

PRELIMINARY OFFICIAL STATEMENT DATED MARCH 17, 2026

**RATINGS: S&P Global Ratings “AA+”
Fitch Ratings “AA+”
See “RATINGS” herein.**

NEW ISSUE: BOOK-ENTRY-ONLY

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds (as defined below) is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. In the further opinion of Bond Counsel, interest on the Obligations is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the Obligations included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Obligations (see “TAX MATTERS” herein).

\$89,655,000*

**CITY OF LUBBOCK, TEXAS
GENERAL OBLIGATION IMPROVEMENT AND
REFUNDING BONDS, SERIES 2026**

\$11,685,000*

**CITY OF LUBBOCK, TEXAS
COMBINATION TAX AND REVENUE
CERTIFICATES OF OBLIGATION, SERIES 2026**

**Dated: April 1, 2026
(Interest accrues from the Delivery Date (defined below))**

Due: February 15, as shown on page ii

Principal of and interest on the \$89,655,000* City of Lubbock, Texas General Obligation Improvement and Refunding Bonds, Series 2026 (the “Bonds”) and the \$11,685,000* City of Lubbock, Texas Combination Tax and Revenue Certificates of Obligation, Series 2026 (the “Certificates”, and together with the Bonds, the “Obligations”) are payable to Cede & Co, which will make distribution of the amount so paid to the participating members of DTC (defined herein) for subsequent payment to the beneficial owners of the Obligations by BOKF, NA, Dallas, Texas (the “Paying Agent/Registrar”). The definitive Obligations are initially registered and delivered only to Cede & Co., the nominee of The Depository Trust Company (“DTC”), New York, New York, pursuant to the Book-Entry-Only System described herein (see “THE OBLIGATIONS – Book-Entry-Only System”). Beneficial ownership of the Obligations may be acquired in principal denominations of \$5,000 or integral multiples thereof. **No physical delivery of the Obligations will be made to the beneficial owners thereof.** The Obligations are subject to redemption prior to their scheduled maturities at the option of the City of Lubbock, Texas (the “City”) (see “THE OBLIGATIONS – Redemption Provisions”).

Interest on each series of Obligations will accrue from the date of initial delivery and will be due and payable on February 15, 2027 and each August 15 and February 15 thereafter until maturity or prior redemption. Interest on the Obligations will be computed on the basis of a 360-day year consisting of twelve 30-day months and is payable to the registered owners (initially Cede & Co.) appearing on the registration books of the Paying Agent/Registrar on the last Business Day (defined herein) of the month next preceding each interest payment date (the “Record Date”) (see “THE OBLIGATIONS – Description of the Obligations”) as further described herein.

The Bonds constitute direct obligations of the City payable from the proceeds of a continuing, direct annual ad valorem tax, levied within the limits prescribed by law, against all taxable property within the City. The Certificates constitute direct obligations of the City payable from a combination of (i) the proceeds of a continuing, direct annual ad valorem tax, levied within the limits prescribed by law, against all taxable property within the City, and (ii) a pledge of surplus net revenues of the City’s Water and Wastewater System, not to exceed \$1,000.

The Bonds are issued pursuant to the Constitution and general laws of the State of Texas, particularly Chapters 1207, 1331 and 1371, Texas Government Code, as amended, an election held in the City on November 8, 2022, an election held in the City on November 5, 2024, the City’s Home Rule Charter (the “Charter”) and an ordinance adopted by the City Council on March 10, 2026, authorizing the issuance of the Bonds (the “Bond Ordinance”). The Certificates are issued pursuant to the Constitution and general laws of the State of Texas, particularly Subchapter C of Chapter 271, Texas Local Government Code, as amended, Chapter 1371, Texas Government Code, as amended, the Charter and an ordinance adopted by the City Council on March 10, 2026, authorizing the issuance of the Certificates (the “Certificate Ordinance”, and together with the Bond Ordinance, the “Ordinances”). In each the Bond Ordinance and the Certificate Ordinance, the City Council delegated to each of the Mayor, the City Manager and the Chief Financial Officer of the City (each, an “Authorized Officer”) the authority to effect the sale of the Obligations by the execution of a pricing certificate for each series of Obligations evidencing the final terms of each series of Obligations (each, a “Pricing Certificate”). The Bond Ordinance, the Certificate Ordinance, and the Pricing Certificate for each series are collectively referred to herein as the “Ordinances”.

The Obligations are offered when, as and if issued, subject to the approving opinions of the Attorney General of the State of Texas and the opinions of Orrick, Herrington & Sutcliffe LLP, Austin, Texas, Bond Counsel. Certain legal matters will be passed upon for the underwriters named below (the “Underwriters”) by their counsel, McCall, Parkhurst & Horton L.L.P., Dallas and San Antonio, Texas (see “LEGAL MATTERS”). Initial delivery of the Obligations through the facilities of DTC is expected to occur on or about April 22, 2026 (the “Delivery Date”).

(Interest to accrue from Delivery Date)

Optional Redemption*... The Obligations of each series maturing on and after February 15, 2037, are subject to redemption at the option of the City, on February 15, 2036, or any date thereafter, at the par value thereof plus accrued interest to the date of redemption (see “THE OBLIGATIONS – Redemption Provisions”).

Concurrent Offerings... While the Bonds and the Certificates are being offered under a common Official Statement, the Bonds and the Certificates are separate and distinct securities offerings and each such offering is being issued and sold separate and apart from the other offering and should be reviewed and analyzed independently, including, among other matters, the kind and type of obligations being offered, their terms for payment, the security for their payment (see “THE OBLIGATIONS – Security and Source of Payment”) and the rights of the respective holders.

Additionally, the Obligations are being offered by the City concurrently with the City’s Water and Wastewater System Revenue Improvement and Refunding Bonds, Series 2026 (the “W&WW Bonds”) but pursuant to a separate offering document. Such separate offering document should be reviewed and analyzed independently, including, without limitation, the type of obligation being offered, its terms for payment, the security for its payment, the treatment of interest for federal income tax purposes, and the rights of the holders. Initial delivery of the W&WW Bonds through the facilities of DTC is expected to occur on or about April 22, 2026.

* Preliminary, subject to change.

^(a) The initial offering yields will be established by and are the sole responsibility of the Underwriters and may subsequently be changed.

^(b) CUSIP is a registered trademark of the American Bankers Association. CUSIP data herein is provided by CUSIP Global Services (“CGS”), managed on behalf of the American Bankers Association by FactSet Research Systems Inc. This data is included solely for the convenience of the registered owners of each series of the Obligations, is not intended to create a database and does not serve in any way as a substitute for the services provided by CGS. The City, the Municipal Advisor, and the Underwriters are not responsible for the selection or correctness of the CUSIP numbers set forth herein.

USE OF INFORMATION IN OFFICIAL STATEMENT

For purposes of compliance with Rule 15c2-12 of the United States Securities and Exchange Commission (“Rule 15c2-12”), this document may be treated as an Official Statement of the City with respect to the Obligations described herein that has been “deemed final” by the City as of its date except for the omission of no more than the information permitted by Rule 15c2-12.

No dealer, broker, salesman or other person has been authorized by the City to give any information or to make any representation other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by the City.

This Official Statement is not to be used in an offer to sell or the solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions or matters of opinion or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the condition of the City or other matters described herein since the date hereof. See “CONTINUING DISCLOSURE OF INFORMATION” for a description of the City’s undertaking to provide certain information on a continuing basis.

The information set forth or included in this Official Statement has been provided by the City and by other sources believed by the City to be reliable. None of the City, its Municipal Advisor, or the Underwriters make any representation or warranty with respect to the information contained in this Official Statement regarding DTC or its book-entry-only system herein, as such information has been provided by DTC.

IN CONNECTION WITH THE OFFERING OF THE OBLIGATIONS, THE UNDERWRITERS MAY OVER ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICES OF THE OBLIGATIONS AT A LEVEL ABOVE THAT WHICH MIGHT PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

The Underwriters have provided the following sentence for inclusion in this Official Statement. The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their respective responsibilities to investors under federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

THE COVER PAGE CONTAINS CERTAIN INFORMATION FOR GENERAL REFERENCE ONLY AND IS NOT INTENDED AS A SUMMARY OF THESE OFFERINGS. INVESTORS SHOULD READ THIS ENTIRE OFFICIAL STATEMENT, INCLUDING THE ATTACHED SCHEDULE AND APPENDICES, TO OBTAIN INFORMATION ESSENTIAL TO MAKING AN INFORMED INVESTMENT DECISION.

THE OBLIGATIONS HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, IN RELIANCE UPON EXEMPTIONS CONTAINED IN SUCH ACT. THE REGISTRATION OR QUALIFICATION OF THE OBLIGATIONS IN ACCORDANCE WITH APPLICABLE PROVISIONS OF SECURITIES LAW OF THE STATES IN WHICH THE OBLIGATIONS HAVE BEEN REGISTERED OR QUALIFIED AND THE EXEMPTION FROM REGISTRATION OR QUALIFICATION IN OTHER STATES CANNOT BE REGARDED AS A RECOMMENDATION THEREOF.

THIS OFFICIAL STATEMENT CONTAINS “FORWARD-LOOKING” STATEMENTS WITHIN THE MEANING OF SECTION 21E OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED. SUCH STATEMENTS MAY INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE THE ACTUAL RESULTS, PERFORMANCE AND ACHIEVEMENTS TO BE DIFFERENT FROM FUTURE RESULTS, PERFORMANCE AND ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. INVESTORS ARE CAUTIONED THAT THE ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE SET FORTH IN THE FORWARD-LOOKING STATEMENTS. SEE “FORWARD-LOOKING STATEMENTS.”

OFFICIAL STATEMENT SUMMARY

This summary is subject in all respects to the more complete information and definitions contained or incorporated in this Official Statement. The offering of the Obligations to potential investors is made only by means of this entire Official Statement. No person is authorized to detach this summary from this Official Statement or to otherwise use it without the entire Official Statement.

THE CITY The City of Lubbock, Texas (the “City”) is a political subdivision and municipal corporation of the State of Texas, located in Lubbock County, Texas. The City covers approximately 145.9 square miles and has a current estimated population of 272,782 (see “DESCRIPTION OF THE CITY”).

THE BONDS..... The City’s \$89,655,000* General Obligation Improvement and Refunding Bonds, Series 2026 (the “Bonds”) are dated April 1, 2026 and mature on February 15 in each of the years 2027 through 2046*, inclusive, as shown on page ii. Interest on the Bonds accrues from the date of initial delivery (the “Delivery Date”) and will be payable on February 15, 2027 and each August 15 and February 15 thereafter until maturity or prior redemption (see “THE OBLIGATIONS – Description of the Obligations”). The Bonds constitute direct obligations of the City payable from the proceeds of a continuing, direct annual ad valorem tax, levied within the limits prescribed by law, against all taxable property within the City.

THE CERTIFICATES The City’s \$11,685,000* Combination Tax and Revenue Certificates of Obligation, Series 2026 (the “Certificates”) are dated April 1, 2026 and mature on February 15 in each of the years 2027 through 2046* inclusive, as shown on page ii. Interest on the Certificates accrues from the Delivery Date and will be payable on February 15, 2027 and each August 15 and February 15 thereafter until maturity or prior redemption (see “THE OBLIGATIONS – Description of the Obligations”). The Certificates constitute direct obligations of the City payable from a combination of (i) the proceeds of a continuing, direct annual ad valorem tax, levied within the limits prescribed by law, against all taxable property within the City, and (ii) a pledge of surplus net revenues of the City’s Water and Wastewater System, not to exceed \$1,000.

AUTHORITY

FOR ISSUANCE The Bonds are issued pursuant to the Constitution and general laws of the State of Texas, particularly Chapters 1207, 1331 and 1371, Texas Government Code, as amended, the City’s Home Rule Charter (the “Charter”), an election held in the City on November 8, 2022, an election held in the City on November 5, 2024, and an ordinance adopted by the City Council on March 10, 2026 authorizing the issuance of the Bonds (the “Bond Ordinance”). The Certificates are issued pursuant to the Constitution and general laws of the State of Texas, particularly Subchapter C of Chapter 271, Texas Local Government Code, as amended, Chapter 1371, Texas Government Code, as amended, the Charter, and an ordinance adopted by the City Council on March 10, 2026, authorizing the issuance of the Certificates (the “Certificate Ordinance” and together with the Bond Ordinance, the “Ordinances”). In each of the Bond Ordinance and the Certificate Ordinance, the City Council delegated to each of the Mayor, the City Manager and the Chief Financial Officer of the City (each, an “Authorized Officer”) the authority to effect the sale of the Obligations by the execution of a pricing certificate for each series of Obligations evidencing the final terms of each series of Obligations (each, a “Pricing Certificate”). The Bond Ordinance, the Certificate Ordinance, and the Pricing Certificate for each series are collectively referred to herein as the “Ordinances”.

USE OF PROCEEDS..... Proceeds from the sale of the Bonds will be used for (i) the acquisition, construction and reconstruction of City street improvements, including but not limited to sidewalks, utility line relocation and traffic signalization, necessary and related storm drainage facilities and the acquisition of land and rights-of-way therefor (ii) refunding certain outstanding obligations of the City (the “Refunded Obligations”) for the purpose of achieving debt service savings (see “SCHEDULE I – SCHEDULE OF REFUNDED OBLIGATIONS”) and (iii) payment of costs of issuance of the Bonds and refunding the Refunded Obligations (see “PLAN OF FINANCE”).

Proceeds from the sale of the Certificates will be used for (i) the acquisition, construction and reconstruction of City street improvements, including but not limited to sidewalks, utility line relocation and traffic signalization, necessary and related storm drainage facilities and the acquisition of land and rights-of-way therefor and (ii) payment of costs of issuance of the Certificates (see “PLAN OF FINANCE”).

REDEMPTION

PROVISIONS* The City reserves the right, at its option, to redeem Obligations of either series having stated maturities on and after February 15, 2037, in whole or in part, in principal amounts of \$5,000 or any integral multiple thereof, on February 15, 2036, or any date thereafter, at the par value thereof plus accrued interest to the date of redemption. In the event the Underwriters elect to combine two or more consecutive serial maturities of a series of Obligations into one or more term Obligations, the Obligations will be subject to mandatory sinking fund redemption (see “THE OBLIGATIONS – Redemption Provisions”).

* Preliminary, subject to change.

RATINGS The Obligations are rated “AA+” by S&P Global Ratings, a division of S&P Global Inc. and “AA+” by Fitch Ratings, Inc. (see “RATINGS”).

TAX MATTERS..... In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Obligations is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. In the further opinion of Bond Counsel, interest on the Obligations is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the Obligations included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Obligations (see “TAX MATTERS” herein).

BOOK-ENTRY-ONLY

SYSTEM The definitive Obligations will be initially registered and delivered only to Cede & Co., the nominee of DTC pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Obligations may be acquired in principal denominations of \$5,000 or integral multiples thereof within a stated maturity. No physical delivery of the Obligations will be made to the beneficial owners thereof. Principal of, premium, if any, and interest on the Obligations will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the beneficial owners of the Obligations (see “THE OBLIGATIONS – Book-Entry-Only System”).

CONTINUING DISCLOSURE

OF INFORMATION..... Pursuant to the Ordinances, the City is obligated to provide certain updated financial information and operating data annually, and timely notice of certain specified events to the Municipal Securities Rulemaking Board (the “MSRB”). Investors will be able to access continuing disclosure information filed with the MSRB free of charge at www.emma.msrb.org (see “CONTINUING DISCLOSURE OF INFORMATION”).

PAYMENT RECORD The City has never defaulted in the payment of its ad valorem tax-supported debt.

LEGAL OPINION Delivery of each series of the Obligations is subject to the approval by the Attorney General of the State of Texas and the rendering of opinions as to legality by Orrick, Herrington & Sutcliffe LLP, Austin, Texas, Bond Counsel.

DELIVERY..... Initial delivery of each series of the Obligations through the facilities of DTC is expected to occur on or about April 22, 2026.

CONCURRENT

OFFERINGS While the Bonds and the Certificates are being offered under a common Official Statement, the Bonds and the Certificates are separate and distinct securities offerings and each such offering is being issued and sold separate and apart from the other offering and should be reviewed and analyzed independently, including, among other matters, the kind and type of obligations being offered, their terms for payment, the security for their payment (see “THE OBLIGATIONS – Security and Source of Payment”) and the rights of the respective holders.

Additionally, the Obligations are being offered by the City concurrently with the City’s Water and Wastewater System Revenue Improvement and Refunding Bonds, Series 2026 (the “W&WW Bonds”) but pursuant to a separate offering document. Such separate offering document should be reviewed and analyzed independently, including, without limitation, the type of obligation being offered, its terms for payment, the security for its payment, the treatment of interest for federal income tax purposes, and the rights of the holders. Initial delivery of the W&WW Bonds through the facilities of DTC is expected to occur on or about April 22, 2026.

CITY OF LUBBOCK, TEXAS
COMBINATION TAX AND REVENUE
CERTIFICATES OF OBLIGATION, SERIES 2026

INTRODUCTION

This Official Statement, which includes the Schedule I and Appendices hereto, provides certain information regarding the issuance by the City of Lubbock, Texas (the “City”) of its \$89,655,000* City of Lubbock, Texas General Obligation Improvement and Refunding Bonds, Series 2026 (the “Bonds”) and its \$11,685,000* Combination Tax and Revenue Certificates of Obligation, Series 2026 (the “Certificates”, and together with the Bonds, the “Obligations”). Capitalized terms used in this Official Statement have the same meanings assigned to such terms in the Ordinances (as defined herein) authorizing the issuance of the Obligations, except as otherwise indicated herein.

All financial and other information presented in this Official Statement has been provided by the City from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts from taxes and other sources, is intended to show recent historic information and is not intended to indicate future or continuing trends in the financial position or other affairs of the City. No representation is made that past experience, as is shown by that financial and other information, will necessarily continue or be repeated in the future (see “FORWARD-LOOKING STATEMENTS”).

References to web site addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader’s convenience. Unless specified otherwise, such web sites and the information or links contained therein are not incorporated into, and are not part of, this Official Statement.

There follows in this Official Statement descriptions of the Obligations and certain information regarding the City and its finances. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained from the City’s Municipal Advisor, RBC Capital Markets, LLC, Dallas, Texas.

DESCRIPTION OF THE CITY

The City is a political subdivision and municipal corporation of the State of Texas (the “State”), duly organized and existing under the laws of the State, including the City’s Home Rule Charter. The City was incorporated in 1909, and first adopted its Home Rule Charter in 1917. The City operates under a Council/Manager form of government with a City Council comprised of the Mayor and six council members. The Mayor is elected at-large for a two-year term ending in an even-numbered year. Each of the six members of the City Council is elected from a single-member district for a four-year term of office. The terms of three members of the City Council expire in each even-numbered year. The City Manager is the chief administrative officer for the City. The City provides a full range of municipal services, including public safety (police and fire protection), street paving and maintenance, traffic engineering, electric, water and sanitary sewer utilities, airport, sanitation and solid waste disposal, health and social services, culture-recreation, public transportation, public improvements, planning and zoning, and general administrative services. The 2020 Census population for the City was 257,615 and the current estimated population is 272,782. The City covers approximately 145.9 square miles.

PLAN OF FINANCE

Purpose

Proceeds from the sale of the Bonds will be used for (i) the acquisition, construction and reconstruction of City street improvements, including but not limited to sidewalks, utility line relocation and traffic signalization, necessary and related storm drainage facilities and the acquisition of land and rights-of-way therefor (ii) refunding certain outstanding obligations of the City (the “Refunded Obligations”) for the purpose of achieving debt service savings (see “SCHEDULE I – SCHEDULE OF REFUNDED OBLIGATIONS”) and (iii) payment of costs of issuance of the Bonds and refunding the Refunded Obligations.

Proceeds from the sale of the Certificates will be used for (i) the acquisition, construction and reconstruction of City street improvements, including but not limited to sidewalks, utility line relocation and traffic signalization, necessary and related storm drainage facilities and the acquisition of land and rights-of-way therefor and (ii) payment of costs of issuance of the Certificates.

* Preliminary, subject to change.

Refunded Obligations

A description and identification of the Refunded Obligations appears in Schedule I attached hereto. The Refunded Obligations and the interest due thereon are to be paid on their respective interest payment dates and redemption dates from funds to be deposited with BOKF, NA, Dallas, Texas (the "Escrow Agent") pursuant to the Escrow Agreement (the "Escrow Agreement") between the City and the Escrow Agent.

The Bond Ordinance provides that from the proceeds of the sale of the Bonds to the Underwriters and any additional moneys contributed by the City, if any, the City will deposit with the Escrow Agent an amount, which, when added to the investment earnings thereon, will be sufficient to accomplish the discharge and final payment of the Refunded Obligations. Such funds will be held by the Escrow Agent in one or more escrow accounts (the "Escrow Fund") and used to purchase certain governmental obligations permitted by the ordinances authorizing the issuance of the Refunded Obligations which are to be acquired and held in the Escrow Fund under the Escrow Agreement (the "Escrowed Securities"). Under the Escrow Agreement, the Escrow Fund is irrevocably pledged to the payment of principal of and interest on the Refunded Obligations.

Robert Thomas CPA, LLC (the "Verification Agent") will verify at the time of delivery of the Bonds to the Underwriters thereof the mathematical accuracy of the schedules that demonstrate the Escrowed Securities will mature and pay interest in such amounts which, together with uninvested funds, in the Escrow Fund, will be sufficient to pay, the principal of and interest on the Refunded Obligations on their redemption dates. Such maturing principal of and interest on the Escrowed Securities will not be available to pay the Bonds (see "VERIFICATION OF ARITHMETICAL AND MATHEMATICAL COMPUTATIONS").

By the deposit of the Escrowed Securities and cash, if any, with the Escrow Agent pursuant to the Escrow Agreement, the City will have effected the defeasance of the Refunded Obligations pursuant to the terms of Chapter 1207, Texas Government Code, as amended, and the ordinances authorizing the issuance of the Refunded Obligations. It is the opinion of Bond Counsel that as a result of such defeasance, and in reliance upon the report of the Verification Agent, firm banking and financial arrangements for the discharge and final payment of the Refunded Obligations will have been made and therefore the Refunded Obligations will be deemed fully paid and no longer outstanding except for the purpose of receiving payments from the Escrowed Securities and cash held for such purpose by the Escrow Agent (see "VERIFICATION OF ARITHMETICAL AND MATHEMATICAL COMPUTATIONS").

Sources and Uses of Proceeds

The proceeds from the sale of the Bonds, along with funds from the City, if needed, are expected to be applied as follows:

Sources of Proceeds:

Deposit to Project Fund.....	\$
Underwriters' Discount.....	
Cost of Issuance	
Total Uses of Proceeds.....	\$

THE OBLIGATIONS

Description of the Obligations

The Bonds are dated April 1, 2026, and mature on February 15 in each of the years 2027 through 2046*, inclusive, as shown on page ii. Interest on the Bonds accrues from the date of initial delivery (the “Delivery Date”) and will be initially payable on February 15, 2027 and each August 15 and February 15 thereafter until maturity or prior redemption. Interest on the Bonds will be computed on the basis of a 360-day year consisting of twelve 30-day months.

The Certificates are dated April 1, 2026 and mature on February 15 in each of the years 2027 through 2046 inclusive, as shown on page ii. Interest on the Certificates accrues from the Delivery Date and will be payable on February 15, 2027 and each August 15 and February 15 thereafter until maturity or prior redemption. Interest on the Certificates will be computed on the basis of a 360-day year consisting of twelve 30-day months.

The definitive Obligations will be issued only in fully registered form in any integral multiple of \$5,000 for any one maturity and will be initially registered and delivered only to Cede & Co., the nominee of The Depository Trust Company (“DTC”) New York, New York pursuant to the Book-Entry-Only System described herein. **No physical delivery of the Obligations will be made to the beneficial owners thereof.** Principal of, premium, if any, and interest on the Obligations will be payable by BOKF, NA, Dallas, Texas (the “Paying Agent/Registrar”) to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the beneficial owners of the Obligations (see “THE OBLIGATIONS – Book-Entry-Only System”).

Authority for Issuance

The Bonds are issued pursuant to the Constitution and general laws of the State of Texas, particularly Chapters 1207, 1331 and 1371, Texas Government Code, as amended, the City’s Home Rule Charter (the “Charter”), an election held in the City on November 8, 2022, an election held in the City on November 5, 2024, and an ordinance adopted by the City Council on March 10, 2026 authorizing the issuance of the Bonds (the “Bond Ordinance”). The Certificates are issued pursuant to the Constitution and general laws of the State of Texas, particularly Subchapter C of Chapter 271, Texas Local Government Code, as amended, Chapter 1371, Texas Government Code, as amended, the Charter, and an ordinance adopted by the City Council on March 10, 2026, authorizing the issuance of the Certificates (the “Certificate Ordinance” and together with the Bond Ordinance, the “Ordinances”). In each the Bond Ordinance and the Certificate Ordinance, the City Council delegated to each of the Mayor, the City Manager and the Chief Financial Officer of the City (each, an “Authorized Officer”) the authority to effect the sale of the Obligations by the execution of a pricing certificate for each series of Obligations evidencing the final terms of each series of Obligations (each, a “Pricing Certificate”). The Bond Ordinance, the Certificate Ordinance, and the Pricing Certificate for each series are collectively referred to herein as the “Ordinances”.

Security and Source of Payment

The Bonds constitute direct obligations of the City payable from the proceeds of a continuing, direct annual ad valorem tax, levied within the limits prescribed by law, against all taxable property within the City. The Certificates constitute direct obligations of the City payable from a combination of (i) the proceeds of a continuing, direct annual ad valorem tax, levied within the limits prescribed by law, against all taxable property within the City, and (ii) a pledge of surplus net revenues of the City’s Water and Wastewater System, not to exceed \$1,000.

Redemption Provisions*

The City reserves the right, at its option, to redeem the Obligations of either series having stated maturities on and after February 15, 2037, in whole or in part in principal amounts of \$5,000 or any integral multiple thereof, on February 15, 2036, or any date thereafter, at the par value thereof plus accrued interest to the date of redemption. If less than all of the Obligations of a series are to be redeemed pursuant to an optional redemption, the City shall determine the maturity or maturities and the amounts thereof to be redeemed and shall direct the Paying Agent/Registrar to call by lot, or by any other customary method that results in a random selection, the Obligations of such series, or portions thereof, within such maturity or maturities and in such principal amounts for redemption.

In the event the Underwriters elect to combine two or more consecutive serial maturities of an Obligation into one or more term Obligations, the Obligations will be subject to mandatory sinking fund redemption.

Subject to the right of the City to give a conditional notice of redemption with respect to an optional redemption, notice having been so given, the Obligations or portions thereof designated for redemption shall become due and payable on the redemption date specified in such notice; from and after such date, notwithstanding that any of the Obligations or portions thereof so called for redemption shall not have been surrendered for payment, interest on such Obligations or portions thereof shall cease to accrue.

Notices

Not less than 30 days prior to a redemption date for any Obligation, the City shall cause a notice of redemption to be sent by United States mail, first class, postage prepaid, to the registered owners of the Obligations to be redeemed, in whole or in part, at the address of the registered owner appearing on the registration books of the Paying Agent/Registrar at the close of business on the Business Day (hereinafter defined) next preceding the date of mailing such notice.

* Preliminary, subject to change.

EXCEPT AS DESCRIBED IN THE FOLLOWING PARAGRAPH, ANY NOTICE SO MAILED SHALL BE CONCLUSIVELY PRESUMED TO HAVE BEEN DULY GIVEN, WHETHER OR NOT THE REGISTERED OWNER RECEIVES SUCH NOTICE. NOTICE HAVING BEEN SO GIVEN AND NOT HAVING BEEN RESCINDED, OBLIGATIONS CALLED FOR REDEMPTION SHALL BECOME DUE AND PAYABLE ON THE SPECIFIED REDEMPTION DATE, AND NOTWITHSTANDING THAT ANY OBLIGATION OR PORTION THEREOF HAS NOT BEEN SURRENDERED FOR PAYMENT, INTEREST ON SUCH OBLIGATION OR PORTION THEREOF SHALL CEASE TO ACCRUE.

The City reserves the right, in the case of an optional redemption of either series of the Obligations, to give notice of its election or direction to redeem Obligations conditioned upon the occurrence of subsequent events. Such notice may state (i) that the redemption is conditioned upon the deposit of moneys and/or authorized securities, in an amount equal to the amount necessary to effect the redemption, with the Paying Agent/Registrar, or such other entity as may be authorized by law, no later than the redemption date, or (ii) that the City retains the right to rescind such notice at any time on or prior to the scheduled redemption date if the City delivers a certificate of the City to the Paying Agent/Registrar instructing the Paying Agent/Registrar to rescind the redemption notice, and such notice and redemption shall be of no effect if such moneys and/or authorized securities are not so deposited or if the notice is rescinded. The Paying Agent/Registrar shall give prompt notice of any such rescission of a conditional notice of redemption to the affected Owners in the manner described above for causing a notice of redemption to be provided. Any Obligations subject to conditional redemption and such redemption having been rescinded shall remain outstanding, and the rescission of such redemption shall not constitute an event of default under the terms of the Ordinances. Further, in the case of a conditional redemption, the failure of the City to make moneys and/or authorized securities available, in part or in whole, on or before the redemption date shall not constitute an event of default.

The Paying Agent/Registrar and the City, so long as a book-entry-only system is used for either series of the Obligations, will send any notice of redemption relating to the Obligations, notice of proposed amendment to the Ordinances or other notices with respect to the Obligations only to DTC. Any failure by DTC to advise any DTC participant, or of any DTC participant or indirect participant to notify the Beneficial Owner, will not affect the validity of the redemption of the Obligations called for redemption or any other action premised on any such notice. Redemption of portions of the Obligations by the City will reduce the outstanding principal amount of such Obligations held by DTC. In such event, DTC may implement, through its book-entry-only system, a redemption of such Obligations held for the account of DTC participants in accordance with its rules or other agreements with DTC participants and then DTC participants and indirect participants may implement a redemption of such Obligations from the Beneficial Owners. Any such selection of Obligations within a maturity to be redeemed will not be governed by the Ordinances and will not be conducted by the City or the Paying Agent/Registrar. Neither the City nor the Paying Agent/Registrar will have any responsibility to DTC participants, indirect participants or the persons for whom DTC participants act as nominees, with respect to the payments on the Obligations or the providing of notice to DTC participants, indirect participants, or Beneficial Owners of the selection of portions of the Obligations for redemption (see "THE OBLIGATIONS – Book-Entry-Only System").

Amendments

The City may, without consent of or notice to any owners, from time to time and at any time, amend an Ordinance in any manner not detrimental to the interests of the owners, including the curing of any ambiguity, inconsistency, or formal defect or omission therein. In addition, the City may, with the written consent of the owners of the Obligations holding a majority in aggregate principal amount of such respective series of Obligations then outstanding, amend, add to, or rescind any of the provisions of the respective Ordinance; provided that, without the consent of all owners of such outstanding Obligations of the respective series, no such amendment, addition, or rescission shall (i) extend the time or times of payment of the principal of, premium, if any, and interest on such Obligations, reduce the principal amount thereof, the redemption price, or the rate of interest thereon, or in any other way modify the terms of payment of the principal of, or interest on such Obligations, (ii) give any preference to any Obligation of such series over any other Obligation of such series, or (iii) reduce the aggregate principal amount of Obligations required to be held by owners for consent to any such amendment, addition, or rescission.

Defeasance

Except as otherwise provided in the Pricing Certificates, the Ordinances provide for the defeasance, discharge or refunding of the Obligations in any manner permitted by applicable law. Under current State law, such discharge may be accomplished by either (i) depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to principal, premium, if any, and all interest to accrue on the Obligations to maturity or redemption and/or (ii) by depositing with a paying agent or other authorized escrow agent amounts sufficient to provide for the payment and/or redemption of the Obligations; provided that such deposits may be invested and reinvested only in (a) direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States of America, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, or (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent. The foregoing obligations may be in book-entry-only form and shall mature and/or bear interest in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Obligations.

Under current Texas law, upon the making of a deposit as described above, such Obligations shall no longer be regarded to be outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment of the Obligations have been made as described above, all rights of the City to initiate proceedings to call the Obligations for redemption or to take any other action amending the terms of the Obligations are extinguished.

There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Obligations. Because the Ordinances do not contractually limit such investments, registered owners may be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under State law. In addition, there is no assurance that the rating(s) of securities used to fund a defeasance escrow will be maintained at any particular rating category.

As noted above, in the Pricing Certificate the Authorized Officer may limit the securities eligible to be held in escrow to defease the respective Obligations. Any such limitation will be described in the final Official Statement.

Paying Agent/Registrar

The initial Paying Agent/Registrar for the Obligations is BOKF, NA, Dallas, Texas. In the Ordinances, the City retains the right to replace the Paying Agent/Registrar. The City covenants to maintain and provide a Paying Agent/Registrar at all times until the Obligations are duly paid and any successor Paying Agent/Registrar shall be a commercial bank, trust company organized under the laws of the State of Texas or other entity duly qualified and legally authorized to serve as and perform the duties and services of Paying Agent/Registrar for the Obligations. Upon any change in the Paying Agent/Registrar for the Obligations, the City agrees to promptly cause a written notice thereof to be sent to each registered owner of the Obligations then outstanding and affected by such change by United States mail, first class, postage prepaid, which notice shall give the address of the new Paying Agent/Registrar.

Interest on the Obligations shall be paid to the registered owners appearing on the registration books of the Paying Agent/Registrar at the close of business on the Record Date (hereinafter defined), and such interest shall be paid (i) by check sent United States mail, first class, postage prepaid, to the address of the registered owner recorded in the registration books of the Paying Agent/Registrar, or (ii) by such other method acceptable to the Paying Agent/Registrar requested by, and at the risk and expense of, the registered owner. Principal of the Obligations will be paid to the registered owner at the stated maturity or earlier redemption upon presentation to the designated payment/transfer office of the Paying Agent/Registrar in Dallas, Texas (the "Designated Payment/Transfer Office"). If the date for the payment of the principal of, or interest on, the Obligations shall be a day other than a Business Day then the date for such payment shall be the next succeeding Business Day and payment on such date shall have the same force and effect as if made on the date payment was due. So long as Cede & Co. is the registered owner of the Obligations, payment of principal and interest on the Obligations will be made as described in "THE OBLIGATIONS – Book-Entry-Only System".

Registration, Transfer and Exchange

So long as Obligations remain outstanding, the City shall cause the Paying Agent/Registrar to keep at the Designated Payment/Transfer Office a register (the "Register") in which, subject to such reasonable regulations as it may prescribe, the Paying Agent/Registrar shall provide for the registration and transfer of Obligations in accordance with the respective Ordinance. In the event the Book-Entry-Only System should be discontinued, printed certificates will be delivered to the registered owners of the Obligations and thereafter the Obligations may be transferred and exchanged on the Register of the Paying Agent/Registrar. The ownership of an Obligation may be transferred only upon the presentation and surrender of the Obligation at the Designated Payment/Transfer Office with such endorsement or other evidence of transfer as is acceptable to the Paying Agent/Registrar. No transfer of any Obligation shall be effective until entered in the Register. The Obligations shall be exchangeable upon the presentation and surrender thereof at the Designated Payment/Transfer Office for an Obligation or Obligations of the same maturity and interest rate and in any denomination or denominations of any integral multiple of \$5,000 and in an aggregate principal amount equal to the unpaid principal amount of the Obligations presented for exchange. The Paying Agent/Registrar shall authenticate and deliver Obligations exchanged for other Obligations in accordance with the Ordinances. Each exchange Obligation delivered by the Paying Agent/Registrar in accordance with the Ordinances shall constitute an original contractual obligation of the City and shall be entitled to the benefits and security of the Ordinances to the same extent as the Obligations in lieu of which such exchange Obligation is delivered. No service charge shall be made to the registered owner for the initial registration, subsequent transfer, or exchange for any different denomination of any of the Obligations. The Paying Agent/Registrar, however, may require the registered owner to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection with the registration, transfer or exchange of an Obligation. Neither the City nor the Paying Agent/Registrar shall be required to issue, transfer, or exchange any Obligation called for redemption, in whole or in part, where such redemption is scheduled to occur within forty-five (45) calendar days after the transfer or exchange date; provided, however, such limitation shall not be applicable to an exchange by the registered owner of the uncalled principal balance of an Obligation. So long as the Obligations are held in the book-entry-only system of DTC, the sole registered owner of the Obligations will be Cede & Co. (DTC's partnership nominee), or such other nominee of DTC.

Record Date for Interest Payment

The record date for the interest payable on the Obligations on any interest payment date means the close of business on the last Business Day of the next preceding month ("Record Date"). The term "Business Day" means any day other than a Saturday, Sunday

or legal holiday or other day on which banking institutions in the city where the Designated Payment/Transfer Office of the Paying Agent/Registrar is located are required or authorized by law or executive order to close.

In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar if and when funds for the payment of such interest have been received from the City. Notice of the Special Record Date and of the scheduled payment date of the past due interest ("Special Payment Date", which shall be 15 days after the Special Record Date) shall be sent at least five Business Days prior to the Special Record Date by United States mail, first class, postage prepaid, to the address of each holder of an Obligation appearing on the registration books of the Paying Agent/Registrar at the close of business on the last Business Day next preceding the date of mailing of such notice.

Concurrent Offerings

While the Bonds and the Certificates are being offered under a common Official Statement, the Bonds and the Certificates are separate and distinct securities offerings and each such offering is being issued and sold separate and apart from the other offering and should be reviewed and analyzed independently, including, among other matters, the kind and type of obligations being offered, their terms for payment, the security for their payment (see "THE OBLIGATIONS – Security and Source of Payment") and the rights of the respective holders.

Additionally, the Obligations are being offered by the City concurrently with the City's Water and Wastewater System Revenue Improvement and Refunding Bonds, Series 2026 (the "W&WW Bonds") but pursuant to a separate offering document. Such separate offering document should be reviewed and analyzed independently, including, without limitation, the type of obligation being offered, its terms for payment, the security for its payment, the treatment of interest for federal income tax purposes, and the rights of the holders. Initial delivery of the W&WW Bonds through the facilities of DTC is expected to occur on or about April 22, 2026.

Book-Entry-Only System

This section describes how ownership of the Obligations is to be transferred and how the principal of, premium, if any, and interest on the Obligations are to be paid to and credited by DTC, while the Obligations are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The City, the Municipal Advisor, and the Underwriters each believe the source of such information to be reliable but take no responsibility for the accuracy or completeness thereof.

The City and the Underwriters cannot and do not give any assurance that (1) DTC will distribute payments of debt service on the Obligations, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Obligations), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC, New York, New York, will act as securities depository for the Obligations. The Obligations will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered security will be issued for each maturity of Obligations, as set forth on page ii hereof, each in the aggregate principal amount of such maturity and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its registered subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). Direct Participants and Indirect Participants are referred to collectively as the "Participants." DTC has a Standard & Poor's rating of "AA+." The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Obligations under the DTC system must be made by or through Direct Participants, which will receive a credit for the Obligations on DTC's records. The ownership interest of each actual purchaser of each Obligation ("Beneficial Owner") is in turn to be recorded on the Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Obligations are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Obligations, except in the event that use of the book-entry system for the Obligations is discontinued.

To facilitate subsequent transfers, all Obligations deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Obligations with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Obligations; DTC's records reflect only the identity of the Direct Participants to whose accounts such Obligations are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Obligations may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Obligations, such as redemptions, tenders, defaults, and proposed amendments to the Obligation documents. For example, Beneficial Owners of Obligations may wish to ascertain that the nominee holding the Obligations for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Obligations within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Obligations unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Obligations are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption, principal, and interest payments on the Obligations will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Paying Agent/Registrar, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC nor its nominee, the Paying Agent/Registrar, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Participants.

