

PRELIMINARY OFFICIAL STATEMENT DATED SEPTEMBER 9, 2026

This Preliminary Official Statement is subject to completion and amendment and is intended solely for the solicitation of initial bids to purchase the Bonds. Upon sale of the Bonds, the Official Statement will be completed and delivered to the Initial Purchaser.

THE DELIVERY OF THE BONDS IS SUBJECT TO THE OPINION OF MCCALL, PARKHURST & HORTON L.L.P., BOND COUNSEL TO THE DISTRICT, TO THE EFFECT THAT INTEREST ON THE BONDS IS EXCLUDABLE FROM GROSS INCOME FOR FEDERAL INCOME TAX PURPOSES UNDER STATUTES, REGULATIONS, COURT DECISIONS, AND PUBLISHED RULINGS EXISTING ON THE DATE THEREOF, SUBJECT TO THE MATTERS DESCRIBED UNDER "TAX MATTERS" HEREIN, INCLUDING THE ALTERNATIVE MINIMUM TAX ON CERTAIN CORPORATIONS.

THE BONDS WILL BE DESIGNATED AS "QUALIFIED TAX-EXEMPT OBLIGATIONS" FOR FINANCIAL INSTITUTIONS. SEE "TAX MATTERS— QUALIFIED TAX-EXEMPT OBLIGATIONS FOR FINANCIAL INSTITUTIONS."

NEW ISSUE-Book-Entry-Only

\$5,200,000

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
(A political subdivision of the State of Texas located within Travis County, Texas)
UNLIMITED TAX ROAD BONDS
SERIES 2026

Dated Date: October 1, 2026

Due: September 1, as shown below

Interest Accrual Date: Date of Delivery

The bonds described above (the "Bonds") are obligations solely of Travis County Municipal Utility District No. 26 (the "District") and are not obligations of the State of Texas, Travis County, Texas, the City of Mustang Ridge, or any entity other than the District.

The Bonds, when issued, will constitute valid and legally binding obligations of the District and will be payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property within the District. THE BONDS ARE SUBJECT TO SPECIAL RISK FACTORS DESCRIBED HEREIN. See "RISK FACTORS."

Principal of the Bonds is payable at maturity or prior redemption at the principal payment office of the paying agent/registrar, initially BOKF, NA in Dallas, Texas (the "Paying Agent/Registrar"). Interest on the Bonds accrues from the initial date of delivery (expected to be on or about October 22, 2026) (the "Date of Delivery") and is payable on each September 1 and March 1 (each an "Interest Payment Date") commencing March 1, 2027, until maturity or prior redemption. The Bonds will be issued only in fully registered form and in denominations of \$5,000 each or integral multiples thereof. The Bonds mature and are subject to redemption prior to their maturity as shown herein.

The Bonds will be registered and delivered only in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Bonds. Beneficial Owners (as defined herein under "BOOK-ENTRY-ONLY SYSTEM") of the Bonds will not receive physical certificates representing the Bonds but will receive a credit balance on the books of the DTC participants. So long as Cede & Co. is the registered owner of the Bonds, the principal of and interest on the Bonds will be paid by the Paying Agent/Registrar, as herein defined, directly to DTC, which will, in turn, remit such principal and interest to its participants for subsequent disbursement to the Beneficial Owners. See "BOOK-ENTRY-ONLY SYSTEM."

MATURITY SCHEDULE

Due (Sept. 1)	Principal Amount (a)	Interest Rate	Initial Reoffering Yield (b)	CUSIP Number (c)	Due (Sept. 1)	Principal Amount (a)	Interest Rate	Initial Reoffering Yield (b)	CUSIP Number (c)
2028	\$ 115,000				2040	\$ 210,000	(d)

- (a) The Initial Purchaser (as defined herein) may designate one or more maturities as term bonds. See accompanying "Official Notice of Sale" and "Official Bid Form."
- (b) Initial reoffering yield represents the initial offering yield to the public, which has been established by the Initial Purchaser for offers to the public and which subsequently may be changed. The initial reoffering yields indicated above represent the lower of the yields resulting when priced at maturity or to the first call date.
- (c) CUSIP Numbers will be assigned to the Bonds by CUSIP Global Services and are included solely for the convenience of the purchasers of the Bonds. Neither the District nor the Initial Purchaser shall be responsible for the selection or correctness of the CUSIP Numbers set forth herein.
- (d) The Bonds maturing on and after September 1, 2033 are subject to redemption prior to maturity at the option of the District, in whole or, from time to time in part, on September 1, 2032, or on any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. See "THE BONDS—Redemption Provisions."

The Bonds are offered when, as and if issued by the District, subject, among other things, to the approval of the Bonds by the Attorney General of Texas and the approval of certain legal matters by McCall, Parkhurst & Horton L.L.P., Bond Counsel, Austin, Texas. Delivery of the Bonds in book-entry form through DTC is expected on or about October 22, 2026.

Bids Due: Wednesday, September 16, 2026, at 9:00 A.M., Central Daylight Time, in Austin, Texas
Bid Award: Wednesday, September 16, 2026, at 11:00 A.M., Central Daylight Time, in Austin, Texas

This Certified Official Statement and the information contained herein are subject to completion or amendment. These securities may not be sold nor may offers to buy be accepted prior to the time the Official Statement is delivered in final form. Under no circumstances shall this Certified Official Statement constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.

USE OF INFORMATION IN OFFICIAL STATEMENT

For purpose of compliance with Rule 15c2-12 of the United States Securities and Exchange Commission (the “SEC”), as amended and in effect on the date hereof, this document constitutes an Official Statement of the District with respect to the Bonds that has been deemed “final” by the District as of its date except for the omission of no more than the information permitted by SEC Rule 15c2-12.

No dealer, broker, salesman or other person has been authorized to give any information or to make any representations other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by the District.

This Official Statement is not to be used in an offer to sell or the solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

All of the summaries of the statutes, resolutions, contracts, audited financial statements, engineering and other related reports set forth in this Official Statement are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents, copies of which are available from Armbrust & Brown, PLLC, 100 Congress Avenue, Suite, 1300 Austin, Texas, 78701, for further information.

References to web site addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader’s convenience. Unless specified otherwise, such web sites and the information or links contained therein are not incorporated into, and are not part of, this Official Statement for purposes of, and as that term is defined in, SEC Rule 15c2-12, as amended.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof. However, the District has agreed to keep this Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and, to the extent that information actually comes to its attention, the other matters described in this Official Statement until delivery of the Bonds to the Initial Purchaser (as herein defined) and thereafter only as specified in “PREPARATION OF OFFICIAL STATEMENT—Updating the Official Statement.”

Neither the District nor the Initial Purchaser make any representations as to the accuracy, completeness, or adequacy of the information supplied by The Depository Trust Company for use in this Official Statement.

OFFICIAL STATEMENT SUMMARY

The following is a brief summary of certain information contained herein which is qualified in its entirety by the detailed information and financial statements appearing elsewhere in this Official Statement. The summary should not be detached and should be used in conjunction with more complete information contained herein. A full review should be made of the entire Official Statement and of the documents summarized or described therein.

THE BONDS

Description...

The \$5,200,000 Unlimited Tax Road Bonds, Series 2026 (the “Bonds”) are being issued as fully registered bonds pursuant to an order (the “Bond Order”) authorizing the issuance of the Bonds adopted by the Board of Directors (the “Board”) of Travis County Municipal Utility District No. 26 (the “District”). The Bonds are scheduled to mature serially on September 1 in each of the years 2028 through 2051, both inclusive, each in the principal amounts and accruing interest at the rates shown on the cover hereof. The Bonds will be issued in denominations of \$5,000 or integral multiples of \$5,000. Interest on the Bonds accrues from the Date of Delivery (expected to be on or about October 22, 2026), and is payable on March 1, 2027, and on each September 1 and March 1 thereafter, until maturity or prior redemption. See “THE BONDS.”

Book-Entry-Only System...

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the Bonds and will be deposited with DTC or its designee. See “BOOK-ENTRY-ONLY SYSTEM.”

Redemption...

The Bonds maturing on and after September 1, 2033, are subject to redemption prior to maturity at the option of the District, in whole or, from time to time in part, on September 1, 2032, or on any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. See “THE BONDS—Redemption Provisions.”

Use of Proceeds...

Proceeds of the Bonds will be used to finance road facilities as described herein under “THE ROAD SYSTEM—Use and Distribution of Bond Proceeds.” In addition, the proceeds of the Bonds will be used to capitalize eighteen (18) months of interest on the Bonds; and to pay certain other costs related to the issuance of the Bonds. See “THE ROAD SYSTEM—Use and Distribution of Bond Proceeds.”

<i>Authority for Issuance...</i>	The Bonds are the second series of bonds issued out of an aggregate of \$65,000,000 principal amount of unlimited tax bonds authorized by the District's voters for the purpose of financing and constructing road facilities to serve the land within the District's boundaries. The Bonds are issued by the District pursuant to the terms and conditions of an order authorizing the issuance of the Bonds (the "Bond Order"), Article III, Section 52 of the Texas Constitution, Chapters 49 and 54 of the Texas Water Code, as amended, an election held within the District on May 1, 2021, and the general laws of the State of Texas relating to the issuance of bonds by political subdivisions of the State of Texas. See "RISK FACTORS—Future Debt," "THE BONDS—Authority for Issuance," and "—Issuance of Additional Debt."
<i>Source of Payment...</i>	Principal of and interest on the Bonds are payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District. See "TAXING PROCEDURES" The Bonds are obligations of the District and are not obligations of the State of Texas, Travis County, the City of Mustang Ridge or any other political subdivision or agency other than the District. See "THE BONDS—Source and Security for Payment."
<i>Payment Record...</i>	The District has previously issued two series of unlimited tax bonds for water, sanitary sewer, and drainage facilities and one series of unlimited tax bonds for road facilities, as follows: \$6,700,000 Unlimited Tax Bonds, Series 2024, \$1,910,000 Unlimited Tax Bonds, Series 2025A, and \$3,490,000 Unlimited Tax Road Bonds, Series 2025B, \$11,950,000 of which remain outstanding as of September 1, 2026 (the "Outstanding Bonds"). The District has never defaulted on the debt service payments on the Outstanding Bonds. See "FINANCIAL STATEMENT (UNAUDITED)—Outstanding Bonds."
<i>Qualified Tax-Exempt Obligations...</i>	The District expects to designate the Bonds as "qualified tax-exempt obligations" pursuant to Section 265(b) of the Internal Revenue Code of 1986, as amended, and will represent that the total amount of tax-exempt obligations (including the Bonds) issued by it during calendar year 2026 is not reasonably expected to exceed \$10,000,000. See "TAX MATTERS—Qualified Tax-Exempt Obligations for Financial Institutions."
<i>Municipal Bond Rating and Municipal Bond Insurance...</i>	The District has not applied for an underlying rating nor is it expected that the District would have received an investment grade rating had such application been made. Application has been made to various municipal bond insurance companies for qualification of the Bonds for municipal bond insurance. If qualified, such insurance will be available at the option of the applicable Initial Purchaser and at the applicable Initial Purchaser's expense. See "RISK FACTORS—Risk Factors Related to the Purchase of Municipal Bond Insurance" and "MUNICIPAL BOND RATING AND MUNICIPAL BOND INSURANCE."
<i>Bond Counsel and Disclosure Counsel...</i>	McCall, Parkhurst & Horton L.L.P., Austin, Texas. See "MANAGEMENT OF THE DISTRICT—District Consultants" and "LEGAL MATTERS."
<i>General Counsel...</i>	Armbrust & Brown PLLC, Austin, Texas.
<i>Financial Advisor...</i>	Masterson Advisors LLC, Houston, Texas.
<i>Engineer...</i>	Jones-Heroy & Associates, Inc., Austin, Texas.
<i>Paying Agent/Registrar...</i>	BOKF, NA, Dallas, Texas. See "THE BONDS—Method of Payment of Principal and Interest."

THE DISTRICT

<i>Description...</i>	The District was created by order of the Texas Commission on Environmental Quality (the “TCEQ”) dated January 22, 2021. The District presently contains approximately 179 acres of land. The District is located in southwest Travis County, Texas (the “County”) approximately two miles northwest of the central area of the City of Mustang Ridge, Texas (the “City”), which City is located approximately 17 miles southwest of the central business district of the City of Austin, Texas. The District lies wholly within the corporate limits of the City. See “THE DISTRICT.”
<i>Status of Development...</i>	The District is being developed primarily for single family residential purposes as Stallion Run. Water, sanitary sewer and drainage facilities have been constructed to serve Stallion Run, Units 1, 2, 4, 5 and 6 and Del Caballo, Unit 3 (approximately 151 acres of land developed into 627 single-family residential lots). As of September 4, 2026, the District contained 396 single-family homes completed and occupied, 7 single-family homes completed and not occupied, 56 single-family homes in various stages of construction, 2 model homes, and 166 vacant developed lots available for new home construction. The current builder in Stallion Run is Century Communities. New homes in the District range in offering prices from approximately \$250,000 to \$403,000 with square footage ranging from 1,288 to 2,439 square feet. In addition to the development described above, the District does not contain any remaining acres of developable land. Also, approximately 28 acres of undevelopable land is contained in easements, rights of way, storm water detention facilities and other land uses. See “THE DISTRICT – Status of Development.”
<i>The Developer...</i>	The developer of land within the District is Century Land Holdings II, LLC (“Century” or the “Developer”), a Texas limited liability company. Century has developed water, sewer and drainage facilities to serve all the sections within the District known as Stallion Run and Del Caballo. Century is wholly owned by Century Communities, Inc., a publicly held corporation, the stock of which is listed on the New York Stock Exchange under the trading symbol CCS. See “THE DEVELOPER.”

RISK FACTORS

The purchase and ownership of the Bonds are subject to special risk factors and all prospective purchasers are urged to examine carefully this entire Official Statement with respect to the investment security of the Bonds, including particularly the section captioned “RISK FACTORS.”

PRELIMINARY OFFICIAL STATEMENT

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26

(A political subdivision of the State of Texas located within Travis County, Texas)

\$5,200,000

UNLIMITED TAX ROAD BONDS

SERIES 2026

This Preliminary Official Statement provides certain information in connection with the issuance by Travis County Municipal Utility District No. 26 (the “District”) of its \$5,200,000 Unlimited Tax Road Bonds, Series 2026 (the “Bonds”).

The Bonds are issued by the District pursuant to the terms and provisions of Article III, Section 52 of the Texas Constitution, the general laws of the State of Texas, including, without limitation, Chapters 49 and 54 of the Texas Water Code, as amended, an election held within the District on May 1, 2021, and an order authorizing the issuance, sale and delivery of the Bonds (the “Bond Order”) adopted by the Board.

This OFFICIAL STATEMENT includes descriptions, among others, of the Bonds and the Bond Order, and certain other information about the District and the Developer (defined herein) of land within the District. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each document. Copies of documents may be obtained from the District upon payment of the costs of duplication therefore.

This PRELIMINARY OFFICIAL STATEMENT speaks only as to its date, and the information contained herein is subject to change. A copy of the final Official Statement pertaining to the Bonds will be filed by the Initial Purchaser with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access (“EMMA”) system. See “CONTINUING DISCLOSURE OF INFORMATION” for a description of the District’s undertaking to provide certain information on a continuing basis.

RISK FACTORS

General

The Bonds are obligations solely of the District and are not obligations of the State of Texas, Travis County, the City of Mustang Ridge, Texas (the “City”), or any entity other than the District. Payment of the principal of and interest on the Bonds depends upon the ability of the District to collect taxes levied on taxable property within the District in an amount sufficient to service the District’s bonded debt or, in the event of foreclosure, on the value of the taxable property in the District and the taxes levied by the District and other taxing authorities upon the property within the District. See “THE BONDS—Source and Security of Payment.” The collection by the District of delinquent taxes owed to it and the enforcement by Registered Owners of the District’s obligation to collect sufficient taxes may be a costly and lengthy process. Furthermore, the District cannot and does not make any representations that continued development of taxable property within the District will accumulate or maintain taxable values sufficient to justify continued payment of taxes by property owners or that there will be a market for the property or that owners of the property will have the ability to pay taxes. See “—Registered Owners’ Remedies and Bankruptcy Limitations” herein.

Economic Factors and Interest Rates

A substantial percentage of the taxable value of the District results from the current market value of single-family residences and of developed lots which are currently being marketed by the Developer for sale to homebuilders for the construction of primary residences. The market value of such homes and lots is related to general economic conditions in the Austin region and the national economy and those conditions can affect the demand for residences. Demand for lots of this type and the construction of residential dwellings thereon can be significantly affected by factors such as interest rates, credit availability, construction costs and the prosperity and demographic characteristics of the urban center toward which the marketing of lots is directed. Decreased levels of construction activity would tend to restrict the growth of property values in the District or could adversely impact such values.

Impact on District Tax Rate

Assuming no further development, the value of the land and improvements currently within the District will be the major determinant of the ability or willingness of District property owners to pay their taxes. The 2026 Taxable Assessed Valuation of the District is \$110,675,662 (\$88,114,307 of certified value plus \$22,561,355 of uncertified value) (see “FINANCIAL STATEMENT (UNAUDITED)”). After issuance of the Bonds, the maximum annual debt service requirement will be \$1,262,563 (2049) and the average annual debt service requirement will be \$1,155,694 (2027-2051). Assuming no increase or decrease from the 2026 Taxable Assessed Valuation and no use of funds other than tax collections, a tax rate of \$1.21 per \$100 assessed valuation at a 95% collection rate would be necessary to pay the maximum annual debt service requirement of \$1,262,563 and a tax rate of \$1.10 per \$100 assessed valuation at a 95% collection rate would be necessary to pay the average annual debt service requirement of \$1,155,694 (see “TAX DATA—Tax Adequacy for Debt Service”). Although calculations have been made regarding average and maximum tax rates necessary to pay the debt service on the Bonds and the Outstanding Bonds (defined herein) based upon the 2026 Taxable Assessed Valuation, the District can make no representations regarding the future level of assessed valuation within the District. Increases in the tax rate may be required in the event the District's assessed valuation does not continue to increase or in the event major taxpayers do not pay their District taxes timely. Increases in taxable values depend primarily on the continuing construction and sale of homes and other taxable improvements within the District. See “TAX DATA—Tax Adequacy for Debt Service” and “TAXING PROCEDURES.”

Dependence Upon Developer and Homebuilder

The Developer is the principal taxpayer in the District. The growth of the tax base is dependent upon additional construction of homes within the District. The Developer is under no obligation to continue to market developed tracts of land for improvement. Thus, the furnishing of information related to the proposed development by the Developer should not be interpreted as such a commitment by the Developer. The District makes no representation about the probability of development continuing in a timely manner or about the ability of the Developer, the homebuilder within the District, or other entities to whom such parties may sell all or a portion of their holdings within the District to implement any plan of development. Furthermore, there is no restriction on the Developer's right to sell its land. The District can make no prediction as to the effects that current or future economic or governmental circumstances may have on any plans of the Developer. Failure to construct taxable improvements on developed lots and tracts or failure of the Developer to develop its land would restrict the rate of growth of taxable value in the District. See “THE DISTRICT—Status of Development” and “THE DEVELOPER.”

