanent full-time employees of the Water District. The OPEB plan is a single-employer defined benefit OPEB Plan administered by the Water District. The plan is reported as a Trust Fund in the Las Vegas Valley Water District's financial statements.

Benefits Provided

The OPEB plan provides medical, dental, vision, prescription drug, and life insurance benefits to eligible retirees and beneficiaries. Under the OPEB plan, employees who retire directly from the Water District are eligible to continue health benefits through Clark County, Nevada, the Water District's insurance provider. For retirees who retire with pension benefits unreduced for early retirement, the Water District pays the full premium for retirees and 85% of the premiums for their dependents until the retirees are eligible for Medicare or reach age 65. When the retirees are eligible for Medicare, or at 65, the retirees may continue coverage but must pay 100% of the premium. Retirees who retire early with reduced pension benefits can stay enrolled as a participant with active employees paying 100% of a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and the Water District.

Employees Covered by Benefit Terms

At the June 30, 2025 measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries receiving benefit payments	139
Active employees	1,320
Total	<u>1,459</u>

Contributions

The actuarially determined contribution (ADC) is equal to the service cost (that portion of Water District provided benefit attributable to employee service in the current year) plus an amortization amount of the net OPEB liability. The amortization of the net OPEB liability is based upon a level dollar amortization period over 20 years. The ADC represents the contribution that the Water District would need to make each year to fully fund its net OPEB liability over the next 20 years. The ADC was \$2,000,000 for the year ended June 30, 2025. The Water District's contribution is based upon pay-as-you-go financing. For the year ended June 30, 2025, the Water District's contribution was \$5,600,000, which is equal to the estimated benefit payments and an additional employer contribution of \$3,000,000.

Net OPEB Liability

The Water District's net OPEB liability was measured as of June 30, 2025, and was determined by an actuarial valuation as of July 1, 2024.

15. Postemployment Benefits Other Than Pensions (OPEB) (Continued)

Las Vegas Valley Water District (Continued)

Actuarial assumptions: The net OPEB liability as of June 30, 2025 was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75%
Salary increases	3.00%
Investment rate of return	6.50%
Healthcare cost trend rates*	5.40% decreasing to an ultimate rate of 4.25%
Retirees' share of benefit-related costs	Retiree with full pension benefits not eligible for Medicare or age 65-15% for dependent coverage. All other retirees pay 100% of premium amounts.

*Healthcare cost trend rates trend up to 5.50% in 2026, then trend down to 4.25% in 2070.

Mortality rates were based on the following:

General and disabled headcount-weighted tables projected generationally with Improvement Scale MP-2020.

The actuarial assumptions used in the June 30, 2025 valuation were not based on a formal experience study. The actuary reviews the experience and assumptions each year and makes recommendations when a change is needed.

The long-term expected rate of return on trust assets was based on the investment policy of the State of Nevada's Retiree Benefit Investment Fund (RBIF), where the Water District's OPEB Plan invests its assets. Based upon the RBIF investment policy, the investment return is assumed to be 6.50%, net of expenses.

Discount rate: The discount rate used to measure the total OPEB liability was 6.50%. The projection of cash flows used to determine the discount rate assumed the Water District's contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the Water District's fiduciary net position was projected to be available to make all projected OPEB payments for current and inactive employees. Therefore, the long-term expected rate of return on the Water District's plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The trend rates were updated to an initial rate of 7.75% (6.75% for Post-65) grading down to an ultimate rate of 4.00%. The Select trend rates were updated to reflect the higher than anticipated rising healthcare costs environment. The termination and retirement rates were updated to the rates from the Nevada PERS Actuarial Valuation report as of June 30, 2023. The salary scale was updated from 3.0% to 3.5% based on the wage growth assumption from the 2023 Nevada PERS Actuarial Valuation. The marriage rate assumption was updated from 30% to 25%, based on aggregate elections experience.

Sensitivity of the total OPEB liability to changes in the discount rate: The following presents the total OPEB liability of the EJDC as well as what the EJDC's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.93%) or 1-percentage-point higher (4.93%) than the current discount rate:

17. Department of Aviation Land Transfers

The Southern Nevada Public Land Management Act of 1998, Public Law 105-263, was enacted by Congress in October 1998. A provision of this law provided that the Bureau of Land Management (BLM), an agency of the U.S. Department of the Interior, transfer approximately 5,000 acres of land to the Department, without consideration, subject to the following:

1. Valid existing rights;
2. Agreement that the land be managed in accordance with the law, with 49 U.S.C. §47504 (relating to airport noise compatibility planning), and with regulations promulgated pursuant to that section;
3. Agreement that, if any land is sold, leased, or otherwise conveyed by the Department, such sale, lease, or other conveyance shall contain a limitation that requires uses be compatible with the Interim Cooperative Management Agreement and with Airport Noise Compatibility Planning provisions (14 C.F.R. Part 150); and
4. Agreement that, if any land is sold, leased, or otherwise conveyed by the Department, such sale, lease, or other conveyance shall be at fair market value. The Department contributes 85% of the gross proceeds from the sale, lease, or other conveyance of such land directly to the BLM for use in purchasing, improving, or developing other land for environmental purposes. The Department contributes 5% of the gross proceeds from the sale, lease, or other conveyance of such land directly to the State for use in its general education program. The remainder is available for use by the Department for the benefit of airport development and the Noise Compatibility Program.

Due to the uncertainty of any future benefit to the Department, a value has not been assigned to, nor was income reported relating to, land not yet sold or leased under the Southern Nevada Public Land Management Act of 1998. Gross proceeds from the sale and lease of land related to the Cooperative Management Area for the years ended June 30, 2025 were \$132,689,441. The Department of Aviation's share of these proceeds was \$13,268,944 for the year ended June 30, 2025. As of June 30, 2025, the Department of Aviation has \$84,057,517 payable to the BLM and \$4,944,560 payable to the State related to such land.

18 Subsequent Events

Primary Government

On August 19, 2025, the Board approved a resolution declaring the County's intent to reimburse itself from future bond proceeds or other indebtedness for certain project expenditures which are expected to be paid from Airport System revenues. The Department of Aviation intends to construct improvements to airport properties, including improvements associated with the Harry Reid International Airport modernization plan, in an aggregate amount not to exceed \$400,000,000.

On November 6, 2025, the Department of Aviation finalized the amendment for the extension of the credit facility with the 2008D-2A Bonds provided by Wells Fargo Bank, N.A. for a period of three years, extending the terms of the agreement through February 2029.

In the 36th Special Session of the Nevada Legislature, the Governor signed Senate Bill 7 into law, effective November 29, 2025. The bill revises provisions relating to occupational diseases for police officers and firefighters, removing the requirement that a disease of the lungs be caused by exposure to heat, smoke, fumes, tear gas, or any other noxious gases to be presumed to have arisen out of the course of employment. These provisions apply retroactively to any claims filed on or before the effective date of this bill. The County is currently assessing the financial impact of this bill on worker's compensation claims payable.

¹ In 2022, amounts reported as Changes of Assumptions resulted primarily from changes in assumed life expectancies as a result of adopting Pub-2010 General tables projected generationally using Scale MP-2020, with healthy annuitant rates increased by 30 percent for males and 15 percent for females, beneficiary rates increased by 15 percent for males and 30 percent for females, and contingent beneficiary rates increased by 30 percent for males and 15 percent for females. The prior year valuation used the Headcount-Weighted RP-2014 Employee/Healthy Annuitant tables projected to 2020 using Scale MP-2016 and the Headcount-Weighted RP-2014 Disabled Retiree tables projected to 2020 using Scale MP-2016 and set forward four years. For fiscal year ending June 30, 2022, future salary increases were assumed to range from 9.1 percent for employees with less than 1 year of service to 4.2 percent for employees with 20 or more years of service. The prior year valuation assumed future salary increases ranging from 9.15 percent for employees with less than 1 year of service to 4.25 percent for employees with 15 or more years of service. Assumed withdrawal rates for fiscal year ending June 30, 2022 ranged from 15.75 percent at 0 years of service to 1.5 percent for employees with 24 or more years of service. The prior year valuation assumed withdrawal rates ranging from 16 percent at 0 years of service to 1.75 percent for employees with 17 or more years of service.

Notes to Schedule

Valuation Date: Actuarially determined contribution rates are calculated as of July 1 of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rate as of the last actuarial valuation:

Actuarial cost method Entry Age Normal Cost Method

Amortization method 20-year amortization of unfunded liability (closed period) as a level percent of pay, using layered bases starting July 1, 2016. In prior years, 30 year amortization of unfunded liability (closed period) as a level percent of pay, using layered bases starting July 1, 2009.

Remaining amortization period Bases established between July 1, 2016 and July 1, 2020 have remaining amortization periods ranging from 14 to 20 years. Bases established between July 1, 2009 and July 1, 2015 have remaining amortization periods ranging from 16 to 22 years.

Inflation 2.75% per year.

Salary increases 4.20% to 9.10% depending on service; Rates include inflation.

Discount rate The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed the District's contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the District's fiduciary net position was projected to be available to make all projected pension payments for current and inactive employees. Therefore, the long-term expected rate of return on the District's plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Investment rate of return 6.75%, net of pension plan investment expenses, including inflation.

Retirement age Normal retirement age is attainment of age 65. Unreduced early retirement is available after either 1) 30 years of service, or 2) age 60 with 10 years of service. Reduced early retirement benefits are available after attainment of age 55 and completion of 5 years of service (3 years of service if a participant prior to January 1, 2001).

Mortality Non-Disabled Participants - Pub-2010 General tables projected generationally with Projection Scale MP-2020. Healthy annuitant rates are increased by 30% for males and 15% for females. Beneficiary rates are increased 15% for males and 30% for females. Contingent beneficiary rates are increased 30% for males and 15% for females. Disabled Participants - Pub-2010 Disabled tables projected generationally with Projection Scale MP-2020. Disabled rates are increased by 20% for males and 15% for females.

