

EAST MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 12
(Montgomery County, Texas)

PRELIMINARY OFFICIAL STATEMENT
DATED: JULY 21, 2026

\$6,980,000
UNLIMITED TAX BONDS
SERIES 2026

BIDS TO BE SUBMITTED: 10:00 A.M., CENTRAL TIME
THURSDAY, SEPTEMBER 3, 2026

BONDS TO BE AWARDED: 12:00 P.M., CENTRAL TIME
THURSDAY, SEPTEMBER 3, 2026

Financial Advisor

PRELIMINARY OFFICIAL STATEMENT DATED JULY 21, 2026

This Preliminary Official Statement is subject to completion and amendment and is intended for the solicitation of initial bids to purchase the Bonds (defined herein). Upon the sale of the Bonds, the Official Statement will be completed and delivered to the Initial Purchaser (defined herein).

IN THE OPINION OF BOND COUNSEL, UNDER EXISTING LAW, INTEREST ON THE BONDS (I) IS EXCLUDABLE FROM GROSS INCOME FOR FEDERAL INCOME TAX PURPOSES UNDER SECTION 103 OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED, AND (II) IS NOT AN ITEM OF TAX PREFERENCE FOR PURPOSES OF THE ALTERNATIVE MINIMUM TAX ON INDIVIDUALS. SEE “TAX MATTERS” HEREIN, INCLUDING INFORMATION REGARDING POTENTIAL ALTERNATIVE MINIMUM TAX CONSEQUENCES FOR CORPORATIONS.

The Bonds will be designated “qualified tax-exempt obligations” for financial institutions.

NEW ISSUE - Book-Entry-Only

NOT RATED

EAST MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 12
(A Political Subdivision of the State of Texas, located within Montgomery County)

\$6,980,000
UNLIMITED TAX BONDS
SERIES 2026

Dated: September 1, 2026

Interest Accrues From: Date of Delivery

Due: September 1, as shown below

The \$6,980,000 East Montgomery County Municipal Utility District No. 12 Unlimited Tax Bonds, Series 2026 (the “Bonds”) are obligations of East Montgomery County Municipal Utility District No. 12 (the “District”) and are not obligations of the State of Texas; the City of Conroe (the “City”), Texas; Montgomery County, Texas (the “County”); or any political subdivision or entity other than the District. Neither the faith and credit nor the taxing power of the State of Texas; the City; the County; nor any entity other than the District is pledged to the payment of the principal of or interest on the Bonds.

Principal of the Bonds is payable upon presentation at the principal payment office of the paying agent/registrars, initially BOKF, NA, Dallas, Texas, as the initial paying agent/registrars (the “Paying Agent/Registrar”) for the Bonds. Interest on the Bonds accrues from the initial date of delivery (on or about September 29, 2026) (the “Date of Delivery”), and is payable March 1, 2027, and on each September 1 and March 1 (each an “Interest Payment Date”) thereafter until the earlier of maturity or redemption. Interest on the Bonds will be payable by check dated as of the Interest Payment Date, and mailed by the Paying Agent/Registrar to registered owners (“Registered Owners”) as shown on the records of the Paying Agent/Registrar at the close of business on the 15th calendar day of the month next preceding each interest payment date (the “Record Date”). The Bonds are fully registered bonds in principal denominations of \$5,000 or any integral multiple thereof.

The Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York (“DTC”), which will act as securities depository for the Bonds. Beneficial owners of the Bonds will not receive physical certificates representing the Bonds, but will receive a credit balance on the books of the nominees of such beneficial owners. So long as Cede & Co. is the registered owner of the Bonds, the principal of and interest on the Bonds will be paid by the Paying Agent/Registrar directly to DTC, which will, in turn, remit such principal and interest to its participants for subsequent disbursement to the beneficial owners of the Bonds as described herein. See “THE BONDS – Book-Entry-Only System.”

See “MATURITIES, PRINCIPAL AMOUNTS, INTEREST RATES, INITIAL REOFFERING YIELDS, AND CUSIPS” on inside cover.

The Bonds, when issued, will constitute valid and binding obligations of the District and will be payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District, as further described herein. Investment in the Bonds is subject to special risk factors as described herein. See “RISK FACTORS.”

The Bonds are offered subject to prior sale, when, as and if issued by the District and accepted by the initial purchaser of the Bonds (the “Initial Purchaser”) are subject to the approval of the Attorney General of Texas and of Allen Boone Humphries Robinson LLP, Houston, Texas, Bond Counsel. Delivery of the Bonds in book-entry form through the facilities of DTC is expected on or about September 29, 2026.

MATURITIES, PRINCIPAL AMOUNTS, INTEREST RATES, INITIAL REOFFERING YIELDS, AND CUSIPS

- (a) Information with respect to the initial reoffering yields of the Bonds is the responsibility of the Initial Purchaser (herein defined). Initial reoffering yields represent the initial offering price, which may be changed for subsequent purchasers. The initial yield indicated above represents the lower of the yields resulting when priced to maturity or to the first call date.
- (b) CUSIP numbers will be assigned to the Bonds by CUSIP Global Services, managed by FactSet Research Systems Inc. on behalf of the American Bankers Association and are included solely for the convenience of the owners of the Bonds.
- (c) Bonds maturing on September 1, 2032, and thereafter, shall be subject to redemption and payment at the option of the District, in whole or from time to time in part on September 1, 2031, or on any date thereafter, at the par value thereof plus accrued interest to the date fixed for redemption. See "THE BONDS – Redemption of the Bonds."

USE OF INFORMATION IN OFFICIAL STATEMENT

For purposes of compliance with Rule 15c2-12 of the Securities Exchange Commission ("SEC"), as amended, and in effect on the date of this Preliminary Official Statement, this document constitutes an "official statement" of the District with respect to the Bonds that has been deemed "final" by the Issuer as of its date except for the omission of no more than information permitted by SEC Rule 15c2-12.

This document, when further supplemented by adding additional information specifying the interest rates and certain other information relating to the Bonds shall constitute a "final official statement" of the District with respect to the Bonds, as such term is defined in SEC Rule 15c2-12.

No dealer, broker, salesman or other person has been authorized to give any information, or to make any representations, other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by the District or the Initial Purchaser.

All of the summaries of the statutes, resolutions, orders, contracts, audits, engineering and other related reports set forth in this Official Statement are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents, copies of which are available from Bond Counsel, for further information.

This Official Statement is not to be used in connection with an offer to sell or the solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

The Financial Advisor (defined herein) has provided the following sentence for inclusion in this Official Statement. The Financial Advisor has reviewed the information in the Official Statement in accordance with, and as part of, its responsibility to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof. The District has agreed to keep this Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and to the extent such information actually comes to its attention, the other matters described in this Official Statement, until delivery of the Bonds to the Initial Purchaser and thereafter only as specified in "OFFICIAL STATEMENT - Updating of Official Statement."

 APPENDIX A - FINANCIAL STATEMENTS OF THE DISTRICT	

SALE AND DISTRIBUTION OF THE BONDS

Award of the Bonds

After requesting competitive bids for the Bonds, the District has accepted the lowest bid, resulting in the lowest net effective interest rate which was tendered by _____ (referred to herein as the "Initial Purchaser") to purchase the Bonds bearing the interest rates shown on the inside cover at a price of _____% of the par value thereof, which resulted in a net effective interest rate of _____%, as calculated pursuant to Chapter 1204 of the Texas Government Code, as amended.

Prices and Marketability

The District has no control over the reoffering yields or prices of the Bonds or over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked prices of the Bonds may be greater than the difference between the bid and asked prices of bonds of comparable maturity and quality issued by more traditional municipal entities, as bonds of such entities are more generally bought, sold, or traded in the secondary market.

The delivery of the Bonds is conditioned upon the receipt by the District of a certificate executed and delivered by the Initial Purchaser on or before the date of delivery of the Bonds stating the prices at which a substantial amount of the Bonds of each maturity has been sold to the public. For this purpose, the term "public" shall not include any person who is a bondhouse, broker or similar person acting in the capacity of underwriter or wholesaler. Otherwise, the District has no understanding with the Initial Purchaser regarding the reoffering yields or prices of the Bonds. Information concerning reoffering yields or prices is the responsibility of the Initial Purchaser.

The prices and other terms with respect to the offering and sale of the Bonds may be changed from time-to-time by the Initial Purchaser after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial offering prices, including sales to dealers who may sell the Bonds into investment accounts.

IN CONNECTION WITH THIS OFFERING, THE INITIAL PURCHASER MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

Securities Laws

No registration statement relating to the Bonds has been filed with the United States Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been registered or qualified under the securities acts of any other jurisdictions. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be offered, sold, or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds should not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

MUNICIPAL BOND INSURANCE AND RATING

The District has made applications to Build America Mutual Assurance Company and Assured Guaranty Inc. for a commitment for municipal bond guaranty insurance on the Bonds. **THE PURCHASE OF SUCH INSURANCE IS MANDATORY, and the payment of all associated costs, including the premium charged by the insurance company and fees charged by rating companies, will be at the expense of the Initial Purchaser.**

The District has not made an application for a rating on the Bonds. Furthermore, it is not expected that the District would have been successful in obtaining an investment grade rating on the Bonds had such application been made.

OFFICIAL STATEMENT SUMMARY

The following material is a summary of certain information contained herein and is qualified in its entirety by the more detailed information and financial statements appearing elsewhere in this Official Statement. The summary should not be detached and should be used in conjunction with the more complete information contained herein. A full review should be made of the entire Official Statement and of the documents summarized or described herein.

THE BONDS

The Issuer	East Montgomery County Municipal Utility District No. 12 (the "District"), a political subdivision of the State of Texas, is located in Montgomery County, Texas. See "THE DISTRICT."
The Issue	The \$6,980,000 Unlimited Tax Bonds, Series 2026 (the "Bonds") are dated September 1, 2026 (the "Dated Date"), and interest accrues from the initial date of delivery (on or about September 29, 2026) (the "Date of Delivery"), at the rates set forth on the inside cover page hereof, and is payable March 1, 2027, and each September 1 and March 1 thereafter until the earlier of stated maturity or redemption. The Bonds mature serially on September 1, in each year 2027 through 2050, both inclusive, in the principal amounts set forth on the inside cover page, unless the winning bidder for the Bonds elects to combine two or more maturities into term bonds. Bonds maturing on and after September 1, 2032, are subject to redemption, in whole or from time to time in part, on September 1, 2031, or on any date thereafter, at the par value thereof plus accrued interest to the date fixed for redemption. See "THE BONDS."
Book-Entry-Only System.....	The Bonds will be initially registered and delivered only to Cede & Co., the nominee of The Depository Trust Company, New York, New York ("DTC"), pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Bonds may be acquired in principal denominations of \$5,000 or integral multiples thereof. No physical delivery of the Bonds will be made to the Beneficial Owners (hereinafter defined) thereof. Principal of and interest on the Bonds will be payable by BOKF, NA, Dallas, Texas, as the initial paying agent/registrar (the "Paying Agent/Registrar") to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the Beneficial Owners of the Bonds. See "THE BONDS – Book-Entry-Only System."
Source of Payment	The Bonds are payable from a continuing direct annual ad valorem tax, unlimited as to rate or amount, levied against all taxable property within the District. The Bonds are obligations of the District and are not obligations of the City of Conroe, Texas (the "City"), Montgomery County, Texas (the "County"), the State of Texas, or any entity other than the District. See "THE BONDS - Source of Payment."
Use of Proceeds	Proceeds from the sale of the Bonds will be used to reimburse the Developer (defined herein) for eligible utility construction costs, to pay developer interest, to pay six (6) months of capitalized interest, costs of issuance of the Bonds, and those other non-construction costs provided under "USE AND DISTRIBUTION OF BOND PROCEEDS."
Qualified Tax-Exempt Obligations	The Bonds will be designated "qualified tax-exempt obligations" for financial institutions.
Municipal Bond Insurance and Rating	The District has made applications to Build America Mutual Assurance Company and Assured Guaranty Inc. for a commitment for municipal bond guaranty insurance on the Bonds. THE PURCHASE OF SUCH INSURANCE IS MANDATORY, and the payment of all associated costs, including the premium charged by the insurance company and fees charged by rating companies, will be at the expense of the Initial Purchaser. The District will pay the cost of the Moody's rating associated with the guaranty insurance policy issued relating to the Bonds if insurance is purchased by the Initial Purchaser. The District has not made an application for a rating on the Bonds. See "MUNICIPAL BOND INSURANCE AND RATING."
Outstanding Bonds	The District has previously issued two (2) series of unlimited tax bonds for the Utility System (defined herein) in the principal amount of \$26,755,000, and one (1) series of unlimited tax bonds for the Road System (defined

herein) in the principal amount of \$14,305,000, of which a total principal amount of \$38,625,000 will remain outstanding as of the Date of Delivery (the “Outstanding Bonds”).

Payment Record..... The Bonds are the fourth issuance of bonded indebtedness by the District. The District has never defaulted on the timely payment of principal or interest on its bonded indebtedness.

Authority for Issuance..... The Bonds constitute the third series of unlimited tax bonds issued by the District from the \$107,501,000 principal amount of unlimited tax bonds authorized by the District’s voters for the purpose of purchasing, constructing, operating and maintaining a water, wastewater and a drainage system to serve the District (the “Utility System”) and for the further purpose of refunding such bonds. The District’s voters have also authorized \$51,582,000 principal amount of unlimited tax bonds for the purpose of constructing or acquiring a road system to serve the District (the “Road System”) and for the further purpose of refunding such bonds; and \$5,000,000 principal amount of unlimited tax bonds for the purpose of constructing parks and recreational facilities within the District (the “Park System”) and for the further purpose of refunding such bonds.

Following the issuance of the Bonds, \$73,766,000 principal amount of unlimited tax bonds for the Utility System; \$37,277,000 principal amount of unlimited tax bonds for the Road System; and \$5,000,000 principal amount of unlimited tax bonds for the Park System will remain authorized and unissued. The Bonds are issued pursuant to (i) a resolution authorizing the issuance of the Bonds (the “Bond Resolution”), adopted by the Board of Directors of the District on the date of the sale of the Bonds; (ii) Article XVI, Section 59 of the Texas Constitution and general laws of the State of Texas, particularly Chapters 49 and 54 of the Texas Water Code, as amended; (iii) an election held in the District, and passed by a majority of the participating voters; (iv) and an order of the Texas Commission on Environmental Quality (“TCEQ”). See “THE BONDS – Authority for Issuance.”

Legal Opinion Allen Boone Humphries Robinson LLP, Houston, Texas. See “LEGAL MATTERS” and “TAX MATTERS.”

Financial Advisor Cedar Creek Municipal Advisors, LLC, Houston, Texas.

Disclosure Counsel..... McCall, Parkhurst & Horton L.L.P., Houston, Texas.

THE DISTRICT

Description..... The District was created by Senate Bill No. 887 (and codified as Chapter 8116, Special District Local Laws Code), Act of the 79th Texas Legislature, Regular Session 2005. Additionally, pursuant to House Bill No. 4654, Act of the 86th Texas Legislature, Regular Session 2019, the District was granted certain road powers. At the time of the creation, the District encompassed approximately 567.7 acres. The District excluded approximately 169.6 acres on October 18, 2019. The District annexed approximately 11.75 acres on May 6, 2022. Currently, the District encompasses approximately 409.9 acres. The District is located in the eastern portion of the County, approximately 15 miles southeast of the Central Business District of the City. It is generally bounded on the north by Kensington Oaks Drive, and on the south by State Highway 242, and is located just east of the intersection of State Highway 242 and Kropik Road. The District is located entirely within the extraterritorial jurisdiction of the City and Splendora Independent School District.

The District operates under Chapters 49 and 54 of the Texas Water Code, as amended. The District was created under the provisions of Article XVI, Section 59 of the Texas Constitution. See “THE DISTRICT – Authority” and “– Description.”

Development within the District Approximately 316.74 acres (1,467 lots) within the District have been developed into the single-family subdivisions of Harrington Trails, Sections 1, 2, 3, 4A, 4B, 5A, and 5B, 6A, 6B, 7, 8, and 9. Approximately 78.10 acres of undevelopable land consists of drainage easements/reserves, collector rights-of-way, drill sites, and District plant sites. In addition, the Timber Lakes Elementary School has been constructed upon approximately 15.01 acres in the District.

As of July 1, 2026, the District was comprised of 1,356 completed homes, 22 homes under construction, and approximately 89 vacant developed lots. There is no remaining undeveloped but developable land within the District. See "DEVELOPMENT OF THE DISTRICT," and "THE DISTRICT."

Developer..... The principal developer of land within the District is Forestar (USA) Real Estate Group, Inc. ("Forestar"), which is a wholly-owned subsidiary of Forestar Group, Inc. ("Forestar Group"). Forestar Group is a publicly traded corporation and majority owned subsidiary of D.R. Horton, Inc. a publicly traded corporation. Forestar is referred to herein as the "Developer." See "DEVELOPER" and "DEVELOPMENT OF THE DISTRICT."

Homebuilders Within the District..... Homebuilders active within the District include Clayton Home Building Group, D.R. Horton, CastleRock Communities, History Maker Homes, and Starlight Homes, which is owned by Ashton Woods. Prices of new homes being constructed within the District range from approximately \$230,000 to \$350,000 and range in size from approximately 1,400 to 2,700 square feet. See "DEVELOPER—Homebuilders within the District."

RISK FACTORS

THE DISTRICT'S TAXES ARE LEVIED ONLY ON THE PROPERTY LOCATED WITHIN THE DISTRICT. THEREFORE, THE INVESTMENT SECURITY AND QUALITY OF THE BONDS IS DEPENDENT UPON THE SUCCESSFUL DEVELOPMENT OF PROPERTY LOCATED WITHIN THE DISTRICT AND THE PAYMENT AND COLLECTION OF TAXES LEVIED THEREON.

THE BONDS ARE SUBJECT TO CERTAIN RISK FACTORS. PROSPECTIVE PURCHASERS SHOULD REVIEW THE ENTIRE OFFICIAL STATEMENT BEFORE MAKING AN INVESTMENT DECISION, INCLUDING PARTICULARLY THE SECTION OF THE OFFICIAL STATEMENT ENTITLED "RISK FACTORS."

- (a) As certified by the Appraisal District as of January 1, 2026. All property located in the District is valued on the tax rolls by the Appraisal District at 100% of estimated market value as of January 1 of each year. This amount includes \$60,172,712 of uncertified value, which represents 85% of the total uncertified value provided by the Appraisal District which is the estimated minimum amount of uncertified value that will ultimately be certified. See "TAX DATA" and "TAXING PROCEDURES."
 - (b) Provided by the Appraisal District for informational purposes only. This amount is an estimate of the taxable value of all taxable property located within the District as of July 1, 2026 and includes an estimate of additional taxable value resulting from the construction of taxable improvements from January 1, 2026, through July 1, 2026. No taxes will be levied on this estimated value. See "TAX DATA" and "TAXING PROCEDURES."
 - (c) See "DISTRICT DEBT - Estimated Direct and Overlapping Debt Statement."
 - (d) At the time of closing on the Bonds, six (6) months of capitalized interest on the Bonds will be deposited into the District's Utility System Debt Service Fund (defined herein). Neither Texas law nor the Bond Resolution requires that the District maintain any particular sum in the Utility System Debt Service Fund. Funds in the Utility System Debt Service Fund are pledged only to pay debt service on bonds issued by the District for the Utility System (e.g., the Bonds), and are not available to pay debt service on Road System Bonds.
 - (e) Neither Texas law nor the Bond Resolution requires that the District maintain any particular sum in the Road System Debt Service Fund. Funds in the Road System Debt Service Fund are pledged only to pay the debt service on bonds issued by the District for road purposes and are not available to pay debt service on bonds issued by the District for the Utility System, including the Bonds, or the Park System.
 - (f) Requirement of debt service on the Bonds and the Outstanding Bonds. assuming the Bonds are issued at an interest rate of 4.80%. See "DISTRICT DEBT – Debt Service Requirement Schedule."