Based upon the most recently available information from the Travis Central Appraisal District, the principal taxpayers in the District represented \$10,257,903 or approximately 11.64% of the District's 2026 Certified Taxable Assessed Valuation of \$88,114,307. As of January 1, 2026, the Developer owned property located within the District, the total aggregate assessed value of which comprised approximately 7.13% of the District's total assessed valuation. If the Developer (or other principal taxpayer) were to default in the payment of taxes in an amount which exceeds the District's debt service fund surplus, the ability of the District to make timely payment of debt service on the Bonds will be dependent on its ability to enforce and liquidate its tax lien, which is a time-consuming process, or to sell tax anticipation notes. Failure to recover or borrow funds in a timely fashion could result in an excessive District tax rate, hindering growth and leading to further defaults in the payment of taxes. The District is not required by law or the Bond Order to maintain any specified amount of surplus in its debt service fund. See “Tax Collection Limitations” in this section, “TAX DATA—Principal Taxpayers,” and “TAXING PROCEDURES—Levy and Collection of Taxes.”

Increase in Costs of Building Materials

As a result of supply issues, shipping constraints, and ongoing trade disputes (including tariffs), there have been recent substantial increases in the cost of lumber and other building materials, causing many homebuilders and general contractors to experience budget overruns. Further, the unpredictable nature of current trade policy (including the threatened imposition of tariffs) may impact the ability of the Developer or homebuilders in the District to estimate costs. Additionally, immigration policies may affect the State's workforce, and any labor shortages that could occur may impact the rate of construction within the District. Uncertainty surrounding availability and cost of materials may result in decreased levels of construction activity, and may restrict the growth of property values in the District. The District makes no representations regarding the probability of development or homebuilding continuing in a timely manner or the effects that current or future economic or governmental circumstances may have on any plans of the Developer or homebuilders.

Undeveloped Acreage and Vacant Lots

There are no remaining developable acres and 166 developed lots that remain vacant as of September 4, 2026. The District makes no representation as to when or if the undeveloped land will be developed or if construction of homes on vacant lots will occur. See “THE DISTRICT – Status of Development.”

Future Debt

At a bond election held within the District on May 1, 2021, the voters of the District authorized the issuance of a total of \$65,000,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements. After issuance of the Bonds, the District will have \$56,310,000 of authorized but unissued unlimited tax bonds for road facilities. At the same election, the voters of the District authorized the issuance of a total of \$270,000,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer, and drainage facilities to serve the District, \$420,000,000 principal amount of unlimited tax bonds for refunding bonds issued for the water, sanitary sewer, and drainage facilities, \$97,500,000 principal amount of unlimited tax bonds for refunding bonds issued for road purposes and \$10,000,000 principal amount of unlimited tax bonds for the purpose of acquiring or construction recreational facilities. \$261,390,000 principal amount of unlimited tax bonds for water, sanitary sewer, and drainage facilities, and all of the unlimited tax bonds for refunding bonds issued for the water, sanitary sewer, and drainage facilities, road facilities and recreational facilities remain authorized but unissued. See “THE BONDS—Issuance of Additional Debt.” The issuance of such future obligations may adversely affect the investment security of the Bonds. The District does not employ any formula with regard to assessed valuations or tax collections or otherwise to limit the amount of bonds which may be issued. Any bonds issued by the District, however, must be approved by the Attorney General of Texas and the Board of the District and any bonds issued to acquire or construct water, sanitary sewer and drainage facilities must be approved by the TCEQ. Any additional bonds issued by the District may dilute the security for the Bonds.

The Developer has financed the engineering and construction costs of underground utilities to serve the District, as well as certain other District improvements. After reimbursement from the proceeds of the Bonds, the Developer will have expended approximately \$18,939,394 (as of July 1, 2026) for design, construction and acquisition of District improvements not yet reimbursed. It is anticipated that proceeds from future issues of District bonds will be used, in part, to reimburse the Developer for these costs to the extent allowed by the Texas Commission on Environmental Quality (the “TCEQ”). According to the Engineer, the District’s authorized but unissued bonds will be adequate, under present land use projections, to finance such improvements.

Specific Flood Type Risks

Ponding (or Pluvial) Flood: Ponding, or pluvial, flooding occurs when heavy rainfall creates a flood event independent of an overflowing water body, typically in relatively flat areas. Intense rainfall can exceed the drainage capacity of a drainage system, which may result in water within the drainage system becoming trapped and diverted onto streets and nearby property until it is able to reach a natural outlet. Ponding can also occur in a flood pool upstream or behind a dam, levee or reservoir.

Riverine (or Fluvial) Flood: Riverine, or fluvial, flooding occurs when water levels rise over the top of river, bayou or channel banks due to excessive rain from tropical systems making landfall and/or persistent thunderstorms over the same area for extended periods of time. The damage from a riverine flood can be widespread. The overflow can affect smaller rivers and streams downstream or may sheet-flow over land. Flash flooding is a type of riverine flood that is characterized by an intense, high velocity torrent of water that occurs in an existing river channel with little to no notice. Flash flooding can also occur even if no rain has fallen, for instance, after a levee, dam or reservoir has failed or experienced an uncontrolled release, or after a sudden release of water by a debris or ice jam. In addition, planned or unplanned controlled releases from a dam, levee or reservoir also may result in flooding in areas adjacent to rivers, bayous or man-made drainage systems (canals or channels) downstream.

Environmental Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment and other facilities;
- Restricting the manner in which wastes are treated and released into the air, water and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.
- Imposing substantial liabilities for pollution resulting from facility operations.

Compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Sanctions against a water district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements, and issuance of injunctions as to future compliance of and the ability to operate the District's water supply, wastewater treatment, and drainage facilities. Environmental laws and regulations can also impact an area's ability to grow and develop. The following is a discussion of certain environmental concerns that relate to the District. It should be noted that changes in environmental laws and regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

Air Quality Issues: Air quality control measures required by the United States Environmental Protection Agency ("EPA") and the TCEQ may impact new industrial, commercial, and residential development in the Austin-Round Rock area, consisting of Williamson, Hays, Travis, Bastrop, and Caldwell Counties (the "Austin-Round Rock Area"). The Federal Clean Air Act ("CAA") requires the EPA to adopt and periodically revise national ambient air quality standards ("NAAQS") for each of the six regulated air pollutants that may reasonably be anticipated to endanger public health or welfare: ground-level ozone, lead, carbon monoxide, sulfur dioxide, nitrogen dioxide, and particulate matter.

When a pollutant concentration in an area exceeds the NAAQS for a given pollutant, the area can be designated as "nonattainment" by the EPA. A nonattainment designation then triggers a process by which the affected state must develop and implement a plan to improve air quality and "attain" compliance with the appropriate standard. This so-called State Implementation Plan ("SIP") entails enforceable control measures and time frames.

In 1997, the EPA adopted the "8-hour" ozone standard of 80 parts per billion ("ppb") (the "1997 Ozone Standard") to protect public health and welfare. The Austin-Round Rock Area was designated "attainment" on April 30, 2004, which became effective on June 15, 2004. In 2008, the EPA lowered the ozone standard from 80 ppb to 75 ppb (the "2008 Standard"). The Austin-Round Rock Area was designated as "attainment/unclassifiable" under the 2008 Ozone Standard.

On October 1, 2015, the EPA lowered the ozone standard from 75 ppb to 70 ppb (the "2015 Ozone Standard"). On November 16, 2017, the EPA designated the Austin-Round Rock Area as "attainment/unclassifiable" under the 2015 Ozone Standard, which became effective on January 18, 2018.

Although the Austin-Round Rock Area is currently designated an attainment/unclassifiable area, the Austin-Round Rock Area has been and continues to be near the non-attainment thresholds for the ozone standard. Accordingly, it is possible that the Austin-Round Rock Area could be re-classified as a nonattainment area should ozone levels increase. A designation of nonattainment for ozone or any other pollutant could negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. Specifically, should the Austin-Round Rock Area fail to achieve attainment/unclassifiable designation under EPA NAAQS, or should the Austin-Round Rock Area fail to satisfy a then effective SIP (for nonattainment or otherwise), or for any other reason should a lapse in conformity with the CAA occur, the Austin-Round Rock Area may be subjected to serious repercussions pursuant to the CAA, including stricter emissions control requirements, mandatory sanctions, and a required Federal Implementation Plan ("FIP:") improved by the EPA. Under such circumstances, the TCEQ would be required under the CAA to submit to the EPA a new SIP under the CAA for the Austin-Round Rock Area. Due to the complexity of the nonattainment/conformity analysis, the status of EPA's implementation of any future EPA NAAQS and the incomplete information surrounding any SIP requirements for areas designated nonattainment under any future EPA NAAQS, the exact nature of sanctions or any potential SIP that may be applicable to the Austin-Round Rock Area in the future is uncertain.

In the past, the Austin-Round Rock Area has entered into agreements with TCEQ to undertake voluntary actions to help avoid a nonattainment designation. The Austin-Round Rock Area is currently participating in the Capital Area Council of Government (“CAPCOG”) Ozone Advance Program (“OAP”) as part of a voluntary regional 2019 – 2023 air quality plan focused on reducing ozone to keep the Austin-Round Rock Area in attainment with federal air quality standards. On February 7, 2024, the EPA announced a final rule to revise the primary annual PM_{2.5} (particulate matter) standard from its current level of 12.0 $\Phi\text{g}/\text{m}^3$ to 9.0 $\Phi\text{g}/\text{m}^3$. The EPA will likely designate non-attainment areas in 2026. The non-attainment areas will have to come into compliance by 2032.

Water Supply & Discharge Issues: Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) groundwater well permitting and surface water appropriation; (2) public water supply systems; (3) wastewater discharges from treatment facilities; (4) storm water discharges; and (5) wetlands dredge and fill activities. Each of these is addressed below:

A municipal utility district or other type of special purpose district that (i) is located within the boundaries of such an entity that regulates groundwater usage, and (ii) relies on local groundwater as a source of water supply, may be subject to requirements and restrictions on the drilling of water wells and/or the production of groundwater that could affect both the engineering and economic feasibility of district water supply projects.

Pursuant to the federal Safe Drinking Water Act (“SDWA”) and the EPA’s National Primary Drinking Water Regulations (“NPDWRs”), which are implemented by the TCEQ’s Water Supply Division, a municipal utility district’s provision of water for human consumption is subject to extensive regulation as a public water system. Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency’s rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed other contaminants which may require national drinking water regulation in the future. Further, the EPA has established a NPDWR for six (6) Per- and Polyfluoroalkyl Substances (“PFAS”), which requires public water systems to perform certain monitoring and remediation measures. Public water systems may be subject to additional PFAS regulation in the future, which could increase the cost of constructing, operating, and maintaining water production and distribution facilities.

Texas Pollutant Discharge Elimination System (“TPDES”) permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000), with an effective date of March 5, 2023, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain nonstormwater discharges into surface water in the state. It has a 5-year permit term and is then subject to renewal. Moreover, the Clean Water Act (“CWA”) and Texas Water Code require municipal wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district’s ability to obtain and maintain compliance with TPDES permits.

The TCEQ issued the General Permit for Phase II (Small) Municipal Separate Storm Sewer Systems (the “MS4 Permit”) on August 15, 2024. The MS4 Permit authorizes the discharge of stormwater to surface water in the state from small municipal separate storm sewer systems. While the District is currently not subject to the MS4 Permit, if the District’s inclusion were required at a future date, the District could incur substantial costs to develop, implement, and maintain the necessary plans as well as to install or implement best management practices to minimize or eliminate unauthorized pollutants that may otherwise be found in stormwater runoff in order to comply with the MS4 Permit.

Operations of utility districts, including the District, are also potentially subject to requirements and restrictions under the CWA regarding the use and alteration of wetland areas that are within the “waters of the United States.” The District must obtain a permit from the United States Army Corps of Engineers (“USACE”) if operations of the District require that wetlands be filled, dredged, or otherwise altered.

In 2023, the Supreme Court of the United States issued its decision in *Sackett v. EPA*, which clarified the definition of “waters of the United States” and significantly restricted the reach of federal jurisdiction under the CWA. Under the Sackett decision, “waters of the United States” includes only geographical features that are described in ordinary parlance as “streams, oceans, rivers, and lakes” and to adjacent wetlands that are indistinguishable from such bodies of water due to a continuous surface connection. Subsequently, the EPA and USACE issued a final rule amending the definition of “waters of the United States” under the CWA to conform with the Supreme Court’s decision.

While the *Sackett* decision and subsequent regulatory action removed a great deal of uncertainty regarding the ultimate scope of “waters of the United States” and the extent of EPA and USACE jurisdiction, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including additional permitting requirements, in the future.

Forward-Looking Statements

The statements contained in this Official Statement, and in any other information provided by the District, that are not purely historical, are forward-looking statements, including statements regarding the District’s expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available to the District on the date hereof, and the District assumes no obligation to update any such forward-looking statements.

The forward looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement would prove to be accurate.

Tax Collections Limitations and Foreclosure Remedies

The District’s ability to make debt service payments may be adversely affected by its inability to collect ad valorem taxes. Under Texas law, the levy of ad valorem taxes by the District constitutes a lien in favor of the District on a parity with the liens of all other local taxing authorities on the property against which taxes are levied, and such lien may be enforced by judicial foreclosure. The District’s ability to collect ad valorem taxes through such foreclosure may be impaired by (a) cumbersome, time-consuming and expensive collection procedures, (b) a bankruptcy court’s stay of tax collection procedures against a taxpayer, or (c) market conditions affecting the marketability of taxable property within the District and limiting the proceeds from a foreclosure sale of such property. Moreover, the proceeds of any sale of property within the District available to pay debt service on the Bonds may be limited by the existence of other tax liens on the property (see “ESTIMATED OVERLAPPING DEBT STATEMENT—Overlapping Taxes for 2025.”), by the current aggregate tax rate being levied against the property, and by other factors (including the taxpayers’ right to redeem property within two years of foreclosure for residential and agricultural use property and six months for other property). Finally, any bankruptcy court with jurisdiction over bankruptcy proceedings initiated by or against a taxpayer within the District pursuant to the Federal Bankruptcy Code could stay any attempt by the District to collect delinquent ad valorem taxes assessed against such taxpayer. In addition to the automatic stay against collection of delinquent taxes afforded a taxpayer during the pendency of a bankruptcy, a bankruptcy could affect payment of taxes in two other ways: first, a debtor’s confirmation plan may allow a debtor to make installment payments on delinquent taxes for up to six years; and, second, a debtor may challenge, and a bankruptcy court may reduce, the amount of any taxes assessed against the debtor, including taxes that have already been paid.

Registered Owners' Remedies and Bankruptcy Limitations

If the District defaults in the payment of principal, interest, or redemption price on the Bonds when due, or if it fails to make payments into any fund or funds created in the Bond Order, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Bond Order, the Registered Owners have the statutory right of a writ of mandamus issued by a court of competent jurisdiction requiring the District and its officials to observe and perform the covenants, obligations, or conditions prescribed in the Bond Order. Except for mandamus, the Bond Order do not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Further, there is no trust indenture or trustee, and all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the Registered Owners.

Statutory language authorizing local governments such as the District to sue and be sued does not waive the local government's sovereign immunity from suits for money damages, so that in the absence of other waivers of such immunity by the Texas Legislature, a default by the District in its covenants in the Bond Order may not be reduced to a judgment for money damages. If such a judgment against the District were obtained, it could not be enforced by direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on property within the District or sell property within the District to enforce the tax lien on taxable property to pay the principal of and interest on the Bonds. The enforceability of the rights and remedies of the Registered Owners may further be limited by a State of Texas statute reasonably required to attain an important public purpose or by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions, such as the District.

Subject to the requirements of Texas law discussed below, a political subdivision such as the District may voluntarily file a petition for relief from creditors under Chapter 9 of the Federal Bankruptcy Code, 11 U.S.C. Sections 901- 946. The filing of such petition would automatically stay the enforcement of a Registered Owner's remedies, including mandamus. The automatic stay would remain in effect until the federal bankruptcy judge hearing the case dismisses the petition, enters an order granting relief from the stay or otherwise allows creditors to proceed against the petitioning political subdivision. A political subdivision such as the District may qualify as a debtor eligible to proceed in a Chapter 9 case only if it is (1) authorized to file for federal bankruptcy protection by applicable state law, (2) is insolvent or unable to meet its debts as they mature, (3) desires to effect a plan to adjust such debts, and (4) has either obtained the agreement of or negotiated in good faith with its creditors or is unable to negotiate with its creditors because negotiation is impracticable. Special districts such as the District must obtain the approval of the TCEQ as a condition to seeking relief under the Federal Bankruptcy Code. The TCEQ is required to investigate the financial condition of a financially troubled district and authorize such district to proceed under federal bankruptcy law only if such district has fully exercised its rights and powers under Texas law and remains unable to meet its debts and other obligations as they mature.

Notwithstanding noncompliance by a district with Texas law requirements, the District could file a voluntary bankruptcy petition under Chapter 9, thereby invoking the protection of the automatic stay until the bankruptcy court, after a hearing, dismisses the petition. A federal bankruptcy court is a court of equity and federal bankruptcy judges have considerable discretion in the conduct of bankruptcy proceedings and in making the decision of whether to grant the petitioning District relief from its creditors. While such a decision might be appealable, the concomitant delay and loss of remedies to the Registered Owner could potentially and adversely impair the value of the Registered Owner's claim.

If a petitioning district were allowed to proceed voluntarily under Chapter 9 of the Federal Bankruptcy Code, it could file a plan for an adjustment of its debts. If such a plan were confirmed by the bankruptcy court, it could, among other things, affect Registered Owners by reducing or eliminating the amount of indebtedness, deferring or rearranging the debt service schedule, reducing or eliminating the interest rate, modifying or abrogating the collateral or security arrangements, substituting (in whole or in part) other securities, and otherwise compromising and modifying the rights and remedies of the Registered Owners' claims against a district.

A district may not be forced into involuntary bankruptcy.

Continuing Compliance with Certain Covenants

The Bond Order contains covenants by the District intended to preserve the exclusion from gross income for federal income tax purposes of interest on the Bonds. Failure by the District to comply with such covenants in the Bond Order on a continuous basis prior to maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issuance. See "TAX MATTERS."

Marketability

The District has no agreement with the Initial Purchaser regarding the reoffering yields or prices of the Bonds and has no control over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional issuers as such bonds are more generally bought, sold or traded in the secondary market.

Potential Impact of Natural Disaster

The District could be impacted by a natural disaster such as wide-spread fires, earthquakes, or weather events such as hurricanes, tornadoes, tropical storms, or other severe weather events that could produce high winds, heavy rains, hail, and flooding. In the event that a natural disaster should damage or destroy improvements and personal property in the District, the assessed value of such taxable properties could be substantially reduced, resulting in a decrease in the taxable assessed value of the District or an increase in the District's tax rate. See "TAXING PROCEDURES—Valuation of Property for Taxation."