Asset valuation method 5 year phase-in of gains/losses relative to interest rate assumptions.

GASB No. 67 requires the disclosure of the money-weighted rate of return on Plan investments. The money-weighted rate of return considers the changing amounts actually invested during a period and weights the amount of pension plan investments by the proportionate amount of time they are available to earn a return during that period. External cash flows are determined on a monthly basis and are assumed to occur at the beginning of each month. The money weighted rate of return is calculated net of investment expense.

Budgetary Information

The County uses the following procedures to establish, modify, and control the budgetary data presented in the financial statements:

- a. Prior to April 15, the County Manager submits to the Nevada State Department of Taxation the tentative budget for the next fiscal year, commencing on July 1. The budget as submitted contains the proposed expenditures and means of financing them.
- b. The Nevada State Department of Taxation notifies the County of its acceptance of the budget.
- c. Public hearings are conducted on the third Monday in May.
- d. After all the changes have been noted and hearings closed, the County Commission adopts the budget on or before June 1.
- e. The County Manager is authorized to transfer budgeted amounts within functions or funds, but the County Commissioners must approve any transfers between funds or increases to a fund's original appropriated level.
- f. Increases to a fund's budget (augmentations) other than by transfers are accomplished through formal County Commission action.
- g. The General Fund and all special revenue, debt service, and capital project funds have legally adopted annual budgets.
- h. Statutory regulations require budgetary control to be exercised at the function level within the General Fund or at the fund level of all other funds. The County administratively exercises control at the budgeted item level within a department.
- i. All appropriations lapse at the end of the fiscal year. Encumbrances are reappropriated in the ensuing fiscal year.
- j. Budgets are adopted on a basis consistent with the method used to report on governmental funds that are prepared in accordance with the accounting principles generally accepted in the United States of America.
- k. Budgeted expenditure amounts for the year ended June 30, 2025, as originally adopted, were augmented during the year for grants and other County Commission action.

Reconciliation of General Fund (Budget Basis) to the General Fund (Modified Accrual Basis)

This statement reconciles the General Fund as presented for budget purposes to the presentation required under the modified accrual basis of accounting.

Methods and Assumptions Used in Calculations of Actuarially Determined Contributions

The actuarially determined contribution rates in the schedule of contributions are calculated as of June 30, 2024. The following actuarial methods and assumptions were used to determine contribution rates reported in that schedule.

Actuarial cost Method	Entry age normal
Amortization method	Effective June 30, 2022, the outstanding balance of all Regular amortization bases, except for the initial base dated June 30, 2004, were combined and re-amortized over a closed 20-year period, and the outstanding balance of all Police/Fire amortization bases, including the initial base dated June 30, 2004, were combined and re-amortized over a closed 20-year period. Any new UAAL as a result of actuarial gains or losses or a change in actuarial assumptions or methods will be amortized over 20 years. UAAL layers shall be amortized over "closed" amortization periods so that the amortization period for each layer decreases by one year with each actuarial valuation. UAAL layers shall be amortized as a level percentage of payroll.
Asset valuation method	5-year smoothed fair value
Assumed inflation rate	2.50%
Payroll growth assumption for future years	3.50% per year for regular and police/fire employees
Assumed investment rate of return	7.25% (including 2.50% for inflation)
Mortality Rates:	
Healthy: <i>Regular</i>	Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table with rates increased by 30% for males and 15% for females, projected generationally with the two-dimensional monthly improvement scale MP-2020. Major Governmental Funds

This section is intended to report the reconciliation of the major fund balance sheets and statement of revenues, expenditures, and changes in fund balance reported on a budgetary basis to the major fund balance sheet and statement of revenues, expenditures, and changes in fund balance reported on a modified accrual basis. Major funds that do not require such a reconciliation are intentionally omitted. Additionally, this section provides additional budgetary comparison schedules of the general fund.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Board of County Commissioners
and the County Manager
Clark County, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Clark County, Nevada (County) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise County's basic financial statements, and have issued our report thereon dated January 9, 2026.

Our report includes a reference to other auditors who audited the financial statements of the University Medical Center of Southern Nevada, the Clark County Water Reclamation District, the Las Vegas Valley Water District, the Big Bend Water District, the Clark County Stadium Authority, the Las Vegas Metropolitan Police Department OPEB Trust, and the Las Vegas Valley Water District Pension and OPEB Plans, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County's internal control. Accordingly, we do not express an opinion on the effectiveness of County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

APPENDIX C

SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION

The following statements are summaries of certain provisions of the Bond Resolution (sometimes referred to in this Appendix C as the “2026 Refunding Bond Resolution”). For the purposes of this summary, references to the County, where the context requires, includes the Las Vegas Convention and Visitors Authority (the “Authority”) acting on behalf of the County. Such statements do not purport to be complete and reference is made to the 2026 Refunding Bond Resolution, copies of which are on file and available for examination at the office of the Secretary of the Authority. All capitalized terms used herein without definition have the respective meanings specified in the 2026 Refunding Bond Resolution.

Certain Definitions

Certain terms used in the 2026 Refunding Bond Resolution are defined substantially as follows:

“Act” means Chapter 2, Statutes of Nevada 2016, 30th Special Session, as amended by Chapter 575, Statutes of Nevada 2017.

“Annual Principal and Interest Requirements” means the sum of the principal of and interest on the Bonds and any other Outstanding Parity Securities to be paid during any Bond Year, but excluding any reserve requirements to secure such payments unless otherwise expressly provided. In calculating this amount, any principal amount of securities required to be redeemed prior to maturity pursuant to a mandatory redemption schedule contained in the resolution, ordinance or other instrument authorizing the issuance of such securities shall be treated as maturing in the Bond Year in which such amounts are so required to be redeemed, rather than in the Bond Year in which the stated maturity of such securities occurs. In the case of any calculation of the annual principal and interest requirements to be paid in the future on any bonds with respect to which the Authority expects to receive a BAB Credit, including the 2010A Bonds, “interest” for any Bond Year shall be treated as the amount of interest to be paid by the Authority on those bonds in that Bond Year less the amount of the BAB Credit then expected to be paid by the United States with respect to interest payments on those bonds in that Bond Year and required by the ordinance or other instrument authorizing those bonds to be used to pay interest on those bonds in that Bond Year or to reimburse the Authority for amounts already used to pay interest on those bonds in that Bond Year. If the BAB Credit is not expected to be received as of the date of such a calculation, “interest” shall be the total amount of interest to be paid by the Authority on the bonds without a deduction for the credit to be paid by the United States under Section 6431 of the Tax Code. The Chief Financial Officer may certify in writing the expected amount and expected date of receipt of any BAB Credit, and that certificate shall be conclusive for purposes of the 2026 Refunding Bond Resolution.

“BAB Credit” shall have the meaning set forth in the bond resolutions authorizing the 2010A Bonds.

“Board” means the Board of County Commissioners of Clark County, Nevada, including any successor governing body of the County.

“Bond Act” means NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law.

“2026 Bond Fund” means the special account designated as the “Clark County, Nevada, General Obligation (Limited Tax) Las Vegas Convention and Visitors Authority Refunding Bonds (Additionally Secured with Pledged Revenues), Series 2026A, Pledged Revenues Interest and Principal Retirement Fund,” created in the 2026 Refunding Bond Resolution.

“2026 Bonds” means the securities issued pursuant to the 2026 Refunding Bond Resolution and designated as the “Clark County, Nevada, General Obligation (Limited Tax) Las Vegas Convention and Visitors Authority Refunding Bonds (Additionally Secured with Pledged Revenues) Series 2026A.”

“Bond Requirements” means the principal of, any prior redemption premiums due in connection with, and the interest on the Bonds and any Parity Securities hereafter issued, or such part of such securities or such other securities relating to the Facilities as may be designated, as such principal, premiums and interest become due, at maturity, pursuant to a mandatory redemption schedule, on call for optional redemption, or otherwise.

“Bonds” means the 2026 Bonds and the Existing Bonds.

“Bond Year” means the 12 months commencing on July 2 of any calendar year and ending on July 1 of the next succeeding calendar year.

“City” means any incorporated city within the County, now consisting of Boulder City, Henderson, Las Vegas, North Las Vegas and Mesquite, and “Cities” means collectively all such incorporated cities.

“City Council” means the city council of a City or any other or successor legislative body of a City, as such governing body may be from time to time constituted.

“City License Taxes” means the license tax for revenue upon hotels and motels and certain other rental businesses and also upon gaming, fixed by each City and assigned for a pledge to bonds by ordinance adopted by each City, pursuant to the City Tax Act and the Project Act and all laws supplemental thereto and includes any license taxes subsequently substituted therefor; however, with respect to Boulder City, such license taxes will not include a tax upon gaming.

“City Tax Act” means the act now cited as NRS 268.095, as amended.

“Combined Maximum Annual Principal and Interest Requirement” means the greatest of the Annual Principal and Interest Requirements to be paid during any Bond Year for the period beginning with the Bond Year in which such computation is made and ending with the Bond Year in which any Bond last becomes due at maturity or on a redemption date on which any Bond thereafter maturing is called for prior redemption.

“County License Taxes” means the license taxes for revenue upon hotels and motels and certain other rental businesses and upon gaming, fixed by the County, acting by and through the Board, and assigned for a pledge to bonds issued by the County, acting by and through

the Authority, pursuant to the County Tax Act, the Project Act and all laws supplemental thereto and includes any license taxes subsequently substituted therefor.

“County Tax Act” means the act now cited as NRS 244.335, as amended.

“Escrow Agreement” means the agreement between the Authority in the name and on behalf of the County and the Escrow Bank relating to the refunding of the Refunded Bonds.