DTC may discontinue providing its services as depository with respect to the Obligations at any time by giving reasonable notice to the City or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, security certificates for each maturity of the Obligations are required to be printed and delivered. The City may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, security certificates for each maturity of the Obligations will be printed and delivered and the Obligations will be subject the transfer, exchange and registration provisions as set forth in the respective Ordinance and summarized under "THE OBLIGATIONS – Registration, Transfer and Exchange".

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City, the Municipal Advisor, and the Underwriters believe to be reliable, but none of the City, the Municipal Advisor, nor the Underwriters take responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement . . . In reading this Official Statement it should be understood that while the Obligations are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Obligations, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, payment or notices that are to be given to registered owners under the Ordinances will be given only to DTC.

REMEDIES

The Ordinances establish specific events of default with respect to the Obligations. If the City defaults in the payment of principal of, or interest on, the Obligations when due, or if the City defaults in the observance or performance of any of the covenants, conditions or obligations of the City, the failure to perform which materially, adversely affects the rights of the owners, including but not limited to their prospect or ability to be repaid in accordance with the Ordinances, and the continuation thereof for a period of 60 days after notice of such default is given by any owner to the City, the Ordinances provide that any owner is entitled to seek a writ of mandamus from a court of competent jurisdiction requiring the City to make such payment or observe and perform such covenants, obligations, or conditions. The issuance of a writ of mandamus may be sought if there is no other available remedy at law to compel performance of the Obligations or the Ordinances and the City's obligations are not uncertain or disputed. The remedy of mandamus is controlled by equitable principles, so rests with the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Obligations in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. The Ordinances do not provide for the appointment of a trustee to represent the interests of the owners upon any failure of the City to perform in accordance with the terms of the Ordinances, or upon any other condition. Accordingly, all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the registered owners.

On June 30, 2006, the Texas Supreme Court ruled in *Tooke v. City of Mexia*, 197 S.W.3d 325 (Tex. 2006), that a waiver of sovereign immunity in a contractual dispute must be provided for by statute in "clear and unambiguous" language. In so ruling, the Court declared that statutory language such as "sue and be sued," in and of itself, did not constitute a clear and unambiguous waiver of sovereign immunity. Because it is not clear that the Texas Legislature has effectively waived the City's immunity from suit for money damages, holders of Obligations may not be able to bring such a suit against the City for breach of the Obligations or the Ordinances. In *Tooke*, the Court noted the enactment in 2005 of sections 271.151-.160, Texas Local Government Code (the "Local Government Immunity Waiver Act"), which, according to the Court, waives "immunity from suit for contract claims against most local governmental entities in certain circumstances." The Local Government Immunity Waiver Act covers cities and relates to contracts entered into by cities for providing goods or services to cities. On April 1, 2016, the Texas Supreme Court ruled in *Wasson Interests, Ltd. v. City of Jacksonville*, 489 S.W.3d 427 (Tex. 2016) ("*Wasson P*"), that governmental immunity does not imbue a city with derivative immunity when it performs a proprietary, as opposed to a governmental, function in respect to contracts executed by a city. On October 5, 2018, the Texas Supreme Court issued a second opinion to clarify *Wasson I*, *Wasson Interests LTD. v. City of Jacksonville*, 559 S.W.3d 142 (Tex. 2018) ("*Wasson IP*", and together with *Wasson I* "*Wasson*"), ruling that to determine whether governmental immunity applies to a breach of contract claim, the proper inquiry is whether the municipality was engaged in a governmental or proprietary function at the time it entered into the contract, not at the time of the alleged breach. In *Wasson*, the Court recognized that the distinction between governmental and proprietary functions is not clear. Therefore, in regard to municipal contract cases (as opposed to tort claim cases), it is incumbent on the courts to determine whether a function was governmental or proprietary based upon the statutory and common law guidance at the time of the contractual relationship. Texas jurisprudence has generally held that proprietary functions are those conducted by a city in its private capacity, for the benefit only of those within its corporate limits, and not as an arm of the government or under authority or for the benefit of the State; these are usually activities that can be, and often are, provided by private persons, and therefore are not done as a branch of the State, and do not implicate the State's immunity since they are not performed under the authority, or for the benefit, of the State as sovereign. Issues related to the applicability of a governmental immunity as they relate to the issuance of municipal debt have not been adjudicated. Each situation will be evaluated based on the facts and circumstances surrounding the contract in question.

As noted above, the Ordinances provide that holders of Obligations may exercise the remedy of mandamus to enforce the obligations of the City under the Ordinances. Neither the remedy of mandamus nor any other type of injunctive relief was at issue in *Tooke*, and it is unclear whether *Tooke* will be construed to have any effect with respect to the exercise of mandamus, as such remedy has been interpreted by Texas courts. In general, Texas courts have held that a writ of mandamus may be issued to require public officials to perform ministerial acts that clearly pertain to their duties. Texas courts have held that a ministerial act is defined as a legal duty that is prescribed and defined with a precision and certainty that leaves nothing to the exercise of discretion or judgment, though mandamus is not available to enforce purely contractual duties. However, mandamus may be used to require a public officer to perform legally imposed ministerial duties necessary for the performance of a valid contract to which the State or a political subdivision of the State is a party (including the payment of monies due under a contract). The City, in part, is relying on authority granted to the City by Chapter 1371 in effecting the sale of the Obligations. Chapter 1371 permits the City to waive sovereign immunity in the proceedings authorizing its bonds, but in connection with the issuance of the Obligations, the City has not waived sovereign immunity in the manner provided by Chapter 1371.

Even if a judgment against the City could be obtained, it could not be enforced by direct levy and execution against the City's property. Further, the registered owners cannot themselves foreclose on property within the City or sell property within the City to enforce the tax lien on taxable property to pay the principal of, and interest on, the Obligations. Furthermore, the City is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code ("Chapter 9"). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of revenues, the pledge of ad valorem taxes in support of a general obligation of a bankrupt entity is not specifically recognized as a security interest under Chapter 9. Chapter 9 also includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or registered owners of an entity that has sought protection under Chapter 9. Therefore, should the City avail itself of Chapter 9 protection from creditors, the ability to enforce would be subject to the approval of the Bankruptcy Court (which could require that

the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before the Bankruptcy Court. The opinion of Bond Counsel will note that all opinions relative to the enforceability of the Obligations are qualified with respect to the customary rights of debtors relative to their creditors and that all opinions relative to the enforceability of the Ordinances and the Obligations are subject to bankruptcy and other laws affecting creditors' rights or remedies generally.

TAX INFORMATION

Ad Valorem Tax Law

The following is a summary of certain provisions of State law as it relates to ad valorem taxation and is not intended to be complete. Reference is made to Title I of the Texas Tax Code, as amended (the "Property Tax Code"), for identification of property subject to ad valorem taxation, property exempt or which may be exempted from ad valorem taxation if claimed, the appraisal of property for ad valorem tax purposes, and the procedures and limitations applicable to the levy and collection of ad valorem taxes.

Valuation of Taxable Property . . . The Property Tax Code provides for countywide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district and an appraisal review board ("Appraisal Review Board") responsible for appraising property for all taxing units within the county. The appraisal of property within the City is the responsibility of Lubbock Central Appraisal District (the "Appraisal District"). Except as described below, the Appraisal District is required to appraise all property within the Appraisal District on the basis of 100% of its market value and is prohibited from applying any assessment ratios. In determining market value of property, the Appraisal District is required to consider the cost method of appraisal, the income method of appraisal and the market data comparison method of appraisal and use the method the chief appraiser of the Appraisal District considers most appropriate. The Property Tax Code requires appraisal districts to reappraise all property in its jurisdiction at least once every three years. A taxing unit may require annual review at its own expense and is entitled to challenge the determination of appraised value of property within the taxing unit by petition filed with the Appraisal Review Board.

State law requires the appraised value of an owner's principal residence ("homestead" or "homesteads") to be based solely on the property's value as a homestead, regardless of whether residential use is considered to be the highest and best use of the property. State law further limits the appraised value of a homestead to the lesser of (1) the market value of the property or (2) 110% of the appraised value of the property for the preceding tax year plus the market value of all new improvements to the property (the "10% Homestead Cap"). The 10% increase is cumulative, meaning the maximum increase is 10% times the number of years since the property was last appraised.

Unless extended by the Legislature, through December 31, 2026 an appraisal district is prohibited from increasing the appraised value of real property during the 2026 tax year on certain non-homestead properties (the "Subjected Property") whose appraised values are not more than \$5.32 million dollars (the "maximum property value") to an amount not to exceed the lesser of: (1) the market value of the Subjected Property for the most recent tax year that the market value was determined by the appraisal office or (2) the sum of: (a) 20 percent of the appraised value of the Subjected Property for the preceding tax year; (b) the appraised value of the Subjected Property for the preceding tax year; and (c) the market value of all new improvements to the Subjected Property. The maximum property value may be increased or decreased by the product of the preceding state fiscal year's increase or decrease in the consumer price index, as applicable, to the maximum property value.

State law provides that eligible owners of both agricultural land and open-space land, including open-space land devoted to farm or ranch purposes or open-space land devoted to timber production, may elect to have such property appraised for property taxation on the basis of its productive capacity. The same land may not be qualified as both agricultural and open-space land.

The appraisal values set by the Appraisal District are subject to review and change by the Appraisal Review Board. The appraisal rolls, as approved by the Appraisal Review Board, are used by taxing units, such as the City, in establishing their tax rolls and tax rates. See "TAX INFORMATION – City's Rights in the Event of Tax Delinquencies."

Issuer and Taxpayer Remedies . . . Under certain circumstances, the City and its taxpayers may appeal the determinations of the Appraisal District by timely initiating a protest with the Appraisal Review Board. Additionally, taxing units such as the City may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

Owners of certain property (being (i) commercial real and personal property, (ii) real and personal property of utilities, (iii) industrial and manufacturing real and personal property, and (iv) multifamily residential real property) with a taxable value in excess of the current year "minimum eligibility amount", as determined by the State Comptroller, and situated in a county with a population of one million or more, may protest the determinations of an appraisal district directly to a three-member special panel of the appraisal review board, appointed by the chairman of the appraisal review board, consisting of highly qualified professionals in the field of property tax appraisal. The minimum eligibility amount is set at \$62,883,169 for the 2026 tax year and is adjusted annually by the State Comptroller to reflect the inflation rate.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the City and provides for taxpayer referenda that could result in the repeal of certain tax increases. (See "TAX INFORMATION – Public Hearing and Maintenance and Operation Tax Rate Limitations".) The Property Tax Code also establishes a procedure for notice to property owners of reappraisals

reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal roll.

State Mandated Homestead Exemptions . . . State law grants, with respect to each taxing unit in the State, various exemptions for disabled veterans and their families, surviving spouses of members of the armed services killed in action and surviving spouses of first responders killed or fatally wounded in the line of duty.

Local Option Homestead Exemptions . . . The governing body of a taxing unit, including a city, county, school district, or special district, at its option may grant: (1) an exemption of up to 20% of the market value of all homesteads (but not less than \$5,000) and (2) an additional exemption of the market value of the homesteads of persons 65 years of age or older and the disabled. Each taxing unit decides if it will offer the local option homestead exemptions and at what percentage or dollar amount, as applicable. The exemption described in (2), above, may also be created, increased, decreased or repealed at an election called by the governing body of a taxing unit upon presentment of a petition for such creation, increase, decrease, or repeal of at least 20% of the number of qualified voters who voted in the preceding election of the taxing unit. Cities, counties, and school districts are prohibited from repealing or reducing an optional homestead exemption that was granted in tax year 2022 through December 31, 2027.

Local Option Freeze for the Elderly and Disabled . . . The governing body of a county, municipality or junior college district may, at its option, provide for a freeze on the total amount of ad valorem taxes levied on the homesteads of persons 65 years of age or older or of disabled persons above the amount of tax imposed in the year such residence qualified for such exemption. Also, upon voter initiative, an election may be held to determine by majority vote whether to establish such a freeze on ad valorem taxes. Once the freeze is established, the total amount of taxes imposed on such homesteads cannot be increased except for certain improvements, and such freeze cannot be repealed or rescinded.

Personal Property . . . Tangible personal property (furniture, machinery, supplies, inventories, etc.) used in the “production of income” is taxed based on the property’s market value. Taxable personal property includes income-producing equipment and inventory. Intangibles such as goodwill, accounts receivable, and proprietary processes are not taxable. Tangible personal property not held or used for production of income, such as household goods, automobiles or light trucks, and boats, is exempt from ad valorem taxation unless the governing body of a taxing unit elects to tax such property. Pursuant to voter approval at a Statewide election held on November 4, 2025, legislation passed by the Legislature and signed by the Governor during the 89th Regular Session will provide a person an exemption from taxation by a taxing unit of \$125,000 of the appraised value of the tangible personal property the person owns that is held or used for the production of income and has taxable situs at the same location in the taxing unit. A person who leases tangible personal property is also entitled to a tax exemption of \$125,000, regardless of where the property is located in the taxing unit.

Freeport and Goods-in-Transit Exemptions . . . Certain goods detained in the State for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication (“Freeport Property”) are exempt from ad valorem taxation unless a taxing unit took official action to tax Freeport Property before April 1, 1990, and has not subsequently taken official action to exempt Freeport Property. Decisions to continue to tax Freeport Property may be reversed in the future; decisions to exempt Freeport Property are not subject to reversal. Certain goods, that are acquired in or imported into the State to be forwarded to another location within or without the State, stored in a location that is not owned by the owner of the goods and are transported to another location within or without the State within 175 days (“Goods-in-Transit”), are generally exempt from ad valorem taxation; however, the Property Tax Code permits a taxing unit, on a local option basis, to tax Goods-in-Transit if the taxing unit takes official action, after conducting a public hearing, before January 1 of the first tax year in which the taxing unit proposes to tax Goods-in-Transit. Goods-in-Transit and Freeport Property do not include oil, natural gas or petroleum products, and Goods-in-Transit does not include aircraft or special inventories such as manufactured housing inventory, or a dealer’s motor vehicle, boat, or heavy equipment inventory. A taxpayer may receive only one of the Goods-in-Transit or Freeport Property exemptions for items of personal property.

Other Exempt Property . . . Other major categories of exempt property include property owned by the State or its political subdivisions if used for public purposes, property exempt by federal law, property used for pollution control, farm products owned by producers, property of nonprofit corporations used for scientific research or educational activities benefitting a college or university, designated historic sites, solar and wind-powered energy devices, and certain classes of intangible personal property. Beginning with the 2026 tax year, all intangible personal property is exempt from State taxation.

Tax Increment Financing Zones . . . A city or county, either by petition of the landowners or by action of its governing body, may create one or more tax increment financing zones (“TIRZ”) within its boundaries, and other overlapping taxing units may agree to contribute taxes levied against the “Incremental Value” in the TIRZ to finance or pay for project costs, as defined in Chapter 311, Texas Government Code, as amended, general located within the TIRZ. At the time of the creation of the TIRZ, a “base value” for the real property in the TIRZ is established and the difference between any increase in the assessed valuation of taxable real property in the TIRZ in excess of the base value is known as the “Incremental Value”, and during the existence of the TIRZ, all or a portion of the taxes levied by each participating taxing unit against the Incremental Value in the TIRZ are restricted to paying project and financing costs within the TIRZ and are not available for the payment of other obligations of such taxing units.

Tax Abatement Agreements . . . Taxing units may also enter into tax abatement agreements to encourage economic development. Under the agreements, a property owner agrees to construct certain improvements on its property. The taxing unit, in turn, agrees not to levy a tax on all or part of the increased value attributable to the improvements until the expiration of the agreement. The abatement agreement could last for a period of up to 10 years.

Public Hearing and Maintenance and Operation Tax Rate Limitations

The following terms as used in this section have the meanings provided below:

“adjusted” means lost values are not included in the calculation of the prior year’s taxes and new values are not included in the current year’s taxable values.

“de minimis rate” means the maintenance and operations tax rate that will produce the prior year’s total maintenance and operations tax levy (adjusted) from the current year’s values (adjusted), plus the rate that produces an additional \$500,000 in tax revenue when applied to the current year’s taxable value, plus the debt service tax rate.

“no-new-revenue tax rate” means the combined maintenance and operations tax rate and debt service tax rate that will produce the prior year’s total tax levy (adjusted) from the current year’s total taxable values (adjusted).

“special taxing unit” means a city for which the maintenance and operations tax rate proposed for the current tax year is 2.5 cents or less per \$100 of taxable value.

“unused increment rate” means the cumulative difference between a city’s voter-approval tax rate and its actual tax rate for each of the three tax years prior to the current tax year divided by the current total.

“voter-approval tax rate” means the maintenance and operations tax rate that will produce the prior year’s total maintenance and operations tax levy (adjusted) from the current year’s values (adjusted) multiplied by 1.035, plus the debt service tax rate, plus the “unused increment rate”.

The City’s tax rate consists of two components: (1) a rate for funding of maintenance and operations expenditures in the current year (the “maintenance and operations tax rate”), and (2) a rate for funding debt service in the current year (the “debt service tax rate”). Under State law, the assessor for the City must submit an appraisal roll showing the total appraised, assessed, and taxable values of all property in the City to the City Council by August 1 or as soon as practicable thereafter.

A city must annually calculate its “voter-approval tax rate” and “no-new-revenue tax rate” (as such terms are defined above) in accordance with forms prescribed by the State Comptroller and provide notice of such rates to each owner of taxable property within the city and the county tax assessor-collector for each county in which all or part of the city is located. A city must adopt a tax rate before the later of September 30 or the 60th day after receipt of the certified appraisal roll, except that a tax rate that exceeds the voter-approval tax rate must be adopted not later than the 71st day before the next occurring November uniform election date. If a city fails to timely adopt a tax rate, the tax rate is statutorily set as the lower of the no-new-revenue tax rate for the current tax year or the tax rate adopted by the city for the preceding tax year. As described below, the Property Tax Code provides that if a city adopts a tax rate that exceeds its voter-approval tax rate or, in certain cases, its “de minimis rate”, an election must be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

A city may not adopt a tax rate that exceeds the lower of the voter-approval tax rate or the no-new-revenue tax rate until each appraisal district in which such city participates has delivered notice to each taxpayer of the estimated total amount of property taxes owed and the city has held a public hearing on the proposed tax increase.

For cities with a population of 30,000 or more as of the most recent federal decennial census, if the adopted tax rate for any tax year exceeds the voter-approval tax rate, that city must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

For cities with a population less than 30,000 as of the most recent federal decennial census, if the adopted tax rate for any tax year exceeds the greater of (i) the voter-approval tax rate or (ii) the de minimis rate, the city must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate. However, for any tax year during which a city has a population of less than 30,000 as of the most recent federal decennial census and does not qualify as a special taxing unit, if a city’s adopted tax rate is equal to or less than the de minimis rate but greater than both (a) the no-new-revenue tax rate, multiplied by 1.08, plus the debt service tax rate or (b) the city’s voter-approval tax rate, then a valid petition signed by at least three percent of the registered voters in the city would require that an election be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

Any city located at least partly within an area declared a disaster area by the Governor of the State or the President of the United States during the current year may calculate its “voter-approval tax rate” using a 1.08 multiplier, instead of a 1.035 multiplier, until the earlier of (i) the second tax year in which such city’s total taxable appraised value exceeds the taxable appraised value on January 1 of the year the disaster occurred, or (ii) the third tax year after the tax year in which the disaster occurred.

State law provides cities and counties in the State the option of assessing a maximum one-half percent (1/2%) sales and use tax on retail sales of taxable items for the purpose of reducing its ad valorem taxes, if approved by a majority of the voters in a local option

election. If the additional sales and use tax for ad valorem tax reduction is approved and levied, the no-new-revenue tax rate and voter-approval tax rate must be reduced by the amount of the estimated sales tax revenues to be generated in the current tax year.

The calculations of the no-new-revenue tax rate and voter-approval tax rate do not limit or impact the City’s ability to set a debt service tax rate in each year sufficient to pay debt service on all of the City’s tax-supported debt obligations, including the Obligations.

Reference is made to the Property Tax Code for definitive requirements for the levy and collection of ad valorem taxes and the calculation of the various defined tax rates.

General Tax Rate Limitations

All taxable property within the City is subject to the assessment, levy and collection by the City of a continuing, direct annual ad valorem tax sufficient to provide for the payment of principal of and interest on all ad valorem tax-supported debt within the limits prescribed by law. Article XI, Section 5, of the Texas Constitution is applicable to the City, and limits its maximum ad valorem tax rate to \$2.50 per \$100 of Taxable Assessed Valuation. Administratively, the Attorney General of the State of Texas will permit allocation of \$1.50 of the \$2.50 maximum tax rate for all debt service on ad valorem tax-supported debt, as calculated at the time of issuance.

City’s Rights in the Event of Tax Delinquencies

Taxes levied by the City are a personal obligation of the owner of the property as of January 1 of the year for which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all State and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of the State and each local taxing unit, including the City, having power to tax the property. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes. At any time after taxes on property become delinquent, the City may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the City must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights (a taxpayer may redeem property within two (2) years after the purchaser’s deed issued at the foreclosure sale is filed in the county records) or by bankruptcy proceedings which restrict the collection of taxpayer debts. Federal bankruptcy law provides that an automatic stay of actions by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases, post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

Levy and Collection of Taxes

The City is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty of up to twenty percent (20%) if imposed by the City. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes for certain taxpayers. Furthermore, the City may provide, on a local option basis, for the split payment, partial payment, and discounts for early payment of taxes under certain circumstances.

Penalties and Interest

Charges for penalty and interest on the unpaid balance of delinquent taxes are made as follows:

<u>Month</u>	<u>Cumulative Penalty %</u>	<u>Cumulative Interest %</u>	<u>Total %</u>
February	6	1	7
March	7	2	9
April	8	3	11
May	9	4	13
June	10	5	15
July	12	6	18

After July, the penalty remains at 12%, and interest increases at the rate of 1% each month. In addition, if an account is delinquent in July, an attorney’s collection fee of up to 20% may be added to the total tax, penalty and interest charge. Under certain circumstances, delinquent taxes on the homestead of a taxpayer 65 years of age or older incur a penalty of 8% per annum with no additional penalties or interest assessed. In general, property subject to the City’s lien may be sold, in whole or in parcels, pursuant to court order to

collect the amounts due. Federal law does not allow for the collection of penalty and interest against an estate in bankruptcy. Federal bankruptcy law provides that an automatic stay of action by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

CITY APPLICATION OF THE PROPERTY TAX CODE

The City grants a \$16,700 exemption to the market value of the residence homestead of persons 65 years of age or older; the disabled are also granted an exemption of \$10,000.

The City has not granted any part of the optional exemption of up to 20% of the market value of residence homesteads.

The City has established the optional tax ceiling on residence homesteads of disabled persons and persons 65 years of age or older. The tax ceiling transfers to the surviving spouse in accordance with State law.

See “Table 1” in “APPENDIX A – FINANCIAL INFORMATION REGARDING THE CITY” for a listing of the amounts of the exemptions described above.

Ad valorem taxes are not levied by the City against the exempt value of residence homesteads for the payment of debt.

The City does not tax non-business personal property.

The City does not permit split payments of taxes and does not allow discounts for early payment of taxes, although discounts are permitted on a local-option basis by the Property Tax Code.

Since the 1999 tax year, the City has exempted Freeport Property from taxation.

The City does not tax Goods-In-Transit.

The City collects an additional three-eighth cent sales tax to help reduce ad valorem taxes.

The Appraisal District collects taxes for the City.

Tax Abatement Policies

The City has established a tax abatement program to encourage economic development. To be considered for tax abatement, a project must be located in a reinvestment zone or enterprise zone (a commercial project must be in an enterprise zone) and must meet several criteria pertaining to job creation and property value enhancement. In 2003, the Legislature made changes to the statute governing enterprise zones, including designating zones by block group based on poverty rate. The block groups meeting the criteria become enterprise zone eligible but can only be used for tax abatement if the new zones are activated. In November 2013, the City revised the eligible block groups based on the 2010 census and now have thirty-three eligible block groups. At present, there are eight active tax abatement agreements, principally for companies located in the northeast and southeast sections of Lubbock. In accordance with State law, the City has adopted policies for granting tax abatements, which provide guidelines for tax abatements for both industrial and commercial projects. The guidelines for industrial and commercial projects are similar, except that qualifying industrial projects may receive a ten-year abatement, while qualifying commercial projects are limited to five-year tax abatements. Since 1997, the City has negotiated abatements on a declining percentage basis, with a portion of the tax value added to the City’s tax roll each year during the life of the abatement. The City’s policies provide a variety of criteria that affect the terms of the abatement, including the projected life of the project, the type of business seeking abatement, with certain businesses targeted for abatement, the amount of real or personal property to be added to the tax roll, the number of jobs to be created or retained, and other factors. The policies disallow abatements for certain categories of property including real property, inventories, tools, vehicles, aircraft, and housing. Each abatement policy provides for a recapture of the abated taxes if the business is discontinued during the term of the agreement, except for discontinuances caused by natural disaster or other factors beyond the reasonable control of the applicant. For a description of the amount of property abated for City taxation purposes, see “Table 1” in “APPENDIX A – FINANCIAL INFORMATION REGARDING THE CITY.”

Tax Increment Financing Zones

Together with other taxing units, the City participates in three TIRZs: the Central Business District Reinvestment Zone (the “Downtown TIF”), the North Overton Tax Increment Financing Reinvestment Zone (the “North Overton TIF”) and the Lubbock Business Park Tax Increment Reinvestment Zone (the “LBP TIF”). The City may enter into additional TIRZs in the future.

The Downtown TIF covers a 0.71 square-mile area, which includes part of the Central Business District and abuts the North Overton TIF. The base taxable values of the TIF are frozen at the level of taxable values for 2001, the year of creation, at \$105,858,251. For tax year 2025, the Downtown TIF had a taxable value of \$284,448,829, before taking into account tax abatements and exemptions. After tax abatements and exemptions, the taxable value in the Downtown TIF was \$178,590,578. In addition to the City, Lubbock

County, Lubbock County Hospital District, and the High Plains Underground Water Conservation District (collectively, the “Taxing Units”) participate in the Downtown TIF. Given the relative tax rates of the participants, it is anticipated that the City will be the largest contributor to the tax increment fund if there is growth from the frozen base. On September 24, 2009, the City approved an extension of the termination date of the Downtown TIF to December 31, 2040 in order to provide additional funding to implement the Downtown TIF project and finance plan.

The City enacted an ordinance in 2002 establishing the North Overton TIF. Each of the other Taxing Units in the Downtown TIF also participated in the North Overton TIF. The City ordinance establishing the North Overton TIF provides that the North Overton TIF will terminate on December 31, 2031, or at an earlier time designated by a subsequent City ordinance. The North Overton TIF consists of 325 acres near the Central Business District of Lubbock. The taxable base value for the North Overton TIF was established as of January 1, 2002, at \$26,940,604. For tax year 2025, the North Overton TIF had a taxable value of \$586,390,409 before taking into account tax abatements and exemptions. After tax abatements and exemptions, the taxable value in the North Overton TIF was \$559,449,805.

The City enacted an ordinance in 2009 establishing the LBP TIF. Each of the other Taxing Units in the Downtown TIF and the North Overton TIF also participate in the LBP TIF. The City ordinance establishing the LBP TIF provides that the LBP TIF will terminate on December 31, 2039, or at an earlier time designated by a subsequent City ordinance. The LBP TIF consists of 586.1 acres near the Airport. The base taxable value of the LBP TIF was established in 2009, the year of creation, at \$410,486. For tax year 2025, the LBP TIF had a taxable value of \$99,952,230, before taking into account tax abatements and exemptions. After tax abatements and exemptions, the taxable value in the LBP TIF was \$99,541,744.

See “APPENDIX A – FINANCIAL INFORMATION REGARDING THE CITY – TABLE 1 – VALUATION, EXEMPTIONS AND GENERAL OBLIGATION DEBT”.

ADDITIONAL TAX COLLECTIONS

The City has adopted the Municipal Sales and Use Tax Act, Chapter 321, Texas Tax Code, as amended, which grants the City the power to impose and levy a 1% Local Sales and Use Tax within the City; the proceeds are credited to the General Fund and are not pledged to the payment of the Obligations or other debt of the City.

In addition, in January 1995, voters of the City approved the imposition of an additional sales and use tax of one-eighth of a cent as authorized by Chapter 323 Texas Tax Code, as amended. Collection for the additional tax commenced in October 1995 with the proceeds from the one-eighth cent sales tax designated for the use and benefit of the City to replace property tax revenues lost as a result of the adoption of the tax.

At an election held in the City on November 4, 2003, voters approved an additional one-quarter cent sales and use tax, with the proceeds to be dedicated to the reduction of ad valorem taxation, and an additional one-eighth cent sales and use tax under Chapter 504 of the Texas Local Government Code to be used for economic development in the City. The City began to receive proceeds of these taxes in October 2004.

Collection and enforcement of the City's sales tax are effected through the offices of the Comptroller of Public Accounts, State of Texas. The Comptroller remits the proceeds of the tax to the City on a monthly basis after the deduction of a 2% service fee.

2025 TEXAS LEGISLATIVE SESSION

The regular session of the 89th Texas Legislature convened on January 14, 2025 and concluded on June 2, 2025 (the “89th Regular Session “). The Texas Legislature (the “Legislature “) meets in regular session in odd numbered years for 140 days. When the Legislature is not in session, the Governor may call one or more special sessions, at the Governor’s discretion, each lasting no more than 30 days, and for which the Governor sets the agenda. The Governor has called and the Legislature has concluded two special sessions since the conclusion of the 89th Regular Session.

During the 89th Regular Session, the Legislature adopted a general appropriations act and legislation affecting ad valorem taxation procedures and the procedures of issuing debt affecting cities among other legislation affecting cities. Adopted legislation affecting ad valorem taxation procedures includes legislation that (i) changes the procedure for the adoption of and imposes limits on the amount of an M&O tax increase that may be adopted in response to declared disasters, (ii) makes technical modifications to the tax rate setting process, and (iii) makes intangible personal property exempt from ad valorem taxation. The City is reviewing the impact of the legislation approved during the 89th Regular Session and the two called special sessions and cannot make any representations regarding the likelihood of future legislative sessions or the full impact of the legislation approved during the 89th Regular Session or the two called special sessions at this time.

FINANCIAL POLICIES

Policies

Basis of Accounting . . . The accounting policies of the City conform to generally accepted accounting principles of the Governmental Accounting Standards Board (“GASB”) and program standards adopted by the Government Finance Officers Association of the United States and Canada (“GFOA”). The GFOA has awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for each of the fiscal years ended September 30, 1984 through September 30, 2002 and September 30, 2004 through September 30, 2024. The City will submit the City’s 2025 report to GFOA to determine its eligibility for another certificate.

Annual Comprehensive Financial Report (ACFR) . . . Beginning with the year ended September 30, 2002, the City’s ACFR has been presented under the GASB Statement No. 34, *Basic Financial Statements - and Management’s Discussion and Analysis - for State and Local Governments*, GASB Statement No. 37, *Basic Financial Statements - and Management’s Discussion and Analysis - for State and Local Governments: Omnibus*, and GASB Statement No. 38, *Certain Financial Note Disclosures*. For additional information regarding accounting policies that are applicable to the City, see Note I. “Summary of Significant Accounting Policies” in the financial statements of the City attached as “APPENDIX B – EXCERPTS FROM ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED SEPTEMBER 30, 2025”.

General Fund Balance . . . The City’s objective is to maintain an unreserved/undesignated fund balance of 20% of operating expenses to meet unanticipated contingencies and fluctuations in expenses. As of fiscal year-end 2025, the City’s General Fund had an unreserved/undesignated fund balance that was at approximately 162% of the target established by the City’s financial policies.

Water and Wastewater, Storm Water and Airport Enterprise Fund Balances . . . It is the policy of the City to maintain an appropriable net position in the Water and Wastewater fund and in the Airport fund in an amount equal to 25% of operating revenues of each system for unforeseen contingencies. The City’s goal of appropriable net position in Storm Water fund is an amount equal to 20% of regular operating revenues of the system. The City currently exceeds its policy on appropriable net position and unrestricted net position for its various enterprise funds. As of fiscal year-end 2025, Target Net Position by Policy and current Appropriable Net Position for the Water and Wastewater, Storm Water, and Airport enterprise funds are as follows:

<u>Enterprise Fund</u>	<u>Target Net Position by Policy</u>	<u>Appropriable Net Position</u>
Water and Wastewater	\$38.8 million	\$42.6 million
Storm Water	\$4.5 million	\$9.6 million
Airport	\$4.2 million	\$24.8 million

To provide efficiency and cost savings in operations, the City combined its historic Waterworks System and Wastewater System into a combined Water and Wastewater utility system in FY 2018. Reporting of the Water and Wastewater System is now done on a combined basis.

Electric Enterprise Fund Balance . . . It is the policy of Lubbock Power & Light, the City’s municipally owned electric utility system (“LP&L”) to maintain a general reserve fund. In response to a City Charter amendment approved by the voters in November 2004, the City Council adopted an ordinance relating to the governance, management and operations of LP&L (the “LP&L Governance Ordinance”) to include, among other things, enhancements to the requirements regarding the reserve funds LP&L maintains. The LP&L Governance Ordinance established a governing body for LP&L (the “Electric Utility Board”) and required the Electric Utility Board to (i) maintain sufficient operating cash to satisfy all current accounts payable and (ii) maintain a general reserve fund that is equal to the greater of three months gross retail electric revenue (“GRR”) as determined by taking the average monthly GRR from the previous fiscal year. On November 7, 2023, effective the same day, the City Council changed the reserve policy calculation to reflect days cash based on operating expenses with a minimum target of 90 days and an upper bound of 200 days. This change was made to reflect the City’s transition to a retail market. LP&L opened its service territory to retail market competition as of January 5, 2024, and became a “wires only” electric transmission and distribution provider. The LP&L general reserve fund shall be used for operational purposes, rate stabilization and for meeting the electric utility demand of any rapid or unforeseen increase in residential and/or commercial development. Based on the new policy, as of fiscal year-end 2025, the Target General Reserve by Policy and the actual General Reserve for LP&L were as follows:

<u>Enterprise Fund</u>	<u>Target General Reserve by Policy</u>	<u>General Reserve</u>
LP & L	\$45.7 million	\$103.5 million

Enterprise Fund Revenues . . . It is the policy of the City that each of the Electric, Water and Wastewater, and Storm Water funds be operated in a manner that results in self-sufficiency, without the need for additional monetary transfers from other funds. Such self-sufficiency is to be obtained through the rates, fees and charges of each of these enterprise funds. For purposes of determining self-sufficiency, cost recovery for each enterprise fund includes direct operating and maintenance expense, as well as indirect cost recovery, in-lieu of transfers to the General Fund for property and franchise tax payments, capital expenditures and debt service payments, where appropriate. Rate increases may be considered in future budgets as costs may warrant, including specifically the costs related to fuel charges that may affect LP&L and the cost of providing service.

Debt Service Fund Balance . . . A reasonable debt service fund balance is maintained to compensate for unexpected contingencies.

Budgetary Procedures . . . The City follows these procedures in establishing operating budgets:

- 1) Prior to September 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) Public hearings are conducted to obtain taxpayer comments.
- 3) Prior to October 1 the budget is legally enacted through passage of an ordinance.
- 4) City Council action is required for the approval of any supplemental appropriations.
- 5) The General Fund budgets major classes of revenue and expenditures to the fund level. The City Manager is authorized to transfer budgeted amounts between accounts below the fund level. Any transfer of funds between funds is presented to the City Council for approval by ordinance before the funds are transferred or expended. Appropriations for the General Fund lapse at fiscal year-end.
- 6) Certain special revenue funds and the Debt Service Fund are budgeted at the fund level on an annual basis. The Debt Service Fund achieves additional oversight through general obligation bond indenture and other contract provisions.
- 7) The budget for the General Fund is adopted on a basis consistent with generally accepted accounting principles with the exception of capital leases and capital outlay.
- 8) Capital projects and certain grants are also budgeted annually, but their budgets do not lapse at fiscal year-end. These funds have project length budgets which remain in effect until the project is completed and closed.
- 9) Budgetary comparison is presented for the General Fund, Special Revenue Funds and the Debt Service Fund in the Required Supplementary Information of the Annual Comprehensive Financial Report. The City has received the Distinguished Budget Presentation Award from the GFOA for the following budget years beginning October 1, 1983-1988 and 1990-2024. The City has submitted the 2025 Budget for award consideration.

On September 9, 2025, the City Council approved the budget and set the tax rate for the fiscal year ending September 30, 2026.

Insurance and Risk Management . . . The City is self-insured for public entity liability and health benefits coverage. The Risk Management Fund was established to account for liability claims, workers' compensation claims, and premiums for property/casualty insurance coverage. The Risk Management Fund generates its revenue through charges to other departments, which are based on costs.

The City's self-insurance liability program is funded on a cash flow basis. All self-insurance liability claims are being adjusted and paid through an in-house claims adjuster who, with the assistance of the Risk Manager, sets reserves. The City accounts for the liability program by charging premiums to replenish funds based upon losses, administrative fees, premiums, and reserve requirements. To control the risks associated with liability claims, the City purchases excess liability coverage with a \$14 million annual aggregate limit and is subject to a \$500,000 self-insured retention per claim.

For self-insured coverage, the Risk Management Fund establishes claim liabilities based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and of claims that have been incurred but not reported ("IBNR"). The length of time for which such costs must be estimated varies depending on the coverage involved. Because actual claim costs depend on complex factors such as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claim liabilities does not necessarily result in an exact amount, particularly for liability coverage. Claim liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, and other economic and social factors. Adjustments to claim liabilities are charged or credited to an expense account in the period in which they are incurred. Additionally, property and boiler coverage is accounted for in the Risk Management Fund.

At September 30, 2025, the net position of these insurance funds was as follows:

Self-insurance – health: \$6,839,937

Self-insurance – risk management: \$15,725,747

See "APPENDIX B – EXCERPTS FROM ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED SEPTEMBER 30, 2025 – Note III, Subsection O – Risk Management and Subsection P – Health Insurance".

Administration

Establishment of Audit and Investment Committee . . . In 2003, the City Council established an independent Audit and Investment Committee composed of five members. The Audit and Investment Committee is charged with maintaining an open avenue of communication between the City Council, City Manager, internal auditor and independent external auditor to assist the City in fulfilling its fiduciary responsibility to its citizens. The committee has the power to conduct or authorize investigations into the City's financial performances, internal fiscal controls, exposure and risk assessment. The committee is appointed by the City Council and

informally reports to the City Manager. The establishment of the committee is designed to serve as an additional check on the preparation of the City’s financial statements and to avoid weaknesses in the City’s internal controls, including the status and adequacy of information systems and security.

The chair of the Audit and Investment Committee is appointed by the Mayor and the other positions are filled by a vote of the City Council. At least two members of the committee are required to have a background in financial reporting, accounting or auditing, at least one member is required to be a certified public accountant, and at least one member is required to have an extensive background in investments. The current membership of the committee consists of: Chair, Terisa Clark, CPA, Clark CFO & Consulting, LLC; Vice Chair, Keith Mann, President, Diversified Lenders; Brandon Kidd, Commercial Lender, Prosperity Bank; Eddie Schulz, President, Lubbock National Bank; and Cooper Cunningham, Portfolio Manager, Western Bank.