There can be no assurance that a casualty will be covered by insurance (certain casualties, including flood, are usually excepted unless specific insurance is purchased), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild, repair, or replace any taxable properties in the District that were damaged. Even if insurance proceeds are available and damaged properties are rebuilt, there could be a lengthy period in which assessed values in the District would be adversely affected. There can be no assurance the District will not sustain damage from such natural disasters.

Cybersecurity

The District's consultants use digital technologies to collect taxes, hold funds and process disbursements. These systems necessarily hold sensitive protected information that is valued on the black market. As a result, the electronic systems and networks of organizations like the District's consultants are considered targets for cyber-attacks and other potential breaches of their systems. To the extent the District is determined to be the party responsible for various electronic systems or suffers a loss of funds due to a security breach, there could be a material adverse effect on the District's finances. Insurance to protect against such breaches is limited.

Changes in Tax Legislation

Certain tax legislation, whether currently proposed or proposed in the future, may directly or indirectly reduce or eliminate the benefit of the exclusion of interest on the Bonds from gross income for federal tax purposes. Any proposed legislation, whether or not enacted, may also affect the value and liquidity of the Bonds. Prospective purchasers should consult with their own tax advisors with respect to any proposed, pending or future legislation.

Approval of the Bonds

The Attorney General of Texas must approve the legality of the Bonds prior to their delivery. The Attorney General of Texas, however, does not pass upon or guarantee the safety of the Bonds as an investment or the adequacy or accuracy of the information contained in this Official Statement.

Atlas 14

In 2018, the National Weather Service completed a rainfall study known as NOAA Atlas 14, Volume 11 Precipitation-Frequency Atlas of the United States ("Atlas 14"). Floodplain boundaries within the District may be redrawn based upon the Atlas 14 study, which is based upon a higher statistical rainfall amount, resulting in interim floodplain regulations applying to a larger number of properties. Such regulations could additionally result in higher insurance rates, increased development fees and stricter building codes for any property located within the expanded boundaries of the floodplain. See "THE SYSTEM."

Risk Factors Related to the Purchase of Municipal Bond Insurance

The District has applied for a bond insurance policy (the "Policy") on the Bonds to guarantee the scheduled payment of principal and interest on the Bonds. If the Policy is purchased, investors should be aware of the following risk factors:

The long-term ratings on the Bonds are dependent in part on the financial strength of the insurers (the "Insurers") and its claim paying ability. The Insurers' financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that the long-term ratings of the Insurers and of the ratings on the Bonds insured by the Insurers will not be subject to downgrade and such event could adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds. See description of "MUNICIPAL BOND RATING AND MUNICIPAL BOND INSURANCE."

The obligations of the Insurers are contractual obligations and in an event of default by the Insurers, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the District nor the Initial Purchaser have made independent investigation into the claims paying ability of the Insurers and no assurance or representation regarding the financial strength or projected financial strength of the Insurers is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the District to pay principal and interest on the Bonds and the claims-paying ability of the Insurers, particularly over the life of the investment. See “MUNICIPAL BOND RATING AND MUNICIPAL BOND INSURANCE” for further information provided by the Insurers and the Policy, which includes further instructions for obtaining current financial information concerning the Insurers.

THE BONDS

General

The following is a description of some of the terms and conditions of the Bonds, which description is qualified in its entirety by reference to the appropriate Bond Order of the Board authorizing the issuance and sale of the Bonds. Each Bond Order authorizes the issuance and sale of the Bonds and prescribes the terms, conditions, and provisions for the payment of the principal of and interest on the Bonds by the District.

The Bonds will be dated October 1, 2026 and accrue interest from the Date of Delivery (expected on or about October 22, 2026). Interest is payable on each March 1 and September 1 commencing March 1, 2027, until the earlier of maturity or prior redemption. The Bonds mature on September 1 in the amounts and years shown on the inside cover page of this Official Statement. Interest calculations are based on a 360-day year comprised of twelve 30-day months. The Bonds will be issued in fully registered form only, without coupons, in denominations of \$5,000 or any integral multiple thereof, and when issued, will be registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company (“DTC”), New York, New York, acting as securities depository for the Bonds until DTC resigns or is discharged. The Bonds initially will be available to purchasers in book-entry form only. So long as Cede & Co., as the nominee of DTC, is the registered owner of the Bonds, principal of and interest on the Bonds will be payable by the paying agent to DTC, which will be solely responsible for making such payment to the beneficial owners of the Bonds.

Authority for Issuance

At an election held within the District on May 1, 2021, voters of the District authorized a total of \$65,000,000 principal amount of unlimited tax bonds for road facilities. The Bonds are being issued pursuant to such authorization. See “— Issuance of Additional Debt” herein.

The Bonds are issued by the District pursuant to the terms and provisions of the Bond Order; Article III, Section 52 of the Texas Constitution; Chapters 49 and 54 of the Texas Water Code, as amended; an election held within the District on May 1, 2021; and the general laws of the State of Texas relating to the issuance of the bonds by political subdivisions of the State of Texas.

Before the Bonds can be issued, the Attorney General of Texas must pass upon the legality of certain related matters. The Attorney General of Texas does not guarantee or pass upon the safety of the Bonds as an investment or upon the adequacy of the information contained in this Official Statement.

Source and Security for Payment

The Bonds will be payable from and secured by a pledge of the proceeds of a continuing direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property located within the District. The Board covenants in the Bond Order that, while any of the Bonds are outstanding and the District is in existence, it will levy an annual ad valorem tax and will undertake to collect such a tax against all taxable property within the District at a rate from year to year sufficient, full allowance being made for anticipated delinquencies, together with revenues and receipts from other sources which are legally available for such purposes, to pay interest on the Bonds as it becomes due, to provide a

sinking fund for the payment of principal of the Bonds when due or the redemption price at any earlier required redemption date, to pay when due any other contractual obligations of the District payable in whole or in part from taxes, and to pay the expenses of assessing and collecting such tax. The net proceeds from taxes levied to pay debt service on the Bonds and the Outstanding Bonds (defined herein) are required to be placed in a special account of the District designated its "Debt Service Fund" for the Bonds. The Bond Order provides for the termination of the pledge of taxes when and if the City of Mustang Ridge (the "City") dissolves the District and assumes all debts and liabilities of the District. See "—Abolishment by the City of Mustang Ridge."

The Bonds are obligations of the District and are not the obligations of the State of Texas, Travis County, the City, or any entity other than the District.

Termination of Book-Entry Only System

The District is initially utilizing the book-entry-only system of DTC ("Book-Entry-Only-System"). See "BOOK-ENTRY-ONLY SYSTEM." In the event that the Book-Entry-Only System is discontinued by DTC or the District, the following provisions will be applicable to the Bonds.

Payment: Principal of the Bonds will be payable at maturity to the registered owners as shown by the registration books maintained by the Paying Agent upon presentation and surrender of the Bonds to the Paying Agent at the designated office for payment of the Paying Agent in Dallas, Texas (the "Designated Payment/Transfer Office"). Interest on the Bonds will be payable by check or draft, dated as of the applicable interest payment date, sent by the Paying Agent by United States mail, first-class, postage prepaid, to the registered owners at their respective addresses shown on such records, or by such other method acceptable to the Paying Agent requested by registered owner at the risk and expense of the registered owner. If the date for the payment of the principal of or interest on the Bonds falls on a Saturday, Sunday, legal holiday, or day on which banking institutions in the city where the Designated Payment/Transfer Office of the Paying Agent is located are required or authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not a Saturday, Sunday, legal holiday, or day on which banking institutions are required or authorized to close, and payment on such date shall for all purposes be deemed to have been made on the original date payment was due.

Registration: If the Book-Entry-Only System is discontinued, the Bonds may be transferred and re-registered on the registration books of the Paying Agent only upon presentation and surrender thereof to the Paying Agent at the Designated Payment/Transfer Office. A Bond also may be exchanged for a Bond or Bonds of like maturity and interest and having a like aggregate principal amount or maturity amount, as the case may, upon presentation and surrender at the Designated Payment/Transfer Office. All Bonds surrendered for transfer or exchange must be endorsed for assignment by the execution by the registered owner or his duly authorized agent of an assignment form on the Bonds or other instruction of transfer acceptable to the Paying Agent. Transfer and exchange of Bonds will be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such transfer or exchange. A new Bond or Bonds, in lieu of the Bond being transferred or exchanged, will be delivered by the Paying Agent to the registered owner, at the Designated Payment/Transfer Office of the Paying Agent or by United States mail, first-class, postage prepaid. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the registered owner not more than three (3) business days after the receipt of the Bonds to be canceled in the exchange or transfer in the denominations of \$5,000 or any integral multiple thereof.

Limitation on Transfer of Bonds: Neither the District nor the Paying Agent shall be required to make any transfer, conversion or exchange to an assignee of the registered owner of the Bonds (i) during the period commencing on the close of business on the fifteenth (15th) (whether or not a business day) calendar day of the month preceding each interest payment date (the "Record Date") and ending with the opening of business on the next following principal or interest payment date or (ii) with respect to any Bond called for redemption, in whole or in part, within forty-five (45) days of the date fixed for redemption; provided, however, such limitation of transfer shall not be applicable to an exchange by the registered owner of the uncalled balance of a Bond.

Replacement Bonds: If a Bond is mutilated, the Paying Agent will provide a replacement Bond in exchange for the mutilated bond. If a Bond is destroyed, lost or stolen, the Paying Agent will provide a replacement Bond upon (i) the filing by the registered owner with the Paying Agent of evidence satisfactory to the Paying Agent of the destruction, loss or theft of the Bond and the authenticity of the registered owner's ownership and (ii) the furnishing to the Paying Agent of indemnification in an amount satisfactory to hold the District and the Paying Agent harmless. All expenses and charges associated with such indemnity and with the preparation, execution and delivery of a replacement Bond must be borne by the registered owner. The provisions of the Bond Order relating to the replacement Bonds are exclusive and to the extent lawful, preclude all other rights and remedies with respect to the replacement and payment of mutilated, destroyed, lost or stolen Bonds.

Funds

The Bond Order creates or confirms the creation of a Debt Service Fund and a Capital Projects Fund.

Each fund shall be kept separate and apart on the books and records of the District from all other funds of the District. The Debt Service Fund shall constitute a trust fund which shall be held in trust for the benefit of the registered owner of the Bonds and the Outstanding Bonds.

Any cash balance in any fund must be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of municipal utility districts having an aggregate market value, exclusive of accrued interest, at all times equal to the cash balance in the fund to which such securities are pledged.

Debt Service Fund: The Bond Order establishes the Debt Service Fund to be used to pay principal and interest on and Paying Agent fees with respect to the Bonds. The Bond Order requires that the District deposit to the credit of the Debt Service Fund (i) from the delivery of the Bonds to the respective Initial Purchaser, the amount received from proceeds of the Bonds representing accrued interest, if any, and capitalized interest on the Bonds, (ii) District ad valorem taxes (and penalties and interest thereon) levied to pay debt service requirements on (or fees and expenses of the Paying Agent with respect to) the Bonds, and (iii) such other funds as the Board shall, at its option, deem advisable. The Bond Order requires that the Debt Service Fund be applied solely to provide for the payment of the principal or redemption price of and interest on the Bonds when due, and to pay fees to the Paying Agent when due.

Capital Projects Fund: The Capital Projects Fund is the capital improvements fund of the District. The Bond Order requires the District to deposit to the credit of the Capital Projects Fund the balance of the proceeds of the Bonds remaining after the deposits to the Debt Service Fund provided in the Bond Order. The Capital Projects Fund may be applied solely to (i) pay the costs necessary or appropriate to accomplish the purposes for which the Bonds are issued, (ii) pay the costs of issuing the Bonds, and (iii) to the extent the proceeds of the System Bonds and investment income attributable thereto are in excess of the amounts required to acquire and construct road facilities as approved by the Bond Order, then in the discretion of the Board of Directors of the District to transfer such unexpended proceeds or income to the Debt Service Fund or to utilize such funds as otherwise authorized by the Bond Order.

No Arbitrage

The District will certify as of the date the Bonds are delivered and paid for that, based upon all facts and estimates then known or reasonably expected to be in existence on the date the Bonds are delivered and paid for, the District reasonably expects that the proceeds of the Bonds will not be used in a manner that would cause the Bonds, or any portion of the Bonds, to be "arbitrage bonds" under the Internal Revenue Code of 1986, as amended (the "Code"), and the regulations prescribed thereunder. Furthermore, all officers, employees, and agents of the District have been authorized and directed to provide certifications of facts and estimates that are material to the reasonable expectations of the District as of the date the Bonds are delivered and paid for. In particular, all or any officers of the District are authorized to certify to the facts and circumstances and reasonable expectations of the District on the date the Bonds are delivered and paid for regarding the amount and use of the proceeds of the Bonds. Moreover, the District covenants in the Bond Order that it shall make such use of the proceeds of the Bonds, regulate investment of proceeds of the Bonds, and take such other and further actions and follow such procedures, including, without limitation, calculating the yield on the Bonds, as may be required so that the Bonds shall not become "arbitrage bonds" under the Code and the regulations prescribed from time to time thereunder.

Redemption Provisions

Optional Redemption: The District reserves the right to redeem, prior to maturity, in integral multiples of \$5,000, those Bonds maturing on and after September 1, 2033, in whole or from time to time in part, on September 1, 2032, or on any date thereafter, at a price of par plus accrued interest from the most recent interest payment date to the date fixed for redemption.

Notice of Redemption: At least 30 calendar days prior to the date fixed for any optional redemption of Bonds or portions thereof prior to maturity a written notice of such redemption shall be sent by the Paying Agent by United States mail, first-class postage prepaid, to the registered owner of each Bond to be redeemed at its address as it appeared on the 45th calendar day prior to such redemption date and to major securities depositories and bond information services.

The Bonds of a denomination larger than \$5,000 may be redeemed in part (\$5,000 or any multiple thereof). Any Bond to be partially redeemed must be surrendered in exchange for one or more new Bonds of the same maturity for the unredeemed portion of the principal of the Bonds so surrendered.

With respect to any optional redemption of the Bonds, unless certain prerequisites to such redemption required by the Bond Order have been met and money sufficient to pay the principal of and premium, if any, and interest on the Bonds to be redeemed have been received by the Paying Agent prior to the giving of such notice of redemption, such notice will state that said redemption may, at the option of the District, be conditional upon the satisfaction of such prerequisites and receipt of such money by the Paying Agent on or prior to the date fixed for such redemption, or upon any prerequisite set forth in such notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not fulfilled, such notice will be of no force and effect, the District will not redeem such Bonds, and the Paying Agent will give notice in the manner in which the notice of redemption was given, to the effect that the Bonds have not been redeemed.

Selection of Bonds for Redemption

If less than all of the Bonds are called for redemption, the particular Bonds, or portions thereof, to be redeemed shall be selected and designated by the District, and if less than all of a maturity, or sinking fund installment in the case of Term Bonds, is to be redeemed, the Paying Agent/Registrar shall determine by lot or other customary random method the Bonds, or portions thereof within such maturity to be redeemed (provided that a portion of a Bond may be redeemed only in integral multiples of \$5,000 principal amount); provided, that during any period in which ownership of the Bonds is determined only by a book entry at a securities depository for the Bonds, if fewer than all of the Bonds of the same maturity, or sinking fund installment in the case of Term Bonds, and bearing the same interest rate are to be redeemed, the particular Bonds of such maturity, such interest rate and such sinking fund installment in the case of the Term Bonds shall be selected in accordance with the arrangements between the District and the securities depository.

DTC Redemption Provision

The Paying Agent/Registrar and the District, so long as a book-entry-only system is used for the Bonds, will send any notice of optional redemption, notice of proposed amendment to the Bond Order or other notices with respect to the Bonds only to DTC. Any failure by DTC to advise any DTC Participant, as herein defined, or of any Direct Participant or Indirect Participant, as herein defined, to notify the beneficial owner, shall not affect the validity of the redemption of Bonds called for redemption or any other action premised on any such notice. Redemption of portions of the Bonds by the District will reduce the outstanding principal amount of such Bonds held by DTC. In such event, DTC may implement, through its book-entry-only system, a redemption of such Bonds held for the account of DTC Participants in accordance with its rules or other agreements with DTC Participants and then Direct Participants and Indirect Participants may implement a redemption of such Bonds and such redemption will not be conducted by the District or the Paying Agent/Registrar. Neither the District nor the Paying Agent/Registrar will have any responsibility to the DTC Participants. Neither the District nor the Paying Agent/Registrar will have any responsibility to the DTC Participants, Indirect Participants, or the persons for whom DTC Participants act as nominees, with respect to the payments on the Bonds or the providing of notice to Direct Participants, Indirect Participants, or beneficial owners of the selection of portions of the Bonds for redemption.

Registration and Transfer

BOKF, NA, Dallas, Texas is the initial paying agent/registrar (the “Paying Agent/Registrar,” “Paying Agent” or “Registrar”) for the Bonds. So long as any Bonds remain outstanding, the Paying Agent/Registrar shall keep the register at its principal payment office and, subject to such reasonable regulations as it may prescribe, the Paying Agent/Registrar shall provide for the registration and transfer of Bonds in accordance with the terms of the Bond Order. While the Bonds are in the Book- Entry-Only System, the Bonds will be registered in the name of Cede & Co. and will not be transferred. See “BOOK-ENTRY-ONLY SYSTEM.”

Paying Agent/Registrar

Principal of and semiannual interest on the Bonds will be paid by the initial Paying Agent/Registrar having an office for payment in Dallas, Texas. Any Paying Agent must be either a bank, trust company, financial institution, or other entity duly qualified and equally authorized to serve and perform the duties as paying agent and registrar for the Bonds. Provision is made in the Bond Order for the District to replace the Paying Agent by a resolution of the District giving notice to the Paying Agent of the termination of the appointment, stating the effective date of the termination and appointing a successor Paying Agent. If the Paying Agent is replaced by the District, the new Paying Agent shall be required to accept the previous Paying Agent’s records and act in the same capacity as the previous Paying Agent. Any successor paying agent/registrar selected by the District shall be subject to the same qualification requirements as the Paying Agent. The successor paying agent/registrar, if any, shall be determined by the Board of Directors and written notice thereof, specifying the name and address of such successor paying agent/registrar will be sent by the District or the successor paying agent/registrar to each registered owner by first-class mail, postage prepaid.

Record Date

The Record Date for payment of the interest on Bonds on any regularly scheduled interest payment date is defined as the close of business on the fifteenth (15th) calendar day of the month (whether or not a business day) preceding such interest payment date.