“Escrow Bank” means The Bank of New York Mellon Trust Company, N.A. and any successors thereto.

“Existing Bonds” means the Outstanding 2010A Bonds, 2014 Bonds, 2015 Bonds, 2016 Bonds, 2017 Bonds, 2017B Bonds, 2017C Bonds, 2018 Bonds, 2018B Bonds, 2018C Bonds, 2019B Bonds, 2019C Bonds, 2019D Bonds, 2021 Bonds, 2022 Bond, 2022B Bonds, 2022C Bonds, 2023A Bonds, 2023B Bonds, 2024 Bonds and 2026 Bonds (if issued).

“Expansion License Taxes” means the license taxes for revenue of one-half of one percent of the gross receipts from the rental of transient lodging in the County upon all persons in the business of providing lodging and of one-half of one percent of the gross receipts from the rental of transient lodging in the Cities upon all persons in the business of providing lodging and assigned and pledged to bonds issued by the County, acting by and through the Authority, pursuant to the Act, the Project Act and all laws supplemental thereto and includes any license taxes subsequently substituted therefor. Pursuant to Section 59 of the Act, the proceeds of the Expansion License Taxes must be accounted for separately.

“Expansion Pledged Revenues” means (i) all the proceeds from the Expansion License Taxes and (ii) the Pledged Collection Fees. As clarification of the foregoing term (i) all investment income from any fund or account established under the 2026 Refunding Bond Resolution, shall be treated as a part of the Expansion Pledged Revenues; and (ii) with respect to the Expansion License Taxes, nothing herein shall be deemed to be an assignment or pledge of any license tax on gaming, or of license taxes other than the Expansion License Taxes assigned or pledged to the 2018 Bonds, 2018B Bonds, 2019C Bonds, 2019D Bonds, 2022B Bonds, 2022C Bonds, 2023A Bonds and 2023B Bonds.

“Facilities” means the Authority’s Las Vegas Convention Center and incidental recreational facilities under the jurisdiction of the Authority, including, without limitation, fairgrounds, auditoriums, fieldhouses, amusement halls, public parks, playgrounds, other recreational facilities, buildings therefor, improvements incidental thereto, and sites and grounds, equipment and furnishings therefor, as the same may thereafter (both heretofore and hereafter) from time to time be extended or otherwise improved, or any combination thereof.

“Federal Securities” means bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of, or obligations which are unconditionally guaranteed by, the United States.

“Fiscal Year” means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year; but if the Nevada legislature changes the statutory fiscal year relating to the Authority and the Facilities, the Fiscal Year shall conform to such modified statutory fiscal year from the time of each such modification, if any.

“Gross Revenues” means all the Facilities Revenues and all the proceeds from the License Taxes, but excluding the reasonable costs of the collection of the License Taxes not exceeding, for any collection period, an amount equal to 10% of the gross revenues collected from the License Taxes as more specifically provided in the 2026 Refunding Bond Resolution. As clarification of the foregoing term (i) all investment income from any fund or account established under the 2026 Refunding Bond Resolution, shall be treated as a part of the Gross Revenues; and (ii) with respect to the License Taxes, nothing in the 2026 Refunding Bond Resolution shall be deemed to be an assignment or pledge of any license tax on gaming, or of license taxes other than the License Taxes assigned or pledged by the Authority to the Existing Bonds by ordinances adopted by the Board and City Councils of the Cities, prior to the delivery of the 2026 Bonds.

“Income Fund” means the special account designated as the “Clark County, Nevada, Recreational Facilities and License Taxes Gross Revenues Income Fund.”

“License Taxes” means, collectively, the City License Taxes and the County License Taxes.

“Operation and Maintenance Expenses” or any phrase of similar import, means all reasonable and necessary current expenses, paid or accrued, of operating, maintaining and repairing the Facilities or of any other designated facilities in connection with which such term is used; and the term includes, except as limited by law, without limitation, (a) engineering, auditing, reporting, legal and other overhead expenses directly related and reasonably allocable to the administration, operation and maintenance of the Facilities; (b) fidelity bond and property and liability insurance premiums relating to the Facilities, or a reasonably allocable share of a premium of any blanket bond or policy relating to the Facilities; (c) payments to pension, retirement, health and hospitalization funds, and other insurance, and to any self-insurance fund as insurance premiums not in excess of the premiums which would otherwise be required for such insurance; (d) any general taxes, assessments, excise taxes or other charges which may be lawfully imposed on the County, the Authority, the Facilities, revenues therefrom, or the income from or operations of any properties relating to the Facilities, or any privilege in connection with the Facilities or their operation; (e) the reasonable charges of any paying agent and depository relating to the Bonds and any other Parity Securities payable from the Pledged Revenues or otherwise relating to the Facilities; (f) contractual services, professional services, salaries, other administrative expenses, and costs of materials, supplies, repairs and labor, relating to the Facilities or to the issuance of the Bonds or any other securities relating to the Facilities, including, without limitation, the expenses and compensation of any trustee, receiver or other fiduciary under the Bond Act; (g) the costs incurred by the Authority in the collection, other than collection costs deducted in arriving at Gross Revenues, as provided in the 2026 Refunding Bond Resolution, and any refunds of all or any part of the Gross Revenues; (h) any costs of utility services furnished to the Facilities; (i) any lawful refunds of any Gross Revenues; (j) the procurement (except as limited in the 2026 Refunding Bond Resolution) and the administration of conventions held in the County; and (k) all other administrative, general and commercial expenses relating to the Facilities, but (i) excluding any allowance for depreciation; (ii) excluding any costs of extensions, enlargements, betterments and other improvements (or any combination thereof); (iii) excluding any reserves for major capital replacements (other than normal repairs); (iv) excluding any reserves for operation, maintenance or repair of the Facilities; (v) excluding any allowance for the redemption of any Bond or other security evidencing a loan or other obligation, or the payment of any interest thereon, or any prior redemption premium due in connection therewith; (vi) excluding any liabilities incurred in the

acquisition or improvement of any properties comprising any Project or any existing facilities (or any combination thereof) relating to the Facilities, or otherwise; (vii) excluding any costs of advertising, publicizing and promoting the Facilities; and (viii) excluding any liabilities incurred as the result of negligence in the operation of the Facilities or any other ground of legal liability not based on contract.

“Outstanding” when used with reference to the Bonds or any other designated securities and as of any particular date means all the Bonds or any such other securities payable from the Pledged Revenues or otherwise relating to the Facilities, as the case may be, in any manner theretofore and thereupon being executed and delivered: (i) except any Bond or other security canceled at or before such date; (ii) except any Bond or other security the payment of which is then due or past due and moneys fully sufficient to pay which are on deposit with the Paying Agent; (iii) except any Bond or other security for the payment or the redemption of which moneys at least equal to the Bond Requirements to the date of maturity or to any redemption date, shall have been deposited with a trust bank in escrow or in trust for that purpose, as provided in the 2026 Refunding Bond Resolution; and (iv) except any Bond or other security in lieu of or in substitution for which another Bond or other security shall have been executed and delivered pursuant to the 2026 Refunding Bond Resolution.

“Parity Bonds” or “Parity Securities” means the Outstanding 2010A Bonds, 2014 Bonds, 2015 Bonds, 2016 Bonds, 2017 Bonds, 2017B Bonds, 2017C Bonds, 2018 Bonds, 2018B Bonds, 2018C Bonds, 2019B Bonds, 2019C Bonds, 2019D Bonds, 2021 Bonds, 2022 Bond, 2022B Bonds, 2022C Bonds, 2023A Bonds, 2023B Bonds, 2024 Bonds and any additional bonds, including the 2026 Bonds, if issued, securities or other obligations which have a lien on the Pledged Revenues that is on a parity with the lien thereon of the 2026 Bonds. The 2018 Bonds, 2018B Bonds, 2019C Bonds, 2019D Bonds, 2022B Bonds, 2022C Bonds, 2023A Bonds and 2023B Bonds additionally have a lien on the Expansion Pledged Revenues. The 2026 Bonds do not have a lien on the Expansion Pledged Revenues.

“Pledged Collection Fees” means the amount of any collection fee which exceeds the amount set forth in Section 56 of the Act and which would have been paid to the collecting entity, which amount is pledged to the payment of principal and interest on bonds issued pursuant to Section 61 of the Act, including the 2026 Bonds.

“Pledged Revenues” means the Gross Revenues remaining after the payment of the Operation and Maintenance Expenses of the Facilities.

“Project” means the refunding of the Refunded Bonds and paying the costs of issuance of the 2026 Bonds.

“Project Act” means the act authorizing the organization and reorganization of a county fair and recreation board in any county in the State, including, without limitation, the Authority and the County, respectively, and the exercise by the Authority on behalf of the County of certain powers designated and relating to recreational facilities, including, without limitation, the issuance of bonds, which act is now cited as NRS 244A.597 through 244A.655, as amended.

“Refunded Bonds” means all or a portion of the 2014 Bonds and the 2018C Bonds maturing on the dates, if any, as designated in the Escrow Agreement.

“Subordinate Bonds” or “Subordinate Securities” means the bonds, securities or other obligations which have a lien on all or a portion of the Pledged Revenues that is subordinate and junior to the lien thereon of the 2026 Bonds.

Security for the 2026 Bonds

The 2026 Bonds are general obligations of the County, payable as to all debt service requirements (principal, interest, and any prior redemption premium) from general (ad valorem) taxes levied against all taxable property within the County (except to the extent any Pledged Revenues or other moneys are available therefor), subject to the limitations imposed by the Constitution and statutes of the State, and the full faith and credit of the County are pledged to the payment of the 2026 Bonds. State statutes provide that if the total general (ad valorem) taxes levied by all overlapping units against all taxable property within the County exceed the statutory limit and are, accordingly, required to be reduced, the reductions shall be made in such taxes for purposes other than the payment of the taxing units’ bonded indebtedness and for the purposes of supporting the County’s police powers. The appropriation of the proceeds of such general (ad valorem) taxes to the payment of such debt service requirements of the 2026 Bonds shall not be repealed and such general taxes shall not be postponed or diminished until the principal of and interest on the 2026 Bonds have been paid in full.