Monthly Assessments of Revenues and Expenditures . . . Since FY 2006, City management assesses monthly the budgeted expenditures and revenues of the City and incorporates budget adjustments as necessary to better match expenditures with revenues. Transfers within the various Funds of the City are implemented on an as-needed basis to take into account changes in revenues projected to be received throughout a fiscal year as well as efficiencies realized in the provision of services to the citizens of the City.

Truth-in-Taxation . . . For FY 2026 (Tax Year 2025), the City’s total tax rate was set at \$0.472191 per \$100 taxable assessed valuation. The City’s taxable assessed valuation increased approximately \$674.4 million or 2.9% from FY 2025 to FY 2026. The City has long been committed to truth in taxation and the City Council affirmed this commitment on June 12, 2003, when it passed a resolution affirming their support for truth-in-taxation. The goal of this resolution is to allow the citizens to be better informed about the real needs of City government and if the increased revenue from increased appraisal values is truly necessary. The resolution goes on to provide that each year the tax rate should be adopted based on the actual needs of government. In addition, the City Council recognized the need for the City to be autonomous in its ability to provide the public safety, health, and quality of life for its citizens.

Retirement Plans

Each qualified employee is included in one of two retirement plans in which the City participates. These are the Texas Municipal Retirement System (“TMRS”) and the Lubbock Fire Pension Fund (“LFPF”). The City does not maintain the accounting records, hold the investments, or administer either retirement plan.

The total (aggregate for the TMRS and LFPF plans) of the City’s net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions as of September 30, 2025 and the pension expense for the year ended is as follows:

<u>FYE 9-30-25</u>	<u>TMRS</u>	<u>LFPF</u>	<u>Total</u>
Net pension liability	95,047,251	96,369,848,	191,417,099
Deferred outflows of resources	43,741,013	24,274,938	38,015,951
Deferred inflows of resources	23,238,322	5,560,256	27,798,578
Pension expense	30,071,313	11,401,897	41,473,210

Texas Municipal Retirement System . . . The City participates as one of 942 plans in the defined benefit cash-balance plan administered by the TMRS. TMRS is the statewide public retirement plan created by the State of Texas and administered in accordance with the Texas Government Code, Subtitle G, Title 8, Texas Government Code (the “TMRS Act”) as an agent multiple-employer retirement system for employees of Texas. The TMRS Act places the general administration and management of TMRS with a six-member Governor-appointed Board of Trustees; however, TMRS is not fiscally dependent on the State of Texas. TMRS issues a publicly available annual comprehensive financial report (“TMRS Annual Report”) that can be obtained at tmrs.com.

All eligible employees of the City are required to participate in TMRS. TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the Member’s benefit is calculated based on the sum of the Member’s contributions, with interest, and the city-financed monetary credits with interest, and their age at retirement and other actuarial factors. The retiring Member may select one of seven monthly benefit payment options. Members may also choose to receive a portion of their benefit as a lump sum distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member’s contributions and interest.

Member contribution rates in TMRS are either 5%, 6%, or 7% of Member’s total compensation, and the City matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (“EAN”) actuarial cost method. The City’s contribution rate is based on the liabilities created from the benefit plan options selected by the City and any changes in benefits or actual experience over time.

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City were 17.91% and 18.27% in calendar years 2024 and 2023, respectively. The City’s contributions to TMRS for the year ended September 30, 2025, were \$25,905,981, and were equal to the required contributions.

The City’s net pension liability (“NPL”) was measured as of December 31, 2024, and the Total Pension Liability (“TPL”) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

For additional information concerning the City’s retirement plans, see “APPENDIX B – EXCERPTS FROM ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED SEPTEMBER 30, 2025 – Note III, Subsection E – Retirement Plans”.

Lubbock Fire Pension Fund . . . The City contributes to the retirement plan for firefighters and eligible civilian employees in the Lubbock Fire Department known as the Lubbock Fire Pension Fund. The LFPF is a single employer, contributory defined benefit plan. The benefit provisions of the LFPF are authorized by the Texas Local Fire Fighters’ Retirement Act (“TLFFRA”). TLFFRA provides the authority and procedure to amend benefit provisions. The plan is administered by the Board of Trustees of the Lubbock Fire Pension Fund. The City does not have access to, nor can it utilize assets within the retirement plan trust. The LFPF issues a stand-alone report pursuant to GASB Statement No. 67, which may be obtained by writing the Lubbock Fire Pension Fund at 611 University Avenue, Suite 200, Lubbock, Texas 79401. See that report for all information about the plan fiduciary net position.

Firefighters and eligible civilian employees in the Lubbock Fire Department are covered by the Lubbock Fire Pension Fund, which provides service retirement, death, disability, and withdrawal benefits. The retirement benefits fully vest after 20 years of credited service. Plan members become eligible for normal service retirement at age 50 with 20 years of service. A partially vested benefit is provided for members who terminate employment with at least 10 but less than 20 years of service. If a terminated member has a fully vested benefit (with at least 20 years) but is not eligible for normal retirement, the member may elect an actuarially equivalent early retirement benefit or wait to retire starting on the date he or she would have first satisfied both age and service requirements for normal retirement if he or she had remained an eligible plan member. The present plan provides a monthly normal service retirement benefit, payable in a Joint and Two-Thirds to Spouse form of annuity, equal to 68.92% of Final 48-Month Average Salary plus \$335.05 for each year of service in excess of 20. Effective April 11, 2020, the plan was amended to change the definition of compensation used to determine the Final 48-Month Average Salary to exclude overtime compensation designated as “Call-Back Overtime Pay” that is overtime in excess of “regular normal scheduled hours.”

The contribution provisions of the Fund are authorized by TLFFRA. TLFFRA provides the authority and procedure to change the amount of contributions determined as a percentage of pay by each member and a percentage of payroll by the City.

The contribution policy of the Lubbock Fire Pension Fund requires contributions equal to 14.98% of pay by the firefighters, the rate elected by the firefighters according to TLFFRA effective September 29, 2018. For many years, the City contributed according to a long-standing formula. The City’s contribution rate to the Fund had been related to the percentage of payroll that the City contributes to the TMRS for other employees each calendar year. Beginning October 1, 2022, the City decided to discontinue the formula tied to TMRS and agreed to contribute 150% of the firefighter contribution rate, but not to exceed 21.75%. The actual City contribution rate was 21.50% in plan year 2023 and 21.75% in plan year 2024. Since the firefighter contribution rate is currently 14.98% with no plan to reduce it, the December 31, 2024 actuarial valuation includes the assumption that this current City contribution policy will continue with the City contribution rate of 21.75% at least as long as the unfunded liability amortization period. The costs of administering the plan are paid from the Fund assets.

Ultimately, the contribution policy also depends upon the total return of the Fund’s assets, which varies from year to year. Investment policy decisions are established and maintained by the board of trustees. For the year ending December 31, 2024, the money-weighted rate of return on pension plan investments was 9.23%. This measurement of the investment performance is net of investment-related expenses, reflecting the effect of the timing of the contributions received and the benefits paid during the year.

The City’s contributions to LFPF for the year ended September 30, 2025, were \$10,172,796 and were equal to the statutorily required contributions.

For additional information concerning the City’s retirement plans, see “APPENDIX B – EXCERPTS FROM ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED SEPTEMBER 30, 2025 – Note III, Subsection E – Retirement Plans”.

Other Post-Employment Benefits

In addition to pension benefits, the City currently provides certain other post-employment benefits (“OPEB”) to its employees. The City sponsors and administers an informal single-employer health/dental plan. Texas statute provides that retirees from a municipality with a population of 25,000 or more and that receive retirement benefits from a municipal retirement plan are entitled to purchase continued health benefits coverage for the person and the person’s dependents unless the person is eligible for group health benefits coverage through another employer. The State of Texas has the authority to establish and amend the requirements of this statute. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. For further information regarding the City’s OPEB obligation, see “APPENDIX B – EXCERPTS FROM ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED SEPTEMBER 30, 2025 – Note III, Subsection F”.

INVESTMENTS

The City invests its investable funds in investments authorized by Texas law, including specifically the Public Funds Investment Act (Chapter 2256, Texas Government Code, and referred to herein as the “PFIA”), in accordance with investment policies approved by the City Council of the City. Both State law and the City’s investment policies are subject to change.

Legal Investments

Under State law, the City is authorized to invest in: (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including the Federal Home Loan Banks; (2) direct obligations of the State or its agencies and instrumentalities; (3) collateralized mortgage obligations issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States; (4) other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of, the State or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation (the "FDIC") or by the explicit full faith and credit of the United States; (5) obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent; (6) bonds issued, assumed, or guaranteed by the State of Israel; (7) interest-bearing banking deposits that are guaranteed or insured by the FDIC or the National Credit Union Share Insurance Fund (the "NCUSIF") or their respective successors; (8) interest-bearing banking deposits, other than those described in clause (7), that (i) are invested through a broker or institution with a main office or branch office in this state and selected by the City in compliance with the PFIA, (ii) the broker or institution arranges for the deposit of the funds in one or more federally insured depository institutions, wherever located, for the City's account, (iii) the full amount of the principal and accrued interest of the banking deposits is insured by the United States or an instrumentality of the United States, and (iv) the City appoints as its custodian of the banking deposits, in compliance with the PFIA, the institution in clause (8)(i) above, a bank, or a broker-dealer; (9) certificates of deposit and share certificates meeting the requirements of the PFIA (i) that are issued by an institution that has its main office or a branch office in the State and are guaranteed or insured by the FDIC or the NCUSIF, or their respective successors, or are secured as to principal by obligations described in clauses (1) through (8), above, or secured in accordance with Chapter 2257, Texas Government Code, or in any other manner and amount provided by law for City deposits, or (ii) where (a) the funds are invested by the City through a broker or institution that has a main office or branch office in the State and selected by the City in compliance with the PFIA, (b) the broker or institution arranges for the deposit of the funds in one or more federally insured depository institutions, wherever located, for the account of the City, (c) the full amount of the principal and accrued interest of each of the certificates of deposit is insured by the United States or an instrumentality of the United States; and (d) the City appoints, in compliance with the PFIA, the institution in clause (9)(ii)(a) above, a bank, or broker dealer as custodian for the City with respect to the certificates of deposit; (10) fully collateralized repurchase agreements that have a defined termination date, are secured by a combination of cash and obligations described by clauses (1) or (12) which are pledged to the City, held in the City's name, and deposited at the time the investment is made with the City or with a third party selected and approved by the City, and are placed through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in the State; (11) certain bankers' acceptances with a stated maturity of 270 days or less, if the short-term obligations of the accepting bank, or of the holding company of which the bank is the largest subsidiary, are rated not less than A-1 or P-1 or the equivalent by at least one nationally recognized credit rating agency; (12) commercial paper with a stated maturity of 365 days or less that is rated at least A-1 or P-1 or an equivalent by either (i) two nationally recognized credit rating agencies, or (ii) one nationally recognized credit rating agency if the commercial paper is fully secured by an irrevocable letter of credit issued by a United States or state bank; (13) no-load money market mutual funds registered with and regulated by the Securities and Exchange Commission and complies with Securities and Exchange Commission Rule 2a-7; (14) no-load mutual funds that are registered and regulated by the Securities and Exchange Commission that have a weighted maturity of less than two years and either (i) have a duration of one year or more and are invested exclusively in obligations approved in this paragraph, or (ii) have a duration of less than one year and the investment portfolio is limited to investment grade securities, excluding asset backed securities; (15) guaranteed investment contracts that have a defined termination date and are secured by obligations described in clause (1), excluding obligations which the City is explicitly prohibited from investing in described below, and in an amount at least equal to the amount of bond proceeds invested under such contract; (16) securities lending programs if (i) the securities loaned under the program are 100% collateralized, (ii) a loan made under the program allows for termination at any time, (iii) a loan made under the program is either secured by (a) obligations described in clauses (1) through (8) above, (b) irrevocable letters of credit issued by a state or national bank that is continuously rated by a nationally recognized investment rating firm at not less than A or its equivalent, or (c) cash invested in obligations described in clauses (1) through (8) above, clauses (12) through (14) above, or an authorized investment pool, (iv) the terms of a loan made under the program require that the securities being held as collateral be pledged to the City, held in the City's name, and deposited at the time the investment is made with the City or with a third party designated by the City, (v) a loan made under the program is placed through either a primary government securities dealer or a financial institution doing business in the State, and (vi) the agreement to lend securities has a term of one year or less; and (17) hedging transactions, including hedging contracts, and related security, credit, and insurance agreements (i) in connection (a) with commodities used by the City in its general operations, (b) with the acquisition or construction of a capital project, or (c) with a project eligible under 1371.001, Texas Government Code, as amended, and (ii) that comply with the regulations of the Commodity Futures Trading Commission and the Securities and Exchange Commission.

The City may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than AAA or AAAM or an equivalent by at least one nationally recognized rating service.

The City is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

No representation is made that the Certificates will be acceptable to public entities to secure their deposits or acceptable to such institutions for investment purposes. The City has made no investigation of other laws, rules, regulations or investment criteria which might apply to any such persons or entities, or which might otherwise limit the suitability of the Certificates for any of the foregoing purposes or limit the authority of such persons or entities to purchase or invest in the Certificates for such purposes.

Additionally, with respect to the Certificates, Section 271.051 of the Texas Local Government Code, as amended, expressly provides that certificates of obligation approved by the Attorney General of Texas are legal authorized investments for banks, savings banks, trust companies, and savings and loan associations, insurance companies, fiduciaries, trustees, and guardians, and sinking funds of municipalities, counties, school districts, or other political corporations or subdivisions of the State.

Investment Policies

Under State law, the City is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that includes a list of authorized investments for City funds, maximum allowable stated maturity of any individual investment and the maximum average dollar-weighted maturity allowed for pooled fund groups. All City funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each fund's investment. Each Investment Strategy Statement will describe its objectives concerning: (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

The investment officer of a local government is allowed to invest bond proceeds or pledged revenue only to the extent permitted by the PFIA and in accordance with (i) statutory provisions governing the debt issuance (or lease, installment sale, or other agreement) and (ii) the local government's investment policy regarding the debt issuance or the agreement.

Under State law, City investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." At least quarterly the investment officers of the City shall submit an investment report detailing: (1) the investment position of the City; (2) that all investment officers jointly prepared and signed the report; (3) the beginning market value, any additions and changes to market value and the ending value of each pooled fund group; (4) the book value and market value of each separately listed asset at the beginning and end of the reporting period; (5) the maturity date of each separately invested asset; (6) the account or fund or pooled fund group for which each individual investment was acquired; and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategy statements and (b) state law. No person may invest City funds without express written authority from the City Council.

Additional Provisions

Under State law, the City is additionally required to: (1) annually review its adopted policies and strategies; (2) require any investment officers' with personal business relationships or relatives with firms seeking to sell securities to the entity to disclose the relationship and file a statement with the Texas Ethics Commission and the City Council; (3) require the registered principal of firms seeking to sell securities to the City to: (a) receive and review the City's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude investment transactions conducted between the City and the business organization that are not authorized by the City's investment policy (except to the extent that this authorization is dependent on an analysis of the makeup of the entity's entire portfolio, requires an interpretation of subjective investment standards or relates to investment transactions of the entity that are not made through accounts or other contractual arrangements over which the business organization has accepted discretionary investment authority), and (c) deliver a written statement attesting to these requirements; (4) perform an annual audit of the management controls on investments and adherence to the City's investment policy; (5) provide specific investment training for the Chief Financial Officer and investment officers; (6) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse repurchase agreement; (7) restrict its investment in mutual funds in the aggregate to no more than 15 percent of its monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service, and to invest no portion of bond proceeds, reserves and funds held for debt service, in mutual funds described by clause (14) under "INVESTMENTS – Legal Investments"; (8) require local government investment pools to conform to the new disclosure, rating, net asset value, yield calculation, and advisory board requirements; (9) adopt an ordinance or resolution stating that it has reviewed its investment policy and investment strategies and records any changes made to either its investment policy or investment strategy in the said ordinance or resolution; and (10) at least annually review, revise and adopt a list of qualified brokers that are authorized to engage in investment transactions with the City.

The City's Investment Policy and Investment Strategy

The City invests its funds according to Texas law and the City's own Investment Policy and Investment Strategy. The Investment Policy mandates five principal investment objectives: (a) compliance with all federal, state, and other legal requirements; (b) preservation of capital and protection of investment principal; (c) maintenance of sufficient liquidity to meet anticipated disbursements and cash flows; (d) diversity in market sector and maturity to minimize market risk in a particular sector; and (e) attainment of a market rate of return equal to or higher than the performance measure established by the Chief Financial Officer or the designee thereof.

The City's Investment Policy and Investment Strategy is designed to operate within the restrictions set forth in applicable state and federal laws and statutes, but it does not permit all activity allowed by those laws. The Investment Policy provides that (i) changes to state or federal laws, which restrict a permitted activity under the Investment Policy, are incorporated into the Investment Policy immediately upon becoming law and (ii) changes to state or federal laws, which do not further restrict the Investment Policy, are reviewed by the City's Audit and Investment Committee and recommended to the City Council when appropriate.

The City's Investment Policy and Investment Strategy provides that the legal investments described above under the caption "Legal Investments" are authorized investments for the City, except for investments described by clauses (3), (6), (14), (15) and (16) in the first paragraph of "INVESTMENTS – Legal Investments."

See Table 17 in "APPENDIX A – FINANCIAL INFORMATION REGARDING THE CITY" for details on the City's investable funds as of December 31, 2025.

TAX MATTERS

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Obligations is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"). Bond Counsel is of the further opinion that interest on the Obligations is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the Obligations included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Obligations. A complete copy of the proposed form of opinion of Bond Counsel relating to the Obligations is set forth in Appendix C hereto.

To the extent the issue price of any maturity of the Obligations is less than the amount to be paid at maturity of such Obligations (excluding amounts stated to be interest and payable at least annually over the term of such Obligations), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the Obligations which is excluded from gross income for federal income tax purposes. For this purpose, the issue price of a particular maturity of the Obligations is the first price at which a substantial amount of such maturity of the Obligations is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Obligations accrues daily over the term to maturity of such Obligations on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Obligations to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Obligations. Beneficial Owners of the Obligations should consult their own tax advisors with respect to the tax consequences of ownership of Obligations with original issue discount, including the treatment of Beneficial Owners who do not purchase such Obligations in the original offering to the public at the first price at which a substantial amount of such Obligations is sold to the public.

Obligations purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Obligations") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of obligations, like the Premium Obligations, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Obligations should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Obligations. The City has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Obligations will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Obligations being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Obligations. The opinion of Bond Counsel relating to the Obligations assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Obligations may adversely affect the value of, or the tax status of interest on, the Obligations. Accordingly, the opinion of Bond Counsel relating to the Obligations is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Obligations is excluded from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Obligations may otherwise affect a Beneficial Owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Obligations to be subject, directly or indirectly, in whole or in part, to federal income taxation or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislature proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Obligations. Prospective purchasers of the Obligations should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The opinion of Bond Counsel relating to the Obligations is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Obligations for federal income tax purposes. It is not binding on the Internal Revenue Service (the "Service") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the City or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the Service. The City has covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Obligations ends with the issuance of the Obligations, and, unless separately engaged, Bond Counsel is not obligated to defend the City or the Beneficial Owners regarding the tax-exempt status of the Obligations in the event of an audit examination by the Service. Under current procedures the Beneficial Owners would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of Service positions with which the City legitimately disagrees, may not be practicable. Any action of the Service, including but not limited to selection of the Obligations for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Obligations, and may cause the City or the Beneficial Owners to incur significant expense.

Payments on the Obligations generally will be subject to U.S. information reporting and possibly to "backup withholding." Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate Beneficial Owner of the Obligations may be subject to backup withholding with respect to "reportable payments," which include interest paid on the Obligations and the gross proceeds of a sale, exchange, redemption, retirement or other disposition of the Obligations. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number ("TIN") to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a "notified payee underreporting" described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against a Beneficial Owner's federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain Beneficial Owners (including among others, corporations and certain tax-exempt organizations) are not subject to backup withholding. The failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

RATINGS

The Obligations are rated "AA+" by S&P Global Ratings, a division of S&P Global Inc. and "AA+" by Fitch Ratings, Inc. An explanation of the significance of such ratings may be obtained from the company furnishing the rating.

The City has outstanding ad valorem tax-supported debt rated "Aa2" by Moody's Ratings ("Moody's"). The City did not request a rating on the Obligations from Moody's.

The ratings reflect only the respective views of such organizations and the City makes no representation as to the appropriateness of the ratings. There is no assurance that such ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely by any or all of such rating companies, if in the judgment of any or all companies, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Obligations. A credit rating on a security is not a recommendation to buy, sell or hold such securities and may be subject to revision or withdrawal at any time.

Periodically, rating agencies will evaluate and, on occasion as a result of these evaluations revise, their rating methodologies and criteria for municipal issuers such as the City. A revision in a rating agency's rating methodology could result in a positive or negative change in a rating assigned by that agency, even if the rated entity has experienced no material change in financial condition or operation. Any of the rating agencies at any time while the Obligations remain outstanding could undertake such an evaluation process.

LITIGATION

A number of claims against the City, as well as certain other matters of litigation, are pending with respect to various matters arising in the normal course of the City's operations. The City Attorney and the City Management are of the opinion that resolution of the claims pending (including the matters, if any, identified in the notes to the City's financial statements, attached to this Official Statement as APPENDIX B) will not have a material effect on the City's operations or financial condition and there is no other litigation or procedures pending or, to their knowledge, threatened against the City in any court, agency or administrative body (either state or federal) wherein an adverse decision would materially adversely affect the operations or financial condition of the City.

REGISTRATION AND QUALIFICATION OF THE OBLIGATIONS FOR SALE

The sales of the Obligations have not been registered under the Federal Securities Act of 1933, as amended, in reliance upon the exemption provided thereunder by Section 3(a)(2); and the Obligations have not been qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Obligations been qualified under the securities acts of any jurisdiction. The City assumes no responsibility for qualification of the Obligations under the securities laws of any jurisdiction in which the Obligations may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for qualification for sale or other disposition of the Obligations shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration provisions.

It is the obligation of the Underwriters to register or qualify the sale of the Obligations under the securities laws of any jurisdiction which so requires. The City agrees to cooperate, at the Underwriters' written request and sole expense, in registering or qualifying the Obligations or in obtaining an exemption from registration or qualification in any state where such action is necessary; provided, however, that the City shall not be required to qualify as a foreign corporation or to execute a general or special consent to service of process in any jurisdiction.

LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS

Section 1201.041 of the Public Security Procedures Act (Chapter 1201, Texas Government Code) provides that the Obligations are negotiable instruments governed by Chapter 8, Texas Business and Commerce Code, and are legal and authorized investments for insurance companies, fiduciaries, and trustees, and for the sinking funds of municipalities or other political subdivisions or public agencies of the State of Texas. With respect to investment in the Obligations by municipalities or other political subdivisions or public agencies of the State of Texas, the PFIA requires that the Obligations be assigned a rating of "A" or its equivalent as to investment quality by a national rating agency. See "RATINGS" herein. In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Obligations are legal investments for state banks, savings banks, trust companies with at capital of one million dollars or more, and savings and loan associations. The Obligations are eligible to secure deposits of any public funds of the State, its agencies, and its political subdivisions, and are legal security for those deposits to the extent of their market value. No review by the City has been made of the laws in other states to determine whether the Obligations are legal investments for various institutions in those states.

LEGAL MATTERS

The delivery of each series of the Obligations is subject to the approval of the Attorney General of Texas to the effect that the Obligations are valid and legally binding obligations of the City payable from sources and in the manner described herein and in the Ordinances and the legal opinions of Bond Counsel. The forms of Bond Counsel's opinions (the "Bond Opinions") are attached hereto in Appendix C. The legal fee to be paid Bond Counsel for services rendered in connection with the issuance of each series of the Obligations is contingent upon the sale and delivery of each respective series of Obligations. The legal opinions of Bond Counsel will accompany the Obligations deposited with DTC or will be printed on the definitive Obligations in the event of the discontinuance of the Book-Entry-Only System. Certain legal matters will be passed upon for the Underwriters by McCall, Parkhurst & Horton L.L.P., Dallas and San Antonio, Texas, Counsel for the Underwriters. The legal fee of such firm is contingent upon the sale and delivery of the Obligations.

Bond Counsel was engaged by, and only represents, the City. Except as noted below, Bond Counsel did not take part in the preparation of the Official Statement, and such firm has not assumed any responsibility with respect thereto or undertaken independently to verify any of the information contained herein except that in its capacity as Bond Counsel, such firm has reviewed the information appearing in this Official Statement under the captions "PLAN OF FINANCE" (excluding the subcaption "Sources and Uses of Proceeds"), "THE OBLIGATIONS" (excluding the subcaption "Book-Entry-Only System"), "TAX MATTERS", "REGISTRATION AND QUALIFICATION OF THE OBLIGATIONS FOR SALE," "LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS," "LEGAL MATTERS," and "CONTINUING DISCLOSURE OF INFORMATION" (except for the subcaption "Compliance with Prior Undertakings"), excluding any material that may be treated as included under such captions or subcaptions by cross references or reference to other documents or sources, and such firm is of the opinion that, insofar as such statements expressly summarize certain provisions of the Obligations, the Ordinances and certain matters in the Bond Opinions, such statements are accurate in all material respects.

The legal opinions to be delivered concurrently with the delivery of the Obligations express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

INVESTMENT CONSIDERATIONS

Cyber Security

Computer networks and data transmission and collection are vital to the operations of the City. Information technology and infrastructure of the City may be subject to attacks by outside or internal hackers and may be subject to breach by employee error, negligence or malfeasance. An attack or breach could compromise systems and the information stored thereon, result in the loss of confidential or proprietary data and disrupt the operations of the City. To mitigate these risks, the City continuously endeavors to improve the range of control for digital information operations, enhancements to the authentication process, and additional measures toward improving system protection/security posture.

Weather Events

The City is located in West Texas. Land located in this area is susceptible to high winds, tornados, fires and arid conditions. If a future weather event significantly damages all or part of the properties comprising the tax base within the City, the assessed value of property within the City could be substantially reduced, which could result in a decrease in tax revenue and/or necessitate an increase in the City's tax rate. Under certain conditions, Texas law allows the City to increase property tax rates without voter approval upon the occurrence of certain disasters such as a tornado, flooding or extreme drought and upon gubernatorial or presidential declaration of disaster. There can be no assurance that a casualty loss to taxable property within the City will be covered by insurance (or that property owners will carry flood or the appropriate, applicable other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds or that insurance proceeds will be used to rebuild or repay any damaged improvements within the City or be sufficient for such purposes. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the City could be adversely affected.

CONTINUING DISCLOSURE OF INFORMATION

In each Ordinance, the City has made the following agreement for the benefit of the holders and beneficial owners of the applicable series of Obligations. The City is required to observe the agreement for so long as it remains obligated to advance funds to pay the Obligations. Under the agreement, the City will be obligated to provide certain updated financial information and operating data annually, and timely notice of certain specified events, to the MSRB pursuant to the requirements of Section (b)(5) of Rule 15c2-12 of the United States Securities and Exchange Commission (the "Rule").

Annual Reports

The City will provide to the MSRB updated financial information and operating data annually. The information to be updated includes quantitative financial information and operating data with respect to the City of the general type included in this Official Statement in APPENDIX A (Tables 1-5 and 7-17) and in APPENDIX B. The City will provide this information within 6 months after the end of each fiscal year ending in or after 2026. If audited financial statements are not available when the information is provided, the City will provide audited financial statements when and if they become available and unaudited financial statements within 12 months after fiscal year end, unless audited financial statements are sooner provided. Financial statements will be prepared in accordance with the accounting principles described in APPENDIX B or such other accounting principles as the City may be required to employ from time to time pursuant to state law or regulation. The City may provide updated information in full text or may incorporate by reference documents available on EMMA or filed with the U.S. Securities and Exchange Commission (the "SEC").

The City's current fiscal year end is September 30. Accordingly, the City must provide updated financial information and operating data included in the above referenced tables by March 31 in each year and audited financial statements for the preceding fiscal year (or unaudited financial statements if the audited financial statements are not yet available) must be provided by September 30 in each year, unless the City changes its fiscal year. If the City changes its fiscal year, it will file notice of the change (and of the date of the new fiscal year end) with the MSRB via EMMA prior to the next day which the City would otherwise be required to provide financial and operating data as set forth above.

Notice of Certain Events

The City will also provide timely notices of certain specified events to the MSRB via EMMA. The City will provide notice of any of the following events with respect to the Obligations within ten Business Days after the occurrence of such event: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Obligations, or other material events affecting the tax status of the Obligations; (7) modifications to rights of holders of the Obligations, if material; (8) Obligation calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Obligations, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the City; (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than

pursuant to its terms, if material; (14) appointment of a successor trustee or change in the name of the trustee, if material; (15) incurrence of a debt obligation of the City or a derivative instrument entered into by the City in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or a guarantee by the City of any such debt obligation or derivative instrument, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of any such debt obligation, derivative instrument, or guarantee of the City, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of any such debt obligation, derivative instrument, or guarantee of the City, any of which reflect financial difficulties.

For these purposes, any event described in the immediately preceding paragraph (12) is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the City in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the City, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers of the City in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the City.

The City shall also file notice with the MSRB, in a timely manner, of any failure by the City to provide financial information or operating data described in “Annual Reports” above by the time required as described above.

Availability of Information

The City has agreed to provide the foregoing information only as described above. The information will be available free of charge via the EMMA system at www.emma.msrb.org.

Limitations and Amendments

The City has agreed to update information and to provide notices of certain events only as described above. The City has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The City makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Obligations at any future date. The City disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Obligations may seek a writ of mandamus to compel the City to comply with its agreement.

The City may amend its continuing disclosure agreement from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the City, if (i) the agreement, as amended, would have permitted an underwriter to purchase or sell Obligations, in the offering described herein in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and (ii) either (a) the holders of a majority in aggregate principal amount of the outstanding Obligations consent to the amendment or (b) any person unaffiliated with the City (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the holders and beneficial owners of the Obligations. The City may also amend or repeal the provisions of this continuing disclosure agreement if the SEC amends or repeals the applicable provisions of the Rule or a court of final jurisdiction enters judgment that such provisions of the Rule are invalid, but only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling the Obligations in the primary offering of such Obligations.

If the City so amends the agreement, it has agreed to include with the next financial information and operating data provided in accordance with its agreement described above under “Annual Reports” an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance with Prior Undertakings

During the last five years, the City has complied in all material respects with all continuing disclosure agreements entered into by it in accordance with the Rule.

VERIFICATION OF ARITHMETICAL AND MATHEMATICAL COMPUTATIONS

The Verification Agent, a firm of independent certified public accountants, will deliver to the City, on or before the settlement date of the Bonds, its verification report indicating that it has verified, in accordance with the Statement on Standards for Consulting Services established by the American Institute of Certified Public Accountants, the mathematical accuracy of the mathematical computations of the adequacy of the cash and the maturing principal of and interest on the Escrowed Securities, to pay, when due, the maturing principal of, interest on and related call premium requirements, if any, of the Refunded Obligations.

The Verification Agent, relied on the accuracy, completeness and reliability of all information provided to it by, and on all decisions and approvals of, the City. In addition, Verification Agent, has relied on any information provided to it by the City's retained advisors, consultants or legal counsel. Verification Agent was not engaged to perform audit or attest services under AICPA auditing or attestation standards or to provide any form of attest report or opinion under such standards in conjunction with this engagement.

The verification report will be relied upon by Bond Counsel in rendering its opinion with respect to the defeasance of the Refunded Obligations.

MUNICIPAL ADVISOR

RBC Capital Markets, LLC ("RBCCM") is engaged as Municipal Advisor to the City in connection with the issuance of the Obligations. The Municipal Advisor's fee for services rendered with respect to the sale of the Obligations is contingent upon the issuance and delivery of the Obligations. RBCCM, in its capacity as Municipal Advisor, does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal income tax status of the Obligations or the possible impact on the Obligations of any present, pending or future actions taken by any legislature or judicial bodies. RBCCM, as Municipal Advisor, is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information in this Official Statement.

UNDERWRITING

The Underwriters have agreed, subject to certain conditions, to purchase the Bonds from the City at a price equal to the initial offering prices as shown on page ii of this Official Statement, at an underwriting discount of \$ _____.

The Underwriters have agreed, subject to certain conditions, to purchase the Certificates from the City at a price equal to the initial offering prices as shown on page ii of this Official Statement, at an underwriting discount of \$ _____.

The Underwriters will be obligated to purchase all of the Obligations of each series if any Obligations of such series are purchased. The Obligations to be offered to the public may be offered and sold to certain dealers (including the Underwriters and other dealers depositing Obligations into investment trusts) at prices lower than the public offering prices of such Obligations and such public offering prices may be changed, from time to time, by the Underwriters.

The Underwriters have provided the following sentence for inclusion in this Official Statement. The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their responsibilities to investors under federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various investment banking services for the City for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the City.

Jefferies, an Underwriter of the Obligations, and its affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Under certain circumstances, Jefferies and its affiliates may have certain creditors and/or other rights against the City and its affiliates in connection with such activities. In the course of their various business activities, Jefferies and its affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the City (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the City. Jefferies and its affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to the clients that they should acquire, long and/or short positions in such assets, securities and instruments.

FORWARD-LOOKING STATEMENTS

The statements contained in this Official Statement, and in any other information provided by the City, that are not purely historical, are forward-looking statements, including statements regarding the City's expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available to the City on the date hereof, and the City assumes no obligation to update any such forward-looking statements. The City's actual results could differ materially from those discussed in such forward-looking statements.

The forward-looking statements included herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal, and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial, and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the City. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement will prove to be accurate.

MISCELLANEOUS

The financial data and other information contained herein have been obtained from the City's records, audited financial statements and other sources which are believed to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will be realized. All of the summaries of the statutes, documents and resolutions contained in this Official Statement are made subject to all of the provisions of such statutes, documents and resolutions. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information. Reference is made to original documents in all respects.

The Ordinances authorizing the issuance of the Obligations approves the form and content of this Official Statement, and any addenda, supplement or amendment thereto, and authorizes its execution by an Authorized Officer and its further use in the reoffering of the Obligations by the Underwriters.

Authorized Officer
City of Lubbock, Texas

Per Capita General Purpose Funded Debt Payable from Ad Valorem Taxes		\$	1,382

(a) The statement of indebtedness does not include the City's outstanding Electric Light and Power System Revenue Bonds payable solely from the Net Revenues of the Lubbock Power and Light System or the City's Water and Wastewater System Revenue Bonds payable solely from the Net Revenues of the Water and Wastewater System or any contract revenue bonds.

(b) Preliminary, subject to change. The City is refunding some of its outstanding general obligation debt to its Water and Wastewater System revenue debt.

(c) Preliminary, subject to change.

(d) As a matter of policy, the City issues general obligation debt (general obligation bonds, certificates and tax notes) to fund improvements for many of its enterprise funds. The City provides detailed information on the general obligation debt supported by the following enterprise funds: Water and Wastewater System, Storm Water System, Tax Increment Finance Reinvestment Zones, Airport, Electric Light and Power System, Cemetery, Gateway Streets, Hotel Occupancy Tax projects, the Auditorium/Coliseum and the Internal Service Fund (see "TABLE 8 - INTEREST AND SINKING FUND BUDGET PROJECTION," "TABLE 9 - GENERAL OBLIGATION DEBT SERVICE REQUIREMENTS," "TABLE 10 - DIVISION OF GENERAL OBLIGATION DEBT SERVICE REQUIREMENTS," AND "TABLE 11 - COMPUTATION OF SELF-SUPPORTING DEBT"). The City historically issued general obligation debt to fund improvements to its Water and Wastewater System and its Electric Light and Power System, but currently issues revenue debt to fund improvements to each of these two systems. The remaining outstanding general obligation debt that is paid from the Water and Wastewater System and the Electric Light and Power System is detailed herein.

The City combined its Waterworks System and Wastewater System into a Water and Wastewater System at the beginning of FY 2018. Prior to the consolidation of the Water and Wastewater System, the City issued certain general obligation debt to finance or refinance improvements to the Waterworks System and Wastewater System, respectively. The City expects to continue to pay any remaining general obligation debt that has a water or wastewater enterprise fund assignment from revenues of the combined Water and Wastewater System. In addition to the general obligation debt assigned to the Water and Wastewater System, the City currently has \$266,865,000 of outstanding Water and Wastewater System Revenue Bonds payable from a pledge of system revenues and is selling its Water and Wastewater System Revenue Improvement and Refunding Bonds, Series 2026 (the "W&WW Bonds"), concurrently through a separate offering document.

The City's Airport General Obligation Debt has been issued to finance or refinance Airport improvements, and is being paid, or is expected to be paid from revenues derived from the Airport. The City has no outstanding Airport Revenue Bonds.

The City's Storm Water System General Obligation Debt has been issued for Storm Water System improvements, and is being paid, or is expected to be paid, from revenues derived from Storm Water System fees. The City has no outstanding Storm Water System Revenue Bonds.

The City's Tax Increment Financing General Obligation Debt has been issued to finance or refinance construction of improvements in the North Overton TIF, and is being paid or is expected to be paid, from revenues derived from the Pledged Tax Increment Revenues. The City has no outstanding Tax Increment Financing Revenue Bonds. In FY 2025, the City anticipates that tax increment revenues will be adequate to cover debt requirements on the Tax Increment Financing General Obligation Debt. In the instance that tax increment revenues are not sufficient to pay debt service on the Tax Increment Financing General Obligation Debt, the City intends to make an interfund loan to cover the debt service and, if the projected development in the North Overton TIF proceeds as expected, repay such loan from revenues received in future years. There could be years in which the TIRZ may not produce revenues in amounts sufficient to cover all debt issued for TIRZ improvements, at least until the TIRZ has reached full build-out status. If revenues are insufficient and no interfund loan is made, the City is obligated to pay such obligations from ad valorem taxes.

The City's Electric Light and Power System General Obligation Debt has been issued to finance or refinance Electric Light and Power System improvements, and is being paid or is expected to be paid, from revenues derived from the Lubbock Power and Light System. In addition to the general obligation debt assigned to the Electric Light and Power System, the City has \$438,920,000 of outstanding Electric Light and Power System Revenue Bonds payable from a pledge of system revenues.

The City's Gateway General Obligation Debt has been issued to finance or refinance Gateway Streets improvements, and is being paid, or is expected to be paid from franchise fees. The City has no outstanding Gateway Fund Revenue Bonds.

The City's Hotel Occupancy Tax General Obligation Debt has been issued to finance tourism projects and is being paid, or is expected to be paid, from hotel occupancy taxes. The City has no Hotel Occupancy Tax Bonds.

The City's Internal Service Fund General Obligation debt has been issued to finance or refinance fleet and equipment purchased by the City that is utilized by specific departments and is being paid by departmental charges. The City has no outstanding Internal Service Fund Revenue Bonds.

A portion of the Refunded Obligations have various enterprise fund assignments. Post the refunding the City will allocate a portion of the refunding debt service of the Bonds back to the various City enterprise funds on a pro-rata basis.

^(a) Source: Population estimates as provided by the City based on year estimate used by the City for planning purposes.

^(b) Includes the portion of the City's tax note debt service and the City's general obligation debt service that is expected to be paid from ad valorem tax revenues. Does not include the City's general obligation self-supporting debt that is paid from revenues of an enterprise fund (see "APPENDIX A - FINANCIAL INFORMATION REGARDING THE CITY - TABLE 1 - VALUATION, EXEMPTIONS AND GENERAL OBLIGATION DEBT" and "TABLE 3B - DERIVATION OF GENERAL PURPOSE FUNDED TAX DEBT").