Issuance of Additional Debt

The District may issue additional bonds, with the approval of the Commission (with respect to system utility bonds), necessary to acquire contract rights and provide and maintain improvements and facilities consistent with the purposes for which the District was created. After the issuance of the Bonds, the District will have \$56,310,000 principal amount of unlimited tax bonds for road facilities authorized but unissued. In addition, the District has also authorized \$270,000,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities, \$420,000,000 principal amount of unlimited tax bonds for refunding bonds issued for water, sanitary sewer and drainage facilities, \$97,500,000 principal amount of unlimited tax bonds for refunding bonds issued for road facilities, and \$11,000,000 principal amount of unlimited tax bonds for the purpose of acquiring or construction recreational facilities, \$261,390,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities, and all of the unlimited tax bonds for refunding bonds issued for water, sanitary sewer, and drainage facilities, roads and recreational facilities remain authorized but unissued. See “RISK FACTORS—Future Debt.”

The District is empowered, among other things, to purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water; the collection, transportation, and treatment of wastewater; and the control and diversion of storm water. The District may issue bonds and other forms of indebtedness to purchase or construct such facilities or acquire contract rights therefor. The District is also empowered to establish parks and recreational facilities for the residents of the District, to contract for or employ its own peace officers and, after approval by the City, the Commission and the voters of the District, to establish, operate, and maintain firefighting facilities, independently or with one or more conservation and reclamation districts.

Abolishment by the City of Mustang Ridge

Under existing Texas law, because the District lies wholly within the corporate limits of the City, the District may be abolished by the City without the District's consent. Provided, however, the City has agreed in the Consent Agreement (defined herein) that the District will not be dissolved until after the completion of at least ninety percent (90%) of the construction of the public infrastructure necessary to serve the District with water, wastewater, drainage facilities, road improvements, and other facilities eligible for reimbursement under the rules of TCEQ or other law, and either (i) bonds have been issued by the District to reimburse Developer's eligible infrastructure costs related to such facilities, or (ii) the City has expressly agreed to assume the obligation to reimburse the Developer for such costs. See "THE DISTRICT-Consent Agreement." If the District is abolished, the City will assume the District's assets and obligations (including the Bonds). Abolishment of the District by the City is a policy-making matter within the discretion of the Mayor and City Council of the City, and therefore, the District makes no representation that abolishment will or will not occur or as to the ability of the City to make debt service payments on the Bonds should abolishment occur.

Consolidation

The District has the legal authority to consolidate with other districts and, in connection therewith, to provide for the consolidation of its assets (such as cash and the utility system) and liabilities (such as the Bonds), with the assets and liabilities of districts with which it is consolidating. Although no consolidation is presently contemplated by the District, no representation is made concerning the likelihood of consolidation in the future.

Defeasance of Outstanding Bonds

General: The Bond Order provides for the defeasance of the Bonds and the termination of the pledge of taxes and all other general defeasance covenants in the Bond Order under certain circumstances. Any Bond and the interest thereon shall be deemed to be paid, retired, and no longer outstanding within the meaning of the Bond Order (a "Defeased Bond"), except to the extent provided below for the Paying Agent to continue payments, when the payment of all principal and interest payable with respect to such Bond to the due date or dates thereof (whether such due date or dates be by reason of maturity, upon redemption, or otherwise) either (i) shall have been made or caused to be made in accordance with the terms thereof (including the giving of any required notice of redemption) or (ii) shall have been provided for on or before such due date by irrevocably depositing with or making available to the Paying Agent or an eligible trust company or commercial bank for such payment (1) lawful money of the United States of America sufficient to make such payment, (2) Defeasance Securities (defined below) that mature as to principal and interest in such amounts and at such times as will ensure the availability, without reinvestment, of sufficient money to provide for such payment, or (3) any combination of (1) and (2) above, and when proper arrangements have been made by the District with the Paying Agent or an eligible trust company or commercial bank for the payment of its services until after all Defeased Bonds shall have become due and payable. At such time as a Bond shall be deemed to be a Defeased Bond, such Bond and the interest thereon shall no longer be secured by, payable from, or entitled to the benefits of, the ad valorem taxes levied and pledged, as provided in the Bond Order and such principal and interest shall be payable solely from such money or Defeasance Securities, and shall not be regarded as outstanding under the Bond Order and the District will have no further responsibility with respect to the payment of such Defeased Bonds including any insufficiency to receive payments when due on the Defeased Securities.

Any money so deposited with or made available to the Paying Agent or an eligible trust company or commercial bank also may be invested at the written direction of the District in Defeasance Securities, maturing in the amounts and times as hereinbefore set forth, and all income from such Defeasance Securities received by the Paying Agent or an eligible trust company or commercial bank that is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, shall be remitted to the District or deposited as directed in writing by the District.

Until all Defeased Bonds shall have become due and payable, the Paying Agent shall perform the services of Registrar for such Defeased Bonds the same as if they had not been defeased, and the District shall make proper arrangements to provide and pay for such services as required by the Bond Order.

For purposes of these provisions, "Defeasance Securities" means (i) direct non-callable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (ii) non-callable obligations of an agency or instrumentality of the United States of America, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the Board of Directors adopts or approves proceedings authorizing the issuance of refunding bonds or otherwise provide for the funding of an escrow to effect the defeasance of the Bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than

“AAA” or its equivalent, (iii) non-callable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the Board of Directors adopts or approves proceedings authorizing the issuance of refunding bonds or otherwise provides for the funding of an escrow to effect the defeasance of the Bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than “AAA” or its equivalent and (iv) any other then authorized securities or obligations under applicable State law that may be used to defease obligations such as the Bonds.

Any such obligations must be certified by an independent public accounting firm of national reputation to be of such maturities and interest payment dates and bear such interest as will, without further investment or reinvestment of either the principal amount thereof or the interest earnings therefrom, be sufficient to provide all debt service payments on the Bonds.

There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made without amounts deposited to defease the Bonds. Because the Bond Order does not contractually limit such investments, registered owners may be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under State law. There is no assurance that the ratings for U.S. Treasury securities used as Defeasance Securities or those for any other Defeasance Securities will be maintained at any particular rating category.

Retention of Rights: To the extent that, upon the defeasance of any Defeased Bond to be paid at its maturity, the District retains the right under Texas law to later call the Defeased Bond for redemption in accordance with the provisions of the order authorizing its issuance, the District may call such Defeased Bond for redemption upon complying with the provisions of Texas law and upon satisfaction of the provisions set forth above regarding such Defeased Bond as though it was being defeased at the time of the exercise of the option to redeem the Defeased Bond and the effect of the redemption is taken into account in determining the sufficiency of the provisions made for the payment of the Defeased Bond.

Investments: Any escrow agreement or other instrument entered into between the District and the Paying Agent or an eligible trust company or commercial bank pursuant to which money and/or Defeasance Securities are held by the Paying Agent or an eligible trust company or commercial bank for the payment of Defeased Bonds may contain provisions permitting the investment or reinvestment of such moneys in Defeasance Securities or the substitution of other Defeasance Securities upon the satisfaction of certain requirements. All income from such Defeasance Securities received by the Paying Agent or an eligible trust company or commercial bank which is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, will be remitted to the District or deposited as directed in writing by the District.

Legal Investment and Eligibility to Secure Public Funds in Texas

Pursuant to Section 49.186 of the Texas Water Code, bonds, notes or other obligations issued by a municipal utility district “shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the State, and all agencies, subdivisions, and instrumentalities of the State, including all counties, cities, towns, villages, school districts and all other kinds and types of districts, public agencies and bodies politic.” Additionally, Section 49.186 of the Texas Water Code provides that bonds, notes or other obligations issued by a municipal utility district are eligible and lawful security for all deposits of public funds of the State and all agencies, subdivisions, and instrumentalities of the State. For political subdivisions in Texas which have adopted investment policies and guidelines in accordance with the Public Funds Investment Act (Texas Government Code, Chapter 2256), the bonds may have to be assigned a rating of not less than “A” or its equivalent as to investment quality by a national rating agency before such obligations are eligible investments for sinking funds and other public funds. See “MUNICIPAL BOND RATING AND MUNICIPAL BOND INSURANCE.”

The Bonds are rated and the District makes no representation that the Bonds will be acceptable to banks, savings and loan associations, or public entities for investment purposes or to secure deposits of public funds. The District has made no investigation of other laws, regulations or investment criteria which might apply to or otherwise limit the availability of the Bonds for investment or collateral purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds and as to the acceptability of the Bonds for investment or collateral purposes.

Special Tax Covenants

In the Bond Order, the District covenants with respect to, among other matters, the use of the proceeds of the Bonds and the manner in which the proceeds of the Bonds are to be invested. The District may omit to comply with any such covenant if it has received a written opinion of a nationally recognized bond counsel to the effect that regulations or rulings hereafter promulgated modify or expand provisions of the Internal Revenue Code of 1986, as amended (the “Code”), so that such covenant is ineffective or inapplicable or non-compliance with such covenant will not adversely affect the exemption from federal income taxation of interest on the Bonds under Section 103 of the Code.

Remedies in Event of Default

The Bond Order establishes specific events of default with respect to the Bonds. If the District defaults in the payment of the principal of or interest on the Bonds when due, or the District defaults in the observance or performance of any of the covenants, conditions, or obligations of the District, the failure to perform which materially, adversely affects the rights of the owners, including but not limited to, their prospect or ability to be repaid in accordance with the Bond Order, and the continuation thereof for a period of 60 days after notice of such default is given by any owner to the District, the Bond Order and Chapter 54 of the Texas Water Code provides that any registered owner is entitled to seek a writ of mandamus from a court of proper jurisdiction requiring the District to make such payment or observe and perform such covenants, obligations, or conditions. The issuance of a writ of mandamus may be sought if there is no other available remedy at law to compel performance of the Bonds or the Bond Order and the District's obligations are not uncertain or disputed. The remedy of mandamus is controlled by equitable principles, subject to the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. The Bond Order does not provide for the appointment of a trustee to represent the interest of the Bondholders upon any failure of the District to perform in accordance with the terms of the Bond Order, or upon any other condition and accordingly all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the registered owners. On April 1, 2016, the Texas Supreme Court ruled in *Wasson Interests, Ltd. v. City of Jacksonville*, 489 S.W.3d 427 (Tex. 2016) (“Wasson I”), that governmental immunity does not imbue a city with derivative immunity when it performs a proprietary, as opposed to a governmental, function in respect to contracts executed by a city. On May 2, 2018, the Texas Supreme Court issued a second opinion to clarify *Wasson I*, *Wasson Interest, Ltd. v. City of Jacksonville*, 559 S.W.3d 142 (Tex. 2018) (“Wasson II”, and together with *Wasson I*, “Wasson”), ruling that to determine whether governmental immunity applies to a breach of contract claim, the proper inquiry is whether the municipality was engaged in a governmental or proprietary function at the time it entered into the contract, not at the time of the alleged breach. In *Wasson*, the Court recognized that the distinction between governmental and proprietary functions is not clear. Therefore, in regard to municipal contract cases (as opposed to tort claim cases), it is incumbent on the courts to determine whether a function was governmental or proprietary based upon the statutory and common law guidance at the time of the contractual relationship. Texas jurisprudence has generally held that proprietary functions are those conducted by a city in its private capacity, for the benefit only of those within its corporate limits, and not as an arm of the government or under authority or for the benefit of the State; these are usually activities that can be, and often are, provided by private persons, and therefore are not done as a branch of the State, and do not implicate the state’s immunity since they are performed under the authority, or for the benefit, of the State as sovereign. Issues related to the applicability of a governmental immunity as they relate to the issuance of municipal debt have not been adjudicated. Each situation will be evaluated on the facts and circumstances surrounding the contract in question. On June 30, 2006, the Texas Supreme Court ruled in *Tooke v. City of Mexia*, 49 Tex. Sup. Ct. J. 819 (Tex. 2006), that a waiver of sovereign immunity in a contractual dispute must be provided for by statute in “clear and unambiguous” language. Because it is unclear whether the Texas legislature has effectively waived the District's sovereign immunity from a suit for money damages, Bondholders may not be able to bring such a suit against the District for breach of the Bonds or Bond Order covenants. Even if a judgment against the District could be obtained, it could not be enforced by direct levy and execution against the District's property. Further, the registered owners cannot themselves foreclose on property within the District or sell property within the District to enforce the tax lien on taxable property to pay the principal of and interest on the Bonds. Furthermore, the District is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code (“Chapter 9”). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of

revenues, the pledge of ad valorem taxes in support of a general obligation of a bankrupt entity is not specifically recognized as a security interest under Chapter 9. Chapter 9 also includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or Bondholders of an entity which has sought protection under Chapter 9. Therefore, should the District avail itself of Chapter 9 protection from creditors, the ability to enforce would be subject to the approval of the Bankruptcy Court (which could require that the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before it. The opinion of Bond Counsel will note that all opinions relative to the enforceability of the Bonds are qualified with respect to the customary rights of debtors relative to their creditors.

Additional Covenants

The District additionally covenants in the Bond Order that it will keep accurate records and accounts and employ an independent certified public accountant to audit and report on its financial affairs at the close of each fiscal year, such audits to be in accordance with applicable law, rules and regulations and open to inspection in the office of the District.

Alteration of Boundaries

In certain circumstances, under Texas law the District may alter its boundaries to: (i) upon satisfying certain conditions, annex additional territory; and (ii) exclude land subject to taxation within the District that does not need to utilize the service of District facilities if certain conditions are satisfied, including the District's simultaneous annexation of land of at least equal value that may be practicably served by District facilities. Such land substitution is subject to the approval of the TCEQ. No representation is made concerning the likelihood that the District will affect any change in its boundaries.

Amendments to the Bond Order

The District may, without the consent of or notice to any registered owners, amend the Bond Order in any manner not detrimental to the interest of the registered owners, including the curing of an ambiguity, inconsistency, or formal defect or omission therein. In addition, the District may, with the written consent of the owners of a majority in principal amount of the Bonds then outstanding affected thereby, amend, add to, or rescind any of the provisions of the Bond Order, except that, without the consent of the owners of all of the Bonds affected, no such amendment, addition, or rescission may (i) extend the time or times of payment of the principal of and interest on the Bonds, reduce the principal amount thereof or the rate of interest thereon, change the place or places at, or the coin or currency in which, any Bond or the interest thereon is payable, or in any other way modify the terms of payment of the principal of or interest on the Bonds, (ii) give any preference to any Bond over any other Bond, or (iii) reduce the aggregate principal amount of Bonds required for consent to any such amendment, addition, or rescission. In addition, a state, consistent with federal law, may within the exercise of its police powers make such modifications in the terms and conditions of contractual covenants relating to the payment of indebtedness of its political subdivisions as are reasonable and necessary for attainment of an important public purpose.

BOOK-ENTRY-ONLY SYSTEM

The information in this section concerning the Depository Trust Company ("DTC"), New York, NY and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurances that DTC, DTC Direct Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Bonds, (b) Bonds representing ownership interest in or other confirmation or ownership interest in the Bonds, or (c) prepayment or other notices sent to DTC or Cede & Co., its nominee, as the Registered Owner of the Bonds, or that they will do so on a timely basis or that DTC, DTC Direct Participants or DTC Indirect Participants will act in the manner described in this OFFICIAL STATEMENT. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedure" of DTC to be followed in dealing with DTC Direct Participants is on file with DTC.

The DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.6 million issues of U.S. and on-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a rating of "AA+" from S&P Global Ratings. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District (or the Trustee on behalf thereof) as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, premium, if any, interest payments and redemption proceeds on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, interest payments and redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

THE DISTRICT

General

The District is a municipal utility district created by order of the TCEQ on January 22, 2021, and operates under the provisions of Chapters 49 and 54 of the Texas Water Code, as amended, and other general statutes applicable to municipal utility districts. The District is located wholly within the corporate limits of the City and within the boundaries of Del Valle Independent School District.

The District is empowered, among other things, to purchase, construct, operate and maintain all works, improvements, facilities and plants, and contract rights therefore, necessary for the supply and distribution of water; the collection, transportation, and treatment of wastewater; and the control and diversion of storm water. The District may issue bonds and other forms of indebtedness to purchase or construct such facilities or contract rights therefor. The District is also empowered to establish parks and recreational facilities for the residents of the District, to contract for or employ its own peace officers and, after approval by the City, the Commission and the voters of the District, to establish, operate, and maintain fire-fighting facilities, independently or with one or more conservation and reclamation districts. See “THE BONDS – Issuance of Additional Debt.”

The TCEQ exercises continuing supervisory jurisdiction over the District. The District is required to observe certain requirements of the City which limit the purposes for which the District may sell bonds; limit the net effective interest rate on such bonds and other terms of such bonds; and require public water, sewer, and drainage facilities to be designed in accordance with certain City standards. Construction and operation of the District’s drainage system are subject to the regulatory jurisdiction of additional government agencies. See “THE SYSTEM.”

Location

The District presently contains approximately 179 acres of land. The District is located in southwest Travis County approximately two miles northwest of the central area of the City, which City is located approximately 17 miles southwest of the central business district of the City of Austin, Texas. The District lies wholly within the corporate limits of the City.

Status of Development

The District is being developed primarily for single family residential purposes as Stallion Run. Water, sanitary sewer and drainage facilities have been constructed to serve Stallion Run, Units 1, 2, 4, 5 and 6 and Del Caballo, Unit 3 (approximately 151 acres of land developed into 627 single-family residential lots). As of September 4, 2026, the District contained 396 single-family homes completed and occupied, 7 single-family home completed and not occupied, 56 single-family homes in various stages of construction, 2 model homes, and 166 developed lots available for new home construction.

In addition to the development described above, the District does not contains any remaining developable land. Also, approximately 28 acres of undevelopable land is contained in easements, rights of way, storm water detention facilities and other land uses.

Century Communities is the sole homebuilder in the District. New homes in the District range in offering prices from approximately \$250,000 to \$403,000 with square footage ranging from 1,288 to 2,439 square feet. As of September 4, 2026, the District contained 405 single-family homes completed as shown below:

Status of Home Construction as of September 4, 2026:

Single-Family Residential – Completed and Occupied	396
Single-Family Residential – Completed and Unoccupied	7
Single-Family Residential – Homes Under Construction	56
Single-Family Residential – Vacant Developed Lots	166
Model Homes	<u>2</u>
Total	627

Consent Agreement

The District is party to that certain Consent Agreement dated to be effective May 11, 2020 (the “Consent Agreement”), entered into by and between the City; MR Stallion Run, LLC (“MR Stallion”); and the District. MR Stallion subsequently assigned its rights, interests, and obligations under the Consent Agreement to the Developer. The Consent Agreement provides, among other terms, the City's consent to creation of the District and the City's agreement not to dissolve the District until after the completion of at least ninety percent (90%) of the construction of the public infrastructure necessary to serve the District with water, wastewater, drainage facilities, road improvements, and other facilities eligible for reimbursement under the rules of TCEQ or other law, and either (i) bonds have been issued by the District to reimburse Developer's eligible infrastructure costs related to such facilities, or (ii) the City has expressly agreed to assume the obligation to reimburse the Developer for such costs. The City will thereafter have the right, but not the obligation to dissolve the District. The Consent Agreement also provides (i) the purposes for which the District is authorized to issue bonds, such purposes as permitted by the laws of the State of Texas, and (ii) the terms for the City's approval of bonds to be issued by the District.