EAST MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 12

\$6,980,000 UNLIMITED TAX BONDS SERIES 2026

INTRODUCTION

This Official Statement of East Montgomery County Municipal Utility District No. 12 (the “District”) is provided to furnish information with respect to the issuance by the District of its \$6,980,000 Unlimited Tax Bonds, Series 2026 (the “Bonds”). The Bonds are issued pursuant to (i) a resolution approving the issuance of the Bonds (the “Bond Resolution”), adopted by the Board of Directors of the District on the date of the sale of the Bonds; (ii) Article XVI, Section 59 of the Texas Constitution and general laws of the State of Texas, particularly Chapters 49 and 54 of the Texas Water Code, as amended; (iii) an election held in the District, and passed by a majority of the participating voters; (iv) and an order of the Texas Commission on Environmental Quality (“TCEQ”).

There follows in this Official Statement descriptions of the Bonds, the Developer (hereinafter defined), the Bond Resolution and certain information about the District and its finances. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained from Allen Boone Humphries Robinson LLP, 3200 Southwest Freeway, Suite 2600, Houston, Texas, 77027, upon payment of the costs of duplication therefor. Certain capitalized terms used in this Official Statement have the same meanings assigned to such terms in the Bond Resolution, except as otherwise indicated herein.

RISK FACTORS

General

The Bonds, which are obligations of the District and not of the State of Texas, Montgomery County (the “County”), the City of Conroe (the “City”), or any political subdivision other than the District, will be secured by a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property located within the District (see “THE BONDS – Source of Payment”). Therefore, the ultimate security for payment of the principal of and interest on the Bonds depends upon the ability of the District to collect from the property owners within the District taxes levied against all taxable property located within the District, or, in the event taxes are not collected and foreclosure proceedings are instituted by the District, upon the value of the taxable property with respect to taxes levied by the District and by other taxing authorities. The District makes no representations that over the life of the Bonds the property within the District will maintain a value sufficient to justify continued payment of taxes by the property owners. The potential increase in taxable valuation of District property is directly related to the economics of the residential housing industry, not only due to general economic conditions, but also due to the particular factors discussed below. See “DEVELOPMENT OF THE DISTRICT,” “TAX DATA,” and “TAXING PROCEDURES.”

Factors Affecting Taxable Values and Tax Payments

Economic Factors: The rate of development of the District is directly related to the vitality of the residential housing industry. New residential housing construction can be significantly affected by factors such as interest rates, construction costs, credit availability, energy costs and consumer demand. Decreased levels of home construction activity would restrict the growth of property values in the District. The District cannot predict the pace or magnitude of any future development or home construction in the District.

Developer: There is no commitment by or legal requirement of the Developer or any other landowner to the District to proceed at any particular rate or according to any specified plan with the development of land in the District, or of any homebuilder to proceed at any particular pace with the construction of homes in the District. Moreover, there is no restriction on any land owner’s right to sell its land. Therefore, the District can make no representation about the probability of future development, if any, or the rate of future home construction activity in the District. Failure to construct taxable improvements on developed lots would restrict the rate of growth of taxable values in the District and result in higher tax rates. As of July 1, 2026, approximately 89 vacant developed lots remained available for construction within the District.

Dependence on Principal Taxpayers: The ability of any principal landowner to make full and timely payments of taxes levied against its property by the District and similar taxing authorities will directly affect the District’s ability to meet its debt-service obligations. As illustrated in this Official Statement under the caption “TAX DATA – Principal Taxpayers,” as of January 1, 2026, the District’s principal taxpayers owned property located within the District the aggregate taxable assessed valuation of which comprised approximately 6.92% of the District’s total assessed valuation. In the event that the Developer, any other principal taxpayer, or any combination of taxpayers should default in the payment of taxes in an amount which exceeds the District’s debt service fund surplus, the ability of the District to make timely payment of debt service on the Bonds will be dependent on its ability to enforce and liquidate its tax liens, which is a time-consuming process.

Maximum Impact on District Tax Rates: Assuming no further development or home construction, the value of the land and improvements currently within the District will be the major determinant of the ability or willingness of property owners to pay their taxes. The 2026 Taxable Assessed Valuation is \$329,549,978 and the Estimated Taxable Valuation as of July 1, 2026, is \$345,658,161. After issuance of the Bonds, the estimated maximum annual debt service requirement will be \$3,400,880 (2047) and the estimated average annual debt service requirements will be \$3,099,492 (2027-2049). Assuming no increase to nor decrease from the 2026 Taxable Assessed Valuation, tax rates of \$1.09 and \$1.00 per \$100 of assessed valuation at a 95% tax collection rate would be necessary to pay the estimated maximum annual debt service requirement and the estimated average annual debt service requirements, respectively. Assuming no increase to nor decrease from the Estimated Taxable Valuation as of July 1, 2026, tax rates of \$1.04 and \$0.95 per \$100 of assessed valuation at 95% tax collection rate would be necessary to pay the estimated maximum annual debt service requirement and the estimated average annual debt service requirements, respectively.

The District can make no representation that the taxable property values in the District will increase in the future or will maintain a value sufficient to support the proposed District tax rate or to justify continued payment of taxes by property owners. For the 2025 tax year, the District has levied a total tax rate of \$1.31 per \$100 of assessed valuation. Such rate is composed of a maintenance and operations tax rate of \$0.360 per \$100 of assessed valuation; a Utility System (defined herein) debt service tax rate of \$0.610 per \$100 of assessed valuation; and a Road System (defined herein) debt service tax rate of \$0.340 per \$100 of assessed valuation.

Vacant Developed Lots

As of July 1, 2026, approximately 89 developed lots within the District remained available for construction. Failure of the Developer and/or builders to construct taxable improvements on developed lots could result in substantial increases in the rate of taxation by the District during the term of the Bonds to pay debt service on the Bonds and any other tax supported debt of the District issued in the future. Future increases in value will result primarily from the construction of homes by builders. The District makes no representation that the lot sales and building program will be successful.

Rental Homes

The homes constructed in Harrington Trails, Section 9, (approximately 93 completed homes) have been constructed by GG B2R Pecan Harrington LP ("Pecan Harrington LP", which is owned by Great Gulf, a real estate company that develops, constructs, and manages residential and commercial properties across the United States, is being used as rental properties. It is anticipated that Pecan Harrington LP will continue to own all of the homes constructed in Section 9 and will continue to be a principal taxpayer within the District. On the 2026 certified tax roll, such taxpayer represents a total of \$12,627,753 or approximately 3.83% of the 2026 Taxable Assessed Valuation of \$329,549,978. See "TAX DATA – Principal Taxpayers."

Pecan Harrington LP, as the owner of the homes in Harrington Trails, Section 9, is responsible for the payment of property taxes, maintenance of the homes and the landscape maintenance of the front yards.

Competitive Nature of Houston Residential Housing Market

The housing industry in the Houston metropolitan area is very competitive, but the District can give no assurance that the building programs which are planned by any home builder(s) will be continued or completed. The respective competitive position of the homebuilders listed herein in the construction and sale of single-family residential units, are affected by most of the factors discussed in this section, and such competitive positions are directly related to tax revenues received by the District and the growth and maintenance of taxable values in the District.

Increase in Costs of Building Materials

As a result of supply issues, shipping constraints, and ongoing trade disputes (including tariffs), there have been recent substantial increases in the cost of lumber and other building materials, causing many homebuilders and general contractors to experience budget overruns. Further, the unpredictable nature of current trade policy (including the threatened imposition of tariffs) may impact the ability of the Developers or homebuilders in the District to estimate costs. Additionally, immigration policies may affect the State's workforce, and any labor shortages that could occur may impact the rate of construction within the District. Uncertainty surrounding availability and cost of materials may result in decreased levels of construction activity, and may restrict the growth of property values in the District. The District makes no representations regarding the probability of development or homebuilding continuing in a timely manner or the effects that current or future economic or governmental circumstances may have on any plans of the Developers or homebuilders.

Tax Collection Limitations

The District's ability to make debt service payments may be adversely affected by its inability to collect ad valorem taxes. Under Texas law, the levy of ad valorem taxes by the District constitutes a lien in favor of the District on a parity with the liens of all other state and local taxing authorities on the property against which taxes are levied, and such lien may be enforced by foreclosure. The District's ability to collect ad valorem taxes through such foreclosure may be impaired by (a) cumbersome, time-consuming and expensive collection procedures, (b) a bankruptcy court's stay of tax collection procedures against a taxpayer, (c) market conditions limiting the proceeds from a foreclosure sale of taxable property, or (d) the taxpayer's right to redeem the property within two years of foreclosure for residential homestead and agricultural

use property and within six (6) months of foreclosure for other property. While the District has a lien on taxable property within the District for taxes levied against such property, such lien can be foreclosed only in a judicial proceeding. Moreover, the value of property to be sold for delinquent taxes and thereby the potential sales proceeds available to pay debt service on the Bonds, may be limited by among other factors, the existence of other tax liens on the property, by the current aggregate tax rate being levied against the property, or by the taxpayers' right to redeem residential or agricultural use property within two (2) years of foreclosure and all other property within six (6) months of foreclosure. Finally, a bankruptcy court with jurisdiction over bankruptcy proceedings initiated by or against a taxpayer within the District pursuant to Federal Bankruptcy Code could stay any attempt by the District to collect delinquent ad valorem taxes assessed against such taxpayer. See "TAXING PROCEDURES."

Registered Owners' Remedies and Bankruptcy

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners of the Bonds have a right to seek a writ of mandamus requiring the District to levy sufficient taxes each year to make such payments. Except for mandamus, the Bond Resolution does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Although the Registered Owners could obtain a judgment against the District, such a judgment could not be enforced by a direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on property within the District or sell property within the District in order to pay the principal of and interest on the Bonds. Since there is no trust indenture or trustee, the Registered Owners would have to initiate and finance the legal process to enforce their remedies. The enforceability of the rights and remedies of the Registered Owners may be limited further by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. In this regard, should the District file a petition for protection from creditors under federal bankruptcy laws, the remedy of mandamus or the right of the District to seek judicial foreclosure of its tax lien would be automatically stayed and could not be pursued unless authorized by a federal bankruptcy judge.

Marketability

The District has no understanding (other than the initial reoffering yields) with the Initial Purchaser regarding the reoffering yields or prices of the Bonds and has no control over the trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made for the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the bid and asked spread of other bonds generally bought, sold or traded in the secondary market. See "SALE AND DISTRIBUTION OF THE BONDS."

Future Debt

The District has the right to issue the remaining \$73,766,000 authorized but unissued unlimited tax bonds for water, wastewater and drainage facilities and refunding of the same, \$37,277,000 authorized but unissued unlimited tax road bonds and refunding of same, and \$5,000,000 authorized but unissued unlimited tax bonds for park and recreational improvements and refunding of the same, and such additional bonds as may hereafter be approved by both the Board and voters of the District. The issuance of such unlimited tax bonds for water, wastewater and drainage facilities purposes and park and recreational improvements are also subject to approval by the TCEQ. The District also has the right to issue certain other additional bonds, revenue bonds, special project bonds, and other obligations described in the Bond Resolution.

After the reimbursement to the Developer with the proceeds of the Bonds, the District will owe the Developer approximately \$8,100,000 for the existing facilities. If additional bonds are issued in the future and property values have not increased proportionately, such issuance may increase gross debt/property valuation ratios and thereby adversely affect the investment quality or security of the Bonds. See "THE BONDS – Issuance of Additional Debt."

The principal amount of bonds issued to finance parks and recreational facilities may not exceed 1% of the District's assessed value, however, if the District meets certain financial feasibility requirements under TCEQ rules, the outstanding principal amount of such bonds issued by the District may exceed an amount equal to 1% but not more than 3% of the value of taxable property in the District.

The District's Engineer estimates that the aforementioned \$73,766,000 authorized tax bonds which remain unissued will be adequate to reimburse the Developer for its expenditures to construct the existing Utility System facilities.

The District's Engineer estimates that the aforementioned \$37,277,000 authorized tax bonds which remain unissued will be adequate to reimburse the Developer for its expenditures to construct the existing Road System facilities.

Continuing Compliance with Certain Covenants

The Bond Resolution contain covenants by the District intended to preserve the exclusion from gross income of interest on the Bonds. Failure of the District to comply with such covenants on a continuous basis prior to maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issuance. See "TAX MATTERS."

Approval of the Bonds

The Attorney General of Texas must approve the legality of the Bonds prior to their delivery. The Attorney General of Texas, however, does not pass upon or guarantee the safety of the Bonds as an investment or the adequacy or accuracy of the information contained in this Official Statement.

National Weather Service Atlas 14 Rainfall Study

In 2018, the National Weather Service completed a rainfall study known as NOAA Atlas 14, Volume 11 Precipitation-Frequency Atlas of the United States ("Atlas 14"). Floodplain boundaries within the District may be redrawn based on the Atlas 14 study based on a higher statistical rainfall amount, resulting in interim floodplain regulations applying to a larger number of properties and consequently leaving less developable property within the District. Such regulations could additionally result in higher insurance rates, increased development fees, and stricter building codes for any property located within the expanded boundaries of the floodplain.

Specific Flood Type Risks

The District may be subject to the following flood risks:

Ponding (or Pluvial) Flood: Ponding, or pluvial, flooding occurs when heavy rainfall creates a flood event independent of an overflowing water body, typically in relatively flat areas. Intense rainfall can exceed the drainage capacity of a drainage system, which may result in water within the drainage system becoming trapped and diverted onto streets and nearby property until it is able to reach a natural outlet. Ponding can also occur in a flood pool upstream or behind a dam, levee or reservoir.

Riverine (or Fluvial) Flood: Riverine, or fluvial, flooding occurs when water levels rise over the top of river, bayou or channel banks due to excessive rain from tropical systems making landfall and/or persistent thunderstorms over the same area for extended periods of time. The damage from a riverine flood can be widespread. The overflow can affect smaller rivers and streams downstream, or may sheet-flow over land. Flash flooding is a type of riverine flood that is characterized by an intense, high velocity torrent of water that occurs in an existing river channel with little to no notice. Flash flooding can also occur even if no rain has fallen, for instance, after a levee, dam or reservoir has failed or experienced an uncontrolled release, or after a sudden release of water by a debris or ice jam. In addition, planned or unplanned controlled releases from a dam, levee or reservoir also may result in flooding in areas adjacent to rivers, bayous or drainage systems downstream.

Potential Effects of Oil Price Fluctuations on the Houston Area

The economy of the Houston area has, in the past, been particularly affected by adverse conditions in the oil and gas industry, and such conditions and their spillover effects into other industries could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values within the District. The District cannot predict the impact that negative conditions in the oil industry could have on property values in the District.

Extreme Weather Events

The greater Houston area, including the District, is subject to occasional severe weather events, including tropical storms, hurricanes, tornadoes, flooding, and other natural disasters. If the District were to sustain damage to its facilities requiring substantial repair or replacement, or if substantial damage were to occur to taxable property within the District as a result of such a weather event, the investment security of the Bonds could be adversely affected.

On August 25, 2017, Hurricane Harvey made landfall on the Texas Gulf Coast. The Houston area, including Montgomery County, Texas, sustained widespread rain damage and flooding as a result of Hurricane Harvey's landfall, and historic levels of rainfall during the succeeding four days.

The District cannot predict the effect that additional extreme weather events may have upon the District and the Gulf Coast. Additional extreme weather events have the potential to cause damage within the District and along the Gulf Coast generally that could have a negative effect on taxable assessed valuations in the District and the economy of the District and the region. See "TAXING PROCEDURES – Valuation of Property for Taxation."

If a future weather event or natural disaster significantly damaged taxable property within the District, the assessed value of property within the District could be substantially reduced, which could result in a decrease in tax revenues and/or necessitate an increase in the District's tax rate. Further, there can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood or other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District could be adversely affected.

Environmental Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment and other facilities;
- Restricting the manner in which wastes are treated and released into the air, water and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.

Sanctions against a municipal utility district or other type of special purpose district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements and issuance of injunctions to ensure future compliance. Environmental laws and compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Environmental laws can also inhibit growth and development within the District. Further, changes in regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

Air Quality Issues. Air quality control measures required by the United States Environmental Protection Agency (the “EPA”) and the Texas Commission on Environmental Quality (the “TCEQ”) may impact new industrial, commercial and residential development in the Houston area. Under the Clean Air Act (“CAA”) Amendments of 1990, the eight-county Houston-Galveston-Brazoria area (“HGB Area”)—Harris, Galveston, Brazoria, Chambers, Fort Bend, Waller, Montgomery and Liberty Counties—has been designated a nonattainment area under two separate federal ozone standards: the eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 (the “2008 Ozone Standard”), and the EPA’s most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 (the “2015 Ozone Standard”). While the State of Texas has been able to demonstrate steady progress and improvements in air quality in the HGB Area, the HGB Area remains subject to CAA nonattainment requirements.

The HGB Area is currently designated as a “severe” nonattainment area under the 2008 Ozone Standard, with an attainment deadline of July 20, 2027. If the EPA ultimately determines that the HGB Area has failed to meet the attainment deadline based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB Area is currently designated as a “serious” nonattainment area under the 2015 Ozone Standard, with an attainment deadline of August 3, 2027. For purposes of the 2015 Ozone Standard, the HGB Area consists of only six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties.

In order to demonstrate progress toward attainment of the EPA’s ozone standards, the TCEQ has established a state implementation plan (“SIP”) for the HGB Area setting emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB Area. These SIP requirements can negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. It is possible that additional controls will be necessary to allow the HGB Area to reach attainment with the ozone standards by the EPA’s attainment deadlines. These additional controls could have a negative impact on the HGB Area’s economic growth and development.

Water Supply & Discharge Issues. Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) groundwater well permitting and surface water appropriation; (2) public water supply systems; (3) wastewater discharges from treatment facilities; (4) storm water discharges; and (5) wetlands dredge and fill activities. Each of these is addressed below:

Certain governmental entities regulate groundwater usage in the HGB Area. A municipal utility district or other type of special purpose district that (i) is located within the boundaries of such an entity that regulates groundwater usage, and (ii) relies on local groundwater as a source of water supply, may be subject to requirements and restrictions on the drilling of water wells and/or the production of groundwater that could affect both the engineering and economic feasibility of district water supply projects.

Pursuant to the federal Safe Drinking Water Act (“SDWA”) and the EPA’s National Primary Drinking Water Regulations (“NPDWRs”), which are implemented by the TCEQ’s Water Supply Division, a municipal utility district’s provision of water for human consumption is subject to extensive regulation as a public water system. Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency’s rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed

other contaminants which may require national drinking water regulation in the future. Further, the EPA has established a NPDPWR for six (6) Per- and Polyfluoroalkyl Substances (“PFAS”), which requires public water systems to perform certain monitoring and remediation measures. Public water systems may be subject to additional PFAS regulation in the future, which could increase the cost of constructing, operating, and maintaining water production and distribution facilities.

Texas Pollutant Discharge Elimination System (“TPDES”) permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000) (“CGP”), with an effective date of March 5, 2023, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain non-stormwater discharges into surface water in the state. The CGP has a 5-year permit term, and is then subject to renewal. Moreover, the Clean Water Act (“CWA”) and Texas Water Code require municipal wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district’s ability to obtain and maintain compliance with TPDES permits.

The TCEQ issued the General Permit for Phase II (Small) Municipal Separate Storm Sewer Systems (the “MS4 Permit”) on August 15, 2024. The MS4 Permit authorizes the discharge of stormwater to surface water in the state from small municipal separate storm sewer systems. While the District is currently not subject to the MS4 Permit, if the District’s inclusion were required at a future date, the District could incur substantial costs to develop, implement, and maintain the necessary plans as well as to install or implement best management practices to minimize or eliminate unauthorized pollutants that may otherwise be found in stormwater runoff in order to comply with the MS4 Permit.