^(c) Fiscal year end projection. Includes the Obligations; Excludes the Refunded Obligations; preliminary, subject to change.

TABLE 3B - DERIVATION OF GENERAL PURPOSE FUNDED TAX DEBT

The following table sets forth certain information with respect to the City's general purpose and self-supporting general obligation debt, including general obligation bonds, certificates, SIB Loan and tax notes. The City expects to issue additional general purpose and self-supporting general obligation debt within the next twelve months (see "ANTICIPATED ISSUANCE OF GENERAL OBLIGATION DEBT").

Fiscal Year Ended 30-Sep	Par Amount		
	Total Tax Debt Outstanding	Less: Self-Supporting Tax Debt	General Purpose Tax Debt Outstanding
	2021	\$705,669,285	\$487,217,998
2022	660,951,234	431,335,000	229,616,234
2023	651,760,509	395,667,870	256,092,639
2024	676,326,764	375,265,595	301,061,169
2025	599,254,642	267,171,041	332,083,601
2026 ^(a)	564,993,778	188,145,000	376,848,778

^(a) Fiscal year end projection. Includes the Obligations. Excludes the obligations refunded by the W&WW Bonds and the Refunded Obligations. Preliminary, subject to change. A portion of the Refunded Obligations have various enterprise fund assignments. Post the refunding the City will allocate a portion of the refunding debt service of the Bonds back to the various City enterprise funds on a pro-rata basis.

TABLE 6 - ESTIMATED OVERLAPPING DEBT

Expenditures of the various taxing entities within the territory of the City are paid out of ad valorem taxes levied by such entities on properties within the City. Such entities are independent of the City and may incur borrowings to finance their expenditures. This statement of direct and estimated overlapping ad valorem tax bonds ("Tax Debt") was developed from information contained in "Texas Municipal Reports" published by the Municipal Advisory Council of Texas. Except for the amounts relating to the City, the City has not independently verified the accuracy or completeness of such information, and no person should rely upon such information as being accurate or complete. Furthermore, certain of the entities listed may have issued additional Tax Debt since the date hereof, and such entities may have programs requiring the issuance of substantial amounts of additional Tax Debt, the amount of which cannot be determined. The following table reflects the estimated share of overlapping Tax Debt of the City.

<u>Taxing Jurisdiction</u>	<u>Gross Debt (As of 1/31/2026)^(a)</u>	<u>Estimated % Overlapping</u>	<u>Overlapping Debt</u>
Frenship ISD	\$ 619,945,000	76.35%	\$ 473,328,008
Idalou ISD	8,775,000	6.78%	594,945
Lubbock County	114,745,000	80.44%	92,300,878
Lubbock ISD	490,150,000	98.28%	481,719,420
Lubbock-Cooper ISD	605,323,044	74.14%	448,786,505
New Deal ISD	42,385,000	42.77%	18,128,065
Roosevelt ISD	61,800,000	14.16%	8,750,880
Estimated Overlapping Debt			\$ 1,523,608,700
City of Lubbock	\$ 376,848,778 ^(b)	100.00%	376,848,778 ^(b)
Total Direct & Estimated Overlapping Debt			\$ 1,900,457,478
As a percentage of 2025/26 Taxable Assessed Valuation			6.55%
Per Capita Total Direct & Estimated Overlapping Debt			\$ 6,967

^(a) Source of overlapping issuer debt and overlapping percentages - Texas Municipal Report of the Municipal Advisory Council of Texas.

^(b) Principal shown here includes the portion of the City's general obligation debt service and the City's tax note debt service that is expected to be paid from ad valorem tax revenues. Excludes the City's general obligation and tax note self-supporting debt that expected to be paid from revenues of an enterprise fund (see "Table 1 - VALUATION, EXEMPTIONS AND GENERAL OBLIGATION DEBT" and "Table 10 - DIVISION OF GENERAL OBLIGATION DEBT SERVICE REQUIREMENTS"). Excludes lease/purchase obligations and revenue bonds of the City. Includes the Obligations; excludes the Refunded Obligations; preliminary, subject to change.

TABLE 7 - TAX ADEQUACY ^(a)

Average Annual Debt Service Requirements (FY2026-FY2046):	\$ 39,396,116
\$ 0.13723 per \$100 AV against the 2024 Taxable AV at 99% collection, produces	\$ 39,399,082
Maximum Annual Debt Service Requirements (FY2026):	\$ 85,713,418
\$ 0.29855 per \$100 AV against the 2024 Taxable AV at 99% collection, produces	\$ 85,714,465

^(a) Debt service shown here includes the City's tax notes outstanding and its SIB Loan. Includes all outstanding general obligation debt of the City whether tax supported or enterprise fund supported (see "TABLE 1 - VALUATION, EXEMPTIONS AND GENERAL OBLIGATION DEBT" and "TABLE 10 - DIVISION OF GENERAL OBLIGATION DEBT SERVICE REQUIREMENTS"). Excludes lease/purchase obligations and revenue debt of the City. Includes the Obligations; excludes the Refunded Obligations; preliminary subject to change.

TABLE 8 - INTEREST AND SINKING FUND BUDGET PROJECTION

General Obligation Debt Service Requirement, Tax Supported FY 2026 ^(a)	\$ 38,141,729	
Fiscal Agent Fees/Bond Sale Charges		20,000
Interest and Sinking Fund Balance as of Sept. 30, 2025	\$14,868,746	
2026 Projected Interest and Sinking Fund Tax Levy @ 99.5%	28,716,102	
Estimated Other Local Revenue (transfers in) ^(b)	4,028,870	
Estimated Interest Earnings	<u>350,000</u>	<u>47,963,718</u>
Projected Interest & Sinking Fund Balance, Sept. 30, 2026		\$ 9,801,989

^(a) Debt service shown here includes the portion of the City's general obligation debt service that is expected to be paid from ad valorem tax revenues in FY2025. Excludes the City's general obligation self-supporting debt that is expected to be paid from revenues of an enterprise fund (see "TABLE 1 - VALUATION, EXEMPTIONS AND GENERAL OBLIGATION DEBT" and "TABLE 10 - DIVISION OF GENERAL OBLIGATION DEBT SERVICE REQUIREMENTS"). Excludes lease/purchase obligations and revenue debt of the City. Includes the Obligations; excludes the Refunded Obligations; preliminary, subject to change.

^(b) Estimated Other Local Revenue includes transfers to the debt service fund from LP&L, Water and Wastewater, and Storm Water for their departmental portion of the debt service for the Citizen's Tower project as well as from various internal departments for their portion of the City's general purpose tax note debt service.

Average Annual Debt Service Requirements (FY2026-FY2046): \$ 39,396,116

Maximum Annual Debt Service Requirements (FY2026): \$ 85,713,418

^(a) Includes debt service on the City's outstanding general obligation bonds, certificates of obligation, tax notes and SIB Loan. Includes the City's general obligation self-supporting debt that is paid from enterprise funds (see "Table 1 - VALUATION, EXEMPTIONS AND GENERAL OBLIGATION DEBT" and "TABLE 10 - DIVISION OF GENERAL OBLIGATION DEBT SERVICE REQUIREMENTS"). Excludes revenue bonds and contract revenue bonds of the City.

^(b) Concurrently with the Obligations, the City is selling W&WW Bonds that include a refunding of outstanding general obligation debt that has a water & wastewater system enterprise fund assignment. Such debt is being refunded to the Water & Wastewater system revenue credit. The refunding is anticipated to result in debt service savings. Preliminary, subject to change.

^(c) Preliminary, subject to change.

^(d) For illustrative purposes only debt service on the Bonds and the Certificates are shown with a true interest cost of 3.736% Preliminary, subject to change.

^(e) Includes issuer contribution to the refunding of approximately \$1,100,000. Preliminary subject to change.

	<u>\$54,815,022</u>	<u>\$88,014,743</u>	<u>\$13,855,061</u>	<u>\$7,729,863</u>	<u>\$2,357,547</u>	<u>\$49,681,389</u>	<u>\$173,375</u>	<u>\$47,349,865</u>	<u>\$25,828,111</u>	<u>\$458,481,277</u>	<u>(\$66,320,300)</u>	<u>\$125,483,960</u>	<u>\$18,768,515</u>	<u>\$827,318,426</u>

^(a) The City's general obligation debt matures on February 15 of each year; interest is paid on February 15 and August 15.

^(b) As a matter of policy, the City has historically issued general obligation to fund improvements for many of its enterprise funds. The table provides details on the allocation of general obligation debt service to the identified enterprise funds. A portion of the Refunded Obligations have enterprise fund assignments. Post the refunding, the City will allocate a portion of the refunding debt service of the Bonds back to the various City enterprise funds on a pro-rata basis.

^(c) As of 2019, the City has issued water and wastewater system revenue bonds that are secured by a pledge of the revenues of the water and wastewater system for capital projects of the system. The City does not intend to issue any future general obligation bonds or combination tax and revenue certificates of obligation for the purpose of making improvements in the water and wastewater system. The self-supporting general obligation debt listed here does not include the outstanding water and wastewater system revenue bond debt service. Debt service excludes the obligations refunded by the W&WW Bonds. Preliminary, subject to change.

^(d) As of 2010, the City has issued electric light & power system revenue bonds that are secured by a pledge of the revenues of the electric light & power system for capital projects of the system. The City does not intend to issue any future general obligation bonds or combination tax and revenue certificates of obligation for the purpose of making improvements in the electric light & power system. The self-supporting general obligation debt listed here does not include the outstanding electric light & power system revenue bond debt service.

^(e) Preliminary, subject to change.

TABLE 11 - COMPUTATION OF SELF-SUPPORTING DEBT

THE WATER AND WASTEWATER FUND^{(a)(b)}

System Net Revenue Available, Fiscal Year Ended 9-30-25	\$ 84,958,033
Less: DS Requirements for Revenue Bonds, Fiscal Year Ended 9-30-26	<u>44,105,190</u>
Balance Available for Other Purposes	40,852,843
Requirements for General Obligation Debt Service Paid from Fund, Fiscal Year Ending 9-30-26	11,765,965
Percentage of Fund General Obligation Debt Self-Supporting	100.00%

^(a) The City combined its Waterworks System and Wastewater System into a Water and Wastewater System at the beginning of FY 2018.

^(b) Each Fiscal Year, the City transfers an amount equal to the debt service requirements of the general obligation debt service expected to be paid from the Water and Wastewater Fund to a segregated account in the Water and Wastewater Fund.

THE STORM WATER FUND^(a)

System Net Revenue Available, Fiscal Year Ended 9-30-25	\$ 15,180,586
Less: DS Requirements for Revenue Bonds, Fiscal Year Ended 9-30-26	<u>-</u>
Balance Available for Other Purposes	15,180,586
Requirements for General Obligation Debt Service Paid from Fund, Fiscal Year Ending 9-30-26	11,062,330
Percentage of Fund General Obligation Debt Self-Supporting	100.00%

^(a) Each Fiscal Year, the City transfers an amount equal to the debt service requirements of the general obligation debt service expected to be paid from the Storm Water Fund to a segregated account in the Storm Water Fund.

THE ELECTRIC LIGHT AND POWER FUND^(a)

System Net Revenue Available, Fiscal Year Ended 9-30-25	\$ 58,695,253
Less: DS Requirements for Revenue Bonds, Fiscal Year Ended 9-30-26	<u>37,220,681</u>

TABLE 13 - OTHER OBLIGATIONS*

Capital Leases

The City has paid off all of its capital leases outstanding and does not anticipate undertaking any new capital leases at this time.

Contract Revenue Bonds

The City also has obligations to pay various contract revenue bonds issued by the Canadian Municipal River Authority. All Contract Revenue Bonds are payable from revenues from the Water and Wastewater System prior to the payment of the City's Water and Wastewater System Revenue Bonds. The debt service requirements of the contract revenue bonds are detailed below.

FYE	Contract Revenue Bonds		
	Principal	Interest	Total
30-Sep			
2026	\$ 3,332,415	\$ 3,851,280	\$ 7,183,695
2027	2,747,094	3,852,588	6,599,682
2028	2,203,226	1,376,417	3,579,643
2029	2,015,816	5,095,100	7,110,916
2030	2,000,754	1,307,746	3,308,500
2031	677,121	1,298,996	1,976,116
	\$ 12,976,425	\$ 16,782,127	\$ 29,758,552

*Debt service on the City's outstanding tax notes is consolidated with the general obligation debt service shown in Table 9 and Table 10 herein.

[Remainder of page left blank intentionally.]

TABLE 12 - AUTHORIZED BUT UNISSUED GENERAL OBLIGATION BONDS^(a)

<u>Purpose</u>	<u>Date Authorized</u>	<u>Amount Authorized</u>	<u>Issued To Date</u>	<u>The Bonds</u>	<u>Remaining Unissued</u>
Street Improvements	11/8/2022	\$ 200,000,000	\$ 142,000,000	\$ 16,600,000 ^(b)	\$ 41,400,000 ^(c)
Street Improvements	11/5/2024	103,400,000	19,400,000	25,700,000 ^(b)	58,300,000 ^(c)
Total		\$ 303,400,000	\$ 161,400,000	\$ 42,300,000	\$ 99,700,000

^(a) In addition to the authorized but unissued general obligation bonds described in Table 12, approximately \$7,478,000 of general obligation bonds approved by voters at elections held on May 21, 1977, October 17, 1987, May 1, 1993 and May 15, 2004, remain unissued.

^(b) Includes premium on the Bonds. Preliminary subject to change.

^(c) Preliminary subject to change.

ANTICIPATED ISSUANCE OF GENERAL OBLIGATION DEBT. . . The City typically issues voted bonds for general purpose City projects, such as streets, parks, libraries, civic centers, public safety improvements. However, the City has incurred substantial non-voted tax supported debt to fund portions of the capital budget of the Electric Fund, Water and Wastewater Fund, Storm Water Fund, Tax Increment Fund, Gateway Fund, and Airport Fund. Such enterprise fund indebtedness is generally anticipated to be self-supporting from enterprise fund revenues.

The City Council adopted a resolution during the FY 1985 budget process establishing capital maintenance funds for capital projects. A capital improvement plan is made annually for planning purposes and may identify projects that will be deferred or omitted entirely in future years. In addition, as conditions change, new projects may be added that are not currently identified. Under current City policy, for a project to be funded as a capital project it must have a cost of \$25,000 or more and a life of seven or more years. The improvements included in the City's capital improvement plan are generally funded from a blend of debt proceeds, reserves or current year revenue sources.

For FY 2026, the City Council approved total capital projects expenditures, excluding vehicles, of \$258.9 million for all general purpose projects, as well as projects for the electric fund, water and wastewater fund, solid waste fund, stormwater funds and airport fund. The Capital Projects Fund budget for FY 2026 also includes an additional \$827.4 million in planned future improvements for all City departments over the five succeeding fiscal years.

Beyond the Obligations, the City also plans to complete a tax note issuance for approximately \$16,82,014 in proceeds and an Electric Light & Power System Revenue Bond issuance for approximately \$150,000,000 during fiscal year 2026. The City does not anticipate the issuance of any other general obligation debt in FY 2026. The City anticipates issuing general obligation bonds authorized by the 2022 Bond Election and the 2024 Bond Election annually in various amounts in the next few years. The amount and timing of any additional issuance of general obligation debt will be determined at a future date.

TABLE 17 - CURRENT INVESTMENTS

As of December 31, 2025, the City's investable funds were invested in the following categories:

Type	Par Value	Book Value		Estimated Market Value^(a)	
		Value	% of Total Book Value	Value	% of Total Market Value
Cash	\$ 9,171,659	\$ 9,171,659	1.27%	\$ 9,171,659	1.26%
Investments	329,304,000	325,849,863	45.01%	327,284,560	45.12%
Local Government Investment Pools ^(b)	342,391,953	342,391,953	47.29%	342,391,953	47.20%
Money Market Mutual Funds ^(c)	46,575,318	46,575,318	6.43%	46,575,318	6.42%
Total	\$ 727,442,929	\$ 723,988,793	100.00%	\$ 725,423,489	100.00%

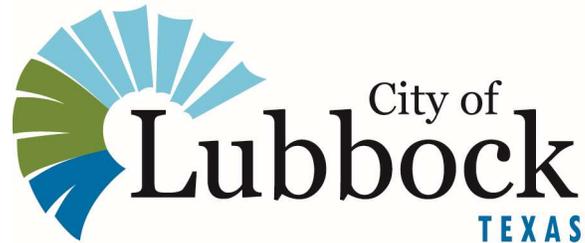

^(a) Market prices are obtained from Wells Fargo Brokerage. No funds are invested in mortgage backed securities. The City holds all investments to maturity which minimizes the risk of market price volatility.

^(b) Local government investment pools consist of entities whose investment objectives are preservation and safety of principal, liquidity, and yield. The pools seek to maintain a \$1.00 net asset value per share consistent with the applicable provisions of the PFIA..

^(c) Money Market Funds are held at The Bank of New York Mellon Trust Company, N.A.

APPENDIX B
EXCERPTS FROM ANNUAL FINANCIAL REPORT FOR THE
YEAR ENDED SEPTEMBER 30, 2025

**P.O. Box 2000 | 1314 Avenue K | Lubbock, Texas 79401
(806) 775-2000 | Fax (806) 775-0001**

February 24, 2026

Honorable Mayor, City Council, and Citizens of Lubbock, Texas:

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) of the City of Lubbock, Texas (City) for the fiscal year ending September 30, 2025. The purpose of the ACFR is to provide accurate and meaningful information concerning the City's financial condition and performance. In addition, independent auditors have verified that the City has fairly presented its financial position, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The ACFR satisfies Section 103.001 of the Texas Local Government Code requiring annual audits of all municipalities. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data is accurate in all material respects and is presented in a manner that fairly sets forth the financial position and results of the City. We also believe all disclosures necessary to enable the reader to gain an understanding of the City's financial affairs are included. To provide a reasonable basis for making these representations, City management has an established comprehensive internal control framework that is designed: 1) to protect the City's assets from loss, theft, or misuse; and 2) to compile sufficient, reliable information for the preparation of the City's financial statements, in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls is designed to provide reasonable, rather than absolute, assurance that the financial statements are free from material misstatement.

The City's financial statements were audited by Weaver and Tidwell, LLP, a licensed certified public accountants' firm. The goal of the independent audit is to provide reasonable assurance that the financial statements are free of material misstatement. The independent audit involves:

- examining evidence on a test basis that supports the amounts and disclosures in the financial statements,
- assessing the accounting principles used and significant estimates made by management, and
- evaluating the overall financial statement presentation.

Honorable Mayor, City Council,
And Citizens of the City of Lubbock, Texas
February 24, 2026

The independent accountants concluded that the City's financial statements are in conformity with GAAP, are fairly presented, and there is a reasonable basis for providing an unmodified opinion. The independent auditor's report is presented as the first component of the financial section of this report.

The independent accountants' audit of the City's financial statements is part of a broader, federally mandated "Single Audit," which is designed to meet the special needs of federal granting agencies. These reports are available in the City's ACFR. The standards governing Single Audit engagements require the independent auditor to report on several facets of the City's financial processes and controls:

- fair presentation of the financial statements,
- internal controls over financial reporting and the administration of federal awards, and
- compliance with legal and grant requirements.

GAAP requires management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A. The City's MD&A is found immediately following the report of the independent auditors.

CITY OVERVIEW

Description of the City

The City is a political subdivision and municipal corporation of the State, duly organized and existing under the laws of the State, including the City's Home Rule Charter. The City was incorporated in 1909 and first adopted its Home Rule Charter in 1917. The City operates under a Council/Manager form of government with a City Council comprised of the Mayor and six Council members. The Mayor is elected at large for a two-year term ending in an even-numbered year. Each of the six members of the City Council is elected from a single-member district for a four-year term of office. City Council elections are held every two years, with elections for Council members in Districts 1, 3, and 5 being staggered with elections for Council members in Districts 2, 4, and 6. The City Manager is the chief administrative officer of the City.

The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by state statute to extend its corporate limits by voluntary annexation, which occurs periodically as the City Council deems appropriate. The 2020 Census population for the City was 257,141; the estimated 2025 population is 272,782. The City covers approximately 145.9 square miles.¹ The organizational chart of the City is shown following the transmittal letter.

In accordance with generally accepted accounting principles and Codification of Governmental Accounting Standards, Section 2100, "*Defining the Financial Reporting Entity*," these financial statements present the City (the primary government) and its component units. The component units discussed below are included in the City's financial reporting entity because of the significance of their operational or financial relationship with the City. The criteria established by the GASB for determining the reporting entity includes financial accountability and whether the financial statements would be misleading if data were not included. The Lubbock Metropolitan Planning Organization is a blend of component units. Discretely presented component units include Urban Renewal Agency (URA), Civic Lubbock, Inc., Market Lubbock Economic Development Corporation, dba Market Lubbock, Inc., Lubbock Economic Development Alliance, and the Vintage Township Public Facilities Corporation. Additional information on the component units is found in the footnotes.

¹ City of Lubbock GIS Department.

City Services

The City provides a full range of services including public safety (police and fire services), electricity, water, wastewater, storm water, solid waste, public transportation (airport and transit), public health and social services, cultural and recreation, highways and streets, planning and zoning, and general administrative services.

Public Safety: The Police Department serves and protects the public by responding to calls for service, conducting criminal investigations, and enforcing laws governing public safety and order. The Public Safety Improvement Project commenced in fiscal year 2019 and is ongoing through fiscal year 2025. The construction of the Police Headquarters facility, as well as the three Division Stations, has been completed and all are now fully operational. Additionally, the construction of a Property and Evidence Warehouse began in 2023 and is expected to be completed in late 2025 with move in shortly after. To address officer vacancies, enhance patrol effectiveness, meet training requirements, and reduce response times, the Police Department Training Academy is currently implementing an enhanced in-service training program and will conduct two recruiting classes in 2026. The Training Academy, as part of the recently adopted Meet and Confer contract, also began a robust lateral hiring program. As of October 1, 2025, the Police Department has a budget for 454 sworn officers and 128 civilian personnel, with a total of 437 officer positions currently filled, including 20 police trainees in the training pipeline. In fiscal year 2025, the Police Department responded to or initiated a total of 198,573 events, achieving an average response time of 5 minutes and 59 seconds for Priority 1 calls.

Lubbock Fire Rescue is dedicated to providing unparalleled emergency response and life safety services for the City. As of September 30, 2025, the Fire Department operated 20 fire stations, and the Lubbock Fire Marshal Office. These facilities were staffed with 434 sworn firefighters and 27 civilians. Construction of Fire Station 20 concluded in FY 2024-25, with personnel responding to emergencies from its location at 3210 142nd Street. In FY 2024-25, the Fire Department responded to 27,326 calls, an average of 75 calls per day.

Electric Utility: The City's municipally owned electric utility system, known as Lubbock Power & Light (LP&L), was established in 1916, and is at present the largest municipal electric system in the West Texas region and the third largest municipal system in the State of Texas. LP&L provides electric delivery service to the City of Lubbock. As of September 30, 2025, LP&L owns and maintains 112,213 meters, 41 substations, 4,469 total miles of primary and secondary distribution lines, and approximately 195 miles of transmission lines. The average daily electric consumption is roughly 6,937 MWh.

On November 2, 2004, Lubbock voters elected to amend the City Charter to provide for an Electric Utility Board (EUB), which governs, manages, and operates LP&L today. The City Council retains authority for appointment of board members, approval of the operating and capital budget, approval of rates for electric service, eminent domain, and approval of debt financing.

On September 24, 2015, LP&L announced its intent to join the Electric Reliability Council of Texas (ERCOT). Shortly after that announcement, on October 20, 2015, the EUB and the City Council both took formal action to authorize LP&L to seek interconnection of 470 MW of LP&L's load (Affected Load) with ERCOT. At that time, LP&L did not seek to connect the remaining, approximately 170 MW of electric load to ERCOT (Unaffected Load)

In March 2018, the PUC approved the integration of the Affected Load to the ERCOT system through an Order in PUC Docket No. 47576.

On May 30, 2021, LP&L completed the integration of the Affected Load with ERCOT.

Honorable Mayor, City Council,
And Citizens of the City of Lubbock, Texas
February 24, 2026

On June 1, 2021, LP&L made a one-time payment totaling \$24.0 million to SPS to indemnify SPS and its customers for LP&L's integration into ERCOT, which was required by PUC Docket No. 47576 upon integration to ERCOT. LP&L utilized the energy and capacity savings afforded by very low natural gas prices and the SPS Capacity Agreement and reserved \$24.0 million from this savings prior to the end of FY 2018-19. In addition to the SPS Hold Harmless Payment, the PUC ordered LP&L to pay \$22 million per year for five years as a Wholesale Transmission Credit Rider. The credit rider mitigates the expected net impacts of LP&L's transition to ERCOT for customers in the ERCOT region. This amount will be netted against the TCOS revenues received from ERCOT.

On February 22, 2022, Lubbock's City Council, with the Electric Utility Board's recommendation, approved an irrevocable resolution opting into competition for retail electric service in Lubbock Power & Light's certificated area, as provided by the Texas Utilities Code Chapter 40, subject to the occurrence of certain conditions precedent outlined therein.

On September 28, 2023, Regulatory approval was granted to move the remaining load in SPP over to ERCOT. The full ERCOT integration was completed on December 11, 2023, resulting in the termination of the Partial Requirements (PR) purchased power agreement. Under the terms of the Settlement Agreement, LP&L made a one-time lump sum payment, totaling \$65.7 million on January 15, 2024, to SPS as compensation for power and transmission related costs under the PR Agreement. The negotiated lump sum termination payment of \$65.7 million was funded by the 20-year 2023 Series Revenue bond.

On January 5, 2024, LP&L officially opened the shopping window for customers to choose their new Retail Electric Provider (REP). Customers had till February 15, 2024, to select a REP and an energy plan that meets their needs. If no REP had been selected by the closing date, customers were assigned to one of three Default Retail Electric Providers (DREPs) to ensure that their electricity needs were still met.

In April 2024, LP&L officially became a transmission and distribution service provider in the ERCOT market as customers across the city picked their new retail providers. Over 70 percent of customers chose their own REP from over 60 available plans with the remainder being assigned to a DREP. Lubbock is the largest system to migrate into the ERCOT market and the first municipally owned utility in the state to voluntarily deregulate and offer choice to its customers. Moving forward, LP&L will continue to own and maintain the poles, wires, lines, and advanced meters that deliver electricity directly to your doorstep.

Water Utility: The City provides water supply, treatment, and distribution services within the city limits to residential, commercial, and industrial customers. The City also provides treated wholesale water to Shallowater, Ransom Canyon, Buffalo Springs Lake, Reese Redevelopment Authority, Wolfforth, TDCJ's Montford Prison Unit, Lubbock Cooper ISD Main Campus, and Texas Tech's East Campus – Petroleum Engineering Classroom. As of September 30, 2025, the water system consisted of 103,659 meters and 2,235 miles of distribution lines.

The 2024 updated to the Strategic Water Supply Plan was completed and published in July of 2025. The Plan provides guidance for water supply development and strategy for the City of Lubbock, projecting water usage and availability into the next century. The City also works closely with the Region O Water Planning Group in contributing to the preparation of a portion of the State Water Plan, which includes the City's estimated water supply needs, current supplies, and potential water management strategies over the next 100 years.

The City used a total of 12.88 billion gallons of water in FYE 2025. The City's 5-year average per capita consumption through FYE 2025 was 129 gallons per capita per day (gpcd). The peak capacity of the City's water supply and treatment was 68 million gallons per day, with an average utilization of 35 million gallons per day. The City's continued commitment to water conservation initiatives have lessened the immediate

Honorable Mayor, City Council,
And Citizens of the City of Lubbock, Texas
February 24, 2026

need for additional water supplies, even as population and service areas grow.

The City currently receives its water from four different sources: Roberts County Well Field, Lake Meredith, Bailey County Well Field, and Lake Alan Henry. The Roberts County Well Field and Lake Meredith are owned by the Canadian River Municipal Water Authority (CRMWA). Lubbock is one of CRMWA's eleven-member cities. The Bailey County Well Field and Lake Alan Henry are owned by the City.

The City obtained 8.46 billion gallons of its annual water supply from CRMWA in FY 2024-25. Currently, CRMWA is blending groundwater from the Ogallala Aquifer in Roberts County with surface water from Lake Meredith to help meet the needs of member cities. CRMWA owns 407,566 acres of ground water rights with an estimated 22 million acre-feet of water within those rights. CRMWA can deliver up to 65,000 acre-feet of water to its member cities each year from the Roberts County Well Field. CRMWA supplies water to meet seasonal peak demands from Lake Meredith, which is currently at 47.2 percent capacity.

The Bailey County Well Field contains 175 active water wells with 83,305 acres of water rights, providing 1.50 billion gallons of the City's annual water supply in FYE 2025. The City continually assesses the need to add additional wells to the Bailey County Well Field to maintain field production capacity.

The City finished construction on Lake Alan Henry in 1993. In 2012, Phase I of the Lake Alan Henry infrastructure project was completed. This project consisted of constructing: two new pump stations, a 51-mile raw water pipeline from the Lake to the City, a new South Water Treatment Plant with membrane technology, and 19 miles of treated water transmission lines. Phase I can provide 16 million gallons of water per day to the City. Lake Alan Henry supplied 3.18 billion gallons of the City's annual water supply in FYE 2025. The lake is currently at 87.1 percent capacity. The South Water Treatment Plant includes a 225-million-gallon terminal storage reservoir and a high service pump station to transfer the treated water into the City's distribution system.

Wastewater Utility: The City provides wastewater collection and treatment within the city limits to residential, commercial, and industrial customers. The City also provides wholesale wastewater services to Reese Redevelopment Authority, TDCJ's Montford Prison Unit, Lubbock Cooper ISD Main Campus, and Texas Tech's East Campus – Petroleum Engineering Classroom. As of September 30, 2025, the collection system consisted of approximately 1,345 miles of sanitary sewer lines and 41 lift stations.

The Southeast Water Reclamation Plant (SEWRP) has a permitted capacity of 31.5 million gallons per day and an average utilization of approximately 21 million gallons per day. The peak utilization of the SEWRP is 27 million gallons per day. The effluent water reclaimed from the wastewater treatment processes is disposed of or reused in several ways. In FYE 2025, approximately 31 percent of the SEWRP wastewater was used to irrigate crops at the Lubbock and Hancock Land Application Sites. In addition, Xcel Energy used approximately 24 percent of the wastewater treated. The remainder, approximately 45 percent, was discharged into the North Fork of the Double Mountain Fork of the Brazos River. Currently, dewatered solids generated during the wastewater treatment process are disposed of at the City's regional solid waste landfill in Abernathy, Texas.

In April 2018, the Northwest Water Reclamation Plant (NWWRP) became operational. This new plant was constructed to accommodate the growing sewer service demand in the northwest part of Lubbock. Initially, the NWWRP had an average utilization of 0.3 million gallons per day. Over FYE 2025, the NWWRP discharged on average 0.9 million gallons per day of high-quality effluent into the Jim Bertram Lake System. The permitted capacity of the NWWRP is 3.0 million gallons per day. All solids generated at the NWWRP are sent to the SEWRP for processing.

Honorable Mayor, City Council,
And Citizens of the City of Lubbock, Texas
February 24, 2026

As part of the City's strategic water supply plan to maximize the reuse of treated wastewater, several coordinated projects spanning two decades have been planned or are already completed. The City completed Phase I, Phase II, and the Digester Upgrade of Phase III of a four-phase project to upgrade the Southeast Water Reclamation Plant. Phase I included upgrades and improvements to the influent lift station. Phase II included upgrades to Plant 3 for filtration and ultraviolet disinfection, and Plant 4 for biological nutrient removal, filtration, and ultraviolet disinfection. Phase III included design and construction improvements to anaerobic digesters and the solids handling facility. The upgrades included new covers, new mixing system, new heating system, and gas piping for Digester 8 and 9. Upgrades to the solids handling facility included new sludge thickening and dewatering equipment, sludge holding tank upgrades, odor control for the solids handling facility, and new sludge loading facilities. Phase IV will include upgrades to Plant 3 for biological nutrient removal. Rehabilitation of Plant 3 clarifiers and improved aeration capabilities has been completed. Design of the aerobic basin upgrades necessary for biological nutrient removal are complete and awaiting funding and construction. These efforts will improve the quality of the City's effluent discharge and prepare it for future reuse opportunities.

A final draft update to the Wastewater Master Plan was completed in late 2025. This latest plan evaluated the sewer collection system for hydraulics and capacity, with additional consideration of planned development based on expected growth and recent trends. The Northwest Interceptor was analyzed and targeted for future sizing and alignment upgrades to accommodate anticipated growth and wastewater flow. The South Lubbock Sanitary Sewer System Expansion Phases I, II, III, and IV extend service to southwest Lubbock. All four phases are complete and have been functioning for over 3 years. The Downtown Sanitary Improvements Phase I and II construction has been completed and are now in service. These large diameter lines will add capacity to the sewer system in the downtown area.

Storm Water Utility: The City's storm water run-off is primarily conveyed through the City's street system that discharges into 170 playa lakes. The subsurface drainage, via storm sewer pipes with curb inlets and intake structures, conveys water to two small intermittent streams (Blackwater Draw and Yellow house Draw) which both converge at the upper reaches of the North Fork of the Double Mountain Fork of the Brazos River.

The City's Municipal Separate Storm Sewer System (MS4) is made up of approximately 1,358 miles of paved and unpaved streets, 597.3 linear miles of paved and unpaved alleys, 1,386 storm sewer inlets, 126 miles of subsurface storm sewer pipe, four detention basins, 170 playa lakes, and one pump station. Maintenance of all of the storm sewers, including street cleaning, is funded through storm water fees.

During FY 24-25, the focus was maintenance on the overall stormwater network including pipes and drainage channels. In addition, efforts continue to evaluate the canyon lakes system and the associated FEMA floodway mapping to more accurately depict the water course. A large portion of this project is through the Texas Flood Infrastructure Fund (FIF). Efforts continue the Mackenzie Park Dam structure evaluation to determine what improvements need to be made to ensure the safety and reliability of the structure. Ongoing efforts to remap FEMA systems based on previous improvements continue to be a priority as well.

Solid Waste Utility: The City provides essential garbage collection and disposal services to approximately 84,919 residential and 2,036 commercial customers. The system includes two landfill sites. The Caliche Canyon Landfill handles construction and demolition debris and features a citizen drop-off area with transfer boxes that transport waste to the City's primary landfill. The primary landfill, the West Texas Regional Disposal Facility, opened in 1999 and spans 1,260 acres. It is one of the largest landfills permitted in Texas and serves a 16-county region with an expected useful life exceeding 150 years.

Honorable Mayor, City Council,
And Citizens of the City of Lubbock, Texas
February 24, 2026

Public Transportation: A key component of Lubbock's transportation system is the Lubbock Preston Smith International Airport, located seven miles north of the City's central business district on 3,000 acres of land adjacent to Interstate 27. The Airport is operated as a department of the City, with the guidance of an advisory board, and includes a 200,000 square foot passenger terminal building. The Airport has two commercial service runways, 11,500 and 8,000 feet in length. Air traffic control services include a 24-hour Federal Aviation Administration control tower and a full range of instrument approaches. The Airport is served by three major passenger airlines and two major cargo airlines. It facilitates approximately 42 commercial flights per day.

Citibus provides public transportation for the City of Lubbock and is managed by RATP Dev USA. Transit services provided by Citibus include Fixed-Route, Access (complementary paratransit), On-demand (micro transit), Charters and other additional special services. There are nine fixed routes that traverse the City. Access is an Americans with Disabilities Act (ADA) curb-to-curb service for passengers in the community who are unable to utilize the regular fixed route service due to a disability. The On-demand service is designed to supplement the fixed routes to meet the needs of the citizens of Lubbock who need access to places outside of the fixed-route service area and hours. In addition to the above transportation services, Citibus provides fixed-route service to Texas Tech University and surrounding apartment complexes with 2 on-campus and 7 off-campus routes. Citibus is also the contracted agent for passenger sales and freight shipping/receiving for Greyhound Lines, Inc., which operates from the Citibus Downtown Transfer Plaza.

Public Health and Social Services: Public Health and Social Services: In FY 2025-26, the City of Lubbock Health Department is committed to implementing key initiatives outlined in its strategic plan. These priorities include enhancing access to health care, strengthening collaborations with community partners to address mental health and substance misuse, expanding programs to combat chronic conditions, reducing rates of sexually transmitted infections, and improving the coordination of information services and resources. To achieve these goals, the department is focused on optimizing revenue cycle management, refining medical coding practices, pursuing grant opportunities, and fostering strategic partnerships.

The City of Lubbock Community Development department administers funding received by the City from the U.S. Department of Housing and Urban Development (HUD), which includes the following HUD grants: Community Development Block Grant (CDBG); HOME Investment Partnership Program (HOME); and the Emergency Solutions Grant (ESG). The City also receives funding from the Texas Department of Housing and Community Affairs (TDHCA) for the Comprehensive Energy Assistance Program (CEAP). Funding from both HUD and TDHCA help the City address affordable housing needs, homelessness, and community development objectives, all of which benefit low- to moderate-income (LMI) households and special needs populations.

Program Accomplishments for PY2024-25 include:

- **Public Facilities Improvements:** The Children's Advocacy Center received a new roof for their parking garage which provides for a safe and secure area for clients and staff to enter and exit the building, as well as providing handicapped access to the building. The agency assisted more than 300 children in Lubbock with advocacy services during the year.
- **Public Services:** Supportive services, vital services and public service activities assisted 668 households through various programs including: Employment training from Catholic Charities' Parent Empowerment Program; Skills training and employment opportunities through a Career Launch Program from Love the Hub; Childcare services through the YWCA Childcare Scholarship Program; and Supportive services for abused children navigating the child welfare system from court-appointed special advocates with CASA of the South Plains.
- **Affordable Housing:** Affordable rental housing was made available from the City of Lubbock

Housing Initiative (CLHI) to 17 households, most of which were extremely low income, single-parent households. Community Development provided 91 households with vital home repairs and rehab through its Owner-Occupied Home Rehab Program.

- ***Homeless Housing and Shelter Services:*** Through collaborative efforts with the local Continuum of Care and ECHO West Texas, Family Promise of Lubbock provided homeless services including Homeless Prevention and Rapid Rehousing for permanent and supportive housing to 1,354 individuals and families experiencing homelessness or who were at risk of becoming homeless.
- ***Utility Assistance and Household Crisis:*** The Comprehensive Energy Assistance Program (CEAP) provided 3,412 households with utility assistance and crisis assistance for heating and cooling-systems repairs or replacement. To qualify, households must have an annual household income at or below 150% of the poverty level.

Cultural and Recreation Activities: The City provides cultural and recreation services through 4 libraries and 83 parks with 58 playgrounds. Other recreational facilities include three splash pads, 45 tennis courts, 39 pickleball courts, 50 baseball and softball fields, 53 soccer fields, 44 basketball courts, 15 multi-sport courts, 3-disc golf courses, a 36-hole golf course and 6 community/adult activity centers. To further enhance quality of life and to provide support to tourism, the City operates the Memorial Civic Center, the Buddy Holly Center, the Moonlight Musicals Amphitheatre, the Municipal Garden and Arts Center, and the Silent Wings Museum.

The City is financially accountable for a legally separate civic services corporation (Civic Lubbock, Inc.), which is reported separately within the City's financial statements as a discretely presented component unit. Additional information on this legally separate entity is found in the notes on the financial statements.