The payment of the debt service requirements of the 2026 Bonds is additionally secured by an irrevocable pledge of and a lien (but not necessarily an exclusive lien) on the Pledged Revenues on a parity with a lien thereon of the Parity Bonds.

The Authority has covenanted to prevent the Board or any City Council of any City or any governing body of any other public body in the County from permitting any trade, calling, industry, occupation, profession or business located in the County and now subject to the payment of a License Tax to avoid the payment of such tax at a later time after the issuance of any of the 2026 Bonds; and the Authority on behalf of the County has covenanted to prevent the Board or any City Council from repealing or modifying any License Taxes in any manner prejudicially and materially affecting the security or pledge for the payment of the 2026 Bonds.

Disposition of Proceeds

The proceeds of the 2026 Bonds shall be deposited into the Escrow Account and Cost of Issuance Account as described below.

First, an amount sufficient (together with any other legally available monies) to effect the Refunding Project shall be credited to the “Clark County, Nevada, General Obligation (Limited Tax) Las Vegas Convention and Visitors Authority Refunding Bonds (Additionally Secured with Pledged Revenues), Series 2026A, Escrow Account” (the “Escrow Account”) created in the 2026 Refunding Bond Resolution and to be applied as provided in the Escrow Agreement. Any remaining proceeds in the Escrow Account after the payment in full of the Refunded Bonds shall be deposited in the 2026 Bond Fund to the payment of principal or interest on the 2026 Bonds when due.

Second, there shall be credited to an account created in the 2026 Refunding Bond Resolution and designated the “Clark County, Nevada, General Obligation (Limited Tax) Las Vegas Convention and Visitors Authority Refunding Bonds (Additionally Secured with Pledged

Revenues), Series 2026A, Cost of Issuance Account” (the “Cost of Issuance Account”), the balance of the proceeds of the 2026 Bonds to be applied solely for the Refunding Project, including paying any costs incurred in connection with the issuance of the 2026 Bonds. The moneys in the Cost of Issuance Account, except as otherwise expressly provided in the 2026 Refunding Bond Resolution and subject to the limitations in the Project Act and the Bond Act, shall be used and paid out solely for the purpose of paying the cost of issuance of the 2026 Bonds. Any remaining proceeds in the Cost of Issuance Account shall be deposited in the 2026 Bond Fund to apply to the payment of principal or interest on the 2026 Bonds when due. Until the proceeds of the 2026 Bonds are applied as provided in the 2026 Refunding Bond Resolution, the 2026 Bond proceeds are subject to a lien thereon and pledge thereof for the benefit of the owners of the 2026 Bonds and any Parity Securities.

Escrow Account

The Escrow Account shall be maintained by the Authority in an amount at the time of the initial deposits therein and at all times subsequently at least sufficient, together with the known minimum yield to be derived from the initial investment and any temporary reinvestment of the deposits therein or any part thereof in Federal Securities, to pay the interest due in connection with the Refunded Bonds, both accrued and not accrued, as the same become due up to and including the applicable redemption date for the Refunded Bonds; and to redeem, on such date the Refunded Bonds then Outstanding in accordance with the resolutions authorizing the issuance of the Refunded Bonds.

Moneys shall be withdrawn by the Escrow Bank from the Escrow Account in sufficient amounts and at such times to permit the payment without default of interest due in connection with the Refunded Bonds, and in accordance with the provisions of the Escrow Agreement, shall cause notice of call for prior redemption of the then Outstanding Refunded Bonds to be effected. Any moneys remaining in the Escrow Account after provision shall have been made for the redemption in full of the Refunded Bonds shall be applied to the 2026 Bond Fund.

If for any reason the amount in the Escrow Account shall at any time be insufficient for its purpose, the Authority shall forthwith from the first moneys available therefor deposit in such account such additional moneys as shall be necessary to permit the payment in full of the principal, interest and any redemption premiums due in connection with the Refunded Bonds as provided in the 2026 Refunding Bond Resolution.

Flow of Funds

So long as any of the 2026 Bonds are Outstanding, as to any Bond Requirements, the entire Gross Revenues, upon their receipt from time to time, shall be set aside and credited immediately to the Gross Revenues subaccount of the Income Fund and transferred therefrom and applied in the following order of priority:

(a) From time to time into the Operation and Maintenance Fund moneys sufficient to pay Operation and Maintenance Expenses, as budgeted and approved in accordance with State budgetary procedures, as such expenses become due and payable;

(b) Monthly into the bond funds relating to the Existing Bonds, the 2026 Bonds, and into any bond funds created for the payment of debt service in the resolutions authorizing any

additional Parity Securities then Outstanding, an amount which, with other periodic installments, will be sufficient, together with any other moneys available therefor, to pay the installments of principal and interest next due on the Existing Bonds, the 2026 Bonds, and any such additional Parity Securities;

(c) From time to time into reserve funds;

(d) To pay principal, interest, and redemption premiums on additional Subordinate Securities, if any, payable from the Pledged Revenues, including reasonable reserves therefore; and

(e) From time to time into the rebate funds for the Existing Bonds, the 2026 Bonds, and any Parity Securities hereafter issued for the purpose of making rebate payments to the U.S. Government pursuant to the Tax Code.

Any Pledged Revenues remaining in the Income Fund at any time that all of the above payments in the required amounts have been made may be used for any lawful purpose or purposes relating to the Facilities and in accordance with the 2026 Refunding Bond Resolution, or otherwise, as the Authority may from time to time determine.

Parity Securities

The Bonds constitute a lien upon the Pledged Revenues on a parity with the pledges of liens on the Pledged Revenues to secure the payment of any additional Parity Securities constituting a lien on all or a portion of Gross Revenues hereafter authorized. Such additional Parity Securities (other than refunding securities) may be issued if:

(a) At the time of the adoption of the supplemental instrument authorizing the issuance of the additional Parity Securities, the Authority shall not be in default in making any payments required to be made to the certain funds designated in the 2026 Refunding Bond Resolution and described above under the caption "Flow of Funds";

(b) The Gross Revenues derived in the Fiscal Year immediately preceding the date of the issuance of such additional Parity Securities shall have been at least equal to an amount equal to the Operation and Maintenance Expenses of the Facilities for such Fiscal Year together with an amount equal to 150% of the Combined Maximum Annual Principal and Interest Requirements (to be paid during any one Bond Year commencing with the Bond Year in which the additional Parity Securities are issued and ending on the first day of July of the year in which any then Outstanding Bonds last mature) of the Outstanding Bonds and any other Outstanding Parity Securities and the Parity Securities proposed to be issued.

In making the calculations for paragraph (b) above, the Authority is required to increase Operation and Maintenance Expenses by the probable estimated increase in such expenses that will result from the construction of the facilities to be financed with such additional Parity Securities. Further, the Authority shall adjust Gross Revenues for any loss (and may adjust for any gain) conservatively estimated which results from any change in the schedule of License Taxes constituting a portion of Gross Revenues.

The Bonds constitute a lien upon the Pledged Revenues on a parity with the pledges of liens on the Pledged Revenues to secure the payment of any additional Parity Securities issued under the Act constituting a lien on all or a portion of Pledged Revenues and Expansion Pledged Revenues hereafter authorized. Such additional Parity Securities (other than refunding securities) may be issued if:

(a) At the time of the adoption of the supplemental instrument authorizing the issuance of the additional Parity Securities, the Authority shall not be in default in making any payments required to be made to the certain funds designated in the 2026 Refunding Bond Resolution and described above under the caption “Flow of Funds”;

(b) The Pledged Revenues and the Expansion Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of such additional Parity Securities shall have been at least equal to an amount equal to 150% of the Combined Maximum Annual Principal and Interest Requirements (to be paid during any one Bond Year commencing with the Bond Year in which the additional Parity Securities are issued and ending on the first day of July of the year in which any then Outstanding Bonds last mature) of the Outstanding Bonds and any other Outstanding Parity Securities and the Parity Securities proposed to be issued under the Act.

In making the calculations for paragraph (b) above, the Authority is required to increase Operation and Maintenance Expenses by the probable estimated increase in such expenses that will result from the construction of the facilities to be financed with such additional Parity Securities. Further, the Authority shall adjust Gross Revenues and Expansion Pledged Revenues for any loss (and may adjust for any gain) conservatively estimated which results from any change in the schedule of License Taxes constituting a portion of Gross Revenues and Expansion Pledged Revenues.

The 2026 Bonds, the Existing Bonds and any Outstanding Parity Securities shall not be entitled to any priority one over the other in the application of the Pledged Revenues, regardless of the time or times of the issuance of the 2026 Bonds and any other such securities.

Refunding, Superior and Subordinate Securities

The 2026 Refunding Bond Resolution provides that refunding securities may be issued only if the Bonds or other securities to be refunded at the time or times of their required surrender for payment shall then mature or be then callable for prior redemption for the purpose of refunding them at the Authority’s option upon proper call, unless the holders of all such securities consent to such surrender and payment. Except in certain events (absence of increase of principal and interest requirements, subordination of the lien of such refunding bonds, or meeting of the requirements for additional parity securities), partial refunding of an issue requires consent of the holders of the unrefunded portion of the outstanding parity securities payable from Pledged Revenues and the Expansion Pledged Revenues or any portion thereof.

Nothing in the 2026 Refunding Bond Resolution permits the County or the Authority to issue additional securities having a lien on the Pledged Revenues and Expansion Pledged Revenues superior to the lien of the Bonds; and nothing in the 2026 Refunding Bond Resolution prevents the County or the Authority from issuing Subordinate Securities.