Pursuant to the Consent Agreement with the District, the City has agreed to rebate to the District an amount equal to the City's ad valorem tax revenues actually collected and received by the City, exclusive of any interest and penalties paid by the taxpayer to the City and exclusive of any collection costs incurred by the City, from taxable property within the District less a sum equal to \$0.135 per \$100 of assessed valuation (the “Tax Rebate”). Pursuant to the Consent Agreement, the City agrees to pay a portion of such City taxes collected upon taxable property within the District beginning with taxes collected for the 2022 tax year, the District's initial year of receiving a tax roll from Travis Central Appraisal District, and continuing each year thereafter until the dissolution of the District. The amount of rebate payment will vary with changes in the District's appraised valuation. Consequently, the amounts subject to rebate by the City under the formula will vary from year to year. Any significant reduction in the amount of the tax rebate could increase the District's rate of taxation. Also, pursuant to the Consent Agreement, the rebate shall be incrementally reduced in the event the District levies a total tax at a rate that is less than \$0.48 per \$100 of assessed valuation, which shall not occur until satisfaction of both of the following conditions have been met: (i) the Developer and all developers within the District have been fully reimbursed, with interest, in accordance with the rules of the TCEQ; and (ii) the District has completely financed and constructed 100% of District facilities. Once such conditions have been met, the Tax Rebate shall be reduced by an amount equal to the decrease in the District total tax rate below \$0.48 per \$100 assessed valuation.

Under the Consent Agreement, the District is responsible for the repair and maintenance of roads within the District until accepted by the City.

MANAGEMENT OF THE DISTRICT

Board of Directors

The District is governed by the Board of Directors, consisting of five directors, which has control over and management supervision of all affairs of the District. None of the Directors listed below reside within the District; however, each of the Directors owns an undivided interest in a small parcel of land in the District. Directors are elected by the voters within the District for four-year staggered terms. Director elections are held only in even numbered years. The directors of the District are listed below:

<u>Name</u>	<u>Title</u>	<u>Term Expires</u>
Rick Rosenberg	President	May 2030
Alex Blackburn	Vice President	May 2028
Robert Bobo	Secretary	May 2028
Jeff Etheredge	Assistant Secretary	May 2028
Alex Boogren	Assistant Secretary	May 2030

While the District does not employ any full-time employees, it has contracted for certain services as follows:

District Consultants

The District does not have a general manager or other full-time employees, but contracts for certain necessary services as described below.

Bond Counsel: The District engages McCall, Parkhurst & Horton L.L.P. as bond counsel in connection with the issuance of the Bonds. The legal fees to be paid bond counsel for services rendered in connection with the issuance of the Bonds are based on a percentage of the Bonds actually issued, sold and delivered and, therefore, such fees are contingent on the sale and delivery of the Bonds.

General Counsel: The District engages Armbrust & Brown PLLC, Austin, Texas, as general counsel.

Disclosure Counsel: McCall, Parkhurst & Horton L.L.P., Austin, Texas has been retained as Disclosure Counsel. Fees for services rendered by Disclosure Counsel in connection with the issuance of the Bonds are contingent upon the sale and delivery of the Bonds.

Financial Advisor: Masterson Advisors LLC serves as the District's Financial Advisor. The fee for services rendered in connection with the issuance of the Bonds is based on a percentage of the Bonds actually issued, sold and delivered and, therefore, such fee is contingent upon the sale and delivery of the Bonds.

Auditor: The financial statements of the District as of September 30, 2025 and for the year then ended, included in this offering document, have been audited by McCall Gibson Swedlund Barfoot Ellis PLLC, independent auditors, as stated in their report appearing herein. See "APPENDIX A" for a copy of the District's September 30, 2025 audited financial statements.

Engineer: The consulting engineer for the District in connection with the design and construction of the District's facilities is Jones- Heroy & Associates, Inc. (the "Engineer").

Tax Assessor/Collector: The tax assessor/collector for the District is the Travis County Tax Office (the "Tax Assessor/Collector").

Tax Appraisal: The Travis Central Appraisal District (the "Appraisal District") has the responsibility of appraising all property within the District located within their respective jurisdictions. The Appraisal District also contracts with the District of the collection of taxes. See "TAXING PROCEDURES."

Operator: The operator of the District's water and sewer system is Si Environmental, LLC.

Bookkeeper: The District has engaged Municipal Accounts & Consulting, L.P. to serve as the District's bookkeeper (the "Bookkeeper").

THE DEVELOPER

Role of a Developer

In general, the activities of a landowner or developer in a municipal utility district such as the District include designing the project; defining a marketing program and setting building schedules; securing necessary governmental approvals and permits for development; arranging for the construction of roads and the installation of utilities; and selling or leasing improved tracts or commercial reserves to other developers or third parties. In some instances, a landowner or developer will be required by the Commission to pay thirty percent (30%) of the cost of placing the water distribution, wastewater collection, and storm drainage facilities in a district, exclusive of water supply and storage and wastewater treatment plants of which the district incurs one hundred percent (100%) of the cost. While a developer is required by the Commission to pave streets (in areas where District facilities are being financed with bonds), a developer is under no obligation to a district to undertake development activities according to any particular plan or schedule. Furthermore, there is no restriction on a developer's right to sell any or all of the land which the developer owns within a district. In addition, the developer is ordinarily the major taxpayer within the district during the early stages of development. The relative success or failure of a developer to perform in the above-described capacities may affect the ability of a district to collect sufficient taxes to pay debt service and retire bonds.

Neither the Developer (as hereinafter defined) nor any of their affiliates, is obligated to pay principal of or interest on the Bonds. See "RISK FACTORS—Dependence Upon Developer and Homebuilder." Furthermore, neither the Developer nor any of their affiliates has any binding commitment to the District to carry out any plan of development, and the furnishing of information relating to the proposed development by the Developer should not be interpreted as such a commitment. Prospective purchasers are encouraged to inspect the District in order to acquaint themselves with the nature of development that has occurred or is occurring within the boundaries of the District.

The Developer

The developer of land within the District is Century Land Holdings II, LLC ("Century" or the "Developer"), a Colorado limited liability company. Century has developed water, sewer and drainage facilities to serve all the sections within the District known as Stallion Run and Del Caballo. Century financed, or is financing, the development of Stallion Run, Units 1, 2, 4, 5 and 6 and Del Caballo, Unit 3 in the District with funds provided by its parent company, Century Communities, Inc. Century Communities is also the sole homebuilder in the District.

The Developer is wholly owned by Century Communities, Inc. ("Century Communities"). Century Communities is a publicly traded corporation whose stock is listed on the New York Stock Exchange under the trading symbol CCS. Audited financial statements for Century Communities can be found online at <https://investors.centurycommunities.com/financials-and-filings/annual-reports>. Century Communities is subject to the information requirements of the Securities Exchange Act of 1934, as amended, and in accordance therewith files reports and other information with the United States Securities and Exchange Commission ("SEC"). Reports, proxy statements and other information filed by Century Communities can be inspected at the office of the SEC at Judiciary Plaza, Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of such material can be obtained from the Public Reference Section of the SEC at 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates. Copies of the above reports, proxy statements and other information may also be inspected at the offices of the New York Stock Exchange, Inc., 20 Broad Street, New York, New York 10005. The SEC maintains a website at <http://www.sec.gov> that contains reports, proxy information statements and other information regarding registrants that file electronically with the SEC.

THE SYSTEM

Regulation

According to the Engineer, the District's water supply and distribution, wastewater collection, and storm drainage facilities (collectively, the "System") have been designed in accordance with accepted engineering practices and the then current requirements of various entities having regulatory or supervisory jurisdiction over the construction and operation of such facilities. The construction of the System was required to be accomplished in accordance with the standards and specifications of such entities and is subject to inspection by each such entity. The regulations and requirements of entities exercising regulatory jurisdiction over the System are subject to further development and revision which, in turn, could require additional expenditures by the District in order to achieve compliance. In particular, additional or revised requirements in connection with any permit for the wastewater treatment plant in which the District owns capacity beyond the criteria existing at the time of construction of the plant could result in the need to construct additional facilities in the future. The following descriptions are based upon information supplied by the District's Engineer.

Water, Sanitary sewer and Drainage Facilities

Construction of the water, sanitary sewer and drainage facilities to serve the District have been, or will be, financed with funds advanced by the Developer. It is expected that proceeds from sale of future issues of District Bonds will be used to reimburse the Developer for certain of the advances.

Source of Water Supply: Creedmoor-Maha Water Supply Corporation ("CMWSC") provides retail water service to all residents within the District pursuant to Non-Standard Service Agreement dated October 21, 2020 entered into by CMWSC and MR Stallion (the "Water Agreement"). The Water Agreement sets forth the terms and conditions pursuant to which CMWSC agreed to provide up to 645 equivalent single family connections ("ESFCs") of retail water service to customers within the District. MR Stallion subsequently assigns its rights, interest and obligations under the Water Agreement to the Developer, the Developer subsequently assigned rights under the Water Agreement to the District for limited purposes on March 22, 2024. The Developer remains responsible for the performance of all obligations, including the construction of facilities and payment of costs and fees, under the Water Agreement on behalf of the District. The Developer will fund and construct the water facilities required to serve customers within the District on behalf of the District. Upon completion, the facilities are conveyed to CMWSC for ownership and operation pursuant to Section 54.2351 of the Texas Water Code.

Construction and Reimbursement Agreements: MR Stallion and the District previously entered into entered into the following agreements (collectively, the "Construction and Reimbursement Agreements") setting forth the terms and conditions pursuant to which MR Stallion agreed to fund certain costs, and construct certain improvements (including water, wastewater, drainage and road facilities), on behalf of the District, and the District agreed to issue its bonds to reimburse eligible costs of MR Stallion together with allowable interest thereon: (i) that certain "Utility and Parks Construction and Reimbursement Agreement" dated June 16, 2021 relating to the 119.625-acre tract of real property more particularly described therein; (ii) that certain "Road Construction and Reimbursement Agreement" dated June 16, 2021 relating to the 119.625-acre of real property more particularly described therein; (iii) that certain "Utility and Parks Construction and Reimbursement Agreement" dated June 16, 2021 relating to the 59.782-acre tract of real property more particularly described therein; and (iv) that certain "Road Construction and Reimbursement Agreement" dated June 16, 2021 relating to the 59.782-acre tract of real property more particularly described therein. MR Stallion subsequently assigned its rights, duties and obligations under the Construction and Reimbursement Agreements to the Developer by instruments dated July 1, 2021 and July 6, 2023 in connection with the conveyance of real property in the District by MR Stallion to the Developer. Under the Construction and Reimbursement Agreements, the Developer is responsible for funding and constructing the water, sewer, drainage, recreation and road facilities on behalf of the District, and the District is responsible for reimbursement of eligible costs funded by the Developer through the issuance of bonds by the District under the terms and conditions set forth therein. Upon completion of construction, the water facilities are conveyed to CMWSC, and the wastewater and drainage facilities are conveyed to the District.

Source of Wastewater Treatment: The District's wastewater treatment is provided by a wastewater treatment plant (the "WWTP") and disposal system that provides 120,000 gallons per day ("gpd") of treatment and disposal capacity. According to the Engineer, the plant's current wastewater capacity is capable of serving a total of 400 ESFCs based on a design capacity of 300 gpd per ESFC. The District will expand the WWTP and disposal facilities as needed in order to complete the balance of the development.

The District received a Notice of Violation from TCEQ dated October 22, 2024 alleging that the District failed to comply with the wastewater discharge permit effluent limit for Total Residual Chlorine monthly maximum (mg/L) for the monitoring periods ending March 31, 2024 through June 30, 2024. The District previously signed an Agreed Order to resolve the alleged violations. The Agreed Order provides for a \$9,000 penalty. The District has requested that TCEQ apply prior expenditures made by the District for improvements to the wastewater treatment facility against the proposed penalty amount. As of November 1, 2025, the TCEQ has not approved the proposed Agreed Order. According to the District's operator, the cause of the prior alleged violations has been resolved. The District does not believe that the prior alleged violations or TCEQ enforcement action will impact the District's ability to operate its wastewater treatment plant facility or to provide retail wastewater service to customers within the District.

100-Year Floodplain

"Flood Insurance Rate Map" or "FIRM" means an official map of a community on which the Federal Emergency Management Agency ("FEMA") has delineated the appropriate areas of flood hazards. The 1% chance of probable inundation, also known as the 100-year flood plain, is depicted on these maps. The "100-year flood plain" (or 1% chance of probable inundation) as shown on the FIRM is the estimated geographical area that would be flooded by a rain storm of such intensity to statistically have a one percent chance of occurring in any given year. Generally speaking, homes and other improvements must be built above the 100-year flood plain in order to meet local regulatory requirements and to be eligible for federal flood insurance. An engineering or regulatory determination that an area is above the 100-year flood plain is no assurance that homes and other improvements built in such area will not be flooded. The District's drainage system has been designed and constructed to all current standards.

According to the District's Engineer, approximately 23 acres of land within the District are located within the 100-year flood plain as designated by the most recent Federal Emergency Management Agency Flood Insurance Rate Map.

Atlas 14

In 2018, the National Weather Service completed a rainfall study known as NOAA Atlas 14, Volume 11 Precipitation-Frequency Atlas of the United States ("Atlas 14"). Floodplain boundaries within the District may be redrawn based on the Atlas 14 study based on a higher statistical rainfall amount, resulting in the application of more stringent floodplain regulations applying to a larger area. The application of such regulations could additionally result in higher insurance rates, increased development fees, and stricter building codes for any property located within the expanded boundaries of the floodplain.

(The remainder of this page intentionally left blank.)

THE ROAD SYSTEM

Unbridled Avenue is the major collector street serving the District. The road meets the City's criteria for collector roadway designation. All roadways are designed and constructed in accordance with City standards, rules, and regulations. Upon acceptance of roadway facilities, the City will be responsible for operation and maintenance thereof.

The roads lie within the public right-of-way. In addition to the roadway, public utilities such as underground water, sewer, and drainage facilities are located within the right-of-way. The right-of-way is also shared by street lights, sidewalks, and franchise utilities (power, gas, telephone, and cable). See "—Use and Distribution of Bond Proceeds" herein.

Use and Distribution of Bond Proceeds

The estimated use and distribution of the Bond proceeds is shown below. Of proceeds to be received from the sale of the Bonds, \$3,898,116 is estimated for construction costs and \$1,301,884 is estimated for non-construction costs.

CONSTRUCTION RELATED COSTS

• Stallion Run Unit 1.....	\$ 402,808
• Stallion Run Unit 2.....	422,777
• Stallion Run Unit 3.....	1,525,158
• Engineering.....	158,089
• Right-of-Way Land Costs.....	1,389,284
Total Construction Related Costs.....	\$ 3,898,116

NON-CONSTRUCTION COSTS

• Bond Discount (a).....	\$ 156,000
• Capitalized Interest (Eighteen (18) Months) (a).....	390,000
• Developer Interest (Estimated).....	433,820
Total Non-Construction Costs.....	\$ 979,820

ISSUANCE COSTS AND FEES

• Issuance Costs and Professional Fees.....	\$ 296,664
• Engineering Report Costs.....	20,200
• Attorney General Fee (0.1%).....	5,200
Total Issuance Costs and Fees.....	\$ 322,064

TOTAL BOND ISSUE REQUIREMENT..... \$ 5,200,000

(a) The District will capitalize eighteen (18) months of interest at an estimated interest rate of 5.00% on the Bonds.

UNLIMITED TAX BONDS AUTHORIZED BUT UNISSUED

Date of Authorization	Purpose	Amount Authorized	Issued to Date	Amount Unissued
5/1/2021	Water, Sanitary Sewer and Drainage	\$270,000,000	\$8,610,000	\$261,390,000
5/1/2021	Road Bonds	\$65,000,000	\$8,690,000 *	\$56,310,000

2025B (a)	<u>3,490,000</u>	<u>3,490,000</u>
Total	\$ 12,100,000	\$ 11,950,000

ESTIMATED OVERLAPPING DEBT STATEMENT

The following table indicates the outstanding debt payable from ad valorem taxes, of governmental entities within which the District is located and the estimated percentages and amounts of such indebtedness attributable to property within the District. Debt figures equated herein to outstanding obligations payable from ad valorem taxes are based upon data obtained from individual jurisdictions or Texas Municipal Reports compiled and published by the Municipal Advisory Council of Texas. Furthermore, certain entities listed below may have issued additional obligations since the date listed and may have plans to incur significant amounts of additional debt. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for the purposes of operation, maintenance and/or general revenue purposes in addition to taxes for the payment of debt service and the tax burden for operation, maintenance and/or general revenue purposes is not included in these figures. The District has no control over the issuance of debt or tax levies of any such entities.

See "TAX DATA—Tax Rate Distribution."

TAX DATA

Historical Tax Collections

The following statement of tax collections sets forth in condensed form a portion of the historical tax experience of the District. Such table has been prepared for inclusion herein, based upon information obtained from the District's Tax Assessor/Collector. Reference is made to such statements and records for further and complete information. See "— Summary of Assessed Valuation" herein.

Tax Year	Taxable Assessed Valuation (a)	Tax Rate	Total Tax Levy	Total Collections as of June 30, 2026 (b)	
				Amount	Percent
2022	\$ 1,113,368	\$ 0.7725	\$ 8,601	\$ 8,601	100.00%
2023	16,981,927	0.9000	152,837	152,837	100.00%
2024	57,224,366	0.9000	515,019	515,019	100.00%
2025	82,388,012	0.9000	741,492	739,767	99.77%
2026	110,675,662	0.9000	996,081	(c)	(c)

(a) As certified by the Appraisal District less any exemptions granted. See "Summary of Assessed Valuation" herein.

(b) Reflects unaudited collections.

(c) The District authorized publication of its intent to levy a total tax rate of \$0.90 per \$100 of taxable assessed valuation (consisting of \$0.54 for debt service and \$0.36 for maintenance and operations) and expects to adopt such rate in September 2026. Taxes are due by January 31, 2027.

Taxes are due when billed and become delinquent after January 31 of the following year. No split payments are allowed and no discounts are allowed.

Tax Rate Distribution

	2026 (a)	2025	2024	2023	2022
Debt Service	\$0.5400	\$0.4100	\$ 0.2000	\$ -	\$ -
Maintenance and Operations	0.3600	0.4900	0.7000	0.9000	0.7725
Total	\$0.9000	\$0.9000	\$ 0.9000	\$ 0.9000	\$ 0.7725

(a) The District authorized publication of its intent to levy a total tax rate of \$0.90 per \$100 of taxable assessed valuation (consisting of \$0.54 for debt service and \$0.36 for maintenance and operations) and expects to adopt such rate in September 2026.

Tax Rate Limitations

Debt Service: Unlimited (no legal limit as to rate or amount).

Maintenance and Operations: \$1.00 per \$100 of taxable assessed valuation.