Highways and Streets: The City is responsible for the construction and maintenance of 1,344.1 miles of paved streets, 51.2 miles of unpaved streets, and 720.3 miles of paved and unpaved alleys.

In 2004, the City Council established the Gateway Streets Program. The program, funded with 40 percent of franchise fees collected by the City, opens areas of the City for development through thoroughfare construction. Additionally, the program seeks to increase capacity to reduce congestion and accommodate anticipated growth, rebuild existing roadways to current design standards, and construct new roadways through Arterial and Collector Roadway projects. The Gateway Streets Program consists of the Northwest Passage, City thoroughfare streets, and Texas Department of Transportation (TxDOT) improvements in Lubbock.

Street improvement projects under design or construction include the following:

- The construction of 114th Street from Quaker Ave to Indiana Ave has been completed.
- Upland Ave, 66th Street to 82nd Street, (Segment 1) is under construction with an anticipated final completion in early Q2 of 2026.
- The design has been completed for Upland Ave, 82nd Street to 98th Street, (Segment 2) and the project will be bid on March of 2026 by TxDOT.
- Upland Ave, 98th Street to 114th Street, (Segment 3) is no longer part of the Gateway Streets Program. This roadway improvement project is now part of the 2024 Bond Road package. Currently the ROW acquisition is ongoing, and construction is slated to begin in Q4 of 2027. The funding here is being utilized to finish the consultant work for Right of Way.

Annual Budget Process

The annual operating budget serves as the foundation of the City's financial planning and control. All City departments submit requests for appropriation to the City Manager each year. The City Manager uses these requests as the starting point for developing the proposed Operating Budget and Capital Program. The City Manager then presents the proposed Operating Budget and Capital Program to the City Council for review, as required by City Charter. The City Council is required to hold a public hearing on the proposed Operating Budget and Capital Program and to adopt it no later than September 30, the close of the City's fiscal year. For FY 2025, the adopted Operating Budget and Capital Program appropriates funding at the fund level for all funds and at the project level in the Capital Program.

The General Fund Operating Budget is adopted on a basis other than GAAP, with the main difference being that related capital outlays are not budgeted. Budgetary control is maintained at the fund level. The City Manager may make administrative transfers and increases or decreases between accounts below the fund level without City Council approval. However, any transfer of funds between Funds, the legal level of control, or higher level shall be presented to City Council for approval by ordinance before such funds can be transferred between Funds or expended. All annual operating appropriations lapse at the end of the fiscal year. Capital Project and grant appropriations do not lapse at fiscal year-end but remain in effect until the project or grant is completed and closed.

ECONOMIC CONDITION AND OUTLOOK

The information presented in the financial statements is best understood when it is considered within the context of the City's economy. The following information is provided to highlight a broad range of economic forces that support the City's operations.

Local Economy

The City of Lubbock has a stable economy with historically consistent and steady growth. Over the past forty years, Lubbock's agriculturally based economy has diversified. This diversification minimizes the effects of business cycles experienced by individual sectors. The City has strong manufacturing, wholesale and retail trade, healthcare, education, and government sectors. Manufacturing includes a diverse group of employers who support approximately 5,300 workers. Our central location and access to transportation contributes to Lubbock's development as a regional warehousing and distribution center. Also, due to its location, Lubbock serves as the major retail trade center for a 26-county retail trade area of more than half a million people.

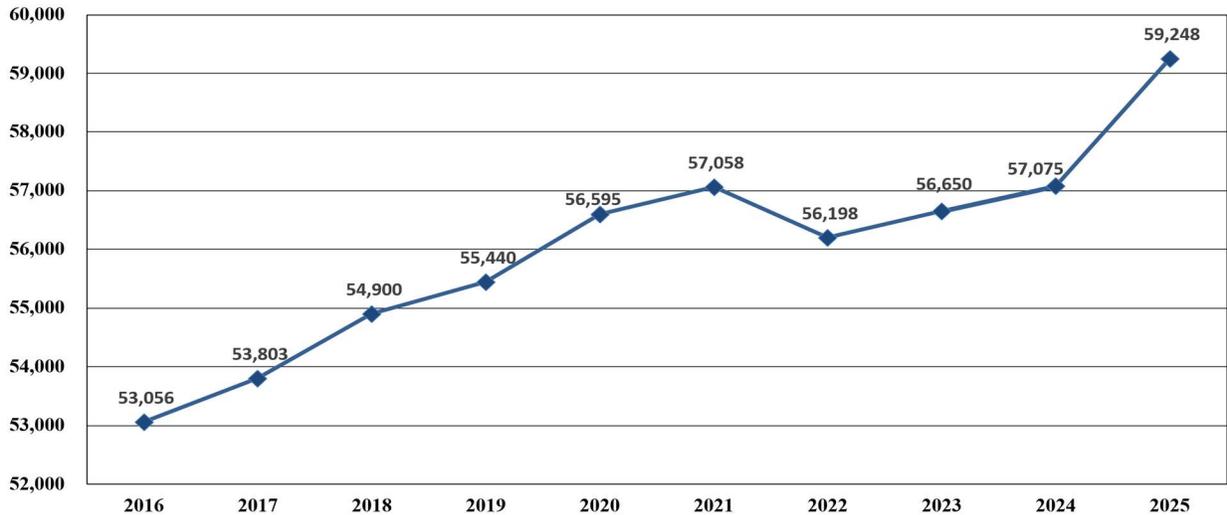

The Lubbock Economic Pulse indicates growth in retail sales year over year but building activity continues to be affected by the interest rate environment. Retail sales are up 5.85 percent year-to-date as of September 2025. New vehicle sales are up with an increase of 7.43 percent compared to September 2024, while used vehicle sales are up 9.86 percent. Tourism statistics remains strong compared to the prior year due to an increase in travel that caused a 26.43 percent increase in Hotel Occupancy tax compared to September 2024. The Lubbock Economic Pulse also indicates that commercial construction continues to lag, while residential has shown a slight improvement. Interest rates have decreased slightly compared to September 2024 which plays a vital role in the increase in the residential housing market. However, overall activity has slowed down compared to prior years. Commercial activity is down 3.5 percent, or \$140.6 million, while residential activity has increased slightly by 1.87 percent or \$70 million.²

² Lubbock Economic Pulse, October 2025, Lubbock National Bank, Lubbock, Texas

Honorable Mayor, City Council,
 And Citizens of the City of Lubbock, Texas
 February 24, 2026

Lubbock is home to three universities and one community college: Texas Tech University; Lubbock Christian University; Wayland Baptist University – Lubbock Center; and South Plains College. Fall 2025 enrollment for all higher education institutions in Lubbock was 59,248, an increase of 3.8 percent from fall 2024 enrollment of 57,075. The increase was due to enrollment increases at Texas Tech University and South Plains College. The availability of graduates in the City is an added advantage to local industries as the universities and colleges continue to produce a ready source of qualified labor.

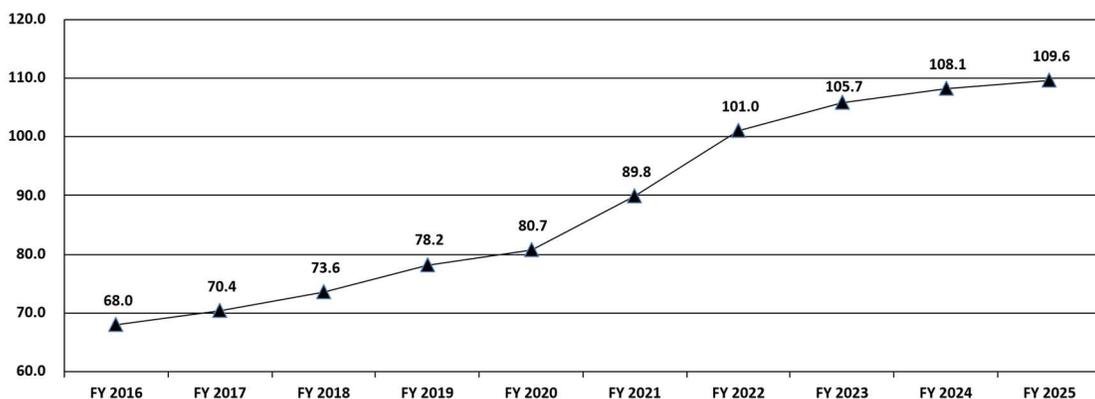

Higher Education Fall Enrollment 2016- 2025

The health care and social assistance sector is also a vital component of the Lubbock economy, with an average of 28,974 employees and payroll exceeding \$1.81 billion.³ Lubbock is home to several medical facilities including University Medical Center, Covenant Medical Center, The Lubbock Heart Hospital, and Grace Medical Center. The Texas Tech University Health Sciences Center also provides health care, as well as training and research opportunities for health care professionals.

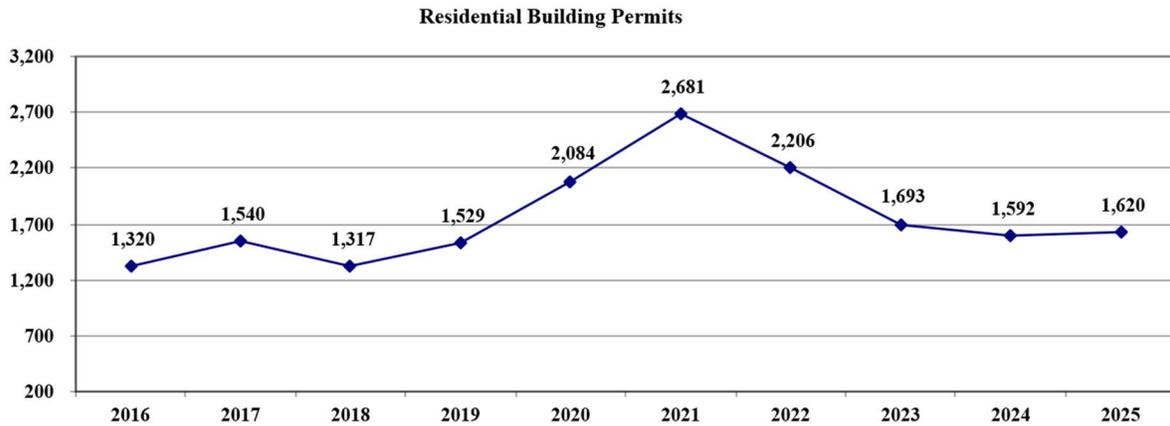

Sales Tax Collections: The total sales collections remitted to the City by the State of Texas in FY 2025 totaled \$109.6, 1.3 percent higher than collections through the same period in FY 2024. Of this amount, one-eighth of a percent of City sales tax is made available to Lubbock Economic Development Alliance (LEDA) for economic development purpose

Annual Sales Tax Collections

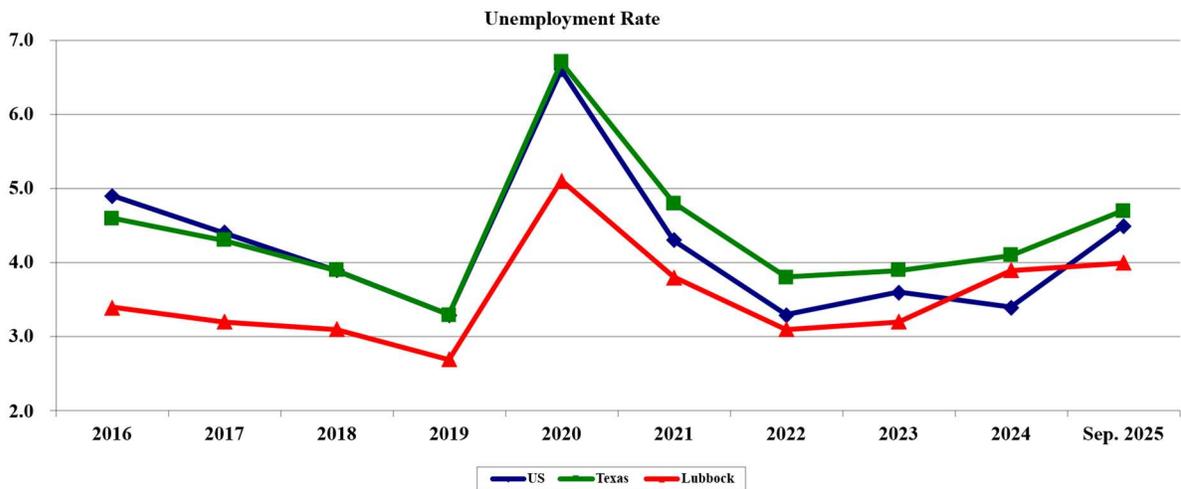

³ Texas Labor Market Information, *Quarterly Census of Employment and Wages (QCEW) Report*, retrieved from texaslmi.com/LMIbyCategory/QCEW.

Building Permits: Construction activity expanded significantly in recent years, setting records for new residential permits in 2020, 2021, and 2022. However, new construction permits issued decreased 1 percent through 2025. In addition, residential permits increased 1.7 percent in 2025 compared to the prior year.⁴ The preliminary average home sales price in September 2025 was \$285,017, a decrease of 2.16 percent over September 2024.⁵

Employment: The total non-agricultural employment estimate for September 2025 was 174,700, an increase of 0.5 percent over the September 2024 estimate. The unemployment rate for the Lubbock Metropolitan Statistical Area (MSA) in September 2025 was 3.7 percent, an increase of 0.2 percent. Historically, Lubbock has had a low rate of unemployment that is well below the national and state unemployment rates.⁶

ECONOMIC DEVELOPMENT

In 1995, the City Council created Market Lubbock, Inc. (MLI), a non-profit corporation to oversee economic development for the City. MLI is funded with General Fund revenue. In October 2004, the Lubbock Economic Development Alliance (LEDA), an economic development sales tax corporation, assumed responsibility for economic development. LEDA program strategies include business retention, business recruitment, workforce development, foreign trade zone, and the bioscience initiative. LEDA is funded by a 1/8 cent economic development sales tax and MLI is funding with a portion of General Fund Property Tax. Total allocated tax revenues for MLI and LEDA for FY 2025 were \$12.6 million.

The City's Finance Department is responsible for tracking and maintaining economic and demographic information for the City, assisting with financial reporting for three Tax Increment Financing Reinvestment Zones, and all Public Improvement Districts. Finance responsible for auditing tax abatement agreements.

Lubbock Business Park: The Lubbock Business Park (Park) is a 586-acre tract of land located off of Interstate 27, approximately one mile south of Lubbock Preston Smith International Airport. The Park is being developed by LEDA as a recruitment tool to assist in the recruitment of new businesses to the area. The Park has shovel-ready lots available for businesses who would like to relocate to Lubbock or expand an existing business.

The City of Lubbock, Lubbock County, Lubbock Hospital District, and High Plains Underground Water District are participating in this public/private project with the creation of a Tax Increment Financing Reinvestment Zone that will assist in funding the public infrastructure necessary to develop the Park. According to the latest Project and Finance Plan for the Lubbock Business Park Tax Increment Financing Reinvestment Zone (LBP Zone), there are planned expenditures of approximately \$45.2 million for public infrastructure improvements, which will result in an increase in taxable value of approximately \$208.2 million over the LBP Zone's 30-year life. The 2025 appraised value of the LBP Zone is \$106 million with a net taxable value of \$99.9 million, which is a \$99.5 million increase over the 2009 base year value.

Overton Park: Overton Park, a former blighted area called North Overton, is a 300-acre revitalization project adjacent to the downtown area of Lubbock. Projects that have been constructed in Overton Park since the beginning of the redevelopment include student-oriented apartment complexes, The Centre, an apartment complex built over upscale retail, City Bank, Wal-Mart, The Overton Hotel and Conference Center, Racer Car Wash, condominiums, and many small specialty restaurants and retail establishments. The City of Lubbock, Lubbock County, Lubbock Hospital District, and High Plains Underground Water District are participating in this public/private project with the creation of a Tax Increment Financing Reinvestment Zone that has funded the replacement of the 80-year-old infrastructure. According to the Project and Finance Plan for the North Overton Tax Increment Financing Reinvestment Zone (Overton Zone), there were planned expenditures of \$62.3 million for Phase 1 and 2, not including interest on debt for the replacement and upgrade of public improvements including roads, water, sewer, relocation underground of the electric infrastructure, lighting, and landscaping in the parkway. Based on current estimates, these improvements will result in an increase of taxable value of approximately \$560 million over the Overton Zone's 30-year life. The 2025 appraised value of the Overton Zone is \$588.7 million which is a \$561.8 million increase over the 2002 base year value.

Honorable Mayor, City Council,
And Citizens of the City of Lubbock, Texas
February 24, 2026

North and East Lubbock Neighborhood and Infrastructure Fund: Lubbock City Council passed a resolution on May 9, 2013, to create the North and East Lubbock Neighborhood and Infrastructure Fund (NELNIF) to provide a source of funding for downtown redevelopment, neighborhood and infrastructure projects, and other community development projects. The revenue for the fund is 90 percent of the oil and gas revenues that historically went to the General Fund.

The Lubbock community, at large, has experienced growth. However, the North and East Lubbock communities have experienced population destabilization, economic instability, and housing deterioration.

The past several years has brought a slight increase of single-family residential development and affordable rental units in this area by nonprofit organizations and private developers in addition to rehabilitation of existing homes to provide a safe and sanitary living environment. The funding in the North and East Lubbock Neighborhood and Infrastructure Fund in FY 2025 was planned to be used for rehabilitation of owner-occupied homes in North and East Lubbock.

Downtown Redevelopment: The City of Lubbock Central Business District (CBD) has developed over the years with traditional office, retail, and governmental agency uses. As with many cities in the last ten to twenty years, retail has moved to shopping areas and other areas outside the CBD, and office development has stagnated. In an effort to reverse the trend, the City of Lubbock, with participation from Lubbock County, Lubbock Hospital District, and High Plains Underground Water District, created a Tax Increment Financing Reinvestment Zone to assist in the redevelopment of downtown in December 2001, with a termination date of December 31, 2020. On September 24, 2009, the City Council approved an extension of the termination date to December 31, 2040, in order to provide additional funding to implement the project and finance plan. According to the latest Project and Finance Plan for the Central Business District Tax Increment Financing Reinvestment Zone (CBD Zone), planned expenditures amount to \$40.8 million for public infrastructure improvements, which will result in an increase in taxable value of approximately \$255.7 million over the CBD Zone's 40-year life. The 2025 appraised value of the CBD Zone is \$288.5 million, a \$182.6 million increase over the 2001 base year value.

FINANCIAL INFORMATION

Long-term financial planning

The City uses ten-year rate models for long-range planning in all major enterprise funds as a basis for budget discussion and policy decision making. These models are based on current projects and policies and are continually monitored and updated throughout the year. The rates in the models are calculated to provide financially sound net position reserves, as established by City Council Policy.

The City Council has approved goals for the General Fund unrestricted fund balance, which is set at a minimum of an amount equal to 20 percent of operating revenues to meet unanticipated contingencies and fluctuations in revenue. Enterprise funds also have excess reserve policies, ranging from 10 to 25 percent of operating revenue. General Reserve requirements must maintain between a minimum of 90 days to a maximum of 200 days of budgeted expenses. Water/Wastewater and Airport funds maintain excess reserves in an amount equal to 25 percent of operating revenues. The Storm Water fund maintains excess reserves of 20 percent of operating revenues. Excess reserves have a slightly different definition than GAAP unrestricted net position. Excesses and deficits are addressed in the subsequent year budget process.

Utility funds make payments in lieu of property taxes and franchise fees to the General Fund. The payment in lieu of property taxes for other utility funds is calculated by applying the property tax rate to the fixed assets of the fund.

Honorable Mayor, City Council,
And Citizens of the City of Lubbock, Texas
February 24, 2026

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its annual comprehensive financial report for the fiscal year ended September 30, 2024. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report in which contents conform to program standards. Such reports must satisfy both GAAP and applicable legal requirements. The City of Lubbock has received this award for seventeen consecutive years.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not be possible without the efficient and dedicated services of the entire staff of the Finance Department. We would particularly like to thank the Accounting Managers, Senior Accountants, Director of Financial Planning and Analysis, Assistant Director of Financial Planning and Analysis and Senior Financial Analysts for their countless hours of work on this financial report. We express our appreciation to all members of City departments who assisted with and contributed to the preparation of this report. Credit is also given to the City Council and the Audit Committee for their interest and support in planning and conducting the operations of the City in a responsible manner.

Respectfully submitted,

W. Jarett Atkinson

Independent Auditor's Report

The Honorable Mayor and
Members of the City Council
of the City of Lubbock, Texas

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Lubbock, Texas (City), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2025, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Civic Lubbock, Inc., Market Lubbock Economic Development Corporation d/b/a Market Lubbock, Inc. or Lubbock Economic Development Alliance, which represent 98 percent, 104 percent, and 99 percent, respectively, of the assets, net position (deficit), and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for such entities, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. The financial statements of Civic Lubbock, Inc. were not audited in accordance with *Government Auditing Standards*. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note I-J and I-K to the basic financial statements, during the year ended September 30, 2025, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*. Beginning net position has been restated as a result of the implementation of this statement. Our opinions are not modified with respect to this matter.

The Honorable Mayor
and Members of the City Council
of the City of Lubbock, Texas

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information, as listed in the table of contents, be presented to supplement the basic financial statements.

The Honorable Mayor
and Members of the City Council
of the City of Lubbock, Texas

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying supplementary information, such as the combining and individual fund statements and schedules and schedule of expenditures of federal and state awards, as required by *Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and Texas Grant Management Standards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules and schedules of expenditures of federal and state awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information Annual Comprehensive Financial Report (ACFR)

Management is responsible for the other information included in the ACFR. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 16, 2026 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

The Honorable Mayor
and Members of the City Council
of the City of Lubbock, Texas

The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Weaver and Tidwell, L.L.P.

WEAVER AND TIDWELL, L.L.P.

Dallas, Texas

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

The Management's Discussion and Analysis (MD&A) provides a narrative overview and analysis of the financial activities of the City of Lubbock for the fiscal year ended September 30, 2025.

Readers of the financial statements are encouraged to consider the information included in the transmittal letter and in the other sections of the Annual Comprehensive Financial Report (ACFR) such as the combining statements and the statistical section in conjunction with the MD&A.

Financial Highlights

The following financial highlights summarize the City's financial position and operations as presented in more detail in the Basic Financial Statements (BFS).

- The City's total government-wide assets and deferred outflows exceeded its liabilities and deferred inflows at September 30, 2025, by \$1.7 billion (net position).
- The City's total net position increased by \$136.3 million during the fiscal year.
- The ending unassigned fund balance for the General Fund was \$83.5 million, or 28.9 percent of total General Fund revenues, a decrease of \$10.9 million from the prior year.
- The City's governmental funds reported combined ending fund balances of \$317.9 million, of which \$83.5 million is available for spending at the City's discretion.
- The City's enterprise funds reported combined ending net position of \$1.3 billion, of which \$132.7 million is available for spending at the City's discretion.
- During FY 2025, the City issued \$223.2 million in bonded debt.

Overview of the Financial Statements

Basic Financial Statements: The MD&A is intended to serve as an introduction to the City's BFS. The BFS are comprised of three components: 1) Government-Wide Financial Statements (GWFS), 2) Fund Financial Statements (FFS), and 3) Notes to Basic Financial Statements (Notes). The ACFR contains other supplementary information in addition to the BFS.

Government-Wide Financial Statements: The GWFS, shown on pages 41-43 of the ACFR, contain the *Statement of Net Position* and the *Statement of Activities*, described below:

The *Statement of Net Position* presents information on the City's assets, liabilities (including capital assets and short- and long-term liabilities), and deferred inflows/outflows of resources with the difference reported as *net position* using the accrual basis of accounting. Over time, increases or decreases in net position serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents a comparison between direct expenses and program revenues for each of the City's functions or programs. Direct expenses are specifically associated with an activity and are therefore clearly identifiable with that activity. Program revenues include charges paid by the recipient of the goods or services offered by the program. Program revenues also include grants and contributions restricted to meeting the operational or capital requirements of a particular activity. Revenues not directly

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

related to a specific activity are presented as general revenues. The comparison of direct expenses with revenues from activities identifies the extent to which each activity is self-financing, or alternatively, draws from any City generated general revenues.

Governmental activities (activities principally supported by taxes and intergovernmental revenues) of the City include administrative services as well as general government, community services, cultural and recreation, economic and business development, fire, health, police, other public safety, streets and traffic and solid waste. Business-type activities (activities intended to recover all of their costs through user fees and charges) of the City include Electric, Water/Wastewater, Storm Water, Transit, Airport, Civic Centers, Cemetery, Golf and Lake Alan Henry Recreation. All changes in net position are reported as soon as the underlying event occurs (accrual basis), regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods, such as uncollected taxes and earned, but unused vacation leave.

Component Units: The GWFS include the City (the “primary government”), and five legally separate entities (the “component units”) for which the City is financially accountable. The discretely presented component units consist of: Urban Renewal Agency (URA); Market Lubbock Economic Development Corporation, d/b/a Market Lubbock, Inc.; Lubbock Economic Development Alliance; Civic Lubbock, Inc.; and the Vintage Township Public Facilities Corporation; are blended component units. The component units provide community services, economic development services, arts and cultural activities, and public improvement financing for the City. Financial information for the discretely presented component units is reported separately in the GWFS to differentiate them from the City’s financial information.

Fund Financial Statements: A *fund* is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The principal role of funds in the financial reporting model is to demonstrate fiscal accountability. The City, as with other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the FFS is on major funds. Major funds are those that meet minimum criteria (a percentage of assets, liabilities, revenue, or expenditures/expenses of fund category and of the governmental and enterprise funds combined), or those that the City chooses to report as major funds given their qualitative significance. Non-major funds are aggregated and shown in a single column in the appropriate financial statements. Combining schedules of nonmajor funds are included in the ACFR following the Required Supplementary Information (RSI) and Other Supplementary Information (OSI). All funds of the City can be divided into two categories: *governmental funds* and *proprietary funds*.

Governmental FFS: Governmental funds are used to account for essentially the same functions reported as governmental activities in the GWFS. However, unlike the GWFS, governmental FFS focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the City’s fiscal year. Such information is useful in evaluating the City’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the GWFS (modified accrual versus accrual basis of accounting, and current financial resources versus economic resources), it is useful to

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

compare the information presented for governmental funds with similar information presented for governmental activities in the GWFS. By doing so, the reader may better understand the long-term impact of near-term financing decisions. Reconciliations are provided for both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances to facilitate the comparison between governmental funds and governmental activities.

The City maintains 37 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Governmental Capital Projects Fund, and Debt Service Fund which are considered to be major funds. The governmental FFS can be found on pages 44-47 of the ACFR. Data for the other 34 governmental funds are combined into a single, aggregated presentation.

The City adopts a budget annually for the General Fund and most other funds. In the RSI section, budgetary comparison schedules for the General Fund and Debt Service Fund have been provided to demonstrate compliance with the budget.

Proprietary FFS: The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the GWFS. Enterprise FFS provide the same type of information as the GWFS, only in more detail. The City uses enterprise funds to account for LP&L, water/wastewater, storm water, transit, airport, civic centers, cemetery, golf and Lake Alan Henry Recreation activities, of which the first three activities are considered to be major funds by the City and are presented separately. The latter five activities are considered non-major funds and are combined into a single aggregated presentation.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for vehicle service operations and fueling, central warehouse and printing services, information technology services, risk management, health benefits, and investment pool funds. The services provided by the internal service funds benefit both governmental and business-type activities, and accordingly, they have been included within governmental activities and business-type activities, as appropriate, in the GWFS. All internal service funds are combined into a single aggregated presentation in the proprietary FFS. Reconciliations are provided for the proprietary fund statement of net position and the proprietary fund statement of revenues, expenses, and changes in fund net position for comparison between enterprise funds and business-type activities. The proprietary FFS can be found on pages 48-59 of the ACFR.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City has funds held on behalf of others as a result of law enforcement activities reported as custodial funds. The fiduciary FFS can be found on pages 60-61 of the ACFR.

Notes to Basic Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the GWFS and FFS. The notes can be found on pages 62-116 of the ACFR.

City of Lubbock, Texas
Management’s Discussion and Analysis
For the Year Ended September 30, 2025

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents certain RSI including the Schedule of Changes in Net Pension Liability and Related Ratios, the Schedule of Contributions for the City’s pension plans, and the Schedule of Changes in Total OPEB Liability and Related Ratios. The General Fund and Debt Service budgetary comparisons demonstrating the legal level of budgetary control can also be found as part of the RSI. The RSI can be found on pages 117-124 of the ACFR.

Combining Fund Statements and Schedules are included after the RSI. This includes Nonmajor Funds and Nonmajor Discretely Presented Component Units. Certain special revenue funds are presented in this section, demonstrating compliance at the legal level of budgetary control.

Government-Wide Financial Analysis

As noted earlier, net position serves as a useful indicator of the City’s financial position. Assets and deferred outflows exceeded liabilities and deferred inflows by \$1.7 billion (*net position*) at the close of the fiscal year, compared to assets and deferred outflows exceeding liabilities and deferred inflows by \$1.6 billion (*net position*) at the end of the prior fiscal year. As a result of operations, total net position increased by \$136.3 million during the period.

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

Approximately 92.6 percent of the City's net position reflects its investment in capital assets, e.g., land, buildings, infrastructure, machinery and equipment, less accumulated depreciation and any related outstanding debt used to acquire those assets. The City uses capital assets to provide services to citizens; consequently, those assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources since the capital assets cannot be used to liquidate the liabilities.

The City has restricted net position totaling \$140.7 million, which represent resources subject to external restrictions on how they may be used. Such resources include bond funds restricted for spending on specified capital projects, debt service reserves restricted by bond covenants, passenger facility charges restricted for airport improvements, and special revenue funds restricted for specific purposes.

The unrestricted net position is the amount that may be used to meet the government's ongoing obligation to citizens and creditors. The adoption of GASB Statement No. 68 in FY 2015 and No. 75 in FY 2018 resulted in the City's reporting of net pension liabilities and deferred inflows of resources and deferred outflows of resources for the pension plan and the recognition of pension expense. Both statements had a significant negative effect on the City's net position and consequently unrestricted net position.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position for business type activities. The government-wide unrestricted net position decreased by \$5.2 million from FY 2024.

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

Changes in Net Position: Details of the above summarized information can be found on pages 42-43 of the ACFR.

Governmental activities: The City's governmental activities experienced an increase in net position of \$58.0 million, compared to an increase of \$67.8 million during the prior fiscal year. Key elements of the operational increase compared to prior year include:

- Revenues increased \$1.6 million, from \$410.5 million in FY 2024 to \$412.1 million in FY 2025.
 - Property tax revenue increased from \$125.7 million in FY 2024 to \$132.1 million in FY 2025. The property tax rate decreased slightly from \$0.48016 per \$100 of assessed value in 2024 to \$0.47012 per 100 of assessed value in 2025. Taxable assessed values increased from \$26.3 billion in 2024 to \$28.4 billion in 2025, as real property valuations continued to climb.
 - Investment earnings decreased from \$21.0 million in FY 2024 to \$17.1 million in FY 2025. The decrease is due to lower rate environments in FY 2025.
 - The City experienced a \$6.0 million decrease in total program revenues from FY 2024 to FY 2025. Capital grants and contributions decreased \$4.5 million from FY 2024 to FY 2025, while charges for services increased \$3.2 million in FY 2025 and operating grants and contributions decreased \$4.7 million. Cultural and Recreation capital grants and contributions decreased by \$8.7 million to \$1.4 million in FY 2025, while Streets and Traffic capital grants and contributions increased \$5.3 million due to an increase in capital contributions. General government administration capital grants and contributions decreased from \$1.2 million to \$0.2 million and Police capital grants and contributions decreased by \$0.1 million from FY 2025. Solid Waste charges for services increased \$1.8 million to \$29.0 million in FY 2025 due to an increase in disposal fees, and Building Services charges for services increased by \$0.8 million due to an increase in construction, and Streets and Traffic charges for services increased slightly by \$0.3 million due to an increase in impact fees. Economic and Business Development and Cultural and Recreation charges for services combined increased by \$0.2 million in FY 2025. Operating grants and contributions decreased in FY 2025 by \$4.7 million to \$21.6 million due to Economic and Business Development operating grants and contributions decreasing by \$4.7 million.
 - Sales tax revenue increased from \$108.2 million in FY 2024 to \$109.6 million in FY 2025. Since FY 2015, Lubbock had experienced a steady increase in sales tax revenue averaging an annual increase of 5.5 percent. In FY 2025, Lubbock experienced a 1.3 percent increase in sales tax.
 - In FY 2025, Other revenues decreased by \$1.6 million from \$20.3 million in FY 2024 to \$18.7 million in FY 2025.
 - Franchise fees increased from \$28.9 million in FY 2024 to \$34.2 million in FY 2025. The \$5.3 million increase was due to lower energy costs.

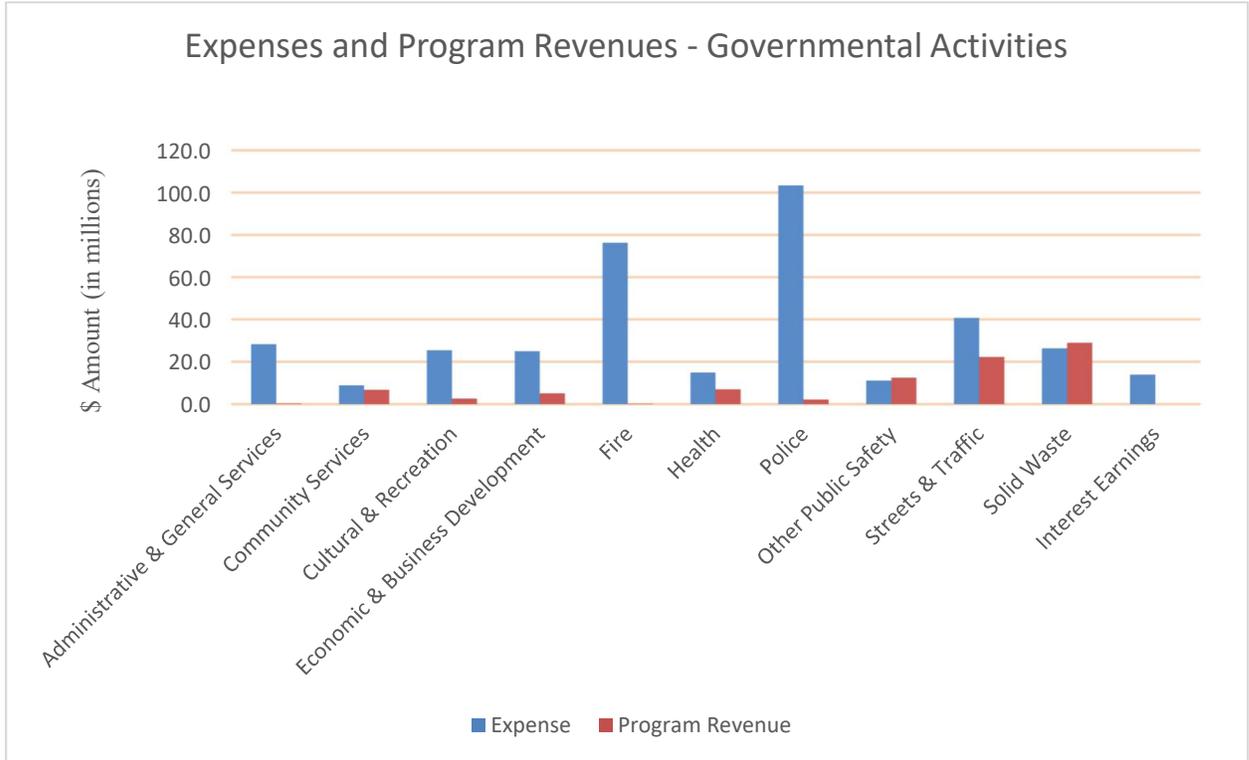

- Total expenses increased \$21.5 million, from \$352.1 million to \$373.6 million in FY 2025.
 - Police department expenses increased \$7.7 million from \$95.4 million in FY 2024 to \$103.1 million in FY 2025. Employee compensation and related benefit expenses increased by \$6.8 million due to a cost-of-living adjustment and overtime worked. In addition, Abandoned Motor Vehicles machinery and equipment expense increased by \$0.6 million and Police supplies increased slightly by \$0.3 million in FY 2025.
 - Fire department expenses increased from \$72.6 million in FY 2024 to \$76.1 million in FY 2025 for a total increase of \$3.5 million. Employee compensation and related benefit expenses increased by \$2.8 million due to a cost-of-living adjustment. Fire pension expense increased by \$1.2 million while supplies went down \$0.4 million and maintenance and other charges decreased slightly.

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

- Administrative services/general government department expenses increased from \$25.0 million in FY 2024 to \$28.3 million in FY 2025 for an increase of \$3.3 million. Maintenance and other charges increased by \$2.0 million while governmental capital projects increased by \$1.3 million. Supplies remained consistent for FY 2025.
- Streets and traffic department expenses were \$38.0 million in FY 2024 and \$40.7 million in FY 2025 for an increase of \$2.7 million. Streets and traffic department depreciation expense increased by \$2.1 million, and governmental capital projects increased by \$0.6 million. Maintenance and other charges remained at \$3.2 million.
- Community services department expenses increased from \$6.6 million in FY 2024 to \$8.8 million in FY 2025 for an increase of \$2.2 million. Community Development expenses increased from \$2.8 million in FY 2024 to \$5.5 million in FY 2025 for an increase of \$2.7 million. Community services had decreased expenditures of \$0.8 million while other grant expenditures increased by \$0.3 million.
- Cultural and recreation department expenses increased \$1.4 million to \$25.4 million in FY 2025. Maintenance and other charges increased by \$1.4 million mainly due to mowing and maintenance for parks. Personal Services remained at \$9.8 million for FY 2025 while supplies remained at \$0.8 million for FY 2025.
- Health department expenses increased \$0.7 million to \$14.9 million in FY 2025. Employee compensation and related benefit expenses increased by \$0.4 million due to a cost-of-living adjustment while retirement and pension expense increased by \$0.3million.
- Transfers from business-type activities during FY 2025 increased governmental activities' net position by \$7.4 million. During the prior fiscal year, the transfers increased governmental activities' net position by \$9.5 million. Transfers from Electric to the General Fund decreased slightly in FY 2025 and transfers from Water/Wastewater increased. Transfers from Storm Water to the General Fund increased slightly in FY 2025.
- Net transfers from business-type activities included indirect cost payments of operations for centralized services such as payroll and purchasing to governmental activities.

The following graph depicts the expenses and program revenues generated through the City's various governmental activities.

**City of Lubbock, Texas
Management’s Discussion and Analysis
For the Year Ended September 30, 2025**

The following graph reflects the source of revenues and the percentage each source represents of the total.

Revenues by Source - Governmental Activities

Business-type activities: Revenues from the City’s business-type activities totaled \$462.7 million, compared to \$552.1 million in FY 2024, a decrease of \$89.4 million. Key elements of the revenue decrease from operations include:

- Charges for services for business-type activities totaled \$369.1 million in FY 2025, a decrease of \$92.6 million from the prior year.
 - Electric operations, which is Lubbock Power & Light (LP&L), totaled \$168.1 million in FY 2025, a decrease of \$100.2 million. PCRFB revenues decreased \$101.6 million due to the elimination of the PCRFB in April 2024 as LP&L opted in to retail competition in which these costs shifted to Retail Electric Providers (REPs). Base Rate revenue also decreased \$28.9 million as these revenues were also eliminated due to the transition to retail. Offsetting these decreases was an increase for Distribution System Revenue, totaling \$47.3 million. These revenues began in April 2024 and are designed to help cover the operational costs as a Transmission and Distribution Utility (TDU).
 - Water/Wastewater operations totaled \$151.3 million in FY 2025, an increase of \$3.0 million. The water charges for services increased from \$96.5 million in FY 2024 to \$97.3 million in FY 2025 due to a higher consumption use. Wastewater charges for services increased from \$53.0 million in FY 2025 to \$55.1 million in FY 2024. Water/Wastewater uncollectible accounts increased slightly in FY 2025.
 - Storm Water operations totaled \$22.3 million in FY 2025 which is the same amount from FY 2024. The rates remained the same and consumer use was consistent for residential and commercial customers.

