

Rating Action: Moody's Ratings affirms Las Cruces School District 2 (Dona Ana County), NM's A1 issuer and GO ratings; assigns A1 UND/Aa2 ENH to GO bonds

04 Sep 2026

New York, September 04, 2026 -- Moody's Ratings (Moody's) has affirmed Las Cruces School District 2 (Dona Ana County), NM's A1 issuer rating and A1 rating on its outstanding general obligation unlimited tax (GOULT) debt. We have assigned an A1 underlying and Aa2 enhanced rating to the district's General Obligation School Bonds, Series 2026 with an approximate par amount of \$16.3 million. Including the current offering, the district has approximately \$128 million in total debt.

RATINGS RATIONALE

The A1 issuer rating reflects a local economy anchored by New Mexico State University and the US Army's White Sands Missile Range, offsetting below-average full value per capita of \$91,000 and adjusted resident income of 79% of the US. Management expects the general fund balance to decline by \$1-\$2 million in fiscal 2026 (June 30 year-end), reducing the available fund balance to \$60.4 million, or 17% of budgeted general and debt service revenue; the general fund balance ratio would fall to a narrow 9%.

After several cost-saving measures, the district expects another \$2 million general fund balance decline in fiscal 2027, reducing the available fund balance to a still satisfactory 16% of budgeted revenue and the general fund balance ratio to more narrow 8%. Management's ability to balance operations and maintain reserves will be a key determinate in credit quality in future reviews.

The A1 rating also incorporates elevated long-term liabilities of 280% of revenue, driven by pension liabilities associated with a statewide cost-sharing pension plan, manageable fixed costs of 16% of revenue. Principal amortization is rapid, with 92% repaid in 10 years, though planned annual GO bond issuances over the next three years will keep the district's long-term liabilities ratio near current levels.

The A1 assigned to the district's general obligation unlimited tax bonds is the same as the district's issuer rating, based on the district's general obligation full faith and credit pledge and unlimited property tax dedicated to pay debt service.

The Aa2 enhanced rating is based on our assessment of the New Mexico School District Intercept Program and a review of the district's proposed financing. To qualify for the programmatic rating of Aa2, per our methodology, annual debt service coverage must be at least sum sufficient. In Las Cruces S.D. 2's case, coverage is ample at nearly 11 times, based on fiscal 2025 state aid.

RATING OUTLOOK

We do not assign outlooks to local government issuers with this amount of debt outstanding.

FACTORS THAT COULD LEAD TO AN UPGRADE OF THE RATINGS

- Trend of improved available fund balance above 25% of revenue
- Significantly strengthened economic indices, including adjusted income levels of 100% of the US, full value per capita above \$100,000

- Material moderation of long-term liabilities to less than 250% of revenue
- Upgrade of the Intercept Program's rating (enhanced)

FACTORS THAT COULD LEAD TO A DOWNGRADE OF THE RATINGS

- Fiscal 2026 or 2027 results that are materially weaker than expectations, leading to an available fund balance ratio below 17.5% or a general fund balance ratio below 8%
- Increased long-term liabilities ratio in excess of 400% of revenue
- Trend of weakened economic indices
- Downgrade of the Intercept Program's rating (enhanced)