Debt Service Tax

The Board covenants in the Bond Order to levy and assess, for each year that all or any part of the Bonds remain outstanding and unpaid, a tax adequate to provide funds to pay the principal of and interest on the Bonds. For the 2025 tax year, the Board levied a debt service tax in the amount of \$0.41 per \$100 assessed valuation.

Maintenance and Operations Tax

The Board of the District has the statutory authority to levy and collect an annual ad valorem tax for maintenance of the District's improvements, if such maintenance tax is authorized by vote of the District's electors. On May 1, 2021, the Board was authorized to levy such a maintenance tax in an amount not to exceed \$1.00 per \$100 of assessed valuation. For the 2025 tax year, the Board levied a maintenance tax in the amount of \$0.49 per \$100 assessed valuation. Such tax is in addition to taxes which the District is authorized to levy for paying principal and interest on the District's bonds.

Tax Exemptions

As discussed in the section titled “TAXING PROCEDURES” herein, certain property in the District may be exempt from taxation by the District. The District does not exempt any percentage of the market value of any residential homesteads from taxation.

Additional Penalties

The District has contracted with Travis County to collect delinquent taxes. Travis County has contracted with a delinquent tax attorney to collect certain delinquent taxes. The contract establishes an additional penalty of twenty percent (20%) of the tax to defray the costs of collection. This 20% penalty applies to taxes that either: (1) become delinquent on or after February 1 of a year, but not later than May 1 of that year, and that remain delinquent on April 1 (for personal property) and July 1 (for real property) of the year in which they become delinquent or (2) become delinquent on or after June 1, pursuant to the Texas Property Tax Code. See “TAXING PROCEDURES – Levy and Collection of Taxes.”

Summary of Assessed Valuation

The District's assessed value as of January 1 of each year is used by the District in establishing its tax rate. See “TAXING PROCEDURES—Valuation of Property for Taxation.” The following represents the composition of property comprising the 2024 through 2026 Taxable Assessed Valuation. An accurate breakdown of the uncertified portion (\$22,561,355) of the 2026 Taxable Assessed Valuation of \$110,675,662, is not available. Taxes are levied on taxable value certified by the Appraisal District as of January 1 of each year.

	2026	2025	2024
Land	\$ 18,641,775	\$ 22,869,374	\$ 17,032,132
Improvements	71,956,640	56,761,758	40,351,509
Personal Property	40,721	17,367	44,817
Exemptions	(2,524,829)	(2,117,294)	(204,092)
Certified Total	\$ 88,114,307	\$ 77,531,205	\$ 57,224,366
Uncertified Value	22,561,355	4,856,807	-
Total	\$110,675,662	\$ 82,388,012	\$ 57,224,366

Principal Taxpayers

The following table represents the principal taxpayers, the taxable assessed valuation of such property, and such property's taxable assessed valuation as a percentage of the certified portion (\$88,114,307) of the 2026 Taxable Assessed Valuation. An accurate principal taxpayer list related to the uncertified portion (\$22,561,355) of the 2026 Taxable Assessed Valuation of \$110,675,662, is not available as of the date hereof.

Taxpayer	Type of Property	2026 Certified	% of
		Taxable Assessed Valuation	2026 Certified Taxable Assessed Valuation
Century Land Holdings II LLC (a)	Land & Improvements	\$ 6,282,700	7.13%
660 SFR TX Operations II LLC	Land & Improvements	761,426	0.86%
Fire House Re LLC	Land & Improvements	589,659	0.67%
Houston Pipeline Co LP	Land & Improvements	406,830	0.46%
Homeowner	Land & Improvements	373,025	0.42%
Universal Natural Gas	Land & Improvements	370,400	0.42%
Homeowner	Land & Improvements	369,474	0.42%
Homeowner	Land & Improvements	368,907	0.42%
Homeowner	Land & Improvements	368,366	0.42%
Homeowner	Land & Improvements	367,116	0.42%
Total		\$ 10,257,903	11.64%

(a) The Developer. See “THE DEVELOPER.”

Tax Adequacy for Debt Service

The tax rate calculations set forth below are presented to indicate the tax rates per \$100 taxable assessed valuation which would be required to meet average annual and maximum annual debt service requirements if no growth in the District’s tax base occurred beyond the 2026 Taxable Assessed Valuation of \$110,675,662 (\$88,114,307 of certified value plus \$22,561,355 of uncertified value). The calculations contained in the following table merely represent the tax rates required to pay principal of and interest on the Bonds and Outstanding Bonds when due, assuming no further increase or any decrease in taxable values in the District, collection of ninety-five percent (95%) of taxes levied, the sale of no additional bonds, and no other funds available for the payment of debt service.

Average annual debt service requirement (2027-2051)	\$1,155,694
\$1.10 tax rate on the 2026 Taxable Assessed Valuation	
of \$110,675,662 at a 95% collection rate produces	\$1,156,561
Maximum annual debt service requirement (2049).....	\$1,262,563
\$1.21 tax rate on the 2026 Taxable Assessed Valuation	
of \$110,675,662 at a 95% collection rate produces	\$1,272,217

No representation or suggestion is made that the uncertified portion of the 2026 Taxable Assessed Valuation will not be adjusted downward or will be certified as taxable value by the Appraisal District, and no person should rely upon such amounts or its inclusion herein as assurance of their attainment. See “TAXING PROCEDURES.”

TAXING PROCEDURES

Authority to Levy Taxes

The Board is authorized to levy an annual ad valorem tax, without legal limitation as to rate or amount, on all taxable property within the District in an amount sufficient to pay the principal of and interest on the Outstanding Bonds, the Bonds and any additional bonds payable from taxes which the District may hereafter issue (see “RISK FACTORS—Future Debt”) and to pay the expenses of assessing and collecting such taxes. The District agrees in the Bond Order to levy such a tax from year to year as described more fully herein under “THE BONDS—Source and Security for Payment.” Under Texas law, the Board may also levy and collect an annual ad valorem tax for the operation and maintenance of the District. See “TAX DATA—Debt Service Tax” and “—Maintenance and Operations Tax.”

Property Tax Code and County-Wide Appraisal District

Title I of the Texas Tax Code (the “Property Tax Code”) specifies the taxing procedures of all political subdivisions of the State of Texas, including the District. Provisions of the Property Tax Code are complex and are not fully summarized here.

The Property Tax Code requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of the State of Texas an appraisal district with the responsibility for recording and appraising property for all taxing units within a county and an appraisal review board with responsibility for reviewing and equalizing the values established by the appraisal district. The Appraisal District has the responsibility for appraising property for all taxing units within Travis County, including the District. Such appraisal values are subject to review and change by the Travis County Appraisal Review Board (the “Appraisal Review Board”).

Property Subject to Taxation by the District

Except for certain exemptions provided by Texas law, all real property, tangible personal property held or used for the production of income, mobile homes and certain categories of intangible personal property with a tax situs in the District are subject to taxation by the District. Principal categories of exempt property include, but are not limited to: property owned by the State of Texas or its political subdivisions if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies, and personal effects; certain goods, wares and merchandise in transit; farm products owned by the producer; certain property of charitable organizations, youth development associations, religious organizations, and qualified schools; designated historical sites; travel trailers; and most individually owned automobiles. In addition, the District may by its own action exempt residential homesteads of persons sixty-five (65) years or older and of certain disabled persons to the extent deemed advisable by the Board. The District may be required to offer such an exemption if a majority of voters approve it at an election. The District would be required to call such an election upon petition by twenty percent (20%) of the number of qualified voters who voted in the preceding election. The District is authorized by statute to disregard exemptions for the disabled and elderly if granting the exemption would impair the District's obligation to pay tax supported debt incurred prior to adoption of the exemption by the District. Furthermore, the District must grant exemptions to disabled veterans or certain surviving dependents of disabled veterans, if requested, of between \$5,000 and \$12,000 depending on the disability rating of the veteran if such rating is less than 100%. A veteran who receives a disability rating of 100%, and subject to certain conditions, the surviving spouse of such a veteran is entitled to the exemption for the full amount of the residential homestead. A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homestead in an amount equal to the partially disabled veteran's disability rating of the residence homestead was donated by a charitable organization. Also, the surviving spouse of a member of the armed forces who was killed or fatally injured in the line of duty is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse. The surviving spouse of a first responder who was killed or fatally injured in the line of duty is, subject to certain conditions, also entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and, subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse. See "TAX DATA."

Residential Homestead Exemptions: The Property Tax Code authorizes the governing body of each political subdivision in the State of Texas to exempt up to twenty percent (20%) of the appraised value of residential homesteads from ad valorem taxation. Where ad valorem taxes have previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged, if the cessation of the levy would impair the obligations of the contract by which the debt was created. The adoption of a homestead exemption may be considered each year, but must be adopted before July 1. See "TAX DATA."

Freeport Goods and Goods-in-Transit Exemptions: A "Freeport Exemption" applies to goods, wares, ores, and merchandise other than oil, gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining petroleum or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas which are destined to be forwarded outside of Texas and which are detained in Texas for assembling, storing, manufacturing, processing or fabricating for less than 175 days. Although certain taxing units may take official action to tax such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to the same categories of tangible personal property which are covered by the Freeport Exemption, if, for tax year 2011 and prior applicable years, such property is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation, and the location where said property is detained during that period is not directly or indirectly owned or under the control of the property owner. For tax year 2012 and subsequent years, such Goods-in-Transit Exemption includes tangible personal property acquired in or imported into Texas for storage purposes only if such property is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-in-transit personal property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. The District has taken official action to allow taxation of all such goods-in-transit personal property for all prior and subsequent years.

Tax Abatement

Travis County may designate all or part of the area within the District as a reinvestment zone. Thereafter, Travis County, the District, and the City (after annexation of the District), at the option and discretion of each entity, may enter into tax abatement agreements with owners of property within the zone. Prior to entering into a tax abatement agreement, each entity must adopt guidelines and criteria for establishing tax abatement, which each entity will follow in granting tax abatement to owners of property. The tax abatement agreements may exempt from ad valorem taxation by each of the applicable taxing jurisdictions, including the District, for a period of up to ten (10) years, all or any part of any increase in the assessed valuation of property covered by the agreement over its assessed valuation in the year in which the agreement is executed, on the condition that the property owner make specified improvements or repairs to the property in conformity with the terms of the tax abatement. Each taxing jurisdiction has discretion to determine terms for its tax abatement agreements without regard to the terms approved by the other taxing jurisdictions.

Valuation of Property for Taxation

Generally, property in the District must be appraised by the Appraisal District at market value as of January 1 of each year. Once an appraisal roll is prepared and finally approved by the Appraisal Review Board, it is used by the District in establishing its tax rolls and tax rate. Assessments under the Property Tax Code are to be based on one hundred percent (100%) of market value, as such is defined in the Property Tax Code.

Nevertheless, certain land may be appraised at less than market value under the Property Tax Code. In November 1997, Texas voters approved a constitutional amendment to limit increases in the appraised value of residence homesteads to ten percent (10%) annually regardless of the market value of the property. The Property Tax Code permits land designated for agricultural use, open space or timberland to be appraised at its value based on the land's capacity to produce agricultural or timber products rather than at its fair market value. The Property Tax Code permits under certain circumstances that residential real property inventory held by a person in the trade or business be valued at the price all such property would bring if sold as a unit to a purchaser who would continue the business. Provisions of the Property Tax Code are complex and are not fully summarized here. Landowners wishing to avail themselves of the agricultural use, open space or timberland designation or residential real property inventory designation must apply for the designation and the appraiser is required by the Property Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by some political subdivisions while claiming it as to another. If a claimant receives the agricultural use, open space or timberland designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use, including taxes for the previous three (3) years.

The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraisal values. The plan must provide for appraisal of all real property in the Appraisal District at least once every three (3) years. It is not known what frequency of reappraisal will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone or county-wide basis. The District, however, at its expense has the right to obtain from the Appraisal District a current estimate of appraised values within the District or an estimate of any new property or improvements within the District. While such current estimate of appraised values may serve to indicate the rate and extent of growth of taxable values within the District, it cannot be used for establishing a tax rate within the District until such time as the Appraisal District chooses formally to include such values on its appraisal roll.

The Property Tax Code provides for a temporary exemption from ad valorem taxation of a portion of the appraised value of certain property that is at least 15% physically damaged by a disaster and located within an area declared to be a disaster area by the governor of the State of Texas. This temporary exemption is automatic if the disaster is declared prior to a taxing unit, such as the District, adopting its tax rate for the tax year. A taxing unit, such as the District, may authorize the exemption at its discretion if the disaster is declared after the taxing unit has adopted its tax rate for the tax year. The amount of the exemption is based on the percentage of damage and is prorated based on the date of the disaster. Upon receipt of an application submitted within the eligible timeframe by a person who qualifies for a temporary exemption under the Property Tax Code, the Appraisal District is required to complete a damage assessment and assign a damage assessment rating to determine the amount of the exemption. The temporary exemption amounts established in the Property Tax Code range from 15% for property less than 30% damaged to 100% for property that is a total loss. Any such temporary exemption granted for disaster-damaged property expires on January 1 of the first year in which the property is reappraised.

District and Taxpayer Remedies

Under certain circumstances taxpayers and taxing units (such as the District) may appeal the orders of the Appraisal Review Board by filing a timely petition for review in State district court. In such event, the value of the property in question will be determined by the court or by a jury if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda which could result in the repeal of certain tax increases. The Property Tax Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the levy and collection of its taxes unless it elects to transfer such functions to another governmental entity. The rate of taxation is set by the Board of Directors, after the legally required notice has been given to owners of property within the District, based upon: a) the valuation of property within the District as of the preceding January 1, and b) the amount required to be raised for debt service, maintenance purposes and authorized contractual obligations. Taxes are due October 1, or when billed, whichever comes later, and become delinquent if not paid before February 1 of the year following the year in which imposed. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. A delinquent tax on personal property incurs an additional penalty, in an amount established by the District and a delinquent tax attorney, 60 days after the date the taxes become delinquent. For those taxes billed at a later date and that become delinquent on or after June 1, they will also incur an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. The delinquent tax accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code makes provisions for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances which, at the option of the District, may be rejected. The District's tax collector is required to enter into an installment payment agreement with any person who is delinquent on the payment of tax on a residence homestead for payment of tax, penalties and interest, if the person requests an installment agreement in writing and has not entered into an installment agreement with the collector in the preceding 24 months. The installment agreement must provide for payments to be made in equal monthly installments and must extend for a period of at least 12 months and no more than 36 months. Additionally, the owner of a residential homestead property who is (i) sixty-five (65) years of age or older, (ii) disabled, or (iii) a disabled veteran, is entitled by law to pay current taxes on a residential homestead in installments without penalty or to defer the payment of taxes during the time of ownership. In the instance of tax deferral, a tax lien remains on the property and interest continue to accrue during the period of deferral.

Rollback of Operation and Maintenance Tax Rate

Chapter 49 of the Texas Water Code, as amended, classifies districts differently based on the current operation and maintenance tax rate or on the percentage of build-out that the District has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified as "Special Taxing Units." Districts that have financed, completed, and issued bonds to pay for all improvements and facilities necessary to serve at least 95% of the projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be classified herein as "Developing Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate is described for each classification below. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

Special Taxing Units: Special Taxing Units that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, may be required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Special Taxing Unit is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

Developed Districts: Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions for the preceding tax year, plus any unused increment rates, as calculated and described in Section 26.013 of the Tax Code, may be required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus 1.035 times the previous year's operation and maintenance tax rate plus any unused increment rates. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor of Texas or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Special Taxing Unit and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Special Taxing Units.

Developing Districts: Districts that do not meet the classification of a Special Taxing Unit or a Developed District can be classified as Developing Districts. The qualified voters of these districts, upon the Developing District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax rate imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Developing Districts is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

The District: A determination as to a district's status as a Special Taxing Unit, Developed District or Developing District will be made by the Board of Directors on an annual basis. For the 2026 tax year, the District was designated as a "Developing District." The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property as of January 1 of the year for which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of the State of Texas and each local taxing unit, including the District, having power to tax the property. The District's tax lien is on a parity with tax liens of such other taxing units. See "FINANCIAL INFORMATION CONCERNING THE DISTRICT (UNAUDITED)—Overlapping Taxes for 2025." A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by applicable federal law. Personal property under certain circumstances is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both subject to the restrictions on residential homesteads described under "—Levy and Collection of Taxes." In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights or by bankruptcy proceedings which restrict the collection of taxpayer debts. A taxpayer may redeem property within six (6) months for commercial property and two (2) years for residential and all other types of property after the purchaser's deed issued at the foreclosure sale is filed in the county records. See "RISK FACTORS—General" and "—Tax Collection Limitations."

Tax Payment Installments After Disaster

Certain qualified taxpayers, including owners of residential homesteads, located within a designated disaster area or emergency area and whose property has been damaged as a direct result of the disaster or emergency, are entitled to enter into a tax payment installment agreement with a taxing jurisdiction, such as the District, if the taxpayer pays at least one-fourth of the tax bill imposed on the property by the delinquency date. The remaining taxes may be paid without penalty or interest in three equal installments within six months of the delinquency date.

Additionally the Property Tax Code authorizes a taxing jurisdiction such as the District, solely at the jurisdiction's discretion to adopt a similar installment payment option for taxes imposed on property that is located within a designated disaster area or emergency area and is owned or leased by certain qualified business entities, regardless of whether the property as been damaged as a direct result of the disaster or emergency.

GENERAL FUND OPERATIONS

General

The Bonds and the Outstanding Bonds are payable from the levy of an ad valorem tax, without legal limitation as to rate or amount, upon all taxable property in the District. Net revenues, if any, derived from the operation of the District's water and sewer operations are not pledged to the payment of the Bonds and the Outstanding Bonds but are available for any lawful purpose including payment of debt service on the Bonds and the Outstanding Bonds, at the discretion and upon action of the Board. It is not anticipated that any significant revenues will be available for the payment of debt service on the Bonds or the Outstanding Bonds.

Operating Statement

The following statement sets forth in condensed form the historical results of operation of the District's General Fund. Accounting principles customarily employed in the determination of net revenues have been observed and in all instances exclude depreciation. Such summary is based upon information obtained from the District's audited financial statements for the fiscal years ended September 30, 2023 through September 30, 2025. The unaudited summary shown below for the ten-month period ended July 31, 2026 has been provided by the Bookkeeper. Reference is made to such statements and records for further and more complete information.

	10/1/2025 to 7/31/2026 (a)	Fiscal Year Ended September 30		
		2025	2024	2023 (b)
Revenues				
Property Taxes	\$ 402,980	\$ 401,632	\$ 151,757	\$ 8,601

LEGAL MATTERS

Issuance of the Bonds is subject to the approving legal opinion of the Attorney General of Texas to the effect that the Bonds are valid and binding obligations of the District payable from the proceeds of an annual ad valorem tax levied, without legal limit as to rate or amount, upon all taxable property within the District. Issuance of the Bonds is also subject to the legal opinion of McCall, Parkhurst & Horton L.L.P. (“Bond Counsel”), based upon examination of a transcript of the proceedings incident to authorization and issuance of the Bonds, to the effect that the Bonds are valid and binding obligations of the District payable from the sources and enforceable in accordance with the terms and conditions described therein, except to the extent that the enforceability thereof may be affected by governmental immunity, bankruptcy, insolvency, reorganization, moratorium, or other similar laws affecting creditors’ rights or the exercise of judicial discretion in accordance with general principles of equity. Bond Counsel’s legal opinion will also address the matters described below under “TAX MATTERS.” Such opinions will express no opinion with respect to the sufficiency of the security for or the marketability of the Bonds. In connection with the issuance of the Bonds, Bond Counsel has been engaged by, and only represents, the District.