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

- Operating grants, capital grants and contributions produced \$67.9 million in revenue for business-type activities during FY 2025, an increase of \$21.5 million from the prior year. The increase is related to Water/Wastewater operating grants and contributions, which increased from \$2.2 million in FY 2024 to \$6.5 million in FY 2025 and capital grants and contributions increased \$5.5 million. Airport operating grants and contributions decreased \$3.4 million in FY 2025 while capital grants and contributions increased \$7.3 million to \$9.5 million in FY 2025. Storm Water capital grants and contributions also increased by \$7.8 million, and Transit had a slight decrease in operating grants and contributions in FY 2025.

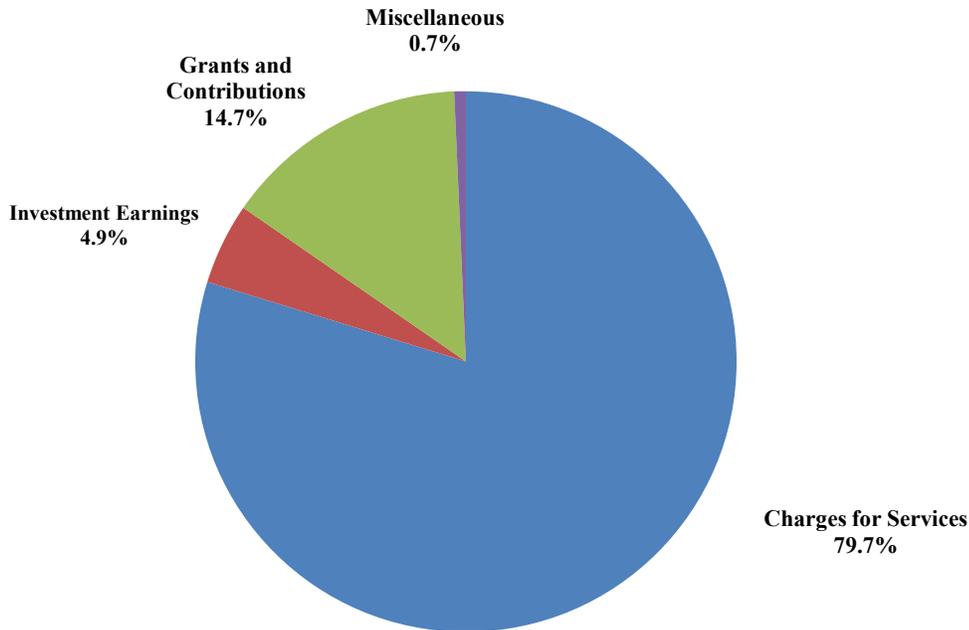

Expenses for business-type activities were \$364.0 million in FY 2025, a decrease of \$91.6 million.

- Electric expenses were \$157.2 million, a decrease of \$98.8 million from the prior year. The primary expense changes were energy and transmission-related costs. Energy costs were fully eliminated in Fiscal Year 2025, decreasing \$72.2 million due to LP&L's transition to the retail market. Miscellaneous expenses decreased \$42.0 million due the one-time settlement payment in FY 2025. Offsetting these decreases were increases in transmission and demand costs of \$6.6 million, driven by higher transmission charges, partially offset by the elimination of capacity payments as LP&L transitioned 100% of its load to ERCOT. Additionally, program expenses increased \$4.4 million, primarily due to higher personnel costs, depreciation and amortization, and maintenance costs.
- Expenses in the Water/Wastewater Fund were \$141.0 million in FY 2025, an increase of \$3.7 million from FY 2024. Water other services and charges increased by \$3.2 million in FY 2025, water billing office expense increased \$1.4 million while Water maintenance and depreciation and amortization also increased by \$0.8 million each from the prior year. Water personnel services increased by \$0.4 million while supplies increased slightly from FY 2024. Water interest expense on bonds decreased slightly by \$0.4 million in FY 2025. Wastewater maintenance expense increased by \$0.9 million in FY 2025, Wastewater supplies increased by \$0.6 million to \$2.5 million in FY 2025, Wastewater personnel services decreased slightly to \$5.6 million in FY 2025 while Wastewater interest expense decreased by \$4.1 million to \$9.4 million in FY 2025.
- Expenses in the Storm Water Fund were \$15.2 million in FY 2025, a decrease of \$0.2 million from the prior year. Personnel expense decreased by \$0.5 million in FY 2025 to \$1.8 million. Maintenance expense increased \$0.1 million in FY 2025 to \$0.8 million from FY 2025 while Storm Water supplies and depreciation and amortization expense also increased by \$0.1 million each in FY 2025.
- Expenses for Transit, Airport, Civic Centers, Cemetery, Lake Alan Henry and Golf were \$50.1 million, a \$3.2 million increase from FY 2024. A new Golf fund was established in FY 2025 so much of the increase from FY 2024 is due to Golf's \$2.6 million in expenses. Airport fund expenses remained at \$23.1 million. Transit fund expenses increased by \$0.8 million in FY 2025 to \$19.1 million. Transit depreciation and amortization increased by \$0.5 million, personnel services expense increased by \$0.4 million, and supplies and maintenance decreased by \$0.1 million in FY 2025. Civic Centers expenses increased by \$0.1 million in FY 2025 while Cemetery expenses decreased slightly to \$0.5 million and Lake Alan Henry expenses changed slightly in FY 2025. Civic Center depreciation and amortization increased by \$0.1 million while other services and charges remained the same. Cemetery personnel services decreased slightly while Lake Alan Henry other services and charges remained consistent.

**City of Lubbock, Texas
Management’s Discussion and Analysis
For the Year Ended September 30, 2025**

The following graph reflects the revenue sources generated by the business-type activities. As noted earlier, the activities include LP&L (Electric), Water, Wastewater, Storm Water, Transit, Airport, Civic Centers, Cemetery, and Lake Alan Henry.

Revenues by Source – Business-type Activities

Financial Analysis of the City’s Funds

Governmental funds: The focus of the City’s *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City’s financing requirements. The General Fund is the chief operating fund of the City.

The GASB has defined five types of fund balances, which are more fully described in the notes to the financials. The City uses four of the five types of fund balances defined: nonspendable, restricted, committed, and unassigned. At the end of the year, the City’s governmental funds reported combined ending fund balances of \$317.9 million, compared to \$312.1 million at the end of the prior fiscal year.

The unassigned fund balance serves as a useful measure of the City’s resources available for spending at the end of the fiscal year. In FY 2025, the General Fund had \$83.5 million unassigned fund balance compared to \$94.3 million unassigned fund balance in FY 2024. This is 26.3 percent of the ending governmental fund balance, compared to 30.2 percent of the ending governmental fund balance, at the end of the prior fiscal year. As a measure of the General Fund’s liquidity, it is useful to compare both the unassigned fund balance and total fund balance to total fund revenues. Unassigned fund balance represented 28.9 percent of total General Fund revenues which is slightly lower than the amount of 34.5

City of Lubbock, Texas
Management’s Discussion and Analysis
For the Year Ended September 30, 2025

percent of total General Fund revenue in the prior year. Total fund balance represented 28.9 percent of total General Fund revenues compared to 34.6 percent of total General Fund revenue in the prior year.

Tax revenues for the year increased primarily due to revenue from property tax and a slight increase in sales tax. Lubbock’s adjusted taxable value including new property added to the tax roll reached \$23.2 billion in 2024, an increase of \$1.5 billion (6.8%) from the prior year’s valuation. The total sales tax collections remitted to the City by the State of Texas increased from \$108.2 million to \$109.6 million. Of this amount, one-eighth of a percent of City sales tax is made available to Lubbock Economic Development Alliance (LEDA) for economic development purposes.

The Debt Service Fund had an increase in fund balance from \$1.0 million in FY 2024 to \$14.9 million in FY 2025. The \$1.0 million increase was due to an increase in tax and interest revenues when compared to the previous fiscal year.

The Governmental Capital Project Fund had an increase in fund balance of \$17.2 million in FY 2025. The increase was caused by the issuance of \$46.3 million in bonds and \$36.3 million in transfers in. Some of the increase was offset by capital outlay charges of \$67.3 million.

Proprietary funds: The City’s proprietary fund statements provide essentially the same type of information found in the GWFS, but in more detail. Unrestricted net position of the major proprietary funds at the end of September 30, 2025 and 2024 are as follows with amounts presented in thousands:

	2025	2024
LP&L	\$ 74,670	\$ 70,305
Water/Wastewater	15,089	7,209
Storm Water	14,082	15,150
	\$ 103,841	\$ 92,664

The LP&L Fund unrestricted net position increased by \$4.4 million, compared to an increase of \$72.3 million in the prior year, mainly due to the decrease in non-current bonds payable of \$7.2 million for the early payoff of the 2015 Revenue Bond, the decrease in restricted for debt service of \$0.86 million, the increase in deferred inflows of \$0.76 million, and the decrease in prepaid expenses of \$0.68 million for the recognition of the United Spirit Arena amortization offset by the decrease in deferred outflows of \$4.2 million.

The Water/Wastewater Fund unrestricted net position increased by \$7.9 million compared to a decrease of \$7.7 million in the prior year. Revenues increased by \$3.0 million in FY 2025 due to an increase in wastewater base and volume rates and expenses increased to \$141.1 million. An increase in capital contributions of \$5.5 million from \$10.4 million in FY 2024 to \$15.9 million in FY 2025 was mainly due to new capital projects in FY 2025. Water/Wastewater net transfers increased slightly by \$0.1 million from \$6.0 million in FY 2024 to \$6.1 million in FY 2025.

The Storm Water Fund unrestricted net position decreased by \$1.1 million compared to a \$1.4 million increase in the prior fiscal year. Revenues remained the same FY 2025 at \$22.3 million while expenses decreased by \$0.2 million. Transfers out decreased by \$0.6 million to \$2.8 million in FY 2025. Capital contributions increased in FY 2025 to \$12.4 million in FY 2025 from \$4.6 million in FY 2024.

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

General Fund Budgetary Highlights

The adopted operating revenue budget for the General Fund, including transfers, totaled \$298.2 million.

The final General Fund revenue budget totaled \$299.6 million. A transfer amendment was passed to assign \$1.2 million from the Streets Capital Fund to the General Fund from the Impact Fee Streets Zone E Fund. Another amendment was made to transfer \$0.2 million from the Streets Capital Project Fund to the General Fund for municipal purposes. Actual revenue was \$298.9 million. Revenue and transfers into the General Fund were under budget by \$0.7 million. The City's sales tax was \$5.2 million under budget due to consumers spending less and property taxes were \$0.7 million under budget. Interest earnings revenue was \$2.0 million over budget mainly due to improved rate environments, and franchise fees revenue was \$1.8 million over due to increases from South Plains Electric Coop and Atmos Energy. Revenue in lieu of property tax was \$1.4 million over budget due to LP&L contributions.

The original operating expenditure budget for the General Fund, including transfers out, totaled \$310.7 million. An amendment was passed to carry forward balances not used in FY 2024 in the amount of \$0.3 million for City elections under contract with Lubbock County, and code supplementation services and online code hosting services. A budget amendment was made to increase the transfer to CIP in the General Fund by \$3.2 million, another budget amendment for \$0.1 million was made to increase the transfer to Streets Capital Fund Project, and a \$2.7 million amendment was made to increase the Public Safety Capital project Fund. The final General Fund expenditure budget totaled \$317.1 million.

The City ended the fiscal year with expenditures and transfers out totaling \$309.9 million, \$7.2 million less than budgeted. A transfer to the Gateway fund was \$0.7 million under budget as franchise fees came in lower than projected. Streets expenditures were under budget by \$1.6 million primarily because of lower than expected tax note and interest expenses and vacant positions. Solid Waste was \$1.4 million below budget due to vacant positions which lowered compensation and related benefits, lower actual fuel costs and less property damage. Public Safety was \$1.0 million under budget in total due to vacant positions in Animal Control, Fire, Police, Municipal Court, and Vector Control which lowered compensation and related benefits. Traffic was \$0.6 million under budget due to personnel vacancies in the year and lower maintenance costs. Facilities Management was \$0.7 under budget due to transitioning to a new energy supplier and lower custodial costs while the Libraries were under budget by \$0.4 million since they did not utilize all of the books and systems management budget. City Secretary was under budget by \$0.3 million due to not utilizing the elections budget but will carry over the budget to the next fiscal year. Finally, City Attorney and Finance were each \$0.2 million below budget due to personnel vacancies while non-departmental expenses were \$0.1 million below budget due to lower utility costs and unspent special projects.

The City budgets on a basis other than Generally Accepted Accounting Principles (GAAP), with the main difference being that debt proceeds and related capital outlay are not budgeted.

Capital Assets and Debt Administration

Capital assets: The City’s investment in capital assets, net of accumulated depreciation/amortization, for its governmental and business-type activities at September 30, 2025 totaled \$2.87 billion, a \$111.4 million increase over the prior fiscal year’s balance of \$2.67 billion. The investment in capital assets includes land, buildings and improvements, equipment, construction in progress, and infrastructure.

Major capital asset projects and purchases during the fiscal year included the following:

- Lake 7 land acquisition totaling \$15.2 million. Lake 7 will be located between Buffalo Springs Lake and East 50th Street. The Lake will be a renewable water source and is an integral part of Lubbock’s 100 year water plan.
- Cell Construction at the West Texas Regional Disposal Facility totaled \$6.4 million. The last cell that was constructed for waste disposal capacity .was in 2018.
- Construction of Fire Station #20 totaling \$2.8 million.

At the end of the fiscal year, the City had construction commitments of \$384.9 million. The City has a remaining appropriation of \$9.7 million to purchase and install new substation power transformers in the Erskine substation. The City has a remaining appropriation of \$31.4 million which includes funding of a new pump station, ground storage tank, elevated storage tank and transmission pipelines to service the west Lubbock area in the near future. The Lubbock Preston Smith International Airport has a \$59.0 million construction commitment to extend taxiway L along with a taxiline addition and apron expansion.

Additional information about the City’s capital assets can be found on pages 81-85 of the ACFR.

**City of Lubbock, Texas
Management’s Discussion and Analysis
For the Year Ended September 30, 2025**

Long-term debt: A summary of the City’s total outstanding debt follows:

	Governmental		Business-type		Totals	
	Activities		Activities			
	2025	2024	2025	2024	2025	2024
General obligation bonds	\$ 404,204	\$ 388,689	\$ 190,506	\$ 282,591	\$ 594,710	\$ 671,280

State infrastructure bank loan	4,545	5,047	-	-	4,545	5,047
Subscription Liability	5,325	5,123	-	214	5,325	5,337
Lease	4,543	2,744	1,970	440	6,513	3,184
Total	\$ 418,617	\$ 401,603	\$ 943,174	\$ 965,598	\$ 1,361,791	\$ 1,367,201

There is no direct debt limitation in the City Charter or under state law. The City operates under a Home Rule Charter that limits the maximum tax rate for all city purposes to \$2.50 per \$100 of assessed valuation. The Attorney General of the State of Texas permits an allocation of \$1.50 of the \$2.50 maximum tax rate for general obligation bonded debt service. The FY 2024 interest and sinking fund tax rate per \$100 of assessed valuation was \$0.11266, which is significantly below the maximum allowable tax rate.

As of September 30, 2025, the City’s total outstanding debt has decreased by \$5.4 million, or 0.4 percent from the prior fiscal year. General obligation bond and revenue and contract bond debt decreased by \$8.2 million or 0.6 percent. Total bond additions were \$223.2 million, offset by the payment of scheduled principal payments totaling \$115.8 million and refunded debt of \$115.9 million.

During the fiscal year, the City issued the following bonds and certificates:

- \$57.5 million Water and Wastewater System Revenue Bonds, Series 2025 (Bonds), with a 3.99 percent interest rate. The Bonds were issued at a premium of \$3,788,336 and incurred issuance costs of \$521,172. The \$61,258,336 proceeds from the sale of the Bonds will be used to (i) pay the costs of acquiring, purchasing, constructing, improving, renovating, enlarging and equipping property, buildings, structures, facilities and related infrastructure for the Water and Wastewater System, (ii) fund capitalized interest for the Bonds, if necessary, (iii) fund the reserve fund requirement for the Bonds, if necessary, and (iv) pay the costs of issuing the Bonds.
- \$46.3 million General Obligation Bonds, Series 2025 (Bonds), with a 4.15 percent interest rate. The Bonds were issued at a premium of \$3,161,170 and incurred issuance costs of \$471,170. The \$49,471,170 proceeds from the sale of the Bonds will be used for (i) the acquisition, construction and reconstruction of City street improvements, including but not limited to sidewalks, utility line relocation and traffic signalization, necessary and related storm drainage facilities and the acquisition of land and rights-of-way therefor and (ii) payment of costs of issuance of the Bonds.
- \$16.2 million Tax Note, Series 2025 (Note) with a 3.83 percent interest rate. The Tax Notes incurred issuance costs of \$80,000.00. The proceeds will be used to (a) finance (i) renovations, additions, expansions and improvements to the Lubbock Preston Smith International Airport taxiway and (ii) renovations and improvements to the City cemetery, (b) purchase of vehicles (together with (a), the “Project”); and (c) pay the costs incurred in connection with the execution and delivery of the Note.

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

- \$45.6 million General Obligation Refunding Bonds, Series 2024 (Bonds), with an interest rate of 3.31 percent. The Bonds were issued at a premium of \$3,060,039 and incurred issuance costs of \$401,340. The \$48,670,039 proceeds from the sale of the Bonds were used to refund a portion of the of City's outstanding indebtedness for the purpose of achieving debt service savings. The Bonds refunded \$47,630,000 of outstanding debt, which resulted in a decrease of \$1,649,494 in total debt service requirements.
- \$57.6 million Water and Wastewater System Revenue Refunding Bonds, Series 2024 (Bonds), with an interest rate of 3.33 percent. The Bonds were issued at a premium of \$4,412,520 and incurred issuance costs of \$494,572. The \$61,972,520 proceeds from the sale of the Bonds were used to refund a portion of the City's outstanding indebtedness for the purpose of achieving debt service savings. The Bonds refunded \$60,615,000 of outstanding debt, which resulted in a decrease of \$2,812,975 in total debt service requirements.

In March 2025, Standard and Poor's reaffirmed the City's bond rating of AA+ characterizing the City's rating outlook as stable. In March 2025, Fitch Ratings, Inc. reaffirmed the City's bond rating of AA+ characterizing the City's rating outlook as stable.

In January 2025, Standard and Poor's reaffirmed the City's Water & Wastewater bond rating of AA characterizing the Water & Wastewater System's rating outlook as stable. In January 2025, Fitch Ratings, Inc. reaffirmed the Water & Wastewater System's bond rating of AA+, characterizing the Water & Wastewater System's rating outlook as stable.

In June 2024, Standard and Poor's reaffirmed Lubbock Power & Light's (LP&L) bond rating of A+ characterizing LP&L's outlook as stable. In July 2024, Moody's Investor Service reaffirmed a bond rating of Aa3 characterizing LP&L's outlook as stable. In September 2024, Fitch Ratings, Inc. upgraded LP&L's bond rating to AA- and characterized LP&L's outlook as stable.

Additional information about the City's long-term debt can be found on pages 99-107 of the ACFR.

Economic Factors and the Next Fiscal Year's Budget and Rates

- In September 2025, the average unemployment rate for the Lubbock area was 3.7 percent, up from 3.5 percent in September of the previous year. The State's unemployment rate of 4.4 percent for September 2025 is up from 4.1 percent and the national rate of 4.3 percent for September 2024 is up from 3.9 percent from the previous year.
- Taxable retail sales tax was \$100.4 million in FY 2025 compared to \$99.1 million in FY 2024.
- The total number of new residential permits through September 2025 increased by 1.7 percent from 2024 levels, and total valuation amounts increased by 34.7 percent from the same period in 2024.
- Hotel occupancy tax receipts increased to \$9.9 million in FY 2025 compared to \$9.8 million in FY 2024.

City of Lubbock, Texas
Management's Discussion and Analysis
For the Year Ended September 30, 2025

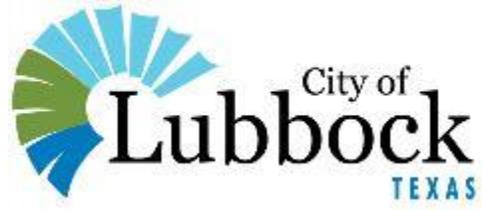

The following factors were considered in preparing the City's budget for FY 2026.

- The City adopted an increased tax rate of \$0.472191 per \$100 valuation for FY 2026. This is a \$0.002071 increase from FY 2025. The tax rate for debt service decreased from \$0.112664 to \$0.107586 per \$100 valuation. The Maintenance and Operations rate increased from \$0.357456 to \$0.364605 per \$100 valuation. Property tax revenues are expected to increase by \$2.9 million for FY 2026 of which \$1.9 million is new property on the roll.
- Sales tax revenues in FY 2026 are expected to decrease by \$2.6 million compared to the FY 2025 budgeted amount.
- Franchise fees and payments in lieu of franchise fees are expected to decrease by \$684.9 thousand or 2.1 percent. The decrease is due to the forecasted energy prices in FY 2026.
- Licenses and permits revenues are expected to decrease by \$601.1 thousand in FY 2026. Decreases are in payments for building permit-related fees, food establishments, food truck permit, peddler and mixed beverage permits, charitable solicitations, animal licensing, oil and gas permits, and other licenses required by the City. Construction related permits are projected to decrease primarily due to a decline in new property growth.
- Compensation costs are expected to increase to \$145.4 million in FY 2026 due to a 2.5 percent cost of living adjustment as well as increases to retirement and medical and dental benefits. This also includes the pay step increases associated with police and fire civil service.
- Airport revenue increased by \$884.5 thousand associated with the transfer from Passenger Facility Charges to pay the debt for this independent fund managed by the Airport. Many of the airport fees are adjusted every year for CPI by contract including those associated with hangar, terminal and parking. Interest is projected to decrease. Expenses for the fund increased \$2.8 million. This is mainly associated with an increase in cash funding for capital projects of \$1.8 million.
- Water/Wastewater revenue increased \$5.6 million primarily due to interest. No rate changes are proposed. Water metered sales is increasing based on expected consumption. The decrease in wastewater metered sales is due to budgeting too aggressively in the prior year. Expenses for the fund are projected to increase \$8.7 million. The 2.5 percent cost of living adjustment is included. Chemicals, vehicle maintenance, system maintenance, professional services, information technology, and payment to CRMWA are increasing in operations. Cash funding water/wastewater capital increased by \$4.0 million. Overall, there is a \$1.5 million increase to debt, including tax notes. There is also an increase in the payment to LP&L for billing and collection services of \$1.5 million. The largest offset to these increases is the decrease of \$1.5 million in the transfer to fleet capital for the purchase of vehicles.

City of Lubbock, Texas
Reconciliation of the Balance Sheet of Governmental Funds
To the Statement of Net Position
September 30, 2025

Total fund balance - governmental funds \$ 317,946,281

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets and right of use assets used in governmental activities are not financial resources and therefore are not reported in the funds. 779,038,567

Internal service funds (ISF's) are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The portion of the assets and liabilities of the ISF's primarily serving governmental funds are included in governmental activities in the Statement of Net Position as follows:

Net Position	72,871,297
General obligation bonds	23,333,713
Net book value of capital assets	(65,167,303)
Compensated absences	1,316,896
Post employment benefits	5,115,939
Net pension Liability	4,178,689
Lease	3,498,128
Subscription Liability	5,105,241
Arbitrage Liability	341,955
Deferred Inflows of Pensions	1,530,591
Deferred Outflows of Pensions	(2,141,116)
Deferred Inflows of OPEB	1,546,383
Deferred Outflows from OPEB	(497,994)
Deferred Inflow on Refunding	790
Amounts due from business-type ISF's for amounts undercharged	8,991,001

Certain liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities are as follows:

General obligation bonds	(404,203,956)
SIB Loan	(4,544,642)
Leases	(4,543,172)
Subscription Liabilities	(5,325,282)
Arbitrage Liability	(4,371,462)
Closure/Post Closure	(8,274,721)
Compensated absences	(48,075,835)
Post employment benefits	(103,086,178)
Net pension liability	(162,205,427)
Accrued interest on general obligation bonds	(2,551,073)

Bond premiums and deferred charges on refunding are recognized as an other financing source in the fund statements. In the government wide statements premiums and deferred charges on refunding are amortized over the life of the bonds. Unamortized balances as of fiscal year end equal premiums \$26,384,446 and deferred charges on refunding \$1,803,104. (24,581,343)

Deferred Inflows of Pensions	(21,527,219)
Deferred Outflows of Pensions	54,060,291
Deferred Inflows from OPEB	(35,418,972)
Deferred Outflow from OPEB	10,631,862

Revenue earned but unavailable in the funds is deferred. 4,120,736

Net Position of governmental activities \$ 397,112,665

See accompanying Notes to Basic Financial Statements

City of Lubbock, Texas
Reconciliation of the Statement of Revenues, Expenditures and Changes
In Fund Balances of Governmental Funds
To the Statement of Activities
For the Year Ended September 30, 2025

Net change in fund balances - total governmental funds	\$ 5,763,217
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays of \$72,661,475 exceeded depreciation of \$46,414,982 and Right to Use Assets amortization \$440,562 and Subscription Asset amortization of \$257,494 in the current period.	25,548,437
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. This is the amount by which proceeds of \$70,915,000 was more than debt repayments of \$34,917,568 and debt defeasance of \$25,725,000.	(10,272,432)
Lease transactions provide current financial resources to governmental funds and repayment of principal is an expenditure. The proceed amount of \$0 was less than the amount of repayment \$426,786	426,786
Subscription Based IT transactions provide current financial resources to governmental funds and repayment of principal is an expenditure. The proceed amount of \$84,189 was less than the amount of repayment \$230,791.	146,602
Bond premiums are recognized as an other financing source in the governmental funds, but are considered bonds and notes payable on the Statement of Net Position. Premiums are amortized over the life of the bonds. This is the amount by which bond premium issued of \$4,813,899 was less than deferred refunding charges of \$318,245 and amortization of \$4,607,312.	111,658
Estimated long-term liabilities, excluding internal service funds, are recognized as expenses in the Statement of Activities as incurred, but are recognized when current financial resources are used in the governmental funds.	
Compensated absences	(4,420,004)
Post retirement benefits	15,542
Net pension liability	(4,000,160)
Arbitrage Liability	(1,012,623)
Property taxes levied and court fines and fees earned, but not available, are deferred in the governmental funds, but are recognized when earned (net of estimated uncollectibles) in the Statement of Activities. This amount is the net change in deferred property taxes and court fines and fees for the year.	330,576
Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities.	14,411,044
Current Amount undercharged by Internal Service Fund Business Type Activities-Lookback	756,881
Accrued interest is recognized as expenses in the Statement of Activities as incurred, but is recognized when current financial resources are used in the governmental funds. This amount is the net change in the accrued interest this year.	(91,186)
Capital assets transactions include \$17,968,960 donated assets plus \$630,851 capital asset transfers in from business-type activities and less \$88,801 disposition of assets and use of property.	18,511,010
Landfill closure and postclosure adjustment in FY 25	<u>(312,369)</u>
Change in net position of governmental activities	<u>\$ 45,912,979</u>

To the Statement of Net Position
September 30, 2025

Total net position - proprietary funds	\$ 1,350,546,188
--	------------------

Amounts reported for business-type activities in the Statement of Net Position are different because:

Internal service funds (ISF's) are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The portion of assets and liabilities of the ISF's primarily serving enterprise funds are included in business-type activities in the Statement of Net Position as follows:

Net position of business-type ISF's	1,319,183
Amounts due to governmental ISF's for amounts overcharged	<u>(8,991,001)</u>
Net position of business-type activities	<u>\$ 1,342,874,370</u>

NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Basic Financial Statements (BFS) of the City of Lubbock, Texas (City) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units, including specialized industry practices as specified in the American Institute of Certified Public Accountants audit and accounting guide titled *State and Local Governments*. The Governmental Accounting Standards Board (GASB) is the acknowledged standard-setting body for establishing governmental accounting and financial reporting principles. With respect to proprietary activities related to business-type activities and enterprise funds, including component units, the City applies all applicable GASB pronouncements.

The more significant accounting policies are described below.

A. REPORTING ENTITY

The City is a municipal corporation governed by a Council-Manager form of government. The City, incorporated in 1909, is located in the northwestern part of the state. The City currently occupies a land area of 144.45 square miles and serves a population approximating 272,782. The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Council.

The City provides a full range of services including public safety (police and fire protection), electric, water and wastewater, storm water, solid waste, public transportation, health and social services, cultural-recreation, highways and streets, airport, planning and zoning, and general administrative services.

The BFS present the City and its component units and include all activities, organizations, and functions for which the City is considered financially accountable. The criteria considered in determining activities to be reported within the City's BFS are based upon and consistent with those set forth in the Codification of Governmental Accounting Standards, Section 2100, "*Defining the Financial Reporting Entity*." The criteria include the following:

- The organization is legally separate (can sue and be sued in its own name);
- The City holds the corporate powers of the organization;
- The City appoints a voting majority of the organization's board;
- The City is able to impose its will on the organization;
- The organization has the potential to impose a financial benefit or burden on the City; or
- There is fiscal dependency by the organization on the City.

As required by GAAP, the BFS present the reporting entity, which consists of the City (the primary government), organizations for which the City is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion could cause the City's BFS to be misleading or incomplete.

DISCRETELY PRESENTED COMPONENT UNITS

The financial data for the Component Units are shown in the Government-Wide Financial Statements. Component Units are reported in a separate column to emphasize that they are legally separate from the City. The following Component Units are included in the reporting entity because the primary government is financially accountable, is able to impose its will on the organization, or can significantly influence operations and/or activities of the organization.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

The **Urban Renewal Agency (URA)** is a legally separate entity that serves as an arm of the City. The URA is governed by state law and was formed to help eliminate slum and blight within the City. The URA board oversees loans made to businesses and citizens of Lubbock using funds accumulated by the City of Lubbock community development program. The URA also oversees the acquisition and disposition of real property. The URA manages the City of Lubbock Community Development loans and property program. The URA Board is composed of nine members appointed by the City Council. There are no separate financial statements available for the URA.

Civic Lubbock, Inc. is a legally separate entity that was organized to foster and promote the presentation of wholesome educational, cultural, and entertainment programs for the general moral, intellectual and physical improvement, and welfare of the citizens of Lubbock and the surrounding area. The eleven-member board is appointed by the City Council. The City Council reviews and accepts the annual budget. Separate audited financial statements for Civic Lubbock may be obtained from Civic Lubbock, Inc. at 1501 Mac Davis Ln, Lubbock, Texas.

Market Lubbock Economic Development Corporation, dba Market Lubbock, Inc. is a legally separate entity that was formed on October 10, 1995 by the City Council to create, manage, operate, and supervise programs and activities to promote, assist, and enhance economic development within and around the City. The City Council appoints the seven-member board, and its operations are funded primarily through budgeted allocations of the City's property and hotel occupancy taxes. Separate audited financial statements may be obtained from Market Lubbock, Inc. at 1500 Broadway, Sixth Floor, Lubbock, Texas.

Lubbock Economic Development Alliance, Inc. is a legally separate entity that was formed on June 1, 2004 by the City of Lubbock to create, manage, and supervise programs and activities to promote, assist, and enhance economic development within and around the City. The City Council appoints the seven-member board, and its operations are funded primarily through budgeted allocations of the City's sales and use taxes. Separate audited financial statements may be obtained from Lubbock Economic Development Alliance, Inc. at 1500 Broadway, Sixth Floor, Lubbock, Texas.

The Vintage Township Public Facilities Corporation is a legally separate entity that was formed in 2007 with the sole purpose to assist the City in financing, refinancing, providing, or otherwise assisting in the acquisition, construction, and maintenance of certain public facilities benefiting the Vintage Township Public Improvement District. The three-member board is appointed by the City Council. The City Council reviews and accepts the annual budget. Separate audited financial statements are not available.

RELATED ORGANIZATIONS

The City Council is responsible for appointing the board members of some other organizations, but the City's accountability for these organizations do not extend beyond the board appointments. The City Council is not able to impose its will on these entities and there is no financial benefit or burden relationship. Bonds issued by these organizations do not constitute indebtedness of the City. The following related organizations are not included in the reporting entity:

The **Lubbock Fire Pension Fund (LFPF)** operates under provisions of the Texas Local Fire Fighters' Retirement Act for purposes of providing retirement benefits for the City's firefighters and eligible fire civilian employees. The Mayor's designee, the Chief Financial Officer or his designee, three firefighters elected by active firefighters, and two at-large members elected by the LFPF Board govern its affairs. The Pension Fund is funded by contributions from the firefighters and City matching contributions. As provided by enabling legislation, the City's responsibility to the LFPF is limited to matching bi-weekly contributions made by the members. Title to assets is vested in the LFPF and not the City. The Texas State Pension Review Board is mandated to oversee all Texas public retirement systems concerning their actuarial soundness and compliance with state law. The City cannot significantly influence the Pension Fund's operations. Separate audited financial statements may be obtained from the LFPF or from the City.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

The **Housing Authority of the City of Lubbock** is a legally separate entity. The Mayor appoints the five-member board.

The **Lubbock Health Facilities Development Corporation** promotes health facilities development. The City Council appoints the seven-member board.

The **Lubbock Education Facilities Authority, Inc.** is a non-profit corporation and instrumentality of the City and was created pursuant to the Higher Education Authority Act, Chapter 53 Texas Education Code, to aid institutions of higher education, secondary schools, and primary schools in providing educational facilities and housing facilities. The seven-member board is appointed by the City Council.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Government-Wide Financial Statements (GWFS) (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of the City and its blended component unit as a whole. The discretely presented component units are also aggregately presented within these statements. The effect of interfund activity has been removed from these statements by allocation of the activities of the various internal service funds to the governmental and business-type activities based on the predominant users of the services. Interfund services are not eliminated in the process of consolidation. Governmental activities, which are primarily supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All activities, both governmental and business-type, are reported in the GWFS using the economic resources measurement focus and the accrual basis of accounting, which includes long-term assets and receivables as well as long-term debt and obligations. The GWFS focus more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

The Government-Wide Statement of Net Position reports all financial and capital resources of the City. It is displayed in the format of assets plus deferred outflows of resources equal liabilities plus deferred inflows of resources, plus net position, with the assets and liabilities shown in order of their relative liquidity. Net position represents the difference between all other elements in a statement of financial position and should be displayed in three components: 1) net investment in capital assets; 2) restricted; and 3) unrestricted. Net investment in capital assets equals capital assets net of accumulated depreciation and is reduced by outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources at the end of the reporting period, the portion of the debt or deferred inflows of resources attributable to the unspent amount should not be included in the calculation of net investment in capital assets. Instead, that portion of the debt or deferred inflows of resources should be included in the same net position component (restricted or unrestricted) as the unspent amount. Restricted net position are those with constraints placed on their use as: 1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or 2) imposed by law through constitutional provisions or enabling legislation. All net position not otherwise classified as net investment in capital assets or restricted, is shown as unrestricted. Reservations or designations of net position imposed by the City, whether by administrative policy or legislative actions of the City Council that do not otherwise meet the definition of restricted net position, are considered unrestricted in the GWFS.

The Government-Wide Statement of Activities demonstrates the degree to which the direct expenses for a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

reported instead as general revenues. The general revenues support the net costs of the functions and segments not covered by program revenues.

Fund Financial Statements (FFS) for governmental and proprietary funds are also part of the BFS. The focus of the FFS is on major funds, as defined by GASB Statement No. 34. GASB Statement No. 34 sets forth minimum criteria for the determination of major funds, i.e., a percentage of assets, liabilities, revenue, or expenditures/expenses of fund category and of the governmental and enterprise funds combined. However, it also gives governments the option of displaying other funds as major funds. The City can elect to add some funds as major funds because of outstanding debt or community focus. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the FFS. Other non-major funds are combined in a single column in the appropriate FFS.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The GWFS are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary FFS. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Because the enterprise funds are combined into a single business-type activities column on the GWFS, certain interfund activities between these funds are eliminated in the consolidation for the GWFS, but are included in the fund columns in the proprietary FFS. The effect of interfund activity has been eliminated from the GWFS. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's electric, water, and wastewater functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements

Governmental FFS are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the traditional basis of accounting for governmental funds. This presentation is necessary: 1) to demonstrate legal and covenant compliance; 2) to demonstrate the sources and uses of liquid resources; and 3) to demonstrate how the City's actual revenues and expenditures conform to the annual budget. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available, generally, if they are collected within 45 days of the end of the current fiscal period. The City considers the grant availability period to be one year for revenue recognition. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments are recorded only when the liability has matured. Because the governmental FFS are presented on a different basis of accounting than the GWFS, reconciliations are provided immediately following each fund statement. These reconciliations explain the adjustments necessary to convert the FFS into the governmental activities column of the GWFS.

Property taxes, sales taxes, franchise taxes, occupancy taxes, grants, licenses, court fines, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered susceptible to accrual as revenue of the current period. All other revenue items are considered measurable and available only when the City receives cash.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Fund Accounting

The City uses funds to report its financial position and the results of its operations. Fund accounting segregates funds according to their intended purpose and is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts, which includes assets, deferred outflows, deferred inflows, liabilities, fund balance/net position, revenues, and expenditures/expenses.

Governmental Funds are those through which most of the governmental functions of the City are financed. The City reports three major governmental funds:

The **General Fund**, as the City's primary operating fund, accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Governmental Capital Projects Fund** accounts for financing and construction of government capital projects, except for North Overton, Central Business District, and Lubbock Business Park Tax Increment Financing Reinvestment Zone (TIF) capital projects and Gateway Streets Fund capital projects. Projects include public safety improvements, park improvements, street improvements, purchase of and construction of municipal buildings, and major maintenance, repair, and replacement of public buildings and facilities.

The **Debt Service Fund** is used to account for and report financial resources that are restricted to expenditures for principal and interest (other than debt service payments made by proprietary funds).

Enterprise Funds are used to account for operations: 1) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered through user charges; or 2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The City reports the following major enterprise funds:

The **LP&L Fund** accounts for the activities of the city-owned electric production and distribution system.

The **Water/Wastewater Fund** accounts for the activities of the City's water system and sanitary wastewater system.

The **Storm Water Fund** accounts for the activities of the storm water utility.

The City also reports the following non-major funds:

Governmental Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays (other than those recorded in the proprietary funds).

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services or producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

City's enterprise funds and of the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Enterprise Funds are used to account for services to outside users where the full cost of providing services, including capital, is to be recovered through fees and charges, e.g., Lubbock Preston Smith International Airport (Airport Fund), Citibus (Transit Fund), Golf, Cemetery, Civic Centers and Lake Alan Henry Recreational Funds.

Internal Service Funds are used to account for services provided to other departments, agencies of the departments, or to other governments on a cost reimbursement basis (i.e., fleet maintenance, print shop and warehouse, information technology, risk management, health benefits, and investment pool).

Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds use the economic resource measurement focus and the full accrual basis of accounting. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City reports police custodial funds as fiduciary funds. These are seized funds that are held until a court order is received that directs where the funds should be distributed.

D. BUDGETARY ACCOUNTING

The City Manager submits a proposed operating budget and capital program to the City Council annually for the upcoming fiscal year. Annual budgets are adopted for the General Fund, Debt Service Fund, Enterprise Funds, Internal Service Funds, and certain Special Revenue Funds. Public hearings are conducted to obtain citizen comments, and the budget is legally enacted through passage of an ordinance by the Council. City Council action is also required for the approval of any supplemental appropriations.

All budget amounts presented in the General Fund Budgetary Comparison Schedule in the Required Supplementary Information (RSI) section reflect the original budget and the amended budget, which have been adjusted for legally authorized supplemental appropriations to the annual budget during the fiscal year. The operating budget is adopted on a basis other than GAAP for the General Fund, with the main difference being that tax note proceeds and related capital outlay are not budgeted. Budgetary control is maintained at the fund level. The City Manager may make administrative transfers and increases or decreases between accounts below the fund level without City Council approval. However, any transfer of funds between Funds, the legal level of control, or higher level shall be presented to City Council for approval by ordinance before such funds can be transferred between Funds or expended. All annual operating appropriations lapse at the end of the fiscal year. Capital Project and grant appropriations do not lapse at fiscal yearend, but remain in effect until the project or grant is completed and closed.

All budget amounts presented in the Special Revenue Funds and Debt Service Fund Budgetary Comparison Schedule in the Combining and Individual Fund Statements and Schedules section reflect the final budget amounts, which have been adjusted for legally authorized supplemental appropriations to the annual budget during the fiscal year. Budgetary control is maintained at the fund level, the legal level of control for Special Revenue Funds and Debt Service Funds. The following Special Revenue Funds have legally adopted budgets: Abandoned Motor Vehicle, Animal Assistance, Cable Services, Central Business District TIF, Community Development Grant, Criminal Investigation, Department of Justice Asset Sharing, Economic Development Incentive, Gateway Streets, Hotel Motel Tax, Lubbock Business Park TIF, Lubbock Economic Development Alliance, Municipal Court, North and East Lubbock Neighborhood and Infrastructure, North Overton PID, North Overton District TIF, North Point PID, Quincy Park PID, Valencia PID, Vintage Township PID, Bell Farms PID, Upland Crossing PID's 1, 2 and 3, Northwest Passage PID, and Willow Bend Villas PID and grants.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Capital project and grant funds do not lapse at fiscal yearend, but remain in effect until the project is completed and closed. The following funds have project length budgets: Donations, Community Services, Health, Library, Police, and Other Grants Special Revenue Funds; and the Governmental, TIF, and Gateway Streets Capital Projects Funds.

In addition to the tax levy for general operations, in accordance with state law, the City Council sets an ad valorem tax levy for a sinking fund (General Obligation, Certificate of Obligation, and Tax Note Debt Service) which, with cash and investments in the fund, is sufficient to pay all debt service due during the fiscal year.

E. ENCUMBRANCES

At the end of the fiscal year, encumbrances for goods and services that have not been received are canceled except in the Capital Projects Fund. Management has authority, by ordinance, to re-appropriate any encumbrances that were open at the prior fiscal year end. At the beginning of the next fiscal year, management reviews all open encumbrances and approves needed encumbrances. In FY 2025, management approved re-appropriation of \$661,425 in funds as follows: General Fund - \$299,442, Water/Wastewater Fund - \$62,488, Upland Crossing Pid \$6,445 and Abandoned Vehicles - \$293,070. There are no other significant encumbrances at year-end that have not been restricted, committed, or assigned.

F. ASSETS, LIABILITIES, AND FUND BALANCE/NET POSITION

Equity in Cash and Investments - The City pools the resources of the various funds in order to facilitate the management of cash and enhance investment earnings. Records are maintained which reflect each fund's equity in the pooled account. Government agency bonds, municipal bonds, and commercial paper are stated at fair value; State Pools (TexStar, LOGIC, Texas CLASS) are stated at net asset value; and money market funds and TexPool are stated at amortized cost.

Cash and Cash Equivalents - Cash and cash equivalents include cash on hand and demand deposits.

Investments- - Investments include securities in the Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, Federal Farm Credit Bank, Federal Agricultural Mortgage Corporation, Municipal Bonds, Commercial Paper, Treasury Bills, Certificates of Deposit, and Money Markets. Investments also include state investment pools. Restricted investments include investments that have been restricted for bond financed capital projects, funds that have been restricted by bond covenants for debt service requirements, and funds accumulated for passenger facility charges and customer facility charges.

Property Tax Receivable - The value of all real and business property located in the City is assessed annually on January 1 in conformity with Subtitle E of the Texas Property Code. Property taxes are levied on October 1 on those assessed values and the taxes are due on receipt of the tax bill. On the following January 1, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. The taxes are considered delinquent if not paid before February 1. Therefore, at fiscal year-end, all property taxes receivable are delinquent but are secured by a tax lien.

At the GWFS level, property tax revenue is recognized upon levy. In governmental funds, the City records property taxes receivable upon levy and defers tax revenue until the taxes are collected or available. For each fiscal year, the City recognizes revenue in the amount of taxes collected during the year plus an estimate of taxes to be collected in the subsequent 45 days. The City allocates property tax revenue between the General, certain Special Revenue, and Debt Service Funds based on tax rates adopted for the year of levy. The Lubbock Central Appraisal District assesses property values, bills, collects, and remits the property taxes to the City. The City adjusts the allowance for uncollectible taxes and deferred inflows of tax revenue at fiscal year-end

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

based upon historical collection experience. To write off property taxes receivable, the City eliminates the receivable and reduces the allowance for uncollectible accounts.

Enterprise Funds Receivables - Within the LP&L, Water/Wastewater, and Storm Water Enterprise Funds, services rendered but not billed as of the close of the fiscal year are accrued. This amount is reflected in the accounts receivable balances of each fund. Amounts billed are reflected as accounts receivable net of an allowance for uncollectible accounts.

Leases Receivable –Lessor- The City is a lessor for noncancelable leases of property and equipment. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide, governmental and proprietary fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently the deferred inflow of resources is recognized as revenue over the lease term. The City has \$2,567,042 remaining in lease receivables and \$2,567,042 remaining in deferred inflows as of September 30, 2025. The City recorded lease revenue including interest of \$308,737 in the fiscal year. The City uses key estimates and judgements related to leases including how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

The City uses its estimated incremental borrowing rate as the discount rate for leases. The lease term is for the noncancelable period of the lease. Lease payments that are included in the measurement of the lease receivable are composed of fixed payments from the lessee that are fixed in substance or that depend on an index or a rate.

The City monitors changes in circumstances that would require a re-measurement of its leases and will re-measure the lease receivable and deferred inflow of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Inventories - Inventories consist of expendable supplies held for consumption. Inventories are valued using the average cost method of valuation, and are accounted for using the consumption method of accounting, i.e., inventory is expensed when used rather than when purchased.

Prepaid Items - Prepaid items are accounted for under the consumption method.

Capital Assets and Depreciation - Capital assets, including public domain infrastructure (streets, bridges, sidewalks, and other assets that are immovable and of value only to the City), are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. These capital assets are reported in the GWFS and the proprietary funds. Capital assets are recorded at cost or estimated historical cost if purchased or constructed. Donated assets are recorded at the estimated acquisition value on the date of donation.

Major outlays for capital assets and improvements are capitalized as the projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset life are not capitalized. Major improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Depreciation is computed using the straight-line method over the estimated useful lives as follows:

Improvements Other Than Buildings	10-60 years
Buildings	15-50 years
Machinery and Equipment	3-15 years
Water Rights	85 years

Interest Capitalization – In FY 2020, the City early implemented GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period ("GASB 89"), which requires that interest cost incurred before the end of a construction period be recognized as interest expense in the period incurred. GASB 89 does not change the applicability of capitalization of qualifying interest cost as a regulatory asset for business type activities that have regulatory operations as set forth in GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. Therefore, the City capitalized \$723 related to LP&L, a regulated operation in FY 2025.

Leases Payable-Lessee – The City is a lessee for non-cancelable leases of property and equipment. The City recognizes a lease liability, reported with long-term debt, and a right-to-use lease asset, reported with other capital assets, in the government-wide and proprietary fund financial statements. The City uses a threshold of \$50,000 on their leases.

At the commencement of a lease, the City measures the lease liability at the present value of payments expected to be made during the lease term. The lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. The lease asset is amortized on a straight-line basis over the shorter of the lease term or its useful life.

The City uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the non-cancelable period of the lease. Lease payments included in the measurement of the liability are composed of fixed payments, variable payments fixed in substance or that depend on an index or a rate.

The City monitors changes in circumstances that would require a re-measurement of its leases and will re-measure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Subscription-Based Information Technology Arrangements (SBITAs)-A SBITA is a contract that conveys control of the right to use another party’s software as specified in a contract for a period of time exceeding one year in an exchange or exchange like transaction. The City uses a threshold of \$20,000 on their SBITA’s.

At the commencement of a SBITA, the City measures the subscription liability at the present value of payments expected to be made during the contract term. Subsequently, the subscription liability is reduced by the principal portion of payments made. The subscription asset is initially measured as the initial amount of the lease liability, adjusted for payments made at or before the SBITA commencement date, plus certain initial direct costs. Subsequently, the subscription asset is amortized on a straight-line basis over the shorter of the subscription term or it’s useful life.

Key estimates and judgements related to SBITAs include how the City determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments.

-The City uses its estimated incremental borrowing rate as the discount rate for subscriptions.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

- The subscription term includes the noncancelable period of the subscription.
- Subscription payments included in the measurement of the liability are composed of fixed payments, variable payments fixed in substance or that depend on an index or rate, and any other payments that are reasonably certain of being required based on an assessment of all relevant factors.

The City monitors changes in circumstances that would require a remeasurement of its subscriptions and will remeasure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Deferred Outflows/Inflows of Resources – Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The City has a deferred charge on a bond refunding, which is the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred or amortized over the shorter of the life of the refunded and new debt. The City also has deferred outflows for pensions related to contributions, changes in actuarial assumptions and investment experience, and for other post-employment benefits related to benefit payments and changes in actuarial assumptions.

Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The City's deferred inflows include property taxes and municipal court fines in the governmental funds, pension actuarial differences in expected and actual experience and investment experience in the proprietary and internal service funds, for other post-employment benefits related to difference in expected and actual experience, and changes in actuarial assumptions, and for leases.

For additional information on deferred outflows/inflows related to pensions, reference note III. F. Retirement Plans and note III. G. Other Post-Employment Benefits (OPEB).

Classification of Fund Balance - Fund balances are classified as nonspendable, restricted, committed, assigned, or unassigned in governmental funds. Nonspendable fund balance cannot be spent, either because it is not in spendable form or because of legal or contractual requirements. Restricted fund balances have constraints for specific purposes that are externally imposed by providers, such as creditors, grantors, or other governments, or by enabling legislation of the City Council. Committed fund balances can only be used for specific purposes pursuant to constraints imposed by the City Council through an ordinance, which is the highest action level by City Council. Assigned fund balances are constrained by intent to be used for specific purposes but are neither restricted nor committed. Assignments are made by city management based on Council direction. Unassigned fund balances include residual positive fund balances within the General Fund that have not been classified within the other mentioned categories. Unassigned fund balances may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The City designates restricted amounts to be spent first if both restricted and unrestricted fund balances are available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, followed by assigned, and lastly unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

The proprietary funds and GWFS have three classifications of net position: 1) net investment in capital assets; 2) restricted net position; and 3) unrestricted net position. In the first category, capital assets are netted with bonded and lease debt. Restricted net position includes debt service, grantor, and other government restrictions for proprietary funds and the same categories as restricted fund balance for governmental activities.

The City Council has approved goals for the General Fund unrestricted fund balance, which is set at a minimum of an amount equal to twenty percent of operating revenues in order to meet unanticipated contingencies and

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

fluctuations in revenue. Enterprise funds also have appropriable net position reserve policies, ranging from 10 to 25 percent of operating revenue. The LP&L Fund maintains general reserves equal to a minimum of three months operating expenses as determined by taking the average monthly budgeted enterprise expense from the current fiscal year.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, deferred inflows, and disclosure of contingent assets and liabilities at the date of the financial statements along with reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

G. REVENUES, EXPENSES AND EXPENDITURES

Interest Income on pooled cash and investments is allocated monthly based on the percentage of a fund's pooled cash and investments monthly balance compared to the total city-wide monthly balance in pooled cash and investments. Bond funds and other separate non-pooled cash are distributed to the fund where the cash and investment is recorded.

Sales Tax Revenue for the City results from an allocation of 1.5 percent of the total sales tax levy of 8.25 percent, which is collected by the State of Texas and remitted to the City monthly. The tax is collected by the vendor and is required to be remitted to the State by the 20th of the month following collection. The tax is then paid to the City by the Friday following the second Wednesday of the subsequent month. The City then allocates 0.125 cents to the Lubbock Economic Development Alliance, a discretely presented component unit.

Grant Revenue from federal and state grants is recognized as revenue as soon as all eligibility requirements have been met. The availability period for grants is considered to be one year.

Interfund Transactions are accounted for as revenues, expenditures, expenses, or other financing sources or uses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from that fund that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. In addition, transfers are made between funds to shift resources from a fund legally authorized to receive revenue to a fund authorized to expend the revenue.

Compensated Absences consists of vacation leave, sick leave, and compensatory leave. Vacation leave of 10-20 days is granted to all regular employees dependent upon the date employed, years of service, and civil service status. Currently, up to 40 hours of vacation leave may be carried over to the next calendar year for Civil Service employees. All other employees may carry over all vacation leave. The City is obligated to make payment upon retirement or termination for employees in good standing for any available, unused vacation leave.

Sick leave for employees is accrued at 1 1/4 days per month with a maximum accrual status of 200 days. At termination, the City provides for a partial payout of unused portions of sick leave for non-civil service personnel with less than 15 years of continuous full-time service. After 15 years of continuous full-time service for non-civil service personnel, vested sick leave is paid on retirement or termination at the current hourly rate for up to 90 days. Upon retirement or termination, Police Civil Service Personnel are paid for up to 90 days accrued sick leave regardless of reason for leaving or time with the City. Firefighter Civil Service Personnel are paid for up to 90 days of accrued sick leave upon retirement or termination. The Texas Civil Service laws dictate certain benefits and personnel policies above and beyond the policies of the City.

In accordance with the Fair Labor Standards Act and City policy, non-exempt employees may accrue compensatory time off instead of receiving payment for overtime hours worked. Compensatory time may be

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

accrued up to 45 hours (30 overtime hours at time and one-half) and must be used within 26 pay periods. In order to be eligible for compensatory time, each employee is required to sign an agreement with the City. The liability for the accumulated vacation, sick, and compensatory time off is recorded in the GWFS and in the FFS for proprietary fund employees when earned. The liability is recorded in the governmental FFS to the extent it is due and payable.

Post-Employment Benefits for retirees of the City include the option to purchase health and life insurance with health insurance benefits at a subsidized premium. However, employees that retire with 15 or more years of service or Civil Service employees that retire who have a sick-leave balance in excess of 90 days will be able to elect to continue receiving medical coverage in full 30-day periods for the term of the balance of their sick leave. Retirees are required to pay a prorated premium for the days of coverage that are not funded by their excess sick leave. Amounts to cover premiums and administrative costs, with an incremental charge for reserve funding, are determined by the City's health care administrator. Employer contributions are funded on a pay-as-you-go basis and approximated at \$4.2 million during the measurement period.

H. PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about fiduciary net position of the City's pension plans (Texas Municipal Retirement System [TMRS] and the Lubbock Fire Pension Fund [LFPF]) and additions to/deductions from the pension plans' fiduciary net position have been determined on the same basis as they are reported by each plan. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

I. NEW PRONOUNCEMENTS

In April of 2024, GASB issued GASB Statement No. 103, Financial Reporting Model Improvements. The objective of this statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This statement is effective for fiscal years beginning after June 15, 2025. The City is currently evaluating the effect of this statement on their financial statements.

In September of 2024, GASB issued GASB Statement No. 104, Disclosure of Certain Capital Assets. The objective of this statement is to provide users of government financial statements with essential information about certain types of capital assets. The Statement also requires additional disclosures for capital assets held for sale. This statement is effective for fiscal years beginning after June 15, 2025. The City is currently evaluating this statement.

J. IMPLEMENTATION OF NEW PRONOUNCEMENT

In FY25, The City implemented GASB Statement No. 101, ("GASB101"), Compensated Absences. GASB 101 deals with liabilities related to sick and vacation time. GASB 101 requires recognition of liabilities that are "more likely than not" to be used or paid out, even if not immediately payable. GASB 101 resulted in a restatement of beginning net position of \$1,471,369 for a cumulative change in accounting principle.

City of Lubbock, Texas
Notes to Basic Financial Statements

NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. RESTRICTED NET POSITION

Restricted net position is only used for its intended purpose. For the majority of projects funded by tax exempt debt proceeds, the debt proceeds are used first, followed by unrestricted resources.

B. GENERAL FUND BUDGET COMPARISON

The General Fund FY 2025 amended budgeted expenditures and transfers out were \$317,102,036, while actual budgetary basis expenditures and transfers out were \$309,914,817; a difference of \$7,187,219.

City of Lubbock, Texas
Notes to Basic Financial Statements

NOTE III. DETAIL NOTES ON ALL ACTIVITIES AND FUNDS

A. DEPOSITS AND INVESTMENTS

On September 30, 2025, the bank balance of the City’s deposits was \$6,674,337. All of the bank balances are covered by federal depository insurance or are fully collateralized. Custodial credit risk is the risk that in the event of a bank failure, a government’s deposits may not be returned. The City’s deposit policy for custodial credit risk requires compliance with the provisions of Texas Public Funds Investment Act.

State law requires federal depository insurance or collateralization with the value of eligible securities having an aggregate value at least equal to the amount of the deposits. The City’s Investment Policy requires the minimum collateral level to be 102.0 percent of the fair value of principal and accrued interest.

On September 30, 2025 bank balances were not exposed to custodial credit risk as follows:

Insured	\$ 500,000
Uninsured and collateral held by a third party financial institution in the City’s name	6,174,337
	\$ 6,674,337

On September 30, 2025, the City had the following investments and maturities:

<u>Type</u>	September 30, 2025		
	Fair Value	Maturities in Years	
		Less Than 1	1-5
Federal Farm Credit Bank (FFCB)	\$ 47,725,212	\$ 12,551,770	\$35,173,442

State Investment Pools *	346,361,866	346,361,866	-
	\$716,807,348	\$499,252,406	\$217,554,942

*State Investment Pools are considered investments for financial reporting purposes.

Investment in State Investment Pools

The State Comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the significant ability to influence operations, designation of management, and accountability for fiscal

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

matters. Additionally, the State Comptroller has established an Advisory Board composed both of participants in TexPool and of other persons who do not have a business relationship with TexPool. The Advisory Board members review the investment policy and management fee structure. TexPool is not registered with the Securities and Exchange Commission (SEC) as an investment company. TexPool is rated AAAM by Standard & Poor's. The pool offers same day access to investment funds.

TexPool does not have any limitations or restrictions on participants' withdrawals that would have to be disclosed in the notes to the financial statements. All TexPool securities are reported within the highest category of credit ratings and are denominated in U.S. dollars. Per GASB Statement No. 40, Deposit and Investment Risk Exposure, TexPool is not exposed to custodial credit risk. Additionally, TexPool utilizes shadow pricing, which is consistently within 0.5% of amortized cost value per unit.

TexSTAR's governing body is a five-member board of directors (the "Board"). Three directors are officers or employees of Participants; one director is an officer or employee of J.P. Morgan Investment Management Inc. (JPMIM); and the final director is an officer or employee of Hilltop Securities Inc. (HTS), or an affiliate. TexSTAR's bylaws require the Board to appoint an advisory board. The Advisory Board currently consists of six members, each of whom is either (1) a representative of a participant or (2) a person who has no business relationship with TexSTAR. The primary investment objectives of TexSTAR, in order of priority, are (1) the preservation of capital and protection of principal, (2) the maintenance of sufficient liquidity, and (3) yield. TexSTAR is rated AAAM by Standard & Poor's. The pool offers same day access to investment funds.

LOGIC was established pursuant to an Interlocal Agreement, which was subsequently amended and is now entitled Participation Agreement and Trust Instrument (the "Agreement") between participating Government Entities. Participation in the Pool is limited to those eligible Government Entities that have become parties to the Agreement ("Participants"). Participants' assets in the Pool are represented by units of beneficial interest ("Units"), which are issued in discrete series (each a "Portfolio"), as authorized from time to time by the Board. Assets invested in any Portfolio are managed separately and segregated from the assets of every other Portfolio. Since September 2005, J.P. Morgan Investment Management Inc. (JPMIM) has served as investment adviser to LOGIC. Hilltop Securities and JPMIM serve as co-administrators to LOGIC. JPMIM or its affiliates provide investment management, custody, and fund accounting services. The investment objectives of the pool is to seek preservation of principal, liquidity in accordance with the operating requirements of the Participants, and a competitive rate of return. LOGIC is rated AAAM by Standard & Poor's. The pool offers same day access to investment funds.

Texas Cooperative Liquid Assets Securities System (Texas CLASS) was created specifically for use by Texas local government entities and seeks to provide safety, liquidity, convenience, and competitive rates of return. Public Trust Advisors, LLC serves as the pool's administrator and investment adviser. Public Trust Advisors, LLC also performs all marketing and operation functions of the portfolio. The pool is subject to the general supervision of a Board of Trustees and its Advisory Board, both of which are elected by the Texas CLASS Participants. Wells Fargo Bank, N.A. serves as custodian for the pool. The investment objective and strategy of the pool is to seek preservation of principal, liquidity, and current income through investment in a diversified portfolio of short-term marketable securities. Texas CLASS is rated AAAM by Standard and Poor's. The pool offers same day access to investment funds.

Interest Rate Risk - As a means of limiting its exposure to fair value losses due to rising interest rates, the City's investment policy limits investments to those that are held to maturity and by limiting final stated maturity to no more than five (5) years. The City uses the specific identification method for positions in fixed-rate securities. The investment pools have laddered out maturities within their funds but are redeemable in full within one day to the governments investing in the pooled funds. The City only invests in government pools and funds that maintain a stable \$1 NAV (net asset value). While the interest income derived from these particular types of investments fluctuates based on market movements and the characteristics of the pools and funds, the value of the principal is not affected.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Credit Risk - Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The City’s policy allows investment in direct obligations of and other obligations guaranteed as to principal of the U.S. Treasury and U.S. agencies and instrumentalities and collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States. The City’s policy also allows investment in obligations of the State of Texas or its agencies and obligations of states, agencies, counties, cities, and other political subdivisions rated not less than A or its equivalent. The City may also invest in collateralized certificates of deposit, banker’s acceptances with stated maturities of 270 days or fewer, commercial paper rated at a minimum of A-1 or P-1 with stated maturities 270 days or fewer, no-load money market funds registered with the Securities and Exchange Commission, and constant dollar investment pools authorized by the City Council. On September 30, 2025, Standard & Poor’s rated the investment pools AAAm. The senior unsecured debt for investments in FHLB, FAMCA, FFCB, FHLMC, and FNMA are rated AA+ by Standard & Poor’s and Aaa by Moody’s. The municipal bond investments are rated between an AAA and A- by S&P and between an Aaa and A1 by Moody’s.

Custodial Credit Risk - State statutes require that all City deposits in financial institutions be fully insured by the Federal Deposit Insurance Corporation (FDIC), collateralized by U. S. Government obligations or obligations of Texas and its agencies that have a market value of not less than the principal amount of the deposits, or by a Letter of Credit from a Federal Agency.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The City requires that deposits and repurchase agreements be held in an institution that has a minimum collateral level of 102.0 percent of the market value. FNMA, FAMCA, FFCB, FHLMC, FHLB and Municipal Bond investments are held in the City’s name in third party safekeeping by a Federal Reserve member financial institution designated as a city depository. The City shall maintain a list of authorized broker/dealers and financial institutions, which are approved by the Audit and Investment Committee for investment purposes.

Concentration of Credit Risk - The City places limits on the amount that may be invested in any one issuer with the exception of United States Treasury obligations and State Investment Pools. As of September 30, 2025, the City’s investments constituted the following percentages of total investments:

<u>Investment</u>	<u>Percentage</u>	<u>WAM (Days)</u>	<u>Rating</u>	<u>Rating Agency</u>
State Investment Pools	47.6%	1	AAAm	S&P
Municipal Bonds	25.1%	608	AA/Aa2	S&P/Moody’s
Money Market	4.2%	1	AAAm/Aaa-mf	S&P/Moody’s
FFCB	6.7%	926	AA+/Aaa	S&P/Moody’s
FHLB	8.5%	471	AA+/Aaa	S&P/Moody’s
FNMA	0.0%	0	AA+/Aaa	S&P/Moody’s
FHLMC	2.8%	1193	AA+/Aaa	S&P/Moody’s
Commercial Paper	4.9%	79	A-1+/P-1	S&P/Moody’s
Treasury Bills	0.2%	23	AA+/Aaa	S&P/Moody’s
FAMCA	0.0%	0	AA+/Aaa	S&P/Moody’s

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

The City’s investment policy places the following limits on the amount the City can invest in any type of authorized investment. All securities are rated A-, or equivalent, or better.

<u>Authorized Investment</u>	<u>Policy Limitation</u>
U.S. Treasury Obligations	100%
Agency Bonds	80%
Municipal Bonds	50%
Investment Pools	100%
Certificates of Deposit	30%
No Load Mutual Fund	30%
Commercial Paper	30%
Banker Acceptance	10%

Foreign Currency Risk - This risk relates to adverse effects on the fair value of an investment from changes in exchange rates. The City has no foreign currency risk.

Disclosures about Fair Value of Assets and Liabilities

The City categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The following hierarchy of three levels of inputs is used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The City has the following recurring fair value measurements based on the hierarchy above as of September 30, 2025:

September 30, 2025	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by fair value level				
Federal Farm Credit Bank (FFCB)	\$ 47,725,212	\$ -	\$ 47,725,212	\$ -

The City’s investments in debt securities are valued using Level 2 by FTI using a matrix pricing technique. Matrix pricing is used to value securities based on the securities’ relationship to benchmark quoted prices. Matrix prices are verified against investment reports from the City’s Safekeeping Institution, JPMorgan.

B. INTERFUND TRANSACTIONS

Interfund balances, specifically, the due to and due from other funds, are short-term loans to cover temporary cash deficits in various funds. This occasionally occurs prior to bond sales or grant reimbursements.

Interfund balances are loans to cover Council directed internal financing of certain projects. On September 30, 2024, the City had \$4,872,625 of internal financing. These balances are assessed an interest charge and are repaid over time through operations and transfers.

The following amounts due to other funds or due from other funds are included in the fund financial statements (all amounts in thousands):

Interfund Payables: (in Thousands)	Interfund Receivables: (in Thousands)			
	Governmental Funds		Proprietary Funds	
	General	Governmental Capital Projects	Nonmajor Enterprise	Totals
Governmental Funds:				
Nonmajor Governmental	\$ 224	\$ -	\$ 132	\$ 356
Proprietary Funds:				
Nonmajor Enterprise	4,516	-	-	4,516
Totals	<u>\$ 4,740</u>	<u>\$ -</u>	<u>\$ 132</u>	<u>\$ 4,872</u>

Transfers include: 1) debt service payments made from the debt service fund, but funded from an operating fund; 2) subsidy transfers from unrestricted funds; and 3) transfers to move indirect cost allocations.

City of Lubbock, Texas

Net transfers on the GWFS amounted to \$7,399,683 from business activities to governmental-type activities.

The most significant transfers made were:

- From the General fund to:
 - Traffic, public safety and general capital projects
 - Economic Development, Transit, Cemetery, Gateway and North and East Lubbock operations
- From the Hotel Motel fund to:
 - Debt service, Civic Center operations and capital, and North Overton TIF
- From LP&L, Water/Waste Water, Storm Water funds to:
 - General fund for payment in lieu of property tax and franchise fees
- From LP&L for utility collection services to:
 - Water/Waste Water
 - Storm Water
 - General Fund
- From Hotel Motel, Central Business District TIF, General Fund (Solid Waste), Gateway Streets, North Overton TIF, LP&L, and Water/Waste Water to the Debt Service fund.

Water has an \$41.3 million appropriation to provide major infrastructure upgrades to maintain an appropriate level of water service to West Lubbock.

Airport has an \$62.3 million appropriation for the extension of Taxiway L. This will help reduce taxi time and maximize airfield system efficiency.

One of the many ongoing Governmental Capital Projects is a \$32.7 million appropriation to construct a Solid Waste transfer station. The Transfer Station will provide a substantial savings in fuel, vehicle and equipment maintenance going forward.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Another Governmental Capital Project is an \$8 million appropriation to make multiple improvements to the Tom Martin Sports Complex. Included in the improvements are the additions of new sports fields, upgrading existing facilities, and improving overall amenities to support an increased volume of events and participants.

D. LEASES

The City has entered into multiple lease agreements as lessor. The leases allow the right-to-use of land, buildings, and infrastructure to other organizations over the terms of the lease. The City receives monthly payments at the interest rate stated or implied within the leases. The interest rate for these leases is the City's incremental borrowing rate ranging from 1.97% to 4.17%. The City has \$2,567,042 remaining in lease receivables and \$2,567,043 remaining in deferred inflows as of September 30, 2025.

Fiscal Year	Leases			
	Governmental Activities		Business- Type Activities	
	Principal	Interest	Principal	Interest
2026	65,167	6,167	195,450	43,256

2031-2035	3,610	44	884,326	83,746
2036-2040	-	-	437,392	13,045
Totals	\$ 280,845	\$ 16,438	\$ 2,286,197	\$ 275,466

E. RETIREMENT PLANS

Each qualified employee is included in one of two retirement plans in which the City participates. These are the Texas Municipal Retirement System (TMRS) and the Lubbock Fire Pension Fund (LFPF). The City does not maintain the accounting records, hold the investments, or administer either retirement plan.

The total (aggregate for the TMRS and LFPF plans) of the City's net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions as of September 30, 2025 and the pension expense for the year ended is as follows:

	TMRS	LFPF	Total
Net pension liability	\$ 95,047,251	\$ 96,369,848	\$ 191,417,099
Deferred outflows of resources	43,741,013	24,274,938	68,015,951
Deferred inflows of resources	23,238,322	5,560,256	28,798,578
Pension expense (income)	30,071,313	11,401,897	41,473,210

Summary of significant data for each retirement plan follows:

TEXAS MUNICIPAL RETIREMENT SYSTEM (TMRS)

Plan Description

The City participates as one of 942 plans in the defined benefit cash-balance plan administered by the Texas Municipal Retirement System (TMRS). TMRS is statewide public retirement plan created by the State of Texas and administered in accordance with the Texas Government Code, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for employees of Texas

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

participating cities. The TMRS Act places the general administration and management of TMRS with a six-member, Governor-appointed Board of Trustees; however, TMRS is not fiscally dependent on the State of Texas. TMRS issues a publicly available annual comprehensive financial report (Annual Report) that can be obtained at tmrs.com.

All eligible employees of the City are required to participate in TMRS.

Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the Member’s benefit is calculated based on the sum of the Member’s contributions, with interest, and the city-financed monetary credits with interest, and their age at retirement and other actuarial factors. The retiring Member may select one of seven monthly benefit payment options. Members may also choose to receive a portion of their benefit as a lump sum distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member’s contributions and interest.

The plan provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS. Plan provisions for the City were as follows:

	Plan Year 2024
Employee Deposit Rate	7.0%
Matching Ratio (City to Employee)	2 to 1
Years Required for Vesting	5
Service Retirement Eligibility (Expressed as Age/Years of Service)	60/5, 0/20

At the December 31, 2024 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	1,634
Inactive employees entitled to but not yet receiving benefits	1,197
Active employees	1,879
Total	4,710

Contributions

Member contribution rates in TMRS are either 5%, 6%, or 7% of Member’s total compensation, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The city’s contribution rate is based on the liabilities created from the benefit plan options selected by the city and any changes in benefits or actual experience over time.

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City were 17.91% and 18.27% in calendar years 2024 and 2025, respectively. The City’s contributions to TMRS for the year ended September 30, 2025, were \$25,905,981, and were equal to the required contributions.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Net Pension Liability

The City's net pension liability (NPL) was measured as of December 31, 2024, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial assumptions

The total pension liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	2.75% per year, adjusted down for population declines, if any
Investment Rate of Return	6.75%, net of pension investment expense, including inflation

Salary increases are based on a service-related table. Mortality rates for active members are based on the PUB (10) mortality tables with 110% of the Public Safety table used for males and 100% of the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries are based on the gender-distinct 2019 Municipal Retirees of Texas mortality tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by the most recent Scale MP-2021 to account for future mortality improvements. For disabled annuitants, the same mortality tables for healthy retirees are used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by the most recent scale MP-2021 to account for future mortality improvements subject to the 3.5% and 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2018 to December 31, 2022. The assumptions were adopted in 2023 and first used in the December 31, 2023 actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rate (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined by best estimate ranges of expected returns for each major asset class. The long-term expected rate of return is determined by weighting the expected return for each major class by the respective target asset allocation percentage.

The target allocation and best estimates of real rates of return for each major asset class in fiscal year 2025 are summarized in the following table:

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Global Equity	35.0%	7.1%
Core Fixed Income	6.0%	5.0%
Non-Core Fixed Income	6.0%	6.8%
Hedge Funds	5.0%	6.4%
Private Equity	13.0%	8.5%
Private Debt	13.0%	8.2%
Real Estate	12.0%	6.7%
Infrastructure	6.0%	6.0%
Other Private Markets	4.0%	7.3%
Total	<u>100.0%</u>	

Discount rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that Member and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive Members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Changes in Net Pension Liability

	Plan		
	Total Pension Liability	Fiduciary Net Position	Net Pension Liability
	(a)	(b)	(a)-(b)

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Sensitivity of the net pension liability to changes in the discount rate

The following represents the net pension liability of the City, calculated using the discount rate of 6.75, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75) or 1-percentage-point higher (7.75%) than the current rate:

	1% Decrease in Discount Rate (5.75%)	Discount Rate (6.75%)	1% Increase in Discount Rate (7.75%)
City's net pension liability	\$218,469,964	\$95,047,251	(\$6,860,880)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the Schedule of Changes in Fiduciary Net Position, by Participating City. That report may be obtained at tmrs.com.

Pension Expense and Deferred Outflow of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2025 the City recognized pension expense of \$30,071,313.

At September 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference in expected and actual experience	\$ 29,946,098	\$ 18,144,514
Changes in actuarial assumptions	1,865,864	5,093,808
Difference between projected and actual investment earnings	-7,962,074	-
Contributions subsequent to the measurement date	19,891,125	-
Total	\$ 43,741,013	\$ 23,238,322

\$19,891,125 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability as of September 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	
2026	\$ 5,936,390
2027	11,641,762
2028	(11,318,872)
2028	(5,647,714)
Total	\$ 611,566

City of Lubbock, Texas

LUBBOCK FIRE PENSION FUND (LFPF)

Plan Description

The city contributes to the retirement plan for firefighters and eligible civilian employees in the Lubbock Fire Department known as the Lubbock Fire Pension Fund (the Fund). The Fund is a single employer, contributory, defined benefit plan. The benefit provisions of the Fund are authorized by the Texas Local Fire Fighters' Retirement Act (TLFFRA). TLFFRA provides the authority and procedure to amend benefit provisions. The plan is administered by the Board of Trustees of the Lubbock Fire Pension Fund. The city does not have access to nor can it utilize assets within the retirement plan trust. The Fund issues a stand-alone report pursuant to GASB Statement No. 67, which may be obtained by writing the Lubbock Fire Pension Fund at 611 University Avenue, Suite 200, Lubbock, Texas 79401. See that report for all information about the plan fiduciary net position.

Benefits Provided

Firefighters and eligible civilian employees in the Lubbock Fire Department are covered by the Lubbock Fire Pension Fund, which provides service retirement, death, disability, and withdrawal benefits. The retirement benefits fully vest after 20 years of credited service. Plan members become eligible for normal service retirement at age 50 with 20 years of service. A partially vested benefit is provided for members who terminate employment with at least 10 but less than 20 years of service. If a terminated member has a fully vested benefit (with at least 20 years) but is not eligible for normal retirement, the member may elect an actuarially equivalent early retirement benefit or wait to retire starting on the date he or she would have first satisfied both age and service requirements for normal retirement if he or she had remained an eligible plan member. The present plan provides a monthly normal service retirement benefit, payable in a Joint and Two-Thirds to Spouse form of annuity, equal to 68.92% of Final 48-Month Average Salary plus \$335.05 for each year of service in excess of 20. Effective April 11, 2020, the plan was amended to change the definition of compensation used to determine the Final 48-Month Average Salary to exclude overtime compensation designated as "Call-Back Overtime Pay" that is overtime in excess of "regular normal scheduled hours."

A retiring plan member eligible for normal service retirement with certain minimum combinations of years of service and age has the option to elect the Retroactive Deferred Retirement Option Plan (RETRO DROP) which will provide a lump sum benefit and a reduced monthly benefit. The reduced monthly benefit is based on the service and Final 48-Month Average Salary as if the member had terminated employment on the selected RETRO DROP benefit calculation date, which is no earlier than the later of the date the member meets the RETRO DROP eligibility requirements and the date preceding the date of actual retirement by the maximum lump sum accumulation period (24 months). Upon retirement, the member will receive, in addition to the monthly retirement benefit, a lump sum equal to the sum of (1) the amount of monthly contributions the member has made to the Fund after the RETRO DROP benefit calculation date plus (2) the total of the monthly retirement benefits the member would have received between the RETRO DROP benefit calculation date and the date of retirement under the plan. There are no account balances. The lump sum is calculated at the time of retirement and distributed as soon as administratively possible.

There is no provision for automatic postretirement benefit increases. The Fund has the authority to provide, and has periodically in the past provided, ad hoc postretirement benefit increases.

In the December 31, 2024 actuarial valuation, the following numbers of members were covered by the Fund:

Retirees and beneficiaries currently receiving benefits	324
Inactive employees entitled to but not yet receiving benefits	5
Active employees	442
Total	771

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Funding Policy

The contribution provisions of the Fund are authorized by TLFRA. TLFRA provides the authority and procedure to change the amount of contributions determined as a percentage of pay by each member and a percentage of payroll by the city.

The contribution policy of the Lubbock Fire Pension Fund requires contributions equal to 14.98% of pay by the firefighters, the rate elected by the firefighters according to TLFRA effective September 29, 2018. For many years, the city contributed according to a long-standing formula. The city's contribution rate to the Fund had been related to the percentage of payroll that the city contributes to the Texas Municipal Retirement System (TMRS) for other employees each calendar year. Beginning October 1, 2022, the city decided to discontinue the formula tied to TMRS and agreed to contribute 150% of the firefighter contribution rate, but not to exceed 21.75%. The actual city contribution rate was 21.50% in plan year 2023 and 21.75% in plan year 2024. Since the firefighter contribution rate is currently 14.98% with no plan to reduce it, the December 31, 2024 actuarial valuation includes the assumption that this current city contribution policy will continue with the city contribution rate of 21.75% at least as long as the unfunded liability amortization period. The costs of administering the plan are paid from the Fund assets.