Operations of utility districts, including the District, are also potentially subject to requirements and restrictions under the CWA regarding the use and alteration of wetland areas that are within the “waters of the United States.” The District must obtain a permit from the United States Army Corps of Engineers (“USACE”) if operations of the District require that wetlands be filled, dredged, or otherwise altered.

In 2023, the Supreme Court of the United States issued its decision in *Sackett v. EPA*, which clarified the definition of “waters of the United States” and significantly restricted the reach of federal jurisdiction under the CWA. Under the *Sackett* decision, “waters of the United States” includes only geographical features that are described in ordinary parlance as “streams, oceans, rivers, and lakes” and to adjacent wetlands that are indistinguishable from such bodies of water due to a continuous surface connection. Subsequently, the EPA and USACE issued a final rule amending the definition of “waters of the United States” under the CWA to conform with the Supreme Court’s decision.

While the *Sackett* decision and subsequent regulatory action removed a great deal of uncertainty regarding the ultimate scope of “waters of the United States” and the extent of EPA and USACE jurisdiction, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including additional permitting requirements, in the future.

Changes in Tax Legislation

Certain tax legislation, whether currently proposed or proposed in the future, may directly or indirectly reduce or eliminate the benefit of the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any proposed legislation, whether or not enacted, may also affect the value and liquidity of the Bonds. Prospective purchasers of the Bonds should consult with their own tax advisors with respect to any proposed, pending or future legislation.

Cybersecurity

The District’s consultants use digital technologies to collect taxes, hold funds and process disbursements. These systems necessarily hold sensitive protected information that is valued on the black market. As a result, the electronic systems and networks of organizations like the District’s consultants are considered targets for cyber-attacks and other potential breaches of their systems. To the extent the District is determined to be the party responsible for various electronic systems or suffers a loss of funds due to a security breach, there could be a material adverse effect on the District’s finances. Insurance to protect against such breaches may be limited.

Bond Insurance Risk Factors

The District has applied for a bond insurance policy to guarantee the scheduled payment of principal and interest on the Bonds. The purchase of a bond insurance policy to guarantee the scheduled payment of principal and interest on the Bonds is mandatory. The following are risk factors relating to bond insurance.

In the event of default of the payment of principal or interest with respect to the Bonds when all or some becomes due, any owner of the Bonds shall have a claim under the applicable Bond Insurance Policy (the “Policy”) for such payments. However, in the event of any acceleration of the due date of such principal by reason of mandatory or optional redemption or acceleration resulting from default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments are to be made in such amounts and at such times as such payments would have been due had there not been any such acceleration. The Policy does not insure against redemption premium, if any. The payment of principal and interest in connection with mandatory or optional prepayment of the Bonds by the District which is recovered by the District from the bond owner as a voidable preference under applicable bankruptcy law is covered by the

insurance policy, however, such payments will be made by the bond insurer at such time and in such amounts as would have been due absent such prepayment by the District unless the bond insurer chooses to pay such amounts at an earlier date.

Under most circumstances, default of payment of principal and interest does not obligate acceleration of the obligations of the bond insurer without appropriate consent. The bond insurer may direct and must consent to any remedies and the bond insurer's consent may be required in connection with amendments to any applicable bond documents.

In the event the bond insurer is unable to make payment of principal and interest as such payments become due under the Policy, the Bonds are payable solely from the moneys received pursuant to the applicable bond documents. In the event the bond insurer becomes obligated to make payments with respect to the Bonds, no assurance is given that such event will not adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds.

The long-term ratings on the Bonds are dependent in part on the financial strength of the bond insurer and its claim paying ability. The bond insurer's financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that the long-term ratings of the bond insurer and of the ratings on the Bonds insured by the bond insurer will not be subject to downgrade and such event could adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds. See "MUNICIPAL BOND INSURANCE AND RATING."

The obligations of the bond insurer are contractual obligations and in an event of default by the bond insurer, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the District nor Initial Purchaser has made independent investigation into the claims paying ability of the bond insurer and no assurance or representation regarding the financial strength or projected financial strength of the bond insurer is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the District to pay principal and interest on the Bonds and the claims paying ability of the bond insurer, particularly over the life of the investment. See "MUNICIPAL BOND INSURANCE AND RATING." herein for further information provided by the bond insurer and the Policy, which includes further instructions for obtaining current financial information concerning the bond insurer.

THE BONDS

General

The Bonds are dated September 1, 2026 (the "Dated Date"). The Bonds will accrue interest from the initial date of delivery (on or about September 29, 2026) (the "Date of Delivery"), with interest payable March 1, 2027, and each September 1 and March 1 thereafter (each an "Interest Payment Date") until the earlier of maturity or redemption. The Bonds are fully-registered serial bonds maturing on September 1 of the years shown under "MATURITIES, PRINCIPAL AMOUNTS, INTEREST RATES, INITIAL REOFFERING YIELDS, AND CUSIPS" on the inside cover page of this Official Statement. Principal of the Bonds will be payable to the registered owners (the "Registered Owners") at maturity or redemption upon presentation at the principal payment office of the paying agent/registrar, initially, BOKF, NA, Dallas, Texas (the "Paying Agent/Registrar"). Interest on the Bonds will be payable by check, dated as of the Interest Payment Date, and mailed by the Paying Agent/Registrar to Registered Owners as shown on the records of the Paying Agent/Registrar at the close of business on the 15th calendar day of the month next preceding the Interest Payment Date (the "Record Date") or by such other customary banking arrangements as may be agreed upon by the Paying Agent/Registrar and a Registered Owner at the risk and expense of such Registered Owner.

Book-Entry-Only System

This section describes how ownership of the Bonds are to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York ("DTC") while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District believes the source of such information to be reliable, but takes no responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be required by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System,

a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.6 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC.

DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a rating of “AA+” from S&P Global Ratings. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchase of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issue as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the District or the Paying Agent/Registrar, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent/Registrar; disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, the Bond certificates will be printed and delivered to DTC.

The information in the section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Official Statement it should be understood that while the Bonds are in the book-entry form, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry system, and (ii) except as described above, notices that are to be given to registered owners under the Bond Resolution will be given only to DTC.

Successor Paying Agent/Registrar

Provision is made in the Bond Resolution for replacing the Paying Agent/Registrar. If the District replaces the Paying Agent/Registrar, such Paying Agent/Registrar shall, promptly upon the appointment of a successor, deliver the Paying Agent/Registrar's records to the successor paying agent/registrar, and the successor paying agent/registrar shall act in the same capacity as the previous Paying Agent/Registrar. Any successor paying agent/registrar selected by the District shall be a commercial bank; a trust company organized under the laws of the State of Texas; or other entity duly qualified and legally authorized to serve and perform the duties of the paying agent/registrar for the Bonds.

Registration, Transfer and Exchange

In the event the Book-Entry-Only system is discontinued, the Bonds are transferable only on the bond register kept by the Paying Agent/Registrar upon surrender at the corporate trust office of the Paying Agent/Registrar in Dallas, Texas. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. At any time after the date of initial delivery, any Bond may be transferred upon its presentation and surrender at the designated offices of the Paying Agent/Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner. The Bonds are exchangeable upon presentation at the designated office(s) of the Paying Agent/Registrar, for an equal principal amount of Bonds of the same maturity in authorized denominations. To the extent possible, new Bonds issued in exchange or transfer of Bonds will be delivered to the Registered Owner or assignee of the Registered Owner within not more than three (3) business days after the receipt by the Paying Agent/Registrar of the request in proper form to transfer or exchange the Bonds. New Bonds registered and delivered in an exchange or transfer shall be in the denomination of \$5,000 in principal amount for a Bond, or any integral multiple thereof for any one maturity and shall bear interest at the same rate and be for a like aggregate principal or maturity amount as the Bond or Bonds surrendered for exchange or transfer. Neither the Paying Agent/Registrar nor the District is required to issue, transfer, or exchange any Bond during a period beginning at the opening of business on a Record Date and ending at the close of business on the next succeeding Interest Payment Date or to transfer or exchange any Bond selected for redemption, in whole or in part, beginning fifteen (15) calendar days prior to, and ending on the date of the mailing of notice of redemption, or where such redemption is scheduled to occur within thirty (30) calendar days. No service charge will be made for any transfer or exchange, but the District or Registrar may require payment of a sum sufficient to cover any tax or governmental charge payable in connection therewith.

Redemption of the Bonds

Bonds maturing on September 1, 2032, and thereafter shall be subject to redemption and payment at the option of the District, in whole or from time to time in part, on September 1, 2031, or on any date thereafter, at the par value thereof plus accrued interest to the date fixed for redemption. Notice of the exercise of the reserved right of redemption will be given at least thirty (30) days prior to the redemption date by sending such notice by first class mail to the Registered Owner of each Bond to be redeemed in whole or in part at the address shown on the bond register. If less than all of the Bonds are redeemed at any time, the maturities of the Bonds to be redeemed shall be selected by the District. If less than all of the Bonds of a certain maturity are to be redeemed, the particular Bonds or portions thereof to be redeemed will be selected by the Paying Agent/Registrar prior to the redemption date by such random method as the Paying Agent/Registrar deems fair and appropriate in integral multiples of \$5,000 within any one maturity. The Registered Owner of any Bond, all or a portion of which has been called for redemption, shall be required to present such Bond to the Paying Agent/Registrar for payment of the redemption price on the portion of the Bonds so called for redemption and issuance of a new Bond in the principal amount equal to the portion of such Bond not redeemed.

Mutilated, Lost, Stolen or Destroyed Bonds

In the event the book-entry-only system is discontinued, the District has agreed to replace mutilated, destroyed, lost or stolen Bonds upon surrender of the mutilated Bonds to the Paying Agent/Registrar, or receipt of satisfactory evidence of such destruction, loss or theft, and receipt by the District and Registrar of security or indemnity as may be required by either of them to hold them harmless. The District may require payment of taxes, governmental charges and other expenses in connection with any such replacement.

Authority for Issuance

The Bonds constitute the third series of unlimited tax bonds issued by the District from the \$107,501,000 principal amount of unlimited tax bonds for the purpose of purchasing, constructing, operating and maintaining a water, wastewater and

drainage system to serve the District (the "Utility System") and for the further purpose of refunding such bonds. The District's voters have also authorized \$51,582,000 principal amount of unlimited tax bonds authorized by the District's voters for the purpose of constructing or acquiring a road system to serve the District (the "Road System") and for the further purpose of refunding such bonds, and \$5,000,000 principal amount of unlimited tax bonds for the purpose of constructing parks and recreational facilities (the "Park System") and for the further purpose of refunding such bonds.

Following the issuance of the Bonds, \$73,766,000 principal amount of unlimited tax bonds for the Utility System, \$37,277,000 principal amount of unlimited tax bonds for the Road System; and \$5,000,000 principal amount of unlimited tax bonds for the Park System will remain authorized and unissued. The Bonds are issued pursuant to (i) the Bond Resolution; (ii) Article XVI, Section 59 of the Texas Constitution and general laws of the State of Texas, particularly Chapters 49 and 54 of the Texas Water Code, as amended; (iii) an election held in the District, and passed by a majority of the participating voters; and (iv) an order of the TCEQ.

Outstanding Bonds

The District has previously issued two (2) series of unlimited tax bonds in the principal amount of \$26,755,000 for the Utility System, and one (1) series of unlimited tax bonds in the principal amount of \$14,305,000 for the Road System, of which \$38,625,000 of total principal amount will remain outstanding as of the Date of Delivery (the "Outstanding Bonds").

Source of Payment

The Bonds are payable from the proceeds of a continuing direct ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property located within the District. In the Bond Resolution, the District covenants to levy sufficient taxes to pay principal of and interest on the Bonds, with full allowance being made for delinquencies, costs of collections, Paying Agent/Registrar fees, and fees of the Appraisal District (defined herein). Tax proceeds, after deduction for collection costs, will be placed in the Utility System Debt Service Fund (defined herein), as applicable, and used solely to pay principal of and interest on the Bonds, the Outstanding Bonds issued for the Utility System, and any additional bonds payable from taxes which may be issued for the Utility System and fees of the Paying Agent/Registrar. Amounts on deposit in the Road System Debt Service Fund may not be used to pay debt service on the bonds issued for the purpose of constructing the Utility System (the "Utility Bonds"), including the Bonds, or any other bonds that the District may hereafter issue for the Utility System. Amounts on deposit in the Road System Debt Service Fund may not be used to pay debt service on the bonds issued for the Park System (the "Park Bonds"), or that the District may hereafter issue for the Park System.

The Bonds are obligations solely of the District and are not the obligations of the State of Texas, Montgomery County, Texas, the City of Conroe, Texas, or any entity other than the District.

Funds

The Bond Resolution confirms the District's fund for debt service on the Bonds and any additional unlimited tax bonds issued by the District for the Utility System (the "Utility System Debt Service Fund"). In the Bond Resolution, the Utility System Debt Service Fund is confirmed, the proceeds from all taxes levied, appraised and collected for and on account of the Bonds authorized by the Bond Resolution shall be deposited, as collected, in such fund.

The District also maintains a Road Debt Service Fund that is not pledged to the Bonds. Funds in the Road Debt Service Fund are not available to pay principal or interest on the Bonds and funds in the Utility System Debt Service Fund are not available to pay principal or interest on any outstanding bonds issuance for the Road System.

Six (6) months of capitalized interest on the Bonds shall be deposited from the proceeds of the Bonds into the Utility System Debt Service Fund upon receipt. The remaining proceeds from the sale of the Bonds shall be deposited into the Capital Projects Funds, to be used for the purpose of paying for certain construction costs, paying interest on funds advanced by the Developer on behalf of the District, and paying the costs of issuance of the Bonds. Any monies remaining in the Utility System Capital Projects Fund will be used as described in the Bond Resolution or ultimately transferred to the Utility System Debt Service Fund. See "USE AND DISTRIBUTION OF BOND PROCEEDS" for a complete description of the use of Bond proceeds and the projects related thereto.

Issuance of Additional Debt

The District may issue additional bonds, with the approval of the TCEQ (in the case of bonds for the Utility System and Park System), necessary to provide improvements and facilities consistent with the purposes for which the District was created. On November 5, 2019, the District's voters authorized the issuance of \$107,501,000 unlimited tax bonds for the Utility System and for the further purpose of refunding such bonds, \$51,582,000 unlimited tax bonds for the Road System and for the further purpose of refunding such bonds, and \$5,000,000 unlimited tax park and recreational bonds for the Park System and for the further purpose of refunding such bonds. The Bonds constitute the third series of unlimited tax bonds issued by the District from the \$107,501,000 principal amount of unlimited tax bonds authorized by the District's voters for the purpose of constructing or acquiring the Utility System.

Following the issuance of the Bonds, \$73,766,000 principal amount of unlimited tax bonds for the Utility System, \$37,277,000 principal amount of unlimited tax road bonds for the Road System, and \$5,000,000 principal amount of unlimited tax bonds for the Park System, will remain authorized and unissued. The Bond Resolution imposes no limitation

on the amount of additional parity bonds which may be issued by the District (if authorized by the District's voters and approved by the TCEQ). After the reimbursement to the Developer with the proceeds of the Bonds, the District will owe the Developer approximately \$8,100,000 for the existing facilities.

The District is authorized by statute to develop parks and recreational facilities, including the issuing of bonds payable from taxes for such purposes. The District has developed a park plan, and both the park plan and park bonds have been approved by District voters. Before the District could issue park bonds payable from taxes, the following actions would be required: (a) approval of the park project and bonds by the TCEQ; and (b) approval of the bonds by the Attorney General of Texas. The principal amount of park bonds sold by the District may not exceed one percent of the District's certified taxable assessed valuation, unless the District meets certain financial feasibility requirements under the TCEQ rules, in which case the outstanding principal amount of such bonds issued by the District may exceed an amount equal to one percent but not three percent of the value of the taxable property in the District.

The District is also authorized by statute to engage in fire-fighting activities, including the issuing of bonds payable from taxes for such purposes. Before the District could issue such bonds, the following actions would be required: (a) authorization of a detailed fire plan and bonds for such purposes by the qualified voters in the District; (b) approval of the fire plan and bonds by the TCEQ; and (c) approval of bonds by the Attorney General of Texas. The Board has not considered calling an election at this time for such purposes.

If additional debt obligations are issued in the future by the District, such issuance may increase gross debt/ property ratios and might adversely affect the investment security of the Bonds.

Annexation by the City of Conroe

Under existing Texas law, since the District lies wholly within the extraterritorial jurisdiction of the City, the District must conform to a City ordinance consenting to the creation of the District. In addition, except as set forth below under "Strategic Partnership Agreement," the District may be annexed by the City without the District's consent. If the District is annexed, the City would assume the District's assets and obligations (including the Bonds) and may dissolve the District. Annexation of territory by the City is a policy-making matter within the discretion of the Mayor and City Council of the City, and therefore, the District makes no representation that the City will ever annex the District and assume its debt, nor does the District make any representation concerning the ability of the City to pay debt service on the District's bonds if annexation were to occur. See "Strategic Partnership Agreement" below.

Strategic Partnership Agreement

The District lies entirely within the extraterritorial jurisdiction of the City. The District and the City entered into a Strategic Partnership Agreement (the "SPA") to establish the conditions of annexation on July 28, 2022. Under the SPA, the City has the right to annex the District for "limited purposes," specifically for the levy of the City's sales and use tax within the District's boundaries. The limited purpose annexation may not be converted to a full purpose annexation until the earlier of the following dates: (1) December 31 of the 16th year following the District's first ad valorem bond issuance; or (2) December 31, 2042. On the full purpose annexation date, the land included within the boundaries of the District shall be deemed to be within the full purpose boundary limits of the City without the need for any further action. Upon such date, all taxable property within the territory of the District shall become subject to ad valorem taxation by the City. If debt of the District remains outstanding on the full purpose annexation date or if the District has not fully reimbursed any developers within the District in accordance with any written reimbursement agreement, then the City may continue the District as a "limited district." The "limited district" shall continue to be known as East Montgomery County Municipal Utility District No. 12 and shall continue until the City dissolves the District pursuant to the terms of the SPA. The powers of the "limited district" are the same as prior District powers, except that none of the District's facilities may be transferred to another party without the consent of the City. The "limited district" is expressly authorized and required to levy and collect taxes sufficient to meet its outstanding debt service requirements for debt previously issued by the District and to pay necessary operating expenses associated therewith. The City may dissolve the limited district by ordinance at any time after 90% buildout. Upon dissolution, the City shall take over all the property and other assets of the limited district, assume all of the debts, liabilities, and obligations of the limited district, and perform all of the functions of the limited district, including the provision of services.

Consolidation

The District has the legal authority to consolidate with other districts and, in connection therewith, to provide for the consolidation of its assets (such as cash and the Utility System) and liabilities (such as the Bonds) with the assets and liabilities of districts with which it is consolidating. Consolidation is presently contemplated by the District, no representation is made concerning the likelihood of consolidation in the future.

No Arbitrage

The District will certify, on the date of delivery of the Bonds, that based upon all facts and estimates now known or reasonably expected to be in existence on the date the Bonds are delivered and paid for, the District reasonably expects that the proceeds of the Bonds will not be used in a manner that would cause the Bonds, or any portion of the Bonds, to be "arbitrage bonds" under the Internal Revenue Code of 1986, as amended (the "Code"), and the regulations prescribed

thereunder. Furthermore, all officers, employees and agents of the District have been authorized and directed to provide certifications of facts and estimates that are material to the reasonable expectations of the District as of the date the Bonds are delivered and paid for. In particular, all or any officers of the District are authorized to certify to the facts and circumstances and reasonable expectations of the District on the date the Bonds are delivered and paid for regarding the amount and use of the proceeds of the Bonds. Moreover, the District covenants that it shall make such use of the proceeds of the Bonds, regulate investment of proceeds of the Bonds and take such other and further actions and follow such procedures, including, without limitation, calculating the yield on the Bonds, as may be required so that the Bonds shall not become "arbitrage bonds" under the Code and the regulations prescribed from time to time thereunder.