The legal fees to be paid Bond Counsel for services rendered in connection with the issuance of the Bonds are based upon a percentage of Bonds actually issued, sold and delivered, and therefore, such fees are contingent upon the sale and delivery of the Bonds.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

Bond Counsel has reviewed the information appearing in this OFFICIAL STATEMENT under “THE BONDS,” “TAXING PROCEDURES,” “LEGAL MATTERS—Legal Proceedings” (insofar as such section relates to the legal opinion of Bond Counsel),” and “CONTINUING DISCLOSURE OF INFORMATION” (except for the information under the subheading “Compliance With Prior Undertakings”) solely to determine if such information, insofar as it relates to matters of law, is true and correct, and whether such information fairly summarizes the provisions of the documents referred to therein. Bond Counsel has not, however, independently verified any of the factual information contained in this OFFICIAL STATEMENT nor has it conducted an investigation of the affairs of the District for the purpose of passing upon the accuracy or completeness of this OFFICIAL STATEMENT. No person is entitled to rely upon Bond Counsel’s limited participation as an assumption of responsibility for or an expression of opinion of any kind with regard to the accuracy or completeness of any information contained herein.

The legal fees paid to Bond Counsel for services rendered in connection with the issuance of the Bonds are contingent upon the sale and delivery of the Bonds.

No Material Adverse Change

The obligations of the Initial Purchaser to take and pay for the Bonds, and of the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the District from that set forth or contemplated in the Preliminary Official Statement, as it may be amended or supplemented through the date of sale.

No-Litigation Certificate

The District will furnish the Initial Purchaser a certificate, executed by both the President or Vice President and Secretary or Assistant Secretary of the Board, and dated as of the Date of Delivery of the Bonds, to the effect that there is not pending, and to their knowledge, there is not threatened, any litigation affecting the validity of the Bonds, or the levy and/or collection of taxes for the payment thereof, or the organization or boundaries of the District, or the title of the officers thereof to their respective offices, and that no additional bonds or other indebtedness have been issued since the date of the statement of indebtedness or nonencumbrance certificate submitted to the Attorney General of Texas in connection with approval of the Bonds.

TAX MATTERS

On the date of initial delivery of the Bonds, McCall, Parkhurst & Horton L.L.P., Bond Counsel to the District, will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof (“Existing Law”) for Federal income tax purposes interest on the Bonds (1) will be excludable from the “gross income” of the holders thereof and (2) the Bonds will not be treated as “specified private activity bonds” the interest on which would be included as an alternative minimum tax preference under Section 57(a)(5) of the Internal Revenue Code of 1986 (the “Code”). Except as stated above, Bond Counsel will express no opinion as to any other federal, state or local tax consequences of the purchase, ownership or disposition of the Bonds.

In rendering its opinion, Bond Counsel will rely upon (a) the District’s federal tax certificate, and (b) covenants of the District with respect to arbitrage, the application of the proceeds to be received from the issuance and sale of the Bonds and certain other matters. Failure by the District to comply with these representations or covenants could cause the interest on the Bonds to become includable in gross income retroactively to the date of issuance.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Bonds in order for interest on the Bonds to be, and to remain, excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause interest on the Bonds to be included in gross income retroactively to the date of issuance of the Bonds. The opinion of Bond Counsel is conditioned on compliance by the District with the covenants and the requirements described in the preceding paragraph, and Bond Counsel has not been retained to monitor compliance with these requirements subsequent to the issuance of the Bonds.

Bond Counsel’s opinion represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. Bond Counsel’s opinion is not a guarantee of a result. The Existing Law is subject to change by the Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury. There can be no assurance that such Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership or disposition of the Bonds.

A ruling was not sought from the Internal Revenue Service by the District with respect to the Bonds or the facilities financed or refinanced with the proceeds of the Bonds. Bond Counsel’s opinion represents its legal judgment based upon its review of Existing Law and the representations of the District that it deems relevant to render such opinion and is not a guarantee of a result. No assurances can be given as to whether the Internal Revenue Service will commence an audit of the Bonds, or as to whether the Internal Revenue Service would agree with the opinion of Bond Counsel. If an audit is commenced, under current procedures the Internal Revenue Service is likely to treat the District as the taxpayer and the Bondholders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

Federal Income Tax Accounting Treatment of Original Issue Discount

The initial public offering price to be paid for one or more maturities of the Bonds may be less than the principal amount thereof or one or more periods for the payment of interest on the bonds may not be equal to the accrual period or be in excess of one year (the “Original Issue Discount Bonds”). In such event, the difference between (i) the “stated redemption price at maturity” of each Original Issue Discount Bonds, and (ii) the initial offering price to the public of such Original Issue Discount Bond would constitute original issue discount. The “stated redemption price at maturity” means the sum of all payments to be made on the bonds less the amount of all periodic interest payments. Periodic interest payments and payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods which do not exceed one year.

Under Existing Law, any owner who has purchased such Original Issue Discount Bond in the initial public offering is entitled to exclude from gross income (as defined in Section 61 of the Code) an amount of income with respect to such original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the accrual period. For a discussion of certain collateral federal tax consequences, see discussion set forth below.

In the event of redemption, sale or other taxable disposition of such Original issue Discount Bonds prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original issue Discount Bond in the hands of such owner (adjusted upward by the portion of the Original Issue Discount allocable to the period for which such Original issue Discount Bond was held by such initial owner) is includable in gross income.

Under Existing Law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Bond.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners or Original Issue Discount Bonds should consult their own tax advisors with respect to the determination of federal, state and local income tax purposes of the treatment of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Bonds and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Bonds.

Collateral Federal Income Tax Consequences

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Bonds. This discussion is based on existing statutes, regulations, published rulings and court decisions, all of which are subject to change or modification, retroactively.

The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, such as financial institutions, property and casualty insurance companies, life insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals allowed an earned income credit, certain S corporations Subchapter C and excess passive investment income, foreign corporations subject to the branch profits tax, taxpayers qualifying for the health insurance premium assistance credit, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase tax-exempt obligations.

THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

Interest on the Bonds may be includable in certain corporation's "adjusted financial statement income" determined under section 56A of the Code to calculate the alternative minimum tax imposed by section 55 of the Code.

Under Section 6012 of the Code, holders of tax-exempt obligations, such as the Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Bonds, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

State, Local and Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

Information Reporting and Backup Withholding

Subject to certain exceptions, information reports describing interest income, including original issue discount, with respect to the Bonds will be sent to each registered holder and to the IRS. Payments of interest and principal may be subject to backup withholding under section 3406 of the Code if a recipient of the payments fails to furnish to the payor such owner's social security number or other taxpayer identification number ("TIN"), furnishes an incorrect TIN, or otherwise fails to establish an exemption from the backup withholding tax. Any amounts so withheld would be allowed as a credit against the recipient's federal income tax. Special rules apply to partnerships, estates and trusts, and in certain circumstances, and in respect of foreign investors, certifications as to foreign status and other matters may be required to be provided by partners and beneficiaries thereof.

Future and Proposed Legislation

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Bonds under Federal or state law and could affect the market price or marketability of the Bonds. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Qualified Tax-Exempt Obligations for Financial Institutions

Section 265(a) of the Code provides, in pertinent part, that interest paid or incurred by a taxpayer, including a "financial institution," on indebtedness incurred or continued to purchase or carry tax-exempt obligations is not deductible in determining the taxpayer's taxable income. Section 55(b) of the Code provides an exception to the disallowance of such deduction for any interest expense paid or incurred on indebtedness of a taxpayer that is a "financial institution" allocable to tax-exempt obligation, other than "private activity bonds," that are designated by a "qualified small issuer" as "qualified tax-exempt obligations." A "qualified small issuer" is any governmental issuer (together with any "on-behalf of" and "subordinate" issuers) who issues no more than \$10,000,000 of tax-exempt obligations during the calendar year. Section 265(b)(5) of the code defines the term "financial institution" as any "bank" described in Section 585(a)(2) of the Code, or any person accepting deposits from the public in the ordinary course of such person's trade or business that is subject to federal or state supervision as a financial institution. Notwithstanding the exception to the disallowance of the deduction of interest on indebtedness related to "qualified tax-exempt obligations" provided by Section 265(b) of the Code, Section 291 of the Code provides that the allowable deduction to a "bank," as defined in Section 585(1)(2) of the Code, for interest on indebtedness incurred or continued to purchase "qualified tax-exempt obligations" shall be reduced by twenty-percent (20%) as a "financial institution preference item."

The District expects to designate the Bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b) of the Code. In furtherance of that designation, the District will covenant to take such action that would assure, or to refrain from such action that would adversely affect, the treatment of the Bonds as "qualified tax-exempt obligations." **Potential purchasers should be aware that if the issue price to the public exceeds \$10,000,000, there is a reasonable basis to conclude that the payment of a de minimis amount of premium in excess of \$10,000,000 is disregarded; however, the Internal Revenue Service could take a contrary view. If the Internal Revenue Service takes the position that the amount of such premium is not disregarded, then such obligations might fail to satisfy the \$10,000,000 limitation and the Bonds would not be "qualified tax-exempt obligations."**

SALE AND DISTRIBUTION OF THE BONDS

Award of the Bonds

After requesting competitive bids for the Bonds, the District accepted the bid resulting in the lowest net effective interest rate, which bid was tendered by _____ (the “Initial Purchaser”) bearing the interest rates shown on the cover hereof, at a price of _____% of the par value thereof which resulted in a net effective interest rate of _____%, as calculated pursuant to Chapter 1204 of the Texas Government Code, as amended (the IBA method).

Prices and Marketability

The prices and other terms with respect to the offering and sale of the Bonds may be changed at any time by the Initial Purchaser after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial offering prices, including sales to dealers who may sell the Bonds into investment accounts. In connection with the offering of the Bonds, the Initial Purchaser may over-allot or effect transactions that stabilize or maintain the market prices of the Bonds at levels above those that might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

The District has no control over trading of the Bonds in the secondary market. Moreover, there is no guarantee that a secondary market will be made in the Bonds. In such a secondary market, the difference between the bid and asked price of utility district bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional municipal entities, as bonds of such entities are more generally bought, sold, or traded in the secondary market.

Securities Laws

No registration statement relating to the offer and sale of the Bonds has been filed with the Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon the exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been registered or qualified under the securities laws of any other jurisdiction. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any other jurisdiction in which the Bonds may be offered, sold or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions in such other jurisdiction.

MUNICIPAL BOND RATING AND MUNICIPAL BOND INSURANCE

The District has not applied for an underlying rating nor is it expected that the District would have received an investment grade rating had such application been made.

Application has been made for the qualification of the Bonds for municipal bond insurance. If qualified, such insurance will be available at the option of the applicable Initial Purchaser and at the applicable Initial Purchaser’s expense. See “RISK FACTORS—Risk Factors Related to the Purchase of Municipal Bond Insurance.”

PREPARATION OF OFFICIAL STATEMENT

Sources and Compilation of Information

The financial data and other information contained in this Official Statement has been obtained primarily from the District's records, the Engineer, the Tax Assessor/Collector, the Appraisal District and information from certain other sources. All of these sources are believed to be reliable, but no guarantee is made by the District as to the accuracy or completeness of the information derived from sources other than the District, and its inclusion herein is not to be construed as a representation on the part of the District except as described under “—Certification of Official Statement.” Furthermore, there is no guarantee that any of the assumptions or estimates contained herein will be realized. The summaries of the agreements, reports, statutes, resolutions, engineering and other related information set forth in this Official Statement are included herein subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents for further information.

Financial Advisor

Masterson Advisors LLC is employed as the Financial Advisor to the District to render certain professional services, including advising the District on a plan of financing and preparing the OFFICIAL STATEMENT, including the OFFICIAL NOTICE OF SALE and the OFFICIAL BID FORM for the sale of the Bonds. In its capacity as Financial Advisor, Masterson Advisors LLC has compiled and edited this OFFICIAL STATEMENT. The Financial Advisor has reviewed the information in this OFFICIAL STATEMENT in accordance with, and as a part of, its responsibilities to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

Consultants

In approving this Official Statement, the District has relied upon the following consultants.

Engineer: The information contained in this Official Statement relating to engineering matters and to the description of the System and in particular that information included in the sections entitled “THE DISTRICT,” “THE SYSTEM,” and “THE ROAD SYSTEM” has been provided by the Engineer and has been included herein in reliance upon the authority of said firm as experts in the field of civil engineering.

Appraisal District: The information contained in this Official Statement relating to the assessed valuations has been provided by the Appraisal District and has been included herein in reliance upon the authority of such entity as experts in assessing the values of property in Travis County, including the District.

Tax Assessor/Collector: The information contained in this Official Statement relating to the historical breakdown of the Assessed Valuations, principal taxpayers, and certain other historical data concerning tax rates and tax collections has been provided by the Appraisal District and the Travis County Tax Assessor/Collector, and is included herein in reliance upon their authority as experts in assessing and collecting taxes.

Auditor: The financial statements of the District as of September 30, 2025, and for the year then ended, included in this offering document, have been audited by McCall Gibson Swedlund Barfoot Ellis PLLC, as stated in their report appearing herein. See “APPENDIX A” for a copy of the District’s September 30, 2025, audited financial statements.

Bookkeeper: The information related to the unaudited summary of the District’s General Operating Fund as it appears in “GENERAL FUND OPERATIONS” has been provided from records of Municipal Accounts & Consulting, L.P. and is included herein in reliance upon the authority of such firm as experts in the tracking and managing the various funds of municipal utility districts.

Updating the Official Statement

If, subsequent to the date of the Official Statement, the District learns, through the ordinary course of business and without undertaking any investigation or examination for such purposes, or is notified by the Initial Purchaser, of any adverse event which causes the Official Statement to be materially misleading, and unless the Initial Purchaser elect to terminate its obligation to purchase the Bonds, the District will promptly prepare and supply to the Initial Purchaser an appropriate amendment or supplement to the Official Statement satisfactory to the Initial Purchaser; provided, however, that the obligation of the District to so amend or supplement the Official Statement will terminate when the District delivers the Bonds to the Initial Purchaser, unless the Initial Purchaser notify the District on or before such date that less than all of the Bonds have been sold to ultimate customers, in which case the District's obligations hereunder will extend for an additional period of time as required by law (but not more than 90 days after the date the District delivers the Bonds).

Certification of Official Statement

The District, acting through its Board of Directors in its official capacity, hereby certifies, as of the date hereof, that the information, statements, and descriptions or any addenda, supplement and amendment thereto pertaining to the District and its affairs contained herein, to the best of its knowledge and belief, contain no untrue statement of a material fact and do not omit to state any material fact necessary to make the statements herein, in light of the circumstances under which they are made, not misleading. With respect to information included in this Official Statement other than that relating to the District, the District has no reason to believe that such information contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements herein, in the light of the circumstances under which they are made, not misleading; however, the Board has made no independent investigation as to the accuracy or completeness of the information derived from sources other than the District. In rendering such certificate, the official executing this certificate may state that he has relied in part on his examination of records of the District relating to matters within his own area of responsibility, and his discussions with, or certificates or correspondence signed by, certain other officials, employees, consultants and representatives of the District.

CONTINUING DISCLOSURE OF INFORMATION

In the Bond Order, the District has made the following agreement for the benefit of the Registered and Beneficial Owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of certain specified events, to the Municipal Securities Rulemaking Board (the "MSRB"). The MSRB has established the Electronic Municipal Market Access ("EMMA") system.

Annual Reports

The District will provide certain updated financial information and operating data annually to the MSRB, or any successor, through its EMMA. The information to be updated with respect to the District includes all quantitative financial information and operating data of the general type included in this Official Statement under the headings "FINANCIAL STATEMENT," "TAX DATA," "DEBT SERVICE REQUIREMENTS," and "APPENDIX A" (Annual Financial Report and supplemental schedules). The District will update and provide this information within six months after the end of each fiscal year ending in or after 2026.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by SEC Rule 15c2-12 (the "Rule"). The updated information will include audited financial statements, if the District commissions an audit and the audit is completed by the required time. If the audit of such financial statements is not complete within such period, then the District will provide unaudited financial statements within the required time, and audited financial statements when and if such audited financial statements become available. Any such financial statements will be prepared in accordance with the accounting principles described in the Bond Order or such other accounting principles as the District may be required to employ from time to time pursuant to state law or regulation.

The District's current fiscal year end is September 30. Accordingly, it must provide updated information by March 31 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Event Notices

The District will provide timely notices of certain specified events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) nonpayment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds; (7) modifications to rights of beneficial owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person within the meaning of CFR §240.15c2-12 (the “Rule”); (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person within the meaning of the Rule or the sale of all or substantially all of the assets of the District or other obligated person within the meaning of the Rule, other than

in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the obligated person, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the obligated person, any of which reflect financial difficulties.

For these purposes, any event described in clause (12) of the immediately preceding paragraph is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer of the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court of governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers of the District in possession but subject to the supervision and orders of a court of governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

For the purposes of the events described in clauses (15) and (16) of the preceding paragraph, the term “Financial Obligation” is defined in the Bond Order to mean a (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of a debt obligation or any such derivative instrument; provided that “Financial Obligation” shall not include municipal securities (as defined in the Securities Exchange Act of 1934, as amended as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule. The Bond Order further provide that the District intends the words used in such clauses (15) and (16) in the immediately preceding paragraph and in the definition of Financial Obligation to have the meanings ascribed to them in SEC Release No. 34-83885 dated August 20, 2018.

The District shall notify the MSRB in an electronic format prescribed by the MSRB in a timely manner of any failure by the District to provide financial information or operating data, in accordance with the Rule. All documents provided to the MSRB pursuant to this section shall be accompanied by identifying information as prescribed by the MSRB.

Availability of Information from the MSRB

The District has agreed to provide the foregoing information only to the MSRB. The MSRB makes the information available to the public without charge through an internet portal at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of specified events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although Registered or Beneficial Owners of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement from time to time to adapt the changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the District, if but only if the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering made hereby in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding Bonds consent to the amendment or any person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the Registered and Beneficial Owners of the Bonds. The District may amend or repeal the agreement in the Bond Order if the SEC amends or repeals the applicable provisions of the Rule or a court of final jurisdiction determines that such provisions are invalid or unenforceable, but only to the extent that its right to do so would not prevent the Initial Purchaser from lawfully purchasing the Bonds in the initial offering. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described under “—Annual Reports” an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance With Prior Undertakings

The District entered into its first continuing disclosure agreement in connection with the issuance of its Unlimited Tax Bonds, Series 2024. The District has complied in all material respects with its continuing disclosure agreement in accordance with SEC Rule 15c2-12.

