

OFFICIAL STATEMENT DATED AUGUST 17, 2026

In the opinion of Bond Counsel (herein defined), under current law and subject to conditions described under "TAX MATTERS," interest on the Bonds (a) is not included in gross income for federal income tax purposes, (b) is not an item of tax preference for purposes of the federal alternative minimum income tax, and (c) is taken into account by applicable corporations (as defined in Section 59(k) of the Code (herein defined)) for the alternative minimum tax imposed on such corporations. A holder may be subject to other federal tax consequences as described under "TAX MATTERS."

The Bonds have not been designated "qualified tax-exempt obligations" for financial institutions. See "TAX MATTERS – NOT Qualified Tax-Exempt Obligations."

NEW ISSUE – Book Entry Only

S&P Global Ratings (AG Insured) "AA"
Moody's Ratings (AG Insured) "A1"
Moody's Ratings (Underlying) "Baa1"

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1

(A political subdivision of the State of Texas, located within Montgomery County)

\$4,950,000
Unlimited Tax Bonds
Series 2026

Dated: September 1, 2026

Due: September 1, as shown on the inside cover

Interest on the \$4,950,000 Conroe Municipal Management District No. 1 Unlimited Tax Bonds, Series 2026 (the "Bonds") accrues from the initial date of delivery (on or about September 16, 2026) (the "Date of Delivery") and is payable on March 1, 2027, and on each September 1 and March 1 (each an "Interest Payment Date") thereafter until the earlier of maturity or redemption, and will be calculated on the basis of a 360-day year composed of twelve 30-day months. Interest on the Bonds will be payable by check dated as of the Interest Payment Date, and mailed by the Paying Agent/Registrar (herein defined) to registered owners as shown on the records of the Paying Agent/Registrar at the close of business on the 15th calendar day of the month next preceding each interest payment date. The Bonds will be issued in fully registered form only, without coupons, in principal denominations of \$5,000 or any integral multiple thereof, and when issued, will be registered in the name of Cede & Co., as registered owner and nominee for the Depository Trust Company ("DTC"), acting as securities depository for the Bonds until DTC resigns or is discharged. The Bonds initially will be available to purchasers in Book-Entry-Only form. So long as Cede & Co., as the nominee of DTC, is the registered owner of the Bonds, principal of and interest on the Bonds will be payable by the paying agent to DTC, which will be solely responsible for making such payment to the beneficial owners of the Bonds. The initial paying agent for the Bonds is BOKF, NA, Dallas, Texas (the "Paying Agent/Registrar"). The Bonds are obligations solely of Conroe Municipal Management District No. 1 (the "District") and are not obligations of the State of Texas; Montgomery County, Texas; the City of Conroe, Texas; or any entity other than the District.

See "PRINCIPAL AMOUNTS, MATURITIES, INTEREST RATES, INITIAL REOFFERING YIELDS, AND CUSIPS" on the inside cover.

The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under an insurance policy to be issued concurrently with the delivery of the Bonds by **ASSURED GUARANTY INC. ("AG")**.

**ASSURED
GUARANTY**

The Bonds constitute the ninth series of unlimited tax bonds issued by the District for the purpose of acquiring or constructing water, wastewater, and storm drainage facilities to serve the District (the "System"). Voters in the District have authorized a total of \$250,800,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the System, and for the purpose of refunding such bonds. Additionally, voters in the District have authorized \$187,550,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District, and for the purpose of refunding such bonds, and \$29,700,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District, and for the purpose of refunding such bonds. Following the issuance of the Bonds, \$175,365,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the System, and for the purpose of refunding such bonds; \$136,235,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District, and for the purpose of refunding such bonds; and \$24,700,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District, and for the purpose of refunding such bonds, will remain authorized but unissued. The Bonds, when issued, will constitute valid and binding obligations of the District, payable from the proceeds of a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property within the District.

The Bonds are offered by the winning bidder for the Bonds (the "Initial Purchaser") subject to prior sale, when, as, and if issued by the District and accepted by the Initial Purchaser, subject, among other things, to the approval of the Attorney General of the State of Texas and the opinion of The Muller Law Group, PLLC, Sugar Land, Texas ("Bond Counsel"). Certain legal matters will be passed upon for the District by Orrick, Herrington & Sutcliffe LLP, Houston, Texas ("Disclosure Counsel"). Delivery of the Bonds is expected on or about September 16, 2026.

\$635,000 Term Bonds

\$635,000 Term Bonds Due September 1, 2051 (c)(d), Interest Rate: 4.750% (Price: \$96.455) (a), CUSIP No. 208422 TS4 (b)

-
- (a) Information with respect to the initial reoffering yields of the Bonds is the responsibility of the Initial Purchaser. Initial reoffering yields represent the initial offering price, which may be changed for subsequent purchasers. The initial yield indicated above represents the lower of the yields resulting when priced to maturity or to the first call date.
- (b) CUSIP numbers have been assigned to the Bonds by CUSIP Global Services, managed by FactSet Research Systems Inc. on behalf of the American Bankers Association, and are included solely for the convenience of the purchasers of the Bonds. None of the District, the Financial Advisor (herein defined), or the Initial Purchaser shall be responsible for the selection or the correctness of the CUSIP numbers shown herein.
- (c) Bonds maturing on September 1, 2032, and thereafter, shall be subject to redemption and payment at the option of the District, in whole or from time to time in part on September 1, 2031, or on any date thereafter, at the par value thereof plus accrued interest to the date fixed for redemption. See "THE BONDS – Redemption Provisions – *Optional Redemption*."
- (d) Subject to mandatory sinking fund redemption as provided under "THE BONDS – Redemption Provisions – *Mandatory Redemption*."

USE OF INFORMATION IN OFFICIAL STATEMENT

No dealer, broker, salesman, or other person has been authorized to give any information, or to make any representations, other than those contained herein, and, if given or made, such other information or representations must not be relied upon as having been authorized by the District or the Initial Purchaser.

This Official Statement does not alone constitute, and is not authorized by the District for use in connection with, an offer to sell or the solicitation of any offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

All of the summaries of the statutes, resolutions, orders, contracts, audits, engineering, and other related reports set forth herein are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents, copies of which are available from Bond Counsel upon payment of duplication costs, for further information.

The Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information herein.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof. The District has agreed to keep this Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and to the extent such information actually comes to its attention, the other matters described herein, until delivery of the Bonds to the Initial Purchaser and thereafter only as specified in "OFFICIAL STATEMENT – Updating of Official Statement" and "CONTINUING DISCLOSURE."

AG makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, AG has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AG supplied by AG and presented under the heading "MUNICIPAL BOND INSURANCE" and "APPENDIX B – SPECIMEN MUNICIPAL BOND INSURANCE POLICY."

SALE AND DISTRIBUTION OF THE BONDS

Award of the Bonds

After requesting competitive bids for the Bonds, the District has accepted the bid of Samco Capital Markets, Inc. (the "Initial Purchaser") to purchase the Bonds at the interest rates shown on the inside cover at a price of 98.005131% of par, resulting in a net effective interest rate to the District 4.771467%, as calculated pursuant to Chapter 1204, Texas Government Code, as amended. No assurance can be given that any trading market will be developed for the Bonds after their sale by the District to the Initial Purchaser. The District has no control over the price at which the Bonds are subsequently sold, and the initial yields at which the Bonds are priced and reoffered are established by and are the sole responsibility of the Initial Purchaser.

Prices and Marketability

The delivery of the Bonds is conditioned upon the receipt by the District of a certificate executed and delivered by the Initial Purchaser on or before the Date of Delivery (herein defined) of the Bonds stating the prices at which a substantial amount of the Bonds of each maturity has been sold to the public. For this purpose, the term "public" shall not include any person who is a bond house, broker, dealer or similar person or organization acting in the capacity of underwriter or wholesaler. Other than described in the Notice of Sale, the District has no understanding with the Initial Purchaser regarding the reoffering yields or prices of the Bonds. Information concerning reoffering yields or prices is the responsibility of the Initial Purchaser.

The prices and other terms with respect to the offering and sale of the Bonds may be changed from time-to-time by the Initial Purchaser after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial offering prices, including sales to dealers who may sell the Bonds into investment accounts. In connection with the offering of the Bonds, the Initial Purchaser may over-allot or effect transactions which stabilize or maintain the market prices of the Bonds at levels above those which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

The District has no control over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked prices of the Bonds may be greater than the difference between the bid and asked prices of bonds of comparable maturity and quality issued by more traditional municipal entities, as bonds of such entities are more generally bought, sold or traded in the secondary market.

Securities Laws

No registration statement relating to the Bonds has been filed with the SEC, as amended, in reliance upon exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been registered or qualified under the securities acts of any other jurisdictions. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be offered, sold, or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds should not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions in such other jurisdiction.

MUNICIPAL BOND INSURANCE

Bond Insurance Policy

Concurrently with the issuance of the Bonds, Assured Guaranty Inc. ("AG") will issue its Municipal Bond Insurance Policy (the "Policy") for the Bonds. The Policy guarantees the scheduled payment of principal of and interest on the Bonds when due as set forth in the form of the Policy included as an appendix to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, Maryland, California, Connecticut or Florida insurance law.

Assured Guaranty Inc.

AG is a Maryland domiciled financial guaranty insurance company and an indirect subsidiary of Assured Guaranty Ltd. ("AGL" and together with its subsidiaries, "Assured Guaranty"), a Bermuda-based holding company whose shares are publicly traded and are listed on the New York Stock Exchange under the symbol "AGO." AGL, through its subsidiaries, provides credit enhancement products to the U.S. and non-U.S. public finance (including infrastructure) and structured finance markets, and participates in the asset management

business through ownership interests in Sound Point Capital Management, LP and certain of its investment management affiliates, and in the annuity reinsurance business through Assured Life Reinsurance Ltd. Only AG is obligated to pay claims under the insurance policies AG has issued, and not AGL or any of its shareholders or other affiliates.

AG's financial strength is rated "AA" (stable outlook) by S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P"), "AA+" (stable outlook) by Kroll Bond Rating Agency, Inc. ("KBRA") and "A1" (stable outlook) by Moody's Investors Service, Inc. ("Moody's"). Each rating of AG should be evaluated independently. An explanation of the significance of the above ratings may be obtained from the applicable rating agency. The above ratings are not recommendations to buy, sell or hold any security, and such ratings are subject to revision or withdrawal at any time by the rating agencies, including withdrawal initiated at the request of AG in its sole discretion. In addition, the rating agencies may at any time change AG's long-term rating outlooks or place such ratings on a watch list for possible downgrade in the near term. Any downward revision or withdrawal of any of the above ratings, the assignment of a negative outlook to such ratings or the placement of such ratings on a negative watch list may have an adverse effect on the market price of any security guaranteed by AG. AG only guarantees scheduled principal and scheduled interest payments payable by the issuer of bonds insured by AG on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the relevant insurance policy), and does not guarantee the market price or liquidity of the securities it insures, nor does it guarantee that the ratings on such securities will not be revised or withdrawn.

Current Financial Strength Ratings

On August 3, 2026, KBRA announced that it had affirmed AG's insurance financial strength rating of "AA+" (stable outlook).

On July 27, 2026, Moody's announced that it had affirmed AG's insurance financial strength rating of "A1" (stable outlook).

On July 17, 2026, S&P announced that it had affirmed AG's financial strength rating of "AA" (stable outlook).

AG can give no assurance as to any further ratings action that S&P, Moody's and/or KBRA may take. For more information regarding AG's financial strength ratings and the risks relating thereto, see AGL's Annual Report on Form 10-K for the fiscal year ended December 31, 2025.

Capitalization of AG

At June 30, 2026:

- The policyholders' surplus of AG was approximately \$3,088 million.
- The contingency reserve of AG was approximately \$1,569 million.
- The net unearned premium reserves and net deferred ceding commission income of AG and its subsidiaries (as described below) were approximately \$2,411 million. Such amount includes (i) 100% of the net unearned premium reserve and net deferred ceding commission income of AG and (ii) the net unearned premium reserves and net deferred ceding commissions of AG's wholly owned subsidiary Assured Guaranty UK Limited ("AGUK"), and its 99.9999% owned subsidiary Assured Guaranty (Europe) SA ("AGE").

The policyholders' surplus, contingency reserve, and net unearned premium reserves and net deferred ceding commission income of AG were determined in accordance with statutory accounting principles. The net unearned premium reserves and net deferred ceding commissions of AGUK and AGE were determined in accordance with accounting principles generally accepted in the United States of America.

Incorporation of Certain Documents by Reference

Portions of the following documents filed by AGL with the Securities and Exchange Commission (the "SEC") that relate to AG are incorporated by reference into this Official Statement and shall be deemed to be a part hereof:

- (i) the Annual Report on Form 10-K for the fiscal year ended December 31, 2025 (filed by AGL with the SEC on February 27, 2026);

- (ii) the Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2026 (filed by AGL with the SEC on May 8, 2026); and
- (iii) the Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2026 (filed by AGL with the SEC on August 7, 2026).

All information relating to AG included in, or as exhibits to, documents filed by AGL with the SEC pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, excluding Current Reports or portions thereof “furnished” under Item 2.02 or Item 7.01 of Form 8-K, after the filing of the last document referred to above and before the termination of the offering of the Bonds shall be deemed incorporated by reference into this Official Statement and to be a part hereof from the respective dates of filing such documents. Copies of materials incorporated by reference are available over the internet at the SEC’s website at <http://www.sec.gov>, at AGL’s website at <http://www.assuredguaranty.com>, or will be provided upon request to Assured Guaranty Inc.: 1633 Broadway, New York, New York 10019, Attention: Communications Department (telephone (212) 974-0100). Except for the information referred to above, no information available on or through AGL’s website shall be deemed to be part of or incorporated in this Official Statement.

Any information regarding AG included herein under the caption “MUNICIPAL BOND INSURANCE – Assured Guaranty Inc.” or included in a document incorporated by reference herein (collectively, the “AG Information”) shall be modified or superseded to the extent that any subsequently included AG Information (either directly or through incorporation by reference) modifies or supersedes such previously included AG Information. Any AG Information so modified or superseded shall not constitute a part of this Official Statement, except as so modified or superseded.

Miscellaneous Matters

AG makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, AG has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AG supplied by AG and presented under the heading “MUNICIPAL BOND INSURANCE”.

RATINGS

The Bonds are expected to receive an insured rating of “AA” (stable outlook) from S&P solely in reliance upon the issuance and delivery of the Policy by AG at the time of delivery of the Bonds. An explanation of the ratings of S&P may only be obtained from S&P. S&P is located at 55 Water Street, New York, New York 10041, telephone number (212) 208-8000 and has engaged in providing ratings for corporate bonds since 1923 and municipal bonds since 1940. Long-term debt ratings assigned by S&P reflect its analysis of the overall level of credit risk involved in financings. At present, S&P assigns long-term debt ratings with symbols “AAA” (the highest rating) through “D” (the lowest rating). The ratings express only the view of S&P at the time the ratings are given. Furthermore, a security rating is not a recommendation to buy, sell or hold securities. There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by S&P, if in its judgment, circumstances so warrant.

The Bonds are expected to receive an insured rating of “A1” (stable outlook) from Moody’s solely in reliance upon the issuance and delivery of the Policy by AG at the time of delivery of the Bonds. Moody’s has assigned an underlying rating of “Baa1” to the Bonds. An explanation of the rating may be obtained from Moody’s, 7 World Trade Center at 250 Greenwich Street, New York, New York 10007. Furthermore, a security rating is not a recommendation to buy, sell, or hold securities. There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by Moody’s, if in their judgment, circumstances so warrant. Any such revisions or withdrawal of the underlying rating may have an adverse effect on the market price of the Bonds.

The District is not aware of any rating assigned to the Bonds other than the ratings discussed above.

OFFICIAL STATEMENT SUMMARY

The following material is qualified in its entirety by the more detailed information and financial statements appearing elsewhere herein. The offering of the Bonds to potential investors is made only by means of this entire Official Statement. No person is authorized to detach this summary from this Official Statement or to otherwise use it without the entire Official Statement.

THE BONDS

Description.....	The \$4,950,000 Conroe Municipal Management District No. 1 Unlimited Tax Bonds, Series 2026 (the "Bonds") are dated September 1, 2026, and mature on September 1 in the years and amounts set forth on the inside cover. Interest on the Bonds accrues from the initial date of delivery (on or about September 16, 2026) ("Date of Delivery") at the rates per annum set forth on the inside cover and is payable on March 1, 2027, and each September 1 and March 1 thereafter until the earlier of maturity or redemption, and will be calculated on the basis of a 360-day year composed of twelve 30-day months. The Bonds are offered in fully registered form in integral multiples of \$5,000 of principal amount for any one (1) maturity. See "THE BONDS – General."
Redemption Provisions	The Bonds maturing on and after September 1, 2032, are subject to redemption, in whole or from time to time in part, at the option of the District beginning on September 1, 2031, and on any date thereafter at a price of par plus accrued interest from the most recent interest payment date to the date of redemption. See "THE BONDS – Redemption Provisions – <i>Optional Redemption</i>." The Bonds maturing on September 1, 2051 are term bonds that are also subject to mandatory redemption provisions set out under "THE BONDS – Redemption Provisions – <i>Mandatory Redemption</i>."
Source of Payment	The Bonds, when issued, will constitute valid and binding obligations of the District, payable from the proceeds of a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property within Conroe Municipal Management District No. 1 (the "District"). The Bonds are obligations solely of the District and are not obligations of the State of Texas ("Texas"); Montgomery County, Texas (the "County"); the City of Conroe, Texas (the "City"); or any entity other than the District. See "THE BONDS – Source of Payment."
Authority for Issuance.....	The Bonds constitute the ninth series of unlimited tax bonds issued by the District for the purpose of acquiring or constructing water, wastewater, and storm drainage facilities to serve the District (the "System"). Voters in the District have authorized a total of \$250,800,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the System, and for the purpose of refunding such bonds. Additionally, voters in the District have authorized \$187,550,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District, and for the purpose of refunding such bonds, and \$29,700,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District, and for the purpose of refunding such bonds. Following the issuance of the Bonds, \$175,365,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the System, and for the purpose of refunding such bonds; \$136,235,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District, and for the purpose of refunding such bonds; and \$24,700,000 principal amount of

unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District, and for the purpose of refunding such bonds, will remain authorized but unissued.

The Bonds are issued pursuant to an order of the Texas Commission on Environmental Quality (the "TCEQ"); Chapter 375 of the Texas Local Government Code; the general laws of Texas, including Chapters 49 and 54 of the Texas Water Code, as amended; Article XVI, Section 59 of the Texas Constitution; the resolution adopted by the Board of Directors of the District (the "Board") authorizing the issuance of the Bonds (the "Bond Resolution"); and an election held within the District on November 3, 2015. See "THE BONDS – Authority for Issuance" and "THE BONDS – Issuance of Additional Debt."