Defeasance

The Bond Resolution provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest and redemption price thereon in any manner permitted by law. Under current Texas law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Bonds to maturity or redemption or (ii) by depositing with any place of payment (paying agent) of the Bonds or other obligations of the District payable from revenues or from ad valorem taxes or both, amounts sufficient to provide for the payment and/or redemption of the Bonds; provided that such deposits may be invested and reinvested only in (a) direct noncallable obligations of the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and which mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds.

Upon such deposit as described above, such Bonds shall no longer be regarded as outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided, however, that the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in the future in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds.

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is an excerpt from Section 49.186 of the Texas Water Code, and is applicable to the District:

"(a) All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic."

"(b) A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any unmatured interest coupons attached to them."

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds.

No representation is made that the Bonds will be suitable for or acceptable to financial or public entities for investment or collateral purposes. No representation is made concerning other laws, rules, regulations, or investment criteria which apply to or which might be utilized by any of such persons or entities to limit the acceptability or suitability of the Bonds for any of the foregoing purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the suitability or acceptability of the Bonds for investment or collateral purposes.

Registered Owners' Remedies

Pursuant to Texas law, the Bond Resolution provides that, in the event the District defaults in the payments of the principal of or interest on any of the Bonds when due, fails to make payments required by the Bond Resolution into the Debt Service Fund, or defaults in the observance or performance of any of the other covenants, conditions or obligations set forth in the

Bond Resolution, any Registered Owner shall be entitled to seek a writ of mandamus from a court of competent jurisdiction compelling and requiring the District to make such payments or to observe and perform such covenants, obligations or conditions. Such right is in addition to other rights the Registered Owners may be provided by the laws of the State of Texas.

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners may seek a writ of mandamus requiring the District to levy adequate taxes to make such payments. Except for the remedy of mandamus, the Bond Resolution does not specifically provide for remedies to a Registered Owner in the event of a District default, nor does it provide for the appointment of a trustee to protect and enforce the interests of the Registered Owners.

There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Although the Registered Owners could obtain a judgment against the District, such a judgment could not be enforced by direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on the property of the District or sell property within the District in order to pay the principal of or interest on the Bonds. The enforceability of the rights and remedies of the Registered Owners may be further limited by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. For example, a Chapter 9 bankruptcy proceeding by the District could delay or eliminate payment of principal or interest to the Registered Owners.

USE AND DISTRIBUTION OF BOND PROCEEDS

Proceeds from the sale of the Bonds will be used to reimburse the Developer for eligible utility construction costs, to pay developer interest, to pay six (6) months of capitalized interest, costs of issuance of the Bonds, and those other non-construction costs provided below.

	<u>District's Share</u>
CONSTRUCTION COSTS	
A. Developer Contribution Items	
1. Harrington Trails Section 6B	\$ 422,835
2. Harrington Trails Section 7	1,565,979
3. Harrington Trails Section 8 & Phase 2 Detention & Mass Grading	3,215,157
4. Engineering	<u>262,670</u>
Total Developer Contribution Items	\$ 5,466,641
TOTAL CONSTRUCTION COSTS	<u>\$ 5,466,641</u>
NON-CONSTRUCTION COSTS	
1. Legal Fees	\$ 139,600 (a)
2. Financial Advisor Fees	139,600
3. Interest	
a. Developer Interest	795,725
b. Capitalized Interest (6 months at 5.25%)	183,225
4. Bond Discount (3.00%)	209,400
5. Bond Issuance Expenses	21,379 (a)
6. Attorney General Fee (0.1% or \$9,500 maximum)	6,980
7. TCEQ Bond Issuance Fee	<u>17,450</u>
TOTAL NONCONSTRUCTION COSTS	<u>\$ 1,513,359</u>
TOTAL BOND ISSUE REQUIREMENT	<u>\$ 6,980,000</u>

(a) Legal Fees and Bond Issuance Expenses may be higher than the amounts shown. Any shortfalls may be paid from the District's Operating Fund.

In the instance that approved estimated amounts exceed the actual costs, the difference comprises a surplus which may be expended for uses approved by the TCEQ. In the instance that actual costs exceed previously approved estimated amounts and contingencies, additional TCEQ approval and the issuance of additional bonds may be required. However, the District cannot and does not guarantee the sufficiency of such funds for such purposes.

THE DISTRICT

Authority

The District was created by Senate Bill No. 887 (and codified as Chapter 8116, Special District Local Laws Code), Act of the 79th Texas Legislature, Regular Session 2005. Additionally, pursuant to House Bill No. 4654, Act of the 86th Texas Legislature, Regular Session 2019, the District was granted certain road powers. The District operates under Chapters 49 and 54 of the Texas Water Code, as amended, and other general laws of the State of Texas applicable to municipal utility districts.

The District is empowered, among other things, to purchase, construct, operate, and maintain all works, improvements, facilities, and plants necessary for the supply of water; the collection, transportation, and treatment of wastewater; and the control and diversion of storm water.

The District also is authorized to construct, develop, and maintain park and recreational facilities using operating revenues or by issuing bonds payable from taxes, and to construct, develop, and maintain roads and related facilities.

Description

The District was created by Senate Bill No. 887 (and codified as Chapter 8116, Special District Local Laws Code), Act of the 79th Texas Legislature, Regular Session 2005. Additionally, pursuant to House Bill No. 4654, Act of the 86th Texas Legislature, Regular Session 2019, the District was granted certain road powers. At the time of the creation, the District encompassed approximately 567.7 acres. The District excluded approximately 169.6 acres on October 18, 2019. The District annexed approximately 11.75 acres on May 6, 2022. Currently, the District encompasses approximately 409.9 acres. The District is located in east Montgomery County, approximately 15 miles southeast of the Central Business District of the City of Conroe. It is generally bounded on the north by Kensington Oaks Drive, and on the south by State Highway 242, and is located just east of the intersection of State Highway 242 and Kropik Road. The District is located entirely within the extraterritorial jurisdiction of the City of Conroe and within the Splendora Independent School District.

The District operates under Chapters 49 and 54 of the Texas Water Code, as amended and other general laws of the state of Texas applicable to municipal utility districts. The District was created under the provisions of Article XVI, Section 59 of the Texas Constitution. The TCEQ has authority over issuance of bonds by the District pursuant to Section 49.181 of the Texas Water Code and applicable rules of the TCEQ.

Management of the District

The District is governed by the Board consisting of five directors, who have control over and management supervision of all affairs of the District. All of the Directors own property in the District. The directors serve four-year staggered terms. Elections are held in even numbered years in May. The current members and officers of the Board are listed below:

Name	Title	Term Expires May
Rachel Stringer	President	2030
Aaron Tomhave	Vice President	2028
Jennifer Villines	Assistant Secretary	2030
Michael Others	Secretary	2028
Erin Patterson	Assistant Vice President	2030

Investment Policy

The District has adopted an Investment Policy (the "Policy") as required by the Public Funds Investment Act, Chapter 2256, Texas Government Code (the "Act"). The District's goal is to preserve principal and maintain liquidity in a diversified portfolio while securing a competitive yield on its portfolio. Funds of the District are to be invested only in accordance with the Policy. The Policy states that the funds of the District may be invested in short term obligations of the U.S. or its agencies or instrumentalities, in certificates of deposits insured by the Federal Deposit Insurance Corporation ("FDIC") and secured by collateral authorized by the Act, and in TexPool and TexStar, which are public funds investment pools rated in the highest rating category by a nationally recognized rating service. The District does not currently own, nor does it anticipate, the inclusion of long-term securities or derivative products in the portfolio.

Road Improvements Agreement and Participation Agreement

East Montgomery County Municipal Utility District No. 13 ("MUD 13"), a municipal utility district located to the southwest/northeast of the District, and Montgomery County (the "County") have agreed to share in the costs of certain road improvements to serve an economic impact area encompassing 1,900 acres (the "Economic Impact Area") that includes the land within the District. MUD 13 entered into an Agreement for the Financing and Construction of Road Improvements with the County on December 28, 2022 (the "Road Agreement"). The projects subject to the Road Agreement consist of certain major thoroughfare and loop road improvements and related improvements (collectively, the "Projects") within the Economic Impact Area. Under the Road Agreement, an estimated total of \$11,132,000 of eligible costs for Projects would be incurred as a result of Projects financed in whole or in part by the District. As a Project is completed, Montgomery County will accept ownership and maintenance of the Project in the same manner and to the same extent that it owns and maintains Montgomery County roads and related road facilities in other unincorporated areas of Montgomery County.

To pay MUD 13 for the County's share of the cost of the Projects (the "Project Costs"), the County agreed to pay MUD 13 an annual payment (the "Annual Payment") equal to a portion of the ad valorem taxes levied and collected by the County on the assessed valuation of the real property and improvements within the Economic Impact Area. The Annual Payment is the sum of money payable by the County to MUD 13 each year, based upon the County's tax rates and assessed values for the immediately preceding year, equal to the result of the following formula:

$$[(\text{County's Total Ad Valorem Tax Rate}) - (\text{County's Debt Service Tax Rate})] \times [75\% \text{ per } \$100 \text{ of Assessed Value}] \times [\text{Taxable Value Increase}]$$

For this purpose, "Taxable Value Increase" means the total Assessed Value of all taxable real property located within the Economic Impact Area for the current year less the Base Value, "Assessed Value" means the assessed value of the applicable real property as established by the Montgomery Central Appraisal District, and "Base Value" means the non-homestead appraised value of real property within the Economic Impact Area as of January 1, 2022, which is \$117,396,710.

The Road Agreement provides that the obligation of the County to pay the Annual Payment to MUD 13 begins no later than August 31, 2024 and will continue each year thereafter until the earliest of the following occurs: (i) all of the Project Costs have been paid in full, (ii) the reimbursement cap of \$66,881,000 has been reached, or (iii) December 28, 2052. Notwithstanding the foregoing, the County is not required to make any Annual Payment unless and until Project Costs are actually expended or incurred, and the County's obligation to make Annual Payments is further expressly conditioned upon the completion of the Projects by December 31, 2042. The County may prepay its obligation (in whole or in part) under the Road Agreement at any time without penalty.

MUD 13 may use the Annual Payments only to: (a) fund Project costs, (b) reimburse developers for Project costs, and/or (c) pay debt service on bonds issued to finance a Project.

MUD 13 has entered into participation agreements with municipal utility districts within the Economic Impact Area, including the District, in order to allocate the benefits of the Road Agreement to the Economic Impact Area. In the District's participation agreement with MUD 13, MUD 13 is obligated to pay to the District its proportionate share of Annual Payments for the eligible Project Costs of the District following receipt of the applicable Annual Payment from Montgomery County, which proportionate share of the District shall be calculated as the Taxable Value Increase within the boundaries of the District divided by the Taxable Value Increase within the entire Economic Impact Area for the applicable annual period (such amount, the "District Annual Payments").

MUD 13 has no obligation to pay to the District the District Annual Payments until MUD 13 receives the applicable Annual Payment from the County. The District may use the District Annual Payments only to: (a) fund Project costs, (b) reimburse developers for Project costs, and/or (c) pay debt service on bonds issued to finance a Project. The District Annual Payments are not pledged to the payment of the interest on or principal of the District's bonds, including the Bonds. See "THE BONDS – Source of and Security for Payment."

Consultants

Although the District does not have a general manager or any other full-time employees, it has contracted for Utility System operating, bookkeeping, tax assessing and collecting, auditing, engineering, and legal services as follows:

Tax Assessor/Collector

The tax assessor/collector for the District is Utility Tax Service, LLC.

Bookkeeper

The District's bookkeeper is Myrtle Cruz, Inc.

Operator

The District's operator is Municipal District Services, LLC.

Auditor

As required by the Texas Water Code, the District retains an independent auditor to audit the District's financial statements annually, which audited financial statements are filed with the TCEQ. The District's financial statements for the fiscal year ended November 30, 2025, were audited by McGrath & Co., PLLC. See "APPENDIX A."

Engineer

The District's Engineer is Elevation Land Solutions (the "Engineer").

Bond Counsel

The District has engaged Allen Boone Humphries Robinson LLP, Houston, Texas, as general counsel to the District and as bond counsel ("Bond Counsel") in connection with the issuance of the Bonds. The fees to be paid to Bond Counsel in connection with the issuance of the Bonds are contingent upon the sale and delivery of the Bonds. See "LEGAL MATTERS."

Financial Advisor

Cedar Creek Municipal Advisors, LLC is employed as Financial Advisor to the District in connection with the issuance of the Bonds. The Financial Advisor's fee for services rendered with respect to the sale of the Bonds is contingent upon the issuance and delivery of the Bonds. The Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information in this Official Statement.

Disclosure Counsel

Certain legal matters will be passed upon for the District by McCall, Parkhurst & Horton L.L.P., Houston, Texas, as Disclosure Counsel. The fees to be paid to Disclosure Counsel in connection with the issuance of the Bonds are contingent upon the sale and delivery of the Bonds.

[Remainder of Page Intentionally Left Blank]

DEVELOPMENT OF THE DISTRICT

Approximately 316.74 acres (1,467 lots) within the District have been developed into the single-family subdivisions of Harrington Trails, Sections 1, 2, 3, 4A, 4B, 5A, and 5B, 6A, 6B, 7, 8, and 9. Approximately 78.10 acres of undevelopable land consists of drainage easements/reserves, collector rights-of-way, drill sites, and District plant sites. In addition, the Timber Lakes Elementary School has been constructed upon approximately 15.01 acres in the District.

As of July 1, 2026, the District was comprised of 1,356 completed homes, 22 homes under construction, and approximately 89 vacant developed lots. There is currently no remaining undeveloped but developable land within the District.

Status of Development within the District

The following is a status of construction of single-family housing within the District as of July 1, 2026:

	Acreage	Lots	Completed Homes	Homes Under Construction	Remaining Vacant Developed Lots
Harrington Trails					
Section 1	37.19	174	163	0	11
Section 2	12.13	52	52	0	0
Section 3	31.38	146	146	0	0
Section 4A	14.38	80	80	0	0
Section 4B	19.08	73	73	0	0
Section 5A	29.28	164	164	0	0
Section 5B	17.89	96	96	0	0
Section 6A	25.76	100	100	0	0
Section 6B	26.09	134	104	5	25
Section 7	31.87	122	122	0	0
Section 8	38.21	163	163	0	0
Section 9	33.48	163	93	17	53
Total	316.74	1,467	1,356	22	89
Timber Lakes Elementary School	15.01				
Undeveloped but Developable Acreage	0				
Undevelopable Acreage	78.10				
Total	409.90				

[Remainder of Page Intentionally Left Blank]

DEVELOPER

Role of the Developer

In general, the activities of a developer in a municipal utility district such as the District include purchasing the land within the District, designing the subdivision, designing the utilities and streets to be constructed in the subdivision, designing any community facilities to be built, defining a marketing program and building schedule, securing necessary governmental approvals and permits for development, arranging for the construction of roads and the installation of utilities (including, in some cases, water, wastewater, and drainage facilities pursuant to the rules of the TCEQ, as well as gas, telephone, and electric service) and selling improved lots and commercial reserves to builders, developers, or other third parties. In some instances, the developer will be required to pay up to thirty percent of the cost of constructing certain of the water, wastewater and drainage facilities in a utility district pursuant to the rules of the TCEQ. The relative success or failure of a developer to perform such activities in development of the property within a utility district may have a profound effect on the security of the unlimited tax bonds issued by a district. A developer is generally under no obligation to a district to develop the property which it owns in a district. Furthermore, there is no restriction on a developer's right to sell any or all of the land which it owns within a district. In addition, a developer is ordinarily a major taxpayer within a municipal utility district during the development phase of the property. The entities described below are defined collectively as the "Developer."

Neither the Developer, nor any affiliate entity, is obligated to pay principal of or interest on the Bonds. Furthermore, neither the Developer nor its affiliate entities has a binding commitment to the District to carry out any plan of development, and the furnishing of information relating to the proposed development by the Developer or its affiliate entities should not be interpreted as such a commitment. Prospective purchasers are encouraged to inspect the District in order to acquaint themselves with the nature of development that has occurred or is occurring within the District's boundaries.

Developer

The principal developer of land within the District is Forestar (USA) Real Estate Group, Inc., a Delaware corporation ("Forestar"), which is a wholly-owned subsidiary of Forestar Group, Inc., a Delaware corporation ("Forestar Group") and a publicly traded corporation whose stock is listed on the New York Stock Exchange ("NYSE") under the ticker of "FOR." Forestar Group is a majority owned subsidiary of D.R. Horton Inc., a Delaware corporation ("D.R. Horton") and a publicly traded corporation whose stock is listed on the NYSE under the ticker of "DHI". Forestar is referred to herein as the "Developer". Audited financial statements for Forestar Group can be found online at <https://investor.forestar.com/annual-reports/>. Both Forestar Group and D.R. Horton are subject to the information requirements of the Securities Exchange Act of 1934, as amended, and in accordance therewith files reports and other information with the United States Securities and Exchange Commission ("SEC"). Reports, proxy statements and other information filed by Forestar Group and D.R. Horton can be inspected at the office of the SEC at Judiciary Plaza, Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of such material can be obtained from the Public Reference Section of the SEC at 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates. Copies of the above reports, proxy statements and other information may also be inspected at the offices of the New York Stock Exchange, Inc., 20 Broad Street, New York, New York 10005. The SEC maintains a website at <http://www.sec.gov> that contains reports, proxy information statements and other information regarding registrants that file electronically with the SEC.

Homebuilders within the District

Homebuilders active within the District include Clayton Home Building Group, D.R. Horton, CastleRock Communities, History Maker Homes, and Starlight Homes, which is owned by Ashton Woods. Prices of new homes being constructed within the District range from approximately \$230,000 to \$350,000 and range in size from approximately 1,400 to 2,700 square feet.

-
- (a) As certified by the Appraisal District as of January 1, 2026. All property located in the District is valued on the tax rolls by the Appraisal District at 100% of estimated market value as of January 1 of each year. This amount includes \$60,172,712 of uncertified value, which represents 85% of the total uncertified value provided by the Appraisal District which is the estimated minimum amount of uncertified value that will ultimately be certified. See "TAX DATA" and "TAXING PROCEDURES."
 - (b) Provided by the Appraisal District for informational purposes only. This amount is an estimate of the taxable value of all taxable property located within the District as of July 1, 2026 and includes an estimate of additional taxable value resulting from the construction of taxable improvements from January 1, 2026, through July 1, 2026. No taxes will be levied on this estimated value. See "TAX DATA" and "TAXING PROCEDURES."
 - (c) See "DISTRICT DEBT - Estimated Direct and Overlapping Debt Statement."
 - (d) At the time of closing on the Bonds, six (6) months of capitalized interest on the Bonds will be deposited into the District's Utility System Debt Service Fund (defined herein). Neither Texas law nor the Bond Resolution requires that the District maintain any particular sum in the Utility System Debt Service Fund. Funds in the Utility System Debt Service Fund are pledged only to pay debt service on bonds issued by the District for the Utility System (e.g., the Bonds), and are not available to pay debt service on Road System Bonds.
 - (e) Neither Texas law nor the Bond Resolution requires that the District maintain any particular sum in the Road System Debt Service Fund. Funds in the Road System Debt Service Fund are pledged only to pay the debt service on bonds issued by the District for road purposes and are not available to pay debt service on bonds issued by the District for the Utility System, including the Bonds, or the Park System.
 - (f) Requirement of debt service on the Bonds and the Outstanding Bonds, assuming the Bonds are issued at an interest rate of 4.80%. See "DISTRICT DEBT – Debt Service Requirement Schedule."