MISCELLANEOUS

All estimates, statements and assumptions in this Official Statement and the APPENDICES hereto have been made on the basis of the best information available and are believed to be reliable and accurate. Any statements in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are intended as such and not as representations of fact, and no representation is made that any such statements will be realized.

This Official Statement was approved by the Board of Directors of Travis County Municipal Utility District No. 26, as of the date shown on the cover page.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Travis County Municipal
Utility District No. 26
Travis County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Travis County Municipal Utility District No. 26 (the "District") as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors
Travis County Municipal
Utility District No. 26

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2025

Management's discussion and analysis of Travis County Municipal Utility District No. 26's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2025. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) fund financial statements and government-wide financial statements and (2) notes to the financial statements. The fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide portion of these statements provides both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position is the District-wide statement of its financial position presenting information that includes all of the District's assets, liabilities and deferred inflows and outflows of resources, if applicable, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The government-wide Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenditures are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, property tax revenues, costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2025

FUND FINANCIAL STATEMENTS (Continued)

The governmental funds are reported in each of the financial statements. The focus in the fund financial statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position, and the reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and the other supplementary information. The budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, liabilities exceeded assets by \$2,396,643 as of September 30, 2025. A portion of the District's net position reflects its net investment in capital assets (construction in progress, water, wastewater and drainage facilities and road improvements less any debt used to acquire those assets that is still outstanding).

A comparative analysis of government-wide changes in net position is presented on the following page.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26 **MANAGEMENT'S DISCUSSION AND ANALYSIS** **FOR THE YEAR ENDED SEPTEMBER 30, 2025**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUND

The District's combined fund balances as of September 30, 2025 were \$740,219, an increase of \$82,119 from the prior year.

The General Fund fund balance increased by \$223,030, primarily due to developer advances and operating revenues exceeding operating and bond issuance costs.

The Debt Service Fund fund balance decreased by \$139,347, primarily due to the structure of the District's outstanding debt.

The Capital Projects Fund fund balance decreased by \$1,564 due to subsequent Series 2024 bond issuance costs.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors adopted an unappropriated budget for the current fiscal year and amended the budget. Actual revenues were \$149,945 more than budgeted revenues, primarily due to higher than expected sewer fees revenue. Actual expenditures were \$77,548 less than budgeted expenditures primarily due to lower than expected repairs and maintenance costs offset by unbudgeted bond issuance costs. Actual developer advances were \$4,463 less than budgeted. Overall, the District finished the year ahead of budget by \$223,030.

CAPITAL ASSETS

Capital assets as of September 30, 2025, totaled \$19,503,155 (net of accumulated depreciation) and include construction in progress, water, wastewater and drainage facilities and road improvements. Water facilities are conveyed to Creedmoor-Maha Water Supply Corporation for the purpose of providing water service to District residents. Road improvements are dedicated to the City of Mustang Ridge by the developer and the District is responsible for maintaining the road improvements. The District is entitled to significant residual interest in the facilities and improvements conveyed and continues to record these facilities as District assets and records depreciation on these facilities and improvements in accordance with GASB Statement No. 94.

Capital Assets At Year-End, Net of Accumulated Depreciation			
	2025	2024	Change Positive (Negative)
Capital Assets Not Being Depreciated -			
Construction in Progress	\$ 24,000	\$ 24,000	\$
Capital Assets, Net of Accumulated Depreciation:			
Water, Wastewater and Drainage			
Facilities	14,147,696	14,442,986	(295,290)
Road Improvements	5,331,459	5,442,835	(111,376)
Total Net Capital Assets	<u>\$ 19,503,155</u>	<u>\$ 19,909,821</u>	<u>\$ (406,666)</u>

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2025

LONG-TERM DEBT ACTIVITY

At year-end, the District had total bond debt payable of \$6,700,000. The changes in the debt position of the District during the current fiscal year are summarized as follows:

Bond Debt Payable, October 1, 2024	\$ 6,700,000
Less: Bond Principal Paid	
Bond Debt Payable, September 30, 2025	<u>\$ 6,700,000</u>

As of September 30, 2025, the District's Series 2024 bonds were unrated.

CURRENTLY KNOWN FACTS, DECISIONS OR CONDITIONS

The adopted budget for fiscal year 2026 projects an increase of \$104,848 to the General Fund fund balance. Revenues and expenditures are expected to be \$641,458 and \$536,610, respectively. The District approved a tax rate for tax year 2025 (fiscal year 2026) of \$0.90. The tax rate is allocated 54% to fund operations and maintenance and 46% to fund debt service.

CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Travis County Municipal Utility District No. 26, c/o McLean & Howard, LLP, 4301 Bull Creek Road, Suite 150, Austin, Texas 78731.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
SEPTEMBER 30, 2025

Net Change in Fund Balances - Governmental Funds	\$ 82,119
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	(1,080)
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(406,666)
Governmental funds report bond discounts as other financing uses in the year paid. However, in the Statement of Net Position, bond discounts are amortized over the life of the bonds and the current year amortized portion is recorded in the Statement of Activities.	(2,969)
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	7,765
Change in Net Position - Governmental Activities	<u>\$ (320,831)</u>

The accompanying notes to the financial
statements are an integral part of this report.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 1. CREATION OF DISTRICT

Travis County Municipal Utility District No. 26 (the “District”) was created, organized and established on January 22, 2021 and confirmed at an election held on May 1, 2021. Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water and wastewater services, storm sewer drainage and to construct road improvements and parks and recreational facilities for the residents of the District. The District is governed by a five-member Board of Directors which has been elected by District residents or appointed by the Board of Directors. The District held its first meeting on February 8, 2021.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Texas Commission on Environmental Quality (the “Commission”).

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Amounts recorded due to and due from other funds, if any, are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers all funds to be major funds.

General Fund – To account for resources not required to be accounted for in another fund, customer service revenues, property tax revenues, costs and general expenditures.

Debt Service Fund – To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund – To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of September 30, 2025, the Debt Service Fund owed the General Fund \$390 for maintenance tax collections

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounts Receivable

The District provides for uncollectible service accounts receivable using the allowance method of accounting for bad debts. Under this method of accounting, a provision for uncollectible accounts is charged to earnings. The allowance account is increased or decreased based on past collection history and management's evaluation of accounts receivable. All amounts considered uncollectible are charged against the allowance account, and recoveries of previously charged off accounts are added to the allowance. The District had no allowance for uncollectible accounts at September 30, 2025.

Capital Assets

Capital assets, which include construction in progress, water, wastewater and drainage infrastructure assets and road improvements, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their acquisition value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives of water, wastewater and drainage facilities and road improvements are 50 years.

Water facilities are conveyed to Creedmoor-Maha Water Supply Corporation for the purpose of providing water service to the District residents. Road improvements are dedicated by the developer to the City or Mustang Ridge while the District retains responsibility for maintenance. The District is entitled to significant residual interest in the facilities and improvements conveyed and records these facilities and improvements as District assets and records depreciation on these facilities and improvements in accordance with GASB Statement No. 94 (see Notes 7 and 10).

Budgeting

An unappropriated budget was adopted on August 21, 2024, for the General Fund on a basis consistent with generally accepted accounting principles. The District's Board utilizes the budget as a management tool for planning and cost control purposes. The budget was amended during the fiscal year. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the amended budget amounts compared to the actual amounts of revenues and expenditures for the current year.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by directors are considered to be wages subject to federal income tax withholding for payroll tax purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balance provides an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances. The District has assigned \$150,000 for future road maintenance.

Unassigned: all other spendable amounts in the General Fund.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

The changes in bonds payable for the current fiscal year are summarized below:

	October 1, 2024	Additions	Retirements	September 30, 2025
Bonds Payable	\$ 6,700,000	\$	\$	\$ 6,700,000
Unamortized Discounts	(73,905)		(2,969)	(70,936)
Bonds Payable, Net	<u>\$ 6,626,095</u>	<u>\$ -0-</u>	<u>\$ (2,969)</u>	<u>\$ 6,629,064</u>
		Amount Due Within One Year		\$ 150,000
		Amount Due After One Year		6,479,064
		Bonds Payable, Net		<u>\$ 6,629,064</u>

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 3. LONG-TERM DEBT (Continued)

	<u>Series 2024</u>
Amount Outstanding – September 30, 2025	\$6,700,000
Interest Rates	4.00% - 5.00%
Maturity Dates - Serially Beginning/Ending	September 1, 2026/2049
Interest Payment Dates	March 1/ September 1
Callable Dates	September 1, 2030*

* Or any date thereafter, in whole or from time to time in part, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. Series 2024 term bonds maturing on September 1, 2032, 2034, 2036, 2038, 2040, 2042, 2044, 2046 and 2049 are subject to mandatory redemption beginning on September 1, 2031, 2033, 2035, 2037, 2039, 2041, 2043, 2045 and 2047, respectively.

As of September 30, 2025, the District had authorized but unissued bonds in the amount of \$263,300,000 for water, wastewater and drainage system facilities, \$10,000,000 for parks and recreation facilities and \$65,000,000 for roads. The District also had authorized but unissued bonds in the amount of \$420,000,000 for refunding utility and park and recreational facilities bonds and \$97,500,000 for refunding road bonds.

As of September 30, 2025, the debt service requirements on the bonds outstanding were as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 150,000	\$ 286,650	\$ 436,650
2027	160,000	280,650	440,650
2028	165,000	274,250	439,250
2029	175,000	267,650	442,650
2030	185,000	258,900	443,900
2031-2035	1,055,000	1,177,500	2,232,500
2036-2040	1,355,000	941,358	2,296,358
2041-2045	1,730,000	623,342	2,353,342
2046-2049	1,725,000	198,900	1,923,900
	<u>\$ 6,700,000</u>	<u>\$ 4,309,200</u>	<u>\$ 11,009,200</u>

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 3. LONG-TERM DEBT (Continued)

During the year ended September 30, 2025, the District levied an ad valorem debt service tax rate of \$0.20 per \$100 of assessed valuation, which resulted in a tax levy of \$114,444 on the adjusted taxable valuation of \$57,224,366 for the 2024 tax year. The bond resolution requires the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 6 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND RESOLUTION AND LEGAL REQUIREMENTS

The bond resolution states that the District is required by the Securities and Exchange Commission to provide continuing disclosure of annual financial information and operating data to certain information repositories. This information is of the general type included in the annual audit report. It is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

The Series 2024 bond resolution required bond proceeds of \$429,975 to be deposited into the Debt Service Fund and restricted for the payment of bond interest. At September 30, 2025, \$136,159 remains available for payment of bond interest.

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the Bonds, within the meaning of section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of the bond issues.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Deposits (Continued)

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$68,351 and the bank balance was \$69,251. The District was not exposed to custodial credit risk at year-end.

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS"), an external public funds investment pool that is not SEC-registered. Public Trust Advisors, LLC serves as the pool's administrator and investment advisor. The pool is subject to the general supervision of the Board of Trustees and its Advisory Board. UMB Bank, N.A. serves as custodian for the pool. Investments held by Texas CLASS are priced to market on a weekly basis. The investments are considered to be Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from Texas CLASS.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

As of September 30, 2025, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year
<u>GENERAL FUND</u>		
Texas CLASS	\$ 349,195	\$ 349,195
<u>DEBT SERVICE FUND</u>		
Texas CLASS	297,438	297,438
<u>CAPITAL PROJECTS FUND</u>		
Texas CLASS	82,029	82,029
TOTAL INVESTMENTS	<u>\$ 728,662</u>	<u>\$ 728,662</u>

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At September 30, 2025, the District's investments in Texas Class were rated AAAM by Standard and Poor's. As of September 30, 2025, the District's bank deposits were fully covered by FDIC insurance.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investment in Texas CLASS to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTE 6. MAINTENANCE TAX

On May 1, 2021, the voters of the District approved the levy and collection of a maintenance tax for operations and maintenance of all District facilities not to exceed \$1.00 per \$100 of assessed valuation of taxable property within the District. During the current fiscal year, the District levied an ad valorem maintenance tax rate of \$0.70 per \$100 of assessed valuation, which resulted in a tax levy of \$400,552 on the adjusted taxable valuation of \$57,224,366 for the 2024 tax year.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 7. CAPITAL ASSETS

Capital assets consisted of the following as of September 30, 2025:

	October 1, 2024	Increases	Decreases	September 30, 2025
Capital Assets Not Being Depreciated -				
Construction in Progress	\$ 24,000	\$ -0-	\$ -0-	\$ 24,000
Capital Assets Subject to Depreciation -				
Water, Wastewater and Drainage Facilities	\$ 14,764,500	\$ -0-	\$ -0-	\$ 14,764,500
Road Improvements	5,568,782			5,568,782
Total Capital Assets Subject to Depreciation	<u>\$ 20,333,282</u>	<u>\$ - 0 -</u>	<u>\$ -0-</u>	<u>\$ 20,333,282</u>
Accumulated Depreciation -				
Water, Wastewater and Drainage Facilities	\$ (321,514)	\$ (295,290)	\$ -0-	\$ (616,804)
Road Improvements	(125,947)	(111,376)		(237,323)
Total Accumulated Depreciation	<u>\$ (447,461)</u>	<u>\$ (406,666)</u>	<u>\$ - 0 -</u>	<u>\$ (854,127)</u>
Total Depreciable Capital Assets, Net of Accumulated Depreciation	<u>\$ 19,885,821</u>	<u>\$ (406,666)</u>	<u>\$ -0-</u>	<u>\$ 19,479,155</u>
Total Capital Assets, Net of Accumulated Depreciation	<u>\$ 19,909,821</u>	<u>\$ (406,666)</u>	<u>\$ -0-</u>	<u>\$ 19,503,155</u>

In accordance with the Non-Standard Service Agreement with Creedmoor-Maha Water Supply Corporation (the “WSC”), upon completion of construction, certain water improvements have been conveyed to the WSC. The District is entitled to significant residual interest in the facilities conveyed and records these facilities as District assets in accordance with GASB Statement No. 94.

Per the Consent Agreement, the District is responsible for maintenance of the road improvements located in the District. While road improvements are dedicated to the City by the developer of the lands in the District, the District has residual interest in the facilities conveyed and records these facilities as District assets in accordance with GASB Statement No. 94.

NOTE 8. UNREIMBURSED COSTS

The District has executed facilities and operating costs reimbursement agreements with the Developer. The agreements call for the Developer to fund costs associated with the construction of water, wastewater and drainage facilities, recreational facilities and road facilities. As of September 30, 2025, the District has recorded a liability of \$15,424,846 for completed facilities. Reimbursement is contingent on the future sale of bonds to the extent approved by the Commission. The agreements also call for the Developer to fund operating costs of the District. As of fiscal year end, the Developer has advanced a total of \$563,143 to cover operating deficits. There has been no change in developer liabilities since last year.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 9. CONSENT AGREEMENT - CITY OF MUSTANG RIDGE

On May 11, 2020, the Developer entered into the Consent Agreement with the City of Mustang Ridge (the “City”). As part of the Consent Agreement, the City agrees to collect and pay the District a portion of the ad valorem taxes collected by the City in future years on the land and improvements within the District (the “Annual Payment”). The Annual Payment shall be a payment of a portion of the City’s ad valorem tax revenues actually collected and received by the City. The Annual Payment shall begin on May 1 in the calendar year following the calendar year for which the District initially receives a tax roll from the appropriate county appraisal District and shall be payable each May 1 thereafter. All Annual Payments received by the District from the City shall be deposited by the District into a debt service fund and shall be applied solely to the payment of bonds and other debts, liabilities and obligations of the District to or for the benefit of any persons or entities relating to the financing, construction and acquisition of all or any portion of the public infrastructure improvements to be financed by the District. During the year ended September 30, 2025, \$18,141 related to the Annual Payment was accrued for but uncollected at September 30, 2025.

NOTE 10. WATER SERVICE AGREEMENT

On October 21, 2020, as amended and assigned, the Developer entered into a Non-Standard Service Agreement with Creedmoor-Maha Water Supply Corporation (the “WSC”). The Service Agreement set forth the terms and conditions under which the WSC agreed to furnish retail water service to customers within the District.

Under the Service Agreement, the District through the Developer, will construct and finance water system facilities required for retail water service within the District. Upon completion of construction, the water system facilities are conveyed to the WSC for operation and maintenance and the WSC is responsible for meter reading, billing and furnishing retail water service to customers within the District. The Service Agreement shall remain in effect for as long as the WSC provides retail water service to property within the District.

NOTE 11. RISK MANAGEMENT

The District is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained coverage from the Texas Municipal League Intergovernmental Risk Pool (“TML Pool”) to effectively manage its risk. All risk management activities are accounted for in the General Fund. Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered.

TRAVIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 26
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025

NOTE 11. RISK MANAGEMENT (Continued)

The TML Pool was established by various political subdivisions in Texas to provide self-insurance for its members and to obtain lower costs for insurance. TML Pool members pay annual contributions to obtain the insurance. Annual contribution rates are determined by the TML Pool Board. Rates are estimated to include all claims expected to occur during the policy including claims incurred but not reported. The TML Pool has established claims reserves for each of the types of insurance offered. Although the TML Pool is a self-insured risk pool, members are not contingently liable for claims filed above the amount of the fixed annual contributions. If losses incurred are significantly higher than actuarially estimated, the TML Pool adjusts the contribution rate for subsequent years. Members may receive returns of contributions if actual results are more favorable than estimated.

NOTE 12. SUBSEQUENT EVENTS

On October 3, 2025, the Texas Commission on Environmental Quality approved the issuance of \$1,910,000 in Series 2025A Unlimited Tax Bonds. Proceeds of the bonds, plus \$80,757 in surplus funds, will be used to reimburse the developer within the District for operating expenses and wastewater treatment plant construction costs, and to fund future interest due on the bonds and pay bond issuance costs. The bonds are expected to close on December 18, 2025.

In October 2025, the Board approved the issuance of \$3,490,000 in Series 2025B Unlimited Tax Road Bonds. Proceeds of the bonds will be used to reimburse the developer within the District for road improvements and land acquisition costs, and to fund future interest due on the bonds and pay bond issuance costs. The bonds are expected to close on December 18, 2025.

- (a) Valuations are provided by the appropriate Appraisal District. Due to various factors, including tax protest and disputes, such valuations change over time; therefore, they vary slightly from those disclosed in the District's bond offering documents or the District's annual bond disclosure filings.

Maintenance Tax – Maximum tax rate of \$1.00 per \$100 of assessed valuation approved by voters on May 1, 2021.

- * Based upon the adjusted tax levy at the time of the audit for the fiscal year in which the tax was levied.

- ** Calculated as taxes collected in current and previous years divided by the tax levy. Calculated as of the time of the original tax levy and may vary from that provided in the District's bond offering documents or the District's annual disclosure filings.

See accompanying independent auditor's report.