Investments

Any moneys in any account designated in the 2026 Refunding Bond Resolution, except for the Escrow Account which shall be invested as provided in the Escrow Agreement, and not required for immediate use may be invested or reinvested by the Chief Financial Officer or the County Treasurer having jurisdiction over such moneys, as the case may be, by deposit in one or more commercial banks, as provided in the 2026 Refunding Bond Resolution, Federal Securities, or other investments permitted under State law (collectively, "Permitted Securities"). The Permitted Securities so purchased as an investment or reinvestment of moneys in any such account shall be deemed at all times to be a part of the account and held in trust therefor. Any interest or other gain in any account and any loss in any account from any investments and reinvestments in Permitted Securities shall be credited or debited, as the case may be, to the account in which the investment is held.

Reasonable and Adequate Charges

The Authority covenants in the 2026 Refunding Bond Resolution to charge against users of the Facilities rentals, fees, rates, and charges sufficient to produce Gross Revenues annually, in an amount which, together with the proceeds from License Taxes (described under "REVENUES AVAILABLE FOR DEBT SERVICE—License Taxes") and any other funds available therefor, will pay:

- (a) The Operation and Maintenance Expenses of the Facilities;
- (b) An amount equal to the sum of (i) 1.25 times the Annual Principal and Interest Requirements, as long as the 2016 Bonds are Outstanding, and otherwise 1.00 times the Annual Principal and Interest Requirements on the 2026 Bonds and any other Parity Securities or Subordinate Securities payable in the Comparable Bond Year, and (ii) any amounts required to be accumulated from the Pledged Revenues and the Expansion Pledged Revenues (to the extent such Expansion Pledged Revenues are pledged to the payment of Parity Securities or Subordinate Securities) in such Bond Year into any reserves for such securities; and
- (c) Any amounts required to meet then existing deficiencies in any account relating to the Pledged Revenues and the Expansion Pledged Revenues or any securities payable therefrom. This covenant is subject to compliance with any Federal, State or other governmental agency legislation or regulations or other action taken pursuant to that legislation in the exercise of the police or other power thereof for the public welfare, which legislation, regulation or action limits or otherwise inhibits the amounts of any such charges due for the use of any or all of the Facilities.

Operations Consultant

If the Authority defaults in paying promptly the Bond Requirements of the 2026 Bonds and any other Parity Securities or any other securities payable from the Pledged Revenues, as the same fall due, or in the keeping of any covenants contained in the 2026 Refunding Bond Resolution, and if such default continues for a period of 60 days, or if the Pledged Revenues in any Fiscal Year fail to equal at least the amount of the Bond Requirements of the 2026 Bonds, any Parity Securities and any other securities payable from the Pledged Revenues in the comparable Bond Year, the Authority shall retain a firm of competent operations consultants skilled in the

operation of such facilities to assist the management of the Facilities so long as such default continues or so long as the Pledged Revenues are less than such amount.

Maintenance and Insurance

The County, acting by and through the Authority, covenants to operate the Facilities properly and in a sound and economical manner; and the Authority shall maintain, preserve and keep the same properly or cause the same so to be maintained, preserved, and kept, with the appurtenances and every part and parcel thereof in good repair, working order and condition, and shall from time to time make or cause to be made all necessary and proper repairs, replacements and renewals so that at all times the operation of the Facilities or other activities may be properly and advantageously conducted.

The Authority shall at all times maintain fire and extended coverage insurance, workmen's compensation insurance, public liability insurance, and all such other insurance as is customarily maintained with respect to facilities of like character against loss of or damage to the Facilities and against public and other liability to the extent reasonably necessary to protect the interest of the County, the Authority and of each holder of 2026 Bonds or any other security payable from Pledged Revenues. If at any time the Authority is unable to obtain insurance to the extent provided in the 2026 Refunding Bond Resolution, it shall maintain such insurance to the extent it is reasonably obtainable. The Authority may provide self-insurance in lieu of providing the insurance described above. If any useful part of the Facilities shall be damaged or destroyed, the Authority shall, as expeditiously as possible, commence and diligently prosecute the repair or replacement of the damaged or destroyed property so as to restore the same to use. The proceeds of any such property insurance relating to the Facilities shall be payable to the Authority and, except for proceeds of any use and occupancy insurance, shall be applied to the necessary costs involved in such repair and replacement and to the extent not so applied, together with the proceeds of any such use and occupancy insurance, shall be deposited in the Income Fund as Gross Revenues. If the costs of such repair and replacement of the damaged or destroyed property exceed the proceeds of the property insurance available for payment of the same, moneys in the Income Fund shall be used to the extent necessary and available for such purposes.

Tax Covenant

The Authority covenants for the benefit of the registered owners of the 2026 Bonds that it will not take any action or omit to take any action with respect to the 2026 Bonds, the proceeds thereof, any other funds of the Authority, or any facilities financed or refinanced with the proceeds of the 2026 Bonds if such action or omission (i) would cause interest on the 2026 Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the 2026 Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b) of the Tax Code. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the 2026 Bonds until the date on which all obligations of the Authority in fulfilling the above covenant under the Tax Code have been met. The Authority makes no covenant with respect to taxation of interest on the 2026 Bonds as a result of the inclusion of that interest in the "adjusted financial statement income" of "applicable corporations" (as defined in Sections 56A and 59(k), respectively, of the Tax Code).

Continuing Disclosure Undertaking

The Authority covenants for the benefit of the Holders and the Beneficial Owners of the 2026 Bonds to comply with the provisions of the final Continuing Disclosure Certificate in substantially the form contained in the Official Statement for the 2026 Bonds, to be executed by the CEO of the Authority and delivered in connection with the delivery of the 2026 Bonds. Failure of the Authority to comply with the Continuing Disclosure Certificate shall not constitute an Event of Default hereunder or under the ordinance of the County ratifying this Resolution.

Events of Default and Remedies of Bondholders

The 2026 Refunding Bond Resolution defines “Events of Default” as follows:

(a) There is a failure to pay when due the principal of the 2026 Bonds or any prior redemption premium in connection therewith, or any installment of interest as the same becomes due and payable;

(b) The County or the Authority for any reason is rendered incapable of fulfilling its obligations under the 2026 Refunding Bond Resolution;

(c) The County or the Authority fails to perform (or in good faith to begin the performance of) all acts and things lawfully required to be carried out or to be performed by it under any contract relating to the Facilities or the Gross Revenues or otherwise (including the 2026 Refunding Bond Resolution), and such failure continues for 60 days after receipt of notice of such failure from the holders of 10% in principal amount of the Outstanding 2026 Bonds;

(d) The County, acting by and through the Authority, discontinues, unreasonably delays or fails to carry out with reasonable dispatch the reconstruction of any part of the Facilities which is destroyed or damaged;

(e) A decree is entered with the acquiescence or consent of the County and the Authority appointing a receiver for the Facilities, the Gross Revenues, or any other moneys subject to the lien to secure payment of the 2026 Bonds, or such a decree is entered without the consent or acquiescence of the County and the Authority, and is not vacated, discharged or stayed on appeal within 60 days after entry; or

(f) There is a default by the County or the Authority in the due and punctual performance of any other of the representations, covenants, conditions, agreements and other provisions contained in the 2026 Bonds or in the 2026 Refunding Bond Resolution on its part to be performed, if such default continues for 60 days after written notice specifying such default and requiring the same to be remedied is given to the County or the Authority by the holders of 10% in principal amount of the Outstanding 2026 Bonds.

Upon the happening and continuance of an Event of Default, the holders of not less than 10% in principal amount of the 2026 Bonds then Outstanding may proceed against the County, the Authority, and its agents, officers and employees to protect and enforce the rights of any holder of 2026 Bonds under the 2026 Refunding Bond Resolution by mandamus or other suit, action or special proceedings, in equity or at law, either for the appointment of a receiver or for the specific performance of any covenant or agreement contained therein or by an award of

execution of any power granted in the 2026 Refunding Bond Resolution for the enforcement of any proper legal or equitable remedy, as such holders of 2026 Bonds may deem most effectual to protect and enforce such rights, or to enjoin any act or thing which may be unlawful or in violation of any right of any holder of the 2026 Bonds, or to require the County or Authority to act as if it were the trustee of an express trust or any combination of such remedies.

Defeasance

When the principal of, any prior redemption premium, and interest on any 2026 Bond has been duly paid or provision has been made therefor in accordance with the 2026 Refunding Bond Resolution, the pledge and lien and all obligations under the 2026 Refunding Bond Resolution as to that 2026 Bond shall thereby be discharged, and that 2026 Bond shall no longer be deemed to be Outstanding within the meaning of the 2026 Refunding Bond Resolution. The Authority may provide for such payment by placing in escrow or in trust with a trust bank an amount sufficient (together with the known minimum yield available therefor from any initial investments in Federal Securities), to meet all requirements of principal, interest and any prior redemption premium as the same become due to final maturities or upon the date as of which the Authority shall have exercised or shall have obligated itself to exercise its prior redemption option by a call of the 2026 Bond for payment.

Amendment of the 2026 Refunding Bond Resolution

The 2026 Refunding Bond Resolution may be amended, changed, modified or supplemented by resolutions adopted by the Authority in accordance with the laws of the State, without receipt by the County or the Authority of any additional consideration, and without the consent of or notice to the Holders of the Bonds for the purpose of curing any ambiguity or formal defect or omission in the 2026 Refunding Bond Resolution, in connection with the issuance and delivery of Subordinate Securities payable from any portion of the Pledged Revenues, or in connection with any other change herein which, in the opinion of bond counsel, is not to the prejudice of the insurer of the Bonds, if any, and the Holders of the Bonds then Outstanding; or in connection with any other amendment, with the written consent of the insurer of the 2026 Bonds, if any, or the Holders of a majority in aggregate principal amount of the 2026 Bonds authorized by this Resolution and Outstanding at the time of the adoption of the amendatory or supplemental resolution.