Estimated Direct and Overlapping Debt Statement

Other governmental entities whose boundaries overlap the District have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed from information contained in "Texas Municipal Reports," published by the Municipal Advisory Council of Texas, or other available information. Except for the amount relating to the District, the District has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have issued additional bonds since the dates stated in this table, and such entities may have programs requiring the issuance of substantial amounts of additional bonds, the amount of which cannot presently be determined. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance and/or general revenue purposes in addition to taxes for payment of their debt, and some are presently levying and collecting such taxes.

Taxing Jurisdiction	Outstanding Debt as of July 31, 2026	Estimated Overlapping	
		Percent	Amount
Montgomery County	\$ 535,450,000	0.30%	\$ 1,615,529

Direct and Estimated Overlapping Debt (a)	26.97%	25.71%

(a) Includes the Outstanding Bonds and the Bonds.

TAXING PROCEDURES

Authority to Levy Taxes

The Board is authorized to levy an annual ad valorem tax, without legal limitation as to rate or amount, on all taxable property within the District in sufficient amount to pay the principal of and interest on the Bonds and any additional bonds payable from taxes that the District may hereafter issue for the purpose of acquiring or constructing the Utility System and to pay the expenses of assessing and collecting such taxes (see "RISK FACTORS – Future Debt"). In the Bond Resolution, the board can authorize to levy a tax for the Utility System debt service and the District agrees to levy such a tax from year to year as described more fully above under "THE BONDS – Source of Payment. "See "TAX DATA – Maintenance Tax."

Property Tax Code and County-wide Appraisal District

Title 1 of the Texas Tax Code (the "Property Tax Code") specifies the taxing procedures of all political subdivisions of the State of Texas, including the District. Provisions of the Property Code are complex and are not fully summarized herein. The Property Code requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of the State of Texas an appraisal district with the responsibility for recording and appraising property for all taxing units within a county and an appraisal review board with responsibility for reviewing and equalizing the values established by the Appraisal District. The Appraisal District has the responsibility of appraising property for all taxing units within Montgomery County, including the District. Such appraisal values will be subject to review and change by the Appraisal Review Board. The appraisal roll, as approved by the Appraisal Review Board, will be used by the District in establishing its tax rolls and tax rate.

Property Subject to Taxation by the District

Except for certain exemptions provided by Texas law, all real property, tangible personal property held or used for the production of income, and mobile homes, are subject to taxation by the District. Principal categories of exempt property include, but are not limited to, property owned by the State of Texas or its political subdivisions if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies, and personal effects; certain goods, wares, and merchandise in transit; farm products owned by the producer; certain property

of charitable organizations, youth development associations, religious organizations, and qualified schools; designated historical sites; most individually owned automobiles; and intangible personal property. In addition, the District may by its own action exempt residential homesteads of persons 65 years or older and of certain disabled persons, and travel trailers, to the extent deemed advisable by the Board. The District may be required to offer such an exemption if a majority of voters approve it at an election. The District would be required to call such an election upon petition by 20% of the number of qualified voters who voted in the preceding election. The District is authorized by statute to disregard exemptions for the disabled and elderly if granting the exemption would impair the District's obligation to pay tax-supported debt incurred prior to adoption of the exemption by the District. Furthermore, the District must grant exemptions to disabled veterans, or certain surviving dependents of disabled veterans if requested, but only to the maximum extent of \$5,000 to \$12,000 of assessed valuation depending upon the disability rating of the veteran, if such rating is less than 100%. A veteran who receives a disability rating of 100% is entitled to the exemption for the full amount of the residential homestead. Additionally, subject to certain conditions, the surviving spouse of a disabled veteran is entitled to an exemption for the full value of the veteran's residence homestead to which the disabled veterans' exemption applied including the surviving spouse of a disabled veteran who would have qualified for such exemption if it had been in effect on the date the disabled veteran died. A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homesteads in an amount equal to the partially disabled veteran's disability rating if the residence homestead was donated by a charitable organization. Also, the surviving spouse of a member of the armed forces who was killed in action is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse. The surviving spouse of a first responder who was killed or fatally injured in the line of duty is, subject to certain conditions, also entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and, subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse.

Residential Homestead Exemptions: The Property Tax Code authorizes the governing body of each political subdivision in the State of Texas to exempt up to 20% of the appraised value of residential homesteads from ad valorem taxation. Where ad valorem taxes have previously been pledged for the payment of debt, the assessor and collector of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged if the cessation of the levy would impair the obligations of the contract by which the debt was created. The adoption of a homestead exemption may be considered each year, but must be adopted before July 1. The District has never adopted an order granting a general residential homestead exemption.

Freeport Goods and Goods-in-Transit Exemptions: A "Freeport Exemption" applies to goods, wares, and merchandise other than oil, gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining petroleum or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas that are destined to be forwarded outside of Texas and that are detained in Texas for assembling, storing, manufacturing, processing, or fabricating for fewer than 175 days. Although certain taxing units may take official action to tax such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to the same categories of tangible personal property that are covered by the Freeport Exemption, if, for tax year 2011 and prior applicable years, such property is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation, and the location where said property is detained during that period is not directly or indirectly owned or under the control of the property owner. For tax year 2012 and subsequent years, such Goods-in-Transit Exemption includes tangible personal property acquired in or imported into Texas for storage purposes only if such property is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-in-transit personal property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. The District has taken official action to allow taxation of all such goods-in-transit personal property for all prior and subsequent years.

Tax Abatement

Montgomery County, Texas (the "County") may designate all or part of the area within the District as a reinvestment zone. Thereafter, the County and the District, at the option and discretion of each entity, may enter into tax abatement agreements with owners of property within the zone. Prior to entering into a tax abatement agreement, each entity must adopt guidelines and criteria for establishing tax abatement which each entity will follow in granting tax abatement to owners of property. The tax abatement agreements may exempt from ad valorem taxation by each of the applicable taxing jurisdictions, including the District, for a period of up to ten (10) years, all or any part of any increase in the assessed valuation of property covered by the agreement over its assessed valuation in the year in which the agreement is executed on the condition that the property owner make specified improvements or repairs to the property in conformity with the terms of the tax abatement. Each taxing jurisdiction has discretion to determine terms for its tax abatement agreements.

without regard to the terms approved by the other taxing jurisdictions. At this time, Montgomery County has not designated any of the area within the District as a reinvestment zone.

Valuation of Property for Taxation

Generally, property in the District must be appraised by the Appraisal District at market value as of January 1 of each year. Once an appraisal roll is prepared and finally approved by the Appraisal Review Board, it is used by the District in establishing its tax rolls and tax rate. Assessments under the Property Tax Code are to be based on 100% of market value, as such is defined in the Property Tax Code. A residence homestead is required to be appraised solely on the basis of its value as a residence homestead regardless of whether residential use is considered to be the highest and best use of the property.

The Property Tax Code permits land designated for agricultural use, open space, or timberland to be appraised at its value based on the land's capacity to produce agricultural or timber products rather than at its market value. The Property Tax Code permits, under certain circumstances, that residential real property inventory held by a person in the trade or business are valued at the price all such property would bring if sold as a unit to a purchaser who would continue the business. Landowners wishing to avail themselves of the agricultural use, open space, or timberland designation or residential real property inventory designation must apply for the designation, and the chief appraiser is required by the Property Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by some political subdivisions while claiming it for another. If a claimant receives the agricultural use designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use, including taxes for the previous three years for agricultural use, open space land, and timberland.

The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraisal values. The plan must provide for appraisal of all real property in the Appraisal District at least once every three years. It is not known what frequency of reappraisal will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone- or county-wide basis. The District, however, at its expense, has the right to obtain from the Appraisal District a current estimate of appraised values within the District or an estimate of any new property or improvements within the District. While such current estimate of appraised values may serve to indicate the rate and extent of growth of taxable values within the District, it cannot be used for establishing a tax rate within the District until such time as the Appraisal District chooses to formally include such values on its appraisal roll.

The Property Tax Code provides for a temporary exemption from ad valorem taxation of a portion of the appraised value of certain property that is at least 15% physically damaged by a disaster and located within an area declared to be a disaster area by the governor of the State of Texas. This temporary exemption is automatic if the disaster is declared prior to a taxing unit, such as the District, adopting its tax rate for the tax year. A taxing unit, such as the District, may authorize the exemption at its discretion if the disaster is declared after the taxing unit has adopted its tax rate for the tax year. The amount of the exemption is based on the percentage of damage and is prorated based on the date of the disaster. Upon receipt of an application submitted within the eligible timeframe by a person who qualifies for a temporary exemption under the Property Tax Code, the Appraisal District is required to complete a damage assessment and assign a damage assessment rating to determine the amount of the exemption. The temporary exemption amounts established in the Property Tax Code range from 15% for property less than 30% damaged to 100% for property that is a total loss. Any such temporary exemption granted for disaster-damaged property expires on January 1 of the first year in which the property is reappraised.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the District, may appeal orders of the Appraisal Review Board by filing a timely petition for review in district court. In such event, the property value in question may be determined by the court, or by a jury, if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda which could result in the repeal of certain tax increases. The Property Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property values, appraisals that are higher than renditions and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the levy and collection of its taxes unless it elects to transfer such functions to another governmental entity. The rate of taxation is set by the Board of Directors, after the legally required notice has been given to owners of property within the District, based upon: a) the valuation of property within the District as of the preceding January 1, and b) the amount required to be raised for debt service, maintenance purposes, and authorized contractual obligations. Taxes are due October 1, or when billed, whichever comes later, and become delinquent if not paid before February 1 of the year following the year in which imposed. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1

of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. A delinquent tax on personal property incurs an additional penalty, in an amount established by the District and a delinquent tax attorney, 60 days after the date the taxes become delinquent. The delinquent tax accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code makes provisions for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances which, at the option of the District, which may be rejected by taxing units. The District's tax collector is required to enter into an installment payment agreement with any person who is delinquent on the payment of tax on a residence homestead for payment of tax, penalties and interest, if the person requests an installment agreement in writing and has not entered into an installment agreement with the collector in the preceding 24 months. The installment agreement must provide for payments to be made in equal monthly installments and must extend for a period of at least 12 months and no more than 36 months. Additionally, the owner of a residential homestead property who is (i) sixty-five (65) years of age or older, (ii) disabled, or (iii) a disabled veteran, is entitled by law to pay current taxes on a residential homestead in installments without penalty or to defer the payment of taxes during the time of ownership. In the instance of tax deferral, a tax lien remains on the property and interest continue to accrue during the period of deferral.

Rollback of Operation and Maintenance Tax Rate

Chapter 49 of the Texas Water Code, as amended, classifies districts differently based on the current operation and maintenance tax rate or on the percentage of build-out that the District has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified as "Special Taxing Units." Districts that have financed, completed, and issued bonds to pay for all improvements and facilities necessary to serve at least 95% of the projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be classified herein as "Developing Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate is described for each classification below. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

Special Taxing Units

Special Taxing Units that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, may be required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Special Taxing Unit is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

Developed Districts

Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions for the preceding tax year, plus any unused increment rates, as calculated and described in Section 26.013 of the Property Tax Code, may be required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus 1.035 times the previous year's operation and maintenance tax rate plus any unused increment rates. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor of Texas or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Special Taxing Unit and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Special Taxing Units.

Developing Districts

Districts that do not meet the classification of a Special Taxing Unit or a Developed District can be classified as Developing Districts. The qualified voters of these districts, upon the Developing District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax rate imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Developing Districts is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

The District

For the 2026 tax year, the Board made the determination of the District's status as a Developing District. The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property as of January 1 of the year in which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties and interest ultimately imposed for the year on the property. The lien exists in favor of the State and each taxing unit, including the District, having the power to tax the property. The District's tax lien is on a parity with the tax liens of other such taxing units. A tax lien on real property takes priority over the claims of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty and interest.

At any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights or by bankruptcy proceedings which restrict the collection of taxpayer debts. A taxpayer may redeem property within two years for residential and agricultural property and six months for commercial property and all other types of property after the purchaser's deed at the foreclosure sale is filed in the county records.

TAX DATA

General

All taxable property within the District is subject to the assessment, levy and collection by the District of a separate continuing direct annual ad valorem taxes without legal limitation as to rate or amount, sufficient to pay principal of and interest on the Bonds. See "TAXING PROCEDURES". The Board has in its Bond Resolution covenanted to assess and levy for each year that all or any part of the Bonds remain outstanding and unpaid a tax ample and sufficient to produce funds to pay the principal of and interest on the Bonds (see "THE BONDS" and "RISK FACTORS"). For the 2025 tax year, the District has levied a total tax rate of \$1.310 per \$100 of assessed valuation. Such rate is composed of a maintenance and operations tax rate of \$0.360 per \$100 of assessed valuation; a Utility System debt service tax rate of \$0.610 per \$100 of assessed valuation; and a Road System debt service tax rate of \$0.340 per \$100 of assessed valuation.

Tax Rate Limitation

Debt Service:	Unlimited (no legal limit as to rate or amount).
Maintenance (general):	\$1.50 per \$100 Assessed Taxable Valuation.
Maintenance (roads):	\$0.25 per \$100 Assessed Taxable Valuation.

Maintenance Tax

The Board has the statutory authority to levy and collect an annual ad valorem tax for maintenance of the District's improvements if such maintenance tax is authorized by vote of the District's electors. The Board is authorized by the District's voters to levy such maintenance tax in an amount not to exceed \$1.50 per \$100 of assessed valuation. Such tax, when levied, is in addition to taxes which the District is authorized to levy for paying principal of and interest on the Bonds and any parity bonds which may be issued in the future. The District has levied a maintenance tax every year since the 2019 tax year. See "– Tax Rate Distribution" below.

The District also has the authority to levy and collect an annual ad valorem tax for the maintenance of roads within the District, if such a maintenance tax is authorized by the District's voters. At the maintenance tax election conducted on November 5, 2019, voters of the District authorized the Board to levy a maintenance tax for roads at a rate not to exceed \$0.25 per \$100 of assessed valuation. To date, the District has not levied a maintenance tax for roads.

Additional Penalties

The District has contracted with a delinquent tax attorney to collect certain delinquent taxes. In connection with that contract, the District can establish an additional penalty of twenty percent (20%) of the tax to defray the costs of collection. This 20% penalty applies to taxes that either: (1) become delinquent on or after February 1 of a year, but not later than June 1 of that year, and that remain delinquent on April 1 (for personal property) and July 1 (for real property) of the year in which they become delinquent or (2) become delinquent on or after June 1, pursuant to the Tax Code.

Tax Rate Calculations

The tax rate calculations set forth below are presented to indicate the tax rates per \$100 of Assessed Taxable Valuation which would be required to meet certain debt service requirements on the Outstanding Bonds and the Bonds if no growth in the District's tax base occurs beyond the 2026 Taxable Assessed Valuation (\$329,549,978) or the Estimated Taxable Valuation as of July 1, 2026 (\$345,658,161). The calculations assume collection of 95% of taxes levied, the sale of the Bonds but not the sale of any additional bonds by the District.

Estimated Average Annual Debt Service Requirement (2027-2049)	\$3,099,492
Debt Service Tax Rate of \$1.00 on 2026 Taxable Assessed Valuation produces.....	\$3,130,725
Debt Service Tax Rate of \$0.95 on Estimated Valuation as of July 1, 2026, produces.....	\$3,119,565
Estimated Maximum Annual Debt Service Requirement (2047).....	\$3,400,880
Debt Service Tax Rate of \$1.09 on 2026 Taxable Assessed Valuation produces.....	\$3,412,490
Debt Service Tax Rate of \$1.04 on Estimated Valuation as of July 1, 2026, produces.....	\$3,415,103

Estimated Overlapping Taxes

Property within the District is subject to taxation by several taxing authorities in addition to the District. Under Texas law, if ad valorem taxes levied by a taxing authority become delinquent, a lien is created upon the property which has been taxed. A tax lien on property in favor of the District is on a parity with tax liens of other taxing jurisdictions. In addition to ad valorem taxes required to make debt service payments on bonded debt of the District and of such other jurisdictions (see "DISTRICT DEBT – Estimated Direct and Overlapping Debt Statement"), certain taxing jurisdictions are authorized by Texas law to assess, levy and collect ad valorem taxes for operation, maintenance, administrative and/or general revenue purposes.

Set forth below is an estimation of all taxes per \$100 of assessed valuation levied by such jurisdictions. No recognition is given to local assessments for civic association dues, emergency medical service contributions, fire department contributions or any other charges made by entities other than political subdivisions. The following chart includes the 2025 taxes per \$100 of assessed valuation levied by all such taxing jurisdictions.

<u>Taxing Jurisdictions</u>	<u>2025 Tax Rate Per \$100 of Assessed Taxable Valuation</u>
The District	\$1.310000
Emergency Service District 7	0.100000
Montgomery County	0.377000
Montgomery Hospital	0.047300
Lone Star College	0.106000
Splendora ISD	<u>1.254700</u>
Total Tax Rate	<u>\$3.195000</u>

No prediction can be made of the tax rates that will be levied in future years by the respective taxing jurisdictions.

Assessed Taxable Valuation Summary

The following represents the type of property comprising the 2022-2026 tax rolls as certified by the Appraisal District.

	2026	2025	2024	2023	2022
Type of Property	Assessed Taxable Valuation (a)	Assessed Taxable Valuation	Assessed Taxable Valuation	Assessed Taxable Valuation	Assessed Taxable Valuation
Land	\$ 49,925,153	\$ 63,231,754	\$ 65,097,317	\$ 52,440,120	\$ 36,358,680
Improvements	244,849,515	270,002,755	254,829,481	203,235,196	95,181,047
Personal Property	4,739,748	3,953,544	1,563,694	316,467	291,111
Exemptions	<u>(30,137,150)</u>	<u>(26,288,898)</u>	<u>(20,422,748)</u>	<u>(15,750,073)</u>	<u>(10,847,803)</u>
Total	\$ 329,549,978	\$ 311,815,133	\$ 301,067,744	\$ 240,241,710	\$ 120,983,035

(a) This amount includes \$60,172,712 of uncertified value, which represents 85% of the total uncertified value provided by the Appraisal District which is the estimated minimum amount of uncertified value that will ultimately be certified.

Principal Taxpayers

The following are the principal taxpayers in the District as shown on the District's certified appraisal rolls for the 2026 tax year.

Taxpayer	Assessed Taxable Valuation 2026 Tax Roll	Percentage of Respective Tax Roll
GG B2R Pecan Harrington LP (a)	\$ 12,627,753	3.83%
Clayton Properties Group Inc (b)	2,072,980	0.63%
Rodica Barad Family Limited Partnership LP & Nardi	1,939,361	0.59%
Arg Vi LLC	1,240,297	0.38%
Confidential Owner	1,191,511	0.36%
Entergy Texas Inc	1,071,790	0.33%
Apogee Peak No. 1 LLC	784,777	0.24%
Dr Horton Texas Ltd (b)	659,611	0.20%
Universal Natural Gas	655,360	0.20%
Homeowner	<u>557,988</u>	<u>0.17%</u>
Total	\$ 22,801,428	6.92%

(b) See "DEVELOPER – Homebuilders Within the District."

THE UTILITY SYSTEM

Regulation

According to the Engineer, the Utility System has been designed in accordance with accepted engineering practices and the requirements of all governmental agencies having regulatory or supervisory jurisdiction over the construction and operation of such facilities including, among others, the TCEQ, the City and the Montgomery County Drainage District. According to the District's Engineer, the design of all such facilities has been approved by all required governmental agencies, and the construction has been inspected by the TCEQ.

Operation of the District's waterworks and sewer treatment facilities is subject to regulation by, among others, the Environmental Protection Agency and the TCEQ. In many cases, regulations promulgated by these agencies have become effective only recently and are subject to further development and revisions.

Water Supply

The District obtains water from one (1) water plant, which is owned, operated and maintained by the District. Water Plant No. 1 consists of two (2) 500 gpm water wells; two (2) 15,578 gallon hydro-pneumatic tanks; two (2) 247,217 gallon ground storage tanks; and four (4) 900 gpm booster pumps. The District's water supply is currently capable of serving 1,666 ESFCs.