Outstanding Bonds	The District has previously issued eight (8) series of unlimited tax bonds for the purpose of acquiring or constructing the System. At the delivery of the Bonds, \$63,900,000 principal amount of such previously issued debt will remain outstanding (the "Outstanding System"). Additionally, the District has previously issued seven (7) series of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District (the "Outstanding Road Bonds"), and one (1) series of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District, of which \$4,915,000 remains outstanding (the "Outstanding Park Bonds"). The Outstanding System Bonds and the Outstanding Park Bonds are collectively referred to herein as the "Outstanding System/Park Bonds". The "Outstanding System/Park Bonds" and "Outstanding Road Bonds" are collectively referred to herein as "Outstanding Bonds."
Short-Term Debt.....	In connection with the Bonds, the District issued the \$2,255,000 Conroe Municipal Management District No. 1 Bond Anticipation Note, Series 2025 (the "BAN"), dated December 19, 2025. The BAN accrues interest at a rate of 4.370% per year (computed on the basis of a 365-day calendar year and the actual days elapsed) and matures on December 18, 2026.
Use and Distribution of Bond Proceeds	Proceeds from the sale of the Bonds, along with other legally available District funds, will be used to redeem the BAN, the proceeds of which were used to reimburse the Developers (herein defined) for a portion of the improvements and related costs shown under "USE AND DISTRIBUTION OF BOND PROCEEDS." Additionally, proceeds from the sale of the Bonds will be used to reimburse the Developers for the improvements and related costs that were not reimbursed by the BAN and to pay: developer interest; BAN interest; six (6) months of capitalized interest; and other certain costs associated with the issuance of the BAN and the Bonds. See "USE AND DISTRIBUTION OF BOND PROCEEDS."
Municipal Bond Insurance	ASSURED GUARANTY INC. ("AG"). See "MUNICIPAL BOND INSURANCE."
Ratings.....	S&P Global Ratings (AG Insured): "AA" (stable outlook). Moody's Ratings ("Moody's") (AG Insured): "A1" (stable outlook). Moody's (Underlying): "Baa1." See "RATINGS."

NOT Qualified Tax-Exempt Obligations	The District has not designated the Bonds as "Qualified Tax-Exempt Obligations" for financial institutions. See "TAX MATTERS – NOT Qualified Tax-Exempt Obligations."
General & Bond Counsel.....	The Muller Law Group, PLLC, Sugar Land, Texas.
Disclosure Counsel	Orrick, Herrington & Sutcliffe LLP, Houston, Texas.
Financial Advisor.....	Cedar Creek Municipal Advisors, Inc., Houston, Texas.
Engineer	LJA Engineering, LLC., Houston, Texas.
Paying Agent/Registrar	BOKF, NA, Dallas, Texas.

THE DISTRICT

The Issuer	The District was created by Order of the TCEQ dated April 21, 2015. The District operates under Chapter 375 of the Texas Local Government Code in addition to Chapters 49 and 54 of the Texas Water Code pursuant to Article XVI, Section 59 and Article III, Section 52 and 52-a, of the Texas Constitution. The District consists of approximately 2,046 acres. See "THE DISTRICT – General."
Location	The District is located in the County and is situated wholly within the limits of the City. The District is generally bounded on the west of Interstate Highway 45 ("IH-45"), south of Loop 336 and north of the West Fork of the San Jacinto River and east of Sgt. Ed Holcomb Boulevard. Primary access to the District will be from the frontage along IH-45 along Grand Central Parkway. Secondary access points will be from Loop 336 along Crescent Campus Boulevard, Urban Avenue and Town Park Drive. The District is located in the Ransom House Survey, A-245 and the Joseph House Survey, A-250. See "THE DISTRICT – Location."
Developers and Principal Landowners	Conroe CS Texas Holdings LP ("CS Texas") and GCP Loan Subsidiary 1 LP ("GCP1" and collectively with CS Texas, the "Developers"), affiliates of the Johnson Development Corp, manage the development of residential, commercial, and mixed-use land within the District. CS Texas, a Delaware limited partnership, having Johnson Conroe CS GP, LLC as its general partner, purchased all of the property within the District. GCP1 is a Texas limited partnership whose general partner is CS Loan Sub 1 LLC and whose limited partner is CS Texas, and is the primary development entity in the District. As of July 1, 2026, the Developers owned approximately 1,383 acres in the District. See "THE DEVELOPERS AND PRINCIPAL LANDOWNERS – Description of the Developers and Principal Landowners" and "DEVELOPMENT WITHIN THE DISTRICT." Fidelis Realty Partners ("Fidelis"), through its affiliated entity I-45/Loop 336 Associates LLP ("336 Associates"), is the main developer of commercial land within the District. 336 Associates is owned in part and controlled by Fidelis. Fidelis was founded in 2003 as a commercial real estate development company based in the City of Houston, Texas ("Houston"). Fidelis currently manages millions of square feet of commercial and retail space, focusing primarily on the Houston market. The Developers and Fidelis are currently principal landowners in the District. See "THE DEVELOPERS AND PRINCIPAL LANDOWNERS – Description of the Developers and Principal Landowners" and "DEVELOPMENT WITHIN THE DISTRICT."

Development within the District Land within the District is being developed as the approximate 2,046-acre master-planned community of “Grand Central Park.” As of July 1, 2026, approximately 498.65 acres (1,834 lots) have been developed, including: 1,662 complete and occupied homes; 43 homes under construction; and 129 vacant developed lots. The remainder of land within the District consists of approximately 114 commercial acres (including the tract developed by Fidelis as “336 Marketplace”), approximately 238.53 remaining developable acres, and approximately 1,195 undevelopable acres. 336 Marketplace currently contains several tenants, including: Burlington; CenterWell; Dick’s Sporting Goods; DSW; Five Below; Marshalls/HomeGoods; Kroger; Michaels; Ross; and Ulta. Additional tenants within 336 Marketplace are anticipated. See “DEVELOPMENT WITHIN THE DISTRICT – Status of Development within the District.”

Homebuilders Active within the District ... Homebuilders active within the District include: Coventry Homes; Highland Homes; Perry Homes; David Weekley Homes; Westin Homes; Drees Custom Homes; J. Patrick Homes; and Jamestown Estate Homes. The homes being marketed in the District range in price from approximately \$250,000 to over \$1,000,000.

INVESTMENT CONSIDERATIONS

THE DISTRICT’S TAX IS LEVIED ONLY ON THE PROPERTY LOCATED WITHIN THE DISTRICT. THEREFORE, THE INVESTMENT SECURITY AND QUALITY OF THE BONDS IS DEPENDENT UPON THE SUCCESSFUL DEVELOPMENT OF PROPERTY LOCATED WITHIN THE DISTRICT AND THE PAYMENT AND COLLECTION OF TAXES LEVIED THEREON, INCLUDING TAXES LEVIED BY THE DISTRICT AND THE PARTICIPANTS.

THE BONDS ARE SUBJECT TO CERTAIN INVESTMENT CONSIDERATIONS. PROSPECTIVE PURCHASERS SHOULD REVIEW THIS ENTIRE OFFICIAL STATEMENT BEFORE MAKING AN INVESTMENT DECISION, INCLUDING PARTICULARLY THE SECTION HEREIN ENTITLED “INVESTMENT CONSIDERATIONS.”

OFFICIAL STATEMENT

relating to

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1

(A political subdivision of the State of Texas, located within Montgomery County)

\$4,950,000

Unlimited Tax Bonds

Series 2026

INTRODUCTION

This Official Statement provides certain information in connection with the issuance by Conroe Municipal Management District No. 1 (the "District") of the \$4,950,000 Conroe Municipal Management District No. 1 Unlimited Tax Bonds, Series 2026 (the "Bonds").

The Bonds are issued pursuant to an order of the Texas Commission on Environmental Quality (the "TCEQ"); Chapter 375 of the Texas Local Government Code; the general laws of the State of Texas ("Texas"), including Chapters 49 and 54 of the Texas Water Code, as amended; Article XVI, Section 59 of the Texas Constitution; the resolution adopted by the Board of Directors of the District (the "Board") authorizing the issuance of the Bonds (the "Bond Resolution"); and an election held within the District on November 3, 2015.

Unless otherwise indicated, capitalized terms used herein have the same meaning assigned to such terms in the Bond Resolution.

Included herein are descriptions of the Bonds and certain information about the District and its finances. ALL DESCRIPTIONS OF DOCUMENTS CONTAINED HEREIN ARE ONLY SUMMARIES AND ARE QUALIFIED IN THEIR ENTIRETY BY REFERENCE TO EACH SUCH DOCUMENT. Copies of such documents may be obtained from Bond Counsel (herein defined) at 202 Century Square Boulevard, Sugar Land, Texas 77478, or during the offering period from the Financial Advisor (herein defined) at 4801 Woodway Drive, Suite 118-E, Houston, Texas 77056, upon payment of reasonable copying, mailing and handling charges.

INVESTMENT CONSIDERATIONS

General

The Bonds, which are obligations of the District and are not obligations of Texas; Montgomery County, Texas (the "County"); the City of Conroe, Texas (the "City"); or any entity other than the District, will be secured by the proceeds of a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property within the District. The ultimate security for payment of the principal of and interest on the Bonds depends on the ability of the District to collect from the property owners within the District all taxes levied against the property, or in the event of foreclosure, on the value of the taxable property with respect to taxes levied by the District and by other taxing authorities. The collection by the District of delinquent taxes owed to it and the enforcement by the registered owners of the District's obligations to collect sufficient taxes may be a costly and lengthy process. Furthermore, the District cannot and does not make any representations that continued development of property within the District will accumulate or maintain taxable values sufficient to justify continued payment by property owners or that there will be a market for the property. See "THE BONDS – Source of Payment" and "INVESTMENT CONSIDERATIONS – Bankruptcy Limitation to Registered Owners' Rights."

Factors Affecting Taxable Values and Tax Payments

Economic Factors: The rate of development within the District is directly related to the vitality of the single-family housing industry in the City of Houston, Texas ("Houston"), metropolitan area. New single-family housing construction can be significantly affected by factors such as interest rates, construction costs, and consumer demand. Decreased levels of such construction activity would restrict the growth of property values in the District. The District cannot predict the pace or magnitude of any future development in the District. See "DEVELOPMENT WITHIN THE DISTRICT."

Location and Access: The District is located in an outlying area of the Houston metropolitan area, within the City, approximately five (5) miles north of The Woodlands, Texas. Many of the single-family developments with which the District competes are in a more developed state and have lower taxes. As a result, particularly during times of increased competition, the residential and commercial development within the District may be at a competitive disadvantage to residential and commercial projects located closer to major urban centers or in a more developed state. See "THE DISTRICT – Location" and "DEVELOPMENT WITHIN THE DISTRICT."

Competition: The demand for and construction of taxable improvements in the District could be affected by competition from other developments near the District. In addition to competition for new single-family home sales from other developments, there are numerous previously-owned single-family homes in more established commercial centers and neighborhoods closer to Houston that are for sale. Such existing developments could represent additional competition for new development proposed to be constructed within the District.

The competitive position of the Developers (herein defined) in the sale of the land, and the sale or leasing of residences is affected by most of the factors discussed in this section. Such a competitive position is directly related to the growth and maintenance of taxable values in the District and tax revenues to be received by the District. The District can give no assurance that building and marketing programs in the District by the Developers (herein defined) will be implemented or, if implemented, will be successful.

Dependence on Principal Taxpayers: The ability of any principal landowner to make full and timely payments of taxes levied against its property by the District and similar taxing authorities will directly affect the District's ability to meet its debt service obligations. As illustrated herein under "TAX DATA – Principal Taxpayers," the District's principal taxpayers in 2026 own property located within the District which comprises approximately 24.79% of the District's 2026 Certified Assessed Valuation. The Developers own property located within the District which comprises of approximately 0.79% of the District's 2026 Certified Assessed Valuation and I-45/Loop 336 Associates LLP ("336 Associates") owns property located within the District which comprises of approximately 9.09% of the District's 2026 Certified Assessed Valuation. In the event that the Developers, 336 Associates, any other taxpayer, or any combination of taxpayers, should default in the payment of taxes in an amount which exceeds District's debt service fund surplus, the ability of the District to make timely payment of debt service on the Bonds will be dependent on its ability to enforce and liquidate its tax liens, which is a time-consuming process. Failure to recover or borrow funds in a timely fashion could result in an excessive District tax rate. The District is not required by law or the Bond Resolution to maintain any specified amount of surplus in its interest and sinking fund. See "THE DEVELOPERS AND PRINCIPAL LANDOWNERS," "TAX DATA – Principal Taxpayers," and "TAXING PROCEDURES – Levy and Collection of Taxes."

Developers' Obligation to the District: The Developers have informed the District of the current plan to continue to develop land in the District for residential, commercial, and mixed-use purposes. However, the Developers are not obligated to implement such plan on any particular schedule or at all. Thus, the furnishing of information related to the proposed development by the Developers should not be interpreted as such a commitment. The District makes no representation about the probability of development continuing in a timely manner or about the ability of the Developers, or any other subsequent landowners to whom a party may sell all or a portion of their holdings within the District, to implement any plan of development. Furthermore, there is no restriction on the Developers' right to sell the land. The District can make no prediction as to the effects that current or future economic or governmental circumstances may have on the plans of the Developers. Failure to construct taxable improvements on developed lots and tracts and failure of the Developers to develop the land would restrict the rate of growth of taxable value in the District. The District is also dependent upon the Developers for the timely payment of ad valorem taxes, and the District cannot predict what the future financial condition of the Developers will be or what effect, if any, such conditions may have on their collective and respective ability to pay taxes. See "TAX DATA – Principal Taxpayers," "THE DEVELOPERS AND PRINCIPAL LANDOWNERS," and "DEVELOPMENT WITHIN THE DISTRICT."

Impact on District Tax Rates: Assuming no further development or home construction, the value of the land and improvements currently within the District will be the major determinant of the ability or willingness of property owners to pay their taxes. The 2026 Certified Assessed Valuation of all taxable property located within the District is \$1,026,407,831 and the estimated assessed valuation as of June 1, 2026, of all taxable property located within the District is \$1,059,022,619.

After issuance of the Bonds, the combined maximum annual debt service requirement on the Outstanding System/Park Bonds (herein defined) and the Bonds is \$5,248,688 (2042) and the combined average annual debt service requirement on the Outstanding System/Park Bonds and the Bonds is \$4,467,220 (2027–2051). Assuming no decrease to the District's 2026 Certified Assessed Valuation, debt service tax rates of \$0.54 and \$0.46 per \$100 of assessed valuation at a 95% tax

collection rate would be necessary to pay the combined maximum annual debt service requirement on the Outstanding System/Park Bonds and the Bonds, and the combined average annual debt service requirement on the Outstanding System/Park Bonds and the Bonds, respectively. Assuming no decrease from the District's estimated assessed valuation as of June 1, 2026, debt service tax rates of \$0.53 and \$0.45 per \$100 of assessed valuation at a 95% tax collection rate would be necessary to pay the combined maximum annual debt service requirement and combined average annual debt service on the Outstanding System/Park Bonds and the Bonds, respectively.

The maximum annual debt service requirement on the Outstanding Road Bonds (herein defined) is \$3,306,848 (2042) and the average annual debt service requirement on the Outstanding Road Bonds is \$2,772,394 (2027–2051). Assuming no decrease to the District's 2026 Certified Assessed Valuation, debt service tax rates of \$0.34 and \$0.29 per \$100 of assessed valuation at a 95% tax collection rate would be necessary to pay the maximum annual debt service requirement on the Outstanding Road Bonds and the average annual debt service requirement on the Outstanding Road Bonds, respectively. Assuming no decrease from the District's estimated assessed valuation as of June 1, 2026, debt service tax rates of \$0.33 and \$0.28 per \$100 of assessed valuation at a 95% tax collection rate would be necessary to pay the maximum annual debt service requirement on the Outstanding Road Bonds and the average annual debt service requirement on the Outstanding Road Bonds, respectively.

The District can make no representation that the taxable property values in the District will increase in the future or will maintain a value sufficient to support the proposed District tax rate, or to justify continued payment of taxes by property owners. For the 2025 tax year, the District levied a maintenance and operations tax of \$0.060 per \$100 of assessed valuation, a System/Park Debt Service tax of \$0.490 per \$100 of assessed valuation, and a road debt service tax of \$0.305 per \$100 of assessed valuation. See "DISTRICT DEBT," "TAX DATA," and "TAXING PROCEDURES."

Tax Collections and Foreclosure Remedies

The District has a right to seek judicial foreclosure on a tax lien, but such remedy may prove to be costly and time consuming and, since the future market or resale market, if any, of the taxable real property within the District is uncertain, there can be no assurance that such property could be sold and delinquent taxes paid. See "TAXING PROCEDURES."

Hydrogen Sulfide Odor

In the early stages of development, the District was advised of reports of an odor emanating from a 48-inch sewer force main (the "Force Main") that runs beneath Grand Village Boulevard. The Force Main was installed and is owned by the City. The odor was reported to be caused by a build-up of hydrogen sulfide in the line.

At certain levels, hydrogen sulfide may pose a health and safety risk. The District has not received any reports or other information to indicate that the hydrogen sulfide in the District has reached an unsafe level. According to the Developers, the odor resulted in the loss of some potential home sales.

The District and the City completed construction and installation of a sanitary venting facility and an odor mitigation facility within the District to mitigate odor. While the sanitary venting facility and the odor mitigation facility have been successfully applied to reduce the odor, there is no guarantee that the facility will eliminate all odor in the District. However, the District and the City believe the issue is resolved.

Limitation to Registered Owners' Remedies

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners (herein defined) have the right to seek a writ of mandamus, requiring the District to levy adequate taxes each year to make such payments. Except for mandamus, the Bond Resolution does not specifically provide for remedies to protect and enforce the interest of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year.

Bankruptcy Limitation to Registered Owners' Rights

The enforceability of the rights and remedies of registered owners of the Bonds may be limited by laws relating to bankruptcy, reorganization, or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. Subject to the requirements of Texas law discussed below, a political subdivision such as the District may voluntarily file a petition for relief from creditors under Chapter 9 of the U.S. Bankruptcy Code, 11 USC sections 901-946. The filing of such petition would automatically stay the enforcement of Registered Owners' remedies, including mandamus and the foreclosure of tax liens upon

property within the District discussed above. The automatic stay would remain in effect until the federal bankruptcy judge hearing the case dismisses the petition, enters an order granting relief from the stay or otherwise allows creditors to proceed against the petitioning political subdivision. A political subdivision, such as the District, may qualify as a debtor eligible to proceed in a Chapter 9 case only if it (1) is generally authorized to file for federal bankruptcy protection by applicable state law, (2) is insolvent or unable to meet its debts as they mature, (3) desires to effect a plan to adjust such debts, and (4) has either obtained the agreement of or has negotiated in good faith with its creditors or is unable to negotiate with its creditors because negotiations are impracticable. Under Texas law, a municipal utility district, such as the District, must obtain the approval of the TCEQ as a condition to seeking relief under the U.S. Bankruptcy Code. The TCEQ is required to investigate the financial condition of a financially troubled district and authorize such district to proceed under federal bankruptcy law only if such district has fully exercised its right and powers under Texas law and remains unable to meet its debts and other obligations as they mature.

Notwithstanding noncompliance by a district with Texas law requirements, a district could file a voluntary bankruptcy petition under Chapter 9, thereby invoking the protection of the automatic stay until the bankruptcy court, after a hearing, enters an order granting relief from the stay or dismisses the petition. A federal bankruptcy court is a court of equity and federal bankruptcy judges have considerable discretion in the conduct of bankruptcy proceedings and in determining the decision of whether to grant the petitioning district relief from its creditors. While such a decision might be applicable, the concomitant delay and loss of remedies to the Registered Owners could potentially and adversely impair the value of the Registered Owners' claims.