APPENDIX D

BOOK-ENTRY ONLY SYSTEM

DTC will act as securities depository for the 2026A Bonds. The 2026A Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2026A Bond certificate will be issued for each maturity of the 2026A Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of 2026A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2026A Bonds on DTC's records. The ownership interest of each actual purchaser of each 2026A Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2026A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in 2026A Bonds, except in the event that use of the book-entry system for the 2026A Bonds is discontinued.

To facilitate subsequent transfers, all 2026A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2026A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not

effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2026A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2026A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2026A Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2026A Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2026A Bond documents. For example, Beneficial Owners of 2026A Bonds may wish to ascertain that the nominee holding the 2026A Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the 2026A Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2026A Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts 2026A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption proceeds on the 2026A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or the Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest or redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the 2026A Bonds at any time by giving reasonable notice to the Authority or the Registrar and Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, 2026A Bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, 2026A Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Authority believes to be reliable, but the Authority takes no responsibility for the accuracy thereof.

FORMS OF CONTINUING DISCLOSURE CERTIFICATES

FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE COUNTY

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by Clark County, Nevada (the “County”) in connection with the issuance of the County’s General Obligation (Limited Tax) Las Vegas Convention and Visitors Authority Refunding Bonds (Additionally Secured with Pledged Revenues), Series 2026A, in the aggregate principal amount of \$81,775,000 (the “Bonds”). The Bonds are being issued pursuant to the bond resolution of the Las Vegas Convention and Visitors Authority adopted February 10, 2026 (the “Resolution”). The Resolution is ratified by ordinance of the County adopted on February 17, 2026. The County covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the County for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission (the “SEC”).

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution or parenthetically defined herein, which apply to any capitalized terms used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the County pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Dissemination Agent” shall mean, initially, the County, or any successor Dissemination Agent designated in writing by the County and which has filed with the County a written acceptance of such designation.

“Financial Obligation” shall mean a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) guarantee of (i) or (ii). The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board in compliance with the Rule.

“Material Events” shall mean any of the events listed in Section 5 of this Disclosure Certificate.

“MSRB” shall mean the Municipal Securities Rulemaking Board. The MSRB’s required method of filing is electronically via its Electronic Municipal Market Access (EMMA) system available on the Internet at <http://emma.msrb.org>.

“Participating Underwriter” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with an offering of the Bonds.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports.

(a) The County shall, or shall cause the Dissemination Agent to, not later than nine (9) months following the end of the County’s fiscal year of each year, commencing nine (9) months following the end of the County’s fiscal year ending June 30, 2026, provide to the MSRB in an electronic format as prescribed by the MSRB, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. Not later than five (5) business days prior to said date, the County shall provide the Annual Report to the Dissemination Agent (if other than the County). The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the County may be submitted separately from the balance of the Annual Report.

(b) If the County is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the County shall send or cause to be sent a notice in substantially the form attached as Exhibit A to the MSRB.

(c) The Dissemination Agent shall:

(i) determine each year prior to the date for providing the Annual Report the appropriate electronic format prescribed by the MSRB;

(ii) if the Dissemination Agent is other than the County, send written notice to the County at least 45 days prior to the date the Annual Report is due stating that the Annual Report is due as provided in Section 3(a) hereof; and

(iii) if the Dissemination Agent is other than the County, file a report with the County certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and listing all the entities to which it was provided.

SECTION 4. Content of Annual Reports. The County’s Annual Report shall contain or incorporate by reference the following:

(a) A copy of its annual financial statements prepared in accordance with generally accepted accounting principles audited by a firm of certified public accountants. If audited annual financial statements are not available by the time specified in Section 3(a) above, unaudited financial statements will be provided as part of the Annual Report and audited financial statements will be provided when and if available.

(b) An update of the type of information identified in Exhibit B hereto, which is contained in the tables in the Official Statement with respect to the Bonds (excluding projections, forecasts and budgeted information which are not required to be updated).

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the County or related public entities, which

are available to the public on the MSRB's Internet Web Site or filed with the SEC. The County shall clearly identify each such document incorporated by reference.

SECTION 5. Reporting of Material Events. The County shall provide or cause to be provided, in a timely manner not in excess of 10 business days after the occurrence of the event, notice of any of the following events with respect to the Bonds:

- a. Principal and interest payment delinquencies;
- b. Non-payment related defaults, *if material*;
- c. Unscheduled draws on debt service reserves reflecting financial difficulties;
- d. Unscheduled draws on credit enhancements reflecting financial difficulties;
- e. Substitution of credit or liquidity providers or their failure to perform;
- f. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other events affecting the tax status of the Bonds;
- g. Modifications to rights of bondholders, *if material*;
- h. Bond calls, *if material*, and tender offers;
- i. Defeasances;
- j. Release, substitution or sale of property securing repayment of the Bonds,
if material;
- k. Rating changes;
- l. Bankruptcy, insolvency, receivership or similar event of the obligated
person;*

* For the purposes of the event identified in subparagraph (b)(5)(i)(C)(12), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and official or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

m. The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

n. Appointment of a successor or additional trustee or the change of name of a trustee, if material;

o. Incurrence of a Financial Obligation of the obligated person, if material, or an agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and

p. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of an obligated person, any of which reflect financial difficulties.

SECTION 6. Format; Identifying Information. All documents provided to the MSRB pursuant to this Disclosure Certificate shall be in the format prescribed by the MSRB and accompanied by identifying information as prescribed by the MSRB.

As of the date of this Disclosure Certificate, all documents submitted to the MSRB must be in portable document format (PDF) files configured to permit documents to be saved, viewed, printed and retransmitted by electronic means. In addition, such PDF files must be word-searchable, provided that diagrams, images and other non-textual elements are not required to be word-searchable.

SECTION 7. Termination of Reporting Obligation. The County's obligations under this Disclosure Certificate shall terminate upon the earliest of: (i) the date of legal defeasance, prior redemption or payment in full of all of the Bonds; (ii) the date that the County shall no longer constitute an "obligated person" within the meaning of the Rule; or (iii) the date on which those portions of the Rule which require this written undertaking are held to be invalid by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Bonds.

SECTION 8. Dissemination Agent. The County may, from time to time, appoint or engage a Dissemination Agent to assist the County in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

SECTION 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the County may amend this Disclosure Certificate, and may waive any provision of this Disclosure Certificate, without the consent of the holders and beneficial owners of the Bonds, if such amendment or waiver does not, in and of itself, cause the undertakings herein (or action of any Participating Underwriter in reliance on the undertakings herein) to violate the Rule, but taking into account any subsequent change in or official interpretation of the Rule. The County will provide notice of such amendment or waiver to the MSRB.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the County from disseminating any other information, using the means of

dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Material Event, in addition to that which is required by this Disclosure Certificate. If the County chooses to include any information in any Annual Report or notice of occurrence of a Material Event in addition to that which is specifically required by this Disclosure Certificate, the County shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Material Event.

SECTION 11. Default. In the event of a failure of the County to comply with any provision of this Disclosure Certificate, any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the County to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the County to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the County, the Dissemination Agent, the Participating Underwriter, and the holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE AUTHORITY

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by Las Vegas Convention and Visitors Authority (the “Authority”) on behalf of Clark County, Nevada (the “County”) in connection with the issuance of the County’s General Obligation (Limited Tax) Las Vegas Convention and Visitors Authority Refunding Bonds (Additionally Secured with Pledged Revenues), Series 2026A, in the aggregate principal amount of \$81,775,000 (the “Bonds”). The Bonds are being issued pursuant to the bond resolution of the Authority adopted February 10, 2026 (the “Resolution”). The Resolution is ratified by ordinance of the County adopted on February 17, 2026. The Authority covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the Authority for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission (the “SEC”).

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution or parenthetically defined herein, which apply to any capitalized terms used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the Authority pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Dissemination Agent” shall mean, initially, the Authority, or any successor Dissemination Agent designated in writing by the Authority and which has filed with the Authority a written acceptance of such designation.

“Financial Obligation” shall mean a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) guarantee of (i) or (ii). The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board in compliance with the Rule.

“Material Events” shall mean any of the events listed in Section 5 of this Disclosure Certificate.

“MSRB” shall mean the Municipal Securities Rulemaking Board. The MSRB’s required method of filing is electronically via its Electronic Municipal Market Access (EMMA) system available on the Internet at <http://emma.msrb.org>.

“Participating Underwriter” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with an offering of the Bonds.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports.

(a) The Authority shall, or shall cause the Dissemination Agent to, not later than nine (9) months following the end of the Authority's fiscal year of each year, commencing nine (9) months following the end of the Authority's fiscal year ending June 30, 2026, provide to the MSRB in an electronic format as prescribed by the MSRB, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. Not later than five (5) business days prior to said date, the Authority shall provide the Annual Report to the Dissemination Agent (if other than the Authority). The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the Authority may be submitted separately from the balance of the Annual Report.

(b) If the Authority is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the Authority shall send or cause to be sent a notice in substantially the form attached as Exhibit A to the MSRB.

(c) The Dissemination Agent shall:

(i) determine each year prior to the date for providing the Annual Report the appropriate electronic format prescribed by the MSRB;

(ii) if the Dissemination Agent is other than the Authority, send written notice to the Authority at least 45 days prior to the date the Annual Report is due stating that the Annual Report is due as provided in Section 3(a) hereof; and

(iii) if the Dissemination Agent is other than the Authority, file a report with the Authority certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and listing all the entities to which it was provided.

SECTION 4. Content of Annual Reports. The Authority's Annual Report shall contain or incorporate by reference the following:

(a) A copy of its annual financial statements prepared in accordance with generally accepted accounting principles audited by a firm of certified public accountants. If audited annual financial statements are not available by the time specified in Section 3(a) above, unaudited financial statements will be provided as part of the Annual Report and audited financial statements will be provided when and if available.