Ultimately, the contribution policy also depends upon the total return of the Fund's assets, which varies from year to year. Investment policy decisions are established and maintained by the board of trustees. For the year ending December 31, 2024, the money-weighted rate of return on pension plan investments was 9.23%. This measurement of the investment performance is net of investment-related expenses, reflecting the effect of the timing of the contributions received and the benefits paid during the year.

While the contribution requirements are not actuarially determined, state law requires that each change in plan benefits adopted by the Fund must first be approved by an eligible actuary, certifying that the contribution commitment by the members and the assumed City contribution rate together provide an adequate contribution arrangement. Using the entry age actuarial cost method, the plan's normal cost contribution rate is determined as a percentage of payroll. The excess of the total contribution rate over the normal cost contribution rate is used to amortize the plan's unfunded actuarial accrued liability (UAAL). The number of years needed to amortize the plan's UAAL is actuarially determined using an open, level percentage of payroll method.

The City's contributions to LFPF for the year ended September 30, 2025 were \$10,172,796 and were equal to the statutorily required contributions.

Net Pension Liability

The City of Lubbock's net pension liability was measured as of December 31, 2024, and the total pension liability used to calculate the net pension liability was determined based on the actuarial valuation as of December 31, 2024.

Total pension liability	\$	374,217,092
Plan fiduciary net position		<u>277,847,244</u>
City's net pension liability	\$	96,369,848
Plan fiduciary net position as a percentage of the total pension liability		74.2%

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Actuarial assumptions

The total pension liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Overall payroll growth	2.75%, plus promotion, step and longevity increases that vary by service
Investment Rate of Return	7.5%, net of pension plan investment experience, including inflation

Mortality rates were based on the PubS-2016 (public safety) total dataset mortality tables for employees and for retirees (sex distinct), projected for mortality improvement generationally using the projection scale MP-2021.

The long-term expected rate of return on pension plan investments is reviewed for each biennial actuarial valuation and was determined using a building-block method in which expected future net real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These components are combined to produce the long-term expected rate of return by weighting the expected future net real rates of return by the target asset allocation percentage (currently resulting in 5.05%) and by adding expected inflation (2.5%). In addition, the final 7.5% assumption was selected by rounding down. The target allocation and expected arithmetic net real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Equities		
Domestic total market	10.00%	6.50%
World large cap	40.00%	6.14%
Alternatives		
Real estate	15.00%	4.37%
Private equity	10.00%	7.08%
Fixed income		
Domestic core plus	15.00%	1.80%
Floating rate	5.00%	2.41%
Private credit	5.00%	3.82%
Total	100%	
Weighted Average		5.05%

Discount rate

The discount rate used to measure the total pension liability was 7.5%. No projection of cash flows was used to determine the discount rate because the special study based on the December 31, 2024 actuarial valuation showed that expected contributions would pay the normal cost and amortize the unfunded actuarial accrued liability (UAAL) in 18 years. Because of the 18-year amortization period of the UAAL, the pension plan's fiduciary net position is expected to be available to make all projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments of 7.5% was applied to all periods of projected benefit payments as the discount rate to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate

The following represents the net pension liability of the City, calculated using the discount rate of 7.5%, as well as what the City’s net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5%) or 1-percentage-point higher (8.5%) than the current rate:

	1% Decrease in Discount Rate (6.5%)	Discount Rate (7.5%)	1% Increase in Discount Rate (8.5%)
City's net pension liability	\$142,807,843	\$96,369,848	\$57,550,678

Pension Plan Fiduciary Net Position

The plan fiduciary net position reported above is the same as reported by the Fund. Detailed information about the plan fiduciary net position is available in the Fund’s separately issued audited financial statements, which are reported using the economic resources measurement focus and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Investments are reported at fair value, the price that would be recognized to sell an asset in an orderly transaction between market participants at the measurement date. That report can be obtained by contacting the Board of Trustees, LFPF, 611 University Avenue, Suite 200, Lubbock, TX 79401 or at www.lubbockfirepensionfund.com.

Pension Expense and Deferred Outflow of Resources and Deferred Inflows of Resources Related to Pension

For the year ended September 30, 2025, the City recognized pension expense of \$11,401,897. Amounts recognized in the fiscal year represent changes between the current and prior measurement dates.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

At September 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between projected and actual economic experience	\$ 9,198,870	\$ 4,880,172
Changes in actuarial assumptions	7,094,711	680,084
Difference between projected and actual investment earnings	99,876	-
Contributions subsequent to the measurement date	7,881,481	
Total	\$ 24,274,938	\$ 5,560,256

\$7,881,481 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability as of September 30, 2026. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30:	
2026	\$1,656,522
2027	5,845,345
2028	(174,769)
2029	1,340,828
2030	1,414,890
Thereafter	750,385
Total	\$10,833,201

F. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description

The City sponsors and administers an informal single-employer health/dental plan. Texas statute provides that retirees from a municipality with a population of 25,000 or more and that receive retirement benefits from a municipal retirement plan are entitled to purchase continued health benefits coverage for the person and the person’s dependents unless the person is eligible for group health benefits coverage through another employer. The State of Texas has the authority to establish and amend the requirements of this statute. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. The City does not issue stand-alone financial statements for the health/dental plan. However, all required information is presented in this report.

Benefits Provided

Permanent full-time employees of the City are eligible to participate in the retiree health/dental care plan provided they meet the criteria for retirement. To be recognized as a “service retiree” and be eligible for group medical/dental coverage, an employee must have worked for the City for five consecutive years immediately preceding the date of retirement and satisfy the retirement eligibility criteria listed below. Employees who retire or are eligible to retire when they leave employment must make an irrevocable decision to accept or deny retiree insurance at the time they terminate their employment with the City.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Normal Retirement Benefits

Texas Municipal Retirement System (TMRS)

- Completion of 20 years of service, regardless of age; or
- Upon attaining age 60 provided the employee has at least five (5) years of service.

Lubbock Fire Pension Fund (LFPF)

- Upon attaining age 50 provided the employee has at least twenty (20) years of service.

Retiree medical/dental coverage levels for retirees is the same as coverage provided to active City employees in accordance with the terms and conditions of the current City Benefit Plan.

Employees who retire with 15 or more years of service or Civil Service employees that retire who have a balance in excess of 90 days sick leave shall be eligible to elect to continue receiving medical coverage in full 30 day periods for the term of their sick leave balance. Retirees are required to pay a prorated premium for the days of coverage not funded by their excess sick leave.

Retirees may purchase retiree health/dental care coverage for eligible spouses and dependents at their own expense. Insured dependents of a deceased insured retiree shall remain eligible for insurance or the Medicare stipend.

The City will provide a \$150 per month Health Retirement Account (HRA) contribution or stipend for Medicare eligible retiree/spouses. Medicare eligible retirees/dependents may not continue coverage on the City's plan.

The following table provides a summary of the number of participants in the plan as of December 31, 2023:

Inactive plan members or beneficiaries currently receiving benefits	998
Inactive plan members entitled to but not yet receiving benefits	-
Active plan members	2,207
Total	3,205

Contributions

The City is not required to contribute to the plan on behalf of the retirees and funds the plan on a projected pay-as-you-go financing method. Plan members pay monthly premiums of \$478/\$27 (medical/dental) for single coverage and \$1,092/\$60 (medical/dental) for family coverage, pre-65.

Total OPEB Liability

The City's OPEB liability was measured as of December 31, 2023.

Actuarial assumptions

The total OPEB liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Actuarial Cost Method	Individual Entry-Age
Inflation	2.5% per year
Healthcare cost trend rate	Initial rate of 7.2% declining to an ultimate rate of 4.25% after 15 years
Discount rate	4.08% as of December 31, 2024
Salary increases	<u>TMRS</u> : 3.6% to 11.85%, including inflation
	<u>LFPF</u> : 2.75% to 7.89%

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Demographic assumptions were updated to reflect the 2023 TMRS Experience Study and assumptions utilized by the Lubbock Fire Pension Fund valuation.

Mortality rates for TMRS: for healthy retirees, the gender-distinct 2019 Municipal Retirees of Texas mortality tables are used, with male rates multiplied by 103% and female rates multiplied by 105%. The rates are projected on a fully generational basis using the ultimate mortality improvement rates in the MP-2021 table to account for future mortality improvements.

Mortality rates for LFPF: based on the PubS-2010 (public safety) total dataset mortality tables for employees and for retirees (sex distinct), projected for mortality improvement generationally using the projection scale MP-2018.

Discount rate

For plans that do not have a formal trust that meets GASB’s requirements, the discount rate should equal the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date. For purposes of this valuation, the municipal bond rate is 4.08% (based on the daily rate closest to but not later than the measurement date of the Bond Buyer “20-Bond GO Index”). The discount rate was 3.77% as of the prior measurement date.

Changes in the Total OPEB Liability	Total OPEB Liability
Balance at September 30, 2024	\$137,020,521
Changes for the year:	
Service cost	7,578,199
Interest	5,247,875
Difference between expected and actual experience	(2,990,897)
Changes of assumptions	(4,356,849)
Benefit Payments	(3,217,400)
Net Changes	\$2,260,928
Balance at September 30, 2025	\$139,281,449

Sensitivity of the total OPEB liability to changes in the discount rate

The following represents the total OPEB liability of the City, calculated using the discount rate of 4.08%, as well as what the City’s total OPEB liability would be if it were calculated using a discount rate that is one percent lower or one percent higher:

	1% Decrease in Discount Rate (3.08%)	Discount Rate (4.08%)	1% Increase in Discount Rate (5.08%)
City's Total OPEB Liability	\$154,011,656	\$139,281,449	\$126,383,424

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Sensitivity of the Total OPEB Liability to changes in the healthcare cost trend rate

Regarding the sensitivity of the total OPEB liability to changes in the healthcare cost trend rates, the following represents the total OPEB liability of the City, calculated using the assumed healthcare cost trend rate as well as what the City's total OPEB liability would be if it were calculated using a trend rate that is one percent lower or one percent higher:

	1% Decrease in Healthcare Cost Trend Rate	Current Healthcare Cost Trend Rate Assumption	1% Increase in Healthcare Cost Trend Rate
City's Total OPEB Liability	\$126,880,782	\$139,281,449	\$154,112,049

OPEB Expense and Deferred Outflow of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2025, the City recognized total OPEB expense of \$4,326,650.

At September 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference in expected and actual experience	\$ -	\$ 20,701,190
Changes in assumptions	12,286,067	27,411,011
Contributions subsequent to the measurement date	2,395,808	-
Total	\$ 14,681,875	\$ 48,112,201

\$2,395,808 reported as deferred outflows of resources related to OPEB resulting from benefit payments subsequent to the measurement date will be recognized as a reduction of the total OPEB liability as of September 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending September 30:	
2026	(\$8,379,804)
2027	(8,153,482)
2028	(9,588,147)
2029	(5,644,431)
2030	(3,052,733)
Thereafter	(1,007,537)
Total	\$(35,826,134)

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

G. DEFERRED COMPENSATION

The City offers its employees three deferred compensation plans in accordance with Internal Revenue Code (“IRC”) Section 457. The plans, available to all city employees, permit them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The plans’ assets are held in trust for the exclusive benefit of the participants and their beneficiaries. The City does not provide administrative services or have any fiduciary responsibilities for these plans; therefore, they are not presented in the BFS.

H. SURFACE WATER SUPPLY

Canadian River Municipal Water Authority

The Canadian River Municipal Water Authority (CRMWA) is a Conservation and Reclamation Authority established by the Texas Legislature to construct a dam, water reservoir, and aqueduct system for the purpose of supplying water to surrounding cities. The Authority was created in 1953 and is comprised of eleven cities, including Lubbock. The budget, financing, and operations of the Authority are governed by a Board of Directors selected by the governing bodies of each of the member cities, each city being entitled to one or two members dependent upon population. At September 30, 2025, the Board was comprised of 17 members, two of which represented the City. The City contracted with the CRMWA to reimburse CRMWA for a portion of the cost of the Canadian River Dam and aqueduct system in exchange for surface water. The City's pro-rata share of annual fixed and variable operating and reserve assessments are recorded as an expense of obtaining surface water. The City has four contract revenue bonds to pay for the water rights. These assets and liabilities are recorded in the Water and Wastewater Enterprise Fund.

The City of Lubbock has entered into multiple lease agreements as lessee. The leases allow the right to use assets over the term of the lease. The City of Lubbock is required to make monthly payments at its incremental borrowing rate or the interest rate stated or implied within the leases. The lease rate, term and ending lease liability are as follows:

City of Lubbock, Texas

*Beginning balances have been adjusted due to the Risk Internal Service Fund changing from a business-type activity to a governmental activity in FY 25.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Payments on bonds payable for governmental activities are made in the Debt Service Fund. Bonded debt is subject to the applicability of federal arbitrage regulations. In FY 2025, the City had \$8,739,667 outstanding federal arbitrage. Accrued compensated absences that pertain to governmental activities will be liquidated by the General Fund and Special Revenue Funds. The Risk Management Internal Service Fund will liquidate insurance claims payable that pertain to governmental activities. Payments for the leases that pertain to the governmental activities will be liquidated by the General Fund and Special Revenue Funds.

The General Fund will liquidate the other postemployment benefit liability that pertains to governmental activities. The net pension liability that pertains to the governmental activities will be liquidated mainly by the General Fund.

The total long-term debt is reconciled to the total annual requirements to amortize long-term debt as follows:

Long-Term Debt - Governmental Activities	\$	772,620,193	
Long-Term Debt - Business-Type Activities		1,100,418,230

Total Future Bonded Debt Requirements	\$		1,853,489,552

New Bond Issuance

In February 2025, the City issued \$57,470,000 Water and Wastewater System Revenue Bonds, Series 2025 (Bonds), with a 3.99 percent interest rate. The Bonds were issued at a premium of \$3,788,336 and incurred issuance costs of \$521,172. The \$61,258,336 proceeds from the sale of the Bonds will be used to (i) pay the costs of acquiring, purchasing, constructing, improving, renovating, enlarging and equipping property, buildings, structures, facilities and related infrastructure for the Water and Wastewater System, (ii) fund capitalized interest for the Bonds, if necessary, (iii) fund the reserve fund requirement for the Bonds, if necessary, and (iv) pay the costs of issuing the Bonds.

In April 2025, the City issued \$46,310,000 General Obligation Bonds, Series 2025 (Bonds), with a 4.15 percent interest rate. The Bonds were issued at a premium of \$3,161,170 and incurred issuance costs of \$471,170. The \$49,471,170 proceeds from the sale of the Bonds will be used for (i) the acquisition, construction and reconstruction of City street improvements, including but not limited to sidewalks, utility line relocation and traffic signalization, necessary and related storm drainage facilities and the acquisition of land and rights-of-way therefor and (ii) payment of costs of issuance of the Bonds.

In June 2025, the City issued \$16,240,000 Tax Note, Series 2025, with a 3.83 percent interest rate. The Tax Notes incurred issuance costs of \$80,000. The \$16,160,000 proceeds from the sale of Tax Notes will be used to (a) finance (i) renovations, additions, expansions and improvements to the Lubbock Preston Smith

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

International Airport taxiway and (ii) renovations and improvements to the City cemetery, (b) purchase of vehicles (together with (a), the “Project”); and (c) pay the costs incurred in connection with the execution and delivery of the Note.

Refunding

In December 2024, the City issued \$45,610,000 General Obligation Refunding Bonds, Series 2024 (Bonds), with an interest rate of 3.31 percent. The Bonds were issued at a premium of \$3,060,039 and incurred issuance costs of \$401,340. The \$48,670,039 proceeds from the sale of the Bonds were used to refund a portion of the City’s outstanding indebtedness for the purpose of achieving debt service savings. The net proceeds were deposited with the Escrow Agent in an amount necessary to accomplish, on their scheduled redemption date, the discharge and final payment on the Refunded Bonds. These funds will be held by the Escrow Agent in a special escrow fund and used to purchase direct obligations of the United States of America. Under the escrow agreements between the City and the Escrow Agent, the escrow funds are irrevocably pledged to the payment of principal and interest on the Refunded Bonds. The bonds refunded \$47,630,000 of outstanding debt. Because of the refunding, the City decreased debt service requirements by \$1,649,494, which resulted in net present value savings of \$1,462,758, or 3.07 percent savings on refunded bonds.

In December 2024, the City issued \$57,560,000 Water and Wastewater System Revenue Refunding Bonds, Series 2024 (Bonds), with an interest rate of 3.33 percent. The Bonds were issued at a premium of \$4,412,520 and incurred issuance costs of \$494,572. The \$61,972,520 proceeds from the sale of the Bonds were used to refund a portion of the City’s outstanding indebtedness for the purpose of achieving debt service savings. The net proceeds were deposited with the Escrow Agent in an amount necessary to accomplish, on their scheduled redemption date, the discharge and final payment on the Refunded Bonds. These funds will be held by the Escrow Agent in a special escrow fund and used to purchase direct obligations of the United States of America. Under the escrow agreements between the City and the Escrow Agent, the escrow funds are irrevocably pledged to the payment of principal and interest on the Refunded Bonds. The bonds refunded \$60,615,000 of outstanding debt. Because of the refunding, the City decreased total debt service requirements by \$2,812,975, which resulted in net present value savings of \$2,443,580, or 4.03 percent savings on refunded bonds.

Prior year defeasance of debt. In prior years, the City defeased bonds by placing the proceeds of the new bonds in an irrevocable trust account to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the government’s financial statements. At September 30, 2025, the City had no outstanding defeased debt.

J. CONDUIT DEBT

In the past, the City has approved the issuance of Education Facilities Authority Bonds to provide financial assistance to private sector entities for the acquisition and construction of public facilities. The bonds are secured by the property financed. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. The City, nor the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of September 30, 2025, there was one series of Lubbock Education Facilities Authority Inc. Bonds outstanding with an aggregate principal amount payable of \$14,465,000. The bonds were issued in 2007 and refunded in FY 2016.

K. SPECIAL ASSESSMENT DEBT

In FY 2008, the Vintage Township Public Facilities Corporation (PFC), a discretely presented component unit of the City, issued special assessment debt for the acquisition and construction of certain public facilities benefiting Vintage Township. The PFC had \$1,794,000 outstanding special assessment debt as of September 30, 2025. The City collects assessments and forwards the collections to the bondholders. The City is not obligated in any manner for special assessment debt and is not liable for repayment of the debt. As the PFC

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

completes construction of certain public facilities, the assets are donated to the City. As of September 30, 2025, \$4,677,257 in completed construction costs was contributed to the City. The PFC has a deficit in unrestricted net position, which is a result of the debt held in the PFC name while the assets are donated to the City and held in the City's name.

L. STATE INFRASTRUCTURE BANK LOAN (SIB LOAN)

In 2017, the State of Texas agreed to issue a \$7.25 million State Infrastructure Bank Loan to the City of Lubbock for the purposes of purchasing right of way and to adjust utilities for FM 1585 widening in relation to the project for a new outer loop. Planning for the Lubbock Loop 88 project began nearly a decade ago. The Loop will be approximately 12.4 miles long and is located West of US 84. The goal of the project is to improve mobility and reduce congestion in the area as many goods are transported within the region. The loan is scheduled to be paid back in FY 2033.

N. RISK MANAGEMENT

The Risk Management Fund was established to account for liability claims, workers' compensation claims, and premiums for property/casualty insurance coverage. The Risk Management Fund generates its revenue through charges to other departments, which are based on costs.

In April 1999, the City purchased workers' compensation coverage, with no deductible, from Texas Municipal League Intergovernmental Risk Pool (TML-IRP) with continuous coverage through September 30, 2009. Effective October 1, 2009 through September 30, 2018 the City purchased workers' compensation coverage from Texas Political Subdivisions Joint Self-Insurance Fund (TPS). TPS operates as a self-insurance pool offering coverage to municipalities and other political subdivisions in accordance with the local government code and the terms of interlocal agreements among members. The City obtains workers' compensation coverage through a guaranteed-cost plan. Guaranteed-cost members combine their contributions to cover pooled losses and expenses. As required by interlocal agreement, TPS obtains specific excess of loss coverage over and above the self-insured retention stated in the agreement so that members will not have joint and several liabilities beyond their required contribution. Effective October 1, 2018 the City purchased workers' compensation insurance with no deductible from Texas Mutual Insurance Company. The City entered into an interlocal agreement with Texas Municipal League Intergovernmental Risk Pool effective October 1, 2019 in which the City pays a premium and there is a \$25,000 deductible per claim. Prior to April 1999, the City was self-insured for workers' compensation claims. Any claims outstanding prior to April 1999 continue to be the City's responsibility. As of April 1, 2025 the City once again self-insures our workers' compensation program. We hired TRISTAR as our third-party administrator.

The City's self-insurance liability program was funded on a cash flow basis, which means that the servicing contractor processes, adjusts, and pays claims from a deposit account provided by the City until October 1, 2017. After October 1, 2017 all self-insurance liability claims are being adjusted and paid through the use of an in-house claims adjuster who, with the assistance of the Risk Manager, sets reserves. The City accounts for the liability program by charging premiums to replenish funds based upon losses, administrative fees, premiums, and reserve requirements. In order to control the risks associated with liability claims, the City purchases excess liability coverage with a \$14 million annual aggregate limit and is subject to a \$750,000 self-insured retention per claim.

For self-insured coverage, the Risk Management Fund establishes claim liabilities based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and of claims that have been incurred but not reported (IBNR). The length of time for which such costs must be estimated varies depending on the coverage involved. Because actual claim costs depend on complex factors such as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claim liabilities does not necessarily result in an exact amount, particularly for liability coverage. Claim liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, and other economic and social factors. Adjustments to claim liabilities are charged or credited to an expense account in the period in which they are incurred.

Additionally, property and boiler coverage is accounted for in the Risk Management Fund. In FY 2018, the City of Lubbock separated Lubbock Power and Light's (LP&L) property and boiler and machinery as a cost savings measure. The City's property insurance policy, excluding LP&L, was purchased from an outside insurance carrier. The policy has a 3% of total values wind/hail deductible per occurrence and a \$250,000 deductible for all other forms of loss. The City's boiler and machinery insurance policy, excluding LP&L, was purchased from an outside insurance carrier. The policy has a \$25,000 deductible. Lubbock Power and Light purchases package property and boiler and machinery coverage from an outside carrier. The policy has various deductibles for both property and boiler and machinery ranging from \$250,000 to 2.5% of location values. Premiums are charged to funds based upon estimated premiums for the upcoming year. Departments that sustain property damage in excess of \$1,000 are eligible to request assistance from the Risk Management Fund for payment of those damages up to the policy deductible.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Other small insurance policies, such as surety bond coverage and miscellaneous floaters, are also accounted for in the Risk Management Fund. Funds are charged based on premium amounts and administrative charges. The City accounts for all insurance activity in the Internal Service Funds.

O. HEALTH INSURANCE

The City provides medical and dental insurance for all full-time employees and accounts for these activities in the Health Benefits Fund. Revenue for the health insurance program is generated from each cost center, based upon the number of full-time employees. The City's plan is self-insured under an Administrative Services Only (ASO) Agreement. The City purchases excess coverage of \$700,000 per covered individual annually. Beginning on January 1, 2012, the City discontinued coverage that included an aggregate cap. The insurance vendor, based on medical trend, claims history, and utilization assists in the determination of the individual deductible. The actuarially determined IBNR calculations of Active/COBRA employees, Pre-65 Retirees and Disabled Retirees for the claim reserve liability estimate was \$2.47 million at September 30, 2025 for all health coverages including medical, prescription drugs and dental claims.

The City also provides full-time employees basic term life insurance. The life insurance policy has a face value of \$10,000 per employee.

Full-time employees may elect to purchase medical insurance for eligible dependents at a reduced rate. Employees may elect to purchase dental insurance for eligible dependents. Employees may also elect, at their cost, to participate in several voluntary insurance programs such as vision insurance, voluntary life, and accident insurance.

The Risk Management and Health Benefits Funds established a liability for self-insurance for both reported and unreported insured events, which included estimates of future payments of losses and related claim adjustment expenses.

The following represents changes in those aggregate liabilities for these funds during the past two years ended September 30:

	<u>FY 2025</u>	<u>FY 2024</u>

P. LANDFILL CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations require the City to place final covers on its landfill sites at closure and to perform certain maintenance and monitoring functions for 30 years thereafter. Although closure and post closure care costs will be paid only near or after the date that the landfills stop accepting waste, the City reports a portion of these closure and post closure costs as operating expenses (and recognizes a corresponding liability) in each period based on landfill capacity used as of each statement of net position date.

The \$8,274,721 included in landfill closure and post closure care liability at September 30, 2025, represents the cumulative amount expensed by the City to date for its two landfills, that are registered under TCEQ permit numbers 69 (Landfill 69) and 2252 (Landfill 2252), less amounts that have been paid. Approximately 99.4 percent of the estimated capacity of Landfill 69 has been used, with \$591,689 remaining to be recognized over the remaining closure period. Approximately 10.4 percent of the estimated capacity of Landfill 2252 has been used to date, with \$23,498,697 remaining to be recognized over the remaining closure period. Post closure care costs are based on prior estimates and have been adjusted for inflation. Actual costs may differ due to inflation, deflation, changes in technology, or other regulatory changes.

The City is required by state and federal laws and regulations to provide assurance that financial resources will be available for landfill closure, post closure care, and remediation or containment of environmental hazards. The City is in compliance with these requirements and has chosen the Local Government Financial Test mechanism for providing assurance. The City expects to finance costs through normal operations.

NOTE IV. CONTINGENT LIABILITIES

A. FEDERAL GRANTS

In the normal course of operations, the City receives grant funds from state and federal agencies. The grant programs are subject to audits by agents of the granting authority to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of audits of grants is not believed to be significant.

B. LITIGATION

The City is involved in various legal proceedings related to alleged personal and property damages, breach of contract and civil rights cases, some of which involve claims against the City that exceed \$500,000. State law limits municipal liability for personal injury to \$250,000 per person/\$500,000 per occurrence and property damage to \$100,000 per claim for activities arising out of its governmental functions. This limit is not applicable to claims pertaining to the City’s electric utility.

The City’s insurance coverage, if available, contains a \$750,000 self-insured retention per claim. As of September 30, 2025, the City has \$873,400 reserved on general liability claims, as determined by an actuarial calculation.

LP&L is involved in various legal and regulatory proceedings. Those lawsuits and claims which are considered probable and estimable are accrued as a liability, while those claims and judgments which are considered reasonably possible are disclosed but not accrued. On September 30, 2025, LP&L has not accrued any liabilities for pending material claims and lawsuits considered to be probable.

NOTE V. TAX ABATEMENTS

GASB Statement No. 77, *Tax Abatement Disclosures*, defines a tax abatement as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forego tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the government or citizens of those governments.

The City utilizes the industrial tax abatement program to provide powerful new resources and incentives to grow the economy in the region, revitalize targeted areas of the City and promote strong, balanced growth throughout the community.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

The City has not entered into agreements with other governments that would reduce the reporting government's tax revenues. Other entities are not authorized to enter tax abatement agreements that reduce the City tax revenue without the City's consent.

Industrial Tax Abatement Program

The purpose of the program is promotion of high quality development in all parts of the City of Lubbock, Texas and to an ongoing improvement in the quality of life for the citizens residing within the City. The specific taxes abated are real/personal property tax, and the authority under which abatement agreements are entered into is V.T.C.A., Tax Code, Chapter 312. To qualify for tax abatement, the company must meet both of the following criteria:

- The modernization or expansion of the existing facility of any type as herein defined or construction of a new facility of any type as herein defined.
- Producer, manufacturer or distributor of goods and services of which 50 percent or more are distributed outside of Lubbock County.

In addition to the aforementioned, the City will consider abatement only if the company meets one of the following criteria:

- One of the following target industries:
 - Advanced Technologies and Manufacturing
 - Value-added Agricultural Production including Food Processing and Machinery
 - Research and Development
 - Medical Services (as defined in Section II Definitions)
 - Warehouse/Distribution
 - Corporate Headquarters of a Region/National Service Center
 - Information and Data Centers
- The project is not included as a target industry, but has the potential of generating additional, significant economic development opportunities to Lubbock.

The company must meet one of the following criteria:

- The project will add at least \$10 million in Real Property improvements or new Personal Property, or combination of the two, and 25 new permanent jobs if the facility is a new company to Lubbock.
- The project will add at least \$10 million in Real Property improvements or new Personal Property, or combination of the two, and 25 new permanent jobs if the facility is an existing company.

New or existing facilities of any type herein defined, located in a designated Enterprise Zone, Reinvestment Zone, or upon Real Property eligible for such status will be eligible for consideration for tax abatement status provided that all other criteria and guidelines are satisfied.

Improvements to Real Property are eligible for tax abatement status. The types of property contained in Section IV 5. shall be ineligible for tax abatement status and shall be fully taxed. In order for a Facility to qualify for abatement, the following conditions must apply:

- The owner or leaseholder of Real Property must make eligible improvements to the real property; and,
- In the case of lessees, the leaseholder must have a lease commitment of at least five (5) years.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

Taxes are reduced through a reduction of the property's assessed value. Taxable value is calculated and then the tax abatement eligible value is determined by the Central Appraisal District. The amount of abatement is determined by multiplying the percentage of abatement in the contract times the abatement eligible value.

The provisions for recapturing abated taxes are as follows:

- In the event that any type of facility, is completed and begins producing goods or services, but subsequently discontinues producing goods or services for any reason, excepting fire, explosion or other casualty or accident or natural disaster or other event beyond the reasonable control of applicant or owner for a period of 180 days during the term of a Tax Abatement Agreement, then in such event the Tax Abatement Agreement shall terminate and all abatement of taxes shall likewise terminate.
- In the event that the application or owner has entered into a Tax Abatement Agreement to make improvements to a facility of any type described in Section 1 above, but fails to undertake or complete such improvements or fails to create all or a portion of the number of new jobs provided by the Tax Abatement Agreement, then in such event the City shall give the applicant or owner sixty (60) days notice of such failure. The applicant or owner shall demonstrate to the satisfaction of the City, above mentioned, that the applicant or owner has commenced to cure such failure within the sixty (60) days above mentioned. In the event that the applicant or owner fails to demonstrate that he is taking affirmative action to cure his failure, then in such event the Tax Abatement Agreement shall terminate and all abatement of taxes shall likewise terminate.
- In the event that the City determines that the applicant or owner is in default of any of the terms or conditions contained in the Tax Abatement Agreement, then in such event the City shall give the applicant or owner sixty (60) days written notice to cure such default. In the event such default is not cured to the satisfaction of the City within the sixty (60) days notice period, then the Tax Abatement Agreement shall terminate and all abatement of taxes shall likewise terminate.
- In the event that the applicant or owner allows ad valorem taxes on property ineligible for tax abatement owed to the City, to become delinquent and fails to timely and properly follow the legal procedures for their protest or contest, then in such event the Tax Abatement Agreement shall terminate and all abatement of taxes shall likewise terminate.
- In the event that the applicant or owner, who has executed a Tax Abatement Agreement with the City, relocates the business, for which tax abatement has been granted, to a location outside of the designated Reinvestment Zone, then in such event, the Tax Abatement Agreement shall terminate after sixty (60) days written notice by the City to the applicant or owner. Taxes abated during the calendar year in which termination, under this section takes place shall be payable to the City by no later than January 31st of the following year. Taxes abated in years prior to the year of termination shall be payable to the City within sixty (60) days of the date of termination.
- The date of termination as the term is used in this Section IX shall, in every instance, be the 60th day after the day the City sends notice of default, in the mail to the address shown in the Tax Abatement Agreement to the applicant or owner. Should the default be cured by the applicant or owner within the sixty (60) day notice period, the applicant or owner shall be responsible for so advising in the City and obtaining a release from the notice of default from the City, failing in which, the abatement remains terminated and the abated taxes must be paid.
- In event case of termination set forth in Paragraphs 1, 2, 3, 4, and 5 above, the City shall determine whether default has occurred by applicant or owner in the terms and conditions of the Tax Abatement Agreement and shall so notify all other affected jurisdictions.
- In the event that a Tax Abatement Agreement is terminated for any reason whatsoever, and taxes are not paid within the time period herein specified, then in such event, the provisions of V.T.C.A., Tax Code, Section 33.01 will apply.

City of Lubbock, Texas
Notes to Basic Financial Statements
September 30, 2025

No other commitments are included in tax abatement agreements. The gross dollar amount by which the City's tax revenues were reduced, was \$513,565.

Notes to Schedule of Contributions

Valuation Date: December 31, 2023
 Notes: Actuarially determined contribution rates are calculated as of December 31 and become effective in January 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	22 years (longest amortization ladder)
Asset Valuation Method	10 Year smoothed market, 12% soft corridor
Inflation	2.5%
Salary Increases	3.6% to 11.85% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that vary by age. Last updated for the 2023 valuation pursuant to an experience study of the period ending 2022.
Mortality	Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence). Pre-retirement: PUB (10) mortality tables, with the 110% of the Public Safety table used for males and the 100% of the General Employee table used for females. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).

Other Information

Notes: There were no benefit changes during the year.

Notes to Schedule of Contributions

Valuation Date: December 31, 2022
Notes: Contribution rates were based on the budgeted contribution rates.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method: Entry Age Normal
Amortization Method: Level Percentage of Payroll, Open
Remaining Amortization Period: 25 years
Inflation: 2.5%
Salary Increases: 2.75%, plus promotion, step and longevity increases that vary by service
Investment Rate of Return: 7.5%
Mortality: Pubs-2010 total dataset mortality tables, projected for mortality improvement generationally using the projection scale MP-2018.

Other Information

Notes: There were no benefit changes during the year.

NOTE: The City implemented GASB Statement No. 75 in FY 2018. Information in this table has been determined as of the measurement date (December 31) of the total OPEB liability. This table is intended to show information for ten years. Additional years' information will be displayed as it becomes available.

Changes in assumptions: reflects a change in the discount rate from 4.05% as of December 31, 2022 to 3.77% as of December 31, 2023. Additionally, the demographic and salary increase assumptions were updated to reflect the 2023 TMRS Experience Study and the health care trend rates were updated to reflect the plan's anticipated experience.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

FORM OF OPINION

_____, 2026

We have acted as bond counsel to the City of Lubbock, Texas (the “City”) in connection with the issuance of \$_____ aggregate principal amount of General Obligation Improvement and Refunding Bonds, Series 2026 (the “Bonds”). The Bonds are authorized by an ordinance adopted by the City Council of the City on March 10, 2026 (the “Bond Ordinance”) authorizing the issuance of the Bonds, and a pricing certificate executed pursuant to the Bond Ordinance (the “Pricing Certificate” and, together with the Bond Ordinance, the “Ordinance”). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Ordinance.

In such connection, we have reviewed a transcript of certain certified proceedings pertaining to the issuance of the Bonds and the obligations that are being refunded (the “Refunded Obligations”) with the proceeds of the Bonds, including the Ordinance, certified copies of certain proceedings of the City and BOKF, NA (the “Escrow Agent”), the report (the “Report”) of Robert Thomas CPA, LLC, which verifies the sufficiency of the deposit made with the Escrow Agent for the defeasance of the Refunded Obligations, the tax certificate of the City dated the date hereof (the “Tax Certificate”), certificates of the City, and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings, and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after original delivery of the Bonds on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after original delivery of the Bonds on the date hereof. Accordingly, this letter speaks only as of its date and is not intended to, and may not, be relied upon or otherwise used in connection with any such actions, events, or matters. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures provided to us and the due and legal execution and delivery thereof by, and validity against, any parties other than the City. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in

the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Ordinance and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions, or events will not cause interest on the Bonds to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Bonds, the Ordinance and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against issuers in the State of Texas. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents. Our services did not include financial or other non-legal advice. Finally, our role in connection with the City's Official Statement prepared for use in connection with the sale of the Bonds has been limited as described therein.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The transcript of certified proceedings evidences complete legal authority for the issuance of the Bonds in full compliance with the Constitution and laws of the State of Texas presently in effect. The Bonds constitute the valid and legally binding obligations of the City, and the Bonds have been authorized and delivered in accordance with law.
2. The Bonds are payable, both as to principal and interest, from, and secured by, the proceeds of a continuing, direct, annual ad valorem tax levied, within the limits prescribed by law, against all taxable property located within the City, which taxes have been pledged irrevocably to pay the principal of and interest on the Bonds.
3. The escrow agreement between the City and the Escrow Agent (the "Escrow Agreement") has been duly executed and delivered and constitutes a binding and enforceable agreement in accordance with its terms; the establishment of the Escrow Fund pursuant to the Escrow Agreement and the deposit made therein constitute the making of firm banking and financial arrangements for the discharge and final payment of the Refunded Obligations; in reliance upon the accuracy of the calculations contained in the Report, the Refunded Obligations, having been discharged and paid, are no longer outstanding and the lien on and pledge of ad valorem taxes and other revenues as set forth in the ordinances authorizing their issuance will be appropriately and legally defeased; the holders of the Refunded Obligations may obtain payment of the principal of, redemption premium, if any, and interest on the Refunded Obligations only out of the funds provided therefor now held in escrow for that purpose by the Escrow Agent pursuant to the terms of the Escrow Agreement; and therefore the

Refunded Obligations are deemed to be fully paid and no longer outstanding, except for the purpose of being paid from the funds provided therefor in such Escrow Agreement.

4. Interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. Interest on the Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. We observe that interest on the Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual, or receipt of interest on, the Bonds.

Very truly yours,

Orrick, Herrington & Sutcliffe LLP

FORM OF OPINION

_____, 2026

We have acted as bond counsel to the City of Lubbock, Texas (the “City”) in connection with the issuance of \$_____ aggregate principal amount of Combination Tax and Revenue Certificates of Obligation, Series 2026 (the “Certificates”). The Certificates are authorized by an ordinance adopted by the City Council of the City on March 10, 2026 (the “Certificate Ordinance”) authorizing the issuance of the Certificates, and in the pricing certificate executed pursuant to the Certificate Ordinance (the “Pricing Certificate” and, together with the Certificate Ordinance, the “Ordinance”). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Ordinance.

In such connection, we have reviewed a transcript of certain certified proceedings pertaining to the issuance of the Certificates, including the Ordinance, the tax certificate of the City dated the date hereof (the “Tax Certificate”), certificates of the City, and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings, and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after original delivery of the Certificates on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after original delivery of the Certificates on the date hereof. Accordingly, this letter speaks only as of its date and is not intended to, and may not, be relied upon or otherwise used in connection with any such actions, events, or matters. Our engagement with respect to the Certificates has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures provided to us and the due and legal execution and delivery thereof by, and validity against, any parties other than the City. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Ordinance and the Tax Certificate, including (without

limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions, or events will not cause interest on the Certificates to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Certificates, the Ordinance and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against issuers in the State of Texas. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents. Our services did not include financial or other non-legal advice. Finally, our role in connection with the City's Official Statement prepared for use in connection with the sale of the Certificates has been limited as described therein.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The transcript of certified proceedings evidences complete legal authority for the issuance of the Certificates in full compliance with the Constitution and laws of the State of Texas presently in effect. The Certificates constitute the valid and legally binding obligations of the City, and the Certificates have been authorized and delivered in accordance with law.
2. The Certificates are payable, both as to principal and interest, from the receipts of a continuing, direct, annual ad valorem tax levied, within the limits prescribed by law, upon all taxable property located within the City, which taxes have been pledged irrevocably to pay the principal of and interest on the Certificates, and a limited pledge of surplus revenues of the City's water and wastewater system, not to exceed \$1,000.
3. Interest on the Certificates is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. Interest on the Certificates is not a specific preference item for purposes of the federal individual alternative minimum tax. We observe that interest on the Certificates included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual, or receipt of interest on, the Certificates.

Very truly yours,