If a petitioning district were allowed to proceed voluntarily under Chapter 9 of the U.S. Bankruptcy Code, it could file a plan for an adjustment of its debts. If such a plan were confirmed by the bankruptcy court, it could, among other things, affect a Registered Owner by reducing or eliminating the amount of indebtedness, deferring or rearranging the debt service schedule, reducing or eliminating the interest rate, modifying or abrogating collateral or security arrangements, substituting (in whole or in part) other securities, and otherwise compromising and modifying the rights and remedies of the registered owner's claim against a district. A district cannot be placed into bankruptcy involuntarily.

Environmental Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state, and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment and other facilities;
- Restricting the manner in which wastes are treated and released into the air, water, and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.

Sanctions against a municipal utility district or other type of special purpose district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements and issuance of injunctions to ensure future compliance. Environmental laws and compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Environmental laws can also inhibit growth and development within the District. Further, changes in regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

Air Quality Issues: Air quality control measures required by the United States Environmental Protection Agency (the "EPA") and the TCEQ may impact new industrial, commercial and residential development in the Houston area. Under the Clean Air Act ("CAA") Amendments of 1990, the eight-county Houston-Galveston-Brazoria area ("HGB Area")—Harris, Galveston, Brazoria, Chambers, Fort Bend, Waller, Montgomery and Liberty Counties—has been designated a nonattainment area under two separate federal ozone standards: the eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 (the "2008 Ozone Standard"), and the EPA's most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 (the "2015 Ozone Standard"). While the State of Texas has been able to demonstrate steady progress and improvements in air quality in the HGB Area, the HGB Area remains subject to CAA nonattainment requirements.

The HGB Area is currently designated as a “severe” nonattainment area under the 2008 Ozone Standard, with an attainment deadline of July 20, 2027. If the EPA ultimately determines that the HGB Area has failed to meet the attainment deadline based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB Area is currently designated as a “serious” nonattainment area under the 2015 Ozone Standard, with an attainment deadline of August 3, 2027. For purposes of the 2015 Ozone Standard, the HGB Area consists of only six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties.

In order to demonstrate progress toward attainment of the EPA’s ozone standards, the TCEQ has established a state implementation plan (“SIP”) for the HGB Area setting emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB Area. These SIP requirements can negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. It is possible that additional controls will be necessary to allow the HGB Area to reach attainment with the ozone standards by the EPA’s attainment deadlines. These additional controls could have a negative impact on the HGB Area’s economic growth and development.

Water Supply & Discharge Issues: Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) groundwater well permitting and surface water appropriation; (2) public water supply systems; (3) wastewater discharges from treatment facilities; (4) storm water discharges; and (5) wetlands dredge and fill activities. Each of these is addressed below:

Certain governmental entities regulate groundwater usage in the HGB Area. A municipal utility district or other type of special purpose district that (i) is located within the boundaries of such an entity that regulates groundwater usage, and (ii) relies on local groundwater as a source of water supply, may be subject to requirements and restrictions on the drilling of water wells and/or the production of groundwater that could affect both the engineering and economic feasibility of district water supply projects.

Pursuant to the federal Safe Drinking Water Act (“SDWA”) and the EPA’s National Primary Drinking Water Regulations (“NPDWRs”), which are implemented by the TCEQ’s Water Supply Division, a municipal utility district’s provision of water for human consumption is subject to extensive regulation as a public water system. Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency’s rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed other contaminants which may require national drinking water regulation in the future. Further, the EPA has established a NPDWR for six (6) Per- and Polyfluoroalkyl Substances (“PFAS”), which requires public water systems to perform certain monitoring and remediation measures. Public water systems may be subject to additional PFAS regulation in the future, which could increase the cost of constructing, operating, and maintaining water production and distribution facilities.

Texas Pollutant Discharge Elimination System (“TPDES”) permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000) (“CGP”), with an effective date of March 5, 2023, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain non-stormwater discharges into surface water in the state. The CGP has a 5-year permit term, and is then subject to renewal. Moreover, the Clean Water Act (“CWA”) and Texas Water Code require municipal wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district’s ability to obtain and maintain compliance with TPDES permits.

The TCEQ issued the General Permit for Phase II (Small) Municipal Separate Storm Sewer Systems (the “MS4 Permit”) on August 15, 2024. The MS4 Permit authorizes the discharge of stormwater to surface water in the state from small municipal separate storm sewer systems. The District is currently working with the TCEQ to determine whether the District is subject to the MS4 Permit. If it is determined that the District is subject to the MS4 Permit requirements, the District could incur substantial costs to develop, implement, and maintain the

necessary plans as well as to install or implement best management practices to minimize or eliminate unauthorized pollutants that may otherwise be found in stormwater runoff in order to comply with the MS4 Permit.

Operations of utility districts, including the District, are also potentially subject to requirements and restrictions under the CWA regarding the use and alteration of wetland areas that are within the “waters of the United States.” The District must obtain a permit from the United States Army Corps of Engineers (“USACE”) if operations of the District require that wetlands be filled, dredged, or otherwise altered.

On May 25, 2023, the Supreme Court of the United States issued its decision in *Sackett v. EPA*, which clarified the definition of “waters of the United States” and significantly restricted the reach of federal jurisdiction under the CWA. Under the *Sackett* decision, “waters of the United States” includes only geographical features that are described in ordinary parlance as “streams, oceans, rivers, and lakes” and to adjacent wetlands that are indistinguishable from such bodies of water due to a continuous surface connection. Subsequently, the EPA and USACE issued a final rule amending the definition of “waters of the United States” under the CWA to conform with the Supreme Court’s decision.

While the *Sackett* decision and subsequent regulatory action removed a great deal of uncertainty regarding the ultimate scope of “waters of the United States” and the extent of EPA and USACE jurisdiction, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including additional permitting requirements, in the future.

Potential Impact of Natural Disaster

The District is located within 100 miles of the Texas Gulf Coast and, as it has in the past, could be impacted by wide-spread fires, earthquakes, or weather events such as hurricanes, tornadoes, tropical storms, or other severe weather events that could produce high winds, heavy rains, hail, and flooding. In the event that a natural disaster should damage or destroy improvements and personal property in the District, the assessed value of such taxable properties could be substantially reduced, resulting in a decrease in the taxable assessed valuation of the District or an increase in the District’s tax rates.

There can be no assurance that a casualty will be covered by insurance (certain casualties, including flood, are usually excepted unless specific insurance is purchased), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild, repair, or replace any taxable properties in the District that were damaged. Even if insurance proceeds are available and damaged properties are rebuilt, there could be a lengthy period in which assessed values in the District would be adversely affected. There can be no assurance the District will not sustain damage from such natural disasters.

Potential Effects of Oil Price Volatility on the Houston Area

The recent declines in oil prices in the U.S. and globally, which at times have led to the lowest such prices in three (3) decades, may lead to adverse conditions in the oil and gas industry, including but not limited to reduced revenues, declines in capital and operating expenditures, business failures, and layoffs of workers. The economy of the Houston area has, in the past, been particularly affected by adverse conditions in the oil and gas industry, and such conditions and their spillover effects into other industries could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values or homebuilding activity within the District. As previously stated, the Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds as well as the District’s share of operations and maintenance expenses payable from ad valorem taxes.

National Weather Service Atlas 14 Rainfall Study

The National Weather Service completed a rainfall study in 2018 known as NOAA Atlas 14, Volume 11 Precipitation-Frequency Atlas of the United States (“Atlas 14”). Floodplain boundaries within the District may be redrawn based on the Atlas 14 study based on a higher statistical rainfall amount, resulting in interim floodplain regulations applying to a larger number of properties and consequently leaving less developable property within the District. Such regulations could additionally result in higher insurance rates, increased development fees, and stricter building codes for any property located within the expanded boundaries of the floodplain.

Specific Flood Type Risks

The District may be subject to the following flood risks:

Ponding (or Pluvial) Flood: Ponding, or pluvial, flooding occurs when heavy rainfall creates a flood event independent of an overflowing water body, typically in relatively flat areas. Intense rainfall can exceed the drainage capacity of a drainage system, which may result in water within the drainage system becoming trapped and diverted onto streets and nearby property until it is able to reach a natural outlet. Ponding can also occur in a flood pool upstream or behind a dam, levee or reservoir.

Riverine (or Fluvial) Flood: Riverine, or fluvial, flooding occurs when water levels rise over the top of river, bayou or channel banks due to excessive rain from tropical systems making landfall and/or persistent thunderstorms over the same area for extended periods of time. The damage from a riverine flood can be widespread. The overflow can affect smaller rivers and streams downstream, or may sheet-flow over land. Flash flooding is a type of riverine flood that is characterized by an intense, high velocity torrent of water that occurs in an existing river channel with little to no notice. Flash flooding can also occur even if no rain has fallen, for instance, after a levee, dam or reservoir has failed or experienced an uncontrolled release, or after a sudden release of water by a debris or ice jam. In addition, planned or unplanned controlled releases from a dam, levee or reservoir also may result in flooding in areas adjacent to rivers, bayous or drainage systems downstream.

Marketability

The District has no understanding with the winning bidder for the Bonds (the “Initial Purchaser”) regarding the reoffering yields or prices of the Bonds and has no control over the trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made for the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional issuers as such bonds are more generally bought, sold or traded in the secondary market.

Bond Insurance Risk Factors

In the event of default of the payment of principal or interest with respect to the Bonds when all or some becomes due, any owner of the Bonds shall have a claim under the applicable bond insurance policy (the “Policy”) for such payments. However, in the event of any acceleration of the due date of such principal by reason of mandatory or optional redemption or acceleration resulting from default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments are to be made in such amounts and at such times as such payments would have been due had there not been any such acceleration. The Policy does not insure against redemption premium, if any. The payment of principal and interest in connection with mandatory or optional prepayment of the Bonds by the issuer which is recovered by the issuer from the bond owner as a voidable preference under applicable bankruptcy law is covered by the insurance policy, however, such payments will be made by the provider of the Policy (the “Bond Insurer”) at such time and in such amounts as would have been due absence such prepayment by the District unless the Bond Insurer chooses to pay such amounts at an earlier date.

Under most circumstances, default of payment of principal and interest does not obligate acceleration of the obligations of the Bond Insurer without appropriate consent. The Bond Insurer may direct and must consent to any remedies and the Bond Insurer’s consent may be required in connection with amendments to any applicable bond documents.

In the event the Bond Insurer is unable to make payment of principal and interest as such payments become due under the Policy, the Bonds are payable solely from the moneys received pursuant to the applicable bond documents. In the event the Bond Insurer becomes obligated to make payments with respect to the Bonds, no assurance is given that such event will not adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds.

The long-term ratings on the Bonds are dependent in part on the financial strength of the Bond Insurer and its claim paying ability. The Bond Insurer’s financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that the long-term ratings of the Bond Insurer and of the ratings on the Bonds insured by the Bond Insurer will not be subject to downgrade and such event could adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds. See “MUNICIPAL BOND INSURANCE” and “RATINGS.”

The obligations of the Bond Insurer are contractual obligations and in an event of default by the Bond Insurer, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the District nor the Initial Purchaser have made independent investigation into the claims paying ability of the Bond Insurer and no assurance or representation regarding the financial strength or projected financial strength of the Bond Insurer is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the District to pay principal and interest on the Bonds and the claims paying ability of the Bond Insurer, particularly over the life of the investment. See "MUNICIPAL BOND INSURANCE" for further information provided by the Bond Insurer and the Policy, which includes further instructions for obtaining current financial information concerning the Bond Insurer.

Continuing Compliance with Certain Covenants

Failure of the District to comply with such covenants contained in the Bond Resolution on a continuing basis prior to the maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issue. See "TAX MATTERS."

Future Debt

Following the issuance of the Bonds, \$175,365,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, wastewater, and storm drainage facilities to serve the District (the "System"), and for purpose of refunding such bonds; \$136,235,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District, and for purpose of refunding such bonds; and \$24,700,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District, and for the purpose of refunding such bonds, will remain authorized but unissued, and such additional bonds as may hereafter be approved by both the Board and voters of the District. The District also has the right to issue certain other additional bonds, special project bonds, and other obligations described in the Bond Resolution. If additional bonds are issued in the future and property values have not increased proportionately, such issuance may increase gross debt/property valuation ratios and thereby adversely affect the investment quality or security of the Bonds. See "THE BONDS – Issuance of Additional Debt."

Following the issuance of the Bonds, the District will owe the Developers approximately \$11,000,000 in reimbursable expenses for District projects, the funds for which were advanced by the Developers. See "THE SYSTEM" and "DEVELOPMENT WITHIN THE DISTRICT."

Consolidation

Under Texas law, the District may be consolidated with other municipal utility districts, with the assets and liabilities of the consolidated districts belonging to the consolidated district. No representation is made that the District will ever consolidate with one (1) or more districts, although no consolidation is presently contemplated by the District.

Approval of the Bonds

The Attorney General of the State of Texas must approve the legality of the Bonds prior to their delivery. The Attorney General of the State of Texas does not pass upon or guarantee the security of the Bonds as an investment, nor does he pass upon the adequacy or accuracy of the information contained herein.

Changes in Tax Legislation

Certain tax legislation, whether currently proposed or proposed in the future, may directly or indirectly reduce or eliminate the benefit of the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any proposed legislation, whether or not enacted, may also affect the value and liquidity of the Bonds. Prospective purchasers of the Bonds should consult with their own tax advisors with respect to any proposed, pending, or future legislation.

Increase in Costs of Building Materials

As a result of supply issues, shipping constraints, and ongoing trade disputes (including tariffs), there have been recent substantial increases in the cost of lumber and other building materials, causing many homebuilders and general contractors to experience budget overruns. Further, the unpredictable nature of current trade policy (including the threatened imposition of tariffs) may impact the ability of the Developer or homebuilders in the District to estimate costs. Additionally, immigration policies may affect the State's

workforce, and any labor shortages that could occur may impact the rate of construction within the District. Uncertainty surrounding availability and cost of materials may result in decreased levels of construction activity, and may restrict the growth of property values in the District. The District makes no representations regarding the probability of development or homebuilding continuing in a timely manner or the effects that current or future economic or governmental circumstances may have on any plans of the Developer or homebuilders.

THE BONDS

General

The Bonds are dated September 1, 2026, and mature on September 1 in the years and amounts set forth on the inside cover. Interest on the Bonds accrues from the Date of Delivery at the rates per annum set forth on the inside cover and is payable on March 1, 2027, and each September 1 and March 1 (each an "Interest Payment Date") thereafter until the earlier of maturity or redemption, and will be calculated on the basis of a 360-day year composed of twelve 30-day months. The Bonds will be issued in fully registered form only, without coupons, in principal denominations of \$5,000 of principal amount or any integral multiple thereof, and when issued, will be registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company ("DTC"), acting as securities depository for the Bonds until DTC resigns or is discharged. The Bonds initially will be available to purchasers in Book-Entry-Only form. So long as Cede & Co., as the nominee of DTC, is the registered owner of the Bonds, principal of and interest on the Bonds will be payable by the paying agent to DTC, which will be solely responsible for making such payment to the beneficial owners of the Bonds. The initial paying agent and registrar for the Bonds is BOKF, NA, Dallas, Texas (the "Paying Agent/Registrar").

Record Date for Interest Payment

Interest on the Bonds will be paid to the registered owner (the "Registered Owners") appearing on the registration and transfer books (the "Register") of the Paying Agent/Registrar at the close of business on the 15th calendar day of the month next preceding each interest payment date (the "Record Date") and shall be paid by the Paying Agent/Registrar (i) by check sent United States mail, first class postage prepaid, to the address of the registered owner recorded in the registration and transfer books of the Paying Agent/Registrar or (ii) by such other method, acceptable to the Paying Agent/Registrar, requested by, and at the risk and expense of, the registered owner. If the date for the payment of the principal of or interest on the Bonds shall be a Saturday, Sunday, a legal holiday or a day when banking institutions in the city where the principal payment office of the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not such a Saturday, Sunday, legal holiday, or day when banking institutions are authorized to close; and payment on such date shall have the same force and effect as if made on the original date payment was due.

In the event of non-payment of interest on a scheduled payment date and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar when funds for the payment of such interest have been received. Notice of the Special Record Date and of the scheduled payment date of the past due interest ("Special Payment Date" which shall be 15 days after the Special Record Date) shall be sent at least five (5) business days prior to the Special Record Date by United States mail, first class postage prepaid, to the address of each registered owner of a Bond appearing in the registration and transfer books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing such notice.

Redemption Provisions

Optional Redemption

The Bonds maturing on and after September 1, 2032, are subject to redemption prior to maturity at the option of the District, in whole or from time to time in part, on September 1, 2031, and on any date thereafter, at a redemption price equal to the principal amount thereof plus accrued interest from the most recent payment date to the date fixed for redemption. The Paying Agent/Registrar shall give written notice of redemption, by registered mail, overnight delivery, or other comparably secure means, not less than 30 days prior to the redemption date, to each registered securities depository (and to each national information service that disseminates redemption notices) known to the Paying Agent/Registrar, but neither the failure to give such notice nor any defect therein shall affect the sufficiency of notice given to the Registered Owner as herein above stated. The Paying Agent/Registrar may provide written notice of redemption to DTC by facsimile.

The Bonds of a denomination larger than \$5,000 may be redeemed in part (\$5,000 or any multiple thereof). Any Bond to be partially redeemed must be surrendered in exchange for one (1) or more new Bonds of the same maturity for the unredeemed portion of the principal of the Bonds so surrendered. In the event of redemption of less than all of the Bonds, the particular Bonds to be redeemed shall be selected by the District; if less than all of the Bonds of a particular maturity are to be redeemed; the Paying Agent/Registrar is required to select the Bonds of such maturity to be redeemed by lot.

Mandatory Redemption

The Bonds maturing on September 1, 2051 are term bonds (the "Term Bonds") and are also subject to mandatory sinking fund redemption by the District by lot or other customary method of random selection prior to scheduled maturity on September 1 in the years ("Mandatory Redemption Dates") and in the amounts set forth below at a redemption price of par plus accrued interest to the date of redemption.

\$635,000 Term Bonds Maturing on September 1, 2051		
September 1, 2050	\$	310,000
September 1, 2051 (Maturity)	\$	325,000

On or before thirty (30) days prior to each Mandatory Redemption Date set forth above, the Paying Agent/Registrar shall (i) determine the principal amount of such Term Bonds that must be mandatorily redeemed on such Mandatory Redemption Date, after taking into account deliveries for cancellation and optional redemptions as more fully provided for below, (ii) select, by lot or other customary random method, the Term Bonds or portions of the Term Bonds of such maturity to be mandatorily redeemed on such Mandatory Redemption Date, and (iii) give notice of such redemption as described in "Optional Redemption" and as provided in the Bond Resolution. The principal amount of the Term Bonds to be mandatorily redeemed on such Mandatory Redemption Date shall be reduced by the principal amount of such Term Bonds which, by the 45th day prior to such Mandatory Redemption Date, either has been purchased in the open market and delivered or tendered for cancellation by or on behalf of the District to the Paying Agent/Registrar or optionally redeemed and which, in either case, has not previously been made the basis for a reduction under this sentence.