(b) An update of the type of information identified in Exhibit B hereto, which is contained in the tables in the Official Statement with respect to the Bonds (excluding projections, forecasts and budgeted information which are not required to be updated).

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the Authority or related public entities, which are available to the public on the MSRB's Internet Web Site or filed with the SEC. The Authority shall clearly identify each such document incorporated by reference.

SECTION 5. Reporting of Material Events. The Authority shall provide or cause to be provided, in a timely manner not in excess of 10 business days after the occurrence of the event, notice of any of the following events with respect to the Bonds:

- a. Principal and interest payment delinquencies;
- b. Non-payment related defaults, *if material*;
- c. Unscheduled draws on debt service reserves reflecting financial difficulties;
- d. Unscheduled draws on credit enhancements reflecting financial difficulties;
- e. Substitution of credit or liquidity providers or their failure to perform;
- f. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other events affecting the tax status of the Bonds;
- g. Modifications to rights of bondholders, *if material*;
- h. Bond calls, *if material*, and tender offers;
- i. Defeasances;
- j. Release, substitution or sale of property securing repayment of the Bonds,
if material;
- k. Rating changes;
- l. Bankruptcy, insolvency, receivership or similar event of the obligated
person;*
- m. The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, *if material*;
- n. Appointment of a successor or additional trustee or the change of name of a trustee, *if material*;

* For the purposes of the event identified in subparagraph (b)(5)(i)(C)(12), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and official or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

o. Incurrence of a Financial Obligation of the obligated person, if material, or an agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and

p. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of an obligated person, any of which reflect financial difficulties.

SECTION 6. Format; Identifying Information. All documents provided to the MSRB pursuant to this Disclosure Certificate shall be in the format prescribed by the MSRB and accompanied by identifying information as prescribed by the MSRB.

As of the date of this Disclosure Certificate, all documents submitted to the MSRB must be in portable document format (PDF) files configured to permit documents to be saved, viewed, printed and retransmitted by electronic means. In addition, such PDF files must be word-searchable, provided that diagrams, images and other non-textual elements are not required to be word-searchable.

SECTION 7. Termination of Reporting Obligation. The Authority's obligations under this Disclosure Certificate shall terminate upon the earliest of: (i) the date of legal defeasance, prior redemption or payment in full of all of the Bonds; (ii) the date that the Authority shall no longer constitute an "obligated person" within the meaning of the Rule; or (iii) the date on which those portions of the Rule which require this written undertaking are held to be invalid by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Bonds.

SECTION 8. Dissemination Agent. The Authority may, from time to time, appoint or engage a Dissemination Agent to assist the Authority in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

SECTION 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Authority may amend this Disclosure Certificate, and may waive any provision of this Disclosure Certificate, without the consent of the holders and beneficial owners of the Bonds, if such amendment or waiver does not, in and of itself, cause the undertakings herein (or action of any Participating Underwriter in reliance on the undertakings herein) to violate the Rule, but taking into account any subsequent change in or official interpretation of the Rule. The Authority will provide notice of such amendment or waiver to the MSRB.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Authority from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Material Event, in addition to that which is required by this Disclosure Certificate. If the Authority chooses to include any information in any Annual Report or notice of occurrence of a Material Event in addition to that which is specifically required by this Disclosure Certificate, the Authority shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Material Event.

SECTION 11. Default. In the event of a failure of the Authority to comply with any provision of this Disclosure Certificate, any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Authority to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the Authority to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Authority, the Dissemination Agent, the Participating Underwriter, and the holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX F

FORM OF APPROVING OPINION OF BOND COUNSEL

March 24, 2026

Clark County, Nevada
500 S. Grand Central Parkway
Las Vegas, Nevada 89106

Las Vegas Convention and Visitors Authority
3150 Paradise Road
Las Vegas, Nevada 89109

\$81,775,000
Clark County, Nevada
General Obligation (Limited Tax)
Las Vegas Convention and Visitors Authority
Refunding Bonds
(Additionally Secured with Pledged Revenues)
Series 2026A

Ladies and Gentlemen:

We have acted as bond counsel to the Las Vegas Convention and Visitors Authority (the “Authority”) and Clark County (the “County”), Nevada (the “State”), in connection with the issuance of the “Clark County, Nevada, General Obligation (Limited Tax) Las Vegas Convention and Visitors Authority Refunding Bonds (Additionally Secured with Pledged Revenues), Series 2026A” in the aggregate principal amount of \$81,775,000 (the “Bonds”) pursuant to an authorizing resolution of the Board of Directors of the Authority adopted on February 10, 2026, ratified by ordinance of the Board of County Commissioners of the County on February 17, 2026 (collectively, the “Bond Resolution”). In such capacity, we have examined the Authority’s and the County’s certified proceedings and such other documents and such law of the State and of the United States of America as we have deemed necessary to render this opinion letter. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Bond Resolution.

Regarding questions of fact material to our opinions, we have relied upon the Authority’s and the County’s certified proceedings and other representations and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon such examination, it is our opinion as bond counsel that:

1. The Bonds constitute valid and binding limited tax general obligations of the County.
2. All of the taxable property in the County is subject to the levy of annual general (ad valorem) taxes to pay the Bonds, subject to the limitations imposed by the Constitution and laws of the State.

3. As provided in the Bond Resolution and in accordance with the provisions of NRS 361.463, taxes levied for the payment of the bonded indebtedness (including the Bonds) of all overlapping units within the boundaries of the County (i.e., the State, the County, and any other political subdivision therein) and for the payment of interest on such indebtedness enjoy a priority over taxes levied by each such unit (including, without limitation, the State and the County) for all other purposes (subject to any exception implied by law for the exercise of the police power) where reduction is necessary in order to comply with NRS 361.453.

4. The Bonds are additionally secured by and payable from the Pledged Revenues. The Bond Resolution creates a valid lien on the Pledged Revenues pledged therein for the security of the Bonds on a parity with the lien thereon securing the Existing Bonds and any Parity Securities hereafter issued. The Bond Resolution also creates a valid lien on the Bond Fund. Except as described in this paragraph, we express no opinion regarding the priority of the lien on the Pledged Revenues or on the Bond Fund created by the Bond Resolution.

5. Interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Tax Code"), and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b) of the Tax Code; however, to the extent such interest is included in calculating the "adjusted financial statement income" of "applicable corporations" (as defined in Sections 56A and 59(k), respectively, of the Tax Code), such interest is subject to the alternative minimum tax applicable to those corporations under Section 55(b) of the Tax Code. The opinions expressed in this paragraph assume continuous compliance with the covenants and continued accuracy of the representations contained in the Authority's and County's certified proceedings and in certain other documents and certain other certifications furnished to us.

6. Under laws of the State in effect as of the date hereof, the Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation skipping transfers imposed pursuant to Chapter 375B of NRS.

The opinions expressed in this opinion letter are subject to the following:

The obligations of the County and the Authority incurred pursuant to the Bonds and the Bond Resolution may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

In expressing the opinions above, we are relying, in part, on a report of independent certified public accountants verifying the mathematical computations of the adequacy of the maturing principal amounts of and interest on the investments and moneys included in the Escrow Account to pay all interest when due on the Refunded Bonds and the principal thereof becoming due on the prior redemption thereof or at stated maturity.

In this opinion letter rendered in our capacity as bond counsel, we are opining only upon those matters set forth herein, and we are not passing upon the accuracy, adequacy or completeness of the Official Statement or any other statements made in connection with any offer or sale of the Bonds or upon any federal or state tax consequences arising from the receipt or

accrual of interest on or the ownership or disposition of the Bonds, except those specifically addressed herein.

This opinion letter is rendered as of the date hereof and we assume no obligation to revise or supplement this opinion letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Respectfully submitted,

Income

The following two tables reflect Median Household Effective Buying Income (“EBI”) and the percentage of households by EBI Groups. EBI is defined as “money income” (defined below) less personal tax and nontax payments. “Money income” is the aggregate of wages and salaries, net farm and nonfarm self-employment income, interest, dividends, net rental and royalty income, Social Security and railroad retirement income, other retirement and disability income, public assistance income, unemployment compensation, Veterans Administration payments, alimony and child support, military family allotments, net winnings from gambling, and other periodic income. Deductions are made for personal income taxes (federal, state and local), personal contributions to social insurance (Social Security and federal retirement payroll deductions), and taxes on owner-occupied nonbusiness real estate. The resulting figure is known as “disposable” or “after-tax” income.

Gaming

General. The economy of the County (and the State) is substantially dependent upon the tourist industry, which is based on legalized casino gambling and related forms of entertainment. The following table shows a history of the gross taxable gaming revenue and total gaming taxes collected in the County and the State. Over the last five years, an average of 84.8% of the State's total gross taxable gaming revenue has been generated from Clark County.

(1) The figures shown are subject to adjustments due to amended tax filings, fines and penalties.

(2) The total of all sums received as winnings less only the total of all sums paid out as losses (before operating expenses).

(3) Cash receipts of the State from all sources relating to gaming (General Fund and other revenues) including percentage license fees, quarterly flat license fees, annual license fees, casino entertainment taxes, annual slot machine taxes, penalties, advance fees, and miscellaneous collections. A portion of collections is deposited to the State funds other than the State's General Fund.

(4) This amount includes \$118.0 million in unused tax credits pursuant to NRS 463.370(12) that were collected in fiscal year 2020 and transferred to FY 2021 at fiscal year-end. Due to the extraordinary circumstances experienced in FY 2020 (suspension of gaming operations), the amount of the transfer for FY 2021 was much larger than any other period.

(5) These amounts include unused tax credits pursuant to NRS 463.370(12) that were collected in the prior fiscal year and transferred at fiscal year-end to Counties based on the location of the gaming licensees.