Wastewater Treatment

The District is leasing one (1) 135,000 GPD and one (1) 270,000 GPD wastewater treatment plant from AUC Group, Inc. ("AUC").

The TCEQ issued a wastewater discharge permit to the District, dated March 17, 2020, authorizing the treatment and disposal from the plant with a permitted maximum daily effluent flow not to exceed 0.495 MGD ultimately. The District is currently operating in the Interim III Phase of the permit which limits effluent to 0.475 MGD.

The District's wastewater capacity is currently capable of serving 1,620 ESFCs.

Storm-Water Drainage Facilities

Land within the District naturally drains north to south to a tributary of Spring Branch, then to Spring Branch and Caney Creek. Streets with curb and gutter and underground storm sewers are being constructed for each section as they are developed. The storm water is conveyed through the storm sewers and then through a detention pond which outfalls to State Highway 242 to offset increased rainfall run off associated with development. The detention facilities serve as the primary runoff conveyance system, generally draining south.

Permanent storm water quality facilities are not required by regulatory agencies at this time.

100-Year Flood Plain

No land within the District is located in the 100-year flood plain.

THE ROAD SYSTEM

The Road System serves residents of the District by providing access to the major thoroughfares and collectors within the Harrington Trails development and surrounding area. The major thoroughfares and collectors serving the District include Harrington Drive and Woodward Boulevard. The District will finance, design and construct the Road System in phases as development progresses. The Road System will ultimately be owned, operated and maintained by the County as the phases are constructed and accepted by the County. The District does not intend to maintain or operate the roads once they are accepted by the County.

[Remainder of Page Intentionally Left Blank]

General Fund Operating Statement

The following statement sets forth in condensed form the historical results of operation of the District's Utility System. Such summary has been prepared by the Financial Advisor for inclusion herein, based upon information obtained from the District's audited financial statements. Reference is made to such statements for further and more complete information. See "APPENDIX A."

(a) Represents the balance of the right-to-use leased wastewater treatment plant contract entered into by the District during the applicable fiscal year.

(b) Unaudited; obtained from the District's bookkeeper. As of December 1, 2025 through August 1, 2026.

LEGAL MATTERS

Legal Opinions

Delivery of the Bonds will be accompanied by the approving legal opinion of the Attorney General of Texas to the effect that the Bonds are valid and legally binding obligations of the District under the Constitution and laws of the State of Texas, payable from the proceeds of an annual ad valorem tax levied, without legal limitation as to rate or amount, upon all taxable property within the District, and, based upon their examination of a transcript of certified proceedings relating to the issuance and sale of the Bonds, the approving legal opinion of Bond Counsel to a like effect and to the effect that, under existing law, interest on the Bonds (i) is excludable from gross income for federal income tax purposes under section 103 of the Code (as defined herein), and (ii) is not an item of tax preference for purposes of the alternative minimum tax on individuals.

Bond Counsel has reviewed the information appearing in this Official Statement under “THE BONDS (except for information under the subheading “– Book-Entry-Only System”), “THE DISTRICT – Authority,” “TAXING PROCEDURES,” “LEGAL MATTERS” and “CONTINUING DISCLOSURE OF INFORMATION” solely to determine whether such information, insofar as it relates to matters of law, is true and correct and whether such information fairly summarizes matters of law and the provisions of the documents referred to therein. Bond Counsel has not, however, independently verified any of the factual information contained in this Official Statement nor has it conducted an investigation of the affairs of the District for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon Bond Counsel’s limited participation as an assumption of responsibility for or an expression of opinion of any kind with regard to the accuracy or completeness of any information contained herein.

Allen Boone Humphries Robinson LLP also serves as general counsel to the District on matters other than the issuance of bonds. The legal fees paid to Bond Counsel for services rendered in connection with the issuance of the Bonds are based on a percentage of the bonds actually issued, sold and delivered and, therefore, such fees are contingent upon the sale and delivery of the Bonds.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

No-Litigation Certificate

The District will furnish the Initial Purchaser a certificate, executed by the President and Secretary of the Board, and dated as of the date of delivery of the Bonds, that to their knowledge, no litigation is pending or threatened affecting the validity of the Bonds, or the levy and/or collection of taxes for the payment thereof, or the organization or boundaries of the District, or the title of the officers thereof to their respective offices.

No Material Adverse Change

The obligations of the Initial Purchaser to take and pay for the Bonds, and of the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the District subsequent to the date of sale from that set forth or contemplated in the Preliminary Official Statement, as it may have been supplemented or amended through the date of sale.

TAX MATTERS

The following discussion of certain federal income tax considerations is for general information only and is not tax advice. Each prospective purchaser of the Bonds should consult its own tax advisor as to the tax consequences of the acquisition, ownership and disposition of the Bonds.

Tax Exemption

In the opinion of Allen Boone Humphries Robinson LLP, Bond Counsel, under existing law, interest on the Bonds (i) is excludable from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) is not an item of tax preference for purposes of the alternative minimum tax on individuals.

The Code imposes a number of requirements that must be satisfied for interest on state or local obligations, such as the Bonds, to be excludable from gross income for federal income tax purposes. These requirements include limitations on the use of bond proceeds and the source of repayment of bonds, limitations on the investment of bond proceeds prior to expenditure, a requirement that excess arbitrage earned on the investment of bond proceeds be paid periodically to the United States and a requirement that the issuer file an information report with the Internal Revenue Service (the “Service”). The District has covenanted in the Bond Resolution that it will comply with these requirements.

Bond Counsel’s opinion will assume continuing compliance with the covenants of the Bond Resolution pertaining to those sections of the Code that affect the excludability of interest on the Bonds from gross income for federal income tax purposes and, in addition, will rely on representations by the District and other parties involved with the issuance of the Bonds with

respect to matters solely within the knowledge of the District and such parties, which Bond Counsel has not independently verified. If the District fails to comply with the covenants in the Bond Resolution or if the foregoing representations are determined to be inaccurate or incomplete, interest on the Bonds could become includable in gross income from the date of delivery of the Bonds, regardless of the date on which the event causing such inclusion occurs.

Bond Counsel will express no opinion as to the amount or timing of interest on the Bonds or, except as stated above, any federal, state or local tax consequences resulting from the receipt or accrual of interest on, or acquisition, ownership or disposition of, the Bonds. Certain actions may be taken or omitted subject to the terms and conditions set forth in the Bond Resolution upon the advice or with the approving opinion of Bond Counsel. Bond Counsel will express no opinion with respect to Bond Counsel's ability to render an opinion that such actions, if taken or omitted, will not adversely affect the excludability of interest of the Bonds from gross income for federal income tax purposes.

Bond Counsel's opinions are based on existing law, which is subject to change. Such opinions are further based on Bond Counsel's knowledge of facts as of the date thereof. Bond Counsel assumes no duty to update or supplement its opinions to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, Bond Counsel's opinions are not a guarantee of result and are not binding on the Service; rather, such opinions represent Bond Counsel's legal judgment based upon its review of existing law and in reliance upon the representations and covenants referenced above that it deems relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given as to whether the Service will commence an audit of the Bonds. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the District as the taxpayer, and the Owners of the Bonds may not have a right to participate in such audit. Public awareness of any future audit of the Bonds could adversely affect the value and liquidity of the Bonds, regardless of the ultimate outcome of the audit.

Qualified Tax-Exempt Obligations

The Code requires a pro rata reduction in the interest expense deduction of a financial institution to reflect such financial institution's investment in tax-exempt obligations acquired after August 7, 1986. An exception to the foregoing provision is provided in the Code for "qualified tax-exempt obligations," which include tax-exempt obligations, such as the Bonds, (a) designated by the issuer as "qualified tax-exempt obligations" and (b) issued by or on behalf of a political subdivision for which the aggregate amount of tax-exempt obligations (not including private activity bonds other than qualified 501(c)(3) bonds) to be issued during the calendar year is not expected to exceed \$10,000,000.

The District will designate the Bonds as "qualified tax-exempt obligations" and has represented that the aggregate amount of tax-exempt bonds (including the Bonds) issued by the District and entities aggregated with the District under the Code during calendar year 2026 is not expected to exceed \$10,000,000 and that the District and entities aggregated with the District under the Code have not designated more than \$10,000,000 in "qualified tax-exempt obligations" (including the Bonds) during calendar year 2026.

Notwithstanding these exceptions, financial institutions acquiring the Bonds will be subject to a 20 percent disallowance of allocable interest expense.

Additional Federal Income Tax Considerations

Collateral Tax Consequences

Prospective purchasers of the Bonds should be aware that the ownership of tax-exempt obligations may result in collateral federal income tax consequences, including but not limited to those noted below. Therefore, prospective purchasers of the Bonds should consult their own tax advisors as to the tax consequences of the acquisition, ownership and disposition of the Bonds.

An "applicable corporation" (as defined in section 59(k) of the Code) may be subject to a 15 percent alternative minimum tax imposed under section 55 of the Code on its "adjusted financial statement income" (as defined in section 56A of the Code) for such taxable year. Because interest on tax-exempt obligations, such as the Bonds, is included in a corporation's "adjusted financial statement income," ownership of the Bonds could subject certain corporations to alternative minimum tax consequences.

Ownership of tax-exempt obligations also may result in collateral federal income tax consequences to financial institutions, life insurance and property and casualty insurance companies, certain S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, low and middle income taxpayers otherwise qualifying for the health insurance premium assistance credit and individuals otherwise qualifying for the earned income tax credit. In addition, certain foreign corporations doing business in the United States may be subject to the "branch profits tax" on their effectively connected earnings and profits, including tax-exempt interest such as interest on the Bonds.

Prospective purchasers of the Bonds should also be aware that, under the Code, taxpayers are required to report on their returns the amount of tax-exempt interest, such as interest on the Bonds, received or accrued during the year.

Tax Accounting Treatment of Original Issue Premium

If the issue price of any maturity of the Bonds exceeds the stated redemption price payable at maturity of such Bonds, such Bonds (the "Premium Bonds") are considered for federal income tax purposes to have "bond premium" equal to the amount of such excess. The basis of a Premium Bond in the hands of an initial owner is reduced by the amount of such excess that is amortized during the period such initial owner holds such Premium Bond in determining gain or loss for federal income tax purposes. This reduction in basis will increase the amount of any gain or decrease the amount of any loss recognized for federal income tax purposes on the sale or other taxable disposition of a Premium Bond by the initial owner. No corresponding deduction is allowed for federal income tax purposes for the reduction in basis resulting from amortizable bond premium. The amount of bond premium on a Premium Bond that is amortizable each year (or shorter period in the event of a sale or disposition of a Premium Bond) is determined using the yield to maturity on the Premium Bond based on the initial offering price of such Premium Bond.

The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of Premium Bonds that are not purchased in the initial offering at the initial offering price may be determined according to rules that differ from those described above. All owners of Premium Bonds should consult their own tax advisors with respect to the determination for federal, state, and local income tax purposes of amortized bond premium upon the redemption, sale or other disposition of a Premium Bond and with respect to the federal, state, local, and foreign tax consequences of the purchase, ownership, and sale, redemption or other disposition of such Premium Bonds.

Tax Accounting Treatment of Original Issue Discount

If the issue price of any maturity of the Bonds is less than the stated redemption price payable at maturity of such Bonds (the "OID Bonds"), the difference between (i) the amount payable at the maturity of each OID Bond, and (ii) the initial offering price to the public of such OID Bond constitutes original issue discount with respect to such OID Bond in the hands of any owner who has purchased such OID Bond in the initial public offering of the Bonds. Generally, such initial owner is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such OID Bond equal to that portion of the amount of such original issue discount allocable to the period that such OID Bond continues to be owned by such owner. Because original issue discount is treated as interest for federal income tax purposes, the discussions regarding interest on the Bonds under the captions "TAX MATTERS – Tax Exemption" and "TAX MATTERS – Additional Federal Income Tax Considerations – Collateral Tax Consequences" and "—Tax Legislative Changes" generally apply and should be considered in connection with the discussion in this portion of the Official Statement.

In the event of the redemption, sale or other taxable disposition of such OID Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such OID Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such OID Bond was held by such initial owner) is includable in gross income.

The foregoing discussion assumes that (i) the Underwriter has purchased the Bonds for contemporaneous sale to the public and (ii) all of the OID Bonds have been initially offered, and a substantial amount of each maturity thereof has been sold, to the general public in arm's-length transactions for a price (and with no other consideration being included) not more than the initial offering prices thereof stated on the inside cover page of this Official Statement. Neither the District nor Bond Counsel has made any investigation or offers any assurance that the OID Bonds will be offered and sold in accordance with such assumptions.

Under existing law, the original issue discount on each OID Bond accrues daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such OID Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (i) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (ii) the amounts payable as current interest during such accrual period on such Bond.

The federal income tax consequences of the purchase, ownership, and redemption, sale or other disposition of OID Bonds that are not purchased in the initial offering at the initial offering price may be determined according to rules that differ from those described above. All owners of OID Bonds should consult their own tax advisors with respect to the determination for federal, state, and local income tax purposes of interest accrued upon redemption, sale or other disposition of such OID Bonds and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such OID Bonds.

Tax Legislative Changes

Current law may change so as to directly or indirectly reduce or eliminate the benefit of the excludability of interest on the Bonds from gross income for federal income tax purposes. Any proposed legislation, whether or not enacted, could also affect the value and liquidity of the Bonds. Prospective purchasers of the Bonds should consult with their own tax advisors with respect to any recently enacted, proposed, pending or future legislation.

CONTINUING DISCLOSURE OF INFORMATION

In the Bond Resolution, the District has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe these agreements so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, as well as timely notice of specified events, to the Municipal Securities Rulemaking Board or any successor to its function as a repository (the "MSRB"), through its Electronic Municipal Market Access ("EMMA") system.

Annual Reports

The District will provide certain updated financial information and operating data to EMMA annually.

The information to be updated with respect to the District includes all quantitative financial information and operating data of the general type included under "DISTRICT DEBT" (except under the subheadings "Estimated Direct and Overlapping Debt Statement"), "TAX DATA," and "APPENDIX A." The District will update and provide this information within six (6) months after the end of each of its fiscal years ending in or after 2026. The District will provide the updated information to EMMA.

Any information so provided shall be prepared in accordance with generally accepted auditing standards or other such principles as the District may be required to employ from time to time pursuant to Texas law or regulation, and audited if the audit report is completed within the period during which it must be provided. If the audit report is not complete within such period, then the District shall provide unaudited financial statements for the applicable fiscal year to EMMA within such six (6) month period, and audited financial statements when the audit report becomes available.

The District's current fiscal year end is November 30. Accordingly, it must provide updated information by the last day in May in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Event Notices

The District will provide timely notices of certain events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds, or other material events affecting the tax-exempt status of the Bonds; (7) modifications to rights of beneficial owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person; (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person or the sale of all or substantially all of the assets of the District or other obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the District or other obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District or other obligated person, any of which affect Beneficial Owners of the Bonds, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District or other obligated person, any of which reflect financial difficulties. The terms "obligated person" and "financial obligations" when used in this paragraph shall have the meanings ascribed to them under SEC Rule 15c2-12 of the Securities Exchange Act (the "Rule"). The term "material" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. Neither the Bonds nor the Bond Resolution makes any provision for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information from EMMA

The District has agreed to provide the information only to the MSRB. The MSRB has prescribed that such information must be filed via EMMA. The MSRB makes the information available to the public without charge and investors will be able to access continuing disclosure information filed with the MSRB at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of material events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement, or from any statement made pursuant to its agreement, although holders and beneficial owners of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or operations of the District but only if the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering described herein in compliance with the Rule, taking into account any amendments and interpretations of the Rule to the date of such amendment, as well as changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding Bonds consent or any person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the beneficial owners of the Bonds. The District may also amend or repeal the agreement if the SEC amends or repeals the applicable provisions of such rule or a court of final jurisdiction determines that such provisions are invalid, but in either case only to the extent that its right to do so would not prevent the Initial Purchaser from lawfully purchasing the Bonds in the offering described herein. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described above under “Annual Reports” an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance with Prior Undertakings

The Bonds are the fourth issuance of bonded indebtedness by the District. The District has complied in all material respects with its prior continuing disclosure undertakings in accordance with the Rule.

OFFICIAL STATEMENT

General

The information contained in this Official Statement has been obtained primarily from the Developer, the District’s records, the Engineer, the Tax Assessor/Collector and other sources believed to be reliable; however, no representation is made as to the accuracy or completeness of the information contained herein, except as described below. The summaries of the statutes, resolutions and engineering and other related reports set forth herein are included subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information.

The financial statements of the District as of November 30, 2025, and for the year then ended, included in this offering document, have been audited by McGrath & Co., PLLC, independent auditors, as stated in their report appearing herein. See “APPENDIX A” for a copy of the District’s November 30, 2025, audited financial statements.

Experts

The information contained in the Official Statement relating to engineering and to the description of the Utility System, and the Road System, and in particular, that engineering information included in the sections entitled “THE DISTRICT - Description” “THE UTILITY SYSTEM” and “THE ROAD SYSTEM” has been provided by Elevation Land Solutions and has been included herein in reliance upon the authority of said firm as experts in the field of civil engineering.

The information contained in the Official Statement relating to assessed valuations of property generally and, in particular, that information concerning collection rates and valuations contained in the sections captioned “TAX DATA” and “DISTRICT DEBT” was provided by Utility Tax Service, LLC and the Appraisal District. Such information has been included herein in reliance upon such firm’s authority as an expert in the field of tax collection and the Appraisal District’s authority as an expert in the field of tax assessing.

Certification as to Official Statement

The District, acting by and through its Board in its official capacity and in reliance upon the experts listed above, hereby certifies, as of the date hereof, that to the best of its knowledge and belief, the information, statements and descriptions pertaining to the District and its affairs herein contain no untrue statements of a material fact and do not omit to state any material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading. The information, descriptions and statements concerning entities other than the District, including particularly other governmental entities, have been obtained from sources believed to be reliable, but the District has made no independent investigation or verification of such matters and makes no representation as to the accuracy or completeness thereof.

Updating of Official Statement

If, subsequent to the date of the Official Statement, the District learns, through the ordinary course of business and without undertaking any investigation or examination for such purposes, or is notified by the Initial Purchaser, of any adverse event which causes the Official Statement to be materially misleading, and unless the Initial Purchaser elects to terminate its obligation to purchase the Bonds, the District will promptly prepare and supply to the Initial Purchaser an appropriate amendment or supplement to the Official Statement satisfactory to the Initial Purchaser; provided, however, that the obligation of the District to so amend or supplement the Official Statement will terminate when the District delivers the Bonds to the Initial Purchaser, unless the Initial Purchaser notifies the District in writing on or before such date that less than all of the Bonds have been sold to ultimate customers, in which case the District's obligations hereunder will extend for an additional period of time (but not more than 90 days after the date the District delivers the Bonds) until all of the Bonds have been sold to ultimate customers.

CONCLUDING STATEMENT

The information set forth herein has been obtained from the District's records, audited financial statements and other sources which are considered to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will ever be realized. All of the summaries of the statutes, documents and resolutions contained in this Official Statement are made subject to all of the provisions of the provisions of such statutes, documents and resolutions. These summaries do not purport to be complete statements of such provisions and reference is made to such summarized documents for further information. Reference is made to official documents in all respects.

This Official Statement was approved by the Board of Directors of East Montgomery County Municipal Utility District No. 12 as of the date shown on the first page hereof.