Registration, Transfer and Exchange

In the event the Book-Entry-Only System (herein defined) should be discontinued, the Bonds are transferred and exchanged on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar or its corporate trust office and such transfer or exchange shall be without expenses or service charge to the Registered Owner, except for any tax or other governmental charges required to be paid with respect to such registration, exchange and transfer. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bonds being transferred or exchanged, at the principal payment office of the Paying Agent/Registrar, or sent by the United States mail, first class, postage prepaid, to the new Registered Owner or his designee. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the Registered Owner or assignee of the Registered Owner in not more than three (3) business days after the receipt of the Bonds to be cancelled, and the written instrument of transfer or request for exchange duly executed by the Registered Owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Bonds registered and delivered in an exchange or transfer shall be in any integral multiple of \$5,000 for any one (1) maturity and for a like aggregate principal amount as the Bond or Bonds surrendered for exchange or transfer. See "BOOK-ENTRY-ONLY SYSTEM" for a description of the system to be utilized initially in regard to ownership and transferability of the Bonds.

Mutilated, Lost, Stolen or Destroyed Bonds

In the event the Book-Entry-Only System should be discontinued, the District has agreed to replace mutilated, destroyed, lost or stolen Bonds upon surrender of the mutilated Bonds, receipt of satisfactory evidence of such destruction, loss or theft, and receipt by the District and the Paying Agent/Registrar of security or indemnity to hold them harmless. Upon the issuance of a new bond the District may require payment of taxes, governmental charges and other expenses (including the fees and expenses of the Paying Agent/Registrar), bond printing and legal fees in connection with any such replacement.

Replacement of Paying Agent/Registrar

Provisions are made in the Bond Resolution for replacement of the Paying Agent/Registrar by the District. If the Paying Agent/Registrar is replaced by the District, the new Paying Agent/Registrar shall act in the same capacity as the previous Paying Agent/Registrar. Any Paying Agent/Registrar selected by the District shall be a national or state banking institution, a corporation organized and doing business under the laws of the United States of America or of any State, authorized under such laws to exercise trust powers, and subject to supervision or examination by federal or state authority, to act as paying agent for the Bonds.

Source of Payment

While the Bonds or any part of the principal thereof or interest thereon remain outstanding and unpaid, the District covenants to levy and annually assess and collect in due time, form, and manner, and at the same time as other District taxes are assessed, levied, and collected, in each year, beginning with the current year, a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property within the District, sufficient to pay the interest on the Bonds as the same becomes due and to pay each installment of the principal of the Bonds as the same matures, with full allowance being made for delinquencies and cost of collection. In the Bond Resolution, the District covenants that said taxes are irrevocably pledged to the payment of the interest and principal of the Bonds and any unlimited tax bonds hereafter issued. The Bonds are obligations of the District and are not the obligations of Texas; the County; the City; or any entity other than the District.

Payment Record

The District has never defaulted on the timely payment of principal and interest on its bonded indebtedness. See "THE BONDS – Source of Payment."

Short-Term Debt

In connection with the Bonds, the District issued the \$2,255,000 Conroe Municipal Management District No. 1 Bond Anticipation Note, Series 2025 (the "BAN"), dated December 19, 2025. The BAN accrues interest at a rate of 4.370% per year (computed on the basis of a 365-day calendar year) and matures on December 18, 2026.

Outstanding Bonds

The District has previously issued eight (8) series of unlimited tax bonds for the purpose of acquiring or constructing the System. At the delivery of the Bonds, \$63,900,000 principal amount of such previously issued debt will remain outstanding (the "Outstanding System Bonds"). Additionally, the District has previously issued seven (7) series of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District (the "Outstanding Road Bonds"), and one (1) series of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District (the "Outstanding Park Bonds"). At the delivery of the Bonds, \$114,395,000 principal amount of such previously issued debt will remain outstanding (collectively, the "Outstanding Bonds").

Authority for Issuance

The Bonds constitute the ninth series of unlimited tax bonds issued by the District for the purpose of acquiring or constructing the System. Voters in the District have authorized a total of \$250,800,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the System, and for the purpose of refunding such bonds. Additionally, voters in the District have authorized \$187,550,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District, and for the purpose of refunding such bonds, and \$29,700,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District, and for the purpose of refunding such bonds.

The Bonds are issued pursuant to an order of the TCEQ; Chapter 375 of the Texas Local Government Code; the general laws of Texas, including Chapters 49 and 54 of the Texas Water Code, as amended; Article XVI, Section 59 of the Texas Constitution; the Bond Resolution; and an election held within the District on November 3, 2015.

Issuance of Additional Debt

The District may issue additional bonds. Following the issuance of the bonds, \$175,365,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the System, and for the purpose of refunding such bonds; \$136,235,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District, and for the purpose of refunding such bonds; and \$24,700,000

principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District, and for the purpose of refunding such bonds, will remain authorized but unissued.

Pending approval by the Board, the District may issue Bonds for the purpose of acquiring or constructing road facilities to serve the District, the amount of which is not expected to exceed \$5,000,000 and is anticipated to be delivered in late 2026 or early 2027.

Following the issuance of the Bonds, the District will owe the Developers approximately \$11,000,000 in reimbursable expenses for District projects, the funds for which were advanced by the Developers.

Based on present engineering cost estimates and on development plans provided by the Developers, in the opinion of the Engineer, following the issuance of the Bonds, the District will have adequate authorized but unissued bonds to repay the Developers the remaining amounts owed for the existing financed facilities, and to finance the extension of the facilities to serve the remaining undeveloped land within the District. See "DEVELOPMENT WITHIN THE DISTRICT," "THE SYSTEM," and "INVESTMENT CONSIDERATIONS – Future Debt."

Registered Owners' Remedies

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners have the right to seek a writ of mandamus, requiring the District to levy adequate taxes each year to make such payments. Except for mandamus, the Bond Resolution does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. See "INVESTMENT CONSIDERATIONS – Limitation to Registered Owners' Remedies."

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is quoted from Section 49.186 of the Texas Water Code, and is applicable to the District:

(a) All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic.

(b) A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any unmatured interest coupons attached to them.

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds.

No representation is made that the Bonds will be suitable for or acceptable to financial or public entities for investment or collateral purposes. No representation is made concerning other laws, rules, regulations or investment criteria which apply to or which might be utilized by any of such persons or entities to limit the acceptability or suitability of the Bonds for any of the foregoing purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the suitability or acceptability of the Bonds for investment or collateral purposes.

Defeasance

The Bond Resolution provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest and redemption price thereon in any manner permitted by law. Under current Texas law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Bonds to maturity or redemption or (ii) by depositing with any place of payment (paying agent) of the Bonds or other obligations of the District payable from revenues or from ad valorem taxes or both, amounts sufficient to provide for the payment and/or redemption of the Bonds; provided that such deposits may be invested and reinvested only in (a) direct noncallable obligations of the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are

unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and which mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds.

Upon such deposit as described above, such Bonds shall no longer be regarded as outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided, however, that the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in the future in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York ("DTC"), while the Bonds are registered in its nominee name. The information in this section concerning DTC and the book-entry-only system (the "Book-Entry-Only System") has been provided by DTC for use in disclosure documents such as this Official Statement. The District and the Financial Advisor (herein defined) believe the source of such information to be reliable, but takes no responsibility for the accuracy or completeness thereof.

The District and the Financial Advisor cannot and do not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to Direct and Indirect Participants (herein defined), (2) Direct and Indirect Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Registered Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described herein. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission (the "SEC"), and the current procedures of DTC to be followed in dealing with Direct and Indirect Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be required by an authorized representative of DTC. One (1) fully-registered Bond certificate will be issued for each of the Bonds, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (the "Direct Participants") deposit with DTC.

DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized Book-Entry-Only transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations

that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the “Indirect Participants,” and together with the Direct Participants, the “Direct and Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC rules applicable to its Direct and Indirect Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The holder of ownership interest of each actual purchase of each Bond (the “Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the Book-Entry-Only system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issue as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, principal, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, Paying Agent/Registrar or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the Book-Entry-Only System transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in the section concerning DTC and DTC’s book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of Official Statement

In reading this Official Statement it should be understood that while the Bonds are in the Book-Entry-Only form, references in other sections herein to Registered Owners should be read to include the person for which the Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only system, and (ii) except as described above, notices that are to be given to Registered Owners under the Bond Resolution will be given only to DTC.

[Remainder of Page Intentionally Left Blank]

USE AND DISTRIBUTION OF BOND PROCEEDS

Proceeds from the sale of the Bonds, along with other legally available District funds, will be used to redeem the BAN, the proceeds of which were used to reimburse the Developers for a portion of the improvements and related costs shown below. Additionally, proceeds from the sale of the Bonds will be used to reimburse the Developers for the improvements and related costs that were not reimbursed by the BAN and to pay: developer interest; BAN interest; six (6) months of capitalized interest; and other certain costs associated with the issuance of the BAN and the Bonds, as shown below.

<u>CONSTRUCTION COSTS</u>	<u>District's Share</u>
A. Developer Contribution Items	
1. Grand Central Park Section 36 – WS& D	\$ 788,447
2. City Central Avenue Phase 3B – WS& D	871,130
9. CMMD1 Venting Control Site Design	1,016,790
10. Grand Central Park Section 34 – WS& D	598,649
11. Grand Central Park Section 38 – WS& D	356,655
12. Engineering, Geotech, Survey, Material Testing & Storm Water Planning for Items No. 1-6	<u>761,702</u>
Total Developer Contribution Items	\$ 4,393,373
B. District Items	
1. Land Acquisition for Conroe MMD 1 No. 1 Venting Control Site	<u>\$ 38,695</u>
Total District Items	<u>\$ 38,695</u>
Less Amount to be Reimbursed from Surplus Funds	<u>\$ (707,410)</u>
TOTAL CONSTRUCTION COSTS (75.25% of BIR)	\$ 3,724,658
 <u>NON-CONSTRUCTION COSTS</u>	
A. Legal Fees	\$ 129,000
B. Fiscal Agent Fees	99,000
C. Interest Costs	
1. Capitalized Interest (a)	118,925
2. Developer Interest	496,162
3. BAN Interest (a)	73,165
D. Bond Discount (a)	98,746
E. Bond Issuance Expenses	40,667
F. BAN Issuance Expenses	57,139
G. Bond Application Costs	50,000
H. Attorney General Fees (0.10%)	4,950
I. TCEQ Bond Issuance Fees (0.25%)	12,375
J. Contingency (a)	45,212
TOTAL NON-CONSTRUCTION COSTS	<u>\$ 1,225,342</u>
TOTAL SYSTEM BOND ISSUE REQUIREMENT	\$ 4,950,000

(a) Represents the difference in the estimated and actual amounts of Bond discount, capitalized interest, and BAN interest.

Non-construction costs are based upon either contract amounts or various cost estimates by the Engineer and the Financial Advisor. The actual amounts to be reimbursed by the District and the non-construction costs will be finalized after the sale of the Bonds and completion of agreed-upon procedures by the District's auditor.

In the instance that approved estimated amounts exceed the actual costs, the difference comprises a surplus which may be expended for uses authorized under the applicable rules of the TCEQ. In the instance that actual costs exceed previously approved estimated amounts and contingencies, additional TCEQ approval and the issuance of additional bonds may be required. However, the District cannot and does not guarantee the sufficiency of such funds for such purposes.

PHOTOGRAPHS TAKEN WITHIN THE DISTRICT
(June 2026)

PHOTOGRAPHS TAKEN WITHIN THE DISTRICT
(June 2026)

THE DISTRICT

General

The District was created by Order of the TCEQ dated April 21, 2015. The District operates under Chapter 375 of the Texas Local Government Code in addition to Chapters 49 and 54 of the Texas Water Code pursuant to Article XVI, Section 59 and Article III, Section 52 and 52-a, of the Texas Constitution. The District consists of approximately 2,046 acres.

Among other purposes, the District is authorized to purchase, construct, operate and maintain public water, wastewater, and drainage facilities, roads, and recreational facilities.

Location

The District is located in the County and is situated wholly within the limits of the City. The District is generally bounded on the west of Interstate Highway 45 ("IH-45"), south of Loop 336 and north of the West Fork of the San Jacinto River and east of Sgt. Ed Holcomb Boulevard. Primary access to the District will be from the frontage along IH-45 along Grand Central Parkway. Secondary access points will be from Loop 336 along Crescent Campus Boulevard, Urban Avenue and Town Park Drive. The District is located in the Ransom House Survey, A-245 and the Joseph House Survey, A-250.

Management of the District

- Board of Directors -

The District is governed by a board, consisting of five (5) directors appointed by the City, which has control over and management and supervision of all affairs of the District. Directors serve staggered four (4) year terms.

Name	Title	Term Expires April
Chase Wortham	President	2027
Chase Johnson	Vice President	2027
Eric Wolak	Assistant Vice President	2029
Matthew Matney	Secretary / Treasurer	2027
Frans Kopp	Assistant Secretary	2029

- Consultants -

Tax Assessor/Collector – Land and improvements in the District are being appraised by the Montgomery Central Appraisal District (the "Appraisal District"). The tax assessor/collector for the District is Assessments of the Southwest, Inc.

Bookkeeper – The District contracts with Municipal Accounts & Consulting, LP as bookkeeper for the District.

Engineer – The District's consulting engineer is LJA Engineering, Inc. (the "Engineer").

Auditor – As required by the Texas Water Code, the District retains an independent auditor to audit the District's financial statements annually, which annual audit is filed with the TCEQ. A copy of the District's audit prepared by McCall Gibson Swedlund Barfoot, PLLC for the fiscal year ending July 31, 2025, is included as "APPENDIX A."

Financial Advisor – Cedar Creek Municipal Advisors, Inc. serves as the District's financial advisor ("the Financial Advisor"). The fee for services rendered in connection with the issuance of the Bonds is based on the percentage of the Bonds actually issued, sold and delivered and, therefore, such fee is contingent upon the sale and delivery of the Bonds. The Financial Advisor is not obligated to undertake and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information herein.

Bond & General Counsel – The District has engaged The Muller Law Group, PLLC as Bond Counsel in connection with the issuance of the District’s Bonds. The fees of Bond Counsel are based on the percentage of the Bonds actually issued, sold and delivered and, therefore, such fee is earned upon the sale and delivery of the Bonds. The Muller Law Group, PLLC also serves as the District’s general counsel.

Disclosure Counsel – Orrick, Herrington & Sutcliffe LLP has been designated as Disclosure Counsel. The fees of Disclosure Counsel in connection with the issuance of the Bonds are contingent upon the sale and delivery of the Bonds.

AGREEMENTS WITH CITY OF CONROE AND MONTGOMERY COUNTY

Agreements with City of Conroe

The Developers, acting on behalf of the District, entered into the Utility Functions Agreement (the “Utility Agreement”) with the City. Pursuant to the Utility Agreement, the District is responsible for acquiring and constructing for the benefit of, and for ultimate conveyance to, the City, the water distribution, wastewater collection, drainage, and road facilities (the “Facilities”) to serve development within the District. The City has agreed to accept the Facilities for operation and maintenance in consideration for the District’s financing, acquisition, and construction of the Facilities. The City agrees to charge residents of the District the same water and wastewater rates that the City charges in other parts of the City.

The Utility Agreement provides that the Facilities shall be designed and constructed in accordance with the City’s requirements. The City agrees to provide the District with its ultimate requirements for water supply capacity and wastewater treatment capacity without charging the District any type of capital charge. In accordance with the Utility Agreement, the District is authorized to issue bonds for the purpose of financing the construction and acquisition of the Facilities.

The term of the Utility Agreement is the earlier of the dissolution of the District by the City or 40 years. The City’s right to dissolve the District is restricted per the Utility Agreement. Under the terms of the Utility Agreement, the City agrees that it will not dissolve the District until certain conditions have been met, including (i) 90% of the District’s facilities have been developed and (ii) the Developers have been reimbursed for advancing funds to construct the Facilities to the maximum extent permitted by the rules of the TCEQ or the City assumes any obligations for such payment by the District under such rules.

In addition to the Utility Agreement, the City, the District, the Developer and GCP Conroe 380, LLC, an affiliate entity of the Developer (“GCP Conroe 380”), entered into an Amended and Restated Reimbursement Agreement approved by City Council on July 14, 2022, related to financing certain public improvements to serve property within the District (the “Reimbursement Agreement”). The Reimbursement Agreement calls for the City to reimburse GCP Conroe 380 for costs, including but not limited to design, testing, construction, and costs to obtain permits, related to floodplain streambed reclamation and mitigation improvements necessary to serve development within the District. Pursuant to the terms of the Reimbursement Agreement, total Improvement Costs (as defined in the Reimbursement Agreement) to be paid by the City will equal \$14,806,598, plus interest, with such amount to be paid in annual installments calculated as 75% of the City’s annual ad valorem tax rate as applied to the taxable value of the District, less a base value of \$17,896,320, provided the annual payments will not exceed \$1,500,000 in any year. The City has agreed to make such annual reimbursement payments to Regions Bank as trustee for the Wisconsin Public Finance Authority’s Contract Revenue Bonds (Conroe Municipal Management District No. 1 Projects), Taxable Series 2022, which bonds are secured by such annual payments from the City.

Reimbursement Agreement with the County

The District and the County entered into the County Reimbursement Agreement whereby the County will reimburse the District for certain road infrastructure costs (the “County Reimbursement Agreement”). The County Reimbursement Agreement calls for the County to reimburse the District a maximum of \$20,000,000 for roads and public improvements, including related drainage and storm sewer facilities. Pursuant to the County Reimbursement Agreement, the County has agreed to annually pay the District an amount equal to 90% of the County’s tax rate minus the debt service portion of its tax rate levied on any incremental value above \$27,900,000. The County will make annual payments to the District until the total payment reaches \$20,000,000.

THE DEVELOPERS AND PRINCIPAL LANDOWNERS

The Role of a Developer

In general, the activities of a developer in a municipal utility district such as the District include purchasing the land within the District, designing the subdivision, designing the utilities and streets to be constructed in the subdivisions, designing any community facilities to be built, defining a marketing program and building schedule, securing necessary governmental approvals and permits for development, arranging for the construction of roads and the installation of utilities (including, in some cases, water, wastewater, and drainage facilities pursuant to the rules of the TCEQ, as well as gas, telephone, and electric service) and selling improved lots and commercial reserves to builders, developers, or other third parties. In certain instances, the developer will be required to pay up to 30% of the cost of constructing certain water, wastewater and drainage facilities in a municipal utility district pursuant to the rules of the TCEQ. The relative success or failure of a developer to perform such activities in development of property within a municipal utility district may have a profound effect on the security of the unlimited tax bonds issued by a district. A developer is generally under no obligation to a district to develop the property which it owns in the district. Furthermore, there is no restriction on a developer's right to sell any or all of the land which it owns within a district. In addition, a developer is ordinarily the major taxpayer within a municipal utility district during the development phase of the property.

Description of the Developers and Principal Landowners

The Johnson Development Corp., through its affiliated entities Conroe CS Texas Holdings LP ("CS Texas") and GCP Loan Subsidiary 1 LP ("GCP1" and collectively with CS Texas, the "Developers"), manages the development of residential, commercial, and mixed-use land within the District. CS Texas, a Delaware limited partnership, having Johnson Conroe CS GP, LLC as its general partner, purchased all of the property within the District. GCP1 is a Texas limited partnership whose general partner is CS Loan Sub 1 LLC and whose limited partner is CS Texas, and is the primary development entity in the District. As of July 1, 2026, the Developers owned approximately 1,383 acres in the District.