Gaming Competition. Different forms of legalized gaming have been authorized by many states, as well as the tribal casinos, across the United States. Other states may authorize gaming in the future in one form or another. The different forms of gaming range from casino gaming to riverboat gambling to lotteries and internet gaming. As presently operated, lotteries offer a considerably different gaming product than that offered in Nevada. The City cannot predict the impact of legalization of state lotteries and casino gaming in other states on the economy of the County or the State.

Tourism

Tourism is an important industry in the County. Hoover Dam, Lake Mead, Mt. Charleston and other tourist attractions are in Clark County. Attractions such as the Great Basin, Grand Canyon, Yosemite, Bryce Canyon, Zion, and Death Valley National Parks are each within a short flight or day's drive of southern Nevada.

The growth of tourism in southern Nevada is reflected in the number of hotel and motel rooms available for occupancy. The area’s hotels and motels have historically experienced higher occupancy rates than those on a national level. Set forth in the table below is the Las Vegas Convention and Visitors Authority (“LVCVA”) Marketing Department’s estimate of the number of visitors to the Las Vegas Metropolitan Area since 2017.

Visitor Volume and Room Occupancy Rate Las Vegas Metropolitan Area, Nevada

2025 ⁽²⁾	38,545,700	150,300	80.3

(1) The sample size for this survey represents approximately 75% of the hotel/motel rooms available.

(2) Total visitor volume reflects a 7.5% decrease over the same time period in 2024.

Sources: LVCVA (Las Vegas data) and STR (national rate).

The LVCVA is financed with the proceeds of hotel and motel room taxes in the County and its incorporated cities. A history of the room tax revenue collected is presented in the following table.

Transportation

Clark County, through its Department of Aviation, operates an airport system comprised of Harry Reid International Airport (“LAS”) and a reliever airport in North Las Vegas. Other general aviation airports in the County include Jean Sport, Overton-Perkins Field, and Henderson Executive Airport in Henderson. Boulder City Municipal Airport, which is not owned by the County, is located in the southeastern part of Clark County.

Nearly half of all Las Vegas visitors arrive by air via LAS, making it a major driving force in the Southern Nevada economy. Clark County Department of Aviation’s long range plan focuses on building and maintaining state-of-the-art facilities, maximizing existing resources, and capitalizing on new and innovative technology. In 2021, renovations to the C Concourse were completed, creating more space and updating amenities. The COVID-19 pandemic in 2020 caused a historic decline in air travel and was the first year-over-year decline in passengers since 2010. However, in 2024 LAS set a new annual passenger record for the second consecutive year, serving 58.4 million passengers. A history of passenger statistics is set forth in the following table.

A major railroad crosses Clark County. There are nine federal highways in Nevada, two of which are part of the interstate system. Interstate 15, connecting Salt Lake City and San Diego, passes through Las Vegas and provides convenient access to the Los Angeles area. Interstate 80 connects Salt Lake City with the San Francisco Bay area and passes through the Reno-Sparks area. Several national bus lines and trucking lines serve the State.

U.S. Highways 95 and 93 are major routes north from Las Vegas, through Reno and Ely, Nevada, respectively. South of Las Vegas, U.S. 95 extends to the Mexican border, generally following the Colorado River, and U.S. 93 crosses Hoover Dam into Arizona.

Federal Activities

Operations and facilities of the Federal Government in the State have been significant, beginning with Hoover Dam in the 1930’s, an Army Air Force gunnery school (which later became Nellis Air Force Base) during World War II, and the subsequent creation of the Nevada Test Site. Currently, the following federal activities are located in the County.

Hoover Dam. Hoover Dam, operated by the Bureau of Reclamation, is a multiple-purpose development. The dam controls floods and stores water for irrigation, municipal and industrial uses, hydroelectric power generation, and recreation. Hoover Dam is still one of the world’s largest hydroelectric installations with a capacity of more than 2,000,000 kilowatts. Hoover Dam also is a major tourist attraction in the County.

Nellis Air Force Base. Nellis Air Force Base, a part of the U.S. Air Force Air Combat Command, is located adjacent to the City of Las Vegas. The base itself covers more than 14,000 acres of land, and its vast ranges provide 15,000 square miles of airspace for flying operations. The base hosts numerous military programs as well as civilian workers. It is the home base of the “Thunderbirds,” the world-famous air demonstration squadron.

Nevada National Security Site. The Nevada National Security Site (“NNSS”), previously the Nevada Test Site, was established in 1950 as the nation’s proving ground for nuclear weapons testing. In recent years, under the direction of the Department of Energy’s (DOE) Nevada Operations Office, NNSS use has diversified into many other areas such as hazardous chemical spill testing, emergency response training, conventional weapons testing, and waste management projects that can best be conducted in this remote desert area. The NNSS has been designated as an Environmental Research Park where scientists and students can conduct research on environmental issues. Located 65 miles northeast of Las Vegas, the NNSS is a massive outdoor laboratory and national experimental center. NNSS comprises 1,360 square miles, surrounded by thousands of additional acres of land withdrawn from the public domain for use as a protected wildlife range and for a military gunnery range, creating an unpopulated area of some 5,470 square miles. Federal employees and independent contractors are employed at NNSS.

Development Activity

The Nevada Development Authority (“NDA”) is a nonprofit organization dedicated to the expansion and diversification of the entire southern Nevada community. Now in its fifth decade of service, NDA’s membership is comprised of hundreds of business-oriented individuals. NDA’s primary function is to provide information to companies considering relocation as well as to firms already doing business in southern Nevada. Nevada does not have corporate or personal income tax; inheritance or gift tax; unitary franchise on income; admission’s tax; inventory tax; chain-store tax; special intangible tax; or franchise tax, which attracts many businesses to the area.

Complementing the area’s emphasis on economic diversification are the numerous business incentives unique to the State of Nevada. Competitive wage rates, an expanding labor force, low out-bound freight transportation costs to other prominent southwestern markets and a graduated schedule for payment of sales and use tax on new capital equipment combine to give business and industry an attractive advantage. The State also abates sales and use taxes on capital equipment for qualified relocating or expanding companies. Additional incentives include a customized job training program (Train Employees Now) as well as no corporate, personal or inventory taxes.

Utilities

Electric utility services are provided to the vast majority of southern Nevada residents by NV Energy (formerly Nevada Power Company, a stand-alone subsidiary of Sierra Pacific Resources) with headquarters in Las Vegas, Nevada, and natural gas is provided by Southwest Gas Corporation.

Water

The major water purveyors in Clark County are: The Big Bend Water District, Boulder City, Henderson, the Las Vegas Valley Water District (the “LVVWD”), Nellis Air Force Base, and North Las Vegas. The LVVWD provides water service to the City of Las Vegas, the unincorporated urban areas of Clark County, Jean, Mt. Charleston, Blue Diamond, and Searchlight. The Big Bend Water District serves the Town of Laughlin. In addition, the Virgin Valley Water District serves the City of Mesquite and surrounding area, and the Moapa Valley Water District serves Logandale, Overton, Moapa and Glendale.

In July 1991, a regional water entity was created for southern Nevada. This new entity, the Southern Nevada Water Authority (the “SNWA”), was established in recognition of the

need to address water on a regional basis rather than an individual purveyor basis. The members of the SNWA include the cities of Boulder City, Henderson, Las Vegas and North Las Vegas, the Big Bend Water District, Clark County Water Reclamation District, and the LVVWD. Among other things, this agency is addressing water resource management and water conservation on a regional basis; planning, managing and developing additional supplies of water for southern Nevada; and expanding and enhancing regional treatment and delivery capabilities. The LVVWD provides the management and staff for the SNWA.

The Southern Nevada Water System (the “SNWS”) is a water supply system comprised of two water treatment plants and pumping and transmission facilities with an annual delivery capacity of approximately 750 million gallons per day (mgd). Water is treated after diversion from Lake Mead and the potable product is delivered to the SNWA water purveyors. As a result of legislative action in 1995, the SNWS was transferred from the Colorado River Commission (the “CRC”) to the SNWA. The LVVWD, under a facilities and operations agreement with the SNWA, operates the SNWS for the benefit of all SNWA water purveyor member agencies.

The State’s annual consumptive use right to Colorado River water is 300,000 acre-feet. This right was established pursuant to the Colorado River Compact, various federal laws and contracts and various court decrees. Consumptive use is the amount of water withdrawn, less water that is returned to the river. The SNWA and its purveyor members’ share of the State’s annual Colorado River consumptive use right is about 276,000 acre-feet annually. The SNWA also has a contract right to unused and surplus Colorado River water when available as determined by the Secretary of the Interior.

Over the last 22 years, southern Nevada and the Colorado River Basin have been experiencing one of the worst droughts on record. Due to overconsumption of available water and decreasing reservoir levels, Nevada and other basin states have implemented various water conservation measures. The federal government has requested the seven basin states (Colorado, Wyoming, Utah, Arizona, New Mexico, Nevada and California) to submit a plan to reduce water diversions by two million to four million acre-feet per year to address current and impending shortages. All seven states have yet to agree on a plan. It should be noted that water resources availability and future actions by the basin states and the federal government impacting future water access in the City are beyond the control of the City and are accordingly subject to uncertainty and very difficult to forecast.

As part of its mission, the SNWA maintains several key planning documents, including a Water Resource Plan. These documents summarize existing resources and options that reflect current conditions. The SNWA is engaged in the development of additional in-state water resources. The development of these in-state resources will be a significant focus of the SNWA over the next decade.

Education

Clark County School District provides public education services to the residents of the County and enrolls approximately 64% of all school children in the State; it is one of the largest school districts in the United States. Higher education is provided by the College of Southern Nevada (a two-year institution), the Nevada State College in Henderson (a four-year institution) and by the University of Nevada, Las Vegas (a four-year university). All of these institutions are part of the Nevada System of Higher Education.