Independent Auditor's Report

Board of Directors

East Montgomery County Municipal Utility District No. 12

Montgomery County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of East Montgomery County Municipal Utility District No. 12 (the "District"), as of and for the year ended November 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of East Montgomery County Municipal Utility District No. 12, as of November 30, 2025, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Montgomery County, Texas***

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied

***Board of Directors
East Montgomery County Municipal Utility District No. 12
Montgomery County, Texas***

certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Texas Supplementary Information schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Texas Supplementary Information schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2025

Using this Annual Report

This section of the financial report of East Montgomery County Municipal Utility District No. 12 (the "District") provides a narrative discussion and analysis of the financial activities of the District for the fiscal year ended November 30, 2025. This analysis should be read in conjunction with the independent auditor's report and the basic financial statements that follow this section.

In addition to this discussion and analysis, this annual report consists of:

- The District's basic financial statements;
- Notes to the basic financial statements, which provide additional information essential to a full understanding of the data provided in the financial statements;
- Supplementary information required by the Governmental Accounting Standards Board (GASB) concerning the District's budget; and
- Other Texas supplementary information required by the District's state oversight agency, the Texas Commission on Environmental Quality (TCEQ).

Overview of the Financial Statements

The District prepares its basic financial statements using a format that combines fund financial statements and government-wide statements onto one financial statement. The combined statements are the *Statement of Net Position and Governmental Funds Balance Sheet* and the *Statement of Activities and Governmental Funds Revenues, Expenditures and Changes in Fund Balances*. Each statement contains an adjustments column which quantifies the differences between the government-wide and fund level statements. Additional details of the adjustments are provided in Note 2 to the basic financial statements.

Government-Wide Financial Statements

The focus of government-wide financial statements is on the overall financial position and activities of the District, both long-term and short-term. The District's government-wide financial statements consist of the *Statement of Net Position* and the *Statement of Activities*, which are prepared using the accrual basis of accounting. The *Statement of Net Position* includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual reported as net position. Over time, changes in net position may provide a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

Accounting standards establish three components of net position. The net investment in capital assets component represents the District's investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets. Resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The restricted component of net position consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties. The unrestricted component of net position represents resources not included in the other components.

East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2025

The *Statement of Activities* reports how the District's net position has changed during the fiscal year. All revenues and expenses are included on this statement, regardless of whether cash has been received or paid.

Fund Financial Statements

The fund financial statements include the *Governmental Funds Balance Sheet* and the *Governmental Funds Revenues, Expenditures and Changes in Fund Balances*. The focus of fund financial statements is on specific activities of the District rather than the District as a whole, reported using modified accrual accounting. These statements report on the District's use of available financial resources and the balances of available financial resources at the end of the year. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties, governmental statutes or regulations.

For further discussion on the government-wide and fund financial statements, please refer to Note 1 in the financial statements.

Financial Analysis of the District as a Whole

The District's net position at November 30, 2025, was negative \$22,533,432. The District's net position is negative because the District incurs debt to construct road facilities which it conveys to Montgomery County. A comparative summary of the District's overall financial position, as of November 30, 2025 and 2024, is as follows:

	2025	2024
Current and other assets	\$ 8,792,294	\$ 8,489,088
Capital assets	32,724,739	32,585,345
Total assets	<u>41,517,033</u>	<u>41,074,433</u>
Current liabilities	2,847,722	2,850,256
Long-term liabilities	57,333,911	57,655,522
Total liabilities	<u>60,181,633</u>	<u>60,505,778</u>

Net position		
Net investment in capital assets	(9,371,180)	(9,378,641)
Restricted	755,123	680,970
Unrestricted	(13,917,375)	(14,669,552)
Total net position	<u>\$ (22,533,432)</u>	<u>\$ (23,367,223)</u>

East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2025

The total net position of the District increased during the current fiscal year by \$833,791. A comparative summary of the District's *Statement of Activities* for the past two fiscal years is as follows:

	2025	2024
Revenues		
Property taxes, penalties and interest	\$ 4,013,568	\$ 3,293,432
Water and sewer service	1,365,539	1,299,743
Other	670,336	513,026
Total revenues	<u>6,049,443</u>	<u>5,106,201</u>
Expenses		
Current service operations	2,221,766	1,883,526
Debt interest and fees	2,012,803	1,856,935
Developer interest		572,621
Debt issuance costs		531,058
Depreciation and amortization	1,125,763	1,066,475
Total expenses	<u>5,360,332</u>	<u>5,910,615</u>
Change in net position before other item	689,111	(804,414)
Other item		
Insurance proceeds	<u>144,680</u>	
Change in net position	833,791	(804,414)
Net position, beginning of year	<u>(23,367,223)</u>	<u>(22,562,809)</u>
Net position, end of year	<u>\$ (22,533,432)</u>	<u>\$ (23,367,223)</u>

Financial Analysis of the District's Funds

The District's combined fund balances, as of November 30, 2025, were \$3,703,589, which consists of \$2,484,670 in the General Fund, \$1,182,928 in the Debt Service Fund and \$35,991 in the Capital Projects Fund.

East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2025

General Fund

A comparative summary of the General Fund's financial position as of November 30, 2025 and 2024, is as follows:

	2025	2024
Total assets	<u>\$ 4,699,031</u>	<u>\$ 4,526,930</u>
Total liabilities	\$ 1,069,880	\$ 1,131,002
Total deferred inflows	1,144,481	1,149,133
Total fund balance	<u>2,484,670</u>	<u>2,246,795</u>
Total liabilities, deferred inflows and fund balance	<u>\$ 4,699,031</u>	<u>\$ 4,526,930</u>

A comparative summary of the General Fund's activities for the current and prior fiscal year is as follows:

	2025	2024
Total revenues	\$ 3,048,292	\$ 2,675,492
Total expenditures	<u>(2,955,097)</u>	<u>(2,173,364)</u>
Revenues over expenditures	93,195	502,128
Other changes in fund balance	<u>144,680</u>	
Net change in fund balance	<u>\$ 237,875</u>	<u>\$ 502,128</u>

The District manages its activities with the objectives of ensuring that expenditures will be adequately covered by revenues each year and that an adequate fund balance is maintained. The District's primary financial resources in the General Fund are from a property tax levy, the provision of water and sewer services to customers within the District and tap connection fees charged to homebuilders in the District. Financial resources are influenced by a variety of factors each year:

- Property tax revenues are dependent upon assessed values in the District and the maintenance tax rate set by the District. The 2024 levy was recognized as revenues in the 2025 fiscal year, while the 2023 levy was recognized in the 2024 fiscal year (to the extent that these amounts were collected). Property tax revenues increased from prior year because assessed values increased from prior year.
- Water, sewer and groundwater pumpage fee revenues are dependent upon customer usage, which fluctuates from year to year as a result of factors beyond the District's control.
- Tap connection fees fluctuate with homebuilding activity within the District.

East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2025

Debt Service Fund

A comparative summary of the Debt Service Fund's financial position as of November 30, 2025 and 2024, is as follows:

	2025	2024
Total assets	<u>\$ 4,093,762</u>	<u>\$ 3,918,347</u>
Total liabilities	\$ 38,597	\$ 738
Total deferred inflows	2,872,237	2,806,493
Total fund balance	<u>1,182,928</u>	<u>1,111,116</u>
Total liabilities, deferred inflows and fund balance	<u>\$ 4,093,762</u>	<u>\$ 3,918,347</u>

A comparative summary of the Debt Service Fund's activities for the current and prior fiscal year is as follows:

	2025	2024
Total revenues	\$ 2,872,613	\$ 2,424,901
Total expenditures	<u>(2,800,801)</u>	<u>(1,997,936)</u>
Revenues over expenditures	71,812	426,965
Other changes in fund balance		136,034
Net change in fund balance	<u>\$ 71,812</u>	<u>\$ 562,999</u>

The District's primary financial resources in the Debt Service Fund in the current and prior fiscal year are from property tax revenues. In the prior year, the District's financial resources also included capitalized interest from the sale of bonds. The difference between these financial resources and debt service requirements resulted in an increase in fund balance each year. It is important to note that the District sets its annual debt service tax rate as recommended by its financial advisor, who monitors projected cash flows in the Debt Service Fund to ensure that the District will be able to meet its future debt service requirements.

Capital Projects Fund

A comparative summary of the Capital Projects Fund's financial position as of November 30, 2025 and 2024, is as follows:

	2025	2024
Total assets	<u>\$ 48,532</u>	<u>\$ 43,811</u>
Total liabilities	\$ 12,541	\$ 7,500
Total fund balance	<u>35,991</u>	<u>36,311</u>
Total liabilities and fund balance	<u>\$ 48,532</u>	<u>\$ 43,811</u>

East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2025

A comparative summary of activities in the Capital Projects Fund for the current and prior fiscal year is as follows:

	2025	2024
Total revenues	\$ 400	\$ 5,441
Total expenditures	(720)	(6,299,743)
Revenues under expenditures	(320)	(6,294,302)
Other changes in fund balance		5,983,966
Net change in fund balance	\$ (320)	\$ (310,336)

The District did not have any significant capital asset activity in the current fiscal year. In the prior fiscal year, the District had considerable capital asset activity, which was financed with proceeds from the issuance of its Series 2024 Unlimited Tax Bonds.

General Fund Budgetary Highlights

The Board of Directors adopts an annual unappropriated budget for the General Fund prior to the beginning of each fiscal year. The Board did not amend the budget during the fiscal year.

Since the District's budget is primarily a planning tool, actual results varied from the budgeted amounts. Actual net change in fund balance was \$226,228 greater than budgeted. The *Budgetary Comparison Schedule* on page 36 of this report provides variance information per financial statement line item.

Capital Assets

The District has entered into financing agreements with its developer for the financing of the construction of capital assets within the District. The developer will be reimbursed from proceeds of future bond issues or other lawfully available funds. These developer funded capital assets are recorded on the District's financial statements upon completion of construction.

East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2025

Capital assets held by the District at November 30, 2025 and 2024, are summarized as follows:

	2025	2024
Capital assets not being depreciated		
Land and improvements	\$ 4,176,336	\$ 4,044,035
Capital assets being depreciated/amortized		
Infrastructure	25,620,483	25,206,403
Landscaping improvements	2,971,600	2,252,824
Other facilities	441,826	441,826
Right-to-use leased assets	3,985,147	3,985,147
	<u>33,019,056</u>	<u>31,886,200</u>
Less accumulated depreciation/amortization		
Infrastructure	(2,967,599)	(2,296,662)
Landscaping improvements	(367,224)	(218,644)
Other facilities	(66,274)	(44,183)
Right-to-use leased assets	(1,069,556)	(785,401)
	<u>(4,470,653)</u>	<u>(3,344,890)</u>
Depreciable capital assets, net	<u>28,548,403</u>	<u>28,541,310</u>
Capital assets, net	<u>\$ 32,724,739</u>	<u>\$ 32,585,345</u>

Capital asset additions during the current fiscal year include the following:

- Harrington Trails detention pond rehabilitation and landscape improvements
- Wastewater treatment plant re-coating
- Water meters

Additionally, Montgomery County assumes responsibility (after a one-year maintenance period) for road facilities constructed within the boundaries of the County. Accordingly, these facilities are not considered assets of the District. The estimated value of these assets is recorded as transfers to other governments upon completion of construction. This estimated cost is trued-up when the developer is reimbursed.

Lease Obligations

The District has entered into various equipment lease obligations for interim wastewater treatment plant phases. The District recognized right-to-use leased assets and lease obligations in the amount of \$3,985,147 for these leases. The balance due for the leases as of November 30, 2025, was \$2,952,644.

Long-Term Debt and Related Liabilities

As of November 30, 2025, the District owes approximately \$16,099,197 to its developer for completed projects and operating advances. The initial cost of the completed project and related liability is estimated based on actual construction costs plus 10-15% for engineering and other fees and is recorded on the District's financial statements upon completion of construction. The District intends

East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2025

to reimburse the developer from proceeds of future bond issues or other lawfully available funds. The estimated cost of amounts owed to the developer is trued up when the developer is reimbursed.

At November 30, 2025 and 2024, the District had total bonded debt outstanding as shown below:

<u>Series</u>	<u>2025</u>	<u>2024</u>
2023	\$ 19,685,000	\$ 20,170,000
2023 Road	13,975,000	14,305,000
2024	5,970,000	6,120,000
	<u>\$ 39,630,000</u>	<u>\$ 40,595,000</u>

At November 30, 2025, the District had \$80,746,000 unlimited tax bonds authorized, but unissued for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage systems within the District and the refunding of such bonds; \$5,000,000 for parks and recreational facilities and the refunding of such bonds; and \$37,277,000 for road improvements and the refunding of such bonds.

Next Year's Budget

In establishing the budget for the next fiscal year, the Board considered various economic factors that may affect the District, most notably projected revenues from property taxes and water/sewer services and the projected cost of operating the District and providing services to customers. A comparison of next fiscal year's budget to current fiscal year actual amounts for the General Fund is as follows:

	<u>2025 Actual</u>	<u>2026 Budget</u>
Total revenues	\$ 3,048,292	\$ 2,861,500
Total expenditures	<u>(2,955,097)</u>	<u>(2,836,650)</u>
Revenues over expenditures	93,195	24,850
Other changes in fund balance	144,680	
Net change in fund balance	237,875	24,850
Beginning fund balance	2,246,795	2,484,670
Ending fund balance	<u>\$ 2,484,670</u>	<u>\$ 2,509,520</u>

Note 1 – Summary of Significant Accounting Policies

The accounting policies of East Montgomery County Municipal Utility District No. 12 (the “District”) conform with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). The following is a summary of the most significant policies:

Creation

The District was organized, created and established pursuant to Acts 2005, 79th Legislature, R.S. Chapter 843 and Senate Bill 887, dated September 1, 2005, and operates in accordance with the Texas Water Code, Chapters 49 and 54. Acts 2005 was amended by Acts 2019, 86th Legislature, R.S. Chapter 149 and House Bill 4654, dated May 24, 2019, granting the District road powers. The District also operates under Section 52, Article III and Section 59, Article XVI of the Texas Constitution. The board of Directors held its first meeting on July 22, 2019 and the first bonds were issued on March 2, 2023.

The District’s primary activities include construction, maintenance and operation of water, sewer and drainage and parks and recreational facilities. The District also constructs public road improvements which are accepted by Montgomery County for operations and maintenance upon completion of construction. The District has contracted with various consultants to provide services to operate and administer the affairs of the District. The District has no employees, related payroll or pension costs.

Reporting Entity

The District is a political subdivision of the State of Texas governed by an elected five-member board. The GASB has established the criteria for determining the reporting entity for financial statement reporting purposes. To qualify as a primary government, a government must have a separately elected governing body, be legally separate, and be fiscally independent of other state and local governments, while a component unit is a legally separate government for which the elected officials of a primary government are financially accountable. Fiscal independence implies that the government has the authority to adopt a budget, levy taxes, set rates, and/or issue bonds without approval from other governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statements as component units.

Government-Wide and Fund Financial Statements

Government-wide financial statements display information about the District as a whole. These statements focus on the sustainability of the District as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Interfund activity, if any, has been removed from these statements. These aggregated statements consist of the *Statement of Net Position* and the *Statement of Activities*.

Fund financial statements display information at the individual fund level. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for a specific

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

purpose. Each fund is considered to be a separate accounting entity. Most governments typically have many funds; however, governmental financial statements focus on the most important or “major” funds with non-major funds aggregated in a single column. The District has three governmental funds, which are all considered major funds.

The following is a description of the various funds used by the District:

- The General Fund is used to account for the operations of the District’s water and sewer system and all other financial transactions not reported in other funds. The principal sources of revenue are property taxes and water and sewer service fees. Expenditures include costs associated with the daily operations of the District.
- The Debt Service Fund is used to account for the payment of interest and principal on the District’s general long-term debt. The primary source of revenue for debt service is property taxes. Expenditures include costs incurred in assessing and collecting these taxes.
- The Capital Projects Fund is used to account for the expenditures of bond proceeds for the construction of the District’s water, sewer and drainage facilities, parks and recreational facilities, and road improvements.

As a special-purpose government engaged in a single governmental program, the District has opted to combine its government-wide and fund financial statements in a columnar format showing an adjustments column for reconciling items between the two.

Measurement Focus and Basis of Accounting

The government-wide financial statements use the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied.

The fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized in the accounting period in which it becomes both available and measurable to finance expenditures of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Revenues susceptible to accrual include property taxes, interest earned on investments and income from District operations. Property taxes receivable at the end of the fiscal year are treated as deferred inflows because they are not considered available to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due.

Note 2 further details the adjustments from the governmental fund presentation to the government-wide presentation.

Use of Restricted Resources

When both restricted and unrestricted resources are available for use, the District uses restricted resources first, then unrestricted resources as they are needed.

Prepaid Items

Certain payments made by the District reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Receivables from and payables to external parties are reported separately and are not offset, unless a legal right of offset exists. At November 30, 2025, an allowance for uncollectible accounts was not considered necessary.

Unbilled Service Revenues

Utility revenue is recorded when earned. Customers are billed monthly. The estimated value of services provided but unbilled at year-end has been included in the accompanying financial statements.

Interfund Activity

During the course of operations, transactions occur between individual funds. This can include internal transfers, payables and receivables. This activity is combined as internal balances and is eliminated in both the government-wide and fund financial statement presentation.

Capital Assets

Capital assets do not provide financial resources at the fund level, and, therefore, are reported only in the government-wide statements. The District defines capital assets as assets with an initial cost that exceeds the capitalization threshold for the asset class and an estimated useful life in excess of one year. Capital assets that individually are below the capitalization threshold but, in the aggregate, are above the threshold are capitalized. Subsequent replacements of these assets that do not exceed the threshold are not capitalized. The District's capitalization threshold for infrastructure assets is \$50,000. The threshold for subscription-based information technology arrangements (SBITAs) is \$250,000.

Capital assets are recorded at historical cost or estimated historical cost. Right-to-use leased assets are valued at the present value of future lease payments. Donated capital assets are recorded at acquisition value, which is the price that would be paid to acquire the asset on the acquisition date. The District has not capitalized interest incurred during the construction of its capital assets. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

Depreciable capital assets, which primarily consist of water, wastewater and drainage facilities, are depreciated (or amortized in the case of intangible assets) using the straight-line method as follows:

Assets	Useful Life
Infrastructure	10-45 years
Landscaping improvements	20 years
Other facilities	20 years
Right-to-use leased assets	10 years

The District's detention facilities and drainage channels are considered improvements to land and are non-depreciable.

Deferred Inflows and Outflows of Financial Resources

A deferred inflow of financial resources is the acquisition of resources in one period that is applicable to a future period, while a deferred outflow of financial resources is the consumption of financial resources in one period that is applicable to a future period. A deferred inflow results from the acquisition of an asset without a corresponding revenue or assumption of a liability. A deferred outflow results from the use of an asset without a corresponding expenditure or reduction of a liability.

At the fund level, property taxes receivable and participant billings receivable that are not collected within 60 days of fiscal year end do not meet the availability criteria required for revenue recognition and are recorded as deferred inflows of financial resources. Additionally, collections of the 2025 property tax levy are not considered current year revenues and, consequently, are also reported as deferred property taxes.

Deferred inflows of financial resources at the government-wide level consist of the 2025 property tax levy, which was levied to finance the 2026 fiscal year.

Net Position – Governmental Activities

Governmental accounting standards establish the following three components of net position:

Net investment in capital assets – represents the District's investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets.

Restricted – consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties.

Unrestricted – resources not included in the other components.

Fund Balances – Governmental Funds

Governmental accounting standards establish the following fund balance classifications:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District's nonspendable fund balance consists of prepaid items.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments. The District's restricted fund balances consist of unspent bond proceeds in the Capital Projects Fund and property taxes levied for debt service in the Debt Service Fund.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The District does not have any committed fund balances.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned - all other spendable amounts in the General Fund.

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses/expenditures during the period reported. These estimates include, among others, the collectability of receivables; the value of unbilled utility revenues and receivables; the useful lives and impairment of capital assets; the value of amounts due to developer and the value of capital assets for which the developer has not been fully reimbursed. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from the estimates.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

Note 2 – Adjustment from Governmental to Government-wide Basis

Reconciliation of the *Governmental Funds Balance Sheet* to the *Statement of Net Position*

Total fund balance, governmental funds	\$ 3,703,589
--	--------------

Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds.