Fidelis Realty Partners ("Fidelis"), through its affiliated entity 336 Associates, is the main developer of commercial land within the District. 336 Associates is owned in part and controlled by Fidelis. Fidelis was founded in 2003 as a commercial real estate development company based in Houston. Fidelis currently manages millions of square feet of commercial and retail space, focusing primarily on the Houston market.

Development Financing

On November 21, 2013, CS Texas, a Delaware limited partnership, having Johnson Conroe CS GP, LLC as its general partner, purchased approximately 2,046 acres of land within the District. CS Texas financed the acquisition with equity plus combined loans totaling approximately \$61,800,000 from PSPIB Realty U.S. Inc., Tricon U.S. Lender Inc. and Johnson Conroe CS Investors LLC. The loans were converted to equity on March 21, 2022.

GCP1 has financed the development of the District with a revolving development loan with Woodforest National Bank in the amount of \$16,000,000. Interest on the loan accrues monthly at the greater of the prime rate plus 1% or 5% per annum, compounded monthly, and payable from 92% of lot and land sale proceeds, plus the reimbursement of District receivables. The loan is secured by real estate, assignment of District reimbursements and assignment for certain contracts and matures October 10, 2027. As of June 1, 2026, no principal amount remains outstanding.

Lot Sales Contracts

The Developers have entered into lot sales contracts with each of Lennar Homes, Village Builders, Coventry Homes, Highland Homes, Perry Homes, Tri Pointe Homes (formerly Trendmaker Homes), David Weekley Homes, Westin Homes, Darling Homes, Drees Custom Homes, Jaeger Homes, J. Patrick Homes, Jamestown Estate Homes, Travis Thomas Custom Homes, and Brightland Homes (formerly Gehan Homes). The contracts for the sale of lots between the Developers and the builders require that earnest money be deposited with a title company, typically 10% of the total price of the completed lots. The sales contracts establish certain required lot purchases quarterly, with the earnest money deposit being returned to the builders upon purchase of the last lots under each contract. The Developers' sole remedy for builders not purchasing lots in accordance with the contracts is cancellation of the contract and retention of the remaining earnest money on deposit. According to the Developers, all builders are in compliance with their respective lot sales contracts.

As of June 1, 2026, the total number of lots contracted and purchased by each builder is listed below:

Builder	Total Lots Currently Contracted (Not Purchased)	Total Lots Purchased
Lennar Homes	-	156
Village Builders	-	42
Coventry Homes	-	154
Highland Homes	-	261
Perry Homes	-	353
Tri Pointe Homes (a)	-	57
David Weekley Homes	-	237
Westin Homes	-	267
Darling Homes	-	52
Drees Custom Homes	-	141
Jaeger Homes	-	32
J. Patrick Homes	-	22
Jamestown Estate Homes	-	23
Travis Thomas Custom Homes	-	1
Brightland Homes (b)	-	36
Total	0	1,834

(a) Formerly Trendmaker Homes.

(b) Formerly Gehan Homes.

DEVELOPMENT WITHIN THE DISTRICT

General

Land within the District is being developed as the approximate 2,046-acre master-planned community of “Grand Central Park.” As of June 1, 2026, approximately 499 acres (1,834 lots) have been developed, including: 1,662 complete and occupied homes; 43 homes under construction; and 129 vacant developed lots. The remainder of the land in the District consists of approximately 1,195 undevelopable acres, 35 vacant commercial/retail acres, developing properties including the 5.8 acre Rooms To Go, the 5.0 acre Kelsey Seybold clinic, the 7.0 acre Ashley Furniture, the 1.7 acre La-Z-Boy; 336 Market Place, an 88-acre retail commercial development, with notable tenants including Kroger, Michael’s, Ross Dress for Less, Dick’s Sporting Goods, Burlington, Bath & Body Works, DSW, Five Below, Marshalls Home Goods, Ulta Beauty and 44 other tenants, with at least 9 vacant tenant spaces available; a Hyatt Regency hotel on 7.5 acres, Sam Houston State University on 20.7 acres, a Living Spaces Furniture store on 14.9 acres, a 2.2 acre climate controlled storage facility, a 1.5 acre stand alone bank, a 1.5 acre car wash, a 1.1 acre Taco Bell, a 1.5 acre medical facility and a 5.0 acre medical facility. Please see “DEVELOPMENT WITHIN THE DISTRICT - Status of Development within the District.”

(100% of the taxable value as of January 1, 2026)

Estimated Assessed Valuation as of June 1, 2026 \$1,059,022,619 (b)
(100% of the estimated taxable value as of June 1, 2026)

Direct Debt:

The Outstanding Bonds (as of the delivery of the Bonds) \$ 114,395,000
The Bonds \$ 4,950,000
Total \$ 119,345,000

Estimated Overlapping Debt \$ 86,183,032

Total Direct and Estimated Overlapping Debt \$ 205,528,032

Direct Debt Ratios:

Based on the 2026 Certified Assessed Valuation 11.63 %
Based on the Estimated Assessed Valuation as of June 1, 2026 11.27 %

Direct and Estimated Overlapping Debt Ratios:

Based on the 2026 Certified Assessed Valuation 20.02 %
Based on the Estimated Assessed Valuation as of June 1, 2026 19.41 %

System/Park Debt Service Fund Balance (as of July 29, 2026) \$ 4,965,219 (c)

Road Debt Service Fund Balance (as of July 29, 2026) \$ 3,110,291 (d)

System Construction Fund Balance (as of July 29, 2026) \$ 938,975

Road Construction Fund Balance (as of July 29, 2026) \$ 511,340

Operating Fund Balance (as of July 29, 2026) \$ 1,396,224

(a) Represents the assessed valuation of all taxable property within the District as of January 1, 2026, provided by the Appraisal District (herein defined). See "TAX DATA" and "TAXING PROCEDURES."

(b) Provided by the Appraisal District for informational purposes only, this amount is an estimate of the assessed valuation of all taxable property located within the District as of June 1, 2026, and includes an estimate of valuations resulting from the construction of taxable improvements from January 1, 2025, through June 1, 2026. No taxes will be levied against this amount. See "TAX DATA" and "TAXING PROCEDURES."

(c) Neither Texas Law nor the Bond Resolution requires that the District maintain any particular sum in the System/Park Debt Service Fund (herein defined). The funds in the System/Park Debt Service Fund are pledged only to pay debt service on the Outstanding System/Park Bonds and the Bonds, not the Outstanding Road Bonds.

(d) Neither Texas Law nor the Bond Resolution requires that the District maintain any particular sum in the Road Debt Service Fund (herein defined). The funds in the Road Debt Service Fund are pledged only to pay debt service on the Outstanding Road Bonds, not the Outstanding System/Park Bonds or the Bonds.

Unlimited Tax Bonds Authorized but Unissued

Election Date	Purpose	Authorized	Issued to Date	Unissued
11/03/2015	Water, Wastewater, and Drainage	\$ 250,800,000	\$ 75,435,000 (a)	\$ 175,365,000

11/03/2015	Parks and Recreation	29,700,000	5,000,000	24,700,000

(a) Includes the Bonds.

Investment Authority and Investment Practices of the District

The District has adopted an investment policy (the "Investment Policy") as required by the Public Funds Investment Act, Chapter 2256, Texas Government Code (the "Act"). The District's goal is to preserve principal and maintain liquidity in a diversified portfolio while securing a competitive yield on its portfolio. Funds of the District are to be invested only in accordance with the Investment Policy. The Investment Policy states that the funds of the District may be invested in obligations of the United States or its agencies or instrumentalities, in certificates of deposits insured by the Federal Deposit Insurance Corporation and secured by collateral authorized by the Act, and in TexPool and Texas CLASS, which are public funds investment pools rated in the highest rating category by a nationally recognized rating service. The District does not currently own, nor does it anticipate, the inclusion of long term securities or derivative products in the portfolio.

Estimated Direct and Overlapping Debt Statement

Other governmental entities whose boundaries overlap the District have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed from several sources, including information contained in the "Texas Municipal Report," published by the Municipal Advisory Council of Texas. Except for the amount relating to the District, the District has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have issued additional bonds since the dates stated in this table, and such entities may have programs requiring the issuance of substantial amounts of additional bonds, the amount of which cannot presently be determined. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance and/or general revenue purposes in addition to taxes of debt service, and the tax burden for operation, maintenance and/or general purposes is not included in these figures. Totals may not sum due to rounding.

Taxing Jurisdiction	Outstanding Debt as of June 30, 2026	Estimated Overlapping	
		Percent	Amount

TAX DATA

General

All taxable property within the District is subject to the assessment, levy and collection by the District of a continuing, direct, annual ad valorem tax, without legal limitation as to rate or amount, sufficient to pay principal of and interest on the Bonds (and any future tax-supported bonds which may be issued from time to time as authorized). Taxes are levied by the District each year against the District's assessed valuation as of January 1 of that year. Taxes become due October 1 of such year, or when billed, and generally become delinquent after January 31 of the following year. The Board covenants in the Bond Resolution to assess and levy for each year that all or any part of the Bonds remain outstanding and unpaid a tax ample and sufficient to produce funds to pay the principal of and interest on the Bonds. The actual rate of such tax will be determined from year to year as a function of the District's tax base, its debt service requirements and available funds. In addition, the District has the power and authority to assess, levy and collect ad valorem taxes, in an amount not to exceed \$1.00 per \$100 of assessed valuation for system operation and maintenance purposes and \$0.10 for road facilities maintenance purposes. For the 2025 tax year, the District levied a maintenance and operations tax of \$0.060 per \$100 of assessed valuation, a system debt service tax of \$0.490 per \$100 of assessed valuation, and a road debt service tax of \$0.305 per \$100 of assessed valuation.

Tax Rate Limitation

System Debt Service:	Unlimited (no legal limit as to rate or amount).
Road Debt Service:	Unlimited (no legal limit as to rate or amount).
Maintenance and Operations:	\$1.00 per \$100 of Assessed Valuation.
Road Facilities Maintenance:	\$0.10 per \$100 of Assessed Valuation.

Debt Service Tax

The District maintains a separate debt service fund for the Outstanding System/Park Bonds and the Bonds (the "System/Park Debt Service Fund"). Funds in the System/Park Debt Service Fund are not available to pay principal or interest on the Outstanding Road Bonds. The District maintains a separate debt service fund for the Outstanding Road Bonds (the "Road Debt Service Fund"). Funds in the Road Debt Service Fund are not available to pay principal or interest on the Outstanding System/Park Bonds or the Bonds.

For the 2025 tax year, the District levied a System/Park Debt Service tax of \$0.490 per \$100 of assessed valuation and a road debt service tax of \$0.305 per \$100 of assessed valuation. Such tax is in addition to taxes which the District is authorized to levy for maintenance and operations purposes.

Maintenance and Operations Tax

The Board has the statutory authority to levy and collect an annual ad valorem tax for maintenance of the District's improvements if such maintenance tax is authorized by vote of the District's electors. On November 3, 2015, the Board was authorized to levy such maintenance and operations tax in an amount not to exceed \$1.00 per \$100 of assessed valuation for water, wastewater, drainage facilities and park and recreational facilities; and \$0.10 per \$100 of assessed valuation for road facilities on all taxable property within the District. For the 2025 tax year, the District levied a maintenance and operations tax of \$0.060 per \$100 of assessed valuation. Such tax is in addition to taxes which the District is authorized to levy for paying principal of and interest on debt issued by the District.

Tax Exemption

To date, the District has not adopted a general residential homestead exemption. For the 2026 tax year, the District adopted a \$20,000 residential homestead exemption for individuals who are disabled or 65 years of age or older. See "TAXING PROCEDURES."

Additional Penalties

The District contracts with a delinquent tax attorney to collect certain delinquent taxes, once such taxes become delinquent. In connection with that contract, the District established an additional penalty of 20% of the tax to defray the costs of collection. This 20% penalty applies to taxes that either; (1) become delinquent on or after February 1 of a year, but not later than May 1 of that year, and that remain delinquent on April 1 (for personal property) and July 1 (for real property) of the year in which they become delinquent or (2) become delinquent on or after June 1, pursuant to the Texas Tax Code.

Historical Collections

The following table illustrates the collection history of the District for the 2021–2025 tax years:

Tax Year	Assessed Valuation	Tax Rate (a)	Adjusted Levy	Percent Collections Current Year	Tax Year Ending 09/30	Percent Collections as of 05/31/2026
2021	\$ 325,526,261	\$ 0.900	\$ 2,929,736	99.11%	2022	99.99%
2022	508,995,559	0.880	4,479,161	99.83%	2023	99.94%
2023	677,292,603	0.870	5,892,446	96.54%	2024	99.90%
2024	821,362,320	0.860	7,063,716	99.48%	2025	99.74%
2025	943,631,143	0.855	8,068,046	99.88%	2026	99.88%

(a) Total tax rate per \$100 of assessed valuation.

Tax Rate Distribution

The following table illustrates the components of the tax rate for the District's 2021–2025 tax years:

	2025	2024	2023	2022	2021
System Debt Service	\$0.490	\$0.460	\$0.400	\$0.390	\$0.445
Road Debt Service	0.305	0.320	0.385	0.370	0.320
Maintenance and Operations	0.060	0.080	0.085	0.120	0.135
Total	<u>\$0.855</u>	<u>\$0.860</u>	<u>\$0.870</u>	<u>\$0.880</u>	<u>\$0.900</u>

Analysis of Tax Base

The following table illustrates the District's total taxable assessed value for the 2022–2026 tax years by type of property:

Type of Property	2026 Assessed Valuation (a)	2025 Assessed Valuation	2024 Assessed Valuation	2023 Assessed Valuation	2022 Assessed Valuation
Land	\$ 186,454,554	\$ 174,782,314	\$ 157,841,294	\$ 141,155,857	\$ 128,006,617
Improvements	916,232,866	873,731,060	764,292,302	591,997,101	448,746,970

CONROE SUREPOINT SELF STORAGE	Commercial	7,300,000	0.71%
KROGERS #736	Commercial	4,922,690	0.48%
Total		\$ 254,463,085	24.79%

(a) See "DEVELOPERS AND PRINCIPAL LANDOWNERS."

Tax Rate Calculations

The tax rate calculations set forth below are presented to indicate the tax rates per \$100 of taxable assessed valuation that would be required to meet certain debt service requirements if no growth in the District occurs beyond the 2026 assessed valuation of \$1,026,407,831 or the estimated assessed valuation as of June 1, 2026, of \$1,059,022,619. The foregoing further assumes collection of 95% of taxes levied and the sale of no additional bonds by the District.

Combined Average Annual Debt Service Requirement on the Outstanding System/Park Bonds and the Bonds (2027–2051).....	\$ 4,467,220
System Tax Rate of \$0.46 on the 2026 Certified Assessed Valuation.....	\$ 4,485,402
System Tax Rate of \$0.45 on the Estimated Assessed Valuation as of June 1, 2026	\$ 4,527,322
Combined Maximum Annual Debt Service Requirement on the Outstanding System/Park Bonds and the Bonds (2042)	\$ 5,248,688
System Tax Rate of \$0.54 on the 2026 Certified Assessed Valuation.....	\$ 5,265,472
System Tax Rate of \$0.53 on the Estimated Assessed Valuation as of June 1, 2026	\$ 5,332,179
Average Annual Debt Service Requirement on the Outstanding Road Bonds (2027–2050)	\$ 2,772,394
Road Tax Rate of \$0.29 on the 2026 Certified Assessed Valuation	\$ 2,827,754
Road Tax Rate of \$0.28 on the Estimated Assessed Valuation as of June 1, 2026.....	\$ 2,817,000
Maximum Annual Debt Service Requirement on the Outstanding Road Bonds (2042).....	\$ 3,306,848
Road Tax Rate of \$0.34 on the 2026 Certified Assessed Valuation	\$ 3,315,297
Road Tax Rate of \$0.33 on the Estimated Assessed Valuation as of June 1, 2026.....	\$ 3,320,036

Estimated Overlapping Taxes

Property within the District is subject to taxation by several taxing authorities in addition to the District. Under Texas law, if ad valorem taxes levied by a taxing authority become delinquent, a lien is created upon the property which has been taxed. A tax lien on property in favor of the District is on a parity with tax liens of other taxing jurisdictions. In addition to ad valorem taxes required to make debt service payments on bonded debt of the District and of such other jurisdictions, certain taxing jurisdictions are authorized by Texas law to assess, levy and collect ad valorem taxes for operation, maintenance, administrative and/or general revenue purposes.

Set forth below is an estimation of all 2025 taxes levied by such jurisdictions per \$100 of assessed valuation. Such levies do not include local assessments for community associations, fire department contributions, charges for solid waste disposal, or any other charges made by entities other than political subdivisions. See "DISTRICT FINANCIAL DATA – Estimated Direct and Overlapping Debt Statement."

Taxing Jurisdiction	2025 Tax Rate (a)
The District	\$ 0.855000
The City	0.427200
The County	0.377000
Montgomery County Hospital District	0.047300
Lone Star College System	0.106000
Conroe Independent School District	0.949600
Total	\$ 2.762100

(a) Total tax rate per \$100 of assessed valuation.

TAXING PROCEDURES

Authority to Levy Taxes

The Board is authorized to levy an annual ad valorem tax on all taxable property within the District in an amount sufficient to pay the principal of and interest on the Bonds and any additional bonds payable from taxes which the District may hereafter issue, and to pay the expenses of assessing and collecting such taxes. The District agrees in the Bond Resolution to levy such a tax from year to year as described more fully above under "THE BONDS – Source of Payment." Under Texas law, the Board is also authorized to levy and collect an annual ad valorem tax for the operation and maintenance of the System and roads serving the District, and for the payment of certain contractual obligations if authorized by its voters. See "INVESTMENT CONSIDERATIONS – Future Debt" and "TAX DATA – Tax Rate Limitation."

Property Tax Code and County-wide Appraisal District

Title I of the Texas Property Tax Code (the "Property Tax Code") specifies the taxing procedures of all political subdivisions of Texas, including the District. Provisions of the Property Tax Code are complex and are not fully summarized herein.

The Property Tax Code requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of Texas an appraisal district with the responsibility for recording and appraising property for all taxing units within a county and an appraisal review board with responsibility for reviewing and equalizing the values established by the appraisal district. The Appraisal District has the responsibility of appraising property for all taxing units within the County, including the District. Such appraisal values are subject to review and change by the Montgomery Central Appraisal Review Board (the "Appraisal Review Board"). The appraisal roll, as approved by the Appraisal Review Board, must be used by the District in establishing its tax rolls and tax rate.

Property Subject to Taxation by the District

General: Except for certain exemptions provided by Texas law, all real property, tangible personal property held or used for the production of income, manufactured homes, and certain categories of intangible personal property with a tax situs within the District are subject to taxation by the District. Principal categories of exempt property include, but are not limited to: property owned by Texas or its political subdivisions, if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies and personal effects; certain goods, wares, and merchandise in transit; certain farm products owned by the producer; certain property of charitable organizations, youth development associations, religious organizations, and qualified schools; designated historical sites; travel trailers; and most individually owned automobiles. In addition, the District may by its own action exempt residential homesteads of persons 65 years of age or older and certain disabled persons, to the extent deemed advisable by the Board. The District may be required to offer such exemptions if a majority of voters approve the same at an election. The District would be required to call an election upon petition by 20% of the number of qualified voters who voted in the preceding election. The District is authorized by statute to disregard exemptions for the disabled and elderly if granting the exemption would impair the District's obligation to pay tax-supported debt incurred prior to adoption of the exemption by the District. Furthermore, the District must grant exemptions to disabled veterans or certain surviving dependents of disabled veterans, if requested, but only to the maximum extent of between \$5,000 and \$12,000 depending upon the disability rating of the veteran claiming the exemption. A veteran who receives a disability rating of 100% is entitled to an exemption of full value of the veteran's residential homestead. Furthermore, qualifying surviving spouses of persons 65 years of age and older are entitled to receive a resident homestead exemption equal to the exemption received by the deceased spouse, and surviving spouses of a deceased veteran who had received a disability rating of 100% are entitled to receive a residential homestead exemption equal to the exemption received by the deceased spouse until such surviving spouse remarries. Such exemption would be transferred to a subsequent residence homestead of the surviving spouse of a deceased veteran who had received a disability rating of 100%, if the surviving spouse has not remarried, in an amount equal to the exemption received on the prior residence in the last year in which such exemption was received.

A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homestead in an amount equal to the partially disabled veteran's disability rating if the residence homestead was donated by a charitable organization. This exemption also applies, under certain conditions, to a residence homestead that was donated by a charitable organization at some cost to such veterans. Also, the surviving spouse of a member of the armed forces who was killed in action is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption in the same amount may be transferred to a subsequent residence homestead of the surviving spouse.

The surviving spouse of a first responder who is killed or fatally injured in the line of duty is entitled to an exemption of the total appraised value of the surviving spouse's residence homestead if the surviving spouse has not remarried since the first responder's death, and said property was the first responder's residence homestead at the time of death. Such exemption would be transferred to a subsequent residence homestead of the surviving spouse, if the surviving spouse has not remarried, in an amount equal to the exemption received on the prior residence in the last year in which such exemption was received.

To date, the District has not adopted a general residential homestead exemption. For the 2026 tax year, the District adopted a \$20,000 residential homestead exemption for individuals who are disabled or 65 years of age or older.

Residential Homestead Exemptions: The Property Tax Code authorizes the governing body of each political subdivision in Texas to exempt up to 20% of the appraised value of residential homesteads from ad valorem taxation. The District is authorized by statute to disregard previously granted residential homestead exemptions if granting the exemption would impair the District's obligation to pay tax-supported debt incurred prior to adoption of the exemption by the District. The adoption of a homestead exemption may be considered each year, but must be adopted by July 1.

Freeport Goods Exemption: A "Freeport Exemption" applies to goods, wares, ores, and merchandise other than oil, gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining petroleum or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas which are destined to be forwarded outside of Texas and which are detained in Texas for assembling, storing, manufacturing, processing, or fabricating not later than 175 days after the person acquired or imported the property into Texas.

A "Goods-in-Transit Exemption" is applicable to goods, wares, merchandise, other tangible personal property, and ores, other than oil, natural gas, petroleum products, aircraft, dealer's motor vehicle inventory, dealer's vessel and outboard motor inventory, dealer's heavy equipment inventory, or retail manufactured housing inventory, if such property is acquired in or imported into Texas only if such property is to be forwarded to another location in or outside of Texas and is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property, and is transported to another location in the state or outside of the state not later than 175 days after the date the person acquired the property in or imported the property into Texas.

A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-in-transit property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. The District has taken official action to allow taxation of all such goods-in-transit personal property for all prior and subsequent years.

Valuation of Property for Taxation

Generally, property within the District must be appraised by the Appraisal District at market value as of January 1 of each year. Once an appraisal roll is prepared and formally approved by the Appraisal Review Board, it is used by the District in establishing its tax rolls and tax rate. Assessments under the Property Tax Code are to be based on 100% of market value, as such is defined in the Property Tax Code. Nevertheless, certain land may be appraised at less than market value under the Property Tax Code. The Texas Constitution limits increases in the appraised value of residence homesteads to 10% annually regardless of the market value of the property.

The Property Tax Code permits land designated for agricultural use, open space or timberland to be appraised at its value based on the land's capacity to produce agricultural or timber products rather than at its fair market value. The Property Tax Code permits, under certain circumstances, that residential real property inventory held by a person in the trade or business be valued at the price all of such property would bring if sold as a unit to a purchaser who would continue the business. Provisions of the Property Tax Code are complex and are not fully summarized here. Landowners wishing to avail themselves of the agricultural use, open space or timberland designation or residential real property inventory designation must apply for the designation and the appraiser is required by the Property Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by one (1) political subdivision while claiming it for another. If a claimant receives the agricultural use designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use, including taxes and a 5% annual interest for the previous three (3) years for agricultural use, open space land and timberland.

The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraisal values. The plan must provide for appraisal of all property in the Appraisal District at least once every three (3) years. It is not known what frequency of reappraisal will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone or county-wide basis. The District, however, at its

expense, has the right to obtain from the Appraisal District a current estimate of appraised values within the District or an estimate of any new property or improvements within the District. While such current estimate of appraised values may serve to indicate the rate and extent of growth of taxable values within the District, it cannot be used for establishing a tax rate within the District until such time as the Appraisal District chooses to formally include such values on its appraisal roll.

Effective January 1, 2020, Section 11.35 of the Property Tax Code, authorizes a temporary tax exemption for certain damaged property in Governor (herein defined)-declared disaster areas. In order to qualify for the exemption, the property must be at least 15% damaged, as determined by the chief appraiser of the appraisal district. Upon a property owner's application for an exemption, the chief appraiser must assign a damage rating of Level I – at least 15%, but less than 30% (minimal damage), Level II – at least 30%, but less than 60% (nonstructural damage), Level III – at least 60%, but less than 100% (significant structural damage), or Level IV – 100% (total loss). The amount of the exemption for qualifying property is determined by multiplying the appraisal value by the level rating percentage (Level I – 15%, Level II – 30%, Level III – 60%, and Level IV – 100%), which is then prorated by the number of days from the disaster declaration to December 31 of the tax year in which the disaster is declared as a percentage of total days in the year.

Property owners are entitled to the exemption if the Governor of Texas (the "Governor") declares the disaster area prior to a taxing unit adopting a tax rate for the year in which the disaster occurs. However, if the disaster declaration occurs on or after the date a taxing unit adopts a tax rate, property owners are only entitled to receive the exemption if the governing body of the taxing unit adopts the exemption within 60 days of the disaster declaration. The exemption expires on January 1 of the first tax year in which the property is reappraised.

During the 2nd Special Session, convened on June 27, 2023, the Texas Legislature passed Senate Bill 2 ("SB 2"), which, among other things, includes provisions that prohibit an appraisal district from increasing the appraised value of real property during the 2025 tax year on non-homestead properties (the "Subjected Property") whose appraised values are not more than \$5,000,000 (the "Maximum Property Value") to an amount not to exceed the lesser of: (1) the market value of the Subjected Property for the most recent tax year that the market value was determined by the appraisal office or (2) the sum of: (a) 20% of the appraised value of the Subjected Property for the preceding tax year; (b) the appraised value of the Subjected Property for the preceding tax year; and (c) the market value of all new improvements to the Subjected Property. After the 2025 tax year, through December 31, 2026, the Maximum Property Value may be increased or decreased by the product of the preceding state fiscal year's increase or decrease in consumer price index, as applicable, to the Maximum Property Value. SB 2 was signed into law by the Governor on July 22, 2023. The provisions described hereinabove took effect January 1, 2024, after the constitutional amendment proposed by H.J.R. 2, 88th Legislature, 2nd Called Session, 2023, was approved by voters at an election held on November 7, 2023.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units (such as the District) may appeal the orders of the Appraisal Review Board by filing a timely petition for review in Texas district court. In such event, the property value in question may be determined by the court, or by a jury, if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda which could result in the repeal of certain tax increases. The Property Tax Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property values, appraisals that are higher than renditions and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the levy and collection of its taxes unless it elects to transfer such functions to another governmental entity. The rate of taxation is set by the Board, after the legally required notice has been given to owners of property within the District, based upon: a) the valuation of property within the District as of the preceding January 1, and b) the amount required to be raised for debt service, maintenance purposes, and authorized contractual obligations. Taxes are due October 1, or when billed, whichever comes later, and become delinquent if not paid before February 1 of the year following the year in which imposed, except set forth herein with respect to residential homesteads. A delinquent tax incurs a penalty of 6% of the amount of the tax for the first calendar month it is delinquent, plus 1% for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1

of the year in which it becomes delinquent, the tax incurs a total penalty of 12% of the amount of the delinquent tax regardless of the number of months the tax has been delinquent and incurs an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. For those taxes billed at a later date and that become delinquent on or after June 1, they will also incur an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. A delinquent tax on personal property incurs an additional penalty, in an amount established by the District and a delinquent tax attorney, 60 days after the date the taxes become delinquent. The delinquent tax accrues interest at a rate of 1% for each month or portion of a month it remains unpaid.

The Property Tax Code makes provisions for the split payment of taxes and discounts for early payment under certain circumstances which, at the option of the District, may be rejected by taxing units. The Property Tax Code also provides for the postponement of the delinquency date of taxes in certain circumstances. The District's tax collector is required to enter into an installment payment agreement with any person who is delinquent on the payment of tax on a residence homestead for payment of tax, penalties, and interest, if the person requests an installment agreement and has not entered into an installment agreement with the collector in the preceding 24 months. The installment agreement must provide for payments to be made in monthly installments and must extend for a period of at least 12 months and no more than 36 months. Additionally, the owner of a residential homestead property who is (i) 65 years of age or older, (ii) disabled, or (iii) a disabled veteran, is entitled by law to pay current taxes on a residential homestead in installments without penalty or to defer the payment of taxes during the time of ownership. In the instance of tax deferral, a tax lien remains on the property and interest continues to accrue during the period of deferral.

Certain qualified taxpayers, including 1) owners of residential homesteads or certain properties used for residential purposes, located in a disaster or emergency area and which has been damaged by the disaster or emergency, and 2) certain qualified business entities that own or lease real and/or tangible property, located in a disaster or emergency area and which has been damaged by the disaster or emergency, are entitled to enter into a tax payment installment agreement with a taxing jurisdiction such as the District on taxes imposed on the property prior to the first anniversary of the disaster or emergency if the business entity pays at least one-fourth of the tax bill imposed on the property by the delinquency date. The remaining taxes may be paid without penalty or interest in three equal installments before the first day of the sixth month after the delinquency date.

Additionally, certain qualified business entities that own or lease real and/or tangible property located in a disaster or emergency area and which has not been damaged by the disaster or emergency, may be permitted by a taxing jurisdiction such as the District, at the taxing jurisdiction's discretion, to enter into a tax payment installment agreement on taxes imposed on the property prior to the first anniversary of the disaster or emergency under the same terms as set forth in the paragraph directly above.

Effective September 1, 2019, a property owner serving on active duty for any branch of the United States armed forces who is transferred out of the state may defer payment on property taxes without incurring any penalty or interest. Deferred tax payments are due no later than 60 days after the earliest of the following to occur: (1) the person is discharged from active military service, (2) the person returns to the state for more than ten (10) days, or (3) the person returns to non-active-duty status in the reserves. After the deferral period expires, any unpaid delinquent taxes will accrue interest but will not incur any penalty.

Rollback of Operation and Maintenance Tax Rate

Chapter 49 of the Texas Water Code, as amended, classifies districts differently based on the current operation and maintenance tax rate or on the percentage of build-out that the District has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified as "Low Tax Rate District." Districts that have financed, completed, and issued bonds to pay for all improvements and facilities necessary to serve at least 95% of the projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be classified herein as "Developing Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate is described for each classification below. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

Low Tax Rate District

Low Tax Rate District that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Low Tax Rate District is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

Developed Districts

Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions for the preceding tax year, plus any unused increment rates, as calculated and described in Section 26.013 of the Tax Code, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus 1.035 times the previous year's operation and maintenance tax rate plus any unused increment rates. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor or the President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Low Tax Rate District and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Low Tax Rate District.

Developing Districts

Districts that do not meet the classification of a Low Tax Rate District or a Developed District can be classified as Developing Districts. The qualified voters of these districts, upon the Developing District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Developing Districts is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

The District

For the 2026 tax year, the District made the determination of its status as a Developing District. The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property as of January 1 of the year in which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the District, having the power to tax the property. The District's tax lien is on a parity with the tax liens of other such taxing units. See "TAX DATA – Estimated Overlapping Taxes." A tax lien on real property takes priority over the claims of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by federal law. In the absence of federal law, the District's tax lien takes priority over a tax lien of the United States. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both, subject to the restrictions on residential homesteads described under "TAXING PROCEDURES – Levy and Collection of Taxes." In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights or by bankruptcy proceedings which restrict the collection of taxpayer debts. A taxpayer may redeem property that was used as the residence homestead of the owner, certain land designated for

agricultural use, or a mineral interest sold at a tax sale to a purchaser other than a taxing unit within two (2) years of the date on which the purchaser's deed at the foreclosure sale is filed in the county records. For all other real property, a taxpayer may redeem the property not later than the 180th day following the date on which the purchaser's or taxing unit's deed is filed for record. See "INVESTMENT CONSIDERATIONS – General," "TAX DATA – Estimated Overlapping Taxes," and "TAXING PROCEDURES – Levy and Collection of Taxes."

The District's ability to attach or foreclose a tax lien or collect penalties or interest on delinquent taxes may be limited on property owned by a financial institution which is under receivership by the Federal Deposit Insurance Corporation pursuant to the Federal Deposit Insurance Act, 12 U.S.C. 1825, as amended.

THE SYSTEM

General

The water, sewer water and drainage facilities and systems, the purchase, acquisition and construction of which will be financed by the District with the proceeds of the Bonds, have been designed in accordance with accepted engineering practices and the recommendation of certain governmental agencies having regulatory or supervisory jurisdiction over construction and operation of such facilities. According to the Engineer, the design of the water, sewer water and drainage facilities and systems have been approved by all governmental agencies that have jurisdiction over the District.

Description of the System

- Water Supply and Distribution -

The District obtains water from the City's existing trunk water lines at several locations adjacent to the District. These lines include an existing 20-inch water line at the intersection of Grand Village Boulevard and Interstate I-45 Feeder Road; an existing 20-inch line from Crescent Campus Boulevard and South Loop 336 West; an existing 20-inch line from Urban Avenue and South Loop 336 West; an existing 20-inch line from Town Park Drive and South Loop 336 West; an existing 8-inch line from the intersection of Grand Village Boulevard and Sgt. Ed Holcomb Boulevard; an existing 20-inch line from the intersection of Ivy Steel Avenue and IH-45; an existing 20-inch line from the intersection of Grand Central Parkway and IH-45; and an existing 20-inch line from the intersection of City Central Avenue and IH-45. By agreement, the City shall provide the District with its ultimate requirements for water supply, as needed and required by the District.

- Wastewater Treatment and Conveyance System -

The wastewater generated within the District will flow by gravity through an internal network of wastewater collection lines and tie into the City's 54-inch sanitary trunk line generally located in an existing sanitary easement along Grand Village Boulevard. The wastewater will then flow by gravity into the City's wastewater treatment plant. By agreement, the City represents that it has sufficient capacity in its wastewater treatment system to serve the development of the District as needed and required by the District. In addition, the City agrees to make any necessary improvements to its wastewater treatment system.

- Drainage -

Portions of the developable land within the District currently are or were previously located in the 100-year flood plain. The "100-year flood plain" is a hypothetical engineering and meteorological concept that defines a geographical area that would supposedly be flooded by a rain storm in intensity statistically having a 1% chance of occurring in any one (1) year. Generally speaking, homes must be built above the 100-year flood plain in order to meet local regulatory requirements and to be eligible for federal flood insurance subsidies. The portions of the developable land that are currently being developed that were previously in the 100-year flood plain have been raised above the 100-year flood plain through the use of flood plain reclamation (fill) and internal and outfall drainage facilities. Developable property within the District that is currently below the 100-year flood plain will need to be raised above the 100-year flood plain before development can occur. An engineering or regulatory determination that an area is above the 100-year flood plain is no assurance that homes built in such area will not be flooded. If substantial or frequent flooding of homes were to occur in the District, the marketing of homes and the future growth of property values in the District could be adversely affected.

The District lies immediately adjacent to the West Fork of the San Jacinto River giving it direct access to the river. The District has two (2) existing creeks, Grand Lake Creek and Silverdale Creek, that traverse the property north to south providing outfall drainage conveyance to the West Fork of the San Jacinto River. The natural pattern for overland flow within the District is to sheet flow into these two (2) creeks or flowing southwest directly into the West Fork of the San Jacinto River. Flows from developed projects may also outfall into the Storm Water Channel Excavation to serve Grand Central Park – Phase 1, funded in this bond issue, to Grand Lake Creek and ultimately conveying to the West Fork of the San Jacinto River. Storm water runoff within the District will utilize a combination of a curb and gutter street system and open ditch/swales to convey runoff to the existing and proposed drainage facilities ultimately outfalling into the San Jacinto River. Storm sewer pipe for City Central Avenue Phase 3B, Grand Central Park Sections 34,36 and 38 is proposed to be funded with the bond proceeds.

- Roads -

The roads within the District vary in width in accordance with standards adopted by the City, but are sized to accommodate the anticipated traffic demands of full build-out of the property within the District.

LEGAL MATTERS

Legal Opinions

Delivery of the Bonds will be accompanied by the approving legal opinion of the Attorney General of the State of Texas to the effect that the Bonds are valid and legally binding obligations of the District under the Constitution and laws of Texas payable from the proceeds of an annual ad valorem tax levied, without limit as to rate or amount, upon all taxable property within the District and based upon their examination of a transcript

of certified proceedings relating to the issuance and sale of the Bonds; the approving legal opinion of Bond Counsel, to a like effect and to the effect that (i) interest on the Bonds is excludable from gross income for federal tax purposes under existing law and (ii) interest on the Bonds will not be subject to the alternative minimum tax on individuals.

Bond Counsel has reviewed the information appearing herein under “THE BONDS” (except for information under the subheading “Registered Owners’ Remedies”), “THE DISTRICT – General,” “TAXING PROCEDURES,” “LEGAL MATTERS – Legal Opinions,” “TAX MATTERS,” and “CONTINUING DISCLOSURE (except for the information under the subheading “Compliance with Prior Undertakings”), solely to determine whether such information fairly summarizes matters of law and the provisions of the documents referred to therein. Bond Counsel has not, however, independently verified any of the factual information contained herein nor has it conducted an investigation of the affairs of the District or the Developers for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon Bond Counsel’s limited participation as an assumption of responsibility for or an expression of opinion of any kind with regard to the accuracy or completeness of any information contained herein.

The legal fees paid to Bond Counsel for services rendered in connection with the issuance of the Bonds are based on a percentage of the bonds actually issued, sold and delivered and, therefore, such fees are contingent upon the sale and delivery of the Bonds.

No Material Adverse Change

The obligations of the Initial Purchaser to take and pay for the Bonds, and of the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the District subsequent to the date of sale from that set forth or contemplated in the Preliminary Official Statement, as it may have been supplemented or amended through the date of sale.

No-Litigation Certificate

The District will furnish the Initial Purchaser a certificate, dated as of the Date of Delivery, executed by both the Board President or the Board Vice President and the Board Secretary or the Board Assistant Secretary, to the effect that no litigation of any nature has been filed or is to their knowledge then pending or threatened, either in state or federal courts, contesting or attaching the Bonds; restraining or enjoining the issuance, execution, or delivery of the Bonds; affecting the provisions made for the payment of or security for the Bonds; in any manner questioning the authority or proceedings for the issuance, execution, or delivery of the Bonds; or affecting the validity of the Bonds.