Historical cost	\$ 37,195,392	
Less accumulated depreciation/amortization	<u>(4,470,653)</u>	
		32,724,739

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. The difference consists of:

Accrued interest payable	(427,805)	
Lease obligations	(2,952,644)	
Due to developer	(16,099,197)	
Bonds payable	<u>(39,630,000)</u>	
		(59,109,646)

Deferred inflows in the fund statements consist of the unavailable portion of participant billings and property taxes, as well as collections of the District's 2025 property tax levy. In the *Statement of Net Position*, deferred inflows consist of the entire 2025 property tax levy.

Fund level deferred property taxes	3,955,340	
Government wide level deferred property taxes	(3,868,832)	
Participant billings	<u>61,378</u>	
		147,886

Total net position - governmental activities	<u><u>\$ (22,533,432)</u></u>
--	-------------------------------

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities

Net change in fund balances - total governmental funds	\$	309,367
--	----	---------

Governmental funds do not report revenues that are not available to pay current obligations. In contrast, such revenues are reported in the *Statement of Activities* when earned. The difference is for the following:

Property taxes and related penalties and interest	\$	66,760	
Participant billings		61,378	
			128,138

Financial reporting for capital assets varies significantly between the fund statements and the government-wide statements. Reporting at the fund level focuses on the impact of transactions on financial resources (i.e., cash), while reporting at the government-wide level seeks to allocate the cost of the acquisition of capital assets over their useful lives and to measure the economic impact of developer financing of capital assets used by the District or conveyed to other governmental entities. Differences during the current fiscal year are for the following:

Capital outlays	238,838	
Depreciation/amortization expense	(1,125,763)	
		(886,925)

Financial reporting for certain obligations varies between the fund statements and the government-wide statements. At the fund level, the focus is on increases and decreases of financial resources as debt is issued and repaid. At the government-wide level, the focus is on measuring and reporting on changes in the District's obligation to repay liabilities in the future. Differences during the current fiscal year are for the following:

Principal payments - leases	315,870	
Principal payments - bonds	965,000	
Interest expense accrual	2,341	
		1,283,211

Change in net position of governmental activities	\$	833,791
---	----	---------

Note 3 – Deposits and Investments

Deposit Custodial Credit Risk

Custodial credit risk as it applies to deposits (i.e. cash) is the risk that, in the event of the failure of the depository institution, a government will not be able to recover its deposits or will not be able to recover collateral securities. The *Public Funds Collateral Act* (Chapter 2257, Texas Government Code) requires that all of the District's deposits with financial institutions be covered by federal depository insurance and, if necessary, pledged collateral held by a third-party custodian. The act further specifies the types of securities that can be used as collateral. The District's written investment policy establishes additional requirements for collateralization of deposits.

Investments

The District is authorized by the *Public Funds Investment Act* (Chapter 2256, Texas Government Code) to invest in the following: (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including Federal Home Loan Banks, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) certain collateralized mortgage obligations, (4) other obligations, which are unconditionally guaranteed or insured by the State of Texas or the United States or its agencies or instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, (5) certain A rated or higher obligations of states and political subdivisions of any state, (6) bonds issued, assumed or guaranteed by the State of Israel, (7) certain insured or collateralized certificates of deposit and share certificates, (8) certain fully collateralized repurchase agreements, (9) bankers' acceptances with limitations, (10) commercial paper rated A-1 or P-1 or higher and a maturity of 270 days or less, (11) no-load money market mutual funds and no-load mutual funds, with limitations, (12) certain guaranteed investment contracts, (13) certain qualified governmental investment pools and (14) a qualified securities lending program.

The District has adopted a written investment policy to establish the principles by which the District's investment program should be managed. This policy further restricts the types of investments in which the District may invest.

As of November 30, 2025, the District's investments consist of the following:

Type	Fund	Carrying Value	Rating	Weighted Average Maturity
TexSTAR	General	\$ 2,951,021	AAAm	41 days
	Debt Service	1,198,070		
	Capital Projects	9,534		
		<u>\$ 4,158,625</u>		

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

TexSTAR

The Texas Short Term Asset Reserve fund (“TexSTAR”) is managed by Hilltop Securities, and J.P. Morgan Investment Management, Inc. Hilltop Securities provides participant and marketing services while J.P. Morgan provides investment management services. Custodial and depository services are provided by J.P. Morgan Chase Bank N.A. or its subsidiary.

TexSTAR uses amortized cost rather than fair value to report net assets to compute share price. Accordingly, investments in TexSTAR are stated at amortized cost which approximates fair value. Investments in TexSTAR may be withdrawn via wire transfer on a same day basis, as long as the transaction is executed by 4 p.m. ACH withdrawals made by 4 p.m. will settle on the next business day.

Investment Credit and Interest Rate Risk

Investment credit risk is the risk that the investor may not recover the value of an investment from the issuer, while interest rate risk is the risk that the value of an investment will be adversely affected by changes in interest rates. The District’s investment policies do not address investment credit and interest rate risk beyond the rating and maturity restrictions established by state statutes.

Note 4 – Interfund Balances and Transactions

Amounts due to/from other funds at November 30, 2025, consist of the following:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amounts</u>	<u>Purpose</u>
General Fund	Debt Service Fund	\$ 36,490	Maintenance tax collections not remitted as of year end
General Fund	Capital Projects Fund	12,541	Bond application fees paid by the General Fund

Amounts reported as internal balances between funds are considered temporary balances and will be paid during the following fiscal year.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

Note 5 – Capital Assets

A summary of changes in capital assets, for the year ended November 30, 2025, is as follows:

	Beginning Balances	Additions/ Adjustments	Ending Balances
Capital assets not being depreciated			
Land and improvements	\$ 4,044,035	\$ 132,301	\$ 4,176,336
Capital assets being depreciated/amortized			
Infrastructure	25,206,403	414,080	25,620,483
Landscaping improvements	2,252,824	718,776	2,971,600
Other facilities	441,826		441,826
Right-to-use leased assets	3,985,147		3,985,147
	<u>31,886,200</u>	<u>1,132,856</u>	<u>33,019,056</u>
Less accumulated depreciation/amortization			
Infrastructure	(2,296,662)	(670,937)	(2,967,599)
Landscaping improvements	(218,644)	(148,580)	(367,224)
Other facilities	(44,183)	(22,091)	(66,274)
Right-to-use leased assets	(785,401)	(284,155)	(1,069,556)
	<u>(3,344,890)</u>	<u>(1,125,763)</u>	<u>(4,470,653)</u>
Subtotal depreciable capital assets, net	<u>28,541,310</u>	<u>7,093</u>	<u>28,548,403</u>
Capital assets, net	<u>\$ 32,585,345</u>	<u>\$ 139,394</u>	<u>\$ 32,724,739</u>

Depreciation/amortization expense for the current fiscal year was \$1,125,763.

Note 6 – Due to Developer

The District has entered into financing agreements with its developer for the financing of the construction of water, sewer, drainage, and parks and recreational facilities and road improvements. Under the agreements, the developer will construct facilities on behalf of the District. The developer will be reimbursed from proceeds of future bond issues or other lawfully available funds, subject to approval by TCEQ, as applicable. The District does not record the capital asset and related liability on the government-wide statements until construction of the facilities is complete. The initial cost is estimated based on construction costs plus 10-15% for engineering and other fees. Estimates are trued up when the developer is reimbursed.

The District's developer has also advanced funds to the District for operating expenses.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

Changes in the estimated amounts due to developer during the fiscal year are as follows:

Due to developer, beginning of year	\$ 15,072,878
Developer funded construction and adjustments	1,026,319
Due to developer, end of year	<u>\$ 16,099,197</u>

Note 7 – Lease Obligations

The District has entered into multiple equipment lease agreements for interim wastewater treatment plant phases. The terms of certain of these leases resulted in the recognition of right-to-use leased assets and lease obligations in the government-wide statements measured at the present value of future lease payments.

The following table summarizes the key terms of the District's lease obligations:

Description	Gallons Per Day	Effective Date	Term	Interest Rate	Annual Payment	Original Liability	Remaining Balance
Phase 1	135,000	4/21/2020	10 years	8.75%	\$ 172,200	\$ 1,240,516	\$ 722,737
Phase 2	270,000	4/11/2022	10 years	8.00%	399,600	2,744,631	2,229,907
					<u>\$ 571,800</u>	<u>\$ 3,985,147</u>	<u>\$ 2,952,644</u>

Annual requirements to amortize long-term lease obligations and related interest are as follows:

Year Ended	Principal	Interest	Total
2026	\$ 342,930	\$ 228,870	\$ 571,800
2027	372,312	199,488	571,800
2028	404,213	167,587	571,800
2029	438,856	132,944	571,800
2030	476,467	95,333	571,800
2031-2033	917,866	90,884	1,008,750
	<u>\$ 2,952,644</u>	<u>\$ 915,106</u>	<u>\$ 3,867,750</u>
Due within one year	<u>\$ 342,930</u>	<u>\$ 228,870</u>	<u>\$ 571,800</u>

All leases contain standard lease terms that state that the leases shall automatically be extended for successive 90-day periods after the initial term of the lease, unless otherwise terminated. The District is responsible for all ordinary expenses related to repairing and maintaining the equipment under all leases.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

The allocation of lease payments between principal and interest for the current fiscal year is as follows:

Description	Annual Payment	Principal	Interest
Phase 1	\$ 172,200	\$ 103,957	\$ 68,243
Phase 2	399,600	211,913	187,687
Totals	<u>\$ 571,800</u>	<u>\$ 315,870</u>	<u>\$ 255,930</u>

Note 8 – Long-Term Debt

Long-term debt is comprised of the following:

Bonds payable	<u>\$ 39,630,000</u>
Due within one year	<u>\$ 1,005,000</u>

The District's bonds payable at November 30, 2025, consists of unlimited tax bonds as follows:

Series	Amounts Outstanding	Original Issue	Interest Rates	Maturity Date, Serially, Beginning/ Ending	Interest Payment Dates	Call Dates
2023	\$ 19,685,000	\$ 20,635,000	3.50% - 5.75%	September 1, 2024/2047	March 1, September 1	March 1, 2029
2023 Road	13,975,000	14,305,000	4.00% - 6.50%	September 1, 2025/2048	March 1, September 1	September 1, 2029
2024	5,970,000	6,120,000	4.00% - 6.50%	September 1, 2025/2049	March 1, September 1	September 1, 2029
	<u>\$ 39,630,000</u>					

Payments of principal and interest on all series of bonds are to be provided from taxes levied on all properties within the District. Investment income realized by the Debt Service Fund from investment of idle funds will be used to pay outstanding bond principal and interest. The District is in compliance with the terms of its bond resolutions.

At November 30, 2025, the District had authorized but unissued bonds in the amount of \$80,746,000 for water, sewer and drainage facilities and the refunding of such bonds; \$5,000,000 for parks and recreational facilities and the refunding of such bonds; and \$37,277,000 for road improvements and the refunding of such bonds.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

The change in the District's long-term debt during the year is as follows:

Bonds payable, beginning of year	\$ 40,595,000
Bonds retired	(965,000)
Bonds payable, end of year	<u>\$ 39,630,000</u>

As of November 30, 2025, annual debt service requirements on bonds outstanding are as follows:

Year	Principal	Interest	Totals
2026	\$ 1,005,000	\$ 1,711,220	\$ 2,716,220
2027	1,050,000	1,649,720	2,699,720
2028	1,100,000	1,585,482	2,685,482
2029	1,155,000	1,518,220	2,673,220
2030	1,210,000	1,447,566	2,657,566
2031	1,270,000	1,389,670	2,659,670
2032	1,330,000	1,337,570	2,667,570
2033	1,395,000	1,284,907	2,679,907
2034	1,465,000	1,229,707	2,694,707
2035	1,540,000	1,174,882	2,714,882
2036	1,610,000	1,117,257	2,727,257
2037	1,685,000	1,052,857	2,737,857
2038	1,775,000	985,457	2,760,457
2039	1,855,000	913,694	2,768,694

Note 9 – Property Taxes

On November 5, 2019, the voters of the District authorized the District's Board of Directors to levy taxes annually for use in financing general operations limited to \$1.50 per \$100 of assessed value. In addition, the voters authorized the District's Board of Directors to levy taxes annually for road maintenance limited to \$0.25 per \$100 of assessed value. The District's bond resolutions require that property taxes be levied for use in paying interest and principal on long-term debt and for use in paying the cost of assessing and collecting taxes. Taxes levied to finance debt service requirements on long-term debt are without limitation as to rate or amount.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

All property values and exempt status, if any, are determined by the Montgomery Central Appraisal District. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

Property taxes are collected based on rates adopted in the year of the levy. The District's 2025 fiscal year was financed through the 2024 tax levy, pursuant to which the District levied property taxes of \$1.31 per \$100 of assessed value, of which \$0.38 was allocated to maintenance and operations, \$0.60 was allocated to debt service and \$0.33 was allocated to road debt service. The resulting tax levy was \$3,934,251 on the adjusted taxable value of \$300,324,471.

Property taxes levied each October are intended to finance the next fiscal year and are, therefore, not considered available for the District's use during the current fiscal year. Consequently, 2025 levy collections in the amount of \$63,967 have been included with deferred property taxes and are recorded as deferred inflows of resources on the *Governmental Funds Balance Sheet*. On the government-wide *Statement of Net Position*, the full 2025 tax levy of \$3,868,832 is reported as deferred inflows. These amounts will be recognized as revenue in 2026.

Property taxes receivable, at November 30, 2025, consisted of the following:

Current year taxes receivable	\$ 3,804,865
Prior years taxes receivable	68,428
	<u>3,873,293</u>
Penalty and interest receivable	18,080
Property taxes receivable	<u><u>\$ 3,891,373</u></u>

Note 10 – Interim Water Supply Service and Emergency Water Interconnect Agreement

On February 21, 2024, the District and East Montgomery County Municipal Utility District No. 13 ("EMC 13") entered into an Interim Water Supply and Emergency Interconnect Agreement (the "Agreement"), as subsequently amended on July 17, 2024, for the purchase of interim potable water supply and for the provision of water in the event of an emergency. The Agreement was entered into to provide interim water service to EMC 13 while EMC 13 constructs its own water production and distribution facilities. EMC 13 is responsible for the design, construction, and maintenance of the interconnect facilities at the point of connection between the District's and EMC 13's water systems.

Under the Agreement, as amended, the District agrees to provide interim potable water to EMC 13 in an amount of up to 154,180 gallons per day during the interim term. Water supplied under the Agreement is billed monthly in accordance with the District's applicable water rates, and ownership of water transfers to EMC 13 upon passage through the meter at the point of connection. For the fiscal year ended November 30, 2025, the District recorded \$68,350 for interim water sold to EMC 13.

Upon expiration of the interim term, the Agreement provides that the interconnect facilities shall thereafter be used solely as an emergency water interconnection. In the event of an emergency, water

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2025

supplied by either District to the other shall be billed at the supplying District's applicable base water rate, subject to the terms and limitations set forth in the Agreement. The Agreement has an initial term of 50 years, with automatic one-year renewals thereafter unless terminated earlier in accordance with the provisions of the Agreement.

Note 11 – Participation Agreement

On December 28, 2022, East Montgomery County Municipal Utility District No. 13 ("MUD 13"), a municipal utility district located to the northeast of the District, and Montgomery County (the "County") entered into an agreement (the "Road Agreement") to share in the costs of certain road improvements to serve an economic impact area encompassing 1,900 acres (the "Economic Impact Area") that includes the land within the District. The projects subject to the Road Agreement consist of certain major thoroughfare and loop road improvements and related improvements (collectively, the "Projects") within the Economic Impact Area. Under the Road Agreement, an estimated total of \$12,195,000 of eligible costs for Projects would be incurred as a result of Projects financed in whole or in part by the District.

To pay MUD 13 for the County's share of the cost of the Projects (the "Project Costs"), the County agreed to pay MUD 13 an annual payment (the "Annual Payment") equal to a portion of the ad valorem taxes levied and collected by the County on the assessed valuation of the real property and improvements within the Economic Impact Area.

The Road Agreement provides that the obligation of the County to pay the Annual Payment to MUD 13 begins no later than August 31, 2024 and will continue each year thereafter until the earliest of the following occurs: (i) all of the Project Costs have been paid in full, (ii) the reimbursement cap of \$66,881,000 has been reached, or (iii) December 28, 2052.

On May 15, 2024, MUD 13 entered into a Participation Agreement with the District to allocate to them their share of the benefits per the Road Agreement. In this agreement, MUD 13 is obligated to pay to the District its proportionate share of Annual Payments for the eligible Project Costs of the District following receipt of the applicable Annual Payment from Montgomery County.

The District may use the District Annual Payments only to: (a) fund Project costs, (b) reimburse developers for Project costs, and/or (c) pay debt service on bonds issued to finance a Project. The District Annual Payments are not pledged to the payment of the interest on or principal of the District's bonds, including the Bonds. For the fiscal year ended November 30, 2025, the District did not receive a payment from MUD 13.

Note 12 – Risk Management

The District is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; and personal injuries. The risk of loss is covered by commercial insurance. There have been no significant reductions in insurance coverage from the prior year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

Board of Directors

East Montgomery County Municipal Utility District No. 12

Montgomery County, Texas

In planning and performing our audit of the financial statements of governmental activities and each major fund of East Montgomery County Municipal Utility District No. 12 (the “District”), as of and for the year ended November 30, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal controls exists when the design or operation of a control does not allow management, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis.

The District's management consists of an elected Board of Directors (the “Directors”). Day-to-day operations are performed by private companies (the “Consultants”) under contract with the District. The Directors of the District supervise the performance of the Consultants; however, although the Consultants can be part of the District’s system of internal control, the Consultants are not members of management. Ultimately, the Directors of the District are responsible for the design and implementation of the system of internal control.

Material Weaknesses

We observed the following matters that we consider to be material weaknesses:

- As is common within the system of internal control of most small organizations, the accounting function of the District does not prepare the financial statements complete with footnotes in accordance with accounting principles generally accepted in the United States of America. This could result in the District’s financial statements and related note disclosures not fully or accurately presenting the District’s financial position and changes in financial position during the fiscal year in conformity with accounting principles generally accepted in the United States of America.

- During the course of performing an audit, it is not unusual for the auditor to prepare various journal entries to present the financial statements on both the fund basis and the government-wide basis of accounting. Management's reliance upon the auditor to detect and make these necessary adjustments could result in misstatements in the District's financial statements.
- The District's Management relies on the District's auditor to prepare the capital asset schedules and post adjustments related to the presentation of the capital assets in the government-wide financial statements. This reliance on the auditor to perform this function could result in the understatement or overstatement of capital assets and due to developer on the District's *Statement of Net Position* or an error in the amount reported as depreciation/amortization expense in the *Statement of Activities*.

Management's Response

The District's financial statements have been prepared in a manner that is consistent with prior years. The Board engages a bonded bookkeeper who possesses industry knowledge and expertise, including a concentration in special districts accounting. The Board also engages a financial advisor and tax assessor/collector who possess industry knowledge and expertise, as well as legal and professional engineering services. The Board has consulted with its independent auditor concerning this "management letter" and the auditor does not recommend any change in the Board's bookkeeping or audit procedures at this time. To the best of its knowledge, the Board conducts the District's business affairs in the same manner as other similarly situated special districts, and, based on the recommendations of its auditor, does not believe that the addition of an employee to oversee the monthly and annual financial reporting process or to prepare financial statements or that undertaking an additional annual audit is necessary or cost effective.

Conclusion

Management's written response to the material weaknesses identified in our audit has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on it.

This communication is intended solely for the information and use of management, the Board of Directors and the Texas Commission on Environmental Quality and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

McGrath & Co., PLLC-CPAs
Houston, Texas