TAX MATTERS

Opinion of Bond Counsel

In the opinion of Bond Counsel, under current law, interest on the Bonds (a) is not included in gross income for federal income tax purposes, (b) is not an item of tax preference for purposes of the federal alternative minimum income tax, and (c) is taken into account by applicable corporations (as defined in Section 59(k) of the Code for the alternative minimum tax imposed on such corporations. No other opinion is expressed by Bond Counsel regarding the tax consequences of the ownership of or the receipt or accrual of interest on the Bonds.

Bond Counsel’s opinion is given in reliance upon certifications by representatives of the District as to certain facts relevant to both the opinion and requirements of the Internal Revenue Code of 1986, as amended (the “Code”), and is subject to the condition that there is compliance subsequent to the issuance of the Bonds with all requirements of the Code that must be satisfied in order for interest thereon to remain excludable from gross income for federal income tax purposes. The District has covenanted to comply with the current provisions of the Code regarding, among other matters, the use, expenditure, and investment of the proceeds of the Bonds and the timely payment to the United States of any arbitrage rebate amounts with respect to the Bonds. Failure by the District to comply with such covenants, among other things, could cause interest on the Bonds to be included in gross income for federal income tax purposes retroactively to their date of issue.

Customary practice in the giving of legal opinions includes not detailing in the opinion all the assumptions, limitations, and exclusions that are a part of the conclusions therein. See “*Statement on the Role of Customary Practice in the Preparation and Understanding of Third-Party Legal Opinions*”, 63 Bus. Law. 1277 (2008) and “*Legal Opinion Principles*”, 53 Bus. Law. 831 (May 1998). Purchasers of the Bonds should seek advice or counsel concerning such matters as they deem prudent in connection with their purchase of Bonds.

Bond Counsel's opinion represents its legal judgment based in part upon the representations and covenants referenced therein and its review of current law, but is not a guarantee of result or binding on the Internal Revenue Service (the "Service") or the courts. Bond Counsel assumes no duty to update or supplement its opinion to reflect any facts or circumstances that may come to Bond Counsel's attention after the date of its opinion or to reflect any changes in law or the interpretation thereof that may occur or become effective after such date.

Alternative Minimum Tax

Individuals – Bond Counsel's opinion states that under current law interest on the Bonds is not an item of tax preference and is not subject to the alternative minimum tax on individuals.

Applicable Corporations – Bond Counsel's opinion also states that under current law interest on the Bonds may have to be taken into account by applicable corporations (as defined in Section 59(k) of the Code) for the alternative minimum tax imposed on such corporations. Under current law, an "applicable corporation" generally is a corporation with average annual adjusted financial statement income for a 3-taxable-year period ending after December 31, 2021, that exceeds \$1 billion.

Other Tax Matters

In addition to the matters addressed above, prospective purchasers of the Bonds should be aware that the ownership of tax-exempt obligations may result in collateral federal income tax consequences to certain taxpayers, including without limitation financial institutions, property and casualty insurance companies, S corporations, foreign corporations subject to the branch profits tax, recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations. Prospective purchasers of the Bonds should consult their tax advisors as to the applicability and impact of such consequences.

Prospective purchasers of the Bonds should consult their own tax advisors as to the status of interest on the Bonds under the tax laws of any state, local, or foreign jurisdiction.

The Service has a program to audit state and local government obligations to determine whether the interest thereon is includible in gross income for federal income tax purposes. If the Service does audit the Bonds, under current Service procedures, the Service will treat the District as the taxpayer and the owners of the Bonds will have only limited rights, if any, to participate.

There are many events that could affect the value and liquidity or marketability of the Bonds after their issuance, including but not limited to public knowledge of an audit of the Bonds by the Service, a general change in interest rates for comparable securities, a change in federal or state income tax rates, federal or state legislative or regulatory proposals affecting state and local government securities and changes in judicial interpretation of existing law. In addition, certain tax considerations relevant to owners of Bonds who purchase Bonds after their issuance may be different from those relevant to purchasers upon issuance. Neither the opinion of Bond Counsel nor this Official Statement purports to address the likelihood or effect of any such potential events or such other tax considerations and purchasers of the Bonds should seek advice concerning such matters as they deem prudent in connection with their purchase of Bonds.

Original Issue Discount

Some of the Bonds may be sold at initial sale prices that are less than their respective stated redemption prices payable at maturity (collectively, the "Discount Bonds"). The excess of (i) the stated redemption price at maturity of each maturity of the Discount Bonds, over (ii) the initial offering price to the public (excluding bond houses and brokers) at which a substantial amount of each maturity of the Discount Bonds is sold will constitute original issue discount. Original issue discount will accrue for federal income tax purposes on a constant-yield-to-maturity method based on regular compounding; and a holder's basis in such a Bond will be increased by the amount of original issue discount treated for federal income tax purposes as having accrued on the Bond while the holder holds the Bond.

Under the Code, for purposes of determining a holder's adjusted basis in a Discount Bond, original issue discount treated as having accrued while the holder holds the Bond will be added to the holder's basis. Original issue discount will accrue on a constant-yield-to-maturity method based on semiannual compounding. The adjusted basis will be used to determine taxable gain or loss upon the sale or other disposition (including redemption or payment at maturity) of a Discount Bond.

Prospective purchasers of Discount Bonds should consult their own tax advisors as to the calculation of accrued original issue discount and the state and local tax consequences of owning or disposing of such Bonds.

Bond Premium

Bonds purchased, whether upon issuance or otherwise, for an amount (excluding any amount attributable to accrued interest) in excess of their principal amount will be treated for federal income tax purposes as having amortizable bond premium. A holder's basis in such a Bond must be reduced by the amount of premium which accrues while such Bond is held by the holder. No deduction for such amount will be allowed, but it generally will offset interest on the Bonds while so held. Purchasers of such Bonds should consult their own tax advisors as to the calculation, accrual, and treatment of amortizable bond premium and the state and local tax consequences of holding such Bonds.

NOT Qualified Tax-Exempt Obligations

The Bonds are NOT designated "qualified tax-exempt obligations" for financial institutions within the meaning of Section 265(b) of the Code.

CONTINUING DISCLOSURE

In the Bond Resolution, the District has the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, audited financial statements and timely notice of specified material events, in an electronic format as prescribed by the Municipal Securities Rulemaking Board ("MSRB"). The MSRB has established the Electronic Municipal Market Access ("EMMA") system.

Annual Reports

The District will provide certain updated financial information and operating data to the MSRB annually. The information to be updated includes all quantitative financial information and operating data with respect to the District of the general type included herein under the headings "DISTRICT DEBT," "TAX DATA," and "APPENDIX A." The District will update and provide this information within six (6) months after the end of each of its fiscal years.

Any information so provided shall be prepared in accordance with generally accepted accounting principles or other such principles as the District may be required to employ from time to time pursuant to state law or regulation, and audited if the audit report is completed within the period during which it must be provided. If the audit report is not complete within such period, then the District shall provide unaudited financial statements for the applicable fiscal year to the MSRB within such six (6) month period, and audited financial statements when and if the audit report becomes available.

The District's current fiscal year end is July 31. Accordingly, it must provide updated information by the last day in January in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Material Event Notices

The District will provide timely notices of certain events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten (10) business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds, or other material events affecting the tax-exempt status of the Bonds; (7) modifications to rights of beneficial owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership, or similar event of the District or other obligated person within the meaning of the Rule; (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person within the meaning of the Rule or the sale of all or substantially all of the assets of the District or other obligated person within the meaning of the Rule, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement

relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the District or obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District or obligated person, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of the financial obligation of the District or obligated person, any of which reflect financial difficulties. The term "material" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. The term "financial obligation" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. The term "financial obligation" does not include municipal securities for which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule. Neither the Bonds nor the Bond Resolution make any provision for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information from EMMA

The District has agreed to provide the information only to the MSRB. The MSRB has prescribed that such information must be filed via EMMA. The MSRB makes the information available to the public without charge and investors will be able to access continuing disclosure information filed with the MSRB at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of material events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders or beneficial owners of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement from time to time to adapt the changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the District, if but only if the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering made hereby in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding Bonds consent to the amendment or any person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the holders and beneficial owners of the Bonds. The District may amend or repeal the agreement in the Bond Resolution if the SEC amends or repeals the applicable provisions of the Rule or a court of final jurisdiction determines that such provisions are invalid or unenforceable, but only to the extent that its right to do so would not prevent the Initial Purchaser from lawfully purchasing the Bonds in the initial offering. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance with Prior Undertakings

The District has no known failures to comply in all material respects with its prior continuing disclosure agreements in accordance with the Rule.

OFFICIAL STATEMENT

Preparation

The information herein has been obtained from sources as set forth herein under the following captions:

"THE DISTRICT" and "THE SYSTEM," – LJA Engineering, Inc.; "THE DEVELOPERS AND PRINCIPAL LANDOWNERS," and "DEVELOPMENT WITHIN THE DISTRICT" – Continuing Information; "TAX DATA – Estimated Overlapping Debt Statement"; "TAX DATA" and "INVESTMENT CONSIDERATIONS" "THE BONDS", "CONTINUING DISCLOSURE", "TAXING PROCEDURES", "LEGAL MATTERS" and "TAX MATTERS" – The Muller Law Group, PLLC.

Experts

In approving this Official Statement, the District has relied upon the following experts in addition to the Financial Advisor:

The Engineer: The information contained herein relating to engineering matters and to the description of the System and, in particular, that information included in the sections entitles "THE DISTRICT" and "THE SYSTEM," has been provided by LJA Engineering, Inc. and has been included in reliance upon the authority of said firm as experts in the field of civil engineering.

Tax Assessor/Collector and Appraisal District: The information contained herein relating to principal taxpayers and tax collection rates and the certified assessed valuation of property in the District and, in particular, such information contained in the section captioned "TAX DATA," has been provided by the Assessments of the Southwest, Inc. and the Montgomery Central Appraisal District in reliance upon their authority as experts in appraising and tax assessing.

Updating of Official Statement

If, subsequent to the date of this Official Statement, the District learns, through the ordinary course of business and without undertaking any investigation or examination for such purposes, or is notified by the Initial Purchaser, of any adverse event which causes this Official Statement to be materially misleading, and unless the Initial Purchaser elects to terminate its obligation to purchase the Bonds, the District will promptly prepare and supply to the Initial Purchaser an appropriate amendment or supplement to this Official Statement satisfactory to the Initial Purchaser; provided, however, that the obligation of the District to so amend or supplement this Official Statement will terminate when the District delivers the Bonds to the Initial Purchaser, unless the Initial Purchaser notifies the District in writing on or before such date that less than all of the Bonds have been sold to ultimate customers, in which case the District's obligations hereunder will extend for an additional period of time (but not more than 90 days after the date the District delivers the Bonds) until all of the Bonds have been sold to ultimate customers.

Certification as to Official Statement

The District, acting by and through its Board in its official capacity, in reliance upon the experts listed above, hereby certifies, as of the date hereof, that to the best of its knowledge and belief, the information, statements and descriptions pertaining to the District and its affairs herein contain no untrue statements of a material fact and do not omit to state any material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading. The information, description and statements concerning entities other than the District, including particularly other governmental entities, have been obtained from sources believed to be reliable, but the District has made no independent investigation or verification of such matters and makes no representation as to the accuracy or completeness thereof.

Official Statement "Deemed Final"

For purposes of compliance with the Rule and in effect on the date of this Preliminary Official Statement, this document constitutes an "official statement" of the District with respect to the Bonds that has been deemed "final" by the District as of its date (or of any such supplement or correction) except for the omission of no more than information permitted by the Rule.

This document, when further supplemented by adding additional information specifying the interest rates and certain other information relating to the Bonds, shall constitute a "final official statement" of the District with respect to the Bonds, as such term is defined in the Rule.

CONCLUDING STATEMENT

The information set forth herein has been obtained from the District's records, audited financial statements and other sources which are considered to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will ever be realized. All of the summaries of the statutes, documents and resolutions contained herein are made subject to all of the provisions of such statutes, documents and resolutions. These summaries do not purport to be complete statements of such provisions and reference is made to such summarized documents for further information. Reference is made to official documents in all respects.

This Official Statement was approved by the Board of Directors of Conroe Municipal Management District No. 1 as of the date shown on the cover.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Conroe Municipal Management District No. 1
Montgomery County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Conroe Municipal Management District No. 1 (the "District") as of and for the year ended July 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of July 31, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Note 16 to the financial statements, the District adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, resulting in restatement of the District's government-wide financial statements as of and for the fiscal year ended July 31, 2024. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED JULY 31, 2025

Management's discussion and analysis of Conroe Municipal Management District No. 1's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended July 31, 2025. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, liabilities and, if applicable, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for maintenance tax revenues and contract payments, as well as operating and administrative costs. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of District facilities and related costs.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JULY 31, 2025

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustment columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, liabilities exceeded assets by \$19,236,588 as of July 31, 2025. A portion of the District's net position reflects its net investment in capital assets (Stormwater detention, floodplain reclamation and recreational facilities constructed, less any debt used to acquire those assets that are still outstanding). The City of Conroe will own, operate and maintain any water, wastewater, drainage, and road improvements conveyed to the city and financed by the District, and those assets are recorded as capital assets in the Statement of Net Position of the District due to new accounting guidance, see Note 16.

The following is a comparative analysis of the Statement of Net Position as of July 31, 2025, and July 31, 2024:

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED JULY 31, 2025

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUND

The District's combined fund balances as of July 31, 2025 were \$9,128,356, a decrease of \$5,200,533 from the prior year.

The General Fund fund balance increased by \$224,160, primarily due to property tax revenues, contract payments, investment revenues and a transfer in exceeding operating costs and developer reimbursements.

The Debt Service Fund fund balance increased by \$1,233,142, primarily due to the structure of the District's outstanding debt.

The District's Capital Projects Fund decreased by \$6,657,835, primarily due to current year capital outlay paid exceeding bond proceeds received in a prior year, as well as the receipt of proceeds from the Series 2024 and Series 2024 Park bonds.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors adopted an unappropriated budget for the fiscal year. Actual revenues were \$1,701,317 higher than budgeted revenues. Actual expenditures were \$1,578,917 higher than budgeted expenditures. Transfers in were \$8,570 more than budgeted. This resulted in a positive budget variance of \$130,970. See the budget to actual comparison on page 34 for further information.

CAPITAL ASSETS

As of the end of the current fiscal year, the District had \$97,181,752 of stormwater channel drainage facilities, water, sewer, storm drainage, paving and parks landscape improvements net of accumulated depreciation. Additional information on the District's capital assets can be found in Note 6.

Capital Assets At Year-End, Net of Accumulated Depreciation			
	2025	2024	Change Positive (Negative)
Capital Assets, Net of Accumulated Depreciation:			
Drainage System	\$ 2,016,088	\$ 2,065,551	\$ (49,463)
Water, Sewer and Storm Drainage	53,215,876	44,738,424	8,477,452
Paving	38,922,864	34,735,156	4,187,708
Landscape	3,026,924		3,026,924
Total Net Capital Assets	<u>\$ 97,181,752</u>	<u>\$ 81,539,131</u>	<u>\$ 15,642,621</u>

*As Adjusted, see Note 16

*

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JULY 31, 2025

CAPITAL ASSETS (Continued)

Per the Utility Functions Agreement with the City of Conroe, Texas (the "City"), water, wastewater, drainage, and road facilities constructed by the District have been conveyed to the City and stormwater detention, floodplain reclamation and recreational facilities constructed are to remain assets of the District. The City operates and maintains these facilities for providing services in the District. The District is entitled to significant residual interest in the facilities conveyed and continues to record these facilities as District assets and records depreciation on these facilities in accordance with GASB Statement No. 94.

LONG TERM DEBT ACTIVITY

As of July 31, 2025, the District had total bond debt payable in the principal amount of \$101,495,000. The changes in the debt position of the District during the fiscal year ended July 31, 2025, are summarized as follows:

Bond Debt Payable, August 1, 2024	\$ 89,790,000
Add: Bond Sales	13,570,000
Less: Bond Principal Paid	<u>1,865,000</u>
Bond Debt Payable, July 31, 2025	<u>\$ 101,495,000</u>

The District's Series 2018, Series 2018 Road, Series 2019 and Series 2019 Road Bonds are not rated. The Series 2020, Series 2020 Road, Series 2021, Series 2021 Road, Series 2022, Series 2022 Road, Series 2023, Series 2023 Road and Series 2024 Bonds carry an insured rating of "AA" from Standard and Poor's by virtue of bond insurance issued by Build America Mutual Assurance Company. The Series 2024 Park Bonds carry an insured rating of "AA" from Standard and Poor's by virtue of bond insurance issued by Assured Guaranty. The District also has developer liabilities for the construction of facilities and operating advances. See Note 8.

On November 4, 2025, subsequent to fiscal year-end, the District closed on the sale of \$14,050,000 of Series 2025 Unlimited Tax Bonds. See Note 15.

On or about December 18, 2025, subsequent to fiscal year-end, the District anticipates closing on the sale of \$5,000,000 of Series 2025 Unlimited Tax Road Bonds. See Note 15.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JULY 31, 2025

Net Change in Fund Balances - Governmental Funds	\$ (5,200,533)
--	----------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	(171,995)
--	-----------

Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.	(28,357)
---	----------

Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and expense is recorded in the Statement of Activities.	(5,077,447)
---	-------------

Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	22,342,738
---	------------

Governmental funds report bond premiums and bond discounts as other financing sources or uses in the year received/paid. However, in the Statement of Net Position, the bond premiums and bond discounts are amortized over the life of the bonds and the current year amortized portion is recorded in the Statement of Activities.	61,094
--	--------

Governmental funds report bond and bond anticipation note principal payments as expenditures in the year paid. However, in the Statement of Net Position, bond and bond anticipation note principal payments are reported as decreases in long-term liabilities.	7,135,000
--	-----------

Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	(201,186)
---	-----------

Governmental funds report bond and bond anticipation note proceeds as other financing sources. Issued bonds and bond anticipation notes increase long-term liabilities in the Statement of Net Position.	(22,195,000)
--	--------------

Change in Net Position - Governmental Activities	<u>\$ (3,335,686)</u>
--	-----------------------

The accompanying notes to the financial
statements are an integral part of this report.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1

NOTES TO THE FINANCIAL STATEMENTS

JULY 31, 2025

NOTE 1. CREATION OF DISTRICT

Conroe Municipal Management District No. 1 (the “District”) was created effective April 21, 2015, by an Order of the Texas Commission on Environmental Quality (the “Commission”). The District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer, storm sewer drainage, irrigation, and to construct roads as well as parks and recreational facilities for the residents of the District. The responsibilities to provide water and wastewater services and maintain facilities has been conveyed to the City of Conroe, Texas. The Board of Directors held its organizational meeting on April 23, 2015 and sold its first bonds on January 28, 2018.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an appointed board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately appointed governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements (Continued)

Governmental Funds

The District has three governmental funds and considers each to be major funds.

General Fund - To account for maintenance tax revenues and contract payments, as well as operating and administrative costs.

Debt Service Fund – To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund - To account for financial resources restricted, committed or assigned for acquisition or construction of District facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both “measurable and available.” Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. During the current fiscal year, the Capital Projects Fund made a transfer to the General Fund of \$8,570 for bond-related expenses initially covered by the General Fund. As of July 31, 2025, the Debt Service Fund owes the General Fund \$36,250 for maintenance tax collections.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets, which may include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital Assets additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Drainage facilities are depreciated over periods ranging from 10 to 45 years. All other equipment is depreciated over periods ranging from 3 to 20 years.

Water, wastewater, drainage facilities and road facilities have been conveyed to the City of Conroe, Texas (the “City”). The City operates and maintains these facilities for providing services to properties in the District. The District is entitled to significant residual interest in the facilities conveyed and continues to record these facilities as District assets and records depreciation on these facilities in accordance with GASB Statement No. 94. See Note 6 for additional information.

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District’s Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that the directors are considered to be “employees” for federal payroll tax purposes only.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1

NOTES TO THE FINANCIAL STATEMENTS

JULY 31, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

The following is a summary of transactions regarding long-term liabilities for the year ended July 31, 2025:

	August 1, 2024	Additions	Retirements	July 31, 2025
Bonds Payable	\$ 89,790,000	\$ 13,570,000	\$ 1,865,000	\$ 101,495,000

JULY 31, 2025

NOTE 3. LONG-TERM DEBT (Continued)

- * Or on any date thereafter, at par plus unpaid accrued interest to the date of redemption, in whole or in part, at the option of the District. Series 2018 term bonds due September 1, 2042 are subject to mandatory redemption by random selection beginning September 1, 2039. Series 2018 Road term bonds due September 1, 2042 are subject to mandatory redemption by random selection beginning September 1, 2036. Series 2019 term bonds due September 1 in each of the years 2029, 2037, 2039 and 2043 are subject to mandatory redemption by random selection beginning September 1, 2027. Series 2019 Road term bonds due September 1 in each of the years 2040 and 2043 are subject to mandatory redemption by random selection beginning September 1, 2038. Series 2020 term bonds due September 1 in each of the years 2028, 2031, 2033, 2035, 2043 and 2045 are subject to mandatory redemption by random selection beginning September 1, 2026. Series 2020 Road term bonds due September 1 in each of the years 2041, 2043 and 2045 are subject to mandatory redemption by random selection beginning September 1, 2040. Series 2021 Road term bonds due September 1, 2043 and September 1, 2046 are subject to mandatory redemption by random section beginning September 1, 2041 and September 1, 2044, respectively. Series 2022 term bonds due September 1 in each of the years 2029, 2031, 2033, 2035, 2038, 2041, 2043 and 2047 are subject to mandatory redemption by random selection beginning September 1, 2028. Series 2022 Road term bonds due September 1 in each of the years 2030, 2037, 2039, 2043, 2045 and 2047 are subject to mandatory redemption by random selection beginning September 1, 2029. Series 2023 term bonds and Series 2023 Road term bonds due September 1, 2030 and September 1, 2048 are subject to mandatory redemption by random selection beginning September 1, 2029 and September 1, 2047, respectively. Series 2024 term bonds due September 1, 2039 and September 1, 2049 are subject to mandatory redemption by random selection beginning September 1, 2038 and September 1, 2048, respectively.

Subsequent to fiscal year-end, the District closed on the sale of bonds. See Note 15.

As of July 31, 2025, the District had authorized but unissued bonds in the amount of \$194,365,000 for utility facilities, \$141,235,000 for road facilities, and \$24,700,000 for parks and recreational facilities. The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

During the year ended July 31, 2025, the District levied an ad valorem debt service tax rate of \$0.46 per \$100 of assessed valuation for utility facility debt and \$0.32 per \$100 of assessed valuation for road facility debt which resulted in a tax levy of \$6,411,208 on the adjusted taxable valuation of \$821,949,752 for the 2024 tax year. The Bond Resolutions require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 4. SIGNIFICANT BOND RESOLUTION AND LEGAL REQUIREMENTS

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of section 148 (f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on each 5th-year anniversary of each issue.

The Bond Resolutions state that the District is required to provide continuing disclosure of certain general financial information and operating data with respect to the District to the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access (“EMMA”) system. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District’s deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District’s deposits was \$108,421 and the bank balance was \$132,088. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at July 31, 2025, as listed below:

	<u>Cash</u>
GENERAL FUND	\$ 2,746
DEBT SERVICE FUND	105,375
CAPITAL PROJECTS FUND	<u>300</u>
TOTAL DEPOSITS	<u>\$ 108,421</u>

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS"), an external public funds investment pool that is not SEC-registered. Public Trust Advisors, LLC serves as the pool's administrator and investment advisor. The pool is subject to the general supervision of the Board of Trustees and its Advisory Board. UMB Bank, N.A. serves as custodian for the pool. Investments held by Texas CLASS are priced to market on a weekly basis. The investments are considered to be Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from Texas CLASS.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

As of July 31, 2025, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year
<u>GENERAL FUND</u>		
Texas CLASS	\$ 1,134,053	\$ 1,134,053
<u>DEBT SERVICE FUND</u>		
Texas CLASS	6,962,104	6,962,104
<u>CAPITAL PROJECTS FUND</u>		
Texas CLASS	<u>1,391,278</u>	<u>1,391,278</u>
TOTAL INVESTMENTS	<u>\$ 9,487,435</u>	<u>\$ 9,487,435</u>

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. As of July 31, 2025, the District's investments in Texas CLASS were rated AAAM by Standard and Poor's. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investments in Texas CLASS to have a maturity of less than one year due to the fact the share positions can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

Restrictions

All cash and investment of the Debt Service Fund are restricted for the payment of debt service and cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

*As Adjusted, See Note 16

Per the Utility Functions Agreement with the City of Conroe, Texas (the "City"), water, wastewater, drainage and road facilities constructed by the District have been conveyed to the City and stormwater detention, floodplain reclamation and recreational facilities constructed are to remain assets of the District. The City operates and maintains these facilities for providing services in the District. The District is entitled to significant residual interest in the facilities conveyed and continues to record these facilities as District assets and records depreciation on these facilities in accordance with GASB Statement No. 94.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 7. MAINTENANCE TAX

On November 3, 2015, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$1.00 per \$100 of assessed valuation of taxable property within the District. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District's facilities as well as any other lawfully authorized purpose. During the year ended July 31, 2025, the District levied an ad valorem maintenance tax rate of \$0.08 per \$100 of assessed valuation which resulted in tax levy of \$657,559 on the adjusted taxable valuation of \$821,949,752 for the 2024 tax year.

On November 3, 2015, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.10 per \$100 of assessed valuation of taxable within the District to be used to pay construction and maintenance expenditures related to road facilities. As of the end of the current fiscal year, the District has not yet levied this particular tax.

NOTE 8. DUE TO DEVELOPER

The District has executed agreements for the construction of improvements and reimbursement of advances with a Developer within the District. The agreement calls for the Developer to fund costs associated with water, wastewater, drainage, park and road facilities and operating advances until such time as the District can sell bonds. As reflected in the Statement of Net Position, \$125,000 has been recorded as a liability for operating advances. As of July 31, 2025, the Developer has indicated that approximately \$13,652,352 had been expended on behalf of the District in accordance with the agreement on completed projects. These liabilities have been recorded in the Statement of Net Position for these projects and reimbursement is contingent upon approval from the Commission and the future sale of bonds.

The following table summarizes the current year activity related to unreimbursed developer costs for completed projects and operating advances:

Due to Developer, beginning of year	\$ 15,400,023
Additions	4,321,913
Reimbursements	<u>(5,944,584)</u>
Due to Developer, end of year	<u>\$ 13,777,352</u>

NOTE 9. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, error and omission and natural disasters from which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the last three years.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 10. UTILITY FUNCTIONS AGREEMENT

On October 24, 2013, Conroe CS Texas Holdings LP, (the “Developer”) acting on behalf of the District entered into the Utility Functions Agreement with the City of Conroe (the “City”). The Agreement was assigned to the District by the Developer on April 23, 2015. Pursuant to this Agreement, the City consented to the creation of the District within its city limits. The District is responsible for acquiring and constructing for the benefit of, and for ultimate conveyance to, the City, the water distribution, wastewater collection, drainage and road facilities (the “Facilities”) to serve development within the District. The City has agreed to accept the Facilities for operation and maintenance in consideration for the District’s financing, acquisition and construction of the Facilities. The City agrees to charge residents of the District the same water and wastewater rates that the City charges in other parts of the City.

The Agreement provides that the Facilities shall be designed and constructed in accordance with the City’s requirements. The City agrees to provide the District with its ultimate requirements for water supply capacity and wastewater treatment capacity without charging the District any type of capital charge. In accordance with the Agreement, the District is authorized to issue bonds for the purpose of financing the construction and acquisition of the Facilities.

The Agreement provides that the City will pay an annual rebate to the District. The annual rebate, which is waived by the District during the period under which the City makes payments to the District under the Reimbursement Agreement and Economic Development Agreement, as amended and restated, (see Note 11), is equal to the total assessed value in the District for the given year multiplied by the portion of the City’s tax rate that is attributable to water, sewer and drainage facilities.

The term of the Agreement is the earlier of the dissolution of the District by the City or 40 years. The City’s right to dissolve the District is restricted per the Agreement. Under the terms of the Agreement, the City agrees that it will not dissolve the District until certain conditions have been met, including (i) 90% of the District’s facilities have been developed and (ii) the Developers have been reimbursed for advancing funds to construct the Facilities to the maximum extent permitted by the rules of the Commission or the City assumes any obligations for such payment by the District under such rules.

NOTE 11. REIMBURSEMENT AND ECONOMIC DEVELOPMENT AGREEMENTS WITH THE CITY OF CONROE

On October 24, 2013, the Developer entered into separate Reimbursement and Economic Development Agreements with the City. The Agreements were assigned to the District on April 23, 2015. On August 5, 2022, the District, Developer, and the City entered into an Amended and Restated Reimbursement Agreement which superseded and replaced the prior agreements.

The Agreement sets forth the terms by which the City will now make annual payments directly to the Developer rather than to the District. Annual Developer payments cannot exceed \$1,500,000 and the total amount of funds available will not exceed \$11,962,798. The obligation of the City to pay the reimbursements were facilitated through the monetization of the payments through the issuance of a series of bonds.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 12. ROAD AND PUBLIC IMPROVEMENTS AGREEMENT WITH MONTGOMERY COUNTY

On November 13, 2013, the Developer entered into an Agreement with Montgomery County (the “County”). The Agreement was assigned to the District on April 23, 2015. It calls for the County to reimburse the District a maximum of \$20,000,000 for roads and public improvements, including related drainage and storm sewer facilities.

The Agreement specifies the methodology by which annual payments, which are based on the District’s taxable values, are to be calculated and additionally authorizes the District to issue bonds supported by these payments. As of July 31, 2025, the District has received \$4,922,447 from Montgomery County related to this agreement, of which \$1,601,591 was received in the current fiscal year.

NOTE 13. BOND ANTICIPATION NOTE SALES

On December 22, 2023, the District closed on the sale of its \$5,270,000 Series 2023 Bond Anticipation Note (2023 BAN). Proceeds from the 2023 BAN sale were used to reimburse the Developer for a portion of the costs associated with construction and engineering for water, wastewater and drainage facilities to serve Grand Central Park, Sections 26, 27, 28 and 30 and Grand Central Parkway, Phase 6. Additional proceeds were used to pay issuance costs of the 2023 BAN. The 2023 BAN was redeemed with proceeds from the Series 2024 Unlimited Tax Bonds. See Note 14.

On December 20, 2024, the District closed on the sale of its \$8,625,000 Series 2024 Bond Anticipation Note (2024 BAN). Proceeds from the 2024 BAN sale were used to reimburse the Developer for a portion of the costs associated with construction and engineering for water, wastewater and drainage facilities to serve Grand Central Park, Sections 29, 30, 31, 32, 33, 35, 37, Grand Central Park Grand Link Drive Phase II, Grand Central Park Ivy Steel Avenue Phase II, City Central Avenue Phase III and V. The 2024 BAN will be redeemed with proceeds from the Series 2025 Unlimited Tax Bonds. See Note 15.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2025

NOTE 14. BOND SALES

On August 22, 2024, the District closed on the sale of \$8,570,000 of Series 2024 Unlimited Tax Bonds. Proceeds from the bond sale were used to reimburse the Developer for a portion of costs associated with construction and engineering for water, wastewater and drainage facilities to serve Grand Central Park, Sections 26, 27, 28 and 30 and Grand Central Parkway, Phase 6. Additional proceeds were used to pay Developer interest and 2023 BAN interest, redeem the 2023 BAN and pay issuance costs of the bonds and 2023 BAN.

On December 19, 2024, the District closed on the sale of \$5,000,000 of Unlimited Tax Park Bonds, Series 2024. Proceeds from the bonds were used to reimburse the Developer for construction and engineering costs for Trillium Park, Mystic Pond and Twilight Park, Picnic Park and Central Village West Landscaping, a Future Park Site, Town Park and Grand Central Park, Sections 10-12 Landscaping. Additional proceeds were used to pay issuance costs of the bonds.

NOTE 15. SUBSEQUENT EVENT – BOND SALE AND PENDING BOND SALE

On November 4, 2025, subsequent to year end, the District closed on the sale of \$14,050,000 of Series 2025 Unlimited Tax Bonds. Proceeds from the bond sale were used to reimburse the Developer for a portion of costs associated with construction and engineering for water, wastewater and drainage facilities to serve Grand Central Park, Sections 29, 30, 31, 32, 33, 35, 37, Grand Link Drive Phase II, Ivy Steel Avenue Phase II, City Central Avenue Phase III, and City Central Avenue Phae V. Additional proceeds were used to pay Developer interest and 2024 BAN interest, redeem the 2024 BAN and pay issuance costs of the bonds and 2024 BAN.

On or about December 18, 2025, subsequent to year end, the District anticipates closing on the sale of \$5,000,000 of Series 2025 Unlimited Tax Road Bonds. Proceeds from the bond sale will be used to reimburse the Developer for a portion of costs associated with construction and engineering for various road improvement projects. Additional proceeds will be used to pay Developer interest and to pay issuance costs of the bonds.

On or about December 18, 2025, subsequent to year end, the District anticipates closing on the sale of \$2,255,000 of Series 2025 Bond Anticipation Note (2025 BAN). Proceeds from the 2025 BAN sale will be used to reimburse the Developer for a portion of costs associated with construction and engineering for various water, sanitary sewer, and drainage improvement projects.

NOTE 16. PRIOR PERIOD ADJUSTMENT

In accordance with the requirements of Governmental Accounting Standards Board Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, which the District was required to implement in the current fiscal year, certain assets conveyed to the City in prior years are now required to be classified as capital assets of the District. These assets will be depreciated over the estimated useful lives of the assets. The impact of this change in accounting principle resulted in an increase to prior period net position of \$2,818,714.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1

SUPPLEMENTARY INFORMATION REQUIRED BY THE

WATER DISTRICT FINANCIAL MANAGEMENT GUIDE

JULY 31, 2025

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1

SERVICES AND RATES

FOR THE YEAR ENDED JULY 31, 2025

1. SERVICES PROVIDED BY THE DISTRICT DURING THE FISCAL YEAR:

<u>N/A</u>	Retail Water	<u>N/A</u>	Wholesale Water	<u>X</u>	Drainage
<u>N/A</u>	Retail Wastewater	<u>N/A</u>	Wholesale Wastewater	<u>N/A</u>	Irrigation
<u>X</u>	Parks/Recreation	<u>N/A</u>	Fire Protection	<u>N/A</u>	Security
<u>N/A</u>	Solid Waste/Garbage	<u>N/A</u>	Flood Control	<u>N/A</u>	Roads
<u>N/A</u>	Participates in joint venture, regional system and/or wastewater service (other than emergency interconnect)				
<u>N/A</u>	Other (specify): _____				

The District receives retail water and wastewater services from the City of Conroe (the “City”). In this arrangement certain water and wastewater facilities constructed by the District will be conveyed to the City. The City will maintain the facilities and operate the facilities for the benefit of the residents of the District. Therefore, the District will not be responsible for operation of the utilities within its boundaries.

2. RETAIL SERVICE PROVIDERS

a. RETAIL RATES FOR A 5/8” METER (OR EQUIVALENT):

Based on the rate order approved N/A .

	<u>Minimum Charge</u>	<u>Minimum Usage</u>	<u>Flat Rate Y/N</u>	<u>Rate per 1,000 Gallons over Minimum Use</u>	<u>Usage Levels</u>
WATER:	N/A				
WASTEWATER:	N/A				
SURCHARGE:	N/A				

District employs winter averaging for wastewater usage?

 X
 Yes No

Total monthly charges per 10,000 gallons usage: Water: \$N/A Wastewater: \$N/A Surcharge: \$N/A

See accompanying independent auditor’s report.

FOR THE YEAR ENDED JULY 31, 2025

2. RETAIL SERVICE PROVIDERS (Continued)

b. WATER AND WASTEWATER RETAIL CONNECTIONS:

Meter Size	Total Connections	Active Connections	ESFC Factor	Active ESFCs
Unmetered			x 1.0	
≤¾"			x 1.0	
1"			x 2.5	
1½"			x 5.0	
2"			x 8.0	
3"			x 15.0	
4"			x 25.0	
6"			x 50.0	
8"			x 80.0	
10"			x 115.0	
Total Water Connections	N/A	N/A		
Total Wastewater Connections	N/A	N/A	x 1.0	

3. TOTAL WATER CONSUMPTION DURING THE FISCAL YEAR ROUNDED TO THE NEAREST THOUSAND:

Gallons pumped:	N/A	Water Accountability Ratio: N/A (Gallons billed and sold/Gallons pumped and purchased)
-----------------	-----	---

Gallons billed to customers: N/A

See accompanying independent auditor's report.

CONROE MUNICIPAL MANAGEMENT DISTRICT NO. 1
SERVICES AND RATES
FOR THE YEAR ENDED JULY 31, 2025

4. STANDBY FEES (authorized only under TWC Section 49.231):

Does the District have Debt Service standby fees? Yes ☐ No ☒

Does the District have Operation and Maintenance standby fees? Yes ☐ No ☒

5. LOCATION OF DISTRICT:

Is the District located entirely within one county?

Yes ☒ No ☐

County in which District is located:

Montgomery County, Texas

Is the District located within a city?

Entirely ☒ Partly ☐ Not at all ☐

City in which District is located:

City of Conroe, Texas

Are Board Members appointed by an office outside the District?

Yes ☒ No ☐

By City of Conroe, Texas

See accompanying independent auditor's report.

APPENDIX B
SPECIMEN MUNICIPAL BOND INSURANCE POLICY

MUNICIPAL BOND INSURANCE POLICY

ISSUER:

Policy No.: -N

BONDS: \$ in aggregate principal amount of

Effective Date:

Premium: \$

ASSURED GUARANTY INC. ("AG"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of AG, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AG shall have received Notice of Nonpayment, AG will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AG, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AG. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AG is incomplete, it shall be deemed not to have been received by AG for purposes of the preceding sentence and AG shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AG shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AG hereunder. Payment by AG to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AG under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AG shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AG which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AG may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AG pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AG and shall not be deemed received until received by both and (b) all payments required to be made by AG under this Policy may be made directly by AG or by the Insurer's Fiscal Agent on behalf of AG. The Insurer's Fiscal Agent is the agent of AG only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AG to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AG agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AG to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AG, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, ASSURED GUARANTY INC. has caused this Policy to be executed on its behalf by its Authorized Officer.
